This Proxy Statement, the accompanying form of proxy card and the Company's Annual Report to Stockholders are first being mailed on or about May 10, 2006 to all stockholders of record at the close of business on April 24, 2006 (the **Record Date**).

### **Record Date; Outstanding Shares**

Only stockholders of record at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date on all matters properly submitted for the vote of stockholders at the Annual Meeting. At the Record Date, 29,592,307 shares of the Company's Common Stock were issued and outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of the Common Stock, see the section of this Proxy Statement entitled **Share Ownership by Principal Stockholders and Management**.

### **Procedure for Submitting Stockholder Proposals**

*Requirements for stockholder proposals to be considered for inclusion in the Company's proxy materials.* Proposals of stockholders of the Company which are to be presented by such stockholders at the Company's Annual Meeting for the fiscal year ended December 31, 2006 ( **Fiscal 2006** ) must meet the stockholder proposal requirements contained in Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the **1934 Act** ) and must be received by the Company no later than January 10, 2007 in order that they may be included in the Proxy Statement and form of proxy relating to that meeting. Such stockholder proposals should be submitted to the Company's principal executive office located at 983 University Avenue, Building A, Los Gatos, California 95032, Attention: Corporate Secretary.

*Requirements for stockholder proposals to be brought before an annual meeting.* If a stockholder wishes to present a proposal at the Company's Fiscal 2006 annual meeting, and the proposal is not intended to be included in the Company's proxy statement relating to that meeting, the stockholder must give advance notice to the Company prior to the deadline for such meeting determined in accordance with the Company's Bylaws (the **Bylaw Deadline** ). Under the Company's Bylaws, in order to be deemed properly presented, notice of proposed business must be delivered to or mailed and received by the Secretary of the Company at the principal executive offices of the Company not fewer than 90 nor more than 120 calendar days before the one year anniversary of the date on which the Company first mailed its proxy statement to stockholders in connection with the previous year's annual meeting of stockholders; *provided, however*, that in the event the date of the annual meeting for next year will be changed by more than 30 days, notice by the stockholder to be timely must be so received not later than the close of business on the later of (a) 90 calendar days in advance of such annual meeting or (b) 10 calendar days following the date on which public announcement of the date of the meeting is first made. A stockholder's notice to the secretary shall set forth as to each matter the stockholder proposes to bring before the annual meeting: (a) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (b) the name and address, as they appear on the Company's books, of the stockholder proposing such business, (c) the class and number of shares of the

Company that are beneficially owned by the stockholder, (d) any material interest of the stockholder in such business, and (e) any other information that is required to be provided by the stockholder pursuant to Rule 14a-8 of the 1934 Act, in his or her capacity as a proponent to a stockholder proposal. If a stockholder gives notice of such a proposal after the Bylaw Deadline, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the meeting.

## **Voting**

*Voting by proxy card.* All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxies in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

*Voting by attending the meeting.* A stockholder may also vote his or her shares in person at the Annual Meeting. A stockholder planning to attend the Annual Meeting should bring proof of identification for entrance to the Annual Meeting. If a stockholder attends the Annual Meeting, he or she may also submit his or her vote in person, and any previous votes that were submitted by the stockholder, whether by Internet, telephone or mail, will be superseded by the vote that such stockholder casts at the Annual Meeting.

*Changing vote; revocability of proxy.* Any proxy given pursuant to the solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (a) filing a written notice of revocation bearing a later date than the proxy with the Secretary of the Company at or before the taking of the vote at the Annual Meeting, (b) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of the Company at or before the taking of the vote at the Annual Meeting or (c) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or should be sent so as to be delivered to Monolithic Power Systems, Inc., 983 University Avenue, Building A, Los Gatos, California 95032, Attention: Corporate Secretary.

## **Expenses of Solicitation**

The Company will bear all expenses of this solicitation, including the cost of preparing and mailing this solicitation material. The Company may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of the Company may also solicit proxies in person or by telephone, letter, e-mail, telegram, facsimile or other means of communication. Such directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. The Company may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. The Company's costs for such services, if retained, will not be significant.

## **Quorum; Abstentions; Broker Non-Votes**

## Edgar Filing: MONOLITHIC POWER SYSTEMS INC - Form DEF 14A

Holders of a majority of the outstanding shares entitled to vote must be present, in person or by proxy, at the Annual Meeting in order to have the required quorum for the transaction of business. If the shares present, in

## **Table of Contents**

person and by proxy, at the meeting do not constitute the required quorum, the meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

Shares that are voted FOR, AGAINST or ABSTAIN are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the Votes Cast ) with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the Votes Cast with respect to a proposal. In the absence of a controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote *against* the proposal as to which the abstention is made.

Broker non-votes (i.e., votes from shares held of record by brokers as to which the beneficial owners have given no voting instructions) will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast (such as the approval of an amendment to an option plan). Thus, a broker non-vote will make a quorum more readily obtainable, but the broker non-vote will not otherwise affect the outcome of the vote on a proposal. However, with respect to a proposal that requires a majority of the outstanding shares (such as an amendment to the certificate of incorporation), a broker non-vote has the same effect as a vote against the proposal.

## **PROPOSAL ONE**

### **ELECTION OF DIRECTORS**

#### **Nominees**

The Company's Board of Directors (the Board ) currently consists of six persons. Two Class II directors are to be elected to the Board at the Annual Meeting. Unless otherwise instructed, the proxyholders will vote the proxies received by them for the Board's nominees, Alan Earhart and Jim Moyer. Each person nominated for election has agreed to serve if elected, and the Board has no reason to believe that any nominee will be unavailable or will decline to serve. In the event, however, that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current Board to fill the vacancy. The term of office of each person elected as a Class II director will continue for three years or until his successor has been duly elected and qualified.

The percentage of total options granted is based on an aggregate of 2,503,250 options granted to our employees during the fiscal year ended December 31, 2005. Options were granted with an exercise price per share equal to the fair market value of our common stock on the date of grant.

**Table of Contents**

The amounts shown in the table as potential realizable value represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of our future common stock prices. These amounts represent assumed rates of appreciation in the value of our common stock from the fair market value on the date of grant. Actual gains, if any, on stock option exercises are dependent on the future performance of our common stock, overall stock market conditions and the option holders continued service with us.

If such termination occurs within one year following a change of control, then such payments and benefits should continue for a period of one year and seventy five percent (75%) of unvested options shall become vested.

Under an Amended and Restated Employment Agreement effective as of April 28, 2005, Mr. Christoffersen retired from the positions of Chief Financial Officer and Secretary of the Company, and his duties and full-time status at the Company were restructured. Mr. Christoffersen has six months following the termination of his employment in which to exercise such options.

Under a change of control agreement we entered into with Deming Xiao effective as of November 14, 2004, if Mr. Xiao's employment is terminated without cause, or if he leaves his employment for good reason within one year following a change of control, he will receive acceleration of the vesting of his stock options as to 50% of the unvested shares covered by the employment agreement. Change of control means a merger or consolidation after which our shareholders do not hold a majority of our outstanding voting securities, any transaction involving the transfer of greater than 50% of our voting power, or a sale of substantially all our assets.

Under a change of control agreement we entered into with Maurice Sciammas effective as of December 2004, if Mr. Sciammas' employment is terminated without cause, or if he leaves his employment for good reason within one year following a change of control, he will receive acceleration of the vesting of his stock options as to 50% of the unvested shares covered by the employment agreement. **COMPENSATION COMMITTEE REPORT**

**Introduction**

The Compensation Committee of the Board of Directors consists of Herbert Chang, Jim Jones and Umesh Padval. None of these individuals had any interlocking relationships, and all qualify as outside directors and non-employee directors as defined by the Internal Revenue Code and the 1934 Act, respectively. The Board of Directors adopted our Compensation Committee Charter in February 2004.

The Compensation Committee is responsible for providing oversight of the Company's compensation policies, plans and benefits programs and assisting the Board in discharging its responsibilities relating to (i) oversight of the compensation of the Company's Chief Executive Officer and other executive officers, and (ii) approving and evaluating the executive officer compensation plans, policies and programs of the Company. The committee also assists the Board in administering the Company's 2004 Equity Incentive Plan and 2004 Employee Stock Purchase Plan.

**Executive Compensation Policy**

The Company has a pay for performance compensation philosophy for its employees, including its executive officers. The Company's executive compensation policies are designed to attract and retain experienced and talented executive officers critical to the success of the Company, and to provide incentives for such individuals to maximize the Company's corporate performance and accomplishment of strategic objectives. Total compensation for the Company's executives includes base salary, performance bonus, executive perquisites, and participation in the Company's qualified and non-qualified employee benefit plans. Executive compensation (including that of the Chief Executive) is linked to the Company's revenue growth and net income for the previous year.

**Executive Officer Compensation Components**

The principal components of the compensation for executive officers are described below:

*Base salary.* Base salaries for executive officers are set by the Compensation Committee, in consultation with the Chief Executive Officer, after considering factors such as position and responsibility, the competitive environment, corporate size, corporate performance and overall experience and contribution levels of the individuals. The Company obtains competitive compensation information from publicly disclosed documents of peer companies, which include both direct competitors of the Company and other companies in competition for similar executive talent.

*Performance bonus.* At the discretion of the Compensation Committee or pursuant to certain executive officers' employment agreements with the Company, certain executive officers may receive performance bonuses. Additional bonuses may be provided annually based on executive officers' overall performance for the year and the Company's overall financial performance. Performance is measured, among other things, on the achievement by the executive officer of goals for the fiscal year. During 2005, the Compensation Committee reviewed and discussed the performance of each executive officer, other than the Chief Executive Officer, with the Chief Executive Officer of the Company and approved

the bonus amounts for 2005.

*Long-term incentive compensation.* The Company's 2004 Stock Plan (the "Plan") provides for long-term incentive compensation for employees of the Company, including executive officers. A key component of the total compensation package for the Company's executive officers is in the form of stock option and restricted stock awards. An important objective of long term incentive compensation is to align the interests of executive officers with those of stockholders by providing significant equity interest in the Company, thereby providing incentive for such executive officers to maximize stockholder value. Option and restricted stock awards directly tie executive compensation to the performance of the Company's common stock. The Compensation Committee is responsible for determining, subject to the terms of such plan, the individuals to whom grants should be made, the timing of grants, the exercise price and the number of shares subject to each grant.

## **Table of Contents**

In granting options and/or restricted stock to the executive officers under the Plan, the Compensation Committee bases the size of the awards on such considerations as the value of options and restricted stock awarded to individuals in comparable positions at peer group companies, the Company's and the individual's performance against the Company's goals and the goals set for such individual, the number of options currently held by the executive officer and the overall percentage of shares held by executive officers. The Plan also utilizes vesting periods to encourage retention of executive officers and to reward long-term commitment to the Company.

### **Chief Executive Officer Compensation**

The Company's compensation program is designed to support the achievement of corporate and individual objectives. As with other executive officers, Mr. Hsing's compensation reflects this "pay for performance" philosophy. The process of determining the compensation for Mr. Hsing and the factors taken into consideration in such determination are generally the same as the process and factors used in determining the compensation of all of the Company's executive officers.

For 2005, Mr. Hsing's annual base salary was \$233,615, and he was granted an option to purchase 35,000 shares of the Company's common stock. The Compensation Committee approved, and the Company paid, Mr. Hsing a \$123,000 cash bonus based on the Company's performance during 2005. Factors considered in connection with Mr. Hsing's bonus award included the substantial increase in the Company's revenues and operating profit in Fiscal 2005 compared with Fiscal 2004, the number of products released in 2005, the establishment of the Chengdu operation, and the reduction of the number of litigations in which the Company was involved.

### **Conclusion**

The Compensation Committee believes that the Company's total compensation policy:

Aligns executives' interests with those of the Company

Links executive compensation directly to corporate performance

Assists in attracting and retaining experienced and talented executives

The Compensation Committee will continue to monitor the Company's philosophy and programs to ensure effectiveness, appropriateness and alignment with the Company's corporate performance.
