Summary of 2007 Business Report for Fiscal Year 2007

On March 31, 2008, Kookmin Bank filed its business report for fiscal year 2007 (the Business Report) with the Financial Services Commission of Korea and the Korea Exchange. This is a summary of the Business Report translated into English.

In effect from January 1, 2007, we have adopted SKAS¹ No. 21 (Preparation and Presentation of Financial Statements I) and SKAS No. 24 (Preparation and Presentation of Financial Statements II (Financial Industry)), pursuant to which the presentation and order of certain line items, including gain/loss on disposal of available-for-sale securities, have been reclassified from non-operating income to operating income. We have revised our financial statements for prior periods to reflect this change. In addition, pursuant to amendments to SKAS No. 16 (Tax accounting), refunds of income tax and additional income tax payments previously classified as non-operating revenue (expense) are currently classified as income tax expense. The effect of the changes in the classification of such income statement items for the year ended December 31, 2007 is as follows: non-operating revenue decreased by Won 867.5 billion, non-operating expenses decreased by Won 604.3 billion, operating income increased by Won 749.3 billion and income tax expense increased by Won 486.1 billion.

Financial information contained in this summary (and in the attached audit report) have been prepared in accordance with generally accepted accounting principles in Korea, which differ in certain important respects from generally accepted accounting principles in the United States.

(Base Price) Won is the arithmetic mean of the following three numbers: the sum of the daily closing price multiplied by the daily trading volume divided by the daily trading volume for the common shares during each of the following periods: (i) two months prior to, but excluding, the grant date; (ii) one month prior to, but excluding, the grant date; and (iii) one week prior to, but excluding, the grant date.

The increase rate of KOSPI Banking Industry Index = (KOSPI Banking Industry Index as of the starting date of exercise period - KOSPI Banking Industry Index as of the grant date) / KOSPI Banking Industry Index as of the grant date.

3 Exercise price = (Base Price) Won x (1 + TRS of the three major competitors x 0.4)

(Base Price) Won is the arithmetic mean of the following three numbers: the sum of the daily closing price multiplied by the daily trading volume divided by the daily trading volume for the common shares during each of the following periods: (i) two months prior to, but excluding, the grant date; (ii) one month prior to, but excluding, the grant date; and (iii) one week prior to, but excluding, the grant date.

TRS of the three major competitors shall mean (the sum of each of the three major competitor's Total Market Cap at the expected exercise price confirmation date less the sum of each of the three major competitor's Total Market Cap at the grant date) divided by the sum of each of the three major competitor's Total Market Cap at the grant date.
