**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On February 1, 2010, Sunoco, Inc. (the Company) announced that it reached an agreement to sell its subsidiary, Sunoco Chemicals, Inc., comprised of its polypropylene business, to Braskem S.A., one the largest producers of petrochemicals and thermoplastic resins in the Americas, for approximately \$350 million in cash. The sale will include assets and inventory of the polypropylene business, subject to a market-based working capital adjustment at the time of closing. Sunoco will retain its phenol and derivatives business, which has manufacturing assets located in Philadelphia, PA and Haverhill, OH. The transaction is subject to regulatory approval and customary closing conditions, and is expected to close on or before March 31, 2010. The Company expects to record a pre-tax loss on the sale in the first quarter of 2010, of approximately \$185-195 million. The Company currently is evaluating other cash exit costs associated with this transaction, including severance costs, contract termination fees and curtailment costs associated with the Company's defined benefit plans. However, the Company but does not expect any such charges or future cash expenditures to be material.

Attached to this Current Report on Form 8-K as Exhibit 99.1 is a copy of the Company's related press release dated February 1, 2010, which is incorporated by reference herein.

**Item 2.06 Material Impairments**

As discussed above, under Item 2.05 of the report, the Company expects to record a pre-tax loss in the first quarter of 2010 on the sale of its polypropylene business to Braskem S.A., of approximately \$185-195 million. The Company currently is evaluating other cash exit costs associated with this transaction, including severance costs, contract termination fees and curtailment costs associated with the Company's defined benefit plans. However, the Company but does not expect any such charges or future cash expenditures to be material.

Attached to this Current Report on Form 8-K as Exhibit 99.1 is a copy of the Company's related press release dated February 1, 2010, which is incorporated by reference herein.

**Item 8.01. Other Events.**

On February 1, 2010, the Company also announced that it has permanently shut down its previously idled Eagle Point refinery in Westville, NJ, due to continuing weak demand for refined products and unfavorable market conditions. Processing units at Eagle Point, idled in early November 2009, now have been permanently shut down. However, refined product storage and handling operations will continue. Employees furloughed after the refinery was idled are eligible for a severance program that includes job placement assistance and re-training, as well as a continuation of medical benefits for the length of the severance. The shutdown is not expected to have a material financial impact on the company beyond what previously has been recorded in 2009.

Attached to this Current Report on Form 8-K as Exhibit 99.1 is a copy of the Company's related press release dated February 1, 2010, which is incorporated by reference herein.
