General Information

Who may vote

Shareholders as recorded in our stock register on April 3, 2006, may vote at the meeting. As of that date, we had 20,671,149 shares of common stock outstanding. Each share of common stock is entitled to one vote on each matter to be considered at the meeting.

How to vote

You may vote in person at the meeting or by proxy. We recommend you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting.

Written Proxy. All shareholders can vote by completing and returning the attached proxy card.

Telephone and Internet Proxy. Some shareholders can also vote by touchtone telephone and the Internet. The use of electronic voting via the telephone or the Internet is dependent upon how a shareholder holds shares and, if held through a broker, each shareholder's particular broker. Please follow the instructions provided on the proxy card if electronic voting is made available to you and if you wish to vote electronically.

How proxies work

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals or abstain from voting on any and all matters.

If you sign and return the enclosed proxy card but do not specify how to vote, your shares will be voted in favor of our director candidates and in favor of the approval of the 2006 Annual Executive Bonus Plan and the ratification of Ernst & Young LLP as our independent registered public accounting firm. If any other matters come before the meeting or any adjournment, each proxy will be voted in the discretion of the individuals named as proxies on the card.

You may receive more than one proxy or voting card depending on how you hold your shares. Shares registered in your name are covered by one card. If you hold shares through someone else, such as a stockbroker, you may get material from them asking how you want to vote.

Revoking a proxy

You may revoke your proxy before it is voted by submitting a new proxy with a later date (or by recording a later telephone or Internet proxy), by voting in person at the meeting, or by notifying our Corporate Secretary in writing at our principal executive offices as listed on the front page of the proxy statement.

Quorum

In order to carry on the business of the meeting, we must have a quorum. This means that at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either by proxy or in person. Abstentions and broker non-votes are considered present for purposes of determining whether

a quorum is present but are not considered votes cast. Broker non-votes occur when a broker returns a proxy card but does not have authority from the beneficial holder to vote on a particular proposal.

Vote Tabulation

Votes will be tabulated and the results certified by or under the direction of an Inspector of Elections, who may be an employee of ours.

The four director candidates who receive the greatest number of for votes will be elected to serve as Class I directors on the Board. Broker non-votes and abstentions will not affect the results of the election.

Each of the proposals to approve the 2006 Annual Executive Bonus Plan and the ratification of Ernst & Young LLP as our independent registered public accounting firm must have more votes cast for than against to be approved. Neither broker non-votes nor abstentions will be counted as votes cast.

Proxy Solicitation

Our Board is soliciting your proxy for use at the Annual Meeting and at any adjournment of the Annual Meeting. We will bear the costs of the proxy solicitation, including the reimbursement of banks and brokers for reasonable expenses of sending out our proxy materials to the beneficial owners of our common stock. We have engaged D.F. King & Co., Inc. to assist us in soliciting proxies for a fee of \$7,500 plus out-of-pocket expenses. In addition to solicitation by mail, our officers, directors and employees may solicit proxies in person, by telephone, by facsimile and by e-mail.

Other Matters

Any other matters considered at the meeting, including adjournment, will require the affirmative vote of a majority of the votes cast.

Cumulative Voting

In voting to elect directors, shareholders are entitled to cumulate their votes and to give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares held by the shareholder, or to distribute their votes on the same principle among as many candidates as the shareholder so desires. In order to invoke cumulative voting, notice of cumulative voting must be given in writing by a shareholder to our Corporate Secretary at the address as listed on the first page of this proxy statement not less than 48 hours prior to the Annual Meeting. The proxies solicited include discretionary authority to cumulate votes.

Item 1: Election of Directors

Our Articles of Incorporation provide that the Board of Directors consists of eight directors divided into Class I and Class II. Each class is elected for a two-year term with one class being elected each year. The term of the Class I directors expires at the 2006 Annual Meeting of Shareholders and the term of Class II directors expires at the 2007 Annual Meeting of Shareholders. The Nominating and Corporate Governance Committee of the Board of Directors has nominated for re-election as Class I directors James R. Gober, Gregory G. Joseph, Harold E. Layman and Samuel J. Weinhoff.

Proxies solicited by the Board will be voted for the election of these nominees. All directors elected at the Annual Meeting will be elected to hold office until the expiration of each elected director's two-year term.

We have no reason to believe that any of the director nominees will be unable or unwilling to serve if elected. However, if any director nominee becomes unavailable or unwilling to serve before the election, your proxy card authorizes us to vote for a replacement nominee if the Board names one.

Item 2: Approval of 2006 Annual Executive Bonus Plan

The Compensation Committee of the Board of Directors established the 2006 Annual Executive Bonus Plan to further the profitability of Infinity by including performance-based compensation as a component of an executive's annual compensation. The Plan, which replaces the annual executive bonus plan approved by our shareholders in 2004, is designed to reflect the current market for executive compensation and to promote high levels of corporate performance that will enhance long-term shareholder value. Participants in the Plan include the Chief Executive Officer, Chief Financial Officer and General Counsel.

The Plan is administered by the Compensation Committee, which is composed solely of three outside directors as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). No member of the Committee, while serving as such, is eligible to be granted a bonus under the Plan. The Committee has exclusive power to determine the conditions (including performance goals) to which the payment of the bonuses may be subject and to certify that performance goals are attained. Performance goals are established based on revenue, earnings and profitability goals derived from the Company's annual business plan, such as earnings per share, combined ratio and premium growth. Goals may also include objectively measurable areas of performance such as stock price, return on equity, return on average assets, expense management and other criteria determined by the Committee in its sole discretion. The Committee assigns a weight to each performance goal or measure and establishes a threshold, target and superior level of performance with respect to each goal or measure. For example, under the bonus plan in effect for 2006, 50% has been assigned to earnings per share, 25% to combined ratio and 25% to growth in gross written premiums.

As part of the establishment of performance goals, the Compensation Committee sets a bonus target for each participant in the Plan for the ensuing plan year, which is expressed as a percentage of the participant's base compensation. If the performance goals established for a participant are met for the plan year, the participant's award will depend upon the level of achievement that the participant attained with respect to each goal utilizing the formula set out in the Plan. Awards may range from 0% to 200% of a participant's bonus target.

As soon as practicable after the end of a calendar year, the Committee will certify whether or not the performance goals of the participants have been attained and shall report to the Board the amount of the bonus, if any, to be awarded to each participant. Once the bonus for 2006 is so determined, it shall be paid in cash. However, in its discretion, the Committee may establish that the Plan provide for awards in any combination of cash, restricted stock or other equity securities; provided, however, that such equity securities are issued in accordance with the terms of shareholder approved equity plans.

Each year, within 90 days after the end of the previous year, the Committee establishes new bonus targets and performance goals under the Plan. Bonus targets and performance goals for 2006 were established on February 7, 2006.

The Plan is being submitted to our shareholders for approval pursuant to the requirements of Code Section 162(m). Code Section 162(m) limits the allowable deduction for Federal income tax purposes for compensation paid to a covered employee of a public company to \$1 million per year (Deduction Limit). Under Code Section 162(m), the term covered employee includes the chief executive officer and the four other most highly compensated executive officers of Infinity. The Deduction Limit applies to compensation that does not qualify for any of the limited number of exceptions provided for in Code Section 162(m).

Under Code Section 162(m), the Deduction Limit does not apply to compensation paid under a plan that meets certain requirements for performance-based compensation. In order to qualify for this exception,

the following requirements must be met: (a) the compensation must be payable on account of the attainment of one or more pre-established objective performance goals; (b) the performance goals must be established by a compensation committee of the board of directors that is comprised solely of two or more outside directors; (c) the material terms under which the compensation will be paid must be disclosed to and approved by shareholders before payment; and (d) the compensation committee must certify in writing that the performance goals have been satisfied prior to payment.

We intend, to the extent practicable, to structure incentive compensation programs to satisfy the requirements for the performance-based compensation exception to the Deduction Limit and, accordingly, preserve the full deductibility of all compensation paid. As a consequence, the Plan is being submitted to our shareholders for approval in accordance with the requirements for the performance-based compensation exception to the Deduction Limit. If approved, the Plan will be renewed from year to year until terminated by the Committee. Compensation paid under the Plan to covered employees will qualify for the performance-based compensation exception and, therefore, will not be subject to the Deduction Limit.

If our shareholders do not approve the Plan, the Committee may still go forward with the bonus plan in order to maintain the market competitiveness of Infinity's executive compensation program. However, some of the amounts awarded under a plan not approved by Infinity's shareholders may be subject to the Deduction Limit. By triggering the Deduction Limit, Infinity's corporate tax liability would be increased.

The Committee may at any time terminate the Plan. The Committee may at any time, or from time to time, amend or suspend and, if suspended, reinstate the Plan in whole or in part. Any amendment or revision to the Plan that requires shareholder approval pursuant to Code Section 162(m) will be submitted to our shareholders for approval. Notwithstanding the foregoing, the Plan shall continue in effect to the extent necessary to settle all matters relating to the payment of bonuses awarded prior to any such termination or suspension.

If a participant's employment with Infinity is terminated for any reason other than discharge for cause, he or she may be entitled to such bonus, if any, as the Committee, in its sole discretion, may determine, or if employment agreements with a participant provides for the payment of bonus upon termination (See discussion in Change-in-Control Arrangements below). In the event of a participant's discharge for cause from the employ of Infinity, he or she shall not be entitled to any amount of bonus.

The Plan has been adopted and approved by the Committee, and if approved by the shareholders, will be effective within the scope of the exceptions of Code Section 162(m) for 2006 and will remain effective for each year thereafter unless and until determined by the Committee.

Board of Directors and Committees of the Board of Directors

General

Infinity is an Ohio corporation and, therefore, governed by the corporate laws of Ohio. Because our stock is publicly traded on the Nasdaq National Market and we file reports with the Securities and Exchange Commission, we are also subject to Nasdaq rules as well as various provisions of federal securities laws.

During 2005, the full Board of Directors met on five occasions and took action by writing on one occasion, while the independent directors met separately three times. During 2005, each director attended all meetings held by the Board of Directors and all meetings held by committees of the Board on which such director served.

Our policy is to require director attendance at annual meetings of shareholders. All directors attended the 2005 Annual Meeting of Shareholders.

The committees of the Board of Directors include the Audit, Compensation, Nominating and Corporate Governance and Executive Committees, and the charters of each committee can be found on the Company's website at www.ipacc.com.

The Board of Directors has adopted a process to facilitate written communications by shareholders to the Board of Directors. Shareholders wishing to write to the Board of Directors or a specified director or committee of the Board should send correspondence to the Corporate Secretary at the address on the first page of this proxy statement. All communications received from shareholders are screened by the Corporate Secretary and, other than trivial or obscene items, are forwarded to the full Board of Directors, or to a specific Board member or committee if designated by the shareholder. Trivial items will be delivered to the Board at the next scheduled Board meeting. Anyone who wishes to communicate with a specific Board member or committee should send instructions asking that the material be forwarded to the director or to the appropriate committee chairman.

Governance of the corporation is placed in the hands of the directors who, in turn, elect officers to manage the business operations. The Board oversees the management of Infinity on your behalf. It reviews Infinity's long-term strategic plans and exercises direct decision making authority in all major decisions, such as acquisitions, the declaration of dividends and major capital and financing initiatives.

Non-employee directors of Infinity receive \$55,000 per year for serving as directors and as members of committees of the Board. Pursuant to the Non-Employee Directors' Stock Ownership Plan approved at the 2005 Annual Meeting, \$25,000 of the annual retainer is paid in the form of restricted stock. The Lead Director and Audit Committee Chairman receive an additional \$15,000 annual retainer, and chairmen of all other committees receive an additional \$5,000 annual retainer. Non-employee directors also receive \$1,500 for each director or committee meeting attended. Directors who are employees of Infinity are not separately compensated for serving as directors.

Under the Non-Employee Directors' Stock Ownership Plan, it is also required that non-employee directors beneficially own, not later than three years after receiving his or her first annual restricted stock award, \$90,000 of common stock or three times the then-current cash portion of the annual Board retainer, whichever is less.

The Board adopted an Audit Committee Charter and a Code of Ethics, both of which are available on our website at www.ipacc.com. A copy of the Code of Ethics will also be sent without charge upon request to

our Corporate Secretary. Any amendments to or waivers from the Code of Ethics will be posted on our website within four business days after the date of an amendment.

The independent directors re-appointed Gregory G. Joseph as the lead independent director on May 10, 2005 to preside at meetings of non-management directors. The independent members met three times in 2005 without the presence of management directors. The independent members of the Board intend to meet at least two times in 2006.

During 2005, the Board conducted self-evaluations, and the Nominating and Corporate Governance Committee is requiring for 2006 individual director evaluations where each director meets with the Lead Director and the Chairman of the Board to discuss his performance.

The directors have organized themselves into the committees described below. With the exception of the Executive Committee, each of these committees is composed exclusively of non-employee directors that meet the relevant independence requirements established by the Nasdaq National Market, the Sarbanes-Oxley Act and Securities and Exchange Commission Rule 10A-3 that apply to their particular assignments.

Audit Committee

General

The Audit Committee is composed of Gregory C. Thomas (Chairman), Jorge G. Castro and Samuel J. Weinhoff and met four times last year. The Audit Committee Chairman met an additional five times with management and/or Ernst & Young for the sole purpose of receiving updates on work being completed pursuant to Section 404 of the Sarbanes-Oxley Act. Each of the Audit Committee members meets the financial literacy requirements under Nasdaq National Market rules. Gregory C. Thomas, a licensed (non-practicing) certified public accountant and former Chief Financial Officer of a public company, has been designated as the Audit Committee financial expert. All members of the Audit Committee are independent as that term is used in the rules of the Nasdaq National Market and Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934.

The Audit Committee operates under the Audit Committee Charter. The Audit Committee reviews and assesses the adequacy of the Audit Committee Charter annually which is available on the Company's website at www.ipacc.com.

The Audit Committee oversees our accounting and financial reporting processes and audits of our financial statements by our outside auditors. The Audit Committee is responsible for the appointment, compensation, retention and oversight of our outside auditor. The Audit Committee also evaluates information received from the outside auditor and management to determine whether the outside auditor is independent of management. The outside accounting firm reports directly to the Audit Committee. Ernst & Young was the outside, independent auditor retained by the Audit Committee for the 2005 fiscal year. Representatives from Ernst & Young will attend the 2006 Annual Meeting of Shareholders and will have an opportunity to make a statement and be available to respond to appropriate questions.

In addition, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by Infinity concerning accounting, internal accounting controls or auditing matters and has established procedures for the confidential and anonymous submission by employees of any concerns they may have regarding questionable accounting or auditing matters.

Approval of Audit and Non-Audit Services

The Audit Committee, or its Chairman, pre-approves all audit and non-audit services (including the fees and terms of the services) performed by our independent accountants prior to the time that those services are commenced. The Chairman reports to the full Audit Committee at each of its meetings, and the Audit Committee considers and ratifies, where appropriate, those items that the Chairman properly authorized between meetings. For these purposes, the Audit Committee or its Chairman is provided with information as to the nature, extent and purpose of each proposed service, as well as the approximate timeframe and proposed cost arrangements for that service. No non-audit services were performed by our independent auditors during 2004 or 2005.

The Audit Committee has submitted the following report to shareholders:

Report of the Audit Committee

On April 26, 2005, the Audit Committee retained Ernst & Young as Infinity's independent public accountants for fiscal year 2005. On July 26, 2005, the Audit Committee met with representatives of Ernst & Young and Infinity management and reviewed with them the proposed 2005 Audit Plan, areas warranting particular concentration on the audit, the effects of new accounting pronouncements and requirements under the Sarbanes-Oxley Act of 2002.

At its meeting on March 7, 2006, the Audit Committee reviewed and discussed with Ernst & Young (with and without management present) and Infinity's accounting and internal audit officers the results of the 2005 audit, including the audited financial statements and management's assessment of the effectiveness of the company's internal controls. The Audit Committee had been kept apprised of the progress of management's assessment and provided oversight and advice to management during the process. At the conclusion of the process, management presented to the Audit Committee its favorable report on the effectiveness of the company's internal controls over financial reporting. The Audit Committee then discussed with Ernst & Young the matters required by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU § 380). The Ernst & Young representatives reviewed the written disclosures required by the Independence Standards Board Standard No. 1 regarding independence of public accountants with the Audit Committee and presented their *Report on Auditor Independence* regarding that matter to the Audit Committee.

During the course of the March 7, 2006 meeting, the Audit Committee also reviewed a draft of the Form 10-K which had been provided to the Audit Committee in advance of the meeting. Based on its review and discussions, the Audit Committee recommended to the Board of Directors that Infinity's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission. As part of its deliberations, the Committee determined that Ernst & Young was independent of Infinity.

Respectfully submitted,

Audit Committee

Compensation Committee

General

The Compensation Committee is responsible for establishing compensation for Infinity's executive officers and administering Infinity's equity-based compensation plans.

The Compensation Committee met three times during 2005 and has submitted the following report to our shareholders:

Report of the Compensation Committee

Infinity's Compensation Committee is composed of Harold E. Layman (Chairman), Gregory G. Joseph and Gregory C. Thomas. The Compensation Committee is responsible for establishing compensation for executive officers, establishing salary levels and bonus plans, granting bonus awards, administering equity-based benefit plans and otherwise dealing in all matters concerning compensation of the executive officers and approving equity compensation plans for all employees.

The philosophy of the Compensation Committee is to establish executive compensation, whether through salary or bonus plans, that will ultimately contribute toward enhancing shareholder value. With this philosophy in mind, the Compensation Committee designs compensation plans and incentives to link the financial interests of Infinity's executive officers to the interests of its shareholders and to reward the executives for success in the performance of their respective duties.

In making decisions affecting executive compensation, the Compensation Committee reviews the nature and scope of the executive officer's responsibilities, their level of experience and their past performance in executing Infinity's short and long-term objectives. The Compensation Committee also considers peer group and industry-wide compensation trends. This process entails not only an assessment of how an executive's compensation ranks among others holding similar positions within a peer group, but also takes into account how Infinity compares with peers on performance factors, including return on average equity, changes in book value, earnings per share, revenue growth and combined ratio. The primary goal, however, is to link executive compensation to overall financial performance as measured by objective standards, and to fairly assess each executive's performance with respect to his or her particular duties and objectives. At the same time, the Committee is mindful of the importance of compensating its executive officers in a manner and at a level that will retain them in the employ of the company and incent them to perform at their highest level. As a general policy, the Compensation Committee does not favor non-cash benefits or perquisites to executive officers that are not available to Infinity employees generally, but instead prefers cash or equity-based awards based on the achievement of goals established under annual bonus and long-term incentive plans.

Salary

The executive officers received a salary that is based on the criteria discussed above. In view of the company's strong performance since it became a public company, the Compensation Committee, in 2005, deemed it in the best interests of the company to retain the services of Messrs. James R. Gober, Roger Smith and Samuel J. Simon through extensions, on substantially similar terms, of each of their current employment contracts through December 31, 2007. Except for a 9% increase in Mr. Smith's base salary, base salary levels were maintained for each of the executives, which reflected the Committee's philosophy that an increased percentage of executives' total compensation be performance-based. Additionally, in March 2006, the Compensation Committee extended Mr. Gober's employment contract through December 31, 2008 with no change in compensation or other benefits. These extensions serve

the purpose of better ensuring the continuity of management, which the Compensation Committee views as crucial to the successful execution of a business plan calling for meaningful top line growth, improved margins and continued profitability. The extensions are also an important component of the Board's ongoing formulation of an executive succession plan.

Annual Incentive Bonuses

Infinity's Annual Bonus Plan provides for the payment of bonuses based on Infinity's performance in relation to predetermined company objectives. For 2005, the Annual Bonus Plan was based on purely objective performance goals—ones that measured and accorded appropriate weight to earnings per share, combined ratio and gross written premium growth. Based on the company's performance in 2005, each executive officer was entitled to 131.6% of his individual bonus plan target.

Long-Term Compensation

The Compensation Committee is committed to long-term incentive programs for executives that promote long-term growth. Accordingly, the Compensation Committee believes that the executive officers should be rewarded proportionately with the degree to which Infinity's performance objectives are met over a longer period. As part of this philosophy, in February 2005 the Compensation Committee adopted a long-term incentive compensation plan that features the awarding of cash-based performance units. The actual cash value of each performance unit will be determined by Infinity's performance as measured by combined ratio and gross written premium growth. After the end of the three-year life of the plan, the performance units shall convert to cash. Presently, the 2005 long-term incentive compensation plan serves as the primary method for rewarding long-term performance, as no stock options or restricted stock were granted to executives in 2005. However, several executives who served in business units or insurance subsidiaries of Infinity's former parent company, American Financial Group, Inc., are entitled to receive pay-outs under long-term incentive compensation plans that were established prior to Infinity's initial public offering. The Compensation Committee played no role in establishing these plans or overseeing their administration. Much like the 2005 long-term incentive compensation plan, these predecessor plans rewarded profitable results for individual business units based on targeted objectives for the unit. The last of these plans measured profitability through December 31, 2004. The final payouts under these plans will be in 2007.

Compensation of the Chief Executive Officer

Infinity's Chief Executive Officer, James R. Gober, has a three-year employment agreement expiring at the end of 2008 that pays him an annual salary of \$550,000 and an annual bonus—base—of similar amount. Mr. Gober's compensation and annual bonus base have not been increased since his appointment as Chief Executive Officer and President in 2002. This agreement also has provisions related to severance arrangements which are explained in greater detail below in the section Change-in-Control Arrangements. In determining Mr. Gober's annual salary and bonus base as provided in his employment agreement, the Compensation Committee considered the criteria and philosophy discussed above. In addition, Mr. Gober is eligible to participate in the employee stock purchase plan, qualified and non-qualified retirement plans, non-qualified deferred compensation plans and long-term incentive compensation plans. The Summary Compensation Table set forth below includes additional information regarding other compensation and benefits paid to Mr. Gober in 2005.

Internal Revenue Code Section 162(m)

The Compensation Committee also considers the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended. Section 162(m) disallows a tax deduction for any publicly held

corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and the other senior executive officers, except for compensation that is performance-based under a plan that is approved by the shareholders and that meets certain other technical requirements. It is the policy of the Compensation Committee to periodically review and consider whether particular compensation and incentive payments to the company's executives will be deductible for federal income tax purposes. With the exception of a portion of compensation related to the vesting of restricted stock awarded in 2003 in connection with the initial public offering to Mr. Gober, executive compensation for 2005 satisfied the requirements for deductibility under Section 162(m). However, the Compensation Committee retains the ability to evaluate the performance of the company's executives and to compensate executives appropriately, even if it may result in the non-deductibility of certain compensation under federal tax law.

Respectfully submitted,
Compensation Committee

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee met four times in 2005 and consists of Gregory G. Joseph (Chairman), Harold E. Layman and Jorge G. Castro. Each member of the Nominating and Corporate Governance Committee is independent as provided in Nasdaq National Market rules.

The Board of Directors has established a Nominating and Corporate Governance Committee Charter for the Nominating and Corporate Governance Committee, which is available on our website at www.ipacc.com and reviewed annually by the Nominating and Corporate Governance Committee.

Under the terms of its charter, the Nominating and Corporate Governance Committee is responsible for considering and making recommendations concerning the function and needs of the Board, and the review and development of corporate governance guidelines. In fulfilling its duties, the Nominating and Corporate Governance Committee, among other things, shall:

identify individuals qualified to be Board members consistent with criteria established by the Board;

conduct and present to the Board an annual performance evaluation of the entire Board;

recommend nominees to the Board for the next annual meeting of shareholders;

review the structure of the Board and its committees;

consider issues involving related party transactions with directors; and

review and recommend all matters pertaining to fees and retainers paid to directors.

Directors, members of management, shareholders, or industry or professional organizations may suggest nominees. The Nominating and Corporate Governance Committee is also able to use the services of a third-party executive search firm to assist it in identifying and evaluating possible nominees for director.

In identifying and considering candidates for nomination to our Board, whether recommended by officers, directors or shareholders, the Nominating and Corporate Governance Committee considers, in addition to the requirements set out in the Nominating and Corporate Governance Committee Charter, quality of experience, the needs of Infinity and the range of talent and experience represented on the Board. The Nominating and Corporate Governance Committee also evaluates the ability of a nominee director to devote the time and attention necessary to fulfill his or her responsibilities. Shareholders desiring to submit recommendations for nominations by the Nominating and Corporate Governance Committee should direct them to the Corporate Secretary at the address shown on the cover page of this proxy statement.

The Nominating and Corporate Governance Committee did not receive a nominee recommendation from a shareholder who had beneficially owned more than five percent of our voting common stock for at least one year as of the date of the recommendation.

After considering the foregoing, the Nominating and Corporate Governance Committee met on March 7, 2006, and nominated the current Class I directors for re-election.
