PROXY STATEMENT

2007 ANNUAL MEETING OF STOCKHOLDERS

To be held on April 24, 2007

General

The following information is furnished in connection with the solicitation by and on behalf of the Board of Directors of the enclosed proxy to be used at the 2007 Annual Meeting of Stockholders (the "Annual Meeting") of Old Point Financial Corporation (the "Company") to be held Tuesday, April 24, 2007, at 6:00 p.m. at The Hampton Roads Convention Center, 1610 Coliseum Drive, Hampton, Virginia. The approximate mailing date of this Proxy Statement and accompanying proxy is March 28, 2007.

Revocation and Voting of Proxies

Execution of a proxy will not affect a stockholder's right to attend the Annual Meeting and to vote in person. Any stockholder who has executed and returned a proxy may revoke it by attending the Annual Meeting and requesting to vote in person. A stockholder may also revoke his proxy at any time before it is exercised by filing a written notice with the Company or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any properly adjourned session of the Annual Meeting. If a stockholder specifies how the proxy is to be voted with respect to any proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a stockholder fails to specify with respect to such proposals, the proxy will be voted **FOR** the election of the director nominees in proposal 1 set forth in the accompanying notice and further described herein.

Voting Rights of Stockholders

Only those stockholders of record at the close of business on February 15, 2007, are entitled to notice of and to vote at the Annual Meeting, or any adjournments thereof. The number of shares of common stock of the Company outstanding and entitled to vote at the Annual Meeting is 3,991,014. The Company has no other class of stock outstanding. The presence of a majority of the shares entitled to be voted, represented in person or by proxy, will constitute a quorum for the transaction of business.

Each share of Company common stock entitles the record holder thereof to one vote for each matter to be voted upon at the Annual Meeting, except that in the election of directors cumulative voting entitles a stockholder to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares owned by such stockholder or to distribute his or her votes on the same principle between two or more nominees as he or she sees fit. The Board of Directors will instruct the proxies to use cumulative voting, if necessary, to elect all or as many of the nominees as possible. Shares for which the holder has elected to abstain or to withhold the proxies' authority to vote (including broker non-votes) on a matter will count toward a quorum, but will not be included in determining the number of votes cast with respect to such matter.

With regard to the election of directors, votes may be cast in favor or withheld. If a quorum is present, the nominees receiving the greatest number of votes cast at the Annual Meeting will be elected directors; therefore, votes withheld will have no effect. Approval of any other matter requires an affirmative vote of a majority of the shares cast on the matter. Thus, although abstentions

and broker non-votes (shares held by customers that may not be voted on certain matters because the broker has not received specific instructions from the customers) are counted for purposes of determining the presence or absence of a quorum, they are generally not counted for purposes of determining if a proposal has been approved, and therefore have no effect.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitations will be made only by the use of the mail, except that officers and regular employees of the Company, The Old Point National Bank of Phoebus (the Bank) and Old Point Trust & Financial Services, N.A. (the Trust Company) may make solicitations of proxies in person or by telephone or mail, acting without compensation other than their regular compensation. We anticipate that brokerage houses and other nominees, custodians, and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the stock held of record by such persons, and the Company will reimburse them for their charges and expenses in this connection.

(1) If prior to 1984, refers to the year in which the individual first became a director of the Bank. All present directors of the Company are also directors of the Bank. Dr. Clark, Dr. Greene, Mr. Ishon, Mr. Shuford and Mrs. Thacker are also directors of the Trust Company. None of the directors serve as directors of any other company with a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934.

There are five family relationships among the directors and executive officers. Mr. Jordan is the father of Mr. Jordan, II, and the father-in-law of Mr. Ishon. Mr. Shuford, Sr. and Dr. Schappert are married to sisters. Mr. Shuford, Sr. is the father of Mr. Shuford, Jr. Dr. Clark is the father of Mrs. Thacker. The Board does not believe that these family relationships are material to an evaluation of the ability or integrity of these individuals. The Board is not aware of any involvement in legal proceedings by any of the Company's directors or executive officers that would be material to an evaluation of the ability or integrity of any director or executive officer.

The Board of Directors recommends that stockholders vote FOR the individuals nominated above to serve as Directors.

Corporate Governance

The Board of Directors is elected by the Company's stockholders; the Board, in turn, is the Company's governing body, responsible for hiring, overseeing and evaluating management; management is charged with the day to day operations of the Company and its affiliates.

The Board's primary responsibility is to provide oversight, counseling and direction to management in their efforts to fulfill the corporate strategy in maximizing opportunities, while addressing related business risks. The Board has delegated various responsibilities and authority to different board committees, which include the Audit Committee, Directors Loan Committee, and Directors Loan Review Committee.

Management has been delegated the authority and responsibility for managing the Company's lines of businesses in a manner consistent with the Company's Strategic Plan and Code of Ethics, and in accordance with any specific plan, instructions or direction of the Board of Directors or one of the Board's committees. The Chief Executive Officer and management are required to seek the advice and, in appropriate situations, the approval of the Board with respect to extraordinary actions to be undertaken by the Company.

Board Committees and Attendance

The Board of Directors is comprised of a majority of independent directors, as defined by the listing standards of the NASDAQ Stock Market. Independent directors do not receive consulting, legal or other fees from the Company other than Board and committee compensation. Although companies affiliated with certain of these directors provide goods and services to the Company, the Board of Directors has determined in accordance with the NASDAQ listing standards that these independent directors have no relationships with the Company that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. The independent directors are Messrs. Chisman, Evans, Greene, Hansen, Harris, Morgan, Riddle, Zimm, Dr. Clark and Mrs. Thacker.

The Board reviews each director's independence status on an annual basis to ensure compliance with NASDAQ listing standards.

In reviewing the independence of John B. Morgan, II, a Company Director, Management considered the relationship between the Company and Morgan Marrow Insurance of which Mr. Morgan is President, which received fees of less than \$105,000 for providing insurance for the Company's subsidiaries in 2006. In reviewing the independence of Melvin R. Zimm, a Company Director, Management considered the relationship between the Company and the law firm of Glasser & Glasser, of which Mr. Zimm is a member of the law firm, which law firm received fees of less than \$20,000 for performance of legal services for one of the Company's subsidiaries in 2006. In both of these relationships the Board determined that the relationship did not interfere with the Director's ability to act in an independent manner.

The Board of Directors of the Company has adopted an Insider Policy: Conflict of Interest/Code of Ethics (Code of Ethics) which details principles and responsibilities governing ethical conduct for all Company directors, officers, employees and principal stockholders. The Code of Ethics was filed as Exhibit 14 to the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

During 2006, there were 13 meetings of the Board of Directors of the Company. Each director attended at least 75% of all meetings of the Board and committees on which he/she served.

The independent directors also met in regularly scheduled executive sessions in March, June, September and December of 2006.

The Company has not adopted a formal policy on Board members' attendance at its annual meetings of stockholders, although all Board members are invited and encouraged to attend and, historically, most have done so. All Board members attended the Company's 2006 Annual Meeting of Stockholders.

The Board of Directors of the Company has standing Executive, Audit and Compensation Committees.

Executive Committee. Current members of the Executive Committee are Messrs. Shuford (Chairman), Hansen, Harris, Morris and Dr. Clark. The Executive Committee serves in an advisory capacity, reviewing matters and making recommendations to the Board of Directors. The Executive Committee met 4 times in 2006.

Compensation Committee. The Compensation Committee consists of four non-employee directors, Mr. Morgan (Chairman), Dr. Clark, and Messrs. Evans, and Zimm. The Committee does not operate under a written charter. The Board of Directors has determined that the members of the Committee are non-employee directors (within the meaning of Rule 16b-3 of the Exchange Act), outside directors (within the meaning of Section 162(m) of the Internal Revenue Code) and independent directors (within the meaning of Rule 4200(15) of the NASDAQ Marketplace Rules and the independence standards of the Company's Corporate Governance Guidelines). In addition, no Committee member is a current or former employee of the Company or any subsidiary or affiliate. While the Committee members are not required to have certain qualifications or special knowledge, they have held/hold high-level management and employee supervisory positions in their respective fields that include duties relating to compensation of employees at multiple levels.

The Committee reviews and recommends compensation adjustments for all exempt employees to include senior management. The Committee submits their recommendations to the full Board for final approval. The Committee met two (2) times in 2006. The dates, meeting times and agenda items for committee meetings are set in accordance with the subject matter to be discussed and are determined by the Committee Chairman and the Human Resources Director.

Audit Committee. Current members of the Audit Committee are Messrs. Hansen, (Chairman), Evans, Greene, Harris and Mrs. Thacker. The Board of Directors has determined that all of the members of the Audit Committee satisfy the independence and financial literacy requirements for audit committee members under the NASDAQ listing standards and applicable SEC regulations. In addition, at least one member of the Audit Committee has past employment experience in finance or accounting or comparable experience which results in the individual's financial sophistication. The Board of Directors has also determined that Mr. Evans qualifies as an audit committee financial expert within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee assists the Board in its financial reporting oversight duties, internal controls, audit function, whistleblower policy, approval of related party transactions, and other matters relating to corporate governance. The Audit Committee is responsible for the appointment, compensation, and oversight of the work of the Company's independent accountants. The Audit Committee reviews on a regular basis the work of the Company's internal audit department. It also reviews and approves the scope and detail of the continuous audit program, which is conducted by the internal audit staff to protect against improper and unsound practices and to furnish adequate protection for all assets and records. During 2006, the Audit Committee met 4 times.

The Committee operates under a written charter adopted by the Board of Directors. The Committee reviews and reassesses the charter annually and recommends any changes to the Board for approval. The Audit Committee Charter is attached as Appendix A to this proxy statement. It has not been posted on the Company's website.

Nominations. The Board of Directors does not have a standing nominating committee or nominating committee charter because it believes it can have an independent nominating process without a separate nominating committee. Pursuant to a resolution passed by the Board of Directors and consistent with NASDAQ Marketplace Rules, director nominees are selected and recommended for consideration to the full Board of Directors by a majority of the directors who are independent according to the NASDAQ listing standards. For this purpose, the following directors are independent: Messrs. Chisman, Evans, Greene, Hansen, Harris, Morgan, Riddle, Zimm, Dr. Clark and Mrs. Thacker.

In addition to recommending to the full Board whether or not current directors should be nominated for reelection, the independent directors also identify new candidates in the event of a vacancy on the Board. The independent directors identify potential director candidates from a variety of sources, including management, consultants and other individuals likely to possess an understanding of the Company's business and knowledge of suitable candidates. The independent directors evaluate the qualifications of candidates for membership to the Board of Directors. Following this evaluation process, candidates are selected by a majority of the independent directors to be recommended for nomination by the full Board of Directors. The full Board then selects nominees to recommend to the Company's stockholders in the annual election process or appoints new directors to serve until the next annual election.

Qualifications for consideration as a Board nominee may vary according to the particular areas of expertise being sought to complement the existing Board composition. However, in making their nomination recommendations to the Board of Directors, the independent directors consider, among other things, an individual's business experience, industry experience, financial background,

geographic representation, breadth of knowledge about issues affecting the Company, time available for meetings and consultation regarding Company matters and other particular skills and experience possessed by the individual. In addition, the independent directors seek director candidates that will result in the Board of Directors consisting of more than a majority of independent directors at all times.

While there are no formal procedures for stockholders to submit director candidate recommendations, the independent directors will consider candidates recommended in writing by stockholders entitled to vote in the election of directors. Such written submissions should include the name, address, and telephone number of the recommended candidate, along with a brief statement of the candidate's qualifications to serve as a director. All such stockholder recommendations should be submitted to the attention of the Company's Secretary at the Company's principal office located at 1 West Mellen Street, Hampton, Virginia 23663; and must be received by January 1, 2008 in order to be considered by the independent directors for the next annual election of directors. Any director candidate recommended by a stockholder will be reviewed and considered by the independent directors in the same manner as all other director candidates based on the qualifications described above.

In addition, in accordance with the Company's bylaws, any stockholder entitled to vote in the election of directors may nominate an individual for director. Any such stockholder nomination must be in writing and must include sufficient background information with respect to the nominee, including his or her name, address and principal occupation, sufficient identification of the nominating stockholder, including his or her name, address and principal occupation and a representation by the stockholder of his or her eligibility and intention to appear at the annual meeting (in person or by proxy) to nominate the individual specified in the notice, a description of any arrangements or understandings between the stockholder and the nominee or others regarding the nomination, an indication of the total number of shares expected to be voted for the nominee, and the nominee's written consent to the nomination. Stockholder nominations must be received by the Company's President at the Company's principal office in Hampton, Virginia, not more than 50 days and not less than 14 days prior to the date of the 2008 Annual Meeting in order to be considered for the 2008 annual election of directors, provided that if less than 21 days' notice of the meeting is given, such nominations must be mailed or delivered to the President not later than the seventh day following the date notice of the meeting was mailed.

Compensation Committee Interlocks and Insider Participation

Current members of the Compensation Committee are Messrs. Morgan (Chairman), Evans, Zimm and Dr. Clark. No member of the Compensation Committee is or has been an officer or employee of the Company or any of its affiliates. Furthermore, none of the Company's executive officers has served on the board of directors of any company of which a Compensation Committee member is an employee.

During 2006 and through the present time, there have been transactions between the Company's banking subsidiary and certain members of the Compensation Committee or their associates, all consisting of extensions of credit by the Bank in the ordinary course of business. Each transaction was made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with the general public. In the opinion of management, none of the transactions involved more than the normal risk of collectibility or presented other unfavorable features.

Stockholder Communications with the Board of Directors

The Company provides an informal process for stockholders to send communications to the Board of Directors. Stockholders who wish to contact the Board of Directors or any of its members may do so by addressing their written correspondence to Old Point Financial Corporation, Board of Directors, c/o Corporate Secretary, P.O. Box 3392, Hampton, Virginia 23663 or lmorris@oldpoint.com. Correspondence directed to an individual Board member will be referred, unopened, to that member. Correspondence not directed to a particular Board member will be referred, unopened, to the Chairman of the Board.

Interest of Management in Certain Transactions

Some of the Company's directors, executive officers, and members of their immediate families, and corporations, partnerships and other entities of which such persons are officers, directors, partners, trustees, executors or beneficiaries, are customers of the Bank. All loans and commitments to lend to such individuals were made in the ordinary course of business, upon substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than normal risk of collectibility or present other unfavorable features. Pursuant to our Insider Policy, all directors and executive officers (including our NEOs), who have any direct or indirect financial or other participation in any business that competes with, supplies goods or services to, or is a customer of the Company or the Bank, in an amount involving \$25,000 or more, are required to disclose to and receive approval from our Board of Directors prior to transacting such business. Directors and executive officers are expected to make reasoned and impartial decisions in the workplace. As a result, approval of the business is denied if the Company believes that the director's or executive officer's interest in such business could influence decisions relative to the Company's business, or have the potential to adversely affect the Company's business or the objective performance of the director's function or executive officer's work. The Board of Directors is responsible for overseeing compliance with the Insider Policy.

A related party transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and the amount involved exceeds \$120,000 and in which any related party had, has or will have a direct or indirect material interest. For purposes of determining whether a transaction is a related party transaction the Board of Directors relies upon Item 404 of Regulation S-K, promulgated under the Exchange Act.

A related party is (i) any person who is, or at any time since the beginning of the Company's last fiscal year was, a director or executive officer of the Company or a nominee to become a director, (ii) any person who is known to be the beneficial owner of more than 5% of any class of our voting securities, (iii) any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the director, executive officer, nominee or more than 5% beneficial owner, and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than 5% beneficial owner, and (iv) any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Other than the two relationships mentioned under Board Committees and Attendance, the Company transacts business with Hampton Stationery of which John C. Ishon is President. The Company paid under \$50,000 in 2006 for stationery and supplies, which exceeds the policy limit of \$25,000.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee (for purposes of this discussion, the Committee) of the Board of Directors has responsibility for establishing, implementing and monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to the Company's senior management is fair, reasonable and competitive.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer (CEO) and Chief Financial Officer (CFO) during 2006, as well as the other executive officers included in the Summary Compensation Table on page 15, are referred to as the named executive officers. The Company's senior management includes its named executive officers.

General Philosophy

The Company compensates its senior management through a mix of base salary, bonus and, in some years, equity compensation, designed to be competitive with comparably-sized financial institutions in its geographic market and to align management's incentives with the long-term interests of stockholders. The compensation setting process consists of establishing targeted overall compensation of each senior manager and then allocating that compensation among base salary and incentive compensation. At the officer level, the Committee designs the incentive compensation to reward company-wide performance through tying awards primarily to earnings, asset and deposit growth. Currently the Committee does not tie individual performance to incentive compensation. Generally, the types of compensation and benefits provided to the Company's senior management are similar to those provided to other executive officers in comparable institutions.

Board Process

Compensation adjustments and monetary awards to executive officers are recommended by the Committee for approval by the full Board of Directors, which makes the final decisions. Mr. Shuford, Sr. and Mr. Morris, who both serve on the Board of Directors, are not present during deliberations or voting with respect to their compensation.

Generally, on its own initiative the Committee reviews the individual performance for Mr. Shuford, CEO (Company), Mr. Morris, President & CEO (Bank), and Mr. Jordan, President & CEO (Trust) and following discussions with those individuals, recommends their compensation levels to the full Board of Directors (excluding Mr. Shuford, and Mr. Morris). For the remaining named executive officers, the CEO, President & CEO (Bank), President & CEO (Trust) and Senior Vice President of Human Resources make recommendations to the Committee that generally, with minor adjustments, are accepted by the Committee and presented to the full Board of Directors for approval.

Although the Committee has not granted equity compensation to executive officers in the last few years, historically, the Committee recommends to the full Board of Directors stock option grants to the CEO based on its own evaluation of his performance and to other executive officers based on the recommendation of the CEO.

The Committee has not used a compensation consultant for establishing executive compensation.

Targeted Overall Compensation

To assist in establishing the aggregate level of compensation that the Company will pay, it utilizes a peer group analysis of the southeastern states, primarily the SNL Executive Compensation Review for banks and thrifts of assets greater than \$400 million. Specifically, the nineteen SEC reporting Banking Institutions in Virginia with assets ranging from \$400 million to \$1 billion are considered in the peer group. Generally, targeted overall compensation correlates to what the marketplace would offer individuals to fill senior management positions with similar skills and backgrounds to those the Company employs. Additionally, total compensation is established relative to company performance goals and internal/external equity.

Based on peer compensation analysis and review of Company and individual performance during 2005, the targeted overall compensation of the CEO in 2006 was established at \$275,880. This compensation is below the compensation levels of the Company's peer institutions. This has been the case for several years, and the Company is slowly closing the gap between the total compensation level, especially base salary, of its CEO and the total compensation levels of CEO's of peer institutions.

The same process is followed with respect to establishing targeted overall compensation for the other named executive officers. While the Committee considered the peer compensation analysis, the responsibilities of the Company's named executive officers vary widely and the direct comparisons are less helpful. Based upon the Committee's review of the peer compensation analysis and review of Company and individual performance during 2005, we set the overall targeted compensation for the other named executive officers at levels that are in the mid-range for positions among peer group with similar scope of responsibility and required skill level.

Allocation Among Components

Under the Company's current compensation structure, which does not include equity compensation, the mix of base salary and bonus compensation is as follows:

	Typical Base Salary	Typical Bonus Target
Chief Executive Officer	87%	13%
Executive Vice Presidents	87%	13%
Senior Vice Presidents	87%	13%

In allocating compensation among base salary and annual bonus compensation, the Committee believes that the compensation of senior-most levels of management begins with a base level and bonuses should be awarded based on Company performance. Base salaries generally represent a large portion of the executive officers' total cash compensation and are considered to be average relative to comparably-sized financial institutions. Base salaries are based on individual performance components.

The Committee believes that the top levels of management have the greatest ability to influence Company performance. Therefore, the Committee bases annual bonus compensation on Company performance. When the Company's performance is above budget, the top levels of management are rewarded. Likewise when the Company's performance does not meet expectations, the top levels of management receive a lower bonus. In 2006, the target bonus for the above mentioned officer group was 14% of base salary. However, Company goals were not met and the bonuses actually paid for 2006 were 5% of base salary.

Although in prior years overall compensation for executives also included stock option awards, the Committee has not granted equity compensation to executive officers in the past few years. The Company still has in place a stock option plan pursuant to which stock option awards can be granted and the Committee may choose to resume granting stock options in the future. The cost associated with offering equity compensation has escalated due to new financial reporting requirements outlined in the Statement of Financial Accounting Standards (SFAS) No. 123 R, "Share-Based Payment". Therefore, no equity compensation was offered in 2006.

Base Salaries

The Committee wants to provide senior management with a level of assured cash compensation in the form of base salary that facilitates an appropriate lifestyle given their professional status and accomplishments. The Company has a compensation structure with salary ranges for management including the CEO and other senior managers. These ranges are based on peer compensation analysis discussed above. The last adjustments to the ranges were made effective January 2005 in an effort to remain competitive in our market place. The structure is designed to recruit and retain qualified personnel and is reviewed on an annual basis by the Committee. For 2006, the base salary ranges used for setting salaries were \$150 thousand to \$300 thousand for the CEO and ranged from \$100 thousand to \$300 thousand for the other named executive officers.

Each February, the Committee recommends the base salary of the CEO within the established range to the Board of Directors. The CEO's base salary is determined using the peer compensation analysis in addition to the CEO's individual and Company performance during the prior year. The base salary of the CEO as of March 1, 2006 was \$242,000, which reflected a 7.5% increase in base salary from 2005. A portion (\$8,200 or 3.6%) of this increase was to account for a change in the Company's Board compensation practices such that effective March 2006 employee directors no longer receive separate compensation for serving on the Company's Board of Directors. The remainder of this increase reflected the Committee's and the Board's view that the CEO's individual performance and Company performance, as well as the CEO's base salary level in comparison to our peer institutions, warranted the increase. The performance goals evaluated include, but are not limited to return on average assets, return on average equity, net income, asset quality, and deposit and loan growth. Lastly, the Committee gave consideration to the expected future contributions of the executive, the executive's length of service and standing within the local banking communities and general economic conditions.

For the executive officers other than the CEO, each February the Committee recommends the executive's base salary within the established range to the Board of Directors, based on the recommendation of the CEO, President & CEO (Bank), President & CEO (Trust) and the Senior Vice President of Human Resources. The base salaries of the other executive officers are determined using the peer compensation analysis in addition to the officers' individual performance during the prior year and the Company's performance during the prior year based on the same performance objectives discussed above with respect to the CEO.

Bonuses

The bonus incentive plan, which is sometimes referred to as the Executive Incentive Plan, is designed to motivate and reward participants for the achievement of fiscal year financial and non-financial objectives that directly contribute to the overall success of the Company.

Non-commissioned exempt employees, except the CEO, hired no later than the last day of the prior year and employed through year-end of the current year are eligible to participate in the annual bonus incentive plan. This plan includes all of the Company's named executive officers except the CEO.

The target incentive award is the amount that the participant is eligible to receive if the combined, weighted performance against the plan objectives equals an overall achievement level based on the operating budget. Depending upon the participant's officer level in the Company, target incentive awards range from 2.5% to 14% of annualized base salary. All the named executive officers in 2006 were eligible for a bonus award equaling 14% of annualized base salary if all objectives were met. The CEO's bonus award is determined in February after year-end so that the Committee can evaluate year-end results. The bonus awards for the other named executive officers are determined before the end of the year and are based on actual year-to-date and estimated end-of-year performance of the established goals.

The bonus award for the CEO under the plan is not objectively determined. The Committee considers the general performance of the Company in the prior year as well as the incentive award earned by the Executive Vice Presidents for the prior year to determine an appropriate bonus for the CEO. The Committee considers each of these factors but does not assign a specific value to any factor. For 2005, the CEO's bonus was \$33,000, which amounted to 14.7% of the CEO's 2005 base salary.

As mentioned above, the Company did not meet its goals under the bonus incentive plan with respect to income in 2006. However, the Committee felt that the compensation granted to the CEO for 2006 performance should be based on past performance, and the possibility and potential for positive change in earnings for 2007. For 2006, the CEO's bonus was \$11,100, which amounted to 5% of the CEO's 2006 salary and was paid in 2007.

The bonus awards under the bonus incentive plan for the named executive officers other than the CEO are objectively determined, based on achieving predetermined financial goals such as deposit, loan and income growth during the year. The Board of Directors has discretion to increase or decrease the award based on non-financial goal achievements. A list of various projects and the completion status is reviewed in November of each year. Based on the status of these projects to the goal established at the beginning of the year, the Board of Directors determines the non-financial goal achievement level. In 2006 this level was set at 75%. Because the Company did not meet its goals with respect to income in 2006, the bonus awards to the named executive officers equaled only 5% of their base salaries rather than the target bonus awards of 14% of base salary. The Committee sets goals equal to the Company's profit plan for the year.

Equity Compensation

Historically, the primary form of equity compensation has been incentive stock options. The Company used stock options because of the favorable accounting treatment and the near universal expectation by employees in the industry that they would receive stock options. The Company has not issued stock options since August 2004. Beginning in 2006 the accounting treatment for stock options changed as a result of SFAS No. 123 R, making the accounting treatment of stock options less attractive to the Company. The Company's current equity compensation plan is limited to the granting of stock options. Going forward, the Committee will assess the various types of equity compensation to determine what alternatives would be most attractive to its employees while providing a reasonable cost to the Company.

Severance Pay

The Company does not have any employment contracts with our named executive officers. Therefore, their severance pay is determined on a case-by-case basis by the Committee and the Board of Directors.

Perquisites and Other Compensation

None of the executive officers received perquisites or other personal benefits in excess of \$10,000 in 2006.

The Committee reviews any perquisites that its CEO and the other named executive officers may receive on an annual basis. In general, the Company does not provide its executives with many of the types of perquisites that other companies offer their executives, such as personal use of the corporate jet or vehicle allowances. In addition to the base salary and incentive compensation described above, the Company provides its named executive officers with the same benefit package available to all of its salaried employees. This package includes:

Medical and dental insurance (portion of costs);

Medical/dependent reimbursement plan;

Life insurance;

Short and Long-term disability insurance; and

Participation in the Company's 401(k) plan, including the Company match.

Until September 30, 2006, the Company maintained a traditional defined benefit pension plan the (Employee Retirement Plan). However, since September 30, 2006, no new participants are being added to the plan, and the benefits under the plan for existing participants have been frozen. As a counterbalance, the Committee enhanced the 401(k) plan effective January 1, 2007. The Company provides an immediately vested safe harbor match of 100% up to 4% of an employee's deferral contribution.

The Company also offers post-retirement life insurance benefits to senior management in the form of a split dollar plan. The Company owns the policy and cash values provide an annual return to the Company while providing a term insurance benefit to the individual employee. In 2002, the Committee recommended and approved a plan to provide pre- and post-retirement life insurance benefits to the senior officer group utilizing Bank Owned Life Insurance (BOLI) with a portion of the death benefit endorsed to the insured officer through a split dollar agreement. All the named executive officers took advantage of this benefit in 2002. The amount endorsed equaled 300% of the current base salary, with the amount to increase 4% each year though termination or retirement. If the officer remained in the Bank's employment through retirement, a post-retirement benefit equal to 50% of the benefit provided just prior to retirement will be provided.

Relocation Benefits

The Company does not have a policy providing relocation benefits.

Deductibility of Executive Compensation

As part of its role, the Committee should review and consider the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1 million that is paid to certain individuals. To date, the Company's compensation practices have not caused this limit to be reached or exceeded.

Stock Ownership Guidelines

Although the Committee believes that significant levels of stock ownership will assist in retaining qualified and motivated executive officers, the Committee has not established stock ownership guidelines for any of its officers.

The following table summarizes the total compensation for the year ended December 31, 2006 of the Company's CEO, Executive Vice President and CFO (Bank), and each of the Company's next three most highly compensated officers.

- (1) Robert F. Shuford and Louis G. Morris serve as inside Directors. In March 2006, \$8,200 and \$4,800 were added respectively to their base salary. This addition was made in an effort to compensate them for their Board service in lieu of paying them separate Board fees in the future.

- (2) Messrs. Morris and Epes and Messes. Causby and Grabow participate in the Company's bonus incentive plan described in the Compensation Discussion and Analysis. The amounts reported in this column for these individuals represent non-equity incentive plan awards earned under the plan for 2006. Mr. Shuford also participates in the bonus incentive plan, but his award for 2006 did not satisfy the criteria for a non-equity incentive plan award, so his bonus incentive plan award for 2006 is reported in the bonus column.
- (3) The amounts in this column reflect the actuarial increase in the present value of the named executive officer's benefits under the Employee Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in Note 12 to the Company's audited financial statements for the year ended December 31, 2006, and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. The Company does not offer any nonqualified deferred compensation plans.
- (4) Amounts shown in the All Other Compensation column are detailed in the chart below.

(1) Actual amounts earned are reported as Non-equity Incentive Plan Compensation in the Summary Compensation Table. The annual bonus incentive plan is designed to motivate and reward participants for the achievement of fiscal year financial and non-financial objectives that directly contribute to the success of the Company. Participants are paid at the end of the year for that same year's performance. The threshold is the amount received if 20% of the objectives are met. The target is the amount that the participant receives if all targeted achievements are met and the maximum is the amount received if all objectives exceed the target and reach the maximum level of performance allowed by the program's design. Depending on the participant's officer level in the Company, incentives ranged from 0% to 14% of base salary for 2006. All non-exempt employees are eligible for this program except Robert F. Shuford, CEO. Although his bonus is not objectively determined, the Compensation Committee recommends for Board approval a bonus amount based on the Company's prior year's performance and the prior year's incentive bonus plan framework. Mr. Shuford was paid in 2007 for performance in 2006.

The following table includes certain information with respect to all previously awarded unexercised options held by the named executive officers at December 31, 2006. None of the named executive officers held any unvested restricted stock at December 31, 2006.

The Employee Retirement Plan, which covers substantially all full-time employees of the Company and its subsidiaries who had completed one year of service as of September 30, 2006. This plan was frozen as of September 30, 2006. The present value of the accumulated benefit is the value that the officer will receive at retirement or termination of the plan which ever comes first. A

participant's monthly retirement benefit (if he or she has 25 years of benefit service at his normal retirement date) is 20% of his final five-year average salary plus 15% of final five-year average salary in excess of the participant's Social Security Covered Pay. The Social Security Covered Pay is the average pay of the calendar year prior to the year the participant attains his Social Security Retirement Age. If the participant has less than 25 years of benefit service at his normal retirement date, the participant's monthly retirement benefit will be actuarially reduced by 1/25 for each year of benefit service less than 25 years. Cash benefits under the plan generally commence on retirement, death or other termination of employment and are payable in various forms at the election of the participant.

(1) The amounts in this column reflect the actuarial increase in the present value of the named executive officer's benefits under the Employee Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in Note 12 to the Company's audited financial statements for the year ended December 31, 2006, and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested.

Nonqualified Deferred Compensation

The Company does not offer any nonqualified deferred compensation plans.

Potential Payments upon Termination or Change-in-Control

The Company has not entered into employment or change-in-control agreements with any of its executive officers. Therefore, the only payments upon termination that the named executive officers would have received, assuming a termination as of December 31, 2006, would have been salary earned through December 31, 2006 and any vested 401(k) Plan or Employee Retirement Plan payouts. Because all options previously awarded to the named executive officers had already vested as of December 31, 2006, none of the named executive officers would have experienced any additional vesting with respect to retirement benefits because they are fully vested.

The following table provides compensation information for the year ended December 31, 2006 for each non-employee member of our Board of Directors.

Their compensation, including any compensation for Board service, is reported in the Summary Compensation Table on page 16.

- (2) As of December 31, 2006, each director had the following number of stock options outstanding: Shuford; 22,521; Chisman; 1,000; Clark; 5,500; Evans; 5,500; Greene; 5,500; Hansen; 1,000; Harris; 5,500; Ishon; 5,500; Jordan; 1,000; Morgan; 4,000; Morris; 26,061; Riddle; 0; Schappert; 2,500; Thacker; 1,000; and Zimm; 1,000.

The fees paid in cash were for non-employee director attendance at Board meetings and committee meetings. In addition, each non-employee director was paid an annual retainer fee. Non-employee directors of the Bank and Trust Company receive \$400 and \$250, respectively, for each Board meeting they attended. The non-employee directors of the Bank and Trust Company received \$150 for each committee meeting they attended. In addition, non-employee directors of the Bank and Trust Company were paid an annual retainer fee of \$8,000 and \$3,000, respectively, except that directors serving on the Bank board who also served on the Trust Company board received an additional \$1,000 instead of \$3,000 annual retainer for serving on the Trust Company board. In addition, the chairman of the Audit Committee received an additional \$2,000 annual retainer. Non-employee directors are eligible to receive awards of non-qualified stock options under the Company's 1998 Stock Option Plan, although no stock options have been granted to non-employee directors since 2004. The Company also pays for all directors and their spouses to attend Board seminars. The Executive Committee discusses Board compensation on an annual basis based on an informal survey of board compensation paid by other peer financial institutions. Any recommendations by the Executive Committee is presented to the full Board for approval.

Prior to March 2006, directors who are employees of the Company or its subsidiaries received the stated fees for attendance at Board meetings, but did not receive any fees for committee meetings and did not receive annual retainer fees. Effective March 2006, Mr. Shuford, Sr. and Mr. Morris each received an increase to base salary in lieu of receiving payment for any future Board meetings or other Board service.

Compensation Committee Report

Following the drafting of the Compensation Discussion and Analysis Report (CD&A), the Compensation Committee reviewed and discussed the final CD&A with management during the Committee meeting held in January 2007. Based on such review and discussions, the Committee recommended to the Board of Directors that the CD&A be included in this proxy statement at the February 2007 meeting.

Report of the Audit Committee

The Audit Committee of the Board of Directors (the Committee) is composed of five non-employee directors, each of whom satisfies the requirements of FDICIA for Audit Committee members and the independence requirements of the SEC and the NASDAQ Stock Market's listing standards. In addition, the Board of Directors has also determined that Mr. Evans qualifies as an audit committee financial expert within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Committee oversees the Company's financial reporting process on behalf of the Board. Management is responsible for the Company's internal controls, financial reporting process and compliance with the laws and regulations and ethical business standards. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with accounting principles generally accepted in the United States of America and for issuing a report thereon. The Committee monitors and oversees these processes and has sole responsibility for the appointment, compensation and evaluation of the Company's independent accountants.

In this context, the Committee met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's audited consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the audited consolidated financial statements with management and the independent accountants. The Committee also discussed with management, the independent accountants and the Company's internal auditors the adequacy of the Company's system of internal controls.

The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, including their judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates in the Company's consolidated financial statements; all critical accounting policies and practices to be used; all alternative treatments within generally accepted accounting principles for policies and practices related to material terms that have been discussed with management of the Company; and other material written communication between the independent accountants and the management of the Company, such as any management letter or schedule of unadjusted differences.

The Company's independent accountants also provided to the Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence.

The Committee also discussed with the Company's internal and independent accountants the overall scope and plans for their respective audits. The Committee met with the internal and independent accountants, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based upon the Committee's discussions with management and the independent accountants and the Committee's review of the representation of management and the written disclosures and report of the independent accountants to the Committee, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the Securities and Exchange Commission.

2. At least annually, obtain and review a formal written report by the independent accountants describing any relationships between the firm and the Company and any other relationships that may adversely affect the independence of the auditors, and consider the independence of the auditors, including whether the auditors' performance of permissible non-audit services is compatible with the auditors' independence in accordance with applicable accounting standards. In addition, the Audit Committee shall actively engage in dialogue with the auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditors and take, or recommend that the full Board take, appropriate action to oversee the independence of the independent auditors.
