BARNES & NOBLE, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

For the 26 weeks ended August 2, 2008 and August 4, 2007

(Thousands of dollars, except per share data)

(unaudited)

The unaudited consolidated financial statements include the accounts of Barnes & Noble, Inc. and its subsidiaries (collectively, the Company).

In the opinion of the Company's management, the accompanying unaudited consolidated financial statements of the Company contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly its consolidated financial position as of August 2, 2008 and the results of its operations and its cash flows for the 13 and 26 weeks then ended. These consolidated financial statements are condensed and therefore do not include all of the information and footnotes required by generally accepted accounting principles. The consolidated financial statements should be read in conjunction with the Company's Annual Report on Form 10-K for the 52 weeks ended February 2, 2008 (fiscal 2007). The Company follows the same accounting policies in preparation of interim reports, except as set out in Note 9, Recent Accounting Pronouncements.

Due to the seasonal nature of the business, the results of operations for the 26 weeks ended August 2, 2008 are not indicative of the results to be expected for the 52 weeks ending January 31, 2009 (fiscal 2008).

(1) Merchandise Inventories

Merchandise inventories are stated at the lower of cost or market. Cost is determined primarily by the retail inventory method on the first-in, first-out (FIFO) basis for 97%, 98% and 99% of the Company's merchandise inventories as of August 2, 2008, August 4, 2007 and February 2, 2008, respectively. The remaining merchandise inventories are recorded based on the average cost method.

Market is determined based on the estimated net realizable value, which is generally the selling price. Reserves for non-returnable inventory are based on the Company's history of liquidating non-returnable inventory.

The Company also estimates and accrues shortage for the period between the last physical count of inventory and the balance sheet date. Shortage rates are estimated and accrued based on historical rates and can be affected by changes in merchandise mix and changes in actual shortage trends. During the 13 weeks ended August 2, 2008, the Company recorded a physical inventory benefit of \$11,000 as results were more favorable than previously estimated and accrued.

(2) Reclassifications

Certain prior period amounts have been reclassified to conform to the current presentation.

(3) Income Taxes

As of August 2, 2008, the Company had \$19,822 of gross unrecognized tax benefits, all of which, if recognized, would affect the Company's effective tax rate. The Company's continuing practice is to recognize interest and penalties related to income tax matters in income tax expense. The Company had \$3,681 accrued for interest and penalties, which is included in the \$19,822 of unrecognized tax benefits noted above.

Notes to Consolidated Financial Statements

For the 26 weeks ended August 2, 2008 and August 4, 2007

(Thousands of dollars, except per share data)

(unaudited)

The Company is subject to U.S. federal income tax as well as income tax in jurisdictions of each state having an income tax. The tax years that remain subject to examination are primarily 2004 through 2007. Some earlier years remain open for a small minority of states. Prior to 2006, the Company had a tax year ending in October.

(4) Stock-Based Compensation

The Company accounts for share-based compensation in accordance with the provisions of Statement of Financial Accounting Standards (SFAS) No. 123R, *Share-Based Payment* (SFAS 123R). Stock-based compensation expense for share-based awards recognized during the 13 and 26 weeks ended August 2, 2008 and August 4, 2007 includes: (a) the applicable portion of compensation expense for all stock-based compensation awards granted prior to, but not yet vested as of, January 29, 2006, based on the grant date fair value estimated in accordance with the original provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, and (b) the applicable portion of compensation expense for all stock-based compensation awards granted subsequent to January 29, 2006, based on the grant date fair value estimated in accordance with the provisions of SFAS 123R.

The Company uses the Black-Scholes option-pricing model to value the Company's stock options for each stock option award. Using this option-pricing model, the fair value of each stock option award is estimated on the date of grant. The fair value of the Company's stock option awards, which are generally subject to pro-rata vesting over four years, is expensed on a straight-line basis over the vesting period of the stock options. The expected volatility assumption is based on traded options volatility of the Company's stock over a term equal to the expected term of the option granted. The expected term of stock option awards granted is derived from historical exercise experience under the Company's stock option plans and represents the period of time that stock option awards granted are expected to be outstanding. The expected term assumption incorporates the contractual term of an option grant, which is ten years, as well as the vesting period of an award, which is generally pro-rata vesting annually over four years. The risk-free interest rate is based on the implied yield on a U.S. Treasury constant maturity with a remaining term equal to the expected term of the option granted.

The weighted average assumptions relating to the valuation of the Company's stock options for the 13 and 26 weeks ended August 2, 2008 and August 4, 2007 are shown below.

	13 weeks ended		26 weeks ended	
	August 2, 2008	August 4, 2007	August 2, 2008	August 4, 2007
Weighted average fair value of grants	\$ 0.01	\$ 11.61	\$ 13.54	\$ 11.61
Expected volatility	42.12%	28.0%	56.09%	28.0%
Expected risk-free interest rate	1.39%	4.59%	2.41%	4.59%

The changes in the carrying amount of goodwill for the 26 weeks ended August 2, 2008 are as follows:

Balance as of February 2, 2008	\$ 255,290
Foreign currency translation	(23)
Benefit of excess tax amortization	(2,214)
Balance as of August 2, 2008 (a)	\$ 253,053

Edgar Filing: BARNES & NOBLE INC - Form 10-Q

- (a) The tax basis of goodwill arising from an acquisition during the 52 weeks ended January 29, 2005 exceeded the related basis for financial reporting purposes by approximately \$96,576. In accordance with SFAS 109, *Accounting for Income Taxes*, the Company is recognizing the tax benefits of amortizing such excess as a reduction of goodwill as it is realized on the Company's income tax return.

(6) Pension and Other Postretirement Benefit Plans

As of December 31, 1999, substantially all employees of the Company were covered under a noncontributory defined benefit pension plan (the Pension Plan). As of January 1, 2000, the Pension Plan was amended so that employees no longer earn benefits for subsequent service. Effective December 31, 2004, the barnesandnoble.com llc (Barnes & Noble.com) Employees Retirement Plan (the B&N.com Retirement Plan) was merged with the Pension Plan. Substantially all employees of Barnes & Noble.com were covered under the B&N.com Retirement Plan. As of July 1, 2000, the B&N.com Retirement Plan was amended so that employees no longer earn benefits for subsequent service. Subsequent service continues to be the basis for vesting of benefits not yet vested at December 31, 1999 and June 30, 2000 for the Pension Plan and the B&N.com Retirement Plan, respectively, and the Pension Plan will continue to hold assets and pay benefits. The actuarial assumptions used to calculate pension costs are reviewed annually. Pension expense for the 13 weeks ended August 2, 2008 and August 4, 2007 was \$144 and \$199, respectively. Pension expense for the 26 weeks ended August 2, 2008 and August 4, 2007 was \$288 and \$360, respectively.

The Company provides certain health care and life insurance benefits (the Postretirement Plan) to certain retired employees, limited to those receiving benefits or retired as of April 1, 1993. Total Company contributions charged to employee benefit expenses for the Postretirement Plan were \$50 and \$45 for the 13 weeks ended August 2, 2008 and August 4, 2007, respectively. Postretirement Plan expense for the 26 weeks ended August 2, 2008 and August 4, 2007 was \$100 and \$91, respectively.

(7) Gift Cards

Revenue associated with gift cards is deferred until redemption of the gift card. The Company estimates the portion of the gift card liability for which the likelihood of redemption is remote and records this amount in income on a straight-line basis over a 12-month period beginning in the 13th month after the month the gift card was originally sold based upon the Company's historical redemption patterns. If actual redemption patterns vary from the Company's estimates, actual gift card breakage may differ from the amounts recorded.

(8) Purchase of Distribution Facilities

On June 26, 2008, the Company exercised its purchase option under a lease on one of its distribution facilities located in South Brunswick, New Jersey from the New Jersey Economic Development Authority. Under the terms of the lease expiring in June 2011, the Company purchased the distribution facility and equipment for approximately \$21,000.

(9) Recent Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board (FASB) issued SFAS No. 157, *Fair Value Measurements* (SFAS 157). SFAS 157 provides guidance for using fair value to measure assets and liabilities. Under SFAS 157, fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the reporting entity transacts. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Company adopted SFAS 157 at February 3, 2008, and the adoption had no impact on the Company's financial position, results of operations and cash flows.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (SFAS 159). SFAS 159 permits an entity to measure certain financial assets and financial liabilities at fair value that were not previously required to be measured at fair value. Entities that elect the fair value option will report unrealized gains and losses in earnings at each subsequent reporting date. The Company has not elected to measure any financial assets and financial liabilities at fair value that were not previously required to be measured at fair value. Therefore, the adoption of this standard has had no impact on the Company's financial position, results of operations and cash flows.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interest in Consolidated Financial Statements, an amendment of ARB No. 51* (SFAS No. 160), which will change the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of equity within the consolidated balance sheets. SFAS No. 160 is effective as of the beginning of the first fiscal year beginning after December 15, 2008. Earlier adoption is prohibited and the Company is currently evaluating the effect, if any, that the adoption will have on its financial position, results of operations and cash flows.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), *Business Combinations* (SFAS 141R). SFAS 141R significantly changes the accounting for business combinations in a number of areas, including the treatment of contingent consideration, preacquisition contingencies, transaction costs, in-process research and development and restructuring costs. In addition, under SFAS 141R, changes in an acquired entity's deferred tax assets and uncertain tax positions after the measurement period will impact income tax expense. SFAS 141R is effective for fiscal years beginning after December 15, 2008. The Company will adopt SFAS 141R on February 1, 2009. This standard will change the Company's accounting treatment for business combinations, if any, on a prospective basis, including the treatment of any income tax adjustments related to past acquisitions. The Company is currently evaluating the effect, if any, that the adoption of SFAS 141R will have on its financial position, results of operations and cash flows.

In April 2008, the FASB issued FASB Staff Position No. FAS 142-3, *Determination of the Useful Life of Intangible Assets* (FSP No. FAS 142-3), which amends the factors an entity should consider in developing renewal or extension assumptions used in determining the useful lives of recognized intangible assets. FSP No. FAS 142-3 is effective for fiscal years beginning after December 15, 2008. The Company is currently evaluating the effect, if any, that the adoption of FSP No. FAS 142-3 will have on its financial position, results of operations and cash flows.

In May 2008, the FASB issued SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles* (SFAS 162). This Standard identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles. The hierarchy set forth in SFAS 162 is directed to the entity, rather than the independent auditors, as the entity is the one responsible for selecting accounting principles for financial statements that are presented in conformity with generally accepted accounting principles. SFAS 162 is effective 60 days following the Securities and Exchange Commission's approval of the Public Company Accounting Oversight Board amendments to AU section 411, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles*. The Company is currently evaluating the effect, if any, that the adoption of SFAS No. 162 will have on its financial position, results of operations and cash flows.

In June 2008, the FASB issued FASB Staff Position No. EITF 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities* (FSP No. EITF 03-6-1), which classifies unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) as participating securities and requires them to be included in the computation of earnings per share pursuant to the two-class method described in SFAS No. 128, *Earnings per Share*. This Staff Position is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years. All prior-period earnings per share data presented are to be adjusted retrospectively (including interim financial statements, summaries of earnings, and selected financial data) to conform with the provisions of this Staff Position, with early application not permitted. The Company is currently evaluating the effect, if any, that the adoption of FSP No. EITF 03-6-1 will have on its financial position, results of operations and cash flows.

(10) Subsequent Events

On August 21, 2008, the Company announced that its Board of Directors has authorized a quarterly cash dividend of \$0.25 per share for stockholders of record at the close of business on September 9, 2008, payable on September 30, 2008.

Report of Independent Registered Public Accounting Firm

The Board of Directors

Barnes & Noble, Inc.

We have reviewed the condensed consolidated balance sheets of Barnes & Noble, Inc. and Subsidiaries as of August 2, 2008 and August 4, 2007, and the related consolidated statements of operations for the 13 week and 26 week periods ended August 2, 2008 and August 4, 2007, changes in shareholders' equity for the 26 week period ended August 2, 2008, and cash flows for the 26 week periods ended August 2, 2008 and August 4, 2007 included in the accompanying Securities and Exchange Commission Form 10-Q for the period ended August 2, 2008. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the condensed consolidated financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board, the consolidated balance sheets of Barnes & Noble, Inc. and Subsidiaries as of February 2, 2008, and the related consolidated statements of operations, changes in shareholders' equity, and cash flows for the year then ended included in the Company's Form 10-K for the fiscal year ended February 2, 2008; and in our report dated April 1, 2008, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheets as of February 2, 2008 is fairly stated in all material respects in relation to the consolidated balance sheet from which it has been derived.

Item 2: Management's Discussion and Analysis of Financial Condition and Results of Operations
Liquidity and Capital Resources

The primary sources of the Company's cash are net cash flows from operating activities, funds available under its senior credit facility and short-term vendor financing.

The Company's cash and cash equivalents were \$26.3 million as of August 2, 2008, compared with \$208.2 million as of August 4, 2007.

Merchandise inventories decreased \$27.2 million, or 1.9%, to \$1.373 billion as of August 2, 2008, compared with \$1.400 billion as of August 4, 2007.

The Company's investing activities consist principally of capital expenditures for new store construction, the maintenance of existing stores and system enhancements for the retail stores and the Company's website. Capital expenditures totaled \$111.2 million and \$82.1 million during the 26 weeks ended August 2, 2008 and August 2, 2007, respectively.

The Company has an \$850 million revolving credit facility dated as of June 17, 2005, as amended and restated on August 2, 2006 (Revolving Credit Facility). The Revolving Credit Facility has a maturity date of July 31, 2011 and may be increased to \$1.0 billion under certain circumstances at the option of the Company. The Revolving Credit Facility has an applicable margin that is applied to Eurodollar-based loans above the publicly stated Eurodollar rate and standby letters of credit at a spread ranging from 0.500% to 1.000%, a fee paid on commercial letters of credit ranging from 0.2500% to 0.5000% and a commitment fee ranging from 0.100% to 0.200%. In each case, the applicable rate is based on the Company's consolidated fixed charge coverage ratio. Proceeds from the Revolving Credit Facility are used for general corporate purposes, including seasonal working capital needs.

The Company had \$119.0 million in borrowings on August 2, 2008. Average borrowings under the Company's Revolving Credit Facility were \$42.5 million during the 26 weeks ended August 2, 2008 and peaked at \$125.0 million during the same period. The ratio of debt to equity was 0.14:1.00 as of August 2, 2008. The Company had no outstanding debt during the 26 weeks ended August 4, 2007.

Based upon the Company's current operating levels, management believes cash and cash equivalents on hand, net cash flows from operating activities and the capacity under the Revolving Credit Facility will be sufficient to meet the Company's normal working capital and debt service requirements for at least the next twelve months.

On September 15, 2005, the Company's Board of Directors authorized a stock repurchase program for the purchase of up to \$200.0 million of the Company's common stock. The Company completed this \$200.0 million repurchase program during the 13 weeks ended November 3, 2007. On May 15, 2007, the Company announced that its Board of Directors authorized a new stock repurchase program for the purchase of up to \$400.0 million of the Company's common stock. The maximum dollar value of common stock that may yet be purchased under the current open program is approximately \$3.3 million as of August 2, 2008.

Stock repurchases under this program may be made through open market and privately negotiated transactions from time to time and in such amounts as management deems appropriate. As of August 2, 2008, the Company has repurchased 33,025,516 shares at a cost of approximately \$1,046.7 million under its stock repurchase programs. The repurchased shares are held in treasury.

On May 29, 2008, the Board of Equalization of the State of California approved a global settlement in the total amount of \$9.0 million, of which approximately \$0.7 million was recorded and paid in 2003, in connection with a settlement regarding the collection of sales and use taxes on sales made by barnesandnoble.com llc (Barnes & Noble.com) from 1999 to 2005. See Part II, Item 1. Legal Proceedings under *Barnesandnoble.com LLC v. Yee, et al.* of this Form 10-Q for additional information regarding this settlement.

On June 26, 2008, the Company exercised its purchase option under a lease on one of its distribution facilities located in South Brunswick, New Jersey from the New Jersey Economic Development Authority. Under the terms of the lease expiring in June 2011, the Company purchased the distribution facility and equipment for approximately \$21.0 million.

The Company paid quarterly cash dividends of \$0.15 per share on March 31, 2008 to stockholders of record at the close of business on March 10, 2008 and paid quarterly cash dividends of \$0.25 per share on June 30, 2008 to stockholders of record at the close of business on June 9, 2008. On August 21, 2008, the Company announced it had authorized a quarterly cash dividend of \$0.25 per share for stockholders of record at the close of business on September 9, 2008, payable on September 30, 2008.

Seasonality

The Company's business, like that of many retailers, is seasonal, with the major portion of sales and operating profit realized during the fourth quarter, which includes the holiday selling season.

Results of Operations

13 weeks ended August 2, 2008 compared with the 13 weeks ended August 4, 2007

Sales

During the 13 weeks ended August 2, 2008, the Company's sales decreased \$20.4 million, or 1.6%, to \$1.224 billion from \$1.244 billion during the 13 weeks ended August 4, 2007. This decrease was primarily attributable to an \$18.1 million decrease in sales at Barnes & Noble stores and a \$3.7 million decrease in sales at B. Dalton stores, offset by a \$2.4 million increase in sales at Barnes & Noble.com.

Barnes & Noble store sales for the 13 weeks ended August 2, 2008 decreased \$18.1 million, or 1.6%, to \$1.090 billion from \$1.108 billion during the same period a year ago, and accounted for 89.1% of total Company sales. This decrease was primarily attributable to a 4.7% decrease in comparable store sales which decreased sales by \$49.5 million and by closed stores that decreased sales by \$26.4 million, partially offset by new Barnes & Noble stores that contributed to an increase in sales of \$55.6 million. Excluding sales of J. K. Rowling's *Harry Potter and the Deathly Hallows*, comparable sales decreased 1.5%.

Barnes & Noble.com sales increased \$2.4 million, or 2.4%, to \$99.8 million during the 13 weeks ended August 2, 2008 from \$97.5 million during the 13 weeks ended August 4, 2007. This increase was attributable to a 3.6% increase in comparable sales. Excluding sales of J. K. Rowling's *Harry Potter and the Deathly Hallows*, comparable sales increased 13.9%.

Table of Contents

During the 13 weeks ended August 2, 2008, the Company opened 10 Barnes & Noble stores and closed four, bringing its total number of Barnes & Noble stores to 723 with 18.5 million square feet. The Company closed 10 B. Dalton stores, ending the period with 73 B. Dalton stores and 0.3 million square feet. As of August 2, 2008, the Company operated 796 stores in the 50 states and the District of Columbia.

Cost of Sales and Occupancy

During the 13 weeks ended August 2, 2008, cost of sales and occupancy decreased \$33.1 million, or 3.7%, to \$849.4 million from \$882.5 million during the 13 weeks ended August 4, 2007. As a percentage of sales, cost of sales and occupancy decreased to 69.4% from 70.9% from the same period one year ago. This decrease was primarily attributable to the deep discount on J. K. Rowling's *Harry Potter and the Deathly Hallows* during the same period last fiscal year, as well as a physical inventory benefit of \$11.0 million this fiscal year as results were more favorable than previously estimated and accrued. In addition, reduced promotional markdowns and increased volume through the Company's distribution centers more than offset the deleveraging of fixed occupancy costs on the negative comparable store sales.

Selling and Administrative Expenses

Selling and administrative expenses decreased \$0.9 million, or 0.3%, to \$303.1 million during the 13 weeks ended August 2, 2008 from \$304.0 million during the 13 weeks ended August 4, 2007. During the second quarter of the 52 weeks ending January 31, 2009 (fiscal 2008), selling and administrative expenses increased as a percentage of sales to 24.8% from 24.4% during the prior fiscal year period. This increase was primarily due to the deleveraging of fixed expenses with the negative comparable store sales.

Depreciation and Amortization

During the second quarter of fiscal 2008, depreciation and amortization increased \$1.9 million, or 4.7%, to \$43.4 million from \$41.4 million during the same period last fiscal year. This increase was primarily due to the depreciation on additional capital expenditures for existing store maintenance and new store openings.

Pre-opening Expenses

Pre-opening expenses increased \$0.6 million, or 21.7%, to \$3.2 million during the 13 weeks ended August 2, 2008 from \$2.6 million for the 13 weeks ended August 4, 2007. The increase in pre-opening expenses was primarily the result of the timing of new store openings and additional grand opening advertising.

Operating Profit

The Company's consolidated operating profit increased \$11.1 million, or 80.9%, to \$24.8 million during the 13 weeks ended August 2, 2008 from \$13.7 million during the 13 weeks ended August 4, 2007. This increase was primarily due to the matters discussed above.

Interest Income (Expense), Net and Amortization of Deferred Financing Fees

Net interest income (expense) and amortization of deferred financing fees decreased \$2.6 million, or 164.8%, to (\$1.0) million during the 13 weeks ended August 2, 2008 from \$1.6 million during the 13 weeks ended August 4, 2007. The decrease was primarily due to the Company's utilization of cash to buy back shares under its repurchase program during the first quarter of fiscal 2008.

Table of Contents

Income Taxes

Income tax expense during the 13 weeks ended August 2, 2008 was \$9.6 million compared with a tax benefit of \$1.9 million during the 13 weeks ended August 4, 2007. Excluding discrete items, the Company's effective tax rate was 40.10% and 40.00% for the second quarter of fiscal 2008 and the second quarter of the 52 weeks ended February 2, 2008 (fiscal 2007), respectively. The provision for income taxes for the second quarter of fiscal 2007 included a tax benefit of \$8.0 million, comprised of \$9.6 million resulting from previously unrecognized tax benefits for which the statute of limitations expired in the second quarter of fiscal 2007 offset in part by other discrete income tax adjustments of \$1.6 million.

Minority Interest

Minority interest increased \$0.3 million, or 30.4%, to \$1.2 million during the 13 weeks ended August 2, 2008 from \$0.9 million during the 13 weeks ended August 4, 2007, and primarily relates to the approximate 26% outside interest in Calendar Club entities.

Net Income

As a result of the factors discussed above, the Company reported a consolidated net income of \$15.4 million (or \$0.27 per diluted share) during the 13 weeks ended August 2, 2008, compared with a consolidated net income of \$18.1 million (or \$0.26 per diluted share) during the 13 weeks ended August 4, 2007.

Results of Operations

26 weeks ended August 2, 2008 compared with the 26 weeks ended August 4, 2007

Sales

During the 26 weeks ended August 2, 2008, the Company's sales decreased \$7.7 million, or 0.3%, to \$2.382 billion from \$2.390 billion during the 26 weeks ended August 4, 2007. This decrease was primarily attributable to a \$6.9 million decrease in sales at Barnes & Noble stores, a \$6.1 million decrease in sales at B. Dalton stores, offset by an \$8.1 million increase in sales at Barnes & Noble.com.

Barnes & Noble store sales for the 26 weeks ended August 2, 2008 decreased \$6.9 million, or 0.3%, to \$2.115 billion from \$2.122 billion during the same period a year ago, and accounted for 88.8% of total Company sales. This decrease was primarily attributable to a 3.2% decrease in comparable store sales which decreased sales by \$64.2 million and by closed stores that decreased sales by \$40.7 million, offset by new Barnes & Noble stores that contributed to an increase in sales of \$93.2 million. Excluding sales of J. K. Rowling's *Harry Potter and the Deathly Hallows*, comparable sales decreased 1.5%.

Barnes & Noble.com sales increased \$8.1 million, or 4.3%, to \$199.4 million during the 26 weeks ended August 2, 2008 from \$191.3 million during the 26 weeks ended August 4, 2007. This increase was attributable to a 5.3% increase in comparable sales. Excluding sales of J. K. Rowling's *Harry Potter and the Deathly Hallows*, comparable sales increased 10.4%.

Table of Contents

During the 26 weeks ended August 2, 2008, the Company opened 21 Barnes & Noble stores and closed 11, bringing its total number of Barnes & Noble stores to 723 with 18.5 million square feet. The Company closed 12 B. Dalton stores, ending the period with 73 B. Dalton stores with 0.3 million square feet. As of August 2, 2008, the Company operated 796 stores in the 50 states and the District of Columbia.

Cost of Sales and Occupancy

During the 26 weeks ended August 2, 2008, cost of sales and occupancy decreased \$33.9 million, or 2.0%, to \$1.660 billion from \$1.694 billion during the 26 weeks ended August 4, 2007. As a percentage of sales, cost of sales and occupancy decreased to 69.7% from 70.9% from the same period one year ago. This decrease was primarily attributable to the deep discount on J. K. Rowling's *Harry Potter and the Deathly Hallows* during the same period last fiscal year, as well as a physical inventory benefit of \$11.0 million this fiscal year as results were more favorable than previously estimated and accrued. In addition, reduced promotional markdowns and increased volume through the Company's distribution centers more than offset the deleveraging of fixed occupancy costs on the negative comparable store sales.

Selling and Administrative Expenses

Selling and administrative expenses increased \$11.1 million, or 1.9%, to \$610.3 million during the 26 weeks ended August 2, 2008 from \$599.2 million during the 26 weeks ended August 4, 2007. During the first half of fiscal 2008, selling and administrative expenses increased as a percentage of sales to 25.6% from 25.1% during the prior year period. This increase was primarily due to the Company's \$8.3 million charge for the settlement with the State of California regarding the collection of sales and use taxes on sales made by Barnes & Noble.com from 1999 to 2005 and the de-leveraging of fixed expenses with the negative comparable store sales offset by legal costs of \$11.1 million in fiscal 2007.

Depreciation and Amortization

During the 26 weeks ended August 2, 2008, depreciation and amortization decreased \$1.4 million, or 1.6%, to \$85.5 million from \$86.9 million during the same period last year. This decrease was primarily due to \$2.6 million of accelerated depreciation in the prior fiscal year related to the distribution center closing, offset by depreciation on additional capital expenditures for existing store maintenance and new store openings.

Pre-opening Expenses

Pre-opening expenses increased \$4.1 million, or 111.9%, to \$7.7 million during the 26 weeks ended August 2, 2008 from \$3.6 million for the 26 weeks ended August 4, 2007. The increase in pre-opening expenses was primarily the result of the timing of new store openings.

Operating Profit

The Company's consolidated operating profit increased \$12.4 million, or 207.8%, to \$18.4 million during the 26 weeks ended August 2, 2008 from \$6.0 million during the 26 weeks ended August 4, 2007. This increase was primarily due to the matters discussed above.

Table of Contents

Interest Income (Expense), Net and Amortization of Deferred Financing Fees

Net interest income (expense) and amortization of deferred financing fees decreased \$4.9 million, or 103.7%, to (\$0.2) million during the 26 weeks ended August 2, 2008 from \$4.7 million during the 26 weeks ended August 4, 2007. The decrease was primarily due to the Company's utilization of cash to buy back shares under its repurchase program during the first quarter of fiscal 2008.

Income Taxes

Income tax expense during the 26 weeks ended August 2, 2008 was \$7.3 million compared with a tax benefit of \$3.7 million during the 26 weeks ended August 4, 2007. Excluding discrete items, the Company's effective tax rate was 40.14% and 40.00% for the second quarter of fiscal 2008 and fiscal 2007, respectively. The provision for income taxes during the 26 weeks ended August 4, 2007 included a tax benefit of \$8.0 million, comprised of \$9.6 million resulting from previously unrecognized tax benefits for which the statute of limitations expired during the 26 weeks ended August 4, 2007 offset in part by other discrete income tax adjustments of \$1.6 million.

Minority Interest

Minority interest increased \$0.3 million or 15.1%, to \$2.3 million during the 26 weeks ended August 2, 2008 from \$2.0 million during the 26 weeks ended August 4, 2007, and primarily relates to the approximate 26% outside interest in Calendar Club entities.

Net Income

As a result of the factors discussed above, the Company reported a consolidated net income of \$13.2 million (or \$0.23 per diluted share) during the 26 weeks ended August 2, 2008, compared with a consolidated net income of \$16.4 million (or \$0.24 per diluted share) during the 26 weeks ended August 4, 2007.

Critical Accounting Policies

Securities and Exchange Commission (SEC) Financial Reporting Release No. 60 requests all companies to include a discussion of critical accounting policies or methods used in the preparation of financial statements. Management of the Company does not believe there is a great likelihood that materially different amounts would be reported related to the accounting policies described below. However, application of these accounting policies involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates.

Merchandise Inventories. Merchandise inventories are stated at the lower of cost or market. Cost is determined primarily by the retail inventory method on the first-in, first-out (FIFO) basis for 97%, 98% and 99% of the Company's merchandise inventories as of August 2, 2008, August 4, 2007 and February 2, 2008, respectively. The remaining merchandise inventories are recorded based on the average cost method.

Market is determined based on the estimated net realizable value, which is generally the selling price. Reserves for non-returnable inventory are based on the Company's history of liquidating non-returnable inventory.

Table of Contents

The Company also estimates and accrues shortage for the period between the last physical count of inventory and the balance sheet date. Shortage rates are estimated and accrued based on historical rates and can be affected by changes in merchandise mix and changes in actual shortage trends. During the 13 weeks ended August 2, 2008, the Company recorded a physical inventory benefit of \$11.0 million as results were more favorable than previously estimated and accrued.

Stock-Based Compensation. The Company accounts for stock-based compensation in accordance with the provisions of Statement of Financial Accounting Standards (SFAS) No. 123R, *Share-Based Payment* (SFAS 123R). Stock-based compensation expense for share-based awards recognized during the 13 and 26 weeks ended August 2, 2008 and August 4, 2007 includes: (a) the applicable portion of compensation expense for all stock-based compensation awards granted prior to, but not yet vested as of, January 29, 2006, based on the grant date fair value estimated in accordance with the original provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, and (b) the applicable portion of compensation expense for all stock-based compensation awards granted subsequent to January 29, 2006, based on the grant date fair value estimated in accordance with the provisions of SFAS 123R.

The calculation of share-based employee compensation expense involves estimates that require management's judgment. These estimates include the fair value of each of the stock option awards granted, which is estimated on the date of grant using a Black-Scholes option pricing model. There are two significant inputs into the Black-Scholes option pricing model: expected volatility and expected term. The Company estimates expected volatility based on traded option volatility of the Company's stock over a term equal to the expected term of the option granted. The expected term of stock option awards granted is derived from historical exercise experience under the Company's stock option plans and represents the period of time that stock option awards granted are expected to be outstanding. The assumptions used in calculating the fair value of share-based payment awards represent management's best estimates, but these estimates involve inherent uncertainties and the application of management's judgment. As a result, if factors change and the Company uses different assumptions, stock-based compensation expense could be materially different in the future. In addition, the Company is required to estimate the expected forfeiture rate and only recognize expense for those shares expected to vest. If the Company's actual forfeiture rate is materially different from its estimate, the stock-based compensation expense could be significantly different from what the Company has recorded in the current period. See Note 4 to the consolidated financial statements contained herein for a further discussion on stock-based compensation.

Other Long-Lived Assets. The Company's other long-lived assets include property and equipment and amortizable intangibles. At August 2, 2008, the Company had \$848.7 million of property and equipment, net of accumulated depreciation, and \$15.8 million of amortizable intangible assets, net of amortization, accounting for approximately 29.4% of the Company's total assets. The Company reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. The Company evaluates long-lived assets for impairment at the individual store level, which is the lowest level at which individual cash flows can be identified. When evaluating long-lived assets for potential impairment, the Company will first compare the carrying amount of the assets to the individual store's estimated future undiscounted cash flows. If the estimated future cash flows are less than the carrying amount of the assets, an impairment loss calculation is prepared. The impairment loss calculation compares the carrying amount of the assets to the individual store's fair value based on its estimated discounted future cash flows. If required, an impairment loss is recorded for that portion of the asset's carrying value in excess of fair value.

Goodwill and Unamortizable Intangible Assets. At August 2, 2008, the Company had \$253.1 million of goodwill and \$69.9 million of unamortizable intangible assets (those with an indefinite useful life), accounting for

Table of Contents

approximately 11.2% of the Company's total assets. SFAS No. 142, *Goodwill and Other Intangible Assets*, requires that goodwill and other unamortizable intangible assets no longer be amortized, but instead be tested for impairment at least annually or earlier if there are impairment indicators. The Company performs a two-step process for impairment testing of goodwill as required by SFAS No. 142. The first step of this test, used to identify potential impairment, compares the fair value of a reporting unit with its carrying amount. The second step (if necessary) measures the amount of the impairment. The Company completed its annual impairment test on its goodwill in November 2007 and deemed that no impairment charge was necessary. The Company has noted no subsequent indicators of impairment. The Company tests unamortizable intangible assets by comparing the fair value and the carrying value of such assets. Changes in market conditions, among other factors, could have a material impact on these estimates.

Gift Cards. Revenue associated with gift cards is deferred until redemption of the gift card. The Company estimates the portion of the gift card liability for which the likelihood of redemption is remote and records this amount in income on a straight-line basis over a 12-month period beginning in the 13th month after the month the gift card was originally sold based upon the Company's historical redemption patterns. If actual redemption patterns vary from the Company's estimates, actual gift card breakage may differ from the amounts recorded.

Income Taxes. Judgment is required in determining the provision for income taxes and related accruals, deferred tax assets and liabilities. In the ordinary course of business, tax issues arise where the ultimate outcome is uncertain. Additionally, the Company's tax returns are subject to audit by various tax authorities. Consequently, changes in the Company's estimates for contingent tax liabilities may materially impact the Company's results of operations or financial position.

Disclosure Regarding Forward-Looking Statements

This report may contain certain forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act) and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act)) and information relating to the Company that are based on the beliefs of the management of the Company as well as assumptions made by and information currently available to the management of the Company. When used in this report, the words anticipate, believe, estimate, expect, intend, plan and similar expressions, as they relate to the Company or the management of the Company, identify forward-looking statements. Such statements reflect the current views of the Company with respect to future events, the outcome of which is subject to certain risks, including among others general economic and market conditions, decreased consumer demand for the Company's products, possible disruptions in the Company's computer or telephone systems, possible risks associated with data privacy and information security, possible work stoppages or increases in labor costs, possible increases in shipping rates or interruptions in shipping service, effects of competition, possible disruptions or delays in the opening of new stores or the inability to obtain suitable sites for new stores, higher-than-anticipated store closing or relocation costs, higher interest rates, the performance of the Company's online and other initiatives such as Barnes & Noble.com, the performance and successful integration of acquired businesses, the success of the Company's strategic investments, unanticipated increases in merchandise or occupancy costs, unanticipated adverse litigation results or effects, the results or effects of any governmental review of the Company's stock option practices, product shortages, and other factors which may be outside of the Company's control, including those factors discussed in detail in Item 1A, Risk Factors, in the Company's Form 10-K for the fiscal year ended February 2, 2008, and in the Company's other filings made from time to time with the SEC. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results or outcomes may vary materially from those described as anticipated, believed, estimated, expected, intended or planned. Subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are

expressly qualified in their entirety by the cautionary statements in this paragraph. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise after the date of this Form 10-Q.

Item 3: Quantitative and Qualitative Disclosures About Market Risk

The Company limits its interest rate risks by investing certain of its excess cash balances in short-term, highly-liquid instruments with an original maturity of one year or less. The Company does not expect any material losses from its invested cash balances and the Company believes that its interest rate exposure is modest. As of August 2, 2008, the Company's cash and cash equivalents totaled approximately \$26.3 million.

Additionally, the Company may from time to time borrow money under its Revolving Credit Facility at various interest-rate options based on the prime rate or the Eurodollar rate (a publicly published rate), depending upon certain financial tests. Accordingly, the Company may be exposed to interest rate risk on money that it borrows under the Revolving Credit Facility. The Company had \$119.0 million in borrowings outstanding on August 2, 2008. The Company had no outstanding debt on August 4, 2007.

The Company does not have any material foreign currency exposure, as nearly all of its business is transacted in United States currency.

Item 4: Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Company's management conducted an evaluation (as required under Rules 13a-15(b) and 15d-15(b) under the Exchange Act, under the supervision and with the participation of the principal executive officer and principal financial officer, of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, the principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures are effective. Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within the Company to disclose material information otherwise required to be set forth in the Company's periodic reports.

(b) Changes in Internal Control Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

The Company is involved in a variety of claims, suits, investigations and proceedings that arise from time to time in the ordinary course of its business, including actions with respect to contracts, intellectual property, taxation, employment, benefits, securities, personal injuries and other matters. The results of these proceedings in the ordinary course of business are not expected to have a material adverse effect on the Company's consolidated financial position or results of operations.

The following is a discussion of the material legal matters involving the Company.

In re Barnes & Noble, Inc. Derivative Litigation

In July and August 2006, four putative stockholder derivative actions were filed in New York County Supreme Court against certain members of the Company's Board of Directors and certain current and former executive officers of the Company, alleging breach of fiduciary duty and unjust enrichment in connection with the grant of certain stock options to certain executive officers and directors of the Company. These actions were subsequently consolidated under the caption *In re Barnes & Noble, Inc. Derivative Litigation* (the State Derivative Action). In September 2006, three putative stockholder derivative actions were filed in the United States District Court for the Southern District of New York naming the directors of the Company and certain current and former executive officers as defendants and alleging that the defendants backdated certain stock option grants to executive officers and caused the Company to file false or misleading financial disclosures and proxy statements. These actions were subsequently consolidated under the caption *In re Barnes & Noble, Inc. Shareholders Derivative Litigation* (the Federal Derivative Action).

On September 6, 2007, the parties in the State Derivative Action and in the Federal Derivative Action signed a Stipulation of Compromise and Settlement (the Settlement Agreement) with respect to these matters. In entering into the Settlement Agreement, neither the Company nor any of the named defendants admitted to any liability or wrongdoing. Under the terms of the Settlement Agreement, the Company agreed to institute certain corporate governance and internal control measures and to pay plaintiffs' attorneys' fees and expenses in the total amount of \$2,750,000.

On May 5, 2008, the New York Supreme Court granted final approval to the Settlement Agreement in the State Derivative Action, and on May 7, 2008, entered final judgment dismissing all of the state derivative claims with prejudice. Pursuant to the terms of the Settlement Agreement, the parties then jointly applied to the United States District Court to dismiss all of the claims in the Federal Derivative Action with prejudice, and on May 16, 2008, the District Court entered an order doing so. The time to file notices of appeal in the State Derivative Action and the Federal Derivative Action expired in June 2008, and no such notices were filed.

In re Initial Public Offering Securities Litigation

The class action lawsuit *In re Initial Public Offering Securities Litigation* filed in the United States District Court for the Southern District of New York in April 2002 (the Action) named over 1,000 individuals and 300 corporations, including Fatbrain.com, LLC, a former subsidiary of Barnes & Noble.com (Fatbrain) and its former officers and directors. The amended complaints in the Action all allege that the initial public offering registration

statements filed by the defendant issuers with the SEC, including the one filed by Fatbrain, were false and misleading because they failed to disclose that the defendant underwriters were receiving excess compensation in the form of profit sharing with certain of its customers and that some of those customers agreed to buy additional shares of the defendant issuers' common stock in the after market at increasing prices. The amended complaints also allege that the foregoing constitute violations of: (i) Section 11 of the Securities Act by the defendant issuers, the directors and officers signing the related registration statements, and the related underwriters; (ii) Rule 10b-5 promulgated under the Exchange Act by the same parties; and (iii) the control person provisions of the Securities Act and Exchange Act by certain directors and officers of the defendant issuers. A motion to dismiss by the defendant issuers, including Fatbrain, was denied.

After extensive negotiations among representatives of plaintiffs and defendants, the parties entered into a memorandum of understanding (MOU), outlining a proposed settlement resolving the claims in the Action between plaintiffs and the defendant issuers. Subsequently a settlement agreement was executed between the defendants and plaintiffs in the Action, the terms of which are consistent with the MOU. The settlement agreement was submitted to the court for approval and on February 15, 2005, the judge granted preliminary approval of the settlement.

On December 5, 2006, the federal appeals court for the Second Circuit issued a decision reversing the District Court's class certification decision in six focus cases. In light of that decision, the District Court has stayed all proceedings, including consideration of the settlement. Plaintiffs then filed, in January 2007, a Petition for Rehearing En Banc before the Second Circuit, which was denied in April 2007. On May 30, 2007, plaintiffs moved, before the District Court, to certify a new class. On June 25, 2007, the District Court entered an order terminating the settlement agreement.

While a new settlement may be reached, in the event that one is not, the Company intends to vigorously defend this lawsuit.

Barnesandnoble.com LLC v. Yee, et al.

On December 21, 2007, Barnes & Noble.com filed a complaint in the United States District Court for the Eastern District of California for declaratory and injunctive relief against the members of the California Board of Equalization (the BOE) and others. The complaint sought a declaration that the actions of the State of California in seeking to impose California sales and use tax on the sales of Barnes & Noble.com for the period of May 1, 2000 through March 31, 2004 in the amount of approximately \$17,000,000, plus interest and penalties, violate the Commerce Clause and the First Amendment of the United States Constitution, as well as the California Administrative Procedures Act. This assessment was also the subject of an administrative protest filed by Barnes & Noble.com. Barnes & Noble.com was also challenging another earlier assessment by the BOE in the amount of approximately \$700,000, plus interest and penalties, for the period of November 15, 1999 through January 31, 2000. This earlier assessment was struck down by a decision of the California Superior Court on September 7, 2007 in favor of Barnes & Noble.com, and the BOE filed an appeal in the California Court of Appeal (First District).

On May 29, 2008, the BOE approved a global settlement with Barnes & Noble.com resolving all disputes between Barnes & Noble.com and the State of California for sales and use taxes, including the pending litigation in the United States District Court for the Eastern District of California and the California Court of Appeal (First District). Under the settlement, the two tax determinations against Barnes & Noble.com in the total amount of approximately \$17,700,000, plus all interest and penalties, were canceled by the BOE. In addition, the BOE

waived all claims for sales and use taxes, interest, and penalties through November 1, 2005, the date on which Barnes & Noble.com voluntarily commenced collecting and remitting sales and use taxes to the State of California. In connection with the settlement, Barnes & Noble.com agreed to pay the State of California a total amount of \$9,000,000. A final settlement agreement was entered into by the parties on August 19, 2008.

Item 1A. Risk Factors

The Company's business involves the receipt and storage of personal information about customers and employees. The Company's use of personal information is regulated at the international, federal and state levels. Privacy and information security laws and regulations change, and compliance with them may result in cost increases due to necessary systems changes and the development of new processes. If the Company shall fail to comply with these laws and regulations it could be subjected to legal risk. In addition, even if the Company fully complies with all laws and regulations and even though it has taken significant steps to protect personal information, the Company could experience a data security breach and its reputation could be damaged, possibly resulting in lost future sales or decreased usage of our credit card products. On August 5, 2008 eleven individuals were indicted for, among other things, identity theft. Barnes & Noble was listed as one of several retailers that was targeted by these hackers. The Company is reviewing this matter and assisting the authorities in their investigation.

Other than as set forth above, there have been no material changes to the risk factors disclosed in Item 1A of the Company's Annual Report on Form 10-K for the fiscal year ended February 2, 2008.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds
Issuer Purchases of Equity Securities

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares That May Yet Be Purchased Under the Plans or Programs

On September 15, 2005, the Company's Board of Directors authorized a stock repurchase program of up to \$200.0 million of the Company's common stock. The Company completed this \$200.0 million repurchase program during the third quarter of fiscal 2007. On May 15, 2007, the Company announced its Board of Directors authorized a new stock repurchase program for the purchase of up to \$400.0 million of the Company's common stock. The maximum dollar value of common stock that may yet be purchased under the current programs is approximately \$3.3 million as of August 2, 2008.

Table of Contents

Stock repurchases under this program may be made through open market and privately negotiated transactions from time to time and in such amounts as management deems appropriate. As of August 2, 2008, the Company has repurchased 33,025,516 shares at a cost of approximately \$1,046.7 million under its stock repurchase programs. The repurchased shares are held in treasury.

Item 4. Submission of Matters to a Vote of Security Holders

The Company's Annual Meeting of Shareholders was held on June 3, 2008 (the Annual Meeting). At the close of business on the record date for the meeting (which was April 16, 2008), there were 54,811,164 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. Holders of 49,969,904 shares of Common Stock (representing a like number of votes) were present at the Annual Meeting, either in person or by proxy.

At the Annual Meeting, the following individuals were elected to the Company's Board of Directors to hold office for a term of three years and until their respective successors are duly elected and qualified, by the following vote:

Nominee	In Favor	Withheld
Stephen Riggio	49,471,298	498,606
George Campbell Jr.	49,556,240	413,664
Margaret T. Monaco	49,383,907	585,997
William F. Reilly	42,586,169	7,383,735

There were no abstentions and broker non-votes with respect to the election of directors.

The following individuals continue to serve on the Company's Board of Directors until the expiration of their terms: Leonard Riggio, Michael J. Del Giudice, William Dillard II, Patricia L. Higgins, Irene R. Miller and Lawrence S. Zilavy.

At the Annual Meeting, the shareholders also ratified the appointment of BDO Seidman, LLP as the Company's independent certified public accountants for the fiscal year ending January 31, 2009, by the following vote:

In Favor	Against	Abstained
49,681,999	249,766	38,139

There were no broker non-votes with respect to the approval of the appointment of BDO Seidman LLP.
