PROXY STATEMENT

2013 ANNUAL MEETING OF SHAREHOLDERS

MAY 14, 2013

General

This proxy statement is furnished in connection with the solicitation by our Board of Directors of proxies of shareholders for shares to be voted at the Annual Meeting of Shareholders to be held at The University Club of Chicago, 76 East Monroe Street #2M, Chicago, Illinois 60603, on Tuesday, May 14, 2013, at 9:30 a.m., and any and all adjournments or postponements thereof.

Shareholders of record may revoke their proxies or change voting instructions by voting in person at the Annual Meeting or submitting a later-dated vote at any time before the polls close by the Internet, telephone or mail, or by delivering instructions to our Corporate Secretary. If you hold your shares in street name (that is, through a broker, bank, or other nominee), you should contact that nominee if you wish to revoke or change previous voting instructions.

This proxy statement and the accompanying proxy are first being made available to our shareholders on or about April 2, 2013.

Pursuant to applicable Idaho law, there are no dissenters or appraisal rights relating to the matters to be acted upon at the Annual Meeting.

Important Notice Regarding the Availability of Proxy Materials for Annual Meeting of Shareholders to be held on May 14, 2013: The Company's Proxy Statement and Annual Report to Shareholders are available at www.envisionreports/cde.

VOTING SECURITIES

All shareholders of record as of the close of business on March 11, 2013 are entitled to vote at the Annual Meeting and any adjournment or postponement thereof upon the matters listed in the Notice of Annual Meeting. Each shareholder is entitled to one vote for each share held of record on that date. As of the close of business on March 11, 2013, a total of 89,913,591 shares of our common stock were outstanding.

Shares represented by a signed proxy will be voted according to the instructions, if any, given in the proxy. Unless otherwise instructed, the person or persons named in the proxy will vote as recommended by the Board of Directors:

FOR the election as directors of the eight nominees listed herein (or their substitutes in the event any of the nominees is unavailable for election);

FOR the advisory resolution to approve executive compensation;

FOR the ratification of KPMG as our independent registered public accounting firm for 2013;

FOR the approval of the proposal to change the Company's state of incorporation from Idaho to Delaware; and

in their discretion with respect to such other business as properly may come before the Annual Meeting. If you received a paper copy of the proxy materials by mail and wish to vote your proxy by mail, mark your vote on the enclosed proxy card; then follow the directions on the card. To vote your proxy using the Internet or

Table of Contents

by telephone, see the instructions set forth on the Notice of Annual Meeting of Shareholders included with this proxy statement or the Notice of Internet Availability of Proxy Materials mailed to our shareholders on or about April 2, 2013.

Directors will be elected by a plurality of the votes cast by the shares entitled to vote in the election. Approval of the advisory resolution on executive compensation, the ratification of the appointment of KPMG as our independent registered public accounting firm and the approval of the proposal to change the Company's state of incorporation from Idaho to Delaware each requires the votes cast in favor of the proposal at the Annual Meeting to exceed the votes cast against the proposal. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed by us for the meeting.

A majority of the votes entitled to be cast, represented at the meeting in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. The inspectors of election will treat abstentions and broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the shareholders for a vote. A broker non-vote occurs when a broker or other nominee that holds shares on behalf of a street name shareholder does not vote on a particular matter because it does not have discretionary authority to vote on that particular matter and has not received voting instructions from the street name shareholder.

If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors (Proposal No. 1 of this proxy statement), the advisory resolution to approve executive compensation (Proposal No. 2 of this proxy statement) or the proposal to change the Company's state of incorporation from Idaho to Delaware (Proposal No. 4 of this proxy statement). Under the rules of the New York Stock Exchange if you hold your shares in street name and do not provide voting instructions to the broker, bank or other nominee that holds your shares, the nominee has discretionary authority to vote on routine matters but not on non-routine matters. Only the ratification of the appointment of the independent registered public accounting firm (Proposal No. 3 of this proxy statement) is considered a routine matter. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors, the advisory resolution to approve executive compensation, or the proposal to change the Company's state of incorporation from Idaho to Delaware, then no votes will be cast on your behalf with respect to these matters.

We will bear the cost of soliciting proxies. Proxies may be solicited by directors, officers or regular employees in person or by telephone or electronic mail without special compensation. We have retained Morrow & Co. LLC, Stamford, Connecticut, to assist in the solicitation of proxies. Morrow & Co. LLC's fee will be \$8,000 plus out-of-pocket expenses.

PROPOSAL NO. 1:

ELECTION OF DIRECTORS

Director and Nominee Experience and Qualifications

The Company's Board of Directors believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of viewpoints necessary to oversee the Company's business. In addition, the Board believes that there are certain attributes that every director should possess, as reflected in the Board's membership criteria. Accordingly, the Board and the Nominating and Corporate Governance Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The Nominating and Corporate Governance Committee reviews and makes recommendations regarding the composition and size of the Board of Directors in order to provide the Board with the requisite expertise and a

Table of Contents

membership consisting of persons with sufficiently diverse and independent backgrounds. The Nominating and Corporate Governance Committee is responsible for developing and recommending Board membership criteria to the Board for approval. The Nominating and Corporate Governance Committee assesses the effectiveness of its criteria when evaluating new director candidates and when assessing the composition of the Board. This assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time.

As set forth in our Corporate Governance Guidelines, the membership criteria include items relating to ethics, integrity and values, sound business judgment, professional experience, industry knowledge, and diversity of viewpoints all in the context of an assessment of the perceived needs of the Board at that point in time. The Board, as a whole, should possess a variety of skills, occupational and personal backgrounds, experiences and perspectives necessary to oversee the Company's business. In addition, Board members generally should have relevant technical skills or financial acumen that demonstrates an understanding of the financial and operational aspects of a large, complex organization like the Company, including the associated risks. In identifying director candidates from time to time, the Nominating and Corporate Governance Committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective Board.

In evaluating director candidates and considering incumbent directors for renomination, the Board and the Nominating and Corporate Governance Committee have not formulated any specific minimum qualifications, but rather consider a variety of factors. These include each nominee's independence, financial acumen, personal accomplishments, career specialization, and experience in light of the needs of the Company. For incumbent directors, the factors also include past performance on the Board. Among other things, the Board has determined that it is important to have individuals with the following skills and experiences on the Board:

Leadership experience, as directors with experience in significant leadership positions possess strong abilities to motivate and manage others and identify and develop leadership qualities in others;

Knowledge of our industry, particularly mining of silver and gold, which is relevant to understanding the Company's business and strategy;

Operations experience, as it gives directors a practical understanding of developing, implementing and assessing the Company's business strategy and operating plan;

Legal experience, which is relevant to assisting with the Board's responsibilities to oversee the Company's legal and compliance matters;

Risk management experience, which is relevant to the Board's oversight of the risks facing the Company;

Financial/accounting experience, and particularly knowledge of finance and financial reporting processes, which is relevant to understanding and evaluating the Company's capital structure and financial statements;

Government/regulatory experience, which is relevant to the Company as it operates in a heavily regulated industry that is directly affected by governmental actions;

Strategic planning experience, which is relevant to the Board's review of the Company's strategies and monitoring their implementation and results;

Edgar Filing: COEUR D ALENE MINES CORP - Form DEF 14A

Talent management experience, which is valuable in helping the Company attract, motivate and retain top candidates for positions at the Company;

International experience, which is particularly important given our global presence, particularly in Mexico and South America; and

Public company board service, as directors who have experience serving on other public company boards generally are well prepared to fulfill the Board's responsibilities of overseeing and providing insight and guidance to management.

Table of Contents

Three current directors have not been renominated for election as directors at the Annual Meeting. James J. Curran and Timothy R. Winterer have reached the retirement age set by the Board. L. Michael Bogert was not renominated to serve on the Board because he no longer qualifies as an independent director under applicable standards. Effective upon the retirement of James J. Curran and Timothy R. Winterer at the Annual Meeting, the size of the board will be reduced from nine seats to eight seats.

Eight nominees are to be elected as directors at the Annual Meeting, each to serve for one year and until his or her successor is elected and qualified. Except for Linda L. Adamany, Kevin S. Crutchfield and Randolph E. Gress, all of the nominees were elected to the Board at the 2012 Annual Meeting. Ms. Adamany, Mr. Crutchfield and Mr. Gress were initially identified as potential director nominees by a third-party search firm and recommended to the Board as nominees by the Nominating and Corporate Governance Committee. Proxies will be voted at the Annual Meeting, unless authority is withheld, FOR the election of the eight persons named below. We do not contemplate that any of the persons named below will be unable, or will decline, to serve; however, if any such nominee is unable or declines to serve, the persons named in the accompanying proxy may vote for a substitute, or substitutes, in their discretion, or the Board may reduce its size.

PROPOSAL NO. 2:

ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

We are asking shareholders to vote on an annual advisory resolution to approve the Company's executive compensation as reported in this proxy statement. As described below in the "Compensation Discussion and Analysis" section of this proxy statement, the Compensation Committee has structured our executive compensation program to achieve the following key qualities:

Performance-based Reward companywide results in addition to recognizing individual performance, focusing on objectives that are directly under the control of executives.

Market-competitive Compared to mining industry peers, target compensation at the market median to the 75th percentile level in order to attract, motivate and retain high caliber talent in a competitive environment.

Aligned with shareholders Provide a significant portion of incentive compensation to executives in the form of equity-based awards. Award values fluctuate based on share value thus aligning officer and shareholder interests.

Transparent Clearly communicate both the desired results and the incentive pay programs used to reward the achievement of these results.

The executive compensation program established by the Compensation Committee of the Board of Directors is intended to motivate the Company's executives, including the executive officers listed in the 2012 Summary Compensation Table of this proxy statement (the "Named Executive Officers"), to achieve goals consistent with the Company's business strategies and which create shareholder value. Consequently, a majority of Coeur's executives' compensation opportunities are in the form of at-risk incentives that require performance against measurable objectives or an increase in long-term shareholder value to result in payouts. As noted below, our executive compensation programs have a number of features designed to promote these objectives.

Base salary provides a fixed level of cash compensation for performance of day-to-day responsibilities. Annual adjustments are based on an individual's current and expected future contribution and actual pay positioning relative to the market.

Annual incentives reward executives for achievement of annual financial and operational goals, including those in the areas of safety, environmental compliance and stewardship, and for the achievement of individual executive goals. Payments are based on companywide performance and individual performance.

Long-term incentives align executives' interests with those of shareholders, reward executives for the creation of long-term shareholder value and help attract and retain highly skilled executives. Grants of equity-based awards consist of stock options, stock appreciation rights, restricted stock shares, and restricted units, which all vest ratably over three years, and performance shares and performance units, which vest based on achievement of specific, objective performance criteria over a three-year period.

Benefits and perquisites are limited, and are set to attract and retain highly skilled executives through participation in medical and retirement plans on the same terms as all employees.

We urge shareholders to read the "Compensation Discussion and Analysis" beginning on page 45 of this proxy statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative, appearing on pages 66 through 74, which provide detailed information on the compensation of our Named Executive Officers. The Compensation Committee and the Board believe that the policies and

Edgar Filing: COEUR D ALENE MINES CORP - Form DEF 14A

procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our Named Executive Officers reported in this proxy statement reflects and supports these compensation policies and procedures.

Table of Contents

The Board of Directors considered the strong support of shareholders in approving the advisory vote on executive compensation at the 2012 Annual Meeting. The high level of support from shareholders in 2012 followed changes made to the executive pay program in 2011 including: revisions to the Company's standard form of executive employment agreement to move to lower change-in-control payout multipliers; reduction in the number of employees eligible for employment agreements; adoption of an executive severance policy; elimination of a legacy tax gross-up provision; and updates to annual incentive plan corporate metrics to be better aligned with shareholder value creation. The Company has continued to phase out non-CEO executive employment agreements by allowing their terms to expire. In addition, in late 2012 the Board adopted a clawback policy providing for the recovery of incentive compensation from executive officers in certain circumstances, as more fully described in Compensation Discussion and Analysis.

After considering the vote of shareholders at the 2011 Annual Meeting of Shareholders and other factors, the Board decided to hold advisory votes on the approval of executive compensation annually until the next advisory vote on frequency occurs. An advisory shareholder vote on the frequency of shareholder votes to approve executive compensation is required to be held at least once every six years. Accordingly, unless the Board modifies its policy on the frequency of future votes, the next advisory vote to approve executive compensation will be held at the 2014 Annual Meeting.

In accordance with Section 14A of the Securities Exchange Act of 1934 (the Exchange Act), and as a matter of good corporate governance, we are asking shareholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the shareholders of Coeur d'Alene Mines Corporation (the Company) approve, on an advisory basis, the compensation of the Company's Named Executive Officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2013 Annual Meeting of Shareholders.

This advisory resolution, commonly referred to as a say-on-pay resolution, is non-binding on the Board of Directors. Although non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

PROPOSAL NO. 3:

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTING FIRM

The Audit Committee, which consists entirely of independent outside directors, is recommending approval of its appointment of KPMG LLP as independent registered public accounting firm for the Company to audit its consolidated financial statements for the year ending December 31, 2013 and to perform audit-related services, including review of the Company's quarterly interim financial information and periodic reports and registration statements filed with the SEC and consultation in connection with various accounting and financial reporting matters. KPMG LLP audited the consolidated financial statements of the Company for the year ended December 31, 2012.

As a matter of good corporate governance, a resolution will be presented at the Annual Meeting to ratify the appointment by the Audit Committee of KPMG LLP to serve as the Company's independent registered public accounting firm for the year ending December 31, 2013. Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement, if they desire to do so, and are expected to be available to respond to appropriate questions.

The Board has put this proposal before the shareholders because the Board believes that seeking shareholder ratification of the appointment of the independent auditor is good corporate practice. If the appointment of KPMG LLP is not ratified, the Audit Committee will evaluate the basis for the shareholders' vote when determining whether to continue the firm's engagement.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

PROPOSAL NO. 4:

REINCORPORATION OF THE COMPANY FROM THE STATE OF IDAHO

TO THE STATE OF DELAWARE

In this section of the proxy statement, we sometimes refer to the Company as an Idaho corporation before reincorporation as Coeur Idaho and the Company as a Delaware corporation after reincorporation as Coeur Delaware.

The Board of Directors has unanimously approved and recommends to our shareholders this proposal to change the Company's state of incorporation from Idaho to Delaware (the Reincorporation). If our shareholders approve this proposal, we will accomplish the Reincorporation by domesticating in Delaware as provided in the Idaho Business Corporation Act, as amended (the IBCA) and, to the extent applicable, the Idaho Entity Transactions Act, as amended, and converting to a Delaware corporation as provided in the Delaware General Corporation Law of the State of Delaware, as amended (the DGCL).

Summary

Assuming that shareholder approval of this proposal is obtained and the Reincorporation becomes effective:

the affairs of the Company will cease to be governed by Idaho corporation laws, the affairs of the Company will become subject to Delaware corporation laws, and the Company's existing Articles of Incorporation and existing Bylaws will be replaced by a new Certificate of Incorporation and new Bylaws, as more fully described below;

Coeur Delaware will (i) be deemed to be the same entity as Coeur Idaho for all purposes under the laws of Delaware, (ii) continue to have all of the rights, privileges and powers of Coeur Idaho, except for such changes that result from being subject to Delaware law and becoming subject to the Delaware Certificate of Incorporation and Delaware Bylaws (iii) continue to possess all of the properties of Coeur Idaho, and (iv) continue to have all of the debts, liabilities and obligations of Coeur Idaho;

each outstanding share of Coeur Idaho common stock will continue to be an outstanding share of Coeur Delaware common stock, and each outstanding option, warrant or other right to acquire shares of Coeur Idaho common stock will continue to be an outstanding option, warrant or other right to acquire shares of Coeur Delaware common stock;

each employee benefit plan, incentive compensation plan or other similar plan of Coeur Idaho will continue to be an employee benefit plan, incentive compensation plan or other similar plan of Coeur Delaware;

each director or officer of Coeur Idaho will continue to hold his or her respective office with Coeur Delaware; and

the name of the Company will change to Coeur Mining, Inc.

General Information

The Board of Directors has adopted a plan of conversion/domestication substantially in the form attached as **Appendix A** to this proxy statement (the Plan of Conversion) to accomplish the Reincorporation. Assuming the presence of a quorum at the Annual Meeting, this proposal will be approved by the shareholders if the votes cast in favor of the proposal exceed the votes cast against the proposal. Those shares present in person or represented by proxy, representing common stock outstanding at the close of business on the record date, will be entitled to vote on the proposal. Assuming that shareholder approval of this proposal is obtained, the Company intends to file with the Idaho Secretary of State a statement of domestication (the Idaho Statement of Domestication) and intends to file with the Delaware Secretary of State (i) a certificate of conversion (the Delaware Certificate of Conversion) and (ii) a certificate of incorporation, which will govern the Company as a

Table of Contents

Delaware corporation, substantially in the form attached as **Exhibit A** to the Plan of Conversion (the Delaware Certificate of Incorporation). In addition, assuming that shareholder approval of this proposal is obtained and the Idaho Statement of Domestication, Delaware Certificate of Conversion and Delaware Certificate of Incorporation are filed, the Bylaws substantially in the form attached as **Exhibit B** to the Plan of Conversion will be the Bylaws for Coeur Delaware (the Delaware Bylaws), and the Company will enter into a new indemnification agreement with each director and officer of Coeur Delaware, based upon provisions of Delaware law, substantially in the form attached as **Exhibit C** to the Plan of Conversion (the Delaware Indemnification Agreement). Approval of this proposal by our shareholders will constitute approval of the Reincorporation and the Plan of Conversion. Upon approval of the Reincorporation and the filing of the appropriate documents with the State of Idaho and the State of Delaware, the Company will be a Delaware corporation governed by the Delaware Certificate of Incorporation and the Delaware Bylaws.

The Reincorporation will not affect the trading of the shares of the Company s common stock, which will continue to trade on the New York Stock Exchange under the same symbol, CDE, and the Toronto Stock Exchange under the same symbol, CDM. Coeur Delaware will continue to file periodic reports and other documents as and to the extent required by the rules and regulations of the Securities and Exchange Commission (the SEC). Shareholders who own shares of Coeur Idaho common stock that are freely tradable prior to the Reincorporation will continue to have freely tradable shares in Coeur Delaware after the Reincorporation, and shareholders holding restricted shares of Coeur Idaho common stock prior to the Reincorporation will continue to hold shares in Coeur Delaware after the Reincorporation subject to the same restrictions on transfer. In summary, the Reincorporation will not change the respective positions under federal securities laws or stock exchange rules of the Company or its shareholders.

Reasons for the Reincorporation

For many years, Delaware has followed a policy of encouraging incorporation in Delaware and, in furtherance of that policy, Delaware is a nationally recognized leader in adopting and implementing comprehensive and flexible corporate laws. The DGCL is frequently revised and updated to accommodate changing legal and business needs and is more comprehensive, widely used and interpreted than other state corporate laws, including the IBCA.

In addition, Delaware courts (such as the Court of Chancery and the Delaware Supreme Court) are highly regarded for their considerable expertise in dealing with corporate legal issues and for producing a substantial body of case law construing the DGCL, with multiple cases concerning areas that Idaho courts have not considered. Because the judicial system is based largely on legal precedents, the abundance of Delaware case law should serve to enhance the relative clarity and predictability of many areas of corporate law, which should offer added advantages to the Company by allowing the Board of Directors and management to make corporate decisions and take corporate actions with greater assurance as to the validity and consequences of those decisions and actions.

The Reincorporation also may enable the Company to attract more easily future candidates willing to serve on the Board of Directors because many such candidates are already familiar with Delaware corporate law, including provisions relating to director indemnification, from their past business experience. In addition, Delaware law provides more predictability than Idaho law with respect to the liability of directors and officers, including what constitutes an actionable breach of fiduciary duties.

Changes as a Result of Reincorporation

If this proposal is approved, the Reincorporation will effect a change in the legal domicile of the Company and other changes of a legal nature, the most significant of which are described below in the section entitled Comparison of the Company s Shareholders Rights Before and After the Reincorporation. The Reincorporation is not expected to affect any of the Company s material contracts with any third parties, and the Company s rights and obligations under such material contracts will continue as rights and obligations of Coeur

Table of Contents

Delaware. The Reincorporation itself will not result in any change in the Company's business, jobs, management, number of employees, assets, liabilities or net worth (other than transaction costs incident to the Reincorporation). Further, the directors and officers of Coeur Idaho immediately prior to the Reincorporation will continue to be the directors and officers of Coeur Delaware immediately after the Reincorporation, and the subsidiaries of Coeur Idaho immediately prior to the Reincorporation will continue to be the subsidiaries of Coeur Delaware immediately after the Reincorporation.

Name Change

The change of the Company's corporate name to Coeur Mining, Inc. as a result of the Reincorporation will not have any effect on the validity or transferability of the Company's outstanding stock, will not affect the ownership or control of the Company and will not affect the rights of any holder of the Company's securities.

It is anticipated that, after the name change, the Company's common stock will continue to be listed on the New York Stock Exchange (NYSE) and Toronto Stock Exchange (TSX) under the Company's current ticker symbols, CDE and CDM respectively.

The Plan of Conversion

The Reincorporation will be effected pursuant to the Plan of Conversion to be adopted by Coeur Idaho. The Plan of Conversion provides that the Company will convert into a Delaware corporation and will be subject to all of the provisions of the DGCL. By virtue of the conversion, all of the rights, privileges and powers of Coeur Idaho, all property owned by Coeur Idaho, all debts due to Coeur Idaho and all causes of action belonging to Coeur Idaho immediately prior to the conversion will remain vested in Coeur Delaware following the conversion. In addition, by virtue of the conversion, all debts, liabilities and duties of the Company immediately prior to the conversion will remain attached to Coeur Delaware following the conversion. Each director and officer of Coeur Idaho will continue to hold his or her respective office with Coeur Delaware.

If this proposal is approved by our shareholders, the Reincorporation would become effective upon the filing (and acceptance thereof by the Idaho Secretary of State and the Delaware Secretary of State, as applicable) of the Idaho Statement of Domestication, the Delaware Certificate of Conversion and the Delaware Certificate of Incorporation. If this proposal is approved, it is anticipated that the Board of Directors will cause the Reincorporation to be effected as soon as practicable thereafter. However, the Reincorporation may be delayed by the Board of Directors or the Plan of Conversion may be terminated and abandoned by action of the Board of Directors at any time prior to the effective time of the Reincorporation, whether before or after approval by the Company's shareholders, if the Board of Directors determines for any reason that such delay or termination would be in the best interests of the Company and its shareholders.

Company shareholders will not be required to exchange their Coeur Idaho stock certificates for new Coeur Delaware stock certificates. Following the effective time of the Reincorporation, any Coeur Idaho stock certificates submitted to the Company for transfer, whether pursuant to a sale or otherwise, will automatically be exchanged for Coeur Delaware stock certificates. Coeur shareholders should not destroy any stock certificate(s) and should not submit any certificate(s) to the Company unless and until requested to do so.

Effect of Not Obtaining the Required Vote for Approval

If we fail to obtain the requisite vote of shareholders for approval of this proposal, the Reincorporation will not be consummated and the Company will continue to be incorporated in Idaho and governed by the IBCA, the Company's existing Articles of Incorporation and the Company's existing Bylaws.

Description of the Company's Capital Stock Upon the Effectiveness of the Reincorporation

Assuming that this proposal is approved by our shareholders and the Reincorporation becomes effective, the Company will convert into Coeur Delaware, which will be a corporation incorporated in the State of Delaware. The rights of shareholders of Coeur Delaware will generally be governed by Delaware law, the Delaware Certificate of Incorporation and the Delaware Bylaws. The following is a description of the capital stock of Coeur Delaware upon the effectiveness of the Reincorporation. This description is not intended to be complete and is qualified in its entirety by reference to Delaware law, including the DGCL, and the full texts of the Delaware Certificate of Incorporation and the Delaware Bylaws, copies of which are attached as **Exhibits A** and **B**, respectively, to the Plan of Conversion, which is attached as **Appendix A** to this proxy statement.

General

Upon the effectiveness of the Reincorporation, the authorized capital of Coeur Delaware will continue to be 150,000,000 shares of common stock, par value \$0.01 per share and 10,000,000 shares of preferred stock, par value \$1.00.

Description of Capital Stock

Upon the effectiveness of the Reincorporation, Coeur Delaware will continue to be authorized to issue 150,000,000 shares of common stock, and all of the issued and outstanding shares of common stock at that time will remain issued and outstanding. Coeur Idaho is authorized to issue 10,000,000 shares of preferred stock, 7,500,000 of which have been designated Series B Junior Preferred Stock, par value \$1.00 per share and none of which are issued and outstanding. The Delaware Certificate of Incorporation will authorize 10,000,000 shares of preferred stock, par value \$1.00 per share, the terms of none of which will be designated.

Upon the effectiveness of the Reincorporation, the holders of outstanding shares of Coeur Delaware common stock will continue to be entitled to receive dividends and other distributions out of assets legally available at times and in amounts as the Board of Directors may determine from time to time. All shares of Coeur Delaware common stock will be entitled to participate ratably with respect to dividends or other distributions.

If Coeur Delaware is liquidated, dissolved or wound up, voluntarily or involuntarily, holders of Coeur Delaware common stock will be entitled to share ratably in all assets of Coeur Delaware available for distribution to Coeur Delaware shareholders after the payment in full of any preferential amounts to which holders of any Coeur Delaware preferred stock may be entitled from time to time.

Holders of Coeur Delaware common stock will continue to be entitled to one vote per share on all matters to be voted upon by stockholders. Stockholders will continue to not be entitled to cumulate votes in voting for directors.

There will be no preemption, redemption, sinking fund or conversion rights applicable to Coeur Delaware common stock under the Delaware Certificate of Incorporation or the Delaware Bylaws.

Limitation of Director Liability and Indemnification

The Delaware Certificate of Incorporation provides that, to the fullest extent permitted by Delaware law, no director of Coeur Delaware will be personally liable to Coeur Delaware or its stockholders for monetary damages for breach of fiduciary duty as a director. Delaware law currently provides that this limitation of liability does not apply to liability:

for any breach of the director's duty of loyalty to Coeur Delaware or its stockholders;

for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

Table of Contents

under Section 174 of the DGCL (governing unlawful distributions to stockholders); or

for any transaction from which the director derived any improper personal benefit.

However, in the event the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of our directors will be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. The Delaware Bylaws further provide that Coeur Delaware will indemnify each of its directors, officers and employees to the fullest extent authorized by the DGCL and may indemnify other persons as authorized by the DGCL. These provisions do not eliminate any monetary liability of directors under the federal securities laws. If this proposal is approved and the Reincorporation is consummated, Coeur Delaware expects to enter into the Delaware Indemnification Agreement with each of its officers and directors.

Changes to Employee Benefit Plans

All of Coeur Idaho's employee benefit plans (including stock option and other equity-based plans) would be continued by Coeur Delaware, and each stock option and other equity-based award issued and outstanding pursuant to such plans would automatically be converted into a stock option or other equity-based award with respect to the same number of shares of Coeur Delaware, upon the same terms and subject to the same conditions as set forth in the applicable plan under which the award was granted and in the agreement reflecting the award. Approval of the Reincorporation would constitute approval of the assumption of these plans by Coeur Delaware. Assuming the Reincorporation is approved, Coeur Delaware would continue Coeur Idaho's other employee benefit arrangements upon the terms and subject to the conditions currently in effect.

Dissenters' or Appraisal Rights

The shareholders of the Company will not be entitled to dissenters' rights or appraisal rights as a result of the Reincorporation.

Certain Federal Income Tax Consequences

THE FOLLOWING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE REINCORPORATION AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL OF THE REINCORPORATION'S POTENTIAL TAX EFFECTS. HOLDERS OF OUR COMMON STOCK ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE REINCORPORATION AND THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL AND OTHER APPLICABLE TAX LAWS.

The Company believes that the Reincorporation from Idaho to Delaware will constitute a reorganization within the meaning of Section 368(a)(1)(F) of the U.S. Internal Revenue Code of 1986, as amended (the "IRC"). Assuming that the Reincorporation will be treated for U.S. federal income tax purposes as a reorganization within the meaning of Section 368(a)(1)(F) of the IRC, and subject to the qualifications and assumptions described in this proxy statement: (i) holders of our common stock will not recognize any gain or loss as a result of the consummation of the Reincorporation, (ii) the aggregate tax basis of shares of Coeur Delaware's common stock received in the Reincorporation will be equal to the aggregate tax basis of the shares of the common stock converted therefor and (iii) the holding period of the shares of Coeur Delaware's common stock received in the Reincorporation will include the holding period of the shares of the common stock converted therefor.

Comparison of the Company's Shareholders' Rights Before and After the Reincorporation

Because of differences between the IBCA and the DGCL, as well as differences between the Company's governing documents before and after the Reincorporation, the Reincorporation will effect certain changes in the

rights of the Company's shareholders. Summarized below are the most significant provisions of the IBCA and DGCL, along with the differences between the rights of the shareholders of the Company immediately before and immediately after the Reincorporation that will result from the differences between the IBCA and the DGCL and related differences between the Company's existing Articles of Incorporation and the Company's existing Bylaws, on the one hand, and the Delaware Certificate of Incorporation and the Delaware Bylaws, on the other hand. The summary below is not an exhaustive list of all differences or a complete description of the differences described, and is qualified in its entirety by reference to the IBCA, the DGCL, the Company's existing Articles of Incorporation, the Company's existing Bylaws, the Delaware Certificate of Incorporation and the Delaware Bylaws. Copies of the Company's existing Articles of Incorporation and the Company's existing Bylaws have been filed as Exhibit 3.1 to the Company's Quarterly Report on Form 10-Q filed May 10, 2010 and Exhibit 3.1 to the Company's Current Report on Form 8-K filed July 23, 2012, respectively.

<i>Amendment of Articles of Incorporation/Certificate of Incorporation</i>	Directors for a term of office continuing only until the next election of directors by the shareholders.	A corporation may amend its certificate of incorporation by adoption of a board resolution followed by the affirmative vote of the majority of the outstanding stock entitled to vote thereon, and the majority of the outstanding stock of each class entitled to vote thereon.
	A corporation may amend its articles of incorporation by adoption of a board resolution followed by submission of the amendment to the shareholders for their approval, except that shareholder approval is not required for certain administrative amendments or amendments in connection with bankruptcy. Unless the articles of incorporation or the board of directors require a greater number of shares to be present or a greater vote, shareholder approval of an amendment requires: (a) a quorum consisting of at least a majority of the votes entitled to be cast, (b) if any class or series is entitled to vote as a separate group, a quorum consisting of at least a majority of the votes entitled to be cast in that class or series, (c) approval by the shareholders by a number of votes in favor exceeding the number of votes in opposition, and (d) approval by each class or series entitled to vote as a separate group by a number of votes in favor exceeding the number of votes in opposition.	If an amendment would increase or decrease the number of authorized shares of a class or series, increase or decrease the par value of shares of a class, or adversely affect the powers, preferences or special rights of the shares of a class, the holders of the class or series are entitled to vote on the amendment as a class. However, if the certificate of incorporation so provides, the corporation may opt out of the separate class vote for increases or decreases in the number of authorized shares of any class of stock. In that case, the number of authorized shares may be increased or decreased by the affirmative vote of the holders of a majority of the stock of the corporation entitled to vote.
		If a certificate of incorporation requires a greater vote for action by the board of directors, stockholders or other security holders than otherwise required under the DGCL, the provision requiring the greater vote may be amended only by that greater vote.

Our Board met eight times during 2012. Our Board has established an Audit Committee in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act) composed solely of independent outside directors and presently consisting of James J. Curran (Chair), Linda L. Adamany, Timothy R. Winterer, John H. Robinson and J. Kenneth Thompson. As noted above, Messrs. Curran and Winterer have reached the Board's retirement age and are not being nominated for re-election. The Board intends to appoint Ms. Adamany as Chair of the Audit Committee to replace Mr. Curran. The Board intends to appoint Mr. Gress to the Audit Committee. The Audit Committee is responsible for reviewing and reporting to the Board with respect to the oversight of various auditing and accounting matters, including the selection and performance of our independent registered public accounting firm, the planned audit approach, the nature of all audit and non-audit services to be performed and our accounting practices and policies. The Audit Committee met six times during 2012.

Our Board has a Compensation Committee, consisting of Messrs. Robinson (Chairman), Mellor and Edwards. Michael Bogert also served on the Compensation Committee until September 2012. The Board intends to appoint Mr. Crutchfield to the Compensation Committee. The Compensation Committee is responsible for approving, together with the other independent members of the Board, the annual compensation of the Company's Chief Executive Officer, approving the annual compensation of the non-CEO executive officers and reviewing and making recommendations to the Board with respect to the compensation of the directors, the Company's stock incentive plans and other executive benefit plans and certain employee benefits. The Compensation Committee met seven times during 2012.

Our Board has a Nominating and Corporate Governance Committee consisting of Messrs. Mellor (Chairman), Thompson, Winterer and Edwards. Michael Bogert also served on the Nominating and Corporate Governance Committee through December 2012. As noted above, Mr. Winterer has reached the Board's retirement age and has not been nominated for re-election. The Board intends to appoint Mr. Robinson to replace Mr. Winterer, and intends to appoint Mr. Gress to this committee. The Nominating and Corporate Governance Committee is responsible for identifying and recommending to the Board nominees to serve on the Board, establishing and reviewing corporate governance guidelines and related corporate governance matters. The Nominating and Corporate Governance Committee met five times during 2012.

Our Board has an Environmental, Health, Safety and Social Responsibility Committee consisting of Messrs. Thompson (Chairman) and Bogert and Ms. Adamany. A former director, Andrew Lundquist, served as a member and Chairman of the Environmental, Health, Safety and Social Responsibility Committee during 2012 and until February 2013, when he resigned from the Board to accept a professional opportunity which precluded his continued service on our Board. The Board intends to appoint Mr. Crutchfield to this committee. The Environmental, Health, Safety and Social Responsibility Committee is responsible for reviewing, and reporting to the Board with respect to, the Company's efforts and results in the areas of environmental compliance and stewardship, employee safety and health and corporate social responsibility. In 2012, the Environmental, Health, Safety and Social Responsibility Committee met six times.

Our Board also has an Executive Committee on which Messrs. Mellor (Chairman), Curran, Krebs, Robinson and Winterer currently serve. Pursuant to our by-laws, the Executive Committee is authorized to act in the place of the Board of Directors on limited matters that require action between Board meetings. The Executive Committee did not meet during 2012.

Our Board has determined that each of the following directors and director nominees is independent within the meaning of applicable New York Stock Exchange listing standards and rules and the Company's independence standards, which are included as part of the Corporate Governance Guidelines (available at www.coeur.com/company/corporate-governance/charters-and-policies): James J. Curran, John H. Robinson,

Robert E. Mellor, Timothy R. Winterer, J. Kenneth Thompson, Sebastian Edwards, Linda L. Adamany, Kevin S. Crutchfield and Randolph E. Gress. This includes each of the current and proposed members of the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. The Board determined that Andrew Lundquist (who served on the Board until February 2013) was not an independent director and that L. Michael Bogert (who has not been nominated for re-election at the Annual Meeting) would no longer qualify as an independent director under applicable independence standards. As a result, all of our nominees for director are independent except for Mitchell J. Krebs, our CEO.

Copies of the charters of the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Environmental, Health, Safety and Social Responsibility Committee are available at our website, www.coeur.com/company/corporate-governance/charters-and-policies, and to any shareholder who requests them. Each incumbent director who served in 2012, during his 2012 term of service, attended at least 83% of the meetings of the Board of Directors and committees on which he served.

Policy Regarding Director Nominating Process

The Nominating and Corporate Governance Committee has adopted a policy pursuant to which a shareholder who has owned at least 1% of our outstanding shares of common stock for at least two years may recommend a director candidate that the Committee will consider when there is a vacancy on the Board either as a result of a director resignation or an increase in the size of the Board. Such recommendation must be in writing addressed to the Chairman of the Nominating and Corporate Governance Committee at our principal executive offices and must be received by the Chairman at least 120 days prior to the anniversary date of the release of the prior year's proxy statement. Although the Committee has not formulated any specific minimum qualifications that the Committee believes must be met by a nominee that the Committee recommends to the Board, the Committee will take into account the factors discussed above under Proposal No. 1: Election of Directors Director and Nominee Experience and Qualifications. The Committee does not believe that there will be any differences between the manner in which the Committee evaluates a nominee recommended by a shareholder and the manner in which the Committee evaluates nominees recommended by other persons.

Policy Regarding Shareholder Communications with Directors

Shareholders and other interested persons desiring to communicate with a director, the non-management directors as a group or the full Board may address such communication to the attention of the Corporate Secretary of the Company, 505 Front Avenue, P.O. Box I, Coeur d Alene, Idaho 83816, and such communication will be forwarded to the intended recipient or recipients.

Policy Regarding Director Attendance at Annual Meetings

The Company has a policy that encourages directors to attend each annual meeting of shareholders, absent extraordinary circumstances. All nine directors who were elected to the Board at the 2012 Annual Meeting attended that annual meeting on May 8, 2012.

Meetings of Non-Management Directors

Non-management members of the Board of Directors conduct regularly scheduled meetings as required without members of management being present. Robert E. Mellor, the independent Chairman of the Board, presides over each such meeting.

Board Leadership

Currently, Mr. Robert E. Mellor serves as Chairman of the Board. Mr. Mitchell J. Krebs serves as President, Chief Executive Officer (CEO) and Director. The Board recognizes that one of its key responsibilities is to

Table of Contents

evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership, and that given the dynamic and competitive environment in which the Company operates, the right Board leadership structure may vary as circumstances warrant. Consistent with this understanding, the Board considered its leadership structure in connection with the resignation in July 2011 of the Company's former President and Chief Executive Officer (who also served as Chairman). The Board determined that the designation of an independent, non-executive Chairman is optimal for the Company at the present time because it provides the Board with independent leadership and allows the CEO to concentrate on the Company's business operations.

Furthermore, the Board has determined that seven of its nine current directors are independent. The Board has further determined that the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are composed solely of independent directors. Consequently, independent directors directly oversee such important matters as the Company's financial statements, executive compensation, the selection and evaluation of directors and the development and implementation of our corporate governance programs.

The Board and Nominating and Corporate Governance Committee review the structure of Board and Company leadership as part of its annual review of the succession planning process. The Board believes that a separate Chairman and CEO, together with an Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee each consisting of independent directors, is the most appropriate leadership structure for the Board at this time.

Corporate Governance Guidelines and Code of Business Conduct and Ethics for Directors and Employees

The Board has adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics for Directors, Officers and Employees in accordance with New York Stock Exchange corporate governance standards. Copies of these documents are available at our website, www.coeur.com/company/corporate-governance/charters-and-policies, and to any shareholder who requests them. As allowed by Form 8-K under the Exchange Act, we have provided, and intend in the future to provide, information about amendments to these documents and any waivers from our code of ethics by posting to our website.

Compensation Consultant Fee Disclosure

The Compensation Committee of the Board (the Committee) acts on behalf of the Board to establish and oversee the Company's executive compensation program in a manner that supports the Company's business strategy as further set forth below under the heading Role of the Compensation Committee and its Consultant in the Compensation Discussion and Analysis section.

During 2012, the Committee retained Mercer (US) Inc. (Mercer), a wholly-owned subsidiary of Marsh & McLennan Companies, Inc. (MMC), and The POE Group, Inc., (POE Group) to provide information, analyses and advice to the Committee regarding the Company's executive and Board compensation programs, as described below. The Committee retained POE Group in July 2012, at which time Mercer ceased providing services directly to the Committee.

Mercer is a global firm providing executive compensation and other human resource consulting services. The POE Group is a compensation consulting firm specializing in executive compensation. During the time it served as the Committee's compensation consultant, Mercer reported directly to the Committee chair. POE Group also reports directly to the Committee chair and performs no work for management. Mercer's and POE Group's fees for executive compensation consulting to the Committee in 2012 were \$52,619 and \$34,671, respectively.

Table of Contents

The decisions made by the Committee are its responsibility and may reflect factors and considerations other than the information and recommendations provided by POE Group, Mercer, management or any other advisor to the Committee.

During 2012, other MMC affiliates provided the Company services unrelated to executive compensation. The amount received by the MMC affiliates, directly or indirectly, totaled \$15,000 in 2012. Neither the Board nor the Committee specifically approved the unrelated services.

The POE Group reports directly to the Compensation Committee and provides no services to the Company other than executive and non-employee director compensation consulting services at the direction of the Compensation Committee. The POE Group has no other direct or indirect business or relationships with the Company or any of its affiliates and no current business or personal relationships with members of the Compensation Committee or executive officers of the Company. In addition, in its consulting agreement with the Compensation Committee, The POE Group agreed to advise the Chair of the Compensation Committee if any potential conflicts of interest arise that could cause The POE Group's independence to be questioned, and not to undertake projects for management except at the request of the Compensation Committee Chair and as an agent for the Compensation Committee.

Because of the policies and procedures Mercer and the Committee had in place while Mercer served as the Committee's compensation consultant, the Committee is confident that the advice it received from the individual executive compensation consultant was objective. These policies and procedures include:

the consultant receives no incentive or other compensation based on the fees charged to the Company for other services provided by Mercer or any of its affiliates;

the consultant is not responsible for selling other Mercer or affiliate services to the Company;

Mercer's professional standards prohibit the consultant from considering any other relationships Mercer or any of its affiliates may have with the Company in rendering his or her advice and recommendations;

the Committee has the sole authority to retain and terminate the consultant;

the consultant has direct access to the Committee without management intervention;

the Committee evaluates the quality and objectivity of the services provided by the consultant each year and determines whether to continue to retain the consultant; and

the protocols for the engagement (described below) limit how the consultant may interact with management.

While it is necessary for the consultant to interact with management to gather information, the Committee has adopted protocols governing if and when the consultant's advice and recommendations can be shared with management. These protocols are included in the consultant's engagement letter. The Committee also determines the appropriate forum for receiving consultant recommendations. Where appropriate, management invitees are present to provide context for the recommendations. In other cases, the Committee receives the consultant's recommendations in executive sessions where management is not present. This approach protects the Committee's ability to receive objective advice from the consultant so that the Committee may make independent decisions about executive compensation at the Company.

On March 11, 2013, the Committee considered the following six factors with respect to the POE Group and Mercer: (i) the provision of other services to the Company by The POE Group or Mercer, as applicable; (ii) the amount of fees received from the Company by The POE Group or Mercer, as applicable, as a percentage of the total revenue of The POE Group or Mercer, as applicable; (iii) the policies and procedures of The POE Group or Mercer, as applicable, that are designed to prevent conflicts of interest; (iv) any business or personal relationship of The POE Group or Mercer consultant, as applicable, with a member of the Committee; (v) any stock of the

Company owned by The POE Group or Mercer consultant, as applicable; and (vi) any business or personal relationship of The POE Group or Mercer consultant, as applicable, or The POE Group or Mercer, as applicable, with an executive officer of the Company. After considering the foregoing factors, the Committee determined that the work of The POE Group and Mercer with the Committee for fiscal 2012, did not raise any conflict of interest.

Risk Oversight

The Board of Directors is responsible for assessing the major risks facing the Company and reviewing options for their mitigation. In addition, the Board has delegated oversight of certain categories of risk to the Audit Committee and the Environmental, Health, Safety and Social Responsibility Committee. The Audit Committee reviews with management and the independent auditor compliance with laws, regulations and internal procedures and contingent liabilities and discusses policies with respect to risk assessment and risk management. The Environmental, Health, Safety and Social Responsibility Committee reviews the Company's compliance with environmental and safety laws.

In performing their oversight responsibilities, the Board, the Audit Committee and the Environmental, Health, Safety and Social Responsibility Committee periodically discuss with management the Company's policies with respect to risk assessment and risk management. The Audit Committee reports to the Board regularly on matters relating to the specific areas of risk the Audit Committee oversees. The Environmental, Health, Safety and Social Responsibility Committee reports to the Board on environmental and safety policies and other matters it oversees.

Throughout the year, the Board, the Audit Committee and the Environmental, Health, Safety and Social Responsibility Committee each receive reports from management regarding major risks and exposures facing the Company and the steps management has taken to monitor and control such risks and exposures. In addition, throughout the year, the Board, the Audit Committee and the Environmental, Health, Safety and Social Responsibility Committee each dedicate a portion of their meetings to reviewing and discussing specific risk topics in greater detail.

The Compensation Committee is responsible for recommending compensation for executive officers that includes performance-based reward opportunities that support growth and innovation without encouraging or rewarding excessive risk.

Compensation Committee Role in Risk

The Compensation Committee has conducted an analysis of the current risk profile of the Company's compensation programs. The risk assessment included a review of the primary design features of the Company's compensation programs and the process for determining executive and employee compensation. The risk assessment identified numerous ways in which the Company's compensation programs potentially mitigate risk, including:

the structure of the Company's executive compensation programs, which consist of both fixed and variable compensation and reward both annual and long-term performance;

the balance between long and short-term incentive programs;

the use of caps or maximum amounts on the incentive programs;

the use of multiple performance metrics under the Company's incentive and bonus plans;

a heavier weighting toward overall corporate performance for cash-based incentive plans;

time-based vesting for stock options, restricted stock and stock appreciation rights; and

strict and effective internal controls.

Table of Contents

In addition, in December 2012 the Board adopted a clawback policy providing for the recovery of incentive payments to executive officers in certain circumstances, which further mitigates risk.

Audit Committee Policies and Procedures for Pre-Approval of Independent Auditor Services

The Audit Committee has policies and procedures requiring pre-approval by the Audit Committee of the engagement of the Company's independent auditor to perform audit services, as well as permissible non-audit services, for the Company. The nature of the policies and procedures depend upon the nature of the services involved, as follows:

Audit Services. The annual audit services engagement terms and fees are subject to the specific approval of the Audit Committee. Audit services include the annual financial statement audit, required quarterly reviews, subsidiary audits and other procedures required to be performed by the auditor to form an opinion on the Company's financial statements, and such other procedures including information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control. Other audit services may also include statutory audits or financial audits for subsidiaries and services associated with SEC registration statements, periodic reports and other documents filed with the SEC or used in connection with securities offerings.

Audit-Related Services. Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements or that are traditionally performed by the auditor. Audit-related services are subject to the specific approval of the Audit Committee. AUDIT COMMITTEE REPORT

The Audit Committee of our Board of Directors, which currently consists of James J. Curran (Chairman), Linda L. Adamany, John H. Robinson, J. Kenneth Thompson and Timothy R. Winterer, is governed by its charter, a copy of which is available on our website at www.coeur.com. The Board intends to appoint Linda L. Adamany as Chair of the Audit Committee effective upon her election to the Board at the Annual Meeting. The Board of Directors has determined that each of James J. Curran and Linda L. Adamany is an audit committee financial expert within the meaning of rules adopted by the Securities and Exchange Commission. All of the members of the Audit Committee are independent as defined in the rules of the Securities and Exchange Commission and the listing standards of the New York Stock Exchange.

The Audit Committee assists the Board in fulfilling its responsibilities to stockholders with respect to our independent auditors, our corporate accounting and reporting practices, and the quality and integrity of our financial statements and reports. The Audit Committee is responsible for the appointment, compensation and oversight of the work of our independent auditors.

The Audit Committee discussed with our independent auditors the scope, extent and procedures for the fiscal 2012 audit. Following completion of the audit, the Audit Committee met with our independent auditors, with and without management present, to discuss the results of their examinations, the cooperation received by the auditors during the audit examination, their evaluation of our internal controls over financial reporting and the overall quality of our financial reporting.

Management is primarily responsible for our financial statements, reporting process and systems of internal controls. In ensuring that management fulfilled that responsibility, the Audit Committee reviewed and discussed with management the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 31, 2012. Discussion topics included the quality and acceptability of the accounting principles, the reasonableness of significant judgments, the clarity of disclosures in the financial statements, and an assessment of the work of the independent auditors.

The independent auditors are responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles. The Audit Committee reviewed and discussed with the independent auditors their judgments as to the quality and acceptability of our accounting principles and such other matters as are required to be discussed under generally accepted auditing standards pursuant to Statement on Auditing Standards No. 61 and Rule 2-07 of Regulation S-X. In addition, the Audit Committee received from the independent auditors written disclosures and a letter regarding their independence as required by applicable rules of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee, discussed with the independent auditors their independence from us and our management, and considered the compatibility of non-audit services with the auditors' independence.

KPMG LLP reported to the Audit Committee that:

there were no disagreements with management;

it was not aware of any consultations about significant matters that management discussed with other auditors;

no major issues were discussed with management prior to KPMG LLP's retention;

it received full cooperation and complete access to the Company's books and records;

it was not aware of any material fraud or likely illegal acts as a result of its audit procedures;

there were no material weaknesses identified in its testing of the Company's internal control over financial reporting; and

there were no known material misstatements identified in its review of the Company's interim reports.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board (and the Board subsequently approved) the inclusion of the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 31, 2012 for filing with the SEC.

In addition, the Audit Committee selected KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013. The Board concurred with the selection of KPMG LLP. The Board has recommended to our stockholders that they ratify and approve the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

In accordance with law, the Audit Committee is responsible for establishing procedures for the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters, including the confidential, anonymous submission of complaints by our employees, received through established procedures, of concerns regarding questionable accounting or auditing matters. Reference is made to the Audit Committee's charter for additional information as to the responsibilities and activities of the Audit Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Coeur is the largest U.S.-based primary silver producer and a growing gold producer. Coeur is engaged in the development, exploration and operation of silver and gold mining properties, with operations or development projects in five countries. Coeur's primary business objectives are to increase silver and gold production levels and reserves, decrease cash-production costs, and increase cash flows and earnings. Coeur aims to meet these objectives through cost-competitive operations, internal development projects, exploration and acquisitions. The Company's 2012 performance highlights are as follows:

Silver production was 18.0 million ounces, a 6% decrease from record production in 2011.

Gold production was a record 226,486 ounces, up 3% from 2011.

Average realized prices were \$30.92 per silver ounce and \$1,665 per gold ounce, down 12% for silver and up 7% for gold from 2011.

Net metal sales totaled \$895.5 million, down 12% from 2011.

Net income for 2012, which included a non-cash fair market value adjustment of negative \$23.5 million, was \$48.7 million, or \$0.54 per share, compared with net income of \$93.5 million, or \$1.05 per share, in 2011.

Cash, cash equivalents and short-term investments were \$126.4 million at December 31, 2012, compared with \$195.3 million a year ago.

The Company repurchased \$20.0 million of its common stock during 2012.

The Company repaid \$68.6 million in debt to retire the Kensington Term Facility and implemented a new \$100 million revolving credit facility.

The Company's 2012 financial performance as well as other areas of measurable results were key contributors in establishing the overall compensation of the President and Chief Executive Officer and other Named Executive Officers (NEOs) of the Company. This is due partially to the compensation policies adopted by our Compensation Committee and Board requiring that a substantial portion of the compensation paid to our CEO and NEOs is not fixed and rather is based on performance goals and the vesting and value of certain equity and related compensation. As set forth in summary format under Compensation Components and as described in detail in the following Compensation Objectives and Principles and Determining Executive Compensation sections, the Company awards incentive compensation based on NEO performance and Company performance with a higher emphasis on pay-for-performance versus fixed pay relative to peers. We also analyze our pay program annually, and as discussed later, continue to make adjustments in order to ensure that our pay program aligns with our organizational strategy and shareholder value creation.

The following is a discussion of the Company's executive compensation program and compensation decisions made with respect to the NEOs listed in the 2012 Summary Compensation Table:

Mitchell J. Krebs, President and Chief Executive Officer

Edgar Filing: COEUR D ALENE MINES CORP - Form DEF 14A

Frank L. Hanagarne Jr., Senior Vice President and Chief Financial Officer (Mr. Hanagarne served in this role for all of 2012 before being appointed Chief Operating Officer in February 2013)

K. Leon Hardy, former Senior Vice President and Chief Operating Officer

Donald J. Birak, Senior Vice President, Exploration

Luther J. Russell, Senior Vice President, Environmental, Health, Safety, and Social Responsibility

Table of Contents**Executive Summary**

We believe our executive compensation program constitutes best practice in alignment of pay and performance. We target total compensation between the 50th and 75th percentile in our peer group, but absent success in our long-term and annual performance plans, executive total compensation will be well below market. Likewise, our program is structured to provide 75th percentile total compensation or above, but only to the extent aligned with outstanding long-term performance and creation of shareholder value. Below, we have illustrated this pay mix via target total compensation for 2012 and 2013.

The mix of target total compensation elements for our NEOs in 2012, as a percentage of total compensation, is set forth in the table below. Note that performance shares, stock options, and time-based restricted stock are utilized equally, representing a portfolio approach of long-term incentives for 2012:

2012 target

Named Executive Officer	Fixed Compensation (as a % of Total Compensation)			Variable Compensation (as a % of Total Compensation)			
	Base Salary	LTIP Time Based Restricted Stock	Benefits & Other Compensation	Annual Incentives	LTIP Options	Stock	LTIP Performance Shares
CEO	24%	19%	1%	17%	19%		19%
Other NEOs (average)	29%	18%	3%	14%	18%		18%

CEO Target Pay Mix

Other NEOs Target Pay Mix

As the charts present, performance-based pay made up the majority of the CEO's and half of the other NEOs' compensation in 2012. As the narrative that follows will show, as a result of 2012 performance generally below targeted outcomes and our conservative approach to fixed salary and benefits, actual total compensation for 2012 performance was generally below market.

For 2013, the Company has heightened the pay-for-performance element further, by providing the same pay opportunities, but providing long-term incentives with primary emphasis on performance shares. So, in 2013, 50% of equity grants are in the form of performance shares, and 25% each in the form of stock options and time-based restricted stock. The following table and charts present the targeted pay mix for the CEO and other NEOs for 2013:

2013 target

Named Executive Officer	Fixed Compensation (as a % of Total Compensation)			Variable Compensation (as a % of Total Compensation)			
	Base Salary	LTIP Time Based Restricted Stock	Benefits & Other Compensation	Annual Incentives	LTIP Options	Stock	LTIP Performance Shares
CEO	20%	15%	1%	20%	15%		29%
Other NEOs (average)	28%	13%	3%	17%	13%		26%

CEO Pay Mix

Other NEOs Pay Mix

The pay mix targeted by the Company in 2012 and continuing in 2013 is consistent with market practice, and in many respects, has a higher emphasis on pay-for-performance versus fixed pay than peers and is consistent with best practices. Again, we highlight the heightened emphasis on performance shares in 2013 versus 2012, while maintaining the same pay opportunities relative to market.

Shareholder Advisory Vote on Executive Compensation

Shareholders have an opportunity to cast an annual advisory vote on executive compensation (a “say on pay”). We have refined our pay practices to address shareholder concerns and better align with best practices in executive compensation programs. Reforms implemented during 2011 and early 2012 included: (i) revisions to executive employment agreements to reduce change-in-control severance payout multipliers; (ii) a policy to phase out employment agreements for executives other than the CEO and the resulting transition of executives to an executive severance policy; (iii) elimination of a legacy tax gross-up provision applicable to the former CEO; and (iv) updates to annual incentive plan metrics to be better aligned with shareholder value.

At the Company’s 2012 annual shareholder meeting, a great majority of shareholders (96.5% of the votes cast) supported the executive pay program described in Coeur’s 2012 proxy statement, in part because of the modifications made. The Committee considered this result in reviewing the Company’s executive compensation programs during 2012 and early 2013. Although shareholders approved Coeur’s executive compensation program with strong support in 2012, we continued to evaluate and adopt enhancements to the program to further align Coeur with best practices. These enhancements include the adoption of a “clawback” policy providing for the recovery of incentive compensation in certain circumstances, and providing for “double-trigger” change-in-control severance and accelerated vesting of equity awards (requiring a qualifying termination of employment in addition to a change-in-control). In addition, we have continued to phase out executive employment agreements as they come up for renewal, having delivered notices to Messrs. Hanagarne and Russell providing that their employment agreements will not be renewed when the current terms expire on June 30, 2013, at which time the only executive with an employment agreement will be the CEO.

After considering the vote of shareholders at the 2011 Annual Meeting and other factors, the Board has decided to hold advisory votes on the approval of executive compensation annually until the next advisory vote on frequency occurs. An advisory shareholder vote on the frequency of shareholder votes to approve executive compensation is required to be held at least once every six years. Accordingly, unless the Board modifies its policy on the frequency of future votes, the next advisory vote to approve executive compensation will be held at the 2014 Annual Meeting.

Role of the Compensation Committee and its Consultant

The Compensation Committee of the Board of Directors (the “Committee”) acts on behalf of the Board to establish and oversee the Company’s executive compensation program in a manner that supports the Company’s

business strategy. The Committee may not delegate its responsibilities in connection with executive compensation. The Committee formulates an annual calendar for its activity that is designed to cover necessary regular approvals as well as special topics. The Committee meets at least twice annually, or more frequently as circumstances dictate, in order to set executive compensation for the year, review recommendations of its outside consultant, and recommend compensation changes to the Board of Directors. The Committee met seven times in 2012.

As further described under the heading **Corporate Governance Compensation Consultant Fee Disclosure** above, the Committee has retained The POE Group Inc. to provide information, analyses, and advice regarding executive and director compensation, as described below. The POE Group Inc. is a compensation consulting firm specializing in executive compensation consulting services, and reports directly to the Committee. Before The POE Group was retained by the Committee in July 2012, Mercer provided executive compensation consulting services to the Committee. Grant Thornton, LLP is a compensation consultant, and was hired by management to provide secondary executive compensation analysis, independent of that provided by The POE Group. The Board and Committee rely on both sets of data in making its executive compensation decisions.

At the Committee's direction, Mercer (until July 2012) and The POE Group (beginning in July 2012) provided the following services for the Committee during 2012:

evaluated the Company's executive officers' base salary, annual incentive and long-term incentive compensation, and total direct compensation relative to the competitive market;

advised the Committee on executive officer target award levels within the annual and long-term incentive program and, as needed, on actual compensation actions;

assessed the alignment of the Company's executive compensation levels relative to the Company's compensation philosophy;

briefed the Committee on executive compensation trends among the Company's peers and the broader industry; and

assessed the alignment of CEO pay to relative industry performance measures.

At the Committee's direction, The POE Group provided the following additional services for the Committee during 2012 and in early 2013:

advised on changes to the design of the Company's annual and long-term incentive plans, described in the 2013 Executive Compensation Program Section of this CD&A;

provided tally sheets detailing total compensation for 2012, equity and deferred compensation gains for 2012, and severance payouts for change in control; and

assisted with the preparation of the Compensation Discussion and Analysis for this proxy statement.

In the course of conducting its activities, the POE Group attended three meetings of the Compensation Committee during 2012 and presented its findings and recommendations for discussion.

Grant Thornton did not attend any Committee meetings, as its primary role was to provide secondary analyses.

2013 Executive Compensation Program

Edgar Filing: COEUR D ALENE MINES CORP - Form DEF 14A

Our 2013 executive compensation program will reflect changes to both the short and long-term variable components. The 2013 Company portion of the Annual Incentive Plan (AIP) (short-term cash incentive plan) will consist of the following measures, each weighted equally: (i) total production in silver equivalent ounces, (ii) cash operating costs per silver equivalent ounce, (iii) operating cash flow before changes in working capital,

Table of Contents

and (iv) safety and environmental performance. This simplified list of measures quantifies the most important short-term measures of Company success and helps further focus communication on important business drivers through the organization. We will continue to assign a portion of overall AIP to individual performance (20% for the CEO, 30% for other executive management positions).

The 2013 Long-Term Incentive Plan (LTIP) (long-term equity plan) program will consist of three equity-based components:

Stock options equal to 25% of the LTIP award;

Time vested restricted stock equal to 25% of the LTIP award; and

Performance shares equal to 50% of the LTIP award.

Measures for the performance share LTIP component will include: three year relative TSR compared to our mining peer group; three year change in reserves and measured and indicated resources per share; and three year change in operating cash flow per share. We believe these measures identify key long-term business drivers for the Company to build shareholder value and focus management on the sustainability of our business.

The 2013 LTIP changes will increase the percentage of awards that we consider performance-based. We consider 75% of the 2013 LTIP award components (stock options and performance shares) to be performance-based, only providing value to executive management if the market price of our stock increases (for stock options) and if certain performance results are achieved (for performance shares).

Compensation Objectives and Principles

The primary objective of the Company's executive compensation program is to motivate the Company's executives to achieve goals consistent with the Company's business strategies and that create shareholder value. Consequently, a majority of executive annual total direct compensation (defined as base salary, target Annual Incentive Plan (AIP) cash incentive award opportunity, and grant date fair value of annual equity awards) are in the form of at-risk compensation opportunities that require performance against measurable objectives or an increase in long-term shareholder value to result in payouts.

The second fundamental objective of the Company's executive compensation program is to attract and retain highly skilled executives. Due to an increase in global mining activity, the demand for executive and professional talent with technical skills and industry experience has become more competitive. As a result of these talent market pressures, the Company's executives and professionals are routinely pursued by competitors, and some of the Company's talent has left the Company to pursue other opportunities. Attraction and retention of executive talent is a significant factor in many of the compensation decisions discussed below.

In order to meet these compensation objectives in the design and governance of compensation programs for the Company's executive officers, including the NEOs, the Committee is guided by the following principles that express the Committee's view that compensation at the Company should be:

Performance-based

Reward company-wide results in addition to recognizing individual performance, focusing on objectives that are directly under the control of executives. A greater percentage of executive total direct compensation at Coeur is at-risk, performance-based compensation compared to the median of our peers.

Table of Contents

Market-competitive

Compared to peers, target total direct compensation at the market median with sufficient performance-based compensation to offer top quartile compensation or above with outstanding performance. Our market targets are as follows, with individual executive compensation levels varying somewhat due to experience in their positions and performance:

Median salaries

Annual incentive target opportunities between the 50th and 75th percentile

Long-term incentive opportunities between the 50th and 75th percentile

Standard all employee benefits and below market executive benefits

Aligned with shareholders

Provide a significant portion of incentive compensation to executives in the form of equity-based awards. Award values fluctuate based on share value thus aligning officer and shareholder interests. Additionally, our performance based equity is higher than our time based component of equity versus the median of our peers.

Transparent

Clearly communicate both the desired results and the incentive pay programs used to reward the achievement of these results.

Compensation Components

In 2012, our executive officer compensation program used the components identified in the following table:

Compensation Component	Objective	Target Market Position	Key Features
Base salary	Provide a fixed level of cash compensation for performance of day-to-day responsibilities	50 th percentile	Annual adjustments are based on an individual's current and expected future contribution and actual pay positioning relative to the market
Annual incentives	Reward executives for the achievement of annual Company financial and operational goals and for the achievement of individual executive goals	50 th percentile to the 75 th percentile	Cash payments based on Company and individual performance, with a high percentage (ranging from 60% to 80%) weighted on Company performance Company performance measures were silver and gold production, cash operating costs, adjusted operating cash flow, capital expenditures, safety, environmental compliance and

Determining Executive Compensation

The Company's compensation objectives and principles are supported in the compensation-setting process through a number of policies and processes.

Pay Mix: In determining the mix of compensation components and the value of each component for each of the Company's executive officers, including its NEOs, the Committee takes into account the executive's role, the competitive market, individual and Company performance, and internal equity. Details of the various programs and how they support the overall business strategy are outlined below in Compensation Components. Consistent with a performance-based philosophy, the Company's compensation program emphasizes pay at risk. The percentage of an executive's compensation opportunity that is at risk or variable instead of fixed is based primarily on the executive's role in the Company. Executives who are in a greater position to directly influence our overall performance have a larger portion of their pay at risk through short- and long-term incentive programs compared to other executives. The CEO has more pay at risk than the other NEOs, consistent with the competitive market.

Competitive Market Assessment: The Committee annually reviews the compensation of the executives relative to the competitive market, based on assessments prepared by its consultants. This review typically takes place at the Committee's regular first quarter meeting (historically between January and mid-March). The consultant's assessment is typically prepared in the fourth quarter of the prior year, and includes an evaluation of base salary, annual and long-term incentive opportunities and practices, and overall total compensation practices. In preparing this assessment, the consultant analyzes publicly disclosed compensation data from a peer group of metal and mineral mining companies (see discussion below). The Committee relies on three reference points for peers, as described below.

Table of Contents

Peer Groups: As a member of the precious metals mining industry, the Company competes for executive talent with other precious metals mining companies, as well as with base metal and mineral mining companies. Comparable precious metals firms of comparable size and complexity are few therefore, the Committee takes a balanced approach in its peer group selection. Each reference point is described in detail below.

Throughout this document, all references to peer group analysis and peer groups reflect a blend of these three reference points described below.

Mining Peer Group

First, the Committee uses its historical peer group composed primarily of companies in the precious metals mining industry of generally comparable size (albeit a broad range), level of complexity and scope of operations in either Canada or the United States. The Committee reviews the mining peers each year in consultation with the committee's executive compensation consultant to determine its continued validity as a source of competitive compensation data, and adds or removes companies as appropriate based on the criteria mentioned above. The 2012 peer group consisted of the following companies:

Company	Annual Revenue (\$)	Market Capitalization (\$)	Corporate Location
	(in millions)	(in millions)	
Allied Nevada Gold	152	3,300	United States
AuRico Gold	402	2,320	Canada
Kinross Gold Corporation	3,943	11,760	Canada
Yamana Gold, Inc.	2,173	15,130	Canada
Agnico-Eagle Mines Limited	1,822	9,550	Canada
Centerra Gold Inc.(a)	1,020	2,510	Canada
Eldorado Gold Corporation	1,099	10,640	Canada
Pan American Silver Corporation	855	3,100	Canada
Stillwater Mining Company	905	1,230	United States
New Gold Inc.	660	4,950	Canada
Hecla Mining Company	478	1,720	United States
Alamos Gold Inc.	227	2,380	Canada
Median	880	3,200	
Coeur d'Alene Mines Corporation	1,021	2,200	United States

(a) In \$US millions (except for Centerra, which is in \$CDN millions) as of year-end fiscal 2011.

The Committee determined that these companies form a suitable peer group for the executive compensation review in 2012, based on the following considerations: the Company's key labor market for executive talent consists primarily of these named companies; the Company's level of complexity and scope of operations is similar to these companies (i.e., exploration and development of silver and gold mines, with operations in several foreign countries); and the Company's size is comparable to these companies. Note that, in comparison to last year, the mining peers selected have changed modestly, as the group now includes Allied Nevada Gold, and no longer includes IAMGOLD Corporation and Goldcorp Inc. These changes were made to provide a closer relationship between the Company and the mining peer group annual revenue and market capitalization.

Secondary Peer Group

The Committee also received additional compensation information from a second peer group developed by Grant Thornton. Grant Thornton advised management that the following peer group would represent a typical

peer group, based on best practices and an understanding of investor and proxy advisory firm expectations, while recognizing that the mining peer group is still an appropriate reference, considering the Company's industry:

Third, the Committee also relies upon published mining survey data, as provided to the Company. Specifically, the Company uses mining industry compensation data from surveys published by Hay Group and PricewaterhouseCoopers. These data points are relied upon, in particular if limited data is available from the custom peer groups described above. Care is taken to ensure data from these published sources are representative of pay practices for organizations comparable in organizational size and complexity.

Compensation Components

The specific rationale, design, determination of amounts and related information regarding each of the components of the Company's executive officer compensation program are outlined below.

Base Salary

As described above in Determining Executive Compensation, we generally target base salaries at median levels of the competitive market. The Committee reviews executive salaries annually as part of its competitive market assessment and makes adjustments based on the actual positioning relative to market compared to the desired positioning, the individual executive's position, organization level, scope of responsibility, tenure and experience, education and expected future contribution. Adjustments are typically approved at the Committee's regular first quarter meeting and are applied retroactively to the beginning of the year.

The Committee approved the following base salary increases for the CEO and the other NEOs for 2012:

Named Executive Officer	2011 Base Salary	2012 Base Salary	Percentage Increase
Mitchell J. Krebs, President, CEO and Director	\$ 500,000	\$ 525,000	5.0%
Frank L. Hanagarne Jr., Sr. VP and Chief Financial Officer	\$ 275,000	\$ 310,000	12.7%
K. Leon Hardy, Sr. VP and Chief Operating Officer	\$ 315,000	\$ 340,000	7.9%
Donald J. Birak, Sr. VP, Exploration	\$ 290,000	\$ 290,000	0.0%
Luther J. Russell, Sr. VP, EHSSR	\$ 240,000	\$ 240,000	0.0%

Note that any salary increases provided were provided based on an annual assessment of performance, and current positioning relative to our market targets. Therefore, we provided 5% to 12.7% increases for our most senior executives, given the current below market positioning relative to market and meritorious performance, and provide no increases to Mr. Birak and Mr. Russell given current market positioning.

Below is a table showing the 2012 base salary for each NEO compared to the peer group data used by the Committee in its review of Coeur's executive compensation:

Named Executive Officer	2012 Base Salary	2012 Market Range		% Deviation From	
		50th Percentile	75th Percentile	50th Percentile	75th Percentile
Mitchell J. Krebs	\$ 525,000	\$ 696,000	\$ 826,000	25%	36%
Frank L. Hanagarne Jr.	\$ 310,000	\$ 388,000	\$ 458,000	20%	32%
K. Leon Hardy	\$ 340,000	\$ 391,000	\$ 472,000	13%	28%
Donald J. Birak	\$ 290,000	\$ 250,000	\$ 333,000	16%	13%
Luther J. Russell	\$ 240,000	\$ 237,000	\$ 247,000	1%	3%

Table of Contents

The salaries of our CEO and CFO are below target market because of their relatively short tenure in their current positions. The Compensation Committee has taken action in 2013 to move these executives closer to the target market ranges.

Annual Incentive Plan (AIP)

The AIP is an annual cash incentive plan that rewards executives for the achievement of annual Company financial and operational goals and for the achievement of individual executive goals.

AIP Target Opportunities: Under the AIP, each executive has a target award opportunity expressed as a percentage of base salary established at the beginning of each year. The target award opportunities are determined based on the peer group, desired market positioning, the individual executive's position, organization level, scope of responsibility and ability to impact our performance. Internal equity among the executives is also considered, to the extent that executives at the same organizational level will typically have the same target award opportunity. The target AIP award opportunities in 2012 were not changed from 2011 levels, and remain as follows:

Named Executive Officer	2011 Target AIP Opportunity	2012 Target AIP Opportunity	2012 Market Range	
	(% of Salary)	(% of Salary)	50th Percentile	75th Percentile
Mitchell J. Krebs	70%	70%	96%	106%
Frank L. Hanagarne Jr.	50%	50%	68%	80%
K. Leon Hardy	50%	50%	69%	161%
Donald J. Birak	50%	50%	55%	65%
Luther J. Russell	50%	50%	44%	49%

The AIP targets of our executives other than Mr. Russell are below the market range of the 50th - 75th percentile. Part of this is due to the legacy of targets historically below market and to the short tenure of our executive team. The Compensation Committee has taken action in 2013 to position these executives closer to our target market range.

Actual awards are paid after the end of each year and can range from 0% to 200% of the target awards, based on the actual performance of the Company relative to corporate AIP objectives and each individual executive relative to individual goals.

AIP Performance Measures and Weights: For 2012, Company performance was measured against predetermined annual goals established by the Committee for the following six measures:

silver production, measured in ounces (20% weight);

gold production, measured in ounces (20% weight);

cash operating cost per silver-equivalent ounce produced (20% weight);

operating cash flow before changes in working capital (15% weight);

capital expenditures (15% weight); and

safety, environmental compliance and stewardship and community relations (10% weight).

Edgar Filing: COEUR D ALENE MINES CORP - Form DEF 14A

The Committee selected these metrics based on the following considerations and objectives. For example, production, operating cash flow and capital expenditures meet the growth objective, and cash operating cost per ounce meets the profitability objective.

provide alignment with the Company's business objectives and strategic priorities;

Table of Contents

provide transparency to investors and executives;

balance growth and profitability; and

balance financial and operational performance.

In addition to Company measures, specific individual objectives are developed for each executive at the beginning of the year. These individual objectives are typically operational or strategic and intended to support the Company's objectives. Objectives for executives other than the CEO are established by the CEO and reviewed by the Committee. Objectives for the CEO are established by the Committee and reviewed with the other independent members of the Board. The specific objectives for each executive are chosen to reflect each executive's individual responsibilities, and can be grouped into the following broad categories:

major project execution;

department goals; and

personal development.

In 2012, 80% of the CEO's AIP award was based on Company performance and 20% was based on the CEO's individual performance. For the other NEOs, 70% was based on Company performance and 30% based on each NEO's individual performance. The Committee evaluates the AIP performance measures and weighting each year to reflect the objectives of the plan and are consistent with the Committee's stated compensation principles.

AIP Performance Goal Setting and Payout Leverage: Management develops threshold, target and maximum performance goals for each AIP measure, as applicable, based primarily on internal budgets and forecasts and their probability of achievement. The Committee reviews the goals and adjusts them, as it deems appropriate, prior to granting its approval. Once the performance goals are set, they are not subject to change for that plan year without the specific approval of the Board. No adjustments were made to the 2012 goals.

For 2012, the AIP goals were set as follows (subject to adjustment for differences between budgeted and actual metals prices, as described below):

Measure	Weight	Threshold	Target	Maximum
Silver Production	20%	17,844,636	19,827,373	21,810,110
Gold Production	20%	193,788	242,235	278,570
Cash Operating Costs (silver-equivalent ounces)	20%	\$9.17	\$7.97	\$6.38
Operating Cash Flow Before Changes in Working Capital	15%	\$371,522	\$464,402	\$557,282
Capital Expenditures	15%	\$103,996	\$129,995	\$155,994
Safety, Environmental Compliance, and CSR	10%	B	B+	A+

For 2012, the threshold and maximum goals for silver production, cash operating costs, operating cash flow and capital expenditures goals represented a +/- 10% variance around target. The goals for gold production represented a wider +/- 20% variance around target, due to the comparatively lower level of maturity of the Company's gold mining operations that decreased expectations of reliability of the budgeted production levels. Safety, environmental compliance and stewardship and community relations performance are each measured on a grading scale by the Environmental, Health, Safety and Social Responsibility Committee of the Board, based on a discretionary performance assessment that relies on the judgment of the Committee. However, this assessment is based not just on subjective goals but also on several quantifiable objectives, including the following:

Safety: reportable and lost time incidents; safety training; safety audit findings and response;

Table of Contents

Environmental Compliance and Stewardship: number of accidents or incidents; compliance with permits; environmental training; environmental audit findings and response;

Community Relations: completion of at least two community relations projects in each location.

All measures pay out at 100% for target performance. All measures but capital expenditures pay out at 50% of target for threshold performance, at 0% of target if threshold performance is not achieved, and at 200% of target for performance that meets or exceeds the maximum, except for the silver production measure which pays out at 150% for performance that meets or exceeds the maximum. Payouts are interpolated for performance between threshold and target and between target and maximum. Payouts for safety, environmental compliance and stewardship and community relations performance are averaged to determine the actual payout. Capital expenditures pays out at 100% of target for performance between threshold and maximum, subject to the Committee's discretion to adjust the award up or down based on qualitative factors. This approach promotes efficient use of capital while not encouraging under-investment.

Many of the individual objectives established for the executives are objective and quantifiable, which helps to ensure accountability for results. Others, however, are subjective by nature, which requires the exercise of discretion and judgment to assess performance attainment. AIP payouts for individual performance range from 0% to 200% of target, as follows:

Individual Performance Standard	Payout (% of target)
Well Above Expected	200%
Above Expected	150%
Meets Expected	100%
Below Expected	50%
Well Below Expected	0%

AIP Earned Awards: Following the end of the year, the Committee reviews the Company's actual performance and determines the extent of goal achievement. The Committee adjusts the cash operating costs and operating cash flow goals to reflect actual metal prices during the year that differed from the assumptions that went into setting the goals. This is done in order to make the goals neutral to fluctuations in the market prices of silver and gold, which are beyond the control of the Company and its executives. The Committee makes this adjustment in the interest of fairness to both the executives and shareholders.

In addition, following the end of the year, the CEO reviews and reports to the Committee the performance of the other executives on their individual objectives and determines the level of achievement compared to target for each executive. The Committee, together with the other independent members of the Board, reviews the performance of the CEO on his individual objectives and determines the level of achievement compared to target. Determining the overall level of achievement for each executive on his or her individual objectives includes a significant discretionary assessment. AIP awards are normally paid in cash no later than March 15 following the end of the AIP plan year, subject to withholding of applicable taxes.

Long-Term Incentive Plan (LTIP)

The primary purpose of our long-term incentive plan is to align the interests of our executives with those of our shareholders by rewarding the executives for creating shareholder value over the long term. The LTIP is also an effective vehicle for attracting and retaining executive talent in the highly competitive mining market.

Forms and Mix of Long-Term Incentive Compensation: The Company's 2003 Long-Term Incentive Plan provides for the award of stock options and stock appreciation rights, restricted stock and restricted stock units, performance shares and performance units, and cash-based awards. The Committee generally uses stock options, restricted stock and performance shares in its LTIP grants to executives, with one-third of the total long-term incentive value granted in 2012 in each of these three forms of equity. The Committee believes that this mix provides alignment with shareholder interests and balances incentive and retention needs, while minimizing share dilution. Stock options provide alignment with shareholder interests by focusing the executives on creating shareholder value over the long-term through share price appreciation. Restricted stock is granted with a three-year ratable service vesting requirement for retention purposes, while also providing alignment with shareholders through actual share ownership. Performance shares for 2012 were earned based on total shareholder return (TSR) performance relative to the companies in our mining peer group.

For 2013, in order to make overall annual LTIP awards more performance-based and further align executives' interests with those of shareholders, the Committee determined to increase the proportion of annual LTIP awards granted in the form of performance shares to 50%, with stock options and restricted stock each comprising 25% of total grant value. To drive performance against objective internal goals in addition to relative performance versus peers, the Committee provided that 25% of 2013 performance share awards would vest based on performance against each of two critical long-term goals, three-year changes in reserves and resources per share and operating cash flow per share, with the remaining 50% vesting based on Relative TSR as in prior years.

In 2013, the Committee changed the proportion of annual LTIP awards granted to further align executives with the interests of shareholders and increase the percentage of LTIP that is performance based. Performance shares now constitute 50% of an executive's LTIP award with stock options and restricted stock comprising 25% each of total value. The Company's LTIP award program places emphasis on key metrics imperative to the long-term sustainability of the business. 50% vesting will continue to be related to relative TSR versus our peer group. 25% of 2013 performance share awards will vest based on three-year change in reserves and resources.

LTIP grants are made annually. This enables the Committee to adjust levels, forms, and composition of long-term incentive grants, to respond to changes in the precious metal mining industry and the broader market, as well as to respond to Company-specific challenges. The Committee does not consider prior equity awards when determining annual equity awards to executives.

Timing of Long-Term Incentive Awards: The Committee typically makes annual long-term incentive grants to the Company's executives at its regular first quarter meeting, based on the grant levels that were approved by the Committee for the prior year. For 2012, the grants were approved at the December 2011 Committee meeting. Grants to the CEO are approved by all independent members of the Board, instead of the Committee. Grants to the non-CEO executive officers are approved by the Committee, based on the recommendations of the CEO. The Committee meeting date is the effective grant date for equity grants, unless Board approval is required. The exercise price for stock options is the greater of the closing price of the stock on the day of grant (or the next market day if the grant day falls on a weekend or other non-market day) or the par value per share. For executives who are hired or appointed during the year, the Committee recommends compensation levels in connection with the Board's appointment of the executive and may approve equity grants for the executive. The Committee does not coordinate the timing of equity awards with the release of material, non-public information.

Table of Contents

LTIP Grant Levels: The Committee has established grant levels of long-term incentives for each executive, expressed as a percentage of base salary. The levels are determined based on the peer group and the desired market positioning, the individual executive's position, organization level, scope of responsibility and ability to impact performance. Internal equity among executives is also considered, to the extent that executives at the same organizational level will typically have the same LTIP grant percentage. The total value of each executive's annual LTIP grant is determined by multiplying the LTIP grant percentage previously approved by the Committee by the executive's base salary in the prior year. For grants made in 2012, the long-term incentive grant values as a percentage of base salary for our NEOs were as follows (unchanged from 2011):

Named Executive Officer	2012 LTIP Grant		2012 Market Range	
	% of Salary	\$ Amount	50th Percentile	75th Percentile
Mitchell J. Krebs	240%	\$1,260,000	245%	377%
Frank L. Hanagarne Jr.	190%	\$589,000	146%	231%
K. Leon Hardy	190%	\$646,000	88%	241%
Donald J. Birak	190%	\$551,000	172%	253%
Luther J. Russell	190%	\$427,500	63%	99%

Stock Options: In 2012, stock options represented one-third of the LTIP value granted to the Company's executives (including our NEOs). The number of options granted is determined by dividing the total option grant value by the Black-Scholes value of a single option. The Committee believes that options provide an incentive for executives to drive long-term share price appreciation through the development and execution of effective long-term business strategies. Stock options are issued with an exercise price of the closing market price per share of our common stock on the New York Stock Exchange on the grant date (or the previous trading day if the grant date is not a trading day) to assure that executives will receive a benefit only when the stock price increases. Stock options therefore align executives' interests with those of shareholders. Stock options generally have value for the executive only if the executive remains employed for the period required for the options to vest. Stock options therefore provide retention value. Stock options granted in 2012 vest at a rate of one third per year and expire at the end of ten years (or earlier in the case of termination of employment).

Restricted Stock: In 2012, restricted stock represented one-third of the LTIP value granted to Coeur's executives (including our NEOs). The number of restricted shares granted is determined by dividing the total restricted stock grant value by the closing market price per share of our common stock on the New York Stock Exchange on the grant date (or the previous trading day if the grant date is not a trading day). The Committee believes that restricted stock aligns executives' interests with those of shareholders via actual share ownership, and vesting requirements provide retention value and therefore also continuity in the Company's senior leadership team. Restricted stock also balances the more volatile rewards associated with stock options by providing value to the executives even with a declining share price, which may occur due to general market or industry-specific forces that are beyond the control of the executives (for example, a drop in the market prices of silver and gold). Holders of restricted stock may, if the Committee so determines, receive dividends, if any, and exercise voting rights on their restricted stock during the period of restriction. There are no performance restrictions associated with the grants of restricted stock. The Committee may grant restricted stock with alternative vesting schedules or with performance restrictions as deemed necessary to achieve the desired business goals.

Performance Shares: In 2012, performance shares represented one-third of the LTIP value granted to Coeur's executives (including our NEOs). The target number of performance shares granted is determined by dividing the performance share grant value by the closing market price per share of our common stock on the New York Stock Exchange on the grant date (or the previous trading day if the grant date is not a trading day). Performance is measured over a three-year period in comparison to the peer group described above. Performance shares are earned based on our TSR performance over a three-year period relative to our peer group. TSR is defined as stock price appreciation plus dividends and any cash-equivalent distributions. TSR is calculated using

Table of Contents

the three-month average share price at the beginning and end of the period (i.e., three-month averages ending December 31, 2011 and December 31, 2014 for the 2012–2014 grant). This measure is intended to focus the Company's executives on creating shareholder value, while further aligning executives' interests with those of shareholders via the use of shares. Performance is measured relative to peers in order to mitigate the impact of metal prices on the ultimate award value, as the share prices of our peers are similarly influenced by realized metal prices. Measuring TSR relative to peers also aligns executives' interests with those of shareholders by rewarding the creation of shareholder value in excess of what our shareholders could realize by investing in other companies in our industry. For the 2012–2014 performance period, the relative TSR performance scale and the corresponding number of shares that can be earned as a percentage of target were set by the Committee as follows (unchanged from prior performance periods):

Performance Level	TSR Percentile Rank (vs. Peer Group)	Number of Shares Earned (% of Target)
Maximum	75th percentile	200% of target
Target	50th percentile	100% of target
Threshold	25th percentile	25% of target

No performance shares are earned if the Company's performance is below threshold. The number of performance shares earned is interpolated for relative TSR performance between threshold and target levels and for performance between target and maximum levels. Shares of Coeur common stock are issued to the participant based on the number of performance shares earned. For grants of cash-settled performance units, an equivalent cash payment is made to the participant based on the number of performance units earned.

For the 2010–2012 performance period, the Company performed above the 75th percentile of the peer group and therefore 200% of the target number of performance shares and performance units were earned. The table below sets forth the threshold, target and maximum TSR performance levels for the 2010–2012 performance period, corresponding respectively to the 25th, 50th and 75th percentile TSR performance of the peer group, and the Company's TSR performance.

Performance Level	2010-2012	
	Actual TSR (Annualized)	Number of Shares Earned (% of Target)
Maximum (75th percentile)	4.93%	200% of target
Target (50th percentile)	1.12%	100% of target
Threshold (25th percentile)	5.02%	25% of target
Coeur	6.48%	200% of target

** Performance units were granted at 1/3 of the overall annual long-term incentive plan targets for participants, based on their position in 2010.

*** Mr. Hanagarne was not with the Company at the time of grant.

**** Mr. Hardy was paid on January 31, 2013 based on the December 31, 2012 stock value in connection with his retirement while the remaining NEOs were paid in March based on the March 1, 2013 stock value.

Benefits and Perquisites

The primary purpose of providing benefits and limited perquisites to the Company's executives is to attract and retain talent to lead the Company. The Committee intends the type and value of benefits and perquisites offered to be market competitive. Details of the benefits and perquisites provided to our NEOs are disclosed in the All Other Compensation column of the 2012 Summary Compensation Table set forth in this proxy statement.

The primary benefits for the Company's executives include participation in the Company's broad-based plans: the 401(k) and defined contribution retirement plans (which includes matching Company contributions), medical, dental and vision coverage, various Company-paid insurance plans, including disability and life insurance, paid time off and paid holidays. The Company also provides certain expatriate benefits and supplementary allowances to its expatriate employees, as the Company deems appropriate and consistent with typical market practices.

With respect to perquisites, the Company prefers to take a minimalist approach. In general, the Company will provide a specific perquisite only when the perquisite provides competitive value and promotes retention of executives, or when the perquisite provides shareholder value, such as ensuring the health of the executives. In addition, perquisites that promote efficient performance of the Company's executives are also considered. The limited perquisites the Company provides its executives may include an automobile allowance or Company vehicle and health exams.

2013 Executive Total Compensation Strategy

As described in summary manner above, the 2013 executive compensation program will continue to be consistent with the Company's total compensation philosophy. However, recognizing the continuing need to refine our pay strategies based on our evolving business strategy, we have made refinements for the performance period beginning in 2013. Changes are highlighted below:

Base Salary: Our base salary adjustments for executives in 2013 were generally conservative, consistent with adjustments made in 2012. However, as with last year, a select group of executives received market adjustments in order to make progress towards, but not above, the 50th percentile.

Table of Contents

Annual Incentive Plan: Annual incentive opportunities remain generally consistent with 2012, except movement for the three executives currently below market. Weighting on organizational versus individual performance remains comparable.

We have reduced the number of organizational metrics for 2013, based on industry metrics and our primary objectives for 2013. Specifically, our annual incentive awards will be based equally on the following balanced scorecard metrics that we believe align with shareholder value creation:

Silver equivalent production (ounces)

Cash operating cost per silver equivalent ounce

Operating cash flow *after* changes in working capital

Safety and environmental performance

Long-Term Incentive Plan: Our long-term incentive opportunities will remain generally consistent with 2012, except to the extent those opportunities are below our intended targets of the 50th to 75th percentile of peers. Given that the Company emphasizes performance-based pay more so than other peers, and by increasing our emphasis on performance shares, we believe these targets are appropriate, particularly considering that we believe realizable and realized pay will pay comparable to market only to the extent we achieve performance that is at or above performance of our peers.

As indicated above, the primary change to our long-term incentive plan is our increased emphasis on performance shares, with 50% of equity provided in the form of performance shares, and 25% each on stock options and restricted stock.

Additionally, our performance share plan will have equal weight on relative TSR (only metric in 2012) and internally established metrics we believe represent our strategic long-term metrics, given our industry (three-year change in reserves and resources per share and three-year change in operating cash flow per share).

Qualified and Non-Qualified Benefits: No changes, with benefits below market relative to peer company practices for executives.

Employment Agreements

As of December 31, 2012, the Company had employment agreements with each of its NEOs except for Donald J. Birak. Each such agreement specifies the terms and conditions of employment, the duties and responsibilities of the executive during the term, the compensation and benefits to be provided by the Company in exchange for the executive's services, the compensation and benefits to be provided by the Company in the event of a qualifying termination of employment not preceded by a change in control of the Company, and the compensation and benefits to be provided by the Company in the event of a qualifying termination of employment that is preceded by a change in control of the Company. The Company is phasing out non-CEO executive employment agreements and change-in-control agreements in favor of uniform coverage of its non-CEO executives under the Company's Executive Severance Policy. Accordingly, the Company does not expect to renew its employment agreements with Frank L. Hanagarne Jr. and Luther J. Russell when their employment agreements expire on June 30, 2013. K. Leon Hardy's employment agreement expired on December 31, 2012, the date he retired as Chief Operating Officer.

All of the employment agreements, severance and change-in-control provisions were developed by the Company and the Committee based on market and industry competitive practice. The Company periodically reviews, along with the Committee, the benefits provided under the agreements to ensure they continue to serve the Company's interests in retaining these key executives.

Table of Contents

Termination of Employment/Severance and Change-in-Control Arrangements

As of December 31, 2012, the Company had change-in-control arrangements with each of the NEOs, which arrangements provide for certain benefits that would be payable to the executives in the event of certain terminations in connection with a change in control.

The Committee believes severance arrangements are an essential component of the executive compensation program and are necessary to attract and retain senior talent in a highly competitive market. Regarding the change in control provisions, the Committee believes that these arrangements provide reasonable compensation in the unique circumstances of a change in control not provided by the Company's other compensation programs. The Committee believes that change in control benefits, if structured appropriately, minimize the distraction caused by a potential change in control transaction and reduce the risk that key talent leaves the Company before a change in control transaction closes. The Committee also believes that these provisions motivate executives to make decisions in the best interests of the shareholders should a transaction take place by providing executives with the necessary job stability and financial security during a change in control transaction (and the subsequent period of uncertainty) to help them remain focused on managing the Company rather than on their own personal employment. The Committee believes that all of these objectives serve the shareholders' interests.

The arrangements provide that in the event the payment provided would constitute an excess parachute payment under Section 280G of the Internal Revenue Code, the payment will be reduced to the amount that will result in no portion being subject to the excise tax. This limits the exposure of the Company and the executives to the parachute payment rules.

Executive Severance Policy

Effective January 1, 2012, the Company adopted an Executive Severance Policy that provides certain benefits upon severance for executive officers or key employees designated by the Committee. The Board adopted the Policy to move toward a uniform program and reduce the number of individual employment and change in control agreements with its officers.

In December 2012, the Company amended the LTIP and related forms of award agreements to provide for double-trigger change in control severance and accelerated vesting of equity awards, which requires a qualifying termination of employment in addition to a change in control.

Supplementary Compensation Policies

The Committee has established additional policies to ensure the overall compensation structure is responsive to shareholder interests and competitive with the market. These specific policies are outlined below.

In late 2010 the Board adopted share ownership guidelines calling for each director to hold common shares equal to three years' worth of the cash component of the director's annual retainer. In addition, we require our directors to take one half of their annual retainer in Company common stock. In March 2012, the Board adopted share ownership guidelines calling for each executive officer to hold common shares requiring vice presidents to hold common shares worth at least one and one-half annual base salary, requiring executive and senior vice presidents to hold common shares worth at least two times annual base salary and requiring the CEO to hold common shares worth at least three times annual base salary, within five years of becoming subject to the guidelines. Unvested shares of time-vesting restricted stock count toward the guideline, but unexercised stock options and unearned performance shares do not. The Committee has determined that each executive officer is making satisfactory progress toward the applicable level of stock ownership.

In July 2012, the Company amended its insider trading policy to include certain anti-hedging policies. Specifically, insiders are prohibited from engaging in hedging or other transactions with derivative securities that

Table of Contents

derive their value from the Company's common stock. This prohibition applies to trading in Coeur-based put and call option contracts and transacting in straddles and similar transactions, except holding and exercising options or other derivative securities granted under Coeur's equity incentive plans.

In December 2012, the Board adopted a clawback policy providing for the recovery of incentive compensation in certain circumstances. Under the clawback policy, if the Board determines that there has been a restatement due to material noncompliance with a financial reporting requirement, then the Board will seek recovery of all incentive payments that were made to executive officers, and all performance-based equity awards granted to executive officers that vested, in each case, on the basis of having met or exceeded performance targets in grants or awards made after December 18, 2012 during the fiscal year prior to the filing of the Current Report on Form 8-K announcing the restatement, if the payments or vesting would have been lower had they been calculated based on the restated results, and if the relevant executive officers are found personally responsible for the restatement, as determined by the Board.

Limitations on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally limits the deductibility of compensation paid by a public company to certain of its most highly compensated executives to \$1 million, per executive, per year. However, there are exceptions for payments made by a public company due to death, disability, a change in control or for those payments that are performance based. The Committee has designed the stock options and performance shares granted to the Company's NEOs under the 2003 Long-Term Incentive Plan with the intent to qualify under Section 162(m) as performance-based compensation. The Committee also designed the portion of the Annual Incentive Plan that pays out based on the achievement of corporate goals with the intent to qualify under Section 162(m). The application of Section 162(m) is complex, however, and may change with time (with potentially retroactive effect). Grants of service-vesting restricted stock are not performance-based, and therefore are potentially not deductible. However, deductibility is not the sole factor used by the Committee in ascertaining appropriate levels or manner of compensation. The Committee believes that it is important to preserve flexibility in administering compensation programs in a manner designed to attract, retain and reward high-performing executives, and to promote business objectives that may not necessarily align with the requirements for full deductibility under Section 162(m). Consequently, the Committee has not adopted a policy that all compensation must qualify as deductible under Section 162(m), and the Company may enter into compensation arrangements under which payments are not deductible under Section 162(m).

The amount of our annual contribution is determined annually by the Board and may not exceed 15% of the participants aggregate compensation. For the year 2012, the contribution was 4%. For 2012, each NEO received a contribution of \$10,000 to the Retirement Plan. In addition, the Retirement Plan provides for an Employee Savings Plan which allows each employee to contribute up to 100% of compensation, subject to a maximum contribution of \$17,000 and an additional \$5,500 catch-up if age 50 or over. The Company contributes an amount equal to 100% of the first 3% of an employee's contribution and 50% of the next 2% of an employee's contribution. For 2012, each NEO received a company matching contribution to the Employee Savings Plan of \$10,000. Defined contributions under the Retirement Plan are fully vested after six years of employment and the Company's match contribution vests immediately. Retirement benefits under the Retirement Plan and the Employee Savings Plan are based on a participant's investment fund account upon retirement. For 2012, each of Messrs. Krebs, Hardy, Birak and Russell were paid an additional amount based on 4% of their compensation in excess of the above-referenced Retirement Plan limit of \$19,344, \$10,925, \$9,335 and \$2,720 respectively. Table of Contents**2012 GRANTS OF PLAN-BASED AWARDS**

The following table sets forth information regarding all incentive plan awards that were made to the NEOs during 2012 including incentive plan awards (equity-based and non-equity based) and other plan-based awards. Disclosure on a separate line item is provided for each grant of an award made to an NEO during the year. The information supplements the dollar value disclosure of stock, option and non-stock awards in the Summary Compensation Table by providing additional details about such awards. Equity incentive-based awards are subject to a performance condition or a market condition as those terms are defined by FASB ASC 718. PENSION BENEFITS AND NONQUALIFIED DEFERRED COMPENSATION

The Company does not maintain a defined benefit pension program and does not provide a nonqualified deferred compensation program.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company has change-in-control arrangements with each of the current NEOs that provide for certain benefits payable to the executives in the event of a change in control followed by the termination of the executive's employment within two years for any reason other than for cause, disability, death, normal retirement or early retirement.

Edgar Filing: COEUR D ALENE MINES CORP - Form DEF 14A

Each of the following constitutes a change in control under the Company's change-in-control arrangements:

any organization, group or person (Person) (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act),

directly or indirectly, of securities of the Company representing 35% or more of the combined voting power of the then outstanding securities of the Company;

during any two-year period, a majority of the members of the Board serving at the effective date of the change-in-control arrangement is replaced by directors who are not nominated and approved by the Board;

a majority of the members of the Board is represented by, appointed by or affiliated with any Person who the Board has determined is seeking to effect a change in control of the Company; or

the Company is combined with or acquired by another company and the Board determines, either before such event or thereafter, by resolution, that a change in control will occur or has occurred.

The change-in-control arrangements provide that in the event the payment provided would constitute a parachute payment under Section 280G of the Internal Revenue Code, the payment will be reduced to the amount that will result in no portion being subject to the excise tax.

Change in Control Arrangement with Mr. Krebs

If a change in control occurs, Mr. Krebs shall be entitled to the benefits described below upon a termination by the Company without cause or by the employee for good reason within the 90 days preceding or two years following the change in control:

a lump sum equivalent to two times the executive's base salary, target annual incentive bonus and target long-term incentive bonus for the year in which the change in control occurs; and

continuation of health care benefits for the employee and his or her dependents for up to two years following the change in control.

Change in Control Arrangements with Mr. Hanagarne, Mr. Russell and Mr. Hardy

If a change in control occurs, Mr. Hanagarne, Mr. Russell and, as of December 31, 2012, Mr. Hardy, would be entitled to the benefits described below upon a termination by the Company without cause or by the employee for good reason within the 90 days preceding or two years following the change in control:

a lump sum equivalent to two times the executive's base salary and target annual incentive bonus for the year in which the change in control occurs; and

continuation of health care benefits for the employee and his or her dependents for up to two years following the change in control.

The Company does not expect to renew its change in control arrangements with Mr. Hanagarne and Mr. Russell included in their employment agreements when the agreements expire on June 30, 2013. After June 30, 2013, the change in control arrangements applicable to Mr. Hanagarne and Mr. Russell would be provided by the Company's Executive Severance Policy.

The following table describes the potential payments and benefits under the Company's compensation and benefit plans and arrangements to which the NEOs would be entitled upon termination of employment following a change in control assuming the triggering event took place after the close of business on December 31, 2012 (i.e., the last business day of 2012) and the price per share of the Company's shares is the closing market price as of that date.

In the case of a termination in connection with a change in control, cash severance payments for the CEO consist of a lump sum equivalent to two times base salary, target annual incentive opportunity and target long-term incentive opportunity; cash severance payments for Mr. Hanagarne, Mr. Russell and Mr. Hardy consist of a lump sum equivalent to two times base salary and target annual incentive opportunity and cash payments for Mr. Birak consist of a lump sum equivalent to 1.5 times base salary and target annual incentive opportunity.
- (b) Represents the net present value of health plan benefits provided upon termination.
- (c) Represents the value of any unvested stock options, restricted stock or other equity awards that were not vested as of the relevant date.
- (d) The severance payments will be reduced to keep the total payments from exceeding the cap imposed by the golden parachute rules of the IRS. The amounts are shown net of reductions of \$2,838,404 for Mr. Krebs, \$166,605 for Mr. Russell, and \$250,965 for Mr. Hanagarne.

Edgar Filing: COEUR D ALENE MINES CORP - Form DEF 14A

Mr. Hardy and Mr. Birak would not have a reduction.) As of December 31, 2012, these payment were payable in connection with a change of control, even in the absence of a subsequent termination.

Table of Contents

- (e) Mr. Hardy retired and the term of his employment agreement expired effective December 31, 2012. Effective January 1, 2013 he would not be entitled to any cash severance or continuation of medical benefits since he was no longer subject to the provisions of his employment agreement or any other severance or change-in-control arrangement as of that date.

The benefits payable to an executive in the event of a qualifying not-for-cause termination of employment include the following:

continued payment of the executive's full base salary for one year;

short-term and long-term bonuses at 100% of the target levels under the AIP and LTIP provided at the time of the termination; and

continuation of health care benefits for up to one year or until they become eligible for comparable coverage.

The benefits payable to an executive in the event of a change in control and a subsequent qualifying termination of employment within two years following the change-in-control include the following for two years:

continued payment of the executive's full base salary for 24 months or in the case of Mr. Birak, 18 months;

short-term bonus at 200% or, in the case of Mr. Birak, 150%, of the target levels provided at the time of the termination under the AIP;

continued payment of employee health care benefits or costs of benefits for up to 24 months, except in the case of Messrs. Russell and Birak, where the benefits would be available for up to 18 months; and

acceleration of the exercise date and vesting of all outstanding stock options, restricted stock, performance plan awards and performance shares granted under the executive compensation programs described above (this particular benefit is not dependent upon termination) for grants made prior to 2013.

For all of the NEOs, including the CEO, the agreements provide for special circumstances in the event the payment provided would constitute parachute payments under Section 280G of the Internal Revenue Code. In this case, the payment will be reduced to the amount that will result in no portion being subject to the excise tax. This limits the exposure of the Company and of the executives to the parachute payment rules. None of the NEOs are provided with any excise tax gross up.

In the event of death or disability, no special benefits are provided other than the payment of any accrued compensation and benefits under the company-wide benefit plans. None of the NEOs are eligible for retirement, with the exception of Mr. Hardy, who retired as an officer effective January 1, 2013.

Table of Contents**DIRECTOR COMPENSATION**

For 2012, outside directors received an annual retainer of \$120,000, of which a minimum of \$60,000 had to be taken in the form of common stock. Each director may elect to receive common stock in lieu of cash for up to the entire retainer amount. Each of the directors of the Company must be a shareholder, thereby aligning their interests with those of shareholders. To this end, the Board adopted share ownership guidelines for directors, calling for directors to hold the equivalent of three years of their cash retainer in common shares of the Company. An additional retainer for the Chair of the Audit Committee in 2012 was \$10,000, and for the Chairs of the Compensation Committee, the Nominating and Corporate Governance Committee and the Environmental, Health, Safety and Social Responsibility Committee was \$7,500. Committee members and chairmen receive \$1,500 for each committee meeting attended. Our independent Board chairman, Mr. Mellor, received an additional retainer of \$150,000 for 2012. Mr. Krebs does not receive any compensation for his service as a director. Director fees are pro rated for directors who serve for partial years.

In an effort to bring director compensation in line with competitive practices, the Compensation Committee has recommended for 2013, and the Board has approved, an increase in outside directors' annual retainers to \$150,000, of which a minimum of \$90,000 must be taken in the form of common stock, as well as an increase in the additional retainers for the Chairs of the Audit Committee and Compensation Committee to \$15,000 and an increase in the additional retainers for the Chairs of the Nominating and Corporate Governance Committee and the Environmental, Health, Safety and Social Responsibility Committee to \$10,000. The Compensation Committee recommended and the Board approved maintaining meeting fees and the independent Board chairman retainer at their previous levels.

The following table sets forth information regarding the compensation received by each of the Company's outside directors during the year ended December 31, 2012:

As more fully explained in these policies, a related person transaction is a consummated or currently proposed transaction in which the Company was or is to be a participant, involving an amount that exceeds \$120,000, and in which a related person (i.e., any executive officer, director or nominee for director, or any member of the immediate family of such a person) has or will have a direct or indirect material interest. Persons subject to Section 16 are required by SEC regulations to furnish us with copies of all Section 16(a) forms that they file. Based solely on a review of such forms furnished to the Company and written representations that no other reports were required, we believe that for 2012, except for one Form 4 filed by Leon Hardy, relating to five transactions, filed after its due date and one Form 4, relating to one transaction, filed by Luther Russell after its due date, all required reports were filed on a timely basis under Section 16(a).

If your shares are held in a brokerage account and you have received notice from your broker that it will send one copy of the Notice or proxy materials to your address, householding will continue until you are notified otherwise or instruct your broker otherwise. If, at any time, you would prefer to receive a separate copy of the Notice or proxy materials, or if you share an address with another shareholder and receive multiple copies but would prefer to receive a single copy, please notify your broker. The Company promptly will deliver to a shareholder who received one copy of the Notice or proxy materials as the result of householding a separate copy upon the shareholder's written or oral request directed to our investor relations department at (208) 665-0345, Coeur d'Alene Mines Corporation, 505 Front Avenue, P.O. RECITALS

WHEREAS, the Company is a corporation established and existing under the laws of the State of Idaho;

WHEREAS, conversion of an Idaho corporation into a Delaware corporation is permitted under Section 265 of the DGCL and Sections 30-18-501 through 30-18-506 of the IC;

WHEREAS, the Board of Directors of the Company has determined that it would be advisable and in the best interests of the Company and its shareholders for the Company to convert from an Idaho corporation to a Delaware corporation pursuant to Section 265 of the DGCL and Sections 30-18-501 through 30-18-506 of the IC; and

WHEREAS, the form, terms and provisions of this Plan have been authorized, approved and adopted by the Board of Directors of the Company and the Company's shareholders.

NOW, THEREFORE, the Company hereby adopts this Plan as follows:

(a) At the Effective Time (as defined in Section 3 below), the Company shall be converted from an Idaho corporation to a Delaware corporation pursuant to Section 265 of the DGCL and Sections 30-18-501 through 30-18-506 of the IC (the Conversion) and the Company, as converted to a Delaware corporation (the Resulting Company), shall thereafter be subject to all of the provisions of the DGCL, except that notwithstanding Section 106 of the DGCL, the existence of the Resulting Company shall be deemed to have commenced on the date the Company commenced its existence in the State of Idaho. The Company shall not be required to wind up its affairs or pay its liabilities and distribute its assets, and the Conversion shall not be deemed a dissolution of the Company. The Conversion otherwise shall have the effects specified in the DGCL and IC.

At the Effective Time, by virtue of the Conversion and without any further action on the part of the Company or its shareholders, for all purposes of the laws of the State of Delaware, all of the rights, privileges and powers of the Company, and all property, real, personal and mixed, and all debts due to the Company, as well as all other things and causes of action belonging to the Company, shall remain vested in the Resulting Company and shall be the property of the Resulting Company and the title to any real property vested by deed or otherwise in the Company shall not revert or be in any way impaired by reason of the Conversion; but all rights of creditors and all

liens upon any property of the Company shall be preserved unimpaired, and all debts, liabilities and duties of the Company shall remain attached to the Resulting Company at the Effective Time, and may be enforced against the Resulting Company to the same extent as if said debts, liabilities and duties had originally been incurred or contracted by the Resulting Company in its capacity as a corporation of the State of Delaware. The rights, privileges, powers and interests in property of the Company, as well as the debts, liabilities and duties of the Company, shall not be deemed, as a consequence of the Conversion, to have been transferred to the Resulting Company at the Effective Time for any purpose of the laws of the State of Delaware.

(c) The Conversion shall not be deemed to affect any obligations or liabilities of the Company incurred prior to the Conversion or the personal liability of any person incurred prior to the Conversion.

(d) At the Effective Time, the name of the Resulting Company shall be:

COEUR MINING, INC.

(e) The Company intends for the Conversion to constitute a reorganization within the meaning of Section 368(a)(1)(F) of the Internal Revenue Code of 1986, as amended, and for this Plan to constitute a plan of reorganization within the meaning of Treasury Regulation Section 1.368-2(g).

2. Filings. As promptly as practicable following the date hereof, the Company shall cause the Conversion to be effective by:

(c) executing, acknowledging and filing (or causing to be executed, acknowledged and filed) a Certificate of Incorporation of Coeur Mining, Inc. substantially in the form set forth on Exhibit A hereto (the Delaware Certificate of Incorporation) with the Delaware Secretary of State.

3. Effective Time. The Conversion shall become effective upon the filing of the Idaho Statement of Domestication, the Delaware Certificate of Conversion and the Delaware Certificate of Incorporation with the applicable secretary of state (the time of the effectiveness of the Conversion, the Effective Time).

4. Effect of Conversion on Common Stock. Upon the terms and subject to the conditions of this Plan, at the Effective Time, by virtue of the Conversion and without any further action on the part of the Company or its shareholders, each share of issued common stock, \$0.01 par value per share, of the Company (Company Common Stock) shall convert into one validly issued, fully paid and nonassessable share of common stock, \$0.01 par value per share, of the Resulting Company (Resulting Company Common Stock).

5. Effect of Conversion on Outstanding Stock Options. Upon the terms and subject to the conditions of this Plan, at the Effective Time, by virtue of the Conversion and without any further action on the part of the Company or its shareholders, each option to acquire shares of Company Common Stock outstanding immediately prior to the Effective Time shall convert into an equivalent option to acquire, upon the same terms and conditions (including the exercise price per share applicable to each such option) as were in effect immediately prior to the Effective Time, the same number of shares of Resulting Company Common Stock.

6. Effect of Conversion on Outstanding Warrants or Other Rights. Upon the terms and subject to the conditions of this Plan, at the Effective Time, by virtue of the Conversion and without any further action on the

part of the Company or its shareholders, each warrant or other right to acquire shares of Company Common Stock outstanding immediately prior to the Effective Time shall convert into an equivalent warrant or other right to acquire, upon the same terms and conditions (including the exercise price per share applicable to each such warrant or other right) as were in effect immediately prior to the Effective Time, the same number of shares of Resulting Company Common Stock.

7. Effect of Conversion on Stock Certificates. Upon the terms and subject to the conditions of this Plan, at the Effective Time, all of the outstanding certificates that immediately prior to the Effective Time represented shares of Company Common Stock immediately prior to the Effective Time shall be deemed for all purposes to continue to evidence ownership of and to represent the same number of shares of Resulting Company Common Stock.

8. Effect of Conversion on Employee Benefit, Incentive Compensation or Other Similar Plans. Upon the terms and subject to the conditions of this Plan, at the Effective Time, by virtue of the Conversion and without any further action on the part of the Company or its shareholders, each employee benefit plan, incentive compensation plan or other similar plan to which the Company is a party shall continue to be a plan of the Resulting Company. To the extent that any such plan provides for the issuance of Company Common Stock, at the Effective Time, such plan shall be deemed to provide for the issuance of Resulting Company Common Stock. A number of shares of Resulting Company Common Stock shall be reserved for issuance under such plan or plans equal to the number of shares of Company Common Stock so reserved immediately prior to the effective date of the Conversion.

9. Further Assurances. If, at any time after the Effective Time, the Resulting Company shall determine or be advised that any deeds, bills of sale, assignments, agreements, documents or assurances or any other acts or things are necessary, desirable or proper, consistent with the terms of this Plan, (a) to vest, perfect or confirm, of record or otherwise, in the Resulting Company its right, title or interest in, to or under any of the rights, privileges, immunities, powers, purposes, franchises, properties or assets of the Company, or (b) to otherwise carry out the purposes of this Plan, the Resulting Company, its officers and directors and the designees of its officers and directors, are hereby authorized to solicit in the name of the Resulting Company any third-party consents or other documents required to be delivered by any third-party, to execute and deliver, in the name and on behalf of the Resulting Company all such deeds, bills of sale, assignments, agreements, documents and assurances and do, in the name and on behalf of the Resulting Company, all such other acts and things necessary, desirable or proper to vest, perfect or confirm its right, title or interest in, to or under any of the rights, privileges, immunities, powers, purposes, franchises, properties or assets of the Company and otherwise to carry out the purposes of this Plan.

10. Effect of Conversion on Directors and Officers. The members of the Board of Directors and the officers of the Resulting Company immediately after the Effective Time shall be those individuals who were serving as directors and officers, respectively, of the Company.

11. Delaware Bylaws. At the Effective Time, the bylaws of the Resulting Company shall be substantially in the form set forth on Exhibit B hereto (the Delaware Bylaws), and the Board of Directors of the Resulting Company shall adopt the Delaware Bylaws as promptly as practicable following the Effective Time.

12. Delaware Indemnification Agreements. 13. Termination. At any time prior to the Effective Time, this Plan may be terminated and the transactions contemplated hereby may be abandoned by action of the Board of Directors of the Company if, in the opinion of the Board of Directors of the Company, such action would be in the best interests of the Company and its shareholders. In the event of termination of this Plan, this Plan shall become void and of no effect.

ARTICLE II

MEETINGS OF STOCKHOLDERS

Section 2.1 Annual Meeting. The annual meeting of stockholders, for the election of directors and for the transaction of such other business as may properly come before the meeting, shall be held at such place, if any, on such date and at such time as may be determined by the Board of Directors.

Section 2.2 Special Meeting.

(a) (i) Except as otherwise provided for or fixed pursuant to the provisions of Article IV of the Certificate of Incorporation relating to the rights of holders of any series of Preferred Stock, a special meeting of the stockholders of the Corporation: (A) may be called at any time only by the Board of Directors, or by the Chairman of the Board of Directors; and (B) shall be called by the Chairman of the Board of Directors or the Secretary of the Corporation upon the written request or requests of one or more stockholders who are stockholders of record of the Corporation at the time a request is delivered holding shares representing at least 20% in voting power of the stock entitled to vote on the matter or matters to be brought before the proposed special meeting (hereinafter, the Requisite Percent) and that comply with the notice procedures set forth in Section 2.2(b) of these Bylaws with respect to any matter that is a proper subject for the meeting pursuant to Section 2.2(c) (a Stockholder-Requested Special Meeting).

(ii) For purposes of calculating the Requisite Percent under clause (a)(i)(B) of this Section 2.2, a stockholder shall be deemed to be a holder of only those shares of the Corporation having votes entitled to be cast on any issue proposed to be considered at the Stockholder-Requested Special Meeting and as to which the stockholder possesses both: (A) the full voting rights pertaining to the shares and (B) the full economic interest in (including the opportunity for profit and risk of loss on) such shares; provided, however, that the number of shares calculated in accordance with clauses (A) and (B) shall not include any shares: (x) sold by such stockholder or any of its affiliates in any transaction that has not been settled or closed; (y) borrowed by such stockholder or any of its affiliates for any purposes or purchased by such stockholder or any of its affiliates pursuant to an agreement to resell; or (z) subject to any option, warrant, forward contract, swap, contract of sale, or other derivative or similar agreement entered into by such stockholder or any of such stockholder's affiliates, whether any such instrument or agreement is to be settled with shares or with cash based on the notional amount or value of shares of the Corporation, if in any such case such instrument or agreement has, or is

intended to have, the purpose or effect of: (1) reducing in any manner, to any extent or at any time in the future, such stockholder's or affiliates full right to vote or direct the voting of any such shares; and/or (2) hedging, offsetting or altering, to any degree, gain or loss arising from the full economic ownership of such shares by such stockholder or affiliate. A stockholder shall hold shares held in the name of a nominee or other intermediary so long as the stockholder retains the right to instruct how the shares are voted with respect to the election of Directors and possesses the full economic interest in the shares, provided that this provision shall not alter the obligations of any stockholder to provide the notice described in Section 2.2(b) of these Bylaws. The terms holder, held and other variations of the word hold shall have correlative meanings. Whether shares of the Corporation are held for these purposes shall be decided by the Board of Directors.

(b) In order for a Stockholder-Requested Special Meeting to be called by the Chairman of the Board of Directors or the Secretary as provided by clause (a)(i)(B) of this Section 2.2, one or more written requests for a special meeting of stockholders (individually or collectively, a Special Meeting Request) signed and dated by stockholders that hold the Requisite Percent of shares of the Corporation (or their duly authorized agents), must be delivered to the Secretary at the principal office of the Corporation and must set forth the information required in a stockholder notice pursuant to Section 2.10(a)(ii) of these Bylaws. Multiple written requests for a special meeting delivered to the Secretary shall constitute a valid Special Meeting Request only if each such written request satisfies the requirements set forth above, has been dated and delivered to the Secretary within sixty (60) days of the earliest dated of such requests and identifies substantially the same purpose or purposes of the special meeting and substantially the same matters proposed to be acted on at the special meeting. If the stockholder is not the signatory to the Special Meeting Request, such Special Meeting Request shall not be valid unless documentary evidence is supplied to the Secretary at the time of delivery of such Special Meeting Request (or within ten (10) business days thereafter) of such signatory's authority to execute the Special Meeting Request on behalf of the stockholder. Any requesting stockholder may revoke his, her or its Special Meeting Request at any time prior to delivery to the Secretary of Special Meeting Requests representing holdings in the aggregate of the Requisite Percent by written revocation delivered to the Secretary at the principal office of the Corporation. If at any point after sixty (60) days following the earliest dated Special Meeting Request, the unrevoked valid Special Meeting Requests represent ownership in the aggregate of less than the Requisite Percent, there shall be no requirement to hold a special meeting. The determination of the validity of a Special Meeting Request shall be made in good faith by the Board of Directors, which determination shall be conclusive and binding on the Corporation and the stockholders, and the date of such determination is referred to herein as the Request Receipt Date.

(c) A matter is a proper subject of a Stockholder-Requested Special Meeting if it is a proper subject for stockholder action under, and does not involve a violation of, applicable law, unless the Request Receipt Date occurs during the period commencing with the close of business on the ninetieth (90th) day prior to the first anniversary of the date of the preceding year's annual meeting of stockholders and ending on the date that is ninety (90) days after the most recent annual meeting of stockholders.

(d) Business transacted at any special meeting shall be limited to the purpose or purposes described in the notice of the meeting; provided, however that nothing herein shall prohibit the Board of Directors from submitting additional matters to stockholders at any Stockholder-Requested Special Meeting. If none of the stockholders who submitted the Special Meeting Request appears or sends a qualified representative (as defined in Section 2.10(c)(i) of these Bylaws) to present the matters to be presented for consideration that were specified in the Stockholder Meeting Request, the Corporation need not present such matters for a vote at such meeting, notwithstanding that proxies in respect of such matter may have been received by the Corporation.

(e) Any special meeting of stockholders shall be held at such date, time, and place within or without the State of Delaware as may be fixed by the Board of Directors in accordance with these Bylaws and in compliance with the General Corporation Law of the State of Delaware (the DGCL); provided, however, that a Stockholder-Requested Special Meeting shall be called for a date not more than ninety (90) days after

the Request Receipt Date unless a later date is required in order to allow the Corporation to file the information required under Schedule 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act), and the rules and regulations promulgated thereunder, if applicable.

Section 2.3 Notice of Stockholders Meetings.

(a) Whenever stockholders are required or permitted to take any action at a meeting, a notice of the place, if any, date, and time of the meeting of the stockholders, the record date for determining the stockholders entitled to vote at the meeting (if such date is different from the record date for determining the stockholders entitled to notice of the meeting) and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such meeting, shall be given, not less than 10 nor more than 60 days before the date on which the meeting is to be held, to each stockholder entitled to vote at such meeting as of the record date for determining the stockholders entitled to notice of the meeting, except as otherwise provided by law, the Certificate of Incorporation and these Bylaws. In the case of a special meeting, the purpose or purposes for which the meeting is called also shall be set forth in the notice. Notice may be given personally, by mail or by electronic transmission in accordance with Section 232 of the DGCL. If mailed, such notice shall be deemed given when deposited in the United States mail, postage prepaid, directed to each stockholder at such stockholder's address appearing on the books of the Corporation or given by the stockholder for such purpose. Notice by electronic transmission shall be deemed given as provided in Section 232 of the DGCL. An affidavit that notice has been given, executed by the Secretary, Assistant Secretary or any transfer agent or other agent of the Corporation, shall be, in the absence of fraud, prima facie evidence of the giving of such notice or report. Notice shall be deemed to have been given to all stockholders who share an address if notice is given in accordance with the householding rules set forth in Rule 14a-3(e) under the Exchange Act and Section 233 of the DGCL.

(b) When a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the place, if any, date and time thereof, and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken; provided, however, that if the date of any adjourned meeting is more than 30 days after the date for which the meeting was originally called, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. If after the adjournment a new record date for stockholders entitled to vote is fixed for the adjourned meeting, the Board of Directors shall fix a new record date for notice of such adjourned meeting in accordance with Section 7.7(a) of these Bylaws, and shall give notice of the adjourned meeting to each stockholder of record entitled to vote at such adjourned meeting as of the record date for notice of such adjourned meeting. When a meeting is postponed to another date or time, notice need not be given of the postponed meeting if the postponement is to a date not more than 60 days after the record date originally fixed for the meeting.

(c) Notice of any meeting of stockholders may be waived in writing or by electronic transmission by the person entitled to notice, either before or after the meeting, and to the extent permitted by law, will be waived by any stockholder by attendance thereat, in person or by proxy, except when the person objects at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at nor the purpose of any annual or special meeting of the stockholders need be specified in the waiver of notice.

Section 2.4 Organization.

(a) Meetings of stockholders shall be presided over by the Chairman of the Board of Directors, if any, or in his or her absence, by the Chief Executive Officer or, in his or her absence, by another person designated by the Board of Directors. The Secretary, or in his or her absence, an Assistant Secretary, or in the absence of the Secretary and all Assistant Secretaries, a person whom the Chairman of the meeting shall appoint, shall act as Secretary of the meeting and keep a record of the proceedings thereof.

(b) The date and time of the opening and the closing of the polls for each matter upon which the stockholders will vote at a meeting shall be announced at the meeting by the chairman of the meeting. The Board of Directors may adopt by resolution such rules and regulations for the conduct of the meeting of stockholders as it shall deem appropriate. Except to the extent inconsistent with such rules and regulations as adopted by the Board of Directors, the chairman of the meeting shall have the authority to adopt and enforce such rules and regulations for the conduct of meetings of stockholders and the safety of those in attendance as, in the judgment of such chairman, are necessary, appropriate or convenient for the conduct of the meeting. Such rules and regulations, whether adopted by the Board of Directors or the chairman of the meeting may include, without limitation, establishing: (i) an agenda or order of business for the meeting; (ii) rules and procedures for maintaining order at the meeting and the safety of those present; (iii) limitations on attendance at or participation in the meeting to stockholders entitled to vote at the meeting, their duly authorized and constituted proxies and such other persons as the chairman of the meeting shall permit; (iv) restrictions on entry to the meeting after the time fixed for the commencement thereof; (v) limitations on the time allotted for consideration of each agenda item and for questions and comments by participants; (vi) regulation of the opening and closing of the polls for balloting and matters which are to be voted on by ballot; and (vii) procedures (if any) requiring attendees to provide the Corporation advance notice of their intent to attend the meeting. Subject to the rules and regulations adopted by the Board of Directors, the chairman of the meeting may convene and, for any or no reason, from time to time, adjourn any meeting of stockholders pursuant to Section 2.7 of these Bylaws, without notice other than announcement at the meeting, except as provided in Section 2.3(b) of these Bylaws. The chairman of the meeting of stockholders, in addition to making any other determinations that may be appropriate to the conduct of the meeting, shall, if the facts warrant, determine and declare to the meeting that a nomination or matter or business was not properly brought before the meeting, and if such chairman should so determine, such chairman shall so declare to the meeting and any such matter or business not properly brought before the meeting shall not be transacted or considered. Unless and to the extent determined by the Board of Directors or the chairman of the meeting, meetings of stockholders shall not be required to be held in accordance with the rules of parliamentary procedure.

Section 2.5 List of Stockholders. The officer who has charge of the stock ledger shall prepare and make, at least 10 days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, provided, however, that if the record date for determining the stockholders entitled to vote is less than 10 days before the date of the meeting, the list shall reflect the stockholders entitled to vote as of the 10th day before the meeting date. Such list shall be arranged in alphabetical order and shall show the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting at least 10 days prior to the meeting (a) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of meeting, or (b) during ordinary business hours at the principal place of business of the Corporation. If the meeting is to be held at a place, then a list of stockholders entitled to vote at the meeting shall be produced and kept at the time and place of the meeting during the whole time thereof and may be examined by any stockholder who is present. If the meeting is to be held solely by means of remote communication, then the list shall also be open to the examination of any stockholder during the whole time of the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting. Except as otherwise provided by law, the stock ledger shall be the only evidence as to who are the stockholders entitled to examine the list of stockholders required by this Section 2.5 or to vote in person or by proxy at any meeting of stockholders.

Section 2.6 Quorum. Except as otherwise provided by law, the Certificate of Incorporation or these Bylaws, at any meeting of stockholders, the holders of a majority in voting power of all issued and outstanding stock entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum for the transaction of business; provided, however, that where a separate vote by a class or series is required, the holders of a majority in voting power of all issued and outstanding stock of such class or series entitled to vote on such matter, present in person or represented by proxy, shall constitute a quorum entitled to take action with respect to such matter. If

a quorum is not present or represented at any meeting of stockholders, then the chairman of the meeting or the holders of a majority in voting power of the stock entitled to vote thereat, present in person or represented by proxy, shall have the power to adjourn the meeting from time to time in accordance with Section 2.7 of these Bylaws, without notice other than announcement at the meeting and except as provided in Section 2.3(b) of these Bylaws, until a quorum is present or represented. If a quorum initially is present at any meeting of stockholders, the stockholders may continue to transact business until adjournment or recess, notwithstanding the withdrawal of enough stockholders to leave less than a quorum, but if a quorum is not present at least initially, no business other than adjournment may be transacted.

Section 2.7 Adjourned Meeting; Postponement. Any annual or special meeting of stockholders, whether or not a quorum is present, may be adjourned for any reason from time to time by the chairman of the meeting, and may be adjourned for any reason from time to time by the holders of a majority in voting power of the stock entitled to vote thereat, present in person or represented by proxy. At any such adjourned meeting at which a quorum may be present, any business may be transacted that might have been transacted at the meeting as originally called. The Board of Directors may postpone, reschedule or cancel any annual or special meeting of stockholders previously scheduled by the Board of Directors.

Section 2.8 Voting.

(a) Except as otherwise provided by law or the Certificate of Incorporation (including any certificate of designation relating to any series of Preferred Stock), each holder of stock of the Corporation entitled to vote at any meeting of stockholders shall be entitled to one vote for each share of such stock held of record by such holder which has voting power upon the matter in question.

(b) Except as otherwise provided by law, the Certificate of Incorporation (including any certificate of designation relating to any series of Preferred Stock), these Bylaws, or any law, rule, or regulation applicable to the Corporation or its securities, at each meeting of stockholders at which a quorum is present, (i) all corporate actions to be taken by vote of the stockholders (other than the election of directors) shall be approved if the number of votes cast for the action exceeds the number of votes cast against the action, and (ii) where a separate vote by class or series is required, if a quorum of such class or series is present, such act shall be approved if the number of votes cast by such class or series for the action exceeds the number of votes cast against the action by such class or series. Voting at meetings of stockholders need not be by written ballot.

Section 2.9 Proxies. Every stockholder entitled to vote for directors, or on any other matter, shall have the right to do so either in person or by one or more agents authorized to act for such stockholder by a proxy, but no such proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period. A proxy shall be irrevocable if it states that it is irrevocable and if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power. A stockholder may revoke any proxy which is not irrevocable by attending the meeting and voting in person or by delivering to the Secretary of the Corporation a revocation of the proxy or a new proxy bearing a later date. To the extent permitted by law, a proxy is not revoked by the death or incapacity of the maker unless, before the vote is counted, written notice of such death or incapacity is received by the Corporation.

Section 2.10 Notice of Stockholder Business and Nominations.

(a) Annual Meeting.

(i) Nominations of persons for election to the Board of Directors and the proposal of business other than nominations to be considered by the stockholders may be made at an annual meeting of stockholders only (A) pursuant to the Corporation's notice of meeting (or any supplement thereto), (B) by or at the direction of the Board of Directors (or any committee thereof), or (C) by any

stockholder of the Corporation who was a stockholder of record at the time the notice provided for in this Section 2.10(a) is delivered to the Secretary of the Corporation, who is entitled to vote at the meeting and who complies with the notice procedures set forth in this Section 2.10(a).

(ii) For nominations or other business to be properly brought before an annual meeting by a stockholder pursuant to clause (i)(C) of this paragraph (a), the stockholder must have given timely notice thereof in writing to the Secretary of the Corporation and, in the case of business other than nominations, such other business must be a proper subject for stockholder action. To be timely, a stockholder's notice must be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, or if no annual meeting was held in the preceding year, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the date on which public announcement (as defined in Section 2.10(c)(ii) below) of the date of such meeting is first made by the Corporation. In no event shall the public announcement of an adjournment, recess or postponement of an annual meeting commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above. Such stockholder's notice shall set forth:

(A) as to each person whom the stockholder proposes to nominate for election or re-election as a director (1) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Regulation 14A under the Exchange Act, and (2) such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected, provided, however, that, in addition to the information required in the stockholder's notice pursuant to this Section 2.10(a)(ii)(A), the Corporation may require each such person to furnish such other information as may reasonably be required by the Corporation to determine the eligibility of such person to serve as a director of the Corporation, including information relevant to a determination of whether such person can be considered an independent director;

(B) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event that such business includes a proposal to amend the Bylaws of the Corporation, the language of the proposed amendment), the reasons for conducting such business at the meeting and any substantial interest (within the meaning of Item 5 of Schedule 14A under the Exchange Act) in such business of such stockholder and the beneficial owner (within the meaning of Section 13(d) of the Exchange Act), if any, on whose behalf the proposal is made;

(C) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made or the business is proposed:

(1) the name and address of such stockholder, as they appear on the Corporation's books, and the name and address of such beneficial owner,

(2) the class or series and number of shares of capital stock of the Corporation which are owned of record and beneficially owned by such stockholder and such beneficial owner as of the date of the notice, and a representation that the stockholder will notify the Corporation in writing within five business days after the record date for such meeting of the class and series and number of shares of capital stock of the Corporation owned of record by the stockholder and such beneficial owner as of the record date for the meeting, and

(3) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such nomination or business;

(D) as to the stockholder giving the notice or, if the notice is given on behalf of a beneficial owner on whose behalf the nomination is made or the business is proposed, as to such beneficial owner:

(1) the class and number of shares of capital stock of the Corporation which are beneficially owned (as defined in Section 2.10(c)(ii) below) by such stockholder or beneficial owner as of the date of the notice, and a representation that the stockholder will notify the Corporation in writing within five business days after the record date for such meeting of the class and number of shares of capital stock of the Corporation beneficially owned by such stockholder or beneficial owner as of the record date for the meeting;

(2) a description of any agreement, arrangement or understanding with respect to the nomination or other business between or among such stockholder and/or beneficial owner, and of their respective affiliates or associates, and any other person, including without limitation any agreements that would be required to be disclosed pursuant to Item 5 or Item 6 of Exchange Act Schedule 13D (regardless of whether the requirement to file a Schedule 13D is applicable) and a representation that the stockholder will notify the Corporation in writing within five business days after the record date for such meeting of any such agreement, arrangement or understanding in effect as of the record date for the meeting; and

(3) a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, warrants, convertible securities, stock appreciation or similar rights, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of the stockholder's notice by, or on behalf of, such stockholder or beneficial owner, whether or not such instrument or right shall be subject to settlement in underlying shares of capital stock of the Corporation, the effect or intent of which is to mitigate loss, manage risk or benefit from changes in the share price of any class of the Corporation's capital stock, or maintain, increase or decrease the voting power of the stockholder or beneficial owner with respect to shares of stock of the Corporation, and a representation that the stockholder will notify the Corporation in writing within five business days after the record date for such meeting of any such agreement, arrangement or understanding in effect as of the record date for the meeting.

(iii) This Section 2.10(a) shall not apply to a proposal proposed to be made by a stockholder if the stockholder has notified the Corporation of his or her intention to present the proposal at an annual or special meeting only pursuant to and in compliance with Rule 14a-8 under the Exchange Act and such proposal has been included in a proxy statement that has been prepared by the Corporation to solicit proxies for such meeting.

(b) **Special Meeting.** Only such business shall be conducted at a special meeting of stockholders as shall have been brought before the meeting pursuant to the Corporation's notice of meeting (or any supplement thereto). Nominations of persons for election to the Board of Directors may be made at a special meeting of stockholders at which directors are to be elected pursuant to the Corporation's notice of meeting (i) by or at the direction of the Board of Directors (or any committee thereof) or (ii) provided that the Board of Directors has determined that directors shall be elected at such meeting, by any stockholder of the Corporation who is a stockholder of record at the time the notice provided for in this Section 2.10(b) is delivered to the Secretary of the Corporation, who is entitled to vote at the meeting upon such election and who complies with the notice procedures (including the informational requirements) set forth in this Section 2.10, or (iii) in the case of a Stockholder-Requested Special Meeting, by any stockholder of the Corporation pursuant to Section 2.2 of these Bylaws. In the event the Corporation calls a special meeting of stockholders (other than a Stockholder-Requested Special Meeting) for the purpose of electing one or more

Table of Contents

directors to the Board of Directors, any such stockholder entitled to vote in such election of directors may nominate a person or persons (as the case may be) for election to such position(s) as specified in the Corporation's notice of meeting, if the notice required by Section 2.10(a)(ii) of these Bylaws shall be delivered to the Secretary at the principal executive offices of the Corporation not earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting. In no event shall the public announcement of an adjournment, recess or postponement of a special meeting commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above. Notwithstanding any other provision of these Bylaws, in the case of a Stockholder-Requested Special Meeting, no stockholder may nominate a person for election to the Board of Directors or propose any other business to be considered at the meeting, except pursuant to the written request(s) delivered for such special meeting pursuant to Section 2.2 of these Bylaws.

(c) General.

(i) Only such persons who are nominated in accordance with the procedures set forth in this Section 2.10 shall be eligible to be elected at any meeting of stockholders of the Corporation to serve as directors, and only such business shall be conducted at a meeting of stockholders as shall have been brought before the meeting in accordance with the procedures set forth in this Section 2.10. Except as otherwise provided by law, the chairman of the meeting shall have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made or proposed, as the case may be, in accordance with the procedures set forth in this Section 2.10. If any proposed nomination or business is not in compliance with this Section 2.10, then except as otherwise provided by law, the chairman of the meeting shall have the power and duty to declare that such nomination shall be disregarded or that such proposed business shall not be transacted. Notwithstanding the foregoing provisions of this Section 2.10, unless otherwise required by law, if the stockholder does not provide the information required under clauses (a)(ii)(C)(2) and (a)(ii)(D)(1) - (3) of this Section 2.10 to the Corporation within the time frames specified herein, or if the stockholder (or a qualified representative of the stockholder) does not appear at the annual or special meeting of stockholders of the Corporation to present a nomination or proposed business, such nomination shall be disregarded and such proposed business shall not be transacted, notwithstanding that proxies in respect of such vote may have been received by the Corporation. For purposes of Section 2.2(d) of these Bylaws and this Section 2.10, to be considered a qualified representative of a stockholder, a person must be a duly authorized officer, manager or partner of such stockholder or authorized by a writing executed by such stockholder (or a reliable reproduction or electronic transmission of the writing) delivered to the Corporation prior to the making of such nomination or proposal at such meeting by such stockholder stating that such person is authorized to act for such stockholder as proxy at the meeting of stockholders.

(ii) For purposes of this Section 2.10, a public announcement means disclosure in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Sections 13, 14 or 15(d) of the Exchange Act. For purposes of clause (a)(ii)(D)(1) of this Section 2.10, shares shall be treated as beneficially owned by a person if the person beneficially owns such shares, directly or indirectly, for purposes of Section 13(d) of the Exchange Act and Regulations 13D and 13G thereunder or has or shares pursuant to any agreement, arrangement or understanding (whether or not in writing): (A) the right to acquire such shares (whether such right is exercisable immediately or only after the passage of time or the fulfillment of a condition or both), (B) the right to vote such shares, alone or in concert with others and/or (C) investment power with respect to such shares, including the power to dispose of, or to direct the disposition of, such shares.

(iii) Nothing in this Section 2.10 shall be deemed to affect any rights of the holders of any series of Preferred Stock to elect directors pursuant to any applicable provisions of the Certificate of Incorporation (including any certificate of designation relating to any series of Preferred Stock).

Section 2.11 **Action by Written Consent**. Unless otherwise provided in the Certificate of Incorporation, any action required or permitted to be taken at a meeting of the stockholders of the Corporation may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of all of the outstanding stock entitled to vote with respect to the subject matter thereof.

Section 2.12 **Inspectors of Election**. Before any meeting of stockholders, the Board of Directors may, and shall if required by law, appoint one or more inspectors of election, who may be employees of the Corporation, to act at the meeting and make a written report thereof. The Board of Directors may designate one or more persons as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting, the chairman of the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before entering upon the discharge of his or her duties, shall take and sign an oath to execute faithfully the duties of inspector with strict impartiality and according to the best of his or her ability. Inspectors need not be stockholders. No director or nominee for the office of director at an election shall be appointed as an inspector at such election. Such inspectors shall:

- (a) determine the number of shares outstanding and the voting power of each, the number of shares represented at the meeting, the existence of a quorum, and the validity of proxies and ballots;
- (b) determine and retain for a reasonable period a record of the disposition of any challenges made and the determination by the inspectors;
- (c) count and tabulate all votes and ballots; and
- (d) certify their determination of the number of shares represented at the meeting, and their count of all votes and ballots.

ARTICLE III

DIRECTORS

Section 3.1 **Powers**. Subject to the provisions of the DGCL and to any limitations in the Certificate of Incorporation relating to action required to be approved by the stockholders, the business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. In addition to the powers and authorities these Bylaws expressly confer upon it, the Board of Directors may exercise all such powers of the Corporation and do all such lawful acts and things as are not by law, the Certificate of Incorporation or these Bylaws required to be exercised or done by the stockholders.

Section 3.2 **Number, Term of Office and Election**. Subject to the rights of the holders of any series of Preferred Stock to elect directors under specified circumstances, the Board of Directors shall consist of such number of directors as shall be determined from time to time solely by resolution adopted by affirmative vote of a majority of the directors then in office. The Board of Directors shall initially consist of the directors designated in the Certificate of Incorporation, and each director so elected shall hold office until the next annual meeting of stockholders or until his or her successor is duly elected and qualified. Except as provided in Section 3.3 of these Bylaws, at the next annual meeting of stockholders and at each annual meeting thereafter, directors shall be

elected by a plurality of the shares present in person or represented by proxy and entitled to vote in the election of directors. No person shall serve as a director unless such person is a stockholder of the corporation.

Section 3.3 Vacancies. Subject to the rights of the holders of any one or more series of Preferred Stock then outstanding, newly created directorships resulting from any increase in the authorized number of directors and any vacancies in the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or other cause may, unless otherwise required by law, be filled by the affirmative vote of a majority of the remaining directors then in office, though less than a quorum, and any director so chosen shall hold office until the next election of directors and until his or her successor shall be elected and qualified. No decrease in the authorized number of directors shall shorten the term of any incumbent director.

Section 3.4 Resignations. Any director may resign at any time upon notice given in writing or by electronic transmission to the Board of Directors, the Chairman of the Board of Directors or the Secretary. Such resignation shall take effect upon delivery, unless the resignation specifies a later effective date or an effective date determined upon the happening of an event or events. Unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 3.5 Regular Meetings. All regular meetings of the Board of Directors shall be held at such place or places, within or without the State of Delaware, on such date or dates and at such time or times, as shall have been established by the Board of Directors and publicized among all directors; provided, however, that no fewer than one regular meeting per calendar year shall be held. A notice of each regular meeting shall not be required.

Section 3.6 Special Meetings. Special meetings of the Board of Directors for any purpose or purposes may be called at any time by the Chairman of the Board of Directors, the Chief Executive Officer or a majority of the Board of Directors then in office. The person or persons authorized to call special meetings of the Board of Directors may fix the place, date and time of such meetings. Notice of each such meeting shall be given to each director, if by mail, addressed to such director at his or her residence or usual place of business, at least five days before the day on which such meeting is to be held, or shall be sent to such director at such place by telecopy, telegraph, electronic transmission or other form of recorded communication, or be delivered personally or by telephone, in each case at least 24 hours prior to the time set for such meeting. Notice of any meeting need not be given to a director who shall, either before or after the meeting, submit a waiver of such notice or who shall attend such meeting without protesting, prior to or at its commencement, the lack of notice to such director. A notice of special meeting need not state the purpose of such meeting, and, unless indicated in the notice thereof, any and all business may be transacted at a special meeting.

Section 3.7 Participation in Meetings by Conference Telephone. Members of the Board of Directors, or of any committee thereof, may participate in a meeting of such Board of Directors or committee by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and such participation shall constitute presence in person at such meeting.

Except as otherwise provided by law, the Certificate of Incorporation or these Bylaws, a majority of the authorized number of directors shall constitute a quorum for the transaction of business at any meeting of the Board of Directors, and the vote of a majority of the directors present at a duly held meeting at which a quorum is present shall be regarded as the act of the Board of Directors.

Section 3.9 Board of Directors Action by Written Consent Without a Meeting. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors, or any committee thereof, may be taken without a meeting, provided that all members of the Board of Directors or such committee, as the case may be, consent in writing or by electronic transmission to such action, and the writing or writings or electronic transmission or transmissions are filed with the minutes or proceedings of the Board of Directors or committee in accordance with applicable law. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

Section 3.10 Chairman of the Board. The Chairman of the Board shall preside at meetings of stockholders and directors and shall perform such other duties as the Board of Directors may from time to time determine. If the Chairman of the Board is not present at a meeting of the Board of Directors, another director chosen by the Board of Directors shall preside.

Section 3.13 Emergency Bylaws. In the event of any emergency, disaster or catastrophe, as referred to in Section 110 of the DGCL, or other similar emergency condition, as a result of which a quorum of the Board of Directors or a standing committee of the Board of Directors cannot readily be convened for action, then the director or directors in attendance at the meeting shall constitute a quorum. In the absence or disqualification of a member of a committee, the member or members present at any meeting and not disqualified from voting, whether or not he, she or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent permitted by law and to the extent provided in the resolution of the Board of Directors establishing such committee, shall have and may exercise all the powers and authority of the Board of Directors in overseeing the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority in reference to the following matters: (a) approving or adopting, or recommending to the stockholders, any action or matter (other than the election or removal of directors) expressly required by the DGCL to be submitted to stockholders for approval, or (b) adopting, amending or repealing any bylaw of the Corporation. The Secretary shall, when requested, counsel with and advise the other officers of the Corporation and shall perform such other duties as the Board of Directors or the Chief Executive Officer may from time to time determine.

Section 5.11 Additional Matters. The Chief Executive Officer and the Chief Financial Officer of the Corporation shall have the authority to designate employees of the Corporation to have the title of Assistant Vice-President, Assistant Treasurer or Assistant Secretary. Any employee so designated shall have the powers and duties determined by the officer making such designation. The persons upon whom such titles are conferred shall not be deemed officers of the Corporation unless elected by the Board of Directors.

Section 5.12 Checks; Drafts; Evidences of Indebtedness. From time to time, the Board of Directors shall determine the method, and designate (or authorize officers of the Corporation to designate) the person or persons who shall have authority, to sign or endorse all checks, drafts, other orders for payment of money, notes, bonds, debentures or other evidences of indebtedness that are issued in the name of or payable by the Corporation, and only the persons so authorized shall sign or endorse such instruments.

ARTICLE VI

INDEMNIFICATION AND ADVANCEMENT OF EXPENSES

Section 6.1 Right to Indemnification.

(a) Each person who was or is a party or is threatened to be made a party to any action, suit, arbitration, alternative dispute mechanism, inquiry, judicial, administrative or legislative hearing, investigation or any other threatened, pending or completed proceeding, whether brought by or in the right of the Corporation or otherwise, including any and all appeals, whether of a civil, criminal, administrative, legislative, investigative or other nature (hereinafter a Proceeding), by reason of the fact that he or she is or was a director, officer or employee of the Corporation or while a director, officer or employee of the Corporation is or was serving at the request of the Corporation as a director, officer, employee, agent or trustee of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (hereinafter an Indemnitee), or by reason of anything done or not done by him or her in any such capacity, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended, against all expense, liability and loss (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement by or on behalf of the Indemnitee) actually and reasonably incurred by such Indemnitee in connection therewith; provided, however, that, except as otherwise required by law or provided in Section 6.3 of these Bylaws with respect to Proceedings to enforce rights under this Article VI, the Corporation shall indemnify any such Indemnitee in connection with a Proceeding, or part thereof, initiated by such Indemnitee (including claims and counterclaims, whether such counterclaims are asserted by (i) such Indemnitee, or (ii) the Corporation in a Proceeding initiated by such Indemnitee) only if such Proceeding, or part thereof, was authorized or ratified by the Board of Directors.

(b) To receive indemnification under this Section 6.1, an Indemnitee shall submit a written request to the Corporation. Such request shall include documentation or information that is necessary to determine the entitlement of the Indemnitee to indemnification and that is reasonably available to the Indemnitee. Upon receipt by the Corporation of such a written request by an Indemnitee who was or is a director or officer of the Corporation, the entitlement of the Indemnitee to indemnification shall be determined by the following person or persons who shall be empowered to make such determination: (i) the Board of Directors by a majority vote of the directors who are not parties to such Proceeding, whether or not such majority constitutes a quorum, (ii) a committee of such directors designated by a majority vote of such directors, whether or not such majority constitutes a quorum, (iii) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion to the Board of Directors, a copy of which shall be delivered to the Indemnitee, (iv) the stockholders of the Corporation or (v) in the event that a Change of Control (as defined below) has occurred, by independent legal counsel in a written opinion to the Board of Directors, a copy of which shall be delivered to the Indemnitee. Upon receipt by the Corporation of such a written request by an Indemnitee who was or is an employee of the Corporation, the entitlement of the Indemnitee to indemnification shall be determined by the Chief Executive Officer or any other officer of the Corporation authorized to make such determination. The determination of entitlement to indemnification shall be made and, unless a contrary determination is made, such indemnification shall be paid in full by the Corporation not later than 60 days after receipt by the Corporation of a written request for indemnification. For purposes of this Section 6.1(b), a Change of Control will be deemed to have occurred if the individuals who, as of the effective date of these Bylaws, constitute the Board of Directors (the Incumbent Board) cease for any reason to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director subsequent to such effective date whose election, or nomination for election by the stockholders of the Corporation, was approved by a vote of at least a majority of the

Table of Contents

directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board of Directors.

Section 6.2 Right to Advancement of Expenses.

(a) In addition to the right to indemnification conferred in Section 6.1 of these Bylaws, an Indemnitee shall, to the fullest extent not prohibited by law, also have the right to be paid by the Corporation the expenses (including attorneys' fees) incurred in defending any Proceeding with respect to which indemnification is required under Section 6.1 of these Bylaws in advance of its final disposition (hereinafter an Advancement); provided, however, that an Advancement shall be made only upon delivery to the Corporation of an undertaking (hereinafter an Undertaking), by or on behalf of such Indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision of a court of competent jurisdiction from which there is no further right to appeal (hereinafter a Final Adjudication) that such Indemnitee is not entitled to be indemnified for such expenses under this Article VI or otherwise.

(b) To receive an Advancement under this Section 6.2, an Indemnitee shall submit a written request to the Corporation. Such request shall reasonably evidence the expenses incurred by the Indemnitee and shall include or be accompanied by the Undertaking required by Section 6.2(a). Each such Advancement shall be made within 20 days after the receipt by the Corporation of a written request for Advancement.

Section 6.3 Right of Indemnitee to Bring Suit. In the event that a determination is made that the Indemnitee is not entitled to indemnification or if payment is not timely made following a determination of entitlement to indemnification pursuant to Section 6.1(b) of these Bylaws or if an Advancement is not timely made under Section 6.2(b) of these Bylaws, the Indemnitee may at any time thereafter bring suit against the Corporation in a court of competent jurisdiction in the State of Delaware seeking an adjudication of entitlement to such indemnification or Advancement. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an Advancement pursuant to the terms of an Undertaking, the Indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit to the fullest extent permitted by law. In any suit brought by the Indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the Indemnitee to enforce a right to an Advancement) it shall be a defense that the Indemnitee has not met any applicable standard of conduct for indemnification set forth in the DGCL. Further, in any suit brought by the Corporation to recover an Advancement pursuant to the terms of an Undertaking, the Corporation shall be entitled to recover such expenses upon a Final Adjudication that the Indemnitee has not met any applicable standard of conduct for indemnification set forth in the DGCL. Neither the failure of the Corporation (including its directors who are not parties to such action, a committee of such directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the Indemnitee is proper in the circumstances because the Indemnitee has met the applicable standard of conduct set forth in the DGCL, nor an actual determination by the Corporation (including its directors who are not parties to such action, a committee of such directors, independent legal counsel, or its stockholders) that the Indemnitee has not met such applicable standard of conduct, shall create a presumption that the Indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the Indemnitee, be a defense to such suit. In any suit brought by the Indemnitee to enforce a right to indemnification or to an Advancement hereunder, or brought by the Corporation to recover an Advancement pursuant to the terms of an Undertaking, the burden of proving that the Indemnitee is not entitled to be indemnified, or to such Advancement, under applicable law, this Article VI or otherwise, shall be on the Corporation.

Section 6.4 Non-Exclusivity of Rights. The rights to indemnification and to the Advancement conferred in this Article VI shall not be exclusive of any other right which any person may have or hereafter acquire under any law, agreement, vote of stockholders or directors, provisions of a charter or bylaws, or otherwise.

Section 6.5 Insurance. The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Section 6.6 Indemnification of Agents of the Corporation. The Corporation, to the extent and in the manner permitted by law, may, to the extent authorized from time to time, grant rights to indemnification and to the Advancement to any agent of the Corporation to the fullest extent of the provisions of this Article VI with respect to the indemnification and Advancement of directors, officers and employees of the Corporation.

Section 6.7 Nature of Rights. The rights conferred upon Indemnitees in this Article VI shall be contract rights that shall vest at the time an individual becomes a director, officer or employee of the Corporation, and such rights shall continue as to an Indemnitee who has ceased to be a director, officer or employee and shall inure to the benefit of the Indemnitee's heirs, executors and administrators. Any amendment, alteration or repeal of this Article VI that adversely affects any right of an Indemnitee or its successors shall be prospective only and shall not limit or eliminate any such right with respect to any Proceeding involving any occurrence or alleged occurrence of any action or omission to act that took place prior to such amendment, alteration or repeal.

Section 6.8 Settlement of Claims. The Corporation shall not be liable to indemnify any Indemnitee under this Article VI for any amounts paid in settlement of any Proceeding effected without the Corporation's written consent, which consent shall not be unreasonably withheld, or for any judicial award if the Corporation was not given a reasonable and timely opportunity, at its expense, to participate in the defense of such Proceeding.

Section 6.9 Subrogation. In the event of payment under this Article VI, the Corporation shall be subrogated to the extent of such payment to all of the rights of recovery of the Indemnitee, who shall execute all papers required and shall do everything that may be necessary to secure such rights, including the execution of such documents necessary to enable the Corporation effectively to bring suit to enforce such rights.

Section 6.10 Severability. If any provision or provisions of this Article VI shall be held to be invalid, illegal or unenforceable for any reason whatsoever, (a) the validity, legality and enforceability of the remaining provisions of this Article VI (including, without limitation, all portions of any paragraph of this Article VI containing any such provision held to be invalid, illegal or unenforceable, that are not by themselves invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby, and (b) to the fullest extent possible, the provisions of this Article VI (including, without limitation, all portions of any paragraph of this Article VI containing any such provision held to be invalid, illegal or unenforceable, that are not themselves invalid, illegal or unenforceable) shall be construed so as to give effect to the intent of the parties that the Corporation provide protection to the Indemnitee to the fullest enforceable extent.

ARTICLE VII

CAPITAL STOCK

Section 7.1 Certificates of Stock. The shares of the Corporation shall be represented by certificates in such form as shall be determined by the Board of Directors, provided, however, that the Board of Directors may provide by resolution or resolutions that some or all of any or all classes or series of stock shall be uncertificated shares. Any such resolution shall not apply to shares represented by a certificate until such certificate is surrendered to the Corporation. Every holder of stock represented by certificates shall be entitled to have a certificate signed by or in the name of the Corporation by the Chairman or Vice Chairman of the Board of Directors, if any, or the President or a Vice-President, and by the Treasurer or an Assistant Treasurer, or the Secretary or an Assistant Secretary, of the Corporation certifying the number of shares owned by such holder in the Corporation. Any or all such signatures may be facsimiles. In case any officer, transfer agent or registrar who

has signed or whose facsimile signature has been placed upon a certificate has ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if such person were such officer, transfer agent or registrar at the date of issue.

Section 7.2 Special Designation on Certificates. If the Corporation is authorized to issue more than one class of stock or more than one series of any class, then the powers, the designations, the preferences, and the relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights shall be set forth in full or summarized on the face or back of the certificate that the Corporation shall issue to represent such class or series of stock; provided, however, that, except as otherwise provided in Section 202 of the DGCL, in lieu of the foregoing requirements there may be set forth on the face or back of the certificate that the Corporation shall issue to represent such class or series of stock a statement that the Corporation will furnish without charge to each stockholder who so requests the powers, the designations, the preferences, and the relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights. Within a reasonable time after the issuance or transfer of uncertificated stock, the Corporation shall send to the registered owner thereof a written notice containing the information required to be set forth or stated on certificates pursuant to this Section 7.2 or Sections 156, 202(a) or 218(a) of the DGCL or with respect to this Section 7.2 a statement that the Corporation will furnish without charge to each stockholder who so requests the powers, the designations, the preferences, and the relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights. Except as otherwise expressly provided by law, the rights and obligations of the holders of uncertificated stock and the rights and obligations of the holders of certificates representing stock of the same class and series shall be identical.

Section 7.3 Transfers of Stock. Transfers of shares of stock of the Corporation shall be made only on the books of the Corporation upon authorization by the registered holder thereof or by such holder's attorney thereunto authorized by a power of attorney duly executed and filed with the Secretary or a transfer agent for such stock, and if such shares are represented by a certificate, upon surrender of the certificate or certificates for such shares properly endorsed or accompanied by a duly executed stock transfer power and the payment of any taxes thereon; provided, however, that the Corporation shall be entitled to recognize and enforce any lawful restriction on transfer.

Section 7.4 Lost Certificates. The Corporation may issue a new share certificate or uncertificated shares in the place of any certificate theretofore issued by it, alleged to have been lost, stolen or destroyed, and the Corporation may require the owner of the lost, stolen or destroyed certificate or the owner's legal representative to give the Corporation a bond (or other adequate security) sufficient to indemnify it against any claim that may be made against it (including any expense or liability) on account of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate or uncertificated shares. The Board of Directors may adopt such other provisions and restrictions with reference to lost certificates, not inconsistent with applicable law, as it shall in its discretion deem appropriate.

Section 7.5 Addresses of Stockholders. Each stockholder shall designate to the Secretary of the Corporation an address at which notices of meetings and all other corporate notices may be served or mailed to such stockholder and, if any stockholder shall fail to so designate such an address, corporate notices may be served upon such stockholder by mail directed to the mailing address, if any, as the same appears in the stock ledger of the Corporation or at the last known mailing address of such stockholder.

Section 7.6 Registered Stockholders. The Corporation shall be entitled to recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends, and to vote as such owner, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by law.

Section 7.7 Record Date for Determining Stockholders.

(a) In order that the Corporation may determine the stockholders entitled to notice of any meeting of stockholders or any adjourned meeting, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall, unless otherwise required by law, not be more than 60 nor less than 10 days before the date of such meeting. If the Board of Directors so fixes a date, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board of Directors determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of and to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjourned meeting, and to any postponement of a meeting that is to a date not more than 60 days after the record date; provided, however, that the Board of Directors may fix a new record date for the determination of stockholders entitled to vote at any such meeting, and in such case shall also fix as the record date for stockholders entitled to notice of such meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote in accordance herewith at the adjourned meeting.

(b) In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall not be more than 60 days prior to such action. If no such record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

Section 7.8 Regulations. To the extent permitted by applicable law, the Board of Directors may make such additional rules and regulations as it may deem expedient concerning the issue, transfer and registration of shares of stock of the Corporation.

ARTICLE VIII

Section 8.1 Fiscal Year. The fiscal year of the Corporation shall begin on the first day of January of each year and end on the last day of December of the same year, or shall extend for such other 12 consecutive months as the Board of Directors may designate.

Section 8.2 Corporate Seal. The Board of Directors may provide a suitable seal, containing the name of the Corporation, which seal shall be in the charge of the Secretary of the Corporation. If and when so directed by the Board of Directors or a committee thereof, duplicates of the seal may be kept and used by the Treasurer or by an Assistant Secretary or Assistant Treasurer.

Section 8.3 Maintenance and Inspection of Records. The Corporation shall, either at its principal executive office or at such place or places as designated by the Board of Directors, keep a record of its stockholders, listing their names and addresses and the number and class of shares held by each stockholder, a copy of these Bylaws as amended to date, accounting books and other records.

Section 8.4 Reliance Upon Books, Reports and Records. EXHIBIT C TO APPENDIX A

FORM OF INDEMNIFICATION AGREEMENT

This Indemnification Agreement (this Agreement) is entered into as of [date], (the Effective Date) by and between Coeur Mining, Inc., a Delaware corporation (the Company), and [name] (the Indemnitee).

RECITALS

WHEREAS, the Board of Directors has determined that the inability to attract and retain qualified persons as directors and officers is detrimental to the best interests of the Company's stockholders and that the Company should act to assure such persons that there shall be adequate certainty of protection through insurance and indemnification against risks of claims and actions against them arising out of their service to and activities on behalf of the Company;

WHEREAS, the Company has adopted provisions in its Bylaws providing for indemnification and advancement of expenses of its directors and officers to the fullest extent authorized by the General Corporation Law of the State of Delaware (the DGCL), and the Company wishes to clarify and enhance the rights and obligations of the Company and the Indemnitee with respect to indemnification and advancement of expenses;

WHEREAS, in order to induce and encourage highly experienced and capable persons such as the Indemnitee to serve and continue to serve as directors and officers of the Company and in any other capacity with respect to the Company as the Company may request, and to otherwise promote the desirable end that such persons shall resist what they consider unjustified lawsuits and claims made against them in connection with the good faith performance of their duties to the Company, with the knowledge that certain costs, judgments, penalties, fines, liabilities, and expenses incurred by them in their defense of such litigation are to be borne by the Company and they shall receive the maximum protection against such risks and liabilities as may be afforded by applicable law, the Board of Directors of the Company has determined that the following Agreement is reasonable and prudent to promote and ensure the best interests of the Company and its stockholders; and

WHEREAS, the Company desires to have the Indemnitee continue to serve as a director or officer of the Company and in any other capacity with respect to the Company as the Company may request, as the case may be, free from undue concern for unpredictable, inappropriate, or unreasonable legal risks and personal liabilities by reason of the Indemnitee acting in good faith in the performance of the Indemnitee's duty to the Company; and the Indemnitee desires to continue so to serve the Company, provided, and on the express condition, that he or she is furnished with the protections set forth hereinafter.

AGREEMENT

NOW, THEREFORE, in consideration of the Indemnitee's continued service as a director or officer of the Company, the parties hereto agree as follows:

I. Definitions. For purposes of this Agreement:

(a) A Change in Control will be deemed to have occurred if the individuals who, as of the Effective Date, constitute the Board of Directors of the Company (the Incumbent Board) cease for any reason to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director subsequent to such effective date whose election, or nomination for election by the stockholders of the Company, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board of Directors.

(b) Disinterested Director means a director of the Company who is not or was not a party to the Proceeding in respect of which indemnification is being sought by the Indemnitee.

(c) Expenses includes, without limitation, expenses incurred in connection with the defense or settlement of any action, suit, arbitration, alternative dispute mechanism, inquiry, judicial, administrative, or legislative hearing, investigation, or any other threatened, pending, or completed proceeding, whether brought by or in the right of the Company or otherwise, including any and all appeals, whether of a civil, criminal, administrative, legislative, investigative, or other nature, attorneys' fees, witness fees and expenses, fees and expenses of accountants and other advisors, retainers and disbursements and advances thereon, the premium, security for, and other costs relating to any bond (including cost bonds, appraisal bonds, or their equivalents), and any expenses of establishing a right to indemnification or advancement under Sections 9, 11, 13, and 16 hereof, but shall not include the amount of judgments, fines, ERISA excise taxes, or penalties actually levied against the Indemnitee, or any amounts paid in settlement by or on behalf of the Indemnitee.

(d) Independent Counsel means a law firm or a member of a law firm that neither is presently nor in the past five years has been retained to represent (i) the Company or the Indemnitee in any matter material to either such party or (ii) any other party to the Proceeding giving rise to a request for indemnification hereunder. Notwithstanding the foregoing, the term Independent Counsel shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or the Indemnitee in an action to determine the Indemnitee's right to indemnification under this Agreement.

(e) Proceeding means any action, suit, arbitration, alternative dispute mechanism, inquiry, judicial, administrative, or legislative hearing, investigation, or any other threatened, pending, or completed proceeding, whether brought by or in the right of the Company or otherwise, including any and all appeals, whether of a civil, criminal, administrative, legislative, investigative, or other nature, to which the Indemnitee was or is a party or is threatened to be made a party or is otherwise involved in by reason of the fact that the Indemnitee is or was a director, officer, employee, agent, or trustee of the Company or while a director, officer, employee, agent, or trustee of the Company is or was serving at the request of the Company as a director, officer, employee, agent, or trustee of another corporation or of a partnership, joint venture, trust, or other enterprise, including service with respect to an employee benefit plan, or by reason of anything done or not done by the Indemnitee in any such capacity, whether or not the Indemnitee is serving in such capacity at the time any expense, liability, or loss is incurred for which indemnification or advancement can be provided under this Agreement.

2. Service by the Indemnitee. The Indemnitee shall serve and/or continue to serve as a director or officer of the Company faithfully and to the best of the Indemnitee's ability so long as the Indemnitee is duly elected or appointed and until such time as the Indemnitee's successor is elected and qualified or the Indemnitee is removed as permitted by applicable law or tenders a resignation in writing.

3. Indemnification and Advancement of Expenses. The Company shall indemnify and hold harmless the Indemnitee, and shall pay to the Indemnitee in advance of the final disposition of any Proceeding all Expenses incurred by the Indemnitee in defending any such Proceeding, to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended, all on the terms and conditions set forth in this Agreement. Without diminishing the scope of the rights provided by this Section, the rights of the Indemnitee to indemnification and advancement of Expenses provided hereunder shall include but shall not be limited to those rights hereinafter set forth, except that no indemnification or advancement of Expenses shall be paid to the Indemnitee:

(a) to the extent expressly prohibited by applicable law or the Bylaws of the Company;

(b) for and to the extent that payment is actually made to the Indemnitee under a valid and collectible insurance policy or under a valid and enforceable indemnity clause, provision of the certificate of

Table of Contents

incorporation or bylaws, or agreement of the Company or any other company or other enterprise (and the Indemnitee shall reimburse the Company for any amounts paid by the Company and subsequently so recovered by the Indemnitee); or

(c) in connection with an action, suit, or proceeding, or part thereof initiated by the Indemnitee (including claims and counterclaims, whether such counterclaims are asserted by (i) the Indemnitee, or (ii) the Company in an action, suit, or proceeding initiated by the Indemnitee), except a judicial proceeding pursuant to Section 11 to enforce rights under this Agreement, unless the action, suit, or proceeding, or part thereof, was authorized or ratified by the Board of Directors of the Company.

4. Action or Proceedings Other than an Action by or in the Right of the Company. Except as limited by Section 3 above, the Indemnitee shall be entitled to the indemnification rights provided in this Section if the Indemnitee was or is a party or is threatened to be made a party to, or was or is otherwise involved in, any Proceeding (other than an action by or in the right of the Company) by reason of the fact that the Indemnitee is or was a director, officer, employee, agent, or trustee of the Company or while a director, officer, employee, agent, or trustee of the Company is or was serving at the request of the Company as a director, officer, employee, agent, or trustee of another corporation or of a partnership, joint venture, trust, or other enterprise, including service with respect to an employee benefit plan, or by reason of anything done or not done by the Indemnitee in any such capacity. Pursuant to this Section, the Indemnitee shall be indemnified against all expense, liability, and loss (including judgments, fines, ERISA excise taxes or penalties, amounts paid in settlement by or on behalf of the Indemnitee, and Expenses) actually and reasonably incurred by the Indemnitee in connection with such Proceeding, if the Indemnitee acted in good faith and in a manner the Indemnitee reasonably believed to be in or not opposed to the best interests of the Company, and with respect to any criminal Proceeding, had no reasonable cause to believe his or her conduct was unlawful.

5. Indemnity in Proceedings by or in the Right of the Company. Except as limited by Section 3 above, the Indemnitee shall be entitled to the indemnification rights provided in this Section if the Indemnitee was or is a party or is threatened to be made a party to, or was or is otherwise involved in, any Proceeding brought by or in the right of the Company to procure a judgment in its favor by reason of the fact that the Indemnitee is or was a director, officer, employee, agent, or trustee of the Company or while a director, officer, employee, agent, or trustee of the Company is or was serving at the request of the Company as a director, officer, employee, agent, or trustee of another corporation or of a partnership, joint venture, trust, or other enterprise, including service with respect to an employee benefit plan, or by reason of anything done or not done by the Indemnitee in any such capacity. Pursuant to this Section, the Indemnitee shall be indemnified against all expense, liability, and loss (including judgments, fines, ERISA excise taxes or penalties, amounts paid in settlement by or on behalf of the Indemnitee, and Expenses) actually and reasonably incurred by the Indemnitee in connection with such Proceeding if the Indemnitee acted in good faith and in a manner the Indemnitee reasonably believed to be in or not opposed to the best interests of the Company; provided, however, that no such indemnification shall be made in respect of any claim, issue, or matter as to which the DGCL expressly prohibits such indemnification by reason of any adjudication of liability of the Indemnitee to the Company, unless and only to the extent that the Court of Chancery of the State of Delaware or the court in which such Proceeding was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, the Indemnitee is entitled to indemnification for such expense, liability, and loss as such court shall deem proper.

6. Indemnification for Costs, Charges, and Expenses of Successful Party. Notwithstanding any limitations of Sections 3(c), 4 and 5 above, to the extent that the Indemnitee has been successful, on the merits or otherwise, in whole or in part, in defense of any Proceeding, or in defense of any claim, issue, or matter therein, including, without limitation, the dismissal of any action without prejudice, or if it is ultimately determined, by final judicial decision of a court of competent jurisdiction from which there is no further right to appeal, that the Indemnitee is otherwise entitled to be indemnified against Expenses, the Indemnitee shall be indemnified against all Expenses actually and reasonably incurred by the Indemnitee in connection therewith.

7. Partial Indemnification. If the Indemnitee is entitled under any provision of this Agreement to indemnification by the Company for some or a portion of the expense, liability, and loss (including judgments, fines, ERISA excise taxes or penalties, amounts paid in settlement by or on behalf of the Indemnitee, and Expenses) actually and reasonably incurred in connection with any Proceeding, or in connection with any judicial proceeding pursuant to Section 11 to enforce rights under this Agreement, but not, however, for all of the total amount thereof, the Company shall nevertheless indemnify the Indemnitee for the portion of such expense, liability, and loss actually and reasonably incurred to which the Indemnitee is entitled.

8. Indemnification for Expenses of a Witness. Notwithstanding any other provision of this Agreement, to the maximum extent permitted by the DGCL, the Indemnitee shall be entitled to indemnification against all Expenses actually and reasonably incurred by the Indemnitee or on the Indemnitee's behalf if the Indemnitee appears as a witness or otherwise incurs legal expenses as a result of or related to the Indemnitee's service as a director or officer of the Company, in any threatened, pending, or completed action, suit, arbitration, alternative dispute mechanism, inquiry, judicial, administrative, or legislative hearing, investigation, or any other threatened, pending, or completed or proceeding, whether of a civil, criminal, administrative, legislative, investigative, or other nature, to which the Indemnitee neither is, nor is threatened to be made, a party.

9. Determination of Entitlement to Indemnification. To receive indemnification under this Agreement, the Indemnitee shall submit a written request to the Company. Such request shall include documentation or information that is necessary for such determination and is reasonably available to the Indemnitee. Upon receipt by the Company of a written request by the Indemnitee for indemnification pursuant to Sections 4, 5, 6, 7 or 8, the entitlement of the Indemnitee to indemnification, to the extent not provided pursuant to the terms of this Agreement, shall be determined by the following person or persons who shall be empowered to make such determination: (a) the Board of Directors of the Company by a majority vote of Disinterested Directors, whether or not such majority constitutes a quorum; (b) a committee of Disinterested Directors designated by a majority vote of such directors, whether or not such majority constitutes a quorum; (c) if there are no Disinterested Directors, or if the Disinterested Directors so direct, by Independent Counsel in a written opinion to the Board of Directors, a copy of which shall be delivered to the Indemnitee; (d) the stockholders of the Company; or (e) in the event that a Change in Control has occurred, by Independent Counsel in a written opinion to the Board of Directors, a copy of which shall be delivered to the Indemnitee. Such Independent Counsel shall be selected by the Board of Directors and approved by the Indemnitee, except that in the event that a Change in Control has occurred, Independent Counsel shall be selected by the Indemnitee. Upon failure of the Board of Directors so to select such Independent Counsel or upon failure of the Indemnitee so to approve (or so to select, in the event a Change in Control has occurred), such Independent Counsel shall be selected upon application to a court of competent jurisdiction. The determination of entitlement to indemnification shall be made and, unless a contrary determination is made, such indemnification shall be paid in full by the Company not later than 60 calendar days after receipt by the Company of a written request for indemnification. If the person making such determination shall determine that the Indemnitee is entitled to indemnification as to part (but not all) of the application for indemnification, such person shall reasonably prorate such partial indemnification among the claims, issues, or matters at issue at the time of the determination.

10. Presumptions and Effect of Certain Proceedings. The Secretary of the Company shall, promptly upon receipt of the Indemnitee's written request for indemnification, advise in writing the Board of Directors or such other person or persons empowered to make the determination as provided in Section 9 that the Indemnitee has made such request for indemnification. Upon making such request for indemnification, the Indemnitee shall be presumed to be entitled to indemnification hereunder and the Company shall have the burden of proof in making any determination contrary to such presumption. If the person or persons so empowered to make such determination shall have failed to make the requested determination with respect to indemnification within 60 calendar days after receipt by the Company of such request, a requisite determination of entitlement to indemnification shall be deemed to have been made and the Indemnitee shall be absolutely entitled to such indemnification, absent actual fraud in the request for indemnification. The termination of any Proceeding described in Sections 4 or 5 by judgment, order, settlement, or conviction, or upon a plea of *nolo contendere* or

Table of Contents

its equivalent, shall not, of itself (a) create a presumption that the Indemnitee did not act in good faith and in a manner the Indemnitee reasonably believed to be in or not opposed to the best interests of the Company, or with respect to any criminal Proceeding, had reasonable cause to believe his or her conduct was unlawful or (b) otherwise adversely affect the rights of the Indemnitee to indemnification except as may be provided herein.

11. Remedies of the Indemnitee in Cases of Determination Not to Indemnify or to Advance Expenses; Right to Bring Suit. In the event that a determination is made that the Indemnitee is not entitled to indemnification hereunder or if payment is not timely made following a determination of entitlement to indemnification pursuant to Sections 9 and 10, or if an advancement of Expenses is not timely made pursuant to Section 16, the Indemnitee may at any time thereafter bring suit against the Company in a court of competent jurisdiction in the State of Delaware seeking an adjudication of entitlement to such indemnification or advancement of Expenses. The Company shall not oppose the Indemnitee's right to seek any such adjudication. In any suit brought by the Indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the Indemnitee to enforce a right to an advancement of Expenses), it shall be a defense that the Indemnitee did not act in good faith and in a manner the Indemnitee reasonably believed to be in or not opposed to the best interests of the Company and, with respect to any criminal Proceeding, had no reasonable cause to believe his or her conduct was unlawful. Further, in any suit brought by the Company to recover an advancement of Expenses pursuant to the terms of an undertaking, the Company shall be entitled to recover such Expenses upon a final judicial decision of a court of competent jurisdiction from which there is no further right to appeal that the Indemnitee has not met the standard of conduct described above. Neither the failure of the Company (including the Disinterested Directors, a committee of Disinterested Directors, Independent Counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the Indemnitee is proper in the circumstances because the Indemnitee has met the standard of conduct described above, nor an actual determination by the Company (including the Disinterested Directors, a committee of Disinterested Directors, Independent Counsel, or its stockholders) that the Indemnitee has not met the standard of conduct described above shall create a presumption that the Indemnitee has not met the standard of conduct described above, or, in the case of such a suit brought by the Indemnitee, be a defense to such suit. In any suit brought by the Indemnitee to enforce a right to indemnification or to an advancement of Expenses hereunder, or brought by the Corporation to recover an advancement of Expenses pursuant to the terms of an undertaking, the burden of proving that the Indemnitee is not entitled to be indemnified, or to such advancement of expenses, under applicable law, this Section 11 or otherwise shall be on the Company. If a determination is made or deemed to have been made pursuant to the terms of Section 9 or 10 that the Indemnitee is entitled to indemnification, the Company shall be bound by such determination and is precluded from asserting that such determination has not been made or that the procedure by which such determination was made is not valid, binding, and enforceable. The Company further agrees to stipulate in any court pursuant to this Section 11 that the Company is bound by all the provisions of this Agreement and is precluded from making any assertions to the contrary. If the court shall determine that the Indemnitee is entitled to any indemnification or advancement of Expenses hereunder, the Company shall pay all Expenses actually and reasonably incurred by the Indemnitee in connection with such adjudication (including, but not limited to, any appellate proceedings) to the fullest extent permitted by law, and in any suit brought by the Company to recover an advancement of Expenses pursuant to the terms of an undertaking, the Company shall pay all Expenses actually and reasonably incurred by the Indemnitee in connection with such suit to the extent the Indemnitee has been successful, on the merits or otherwise, in whole or in part, in defense of such suit, to the fullest extent permitted by law.

12. Non-Exclusivity of Rights. The rights to indemnification and to the advancement of Expenses provided by this Agreement shall not be deemed exclusive of any other right that the Indemnitee may now or hereafter acquire under any applicable law, agreement, vote of stockholders or Disinterested Directors, provisions of a charter or bylaws (including the Certificate of Incorporation or Bylaws of the Company), or otherwise.

13. Expenses to Enforce Agreement. In the event that the Indemnitee is subject to or intervenes in any action, suit, or proceeding in which the validity or enforceability of this Agreement is at issue or seeks an adjudication to enforce the Indemnitee's rights under, or to recover damages for breach of, this Agreement, the

Table of Contents

Indemnitee, if the Indemnitee prevails in whole or in part in such action, suit, or proceeding, shall be entitled to recover from the Company and shall be indemnified by the Company against any Expenses actually and reasonably incurred by the Indemnitee in connection therewith.

14. Continuation of Indemnity. All agreements and obligations of the Company contained herein shall continue during the period the Indemnitee is a director, officer, employee, agent, or trustee of the Company or while a director, officer, employee, agent, or trustee is serving at the request of the Company as a director, officer, employee, agent, or trustee of another corporation or of a partnership, joint venture, trust, or other enterprise, including service with respect to an employee benefit plan, and shall continue thereafter with respect to any possible claims based on the fact that the Indemnitee was a director, officer, employee, agent, or trustee of the Company or was serving at the request of the Company as a director, officer, employee, agent, or trustee of another corporation or of a partnership, joint venture, trust, or other enterprise, including service with respect to an employee benefit plan. This Agreement shall be binding upon all successors and assigns of the Company (including any transferee of all or substantially all of its assets and any successor by merger or operation of law) and shall inure to the benefit of the Indemnitee's heirs, executors, and administrators.

15. Notification and Defense of Proceeding. Promptly after receipt by the Indemnitee of notice of any Proceeding, the Indemnitee shall, if a request for indemnification or an advancement of Expenses in respect thereof is to be made against the Company under this Agreement, notify the Company in writing of the commencement thereof; but the omission so to notify the Company shall not relieve it from any liability that it may have to the Indemnitee. Notwithstanding any other provision of this Agreement, with respect to any such Proceeding of which the Indemnitee notifies the Company:

(a) The Company shall be entitled to participate therein at its own expense;

(b) Except as otherwise provided in this Section 15(b), to the extent that it may wish, the Company, jointly with any other indemnifying party similarly notified, shall be entitled to assume the defense thereof, with counsel satisfactory to the Indemnitee. After notice from the Company to the Indemnitee of its election so to assume the defense thereof, the Company shall not be liable to the Indemnitee under this Agreement for any expenses of counsel subsequently incurred by the Indemnitee in connection with the defense thereof except as otherwise provided below. The Indemnitee shall have the right to employ the Indemnitee's own counsel in such Proceeding, but the fees and expenses of such counsel incurred after notice from the Company of its assumption of the defense thereof shall be at the expense of the Indemnitee unless (i) the employment of counsel by the Indemnitee has been authorized by the Company, (ii) the Indemnitee shall have reasonably concluded that there may be a conflict of interest between the Company and the Indemnitee in the conduct of the defense of such Proceeding, or (iii) the Company shall not within 60 calendar days of receipt of notice from the Indemnitee in fact have employed counsel to assume the defense of the Proceeding, in each of which cases the fees and expenses of the Indemnitee's counsel shall be at the expense of the Company. The Company shall not be entitled to assume the defense of any Proceeding brought by or on behalf of the Company or as to which the Indemnitee shall have made the conclusion provided for in (ii) above; and

(c) The Company shall not be liable to indemnify the Indemnitee under this Agreement for any amounts paid in settlement of any Proceeding effected without the Company's written consent, or for any judicial award if the Company was not given an opportunity, in accordance with this Section 15, to participate in the defense of such Proceeding. The Company shall not settle any Proceeding in any manner that would impose any penalty or limitation on or disclosure obligation with respect to the Indemnitee without the Indemnitee's written consent. Neither the Company nor the Indemnitee shall unreasonably withhold its consent to any proposed settlement.

16. Advancement of Expenses. All Expenses incurred by the Indemnitee in defending any Proceeding described in Section 4 or 5 shall be paid by the Company in advance of the final disposition of such Proceeding at the request of the Indemnitee. To receive an advancement of Expenses under this Agreement, the Indemnitee

Table of Contents

shall submit a written request to the Company. Such request shall reasonably evidence the Expenses incurred by the Indemnitee and shall include or be accompanied by an undertaking, by or on behalf of the Indemnitee, to repay all amounts so advanced if it shall ultimately be determined, by final judicial decision of a court of competent jurisdiction from which there is no further right to appeal, that the Indemnitee is not entitled to be indemnified for such Expenses by the Company as provided by this Agreement or otherwise. The Indemnitee's undertaking to repay any such amounts is not required to be secured. Each such advancement of Expenses shall be made within 20 calendar days after the receipt by the Company of such written request. The Indemnitee's entitlement to Expenses under this Agreement shall include those incurred in connection with any action, suit, or proceeding by the Indemnitee seeking an adjudication pursuant to Section 11 of this Agreement (including the enforcement of this provision) to the extent the court shall determine that the Indemnitee is entitled to an advancement of Expenses hereunder.

17. Severability; Prior Indemnification Agreements. If any provision or provisions of this Agreement shall be held to be invalid, illegal, or unenforceable for any reason whatsoever, (a) the validity, legality, and enforceability of the remaining provisions of this Agreement (including, without limitation, all portions of any paragraphs of this Agreement containing any such provision held to be invalid, illegal, or unenforceable, that are not by themselves invalid, illegal, or unenforceable) shall not in any way be affected or impaired thereby, and (b) to the fullest extent possible, the provisions of this Agreement (including, without limitation, all portions of any paragraph of this Agreement containing any such provision held to be invalid, illegal, or unenforceable, that are not themselves invalid, illegal, or unenforceable) shall be construed so as to give effect to the intent of the parties that the Company provide protection to the Indemnitee to the fullest enforceable extent. This Agreement shall supersede and replace any prior indemnification agreements entered into by and between the Company and the Indemnitee and any such prior agreements shall be terminated upon execution of this Agreement.

18. Headings; References; Pronouns. The headings of the sections of this Agreement are inserted for convenience only and shall not be deemed to constitute part of this Agreement or to affect the construction thereof. References herein to section numbers are to sections of this Agreement. All pronouns and any variations thereof shall be deemed to refer to the singular or plural as appropriate.

19. Other Provisions.

(a) This Agreement and all disputes or controversies arising out of or related to this Agreement shall be governed by, and construed in accordance with, the internal laws of the State of Delaware, without regard to the laws of any other jurisdiction that might be applied because of conflicts of laws principles of the State of Delaware.

(b) This Agreement may be executed in two or more counterparts, all of which shall be considered one and the same instrument and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other party.

(c) This Agreement shall not be deemed an employment contract between the Company and any Indemnitee who is an officer of the Company, and, if the Indemnitee is an officer of the Company, the Indemnitee specifically acknowledges that the Indemnitee may be discharged at any time for any reason, with or without cause, and with or without severance compensation, except as may be otherwise provided in a separate written contract between the Indemnitee and the Company.

(d) In the event of payment under this Agreement, the Company shall be subrogated to the extent of such payment to all of the rights of recovery of the Indemnitee, who shall execute all papers required and shall do everything that may be necessary to secure such rights, including the execution of such documents necessary to enable the Company effectively to bring suit to enforce such rights.

(e) This Agreement may not be amended, modified, or supplemented in any manner, whether by course of conduct or otherwise, except by an instrument in writing specifically designated as an amendment hereto, signed on behalf of each party. No failure or delay of either party in exercising any right or remedy

hereunder shall operate as a waiver thereof, and no single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such right or power, or any course of conduct, shall preclude any other or further exercise thereof or the exercise of any other right or power.
