Report of Independent Registered Public Accounting Firm

To the Administrative Committee

Profit Sharing and Retirement Plan of Eagle Materials Inc.:

We have audited the accompanying statements of net assets available for benefits of the Profit Sharing and Retirement Plan of Eagle Materials Inc. (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and changes in net assets available for benefits for the year ended December 31, 2010, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2010, referred to as supplemental information, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States). In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Profit Sharing and Retirement Plan of Eagle Materials Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, adopted April 1, 1994 and amended and restated January 1, 2001, is a defined contribution retirement plan covering eligible employees of Eagle Materials Inc. (the Company or Eagle Materials) and eligible employees of certain subsidiaries of the Company, which have adopted the Plan with the Company's consent. The Company and certain subsidiaries collectively comprise the Participating Employers. The Plan is administered by an Administrative Committee (the Committee) appointed by the Board of Directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was amended and restated effective January 1, 2009 to comply with certain Federal Regulations.

Participants enter the Plan, for profit sharing purposes, on the first January 1 or July 1 after their date of hire. All salaried employees of Participating Employers are eligible to participate in the Plan provided the employee is not a member of a group or class of employees covered by a collective bargaining agreement, unless such agreement extends the Plan to such group or class of employees. There are no such employees at December 31, 2010. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans.

Contributions

The Plan permits participants to contribute pre-tax up to 70% of their compensation, up to a statutory limit, as defined by the Plan, to a 401(k) account upon the date of hire. The Plan also permits participant voluntary (after-tax) contributions of up to 10% of compensation, as defined by the Plan. Total contributions to a participant's account are limited to a maximum of 100% of compensation (or \$49,000, whichever is less) for participant contributions, Participating Employers' contributions and participant voluntary (after-tax) contributions.

Employer discretionary profit sharing contributions are made by the Participating Employers as determined by their respective Boards of Directors. Profit sharing contributions are made to all qualifying participants employed on December 31 of each year, and are allocated to participant accounts on a pro rata basis determined by each participant's annual compensation.

The Participating Employers, at their sole discretion, may also make qualified non-elective contributions to the Plan. No such qualified non-elective contributions were made for the 2010 plan year. Forfeitures may be used to reduce employer profit sharing contributions or administrative expenses of the Plan. Accrued discretionary employer profit sharing contributions to the Plan were reduced by assumed forfeitures of \$200,000 at December 31, 2010.

Table of Contents

PROFIT SHARING AND RETIREMENT PLAN OF EAGLE MATERIALS INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1. DESCRIPTION OF THE PLAN (continued)

Participants direct the investment of their accounts into various registered investment company funds, a common/collective trust fund or the Eagle Materials Common Stock Fund (the EXPSF). Another fund, the Centex Common Stock Fund (the CCSF), exists for those employees who chose to retain their balance in this fund upon transfer of all of their balances from the Profit Sharing and Retirement Plan of Centex Corporation to the Plan in 1994. No additional contributions to the CCSF are permitted. Both the EXPSF and CCSF are unitized stock funds.

Participants may allocate up to 15% of employer and participant (before- and after-tax) contributions to the EXPSF, whereas up to 100% may be allocated to any other investment option (except the CCSF) offered by the Plan.

Vesting

For Employer Profit Sharing Contributions made with respect to Plan years beginning on or before December 31, 2006:

Years of Service	Vested Percent
Less than 2	0%
2	10%
3	20%
4	40%
5	60%
6	80%
7 or more	100%

For Employer Profit Sharing Contributions made with respect to Plan years beginning on January 1, 2007:

Years of Service	Vested Percent
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

If a participant terminates service when the participant's vested accrued benefit is zero, the participant is deemed to have received a distribution of such vested benefit as of the last day of the Plan year in which he/she incurs a break in service.

Participants are always fully vested in their participant and voluntary contributions, related earnings, and participant rollovers, as well as being fully vested in the event of full and permanent disability or death.

Table of Contents

PROFIT SHARING AND RETIREMENT PLAN OF EAGLE MATERIALS INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1. DESCRIPTION OF THE PLAN (continued)

The Plan provides for distributions when a participant terminates employment and the present value of the participant's vested accrued benefit is equal to or less than \$5,000. A summary of such provisions follows:

Upon termination of service, if the fair value of a participant's vested accrued benefit is \$5,000 or less, the Committee shall direct Fidelity Management Trust Company (the Trustee) to distribute the present value of the participant's vested balance in a single sum. In the event of a mandatory distribution greater than \$1,000 (but less than \$5,000), if the participant does not elect to have such distribution paid directly to an eligible retirement plan or to receive the distribution, then the Committee will pay the distribution in a Direct Rollover to an individual retirement plan designated by the Committee.

If a participant terminates service when the participant's vested accrued benefit is zero, the participant is deemed to receive a distribution of his entire vested accrued benefit as of the day of termination.

Notes Receivable

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Plan participants may borrow from their accounts an amount generally not to exceed the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of loans may not exceed five years except for loans used to acquire a principal residence. Each loan bears interest at the Wall Street Journal prime rate plus one percent. Principal and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded as of December 31, 2010 or 2009. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. The Plan is not required to reimburse the Company for any administrative expenses paid by the Company. Expenses not paid by the Company are paid by the Plan.

Distributions

In accordance with the Plan document, distribution of a participant's vested account is available upon the participant's retirement, death, disability, termination of employment, or attainment of age 59 1/2; or distribution is available to satisfy a financial hardship meeting the requirements of the Internal Revenue Service (IRS) regulations. Distributions are made in a lump-sum payment, a direct rollover distribution, or a combination thereof.

Plan Termination

Although there is no intention to do so, the Company has the right to discontinue contributions and terminate the Plan subject to the provisions of ERISA. The Plan provides that, in the event of plan termination, participants will become fully vested in their Participating Employers contributions, and the method of distribution of assets will be in accordance with the provisions of ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. Distributions to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments

All of the Plan's investments are commingled with the investments of the Eagle Materials Inc. Hourly Profit Sharing Plan (the Eagle Hourly Plan) in the Eagle Materials Inc. Plans Master Trust (the Master Trust). The Master Trust is governed by a trust agreement with the Trustee which is held accountable by and reports to the Committee.

Investments included in the Master Trust are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan presents the net change in fair value of mutual funds and common and collective trusts, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Table of Contents

PROFIT SHARING AND RETIREMENT PLAN OF EAGLE MATERIALS INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included in level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common Stock

Common stock is valued at the closing price reported on the New York Stock Exchange Composite Listing and is classified within level 1 of the valuation hierarchy.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Common/Collective Investment Trust

The Plan holds an investment in the Fidelity Managed Income Portfolio (Fund), which is managed by Fidelity Management Trust Company and invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts (Wrap) issued by third parties and invests in cash equivalents represented by shares in money market funds. A Wrap is a contract with an insurance company or bank, which absorbs any gains or losses caused by market fluctuations. The Wrap allows investors to hold their investments at the original par or book value plus accrued interest, resulting in stable rates of return. The fair value of the units of this investment is based on the fair value of the underlying investments, and a NAV can be calculated for this Fund. Audited financial statements are available for this investment. The Fund intends to hold only assets whose fair market value is the contract value of the investment. Income is calculated daily and the amount of income is dependent on contract interest rates, contract maturities, and new investments in the Fund. This investment is a fully benefit-responsive fund; however, it does contain several redemption restrictions: redemptions by plan participants to reinvest in options that compete with the Fund may be delayed for up to 90 days, and full or partial plan sponsor directed redemptions or terminations may be delayed for up to 365 days.

Table of Contents

PROFIT SHARING AND RETIREMENT PLAN OF EAGLE MATERIALS INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Below is the Plan's share of Master Trust investments carried at fair value on a recurring basis by the fair value hierarchy levels described above:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	At December 31, 2010		Total Fair Value
		Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Common stock:

	\$ 35,611,294	\$ 4,476,899	\$	\$ 40,088,193

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

All security transactions are recorded on the trade date. Gains and losses on the disposals of investments are determined based on the average cost of all securities. Dividend income is recorded on the effective date of a declared dividend. Income from other investments is recorded as earned on an accrual basis.

Table of Contents

PROFIT SHARING AND RETIREMENT PLAN OF EAGLE MATERIALS INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

The Master Trust allocates net investment income/(loss) to the Plan based on the ratio of fair values of the Plan's investment in each Master Trust account. Net investment income is then allocated to participants on a pro rata basis. Administrative expenses for the year ended December 31, 2010, include Trustee and record keeper fees. Fund management fees are charged directly to the Master Trust and therefore are included in the net change in fair value of investments for the Master Trust. Administrative expenses are allocated pro rata to the Plan and the Eagle Hourly Plan.

New Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The Company adopted ASU 2010-25 for the year ended December 31, 2010. Participant loans have been reclassified to notes receivable from participants as of December 31, 2010 and 2009.

NOTE 3. INTEREST IN THE MASTER TRUST

The fair value of the commingled investments of the participating plans in the Master Trust accounts at December 31, 2010 and 2009, and the undivided percentage interests the Plan holds in each of the Master Trust accounts are summarized as follows:

PROFIT SHARING AND RETIREMENT PLAN OF EAGLE MATERIALS INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 3. INTEREST IN THE MASTER TRUST (continued)

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4. INCOME TAX STATUS

The Plan has received a determination letter from the IRS dated June 4, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan had no significant uncertain tax positions for the year ended December 31, 2010. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the Internal Revenue Service for three years from the date of filing.

NOTE 5. RELATED PARTY TRANSACTIONS

Certain Plan investments in the registered investment companies, the common/collective trust, and the interest-bearing cash equivalent portion of the EXPSF are managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Additionally, a portion of the Plan's assets is invested in the Company's common stock. Because the Company is the Plan Sponsor, transactions involving the Company's common stock qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules.

NOTE 6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2010	December 31, 2009
Net assets available for benefits per the financial statements	\$ 45,785,283	\$ 41,936,231
Employers' contributions receivable	(1,908,225)	(1,235,428)
Adjustment from contract value to fair value for fully benefit-responsive investment contracts held by a common/collective trust	22,864	(86,690)
Net assets available for benefits per Form 5500	\$ 43,899,922	\$ 40,614,113

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (continued)

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to the Form 5500 at December 31, 2010:

	December 31, 2010
Net increase in net assets available for benefits per the financial statements	\$ 3,849,052
Decrease from 2010 Employers' contribution receivable	(1,908,225)
Increase from 2009 Employers' contribution receivable	1,235,428
Net change in adjustment from contract value to fair value for fully benefit-responsive investment contracts held by a common/collective trust	109,554
Net increase in assets available for benefits per Form 5500	\$ 3,285,809

The accompanying financial statements present fully benefit-responsive contracts at contract value, while the Form 5500 requires fully benefit-responsive investment contracts to be reported at fair value. Therefore, the adjustment from contract value to fair value for fully benefit-responsive investment contracts represents a reconciling item.

NOTE 7. SUBSEQUENT EVENTS

Plan management evaluated subsequent events after the statement of net assets available for benefits date of December 31, 2010 through June 28, 2011, which was the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
