UNITED STATES
SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2013

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number 1-14788

Blackstone Mortgage Trust, Inc.

(Exact name of registrant as specified in its charter)

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Maryland (State or other jurisdiction of incorporation or organization)	94-6181186 (I.R.S. Employer Identification No.)
345 Park Avenue, 42nd Floor, New York, NY (Address of principal executive offices)	10154 (Zip Code)
(212) 655-0220 (Registrant's telephone number, including area code)	
N/A (Former name, former address and former fiscal year, if changed since last report)	

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company)

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The number of outstanding shares of the registrant's class A common stock, par value \$0.01 per share, as of July 24, 2013 was 28,801,651.

Forward-Looking Statements

This report may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which reflect our current views with respect to, among other things, our operations and financial performance. You can identify these forward-looking statements by the use of words such as outlook, believes, expects, potential, continues, may, will, should, seeks, approximately, predicts, intends, plans, estimates, anticipates or the negative words or other comparable words. Such forward-looking statements are subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. We believe these factors include but are not limited to those described under the section entitled Risk Factors in our annual report on Form 10-K for the year ended December 31, 2012 and in this report, as such factors may be updated from time to time in our periodic filings with the United States Securities and Exchange Commission (SEC), which are accessible on the SEC 's website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this report and in our other periodic filings. We undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

Website and Social Media Disclosure

We use our website (www.bxmt.com) as a channel of distribution of company information. The information we post through our website may be deemed material. Accordingly, investors should monitor our website, in addition to following our press releases, SEC filings and public conference calls and webcasts. In addition, you may automatically receive e-mail alerts and other information about us when you enroll your e-mail address by visiting the E-mail Alerts section of our website at <http://www.blackstonemortgagetrust.com/investor-relations>. The contents of our website are not, however, a part of this report.

Blackstone Mortgage Trust, Inc. and Subsidiaries

Notes to Consolidated Financial Statements

(unaudited)

Note 1. Organization

References herein to Blackstone Mortgage Trust, Company, we, us or our refer to Blackstone Mortgage Trust, Inc. and its subsidiaries unless context specifically requires otherwise.

We are a real estate finance company that primarily originates and purchases senior mortgage loans collateralized by properties in the United States and Europe. We are externally managed by BXMT Advisors L.L.C., which we refer to as our Manager, a subsidiary of The Blackstone Group L.P., or Blackstone, and are a real estate investment trust traded on the New York Stock Exchange, or NYSE, under the symbol BXMT. We are headquartered in New York City.

We conduct our operations as a real estate investment trust, or REIT, for U.S. federal income tax purposes. We generally will not be subject to U.S. federal income taxes on our taxable income to the extent that we annually distribute all of our net taxable income to stockholders and maintain our qualification as a REIT. We also operate our business in a manner that permits us to maintain our exemption from registration under the Investment Company Act of 1940, as amended, or the Investment Company Act. We are organized as a holding company and conduct our business primarily through our various subsidiaries. Our business is organized into two operating segments, the Loan Origination segment and the CT Legacy Portfolio segment.

On April 26, 2013, our board of directors approved the change of our name from Capital Trust, Inc. to Blackstone Mortgage Trust, Inc., which we effected on May 6, 2013 concurrently with a one-for-ten reverse stock split of our class A common stock. Except where the context indicates otherwise, all class A common stock numbers herein have been adjusted to give retroactive effect to the reverse stock split.

Note 2. Summary of Significant Accounting Policies

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States, or GAAP, for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. The consolidated financial statements, including the notes, are unaudited and exclude some of the disclosures required in audited financial statements. Management believes it has made all necessary adjustments (consisting of only normal recurring items) so that the consolidated financial statements are presented fairly and that estimates made in preparing its consolidated financial statements are reasonable and prudent. The operating results presented for interim periods are not necessarily indicative of the results that may be expected for any other interim period or for the entire year. The accompanying unaudited consolidated interim financial statements should be read in conjunction with the audited consolidated financial statements and the related management's discussion and analysis of financial condition and results of operations included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 filed with the Securities and Exchange Commission.

Principles of Consolidation and Basis of Presentation

The accompanying financial statements include, on a consolidated basis, our accounts, the accounts of our wholly-owned subsidiaries, and variable interest entities, or VIEs, in which we are the primary beneficiary. All significant intercompany balances and transactions have been eliminated in consolidation. Certain of the assets and credit of our consolidated subsidiaries are not available to satisfy the debt or other obligations of us, our affiliates, or other entities.

VIEs are defined as entities in which equity investors (i) do not have the characteristics of a controlling financial interest, and/or (ii) do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. The entity that consolidates a VIE is known as its primary beneficiary, and is generally the entity with (i) the power to direct the activities that most significantly impact the VIE's economic performance, and (ii) the right to receive benefits from the VIE or the obligation to absorb losses of the VIE that could be significant to the VIE.

We have separately presented, following our consolidated balance sheet, the assets of consolidated VIEs that can only be used to satisfy the obligations of those VIEs, and the liabilities of consolidated VIEs that are non-recourse to us. We have aggregated all of such assets and liabilities of consolidated VIEs in this presentation due to our determination that these entities are substantively similar and therefore a further disaggregated presentation would not be more meaningful.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Our CT Legacy Partners, LLC, or CT Legacy Partners, subsidiary accounts for its operations in accordance with industry-specific GAAP accounting guidance for investment companies, pursuant to which it reports its investments at fair value. We have retained this specialized accounting in consolidation and, accordingly, report the loans and securities investments of CT Legacy Partners at fair value on our consolidated balance sheet.

Table of Contents

Blackstone Mortgage Trust, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

(unaudited)

As more fully described in Note 3, we sold our investment management business to Blackstone in December 2012. As a result, the income and expense items related to our investment management business have been reclassified to income from discontinued operations on our consolidated statements of operations.

Certain reclassifications have been made in the presentation of the prior period consolidated financial statements to conform to the June 30, 2013 presentation.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may ultimately differ from those estimates.

Revenue Recognition

Interest income from our loans receivable is recognized over the life of the investment using the effective interest method and is recorded on the accrual basis. Fees, premiums, discounts and direct costs associated with these investments are deferred until the loan is advanced and are then recognized over the term of the loan as an adjustment to yield. Income accrual is generally suspended for loans at the earlier of the date at which payments become 90 days past due or when, in the opinion of our Manager, recovery of income and principal becomes doubtful. Income is then recorded on the basis of cash received until accrual is resumed when the loan becomes contractually current and performance is demonstrated to be resumed.

Cash and Cash Equivalents

Cash and cash equivalents represents cash on hand, cash held in banks and liquid investments with original maturities of three months or less. We place our cash and cash equivalents with high credit quality institutions to minimize credit risk exposure. We may have bank balances in excess of federally insured amounts. We have not experienced, and do not expect, any losses on our demand deposits, commercial paper or money market investments.

Restricted Cash

We classify the cash balances held by CT Legacy Partners as restricted because, while these cash balances are available for use by CT Legacy Partners for operations, debt service, or other purposes, they cannot be used by us until our allocable share is distributed from CT Legacy Partners, and cannot be commingled with any of our other, unrestricted cash balances.

Loans Receivable, Provision for Loan Losses, Loans Held-for-Sale and Related Allowance

We purchase and originate commercial real estate debt and related instruments generally to be held as long-term investments at amortized cost. We are required to periodically evaluate each of these loans for possible impairment. Impairment is indicated when it is deemed probable that we will not be able to collect all amounts due according to the contractual terms of the loan. If a loan is determined to be impaired, we write down the loan through a charge to the provision for loan losses. Impairment on these loans is measured by comparing the estimated fair value of the underlying collateral to the book value of the respective loan. These valuations require significant judgments, which include assumptions regarding capitalization rates, leasing, creditworthiness of major tenants, occupancy rates, availability of financing, exit plan, loan sponsorship, actions of other lenders and other factors deemed necessary by our Manager. Actual losses, if any, could ultimately differ from these estimates.

Our Manager performs a quarterly review of our portfolio of loans. In conjunction with this review, our Manager assesses the performance of each loan, and assigns a risk rating based on several factors including risk of loss, loan-to-value ratio, or LTV, collateral performance, structure,

exit plan, and sponsorship.

Loans are rated one through eight, which ratings are defined as follows:

- 1 - Low Risk:** A loan that is expected to perform through maturity, with relatively lower LTV, higher in-place debt yield, and stable projected cash flow.
- 2 - Average Risk:** A loan that is expected to perform through maturity, with medium LTV, average in-place debt yield, and stable projected cash flow.
- 3 - Acceptable Risk:** A loan that is expected to perform through maturity, with relatively higher LTV, acceptable in-place debt yield, and some uncertainty (due to lease rollover or other factors) in projected cash flow.

- 9 -

Table of Contents

Blackstone Mortgage Trust, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

(unaudited)

- 4 - Higher Risk:** A loan that is expected to perform through maturity, but has exhibited a material deterioration in cash flow and/or other credit factors. If negative trends continue, default could occur.
- 5 - Low Probability of Default/Loss:** A loan with one or more identified weakness that we expect to have a 15% probability of default or principal loss.
- 6 - Medium Probability of Default/Loss:** A loan with one or more identified weakness that we expect to have a 33% probability of default or principal loss.
- 7 - High Probability of Default/Loss:** A loan with one or more identified weakness that we expect to have a 67% or higher probability of default or principal loss.
- 8 - In Default:** A loan which is in contractual default and/or which has a very high likelihood of principal loss.

In certain cases, we may classify loans as held-for-sale based upon the specific facts and circumstances of particular loans, including known or expected transactions. Loans held-for-sale are carried at the lower of their amortized cost basis and fair value less cost to sell. A reduction in the fair value of loans held-for-sale is recorded as a charge to our consolidated statement of operations as a valuation allowance on loans held-for-sale.

Equity Investments in Unconsolidated Subsidiaries

Our carried interest in CT Opportunity Partners I, LP, or CTOPI is accounted for using the equity method. CTOPI's assets and liabilities are not consolidated into our financial statements due to our determination that (i) it is not a VIE and (ii) the investors have sufficient rights to preclude consolidation by us. As such, we report our allocable percentage of the net assets of CTOPI on our consolidated balance sheet. We have deferred the recognition of income from CTOPI until cash is collected or appropriate contingencies have been eliminated and, therefore do not recognize any income from equity investments in unconsolidated subsidiaries.

Deferred Financing Costs

The deferred financing costs that are included in prepaid expenses and other assets on our consolidated balance sheets include issuance costs related to our debt obligations, and are amortized using the effective interest method, or a method that approximates the effective interest method, over the life of the related obligations.

Repurchase Obligations

We record investments financed with repurchase obligations as separate assets and the related borrowings under any repurchase agreements recorded as separate liabilities on our consolidated balance sheets. Interest income earned on the investments and interest expense incurred on the repurchase obligations are reported separately on our consolidated statements of operations.

Interest Rate Derivative Financial Instruments

In the normal course of business, we use interest rate derivative financial instruments to manage, or hedge, cash flow variability caused by interest rate fluctuations. Specifically, we may use interest rate swaps to convert floating rate liabilities that are financing fixed rate assets into fixed rate liabilities. The differential to be paid or received on these agreements is recognized on the accrual basis as an adjustment to the interest expense related to the attendant liability. In cases where interest rate swap agreements are terminated early, any gain or loss is generally amortized over the remaining life of the hedged item. These swap agreements must be effective in reducing the variability of cash flows of the hedged items in order to qualify for the aforementioned hedge accounting treatment. Changes in the fair value of effective cash flow hedges are reflected on our consolidated financial statements through accumulated other comprehensive income (loss) and do not affect our net income (loss). To the extent a derivative does not qualify for hedge accounting, and is deemed a non-hedge derivative, the changes in its fair value are included in net income (loss).

Fair Value of Financial Instruments

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board, or FASB, Accounting Standards Codification, or the Codification, defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements under GAAP. Specifically, this guidance defines fair value based on exit price, or the price that would be received upon the sale of an asset or the transfer of a liability in an orderly transaction between market participants at the measurement date.

The Fair Value Measurement and Disclosures Topic of the Codification also establishes a fair value hierarchy that prioritizes and ranks the level of market price observability used in measuring financial instruments. Market price observability is affected by a number of factors, including the type of financial instrument, the characteristics specific to the financial instrument, and the state of the marketplace, including the existence and transparency of

Table of Contents

Blackstone Mortgage Trust, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

(unaudited)

transactions between market participants. Financial instruments with readily available quoted prices in active markets generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Financial instruments measured and reported at fair value are classified and disclosed based on the observability of inputs used in the determination, as follows:

Level 1 - Generally includes only unadjusted quoted prices that are available in active markets for identical financial instruments as of the reporting date.

Level 2 - Pricing inputs include quoted prices in active markets for similar instruments, quoted prices in less active or inactive markets for identical or similar instruments where multiple price quotes can be obtained, and other observable inputs such as interest rates, yield curves, credit risks, and default rates.

Level 3 - Pricing inputs are unobservable for the financial instruments and include situations where there is little, if any, market activity for the financial instrument. These inputs require significant judgment or estimation by management of third parties when determining fair value and generally represent anything which does not meet the criteria of Levels 1 and 2.

Each type of asset recorded at fair value using Level 3 inputs are determined by an internal committee comprised of members of senior management of our Manager, including our chief executive officer, chief financial officer, and other senior officers.

Certain of our assets and liabilities are measured at fair value either (i) on a recurring basis, as of each quarter-end, or (ii) on a nonrecurring basis, as a result of impairment or other events. Our assets and liabilities that are measured at fair value are discussed further in Note 17. Generally, loans held-for-sale, loans receivable, and securities are measured at fair value on a recurring basis, while impaired loans are measured at fair value on a nonrecurring basis.

The following valuation techniques were used to estimate the fair value of each type of asset and liability which was recorded at fair value as of June 30, 2013 and December 31, 2012:

Loans held-for-sale: Loans held-for-sale are valued based on expected net proceeds from a sale of the asset.

Loans receivable, at fair value: Loans receivable are generally valued by discounting expected cash flows using internal cash flow models and estimated market rates. Expected cash flows of each loan are based on our Manager's assumptions regarding the collection of principal and interest from the respective borrowers.

Other assets, at fair value: CT Legacy Partners' other assets are generally valued by a combination of (i) obtaining assessments from third-party dealers and (ii) in cases where such assessments are unavailable or deemed not to be indicative of fair value, discounting expected cash flows using internal cash flow models and estimated market discount rates. In the case of internal models, expected cash flows of each security are based on assumptions regarding the collection of principal and interest on the underlying loans and securities.

Impaired loans: The loans identified for impairment are collateral dependent loans. Impairment on these loans is measured by comparing our Manager's estimation of fair value of the underlying collateral less costs to sell, to the book value of the respective loan. These valuations require significant judgments, which include assumptions regarding capitalization rates, leasing, creditworthiness of major tenants, occupancy rates, availability of financing, exit plan, loan sponsorship, actions of other lenders and other factors deemed necessary by our Manager.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Investment in CT Legacy Asset: We arrived at the fair value of our Investment in CT Legacy Asset by discounting the net cash flows expected to be distributed to its equity holders after the repayment of the repurchase facility. To determine the net cash flows of CT Legacy Asset, our Manager estimated the timing and recovery amount for each of its assets, and then applied the proceeds to first satisfy the related repurchase facility.

We are also required by GAAP to disclose fair value information about financial instruments, whether or not recognized in the statement of financial position, for which it is practicable to estimate that value. In cases where quoted market prices are not available, fair values are estimated using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the estimated market discount rate and the estimated future cash flows. In that regard, the derived fair value estimates cannot be substantiated by comparison to independent markets and, in many cases, could not be realized in an immediate settlement of the instrument. Rather, these fair values reflect the amounts that our Manager believes are realizable in an orderly transaction among willing parties. These disclosure requirements exclude certain financial instruments and all non-financial instruments.

Table of Contents

Blackstone Mortgage Trust, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

(unaudited)

The following methods and assumptions were used to estimate the fair value of each class of financial instruments, excluding those described above that are carried at fair value, for which it is practicable to estimate that value:

Cash and cash equivalents: The carrying amount of cash on deposit and in money market funds approximates fair value.

Restricted cash: The carrying amount of restricted cash approximates fair value.

Loans receivable, net: Other than impaired loans, these assets are recorded at their amortized cost and not at fair value. The fair values for these instruments are estimated by our Manager taking into consideration factors including capitalization rates, leasing, occupancy rates, availability and cost of financing, exit plan, sponsorship, actions of other lenders and indications of market value from other market participants.

Secured notes: These notes are recorded at their aggregate principal balance and not at fair value. The fair value was estimated based on the rate at which a similar instrument would be priced today.

Repurchase obligations: These facilities were recorded at their aggregate principal balance and not at fair value. The fair value was estimated based on the rate at which a similar credit facility would be priced today.

Securitized debt obligations: These obligations are recorded at the face value of outstanding obligations to third-parties and not at fair value. The fair values for these instruments have been estimated by obtaining assessments from third-party dealers.

Income Taxes

Our financial results generally do not reflect provisions for current or deferred income taxes on our REIT taxable income. We believe that we operate in a manner that will continue to allow us to be taxed as a REIT and, as a result, we generally do not expect to pay substantial corporate level taxes other than those payable by our taxable REIT subsidiaries. Many of these requirements, however, are highly technical and complex. If we were to fail to meet these requirements, we may be subject to federal, state and local income tax on current and past income, and penalties. See Note 15 for additional information.

Accounting for Stock-Based Compensation

Stock-based compensation expense is recognized in net income using a fair value measurement method, which we determine with the assistance of a third-party appraisal firm. Compensation expense for the time vesting of stock-based compensation grants is recognized on the accelerated attribution method and compensation expense for performance vesting of stock-based compensation grants is recognized on a straight line basis.

The fair value of the performance vesting restricted class A common stock is measured on the grant date using a Monte Carlo simulation to estimate the probability of the market vesting conditions being satisfied. The Monte Carlo simulation is run approximately 100,000 times. For each simulation, the payoff is calculated at the settlement date, and is then discounted to the grant date at a risk-free interest rate. The average of the values over all simulations is the expected value of the restricted class A common stock on the grant date. The valuation is performed in a risk-neutral framework, so no assumption is made with respect to an equity risk premium. Significant assumptions used in the valuation include an expected term and stock price volatility, an estimated risk-free interest rate and an estimated dividend growth rate.

Comprehensive Income

The primary component of comprehensive income other than net income is the unrealized gains and losses on derivative financial instruments.

Earnings per Share of Common Stock

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Basic earnings per share, or EPS, is computed based on the net earnings allocable to common stock and stock units, divided by the weighted average number of shares of common stock and stock units outstanding during the period. Diluted EPS is determined using the treasury stock method, and is based on the net earnings allocable to common stock and stock units, divided by the weighted average number of shares of common stock, stock units and potentially dilutive common stock options and warrants. On April 26, 2013, our board of directors approved a one-for-ten reverse stock split of our class A common stock which we effected on May 6, 2013. Our earnings per share disclosures have been retroactively adjusted to reflect the reverse stock split.

We have separately determined EPS and diluted EPS for income (loss) from continuing operations and for net income (loss) allocable to common stockholders. See Note 12 for additional discussion of earnings per share.

Recent Accounting Pronouncements

In January 2013, the FASB issued Accounting Standards Update 2013-01, Balance Sheet (Topic 210): Clarifying the Scope of Disclosures About Offsetting Assets and Liabilities, or ASU 2013-01. ASU 2013-01 was developed to clarify which instruments and transactions are subject to the offsetting disclosure requirements set forth by Accounting Standards Update 2011-11 Balance Sheet (Topic 210): Disclosures about Offsetting Assets and Liabilities. ASU 2013-01 is effective for the first interim or annual period beginning on or after January 1, 2013, and should be applied retrospectively for all comparative periods presented. The adoption of ASU 2013-01 did not have a material impact on our consolidated financial statements.

In February 2013, the FASB issued Accounting Standards Update 2013-02, Comprehensive Income (Topic 220): Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income, or ASU 2013-02. ASU 2013-02 implements the previously deferred requirement to disclose reclassification adjustments into and out of accumulated other comprehensive income in either a note or on the face of the financial statements. ASU 2013-02 is effective for the first interim or annual period beginning after December 15, 2012, and should be applied prospectively. As we no longer have a balance of accumulated other comprehensive income, the adoption of ASU 2013-02 did not have a material impact on our consolidated financial statements.

In June 2013, the FASB issued Accounting Standards Update 2013-08, Financial Services-Investment Companies (Topic 946): Amendments to the Scope, Measurement, and Disclosure Requirements, or ASU 2013-08. ASU 2013-08 amends the criteria for qualification as an investment company under Topic 946 of the FASB Accounting Standards Codification, or Topic 946, and requires additional disclosure by investment companies. ASU 2013-08 is effective for the first interim or annual period beginning after December 15, 2013, and should be applied prospectively. We currently consolidate CT Legacy Partners, which accounts for its operations as an investment company under Topic 946. We do not expect the adoption of ASU 2013-08 to impact CT Legacy Partners' status as an investment company. Further, because ASU 2013-08 specifically excludes REITs from its scope, it will not otherwise impact our consolidated financial statements.

Note 3. Corporate Transactions

Blackstone Loan Warehouse Joint Venture

On May 13, 2013, we entered into a joint venture, 42-16 Partners, LLC, or 42-16 Partners, with an affiliate of our Manager to originate and warehouse loans prior to the completion of our class A common stock offering on May 29, 2013. 42-16 Partners was controlled by us and owned 16.7% by us and 83.3% by an affiliate of our Manager, and originated one senior mortgage loan on May 21, 2013. On May 30, 2013, we ended this relationship with the affiliate of our Manager and purchased 100% of the equity interests in 42-16 Partners held by the affiliate of our Manager using proceeds from the sale of our class A common stock and, as a result, 42-16 Partners became a 100% owned and consolidated subsidiary.

CT Legacy Partners Merger

To maintain its tax efficiency, on March 20, 2013, CT Legacy REIT Mezz Borrower, Inc., or CT Legacy REIT, was merged with and into CT Legacy Partners, LLC, or CT Legacy Partners, and whereby CT Legacy Partners was the surviving entity, effective as of March 22, 2013. We refer to this transaction as the Merger. As a result of the Merger, all outstanding shares of class A-1 common stock, class A-2 common stock, class B common stock, and class A preferred stock of CT Legacy REIT were converted into limited liability company shares, or LLC Shares, in CT Legacy Partners. These LLC Shares have economic and voting rights equivalent to the corresponding shares of stock of CT Legacy REIT. In addition, all outstanding shares of class B preferred stock of CT Legacy REIT were redeemed on March 21, 2013 for an aggregate \$147,000, which amount is comprised of the shares' par value, liquidation preference, and accrued dividends thereon.

As a result of the Merger, we have consolidated CT Legacy Partners as of March 20, 2013 and, therefore, the remaining legacy assets and liabilities from our comprehensive debt restructuring on March 31, 2011, which we refer to as our March 2011 Restructuring. See Note 8 and Note 12 for further discussion of CT Legacy Partners.

Sale of Investment Management Platform

On December 19, 2012, pursuant to a purchase and sale agreement, dated as of September 27, 2012, or Purchase Agreement, by and between us and Blackstone, we completed the disposition of our investment management and special servicing business for a purchase price of \$21.4 million. The sale included our equity interests in CT Investment Management Co., LLC, or CTIMCO, our related private investment fund co-investments, and 100% of the outstanding class A preferred stock of CT Legacy REIT. We refer the entire transaction as our Investment Management Business Sale. Pursuant to the terms of the Purchase Agreement, on December 19, 2012, we entered into a management agreement with our Manager, which was amended and restated as of March 26, 2013, pursuant to which we are now managed by our Manager pursuant to the terms and conditions of the management agreement. In addition, Blackstone received the right to designate two members of our board of directors, and exercised that right by designating an employee and one of its senior advisors to replace two former members of our board of directors who resigned effective December 19, 2012. As a result of the Investment Management Business Sale, the income and expense items related to our investment management business have been reclassified to income from discontinued operations on our consolidated statements of operations. See Note 14 for a further discussion of discontinued operations.

On December 19, 2012, we also closed our sale to Blackstone of 500,000 shares of our class A common stock for a purchase price of \$10.0 million.

In connection with the consummation of the Investment Management Business Sale and the closing of our sale of 500,000 shares of class A common stock to Blackstone, we paid a \$20.00 per share special cash dividend on December 20, 2012 to holders of record of our class A common stock at the close of business on November 12, 2012.

The assets we retained following our Investment Management Business Sale consisted primarily of: (i) cash and cash equivalents, (ii) our interests in CT Legacy Partners, a vehicle we formed to own and finance certain legacy assets that we retained in connection with a comprehensive debt restructuring in 2011, (iii) our carried interest in CTOPI, a private investment fund that was previously under our management and is now managed by an affiliate of our Manager, and (iv) our subordinated interests in certain collateral debt obligations, or CT CDOs.

CT CDO Deconsolidation

On December 19, 2012, as a result of the Investment Management Business Sale, we are no longer the collateral manager for certain collateralized debt obligations, or CT CDOs, nor the special servicer on their collateral assets. Due to the externalization of these management functions, and our lack of material economic interest in the residual equity we own in CT CDOs II and IV, we ceased to be the primary beneficiary of these entities and, therefore, discontinued the consolidation of CT CDOs II and IV, which we refer to as the CT CDO Deconsolidation. We recognized a gain of \$53.9 million on the deconsolidation of CT CDOs II and IV, which was due primarily to the reversal of charges to shareholders' equity resulting from losses previously recorded in excess of our economic interests in these non-recourse securitization vehicles.

Note 4. Cash and Cash Equivalents, Including Restricted Cash

As discussed in Note 2, we place our cash and cash equivalents, including restricted cash, with high credit quality institutions to minimize credit risk exposure. The following table outlines details of our cash and cash equivalents, including restricted cash balances as of June 30, 2013 and December 31, 2012.

Asset Type	Depository	Credit Rating ⁽¹⁾	Balance as of	
			June 30, 2013	December 31, 2012

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Cash	Bank of America	A-1	\$ 59,746	\$	15,423
Restricted Cash	Bank of America	A-1	21,972		14,246
Total			\$ 81,718	\$	29,669

- (1) Represents the short-term credit rating for the Bank of America, N.A. legal entity as issued by Standard & Poor's as of May 16, 2013.

- 14 -

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)****Note 5. Loans Receivable**

As of June 30, 2013, our consolidated balance sheet includes \$753.1 million of loans receivable related to our Loan Originations segment and \$77.0 million of loans receivable owned by CT CDO I, a consolidated securitization vehicle included in our CT Legacy Portfolio segment. See Note 19 for further discussion of our operating segments.

Activity relating to our loans receivable for the six months ended June 30, 2013 was as follows (\$ in thousands):

	Gross Book Value	Provision for Loan Losses	Net Book Value
December 31, 2012	\$ 164,180	(\$ 22,680)	\$ 141,500
Loan originations	756,638		756,638
Deferred origination fees and expenses	(3,776)		(3,776)
Amortization of deferred fees and expenses	239		239
Loan satisfactions	(62,500)		(62,500)
Partial loan repayments			
Reclassification to loans held-for-sale	(6,601)	4,601	(2,000)
June 30, 2013	\$ 848,180	(\$ 18,079)	\$ 830,101

As of June 30, 2013, we had unfunded commitments of \$8.6 million related to one senior mortgage loan, which amounts will only be funded to finance lease-related or capital expenditures by the borrower until the commitment terminates in June 2016.

The following table details overall statistics for our loans receivable portfolio as of June 30, 2013 and December 31, 2012 (\$ in thousands):

	June 30, 2013	December 31, 2012
Number of loans	13	7
Principal balance	\$ 851,716	\$ 164,180
Net book value	\$ 830,101	\$ 141,500
Wtd. Avg. cash coupon ⁽¹⁾	L+4.38%	L+2.51%
Wtd. Avg. all-in yield ⁽¹⁾	L+5.27%	L+4.53%
Wtd. Avg. maximum maturity (years) ⁽²⁾	3.7	0.7

(1) All loans are floating rate loans indexed to LIBOR as of both June 30, 2013 and December 31, 2012. LIBOR was 0.19% and 0.21% as of June 30, 2013 and December 31, 2012, respectively; however, certain of our loans receivable earn interest based on a minimum LIBOR ranging from 0.20% to 1.00%. Amounts exclude all non-performing loans.

(2) Maximum maturity date assumes all extension options are exercised.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)**

The tables below detail the types of loans in our loan portfolio, as well as the property type and geographic distribution of the properties securing these loans, as of June 30, 2013 and December 31, 2012 (\$ in thousands):

Asset Type	June 30, 2013		December 31, 2012	
	Net Book Value	Percentage	Net Book Value	Percentage
Senior mortgages ⁽¹⁾	\$ 753,101	91%	\$ 62,500	44%

Total	\$ 830,101	100%	\$ 141,500	100%

(1) Senior mortgages include two pari passu participations in mortgages with a combined book value of \$91.1 million as of June 30, 2013.
Loan risk ratings

Quarterly, our Manager evaluates our loan portfolio as described in Note 2. In conjunction with our quarterly loan portfolio review, our Manager assesses the performance of each loan, and assigns a risk rating based on several factors including risk of loss, current LTV, collateral performance, structure, exit plan, and sponsorship. Loans are rated one (less risk) through eight (greater risk), which ratings are defined in Note 2.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

The following table allocates the net book value and principal balance of our loans receivable based on our internal risk ratings as of June 30, 2013 and December 31, 2012 (\$ in thousands):

Risk Rating	Loans Receivable as of June 30, 2013			Loans Receivable as of December 31, 2012		
	Number of Loans	Principal Balance	Net Book Value	Number of Loans	Principal Balance	Net Book Value
1 - 3	9	\$ 776,637	\$ 773,101	2	\$ 47,000	\$ 47,000
4 - 5	2	57,000	57,000	2	92,500	92,500

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)**

(unaudited)

In making this risk assessment, one of the primary factors we consider is how senior or junior each loan is relative to other debt obligations of the borrower. The following tables further allocate our loans receivable by both loan type and our internal risk ratings as of June 30, 2013 and December 31, 2012 (\$ in thousands):

Risk Rating	Senior Mortgage Loans ⁽¹⁾					
	as of June 30, 2013			as of December 31, 2012		
	Number of Loans	Principal Balance	Net Book Value	Number of Loans	Principal Balance	Net Book Value
1 - 3	8	\$ 756,638	\$ 753,101			
4 - 5				1	62,500	62,500
Total	8	\$ 756,638	\$ 753,101	1	\$ 62,500	\$ 62,500

(1) Senior mortgage loans include two pari passu participations with an aggregate principal balance and net book value of \$91.1 million.

Risk Rating	Subordinate Interests in Mortgages					
	as of June 30, 2013			as of December 31, 2012		
	Number of Loans	Principal Balance	Net Book Value	Number of Loans	Principal Balance	Net Book Value
1 - 3	1	\$ 20,000	\$ 20,000	2	\$ 47,000	\$ 47,000
4 - 5	2	57,000	57,000	1	30,000	30,000
6 - 8	2	18,079		3	24,680	2,000
Total	5	\$ 95,079	\$ 77,000	6	\$ 101,680	\$ 79,000

Loan impairments

We do not have any loan impairments in our Loan Origination segment. As of June 30, 2013, CT CDO I, which is in our CT Legacy Portfolio segment, had one impaired subordinate interest in a mortgage loan with a gross book value of \$7.5 million that is current in its interest payments and one impaired subordinate interest in a mortgage loan with a gross book value of \$10.6 million that is delinquent on its contractual payments. We have taken 100% loan loss reserve on each of these loans.

As of December 31, 2012, consolidated securitization vehicles in our CT Legacy Portfolio segment had one impaired subordinate interest in a mortgage loan with a gross book value of \$7.5 million that was current in its interest payments and two impaired subordinate interest in a mortgage loans with a combined gross book value of \$17.2 million that was delinquent on their contractual payments. We had an aggregate 92% loan loss reserve on these loans resulting in a net book value of \$2.0 million.

Generally, we have recorded loan loss reserves for all loans which are in maturity default, or otherwise have past-due principal payments. We do not have any loans in maturity default or with past-due principal payments in our Loan Origination segment. As of June 30, 2013, CT CDO I, which is in our CT Legacy Portfolio segment, had one loan with a net book value of \$27.0 million which was in maturity default but had no

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

reserve recorded. We expect to collect all principal and interest due under this loan.

There was no income recorded on impaired loans during the six months ended June 30, 2013. We recorded \$290,000 of income on impaired subordinate interests in mortgage loans with an average net book value of \$3.3 million during the six months ended June 30, 2012. Substantially all income recorded on impaired loans during the period was received in cash.

Nonaccrual loans

We do not have any nonaccrual loans in our Loan Origination segment. Consolidated securitization vehicles in our CT Legacy Portfolio segment had subordinate interests in mortgages on nonaccrual status with an aggregate principal balance of \$18.1 million and an aggregate net book value of zero as of June 30, 2013. Consolidated securitization vehicles in our CT Legacy Portfolio segment had subordinate interests in mortgages on nonaccrual status with an aggregate principal balance of \$24.7 million and an aggregate net book value of \$2.0 million as of December 31, 2012. In accordance with our revenue recognition policies discussed in Note 2, we do not accrue interest on loans which are 90 days past due or, in the opinion of our Manager, are otherwise uncollectable. Accordingly, we do not have any material interest receivable accrued on nonperforming loans as of June 30, 2013 or December 31, 2012.

Note 6. Loans Held-For-Sale

Activity relating to our loans held-for-sale for the six months ended June 30, 2013 was as follows (\$ in thousands):

	Gross Book Value	Valuation Allowance	Net Book Value
December 31, 2012	\$	\$	\$
Reclassification from loans receivable	6,601	(4,601)	2,000
Valuation allowance on loans held-for-sale		1,800	1,800
June 30, 2013	\$ 6,601	(\$ 2,801)	\$ 3,800

During the first quarter of 2013, we reclassified a \$6.6 million subordinate mortgage loan and its related \$4.6 million reserve for loan losses to loans held-for-sale. During the six months ended June 30, 2013, we recorded a \$1.8 million valuation adjustment to reflect this loan at its approximate fair value as of June 30, 2013.

Note 7. Loans Receivable, At Fair Value

We record CT Legacy Partners' loans receivable investments at fair value, which are determined using internal financial model-based estimations. The CT Legacy Partners loans receivable portfolio included eleven loans with an aggregate principal balance of \$220.7 million, which were reported at their aggregate fair value of \$117.5 million as of June 30, 2013. As of December 31, 2012, there were no loans receivables at fair value because we accounted for CT Legacy Partners as a non-consolidated subsidiary. Refer to Note 3 and Note 8 for additional discussion of CT Legacy Partners. See Note 17 for further discussion of fair value and Note 19 for an allocation of our loans receivable between our operating segments.

The following table details overall statistics for CT Legacy Partners' loans receivable, which is held at fair value as of June 30, 2013 (\$ in millions):

	Loans Receivable, at Fair Value		
	Floating Rate	Fixed Rate	Total
Number of loans	8	3	11
Net Book Value	\$ 94	\$ 24	\$ 118
Wtd. Avg. cash coupon ⁽¹⁾	L+3.90%	8.14%	4.74%
Wtd. Avg. all-in yield ⁽¹⁾	L+4.64%	8.12%	5.34%
Wtd. Avg. maximum maturity (years) ⁽²⁾	0.6	1.4	0.8

(1) Floating rate loans are indexed to LIBOR as of June 30, 2013. LIBOR was 0.19% as of June 30, 2013; however, certain of our loans receivable earn interest based on a minimum LIBOR of 2.0%. Amounts exclude all non-performing loans.

(2) Maximum maturity date assumes all extension options are exercised.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)**

The tables below detail the types of loans in CT Legacy Partners' loan portfolio, as well as the property type and geographic distribution of the properties securing these loans, as of June 30, 2013 (\$ in thousands):

Asset Type	June 30, 2013	
	Net Book Value	Percentage
Subordinate interests in mortgages	\$ 49,695	42%
Mezzanine loans	41,043	35
Senior mortgages	26,811	23
Total	\$ 117,549	100%

Property Type	Net Book Value	
	Value	Percentage
Hotel	\$ 51,761	44%
Office	41,682	35
Other	24,106	21
Total	\$ 117,549	100%

Geographic Location	Net Book Value	
	Value	Percentage
Northeast	\$ 41,682	35%
Northwest	24,106	21
West	14,302	12
Southeast	11,869	10
International	25,590	22
Total	\$ 117,549	100%

Nonaccrual loans

In accordance with our revenue recognition policies discussed in Note 2, we do not accrue interest on loans which are 90 days past due or, in the opinion of our Manager, are otherwise uncollectable. We do not have any material interest receivable accrued on nonperforming loans as of June 30, 2013.

The following table details our loans receivable which are on nonaccrual status as of June 30, 2013 (\$ in thousands):

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Non-Accrual Loans Receivable as of June 30, 2013

Asset Type	Principal Balance	Net Book Value
Senior Mortgage Loans	\$	\$
Subordinate Interests in Mortgages	43,448	
Mezzanine & Other Loans	69,146	11,869
Total	\$ 112,594	\$ 11,869

Note 8. Investment in CT Legacy Asset, at Fair Value

As a result of the merger effective on March 22, 2013, we began consolidating CT Legacy Partners and its subsidiary, CT Legacy Asset, LLC or CT Legacy Asset. Previously, we accounted for CT Legacy Asset on a non-consolidated basis, and as of December 31, 2012, our consolidated balance sheet included a net investment in CT Legacy Asset of \$132.0 million. We have elected the fair value option of accounting for CT Legacy REIT's investment in CT Legacy Asset due to our determination that the fair value of the investment in CT Legacy Asset, as a net liquidating portfolio of assets, is more meaningful and indicative of our interests in CT Legacy Asset than equity method accounting. Following its consolidation, the loans receivable and repurchase obligations of CT Legacy Partners, as well as its other assets and liabilities, are included in our consolidated balance sheet. See Note 3 for additional discussion of the consolidation of CT Legacy Partners and Note 7 and Note 10 for further discussion of CT Legacy Partners' loan receivables and repurchase obligation, respectively.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)***CT Legacy Partners*

CT Legacy Partners holds a portion of our legacy portfolio, which we had previously transferred to CT Legacy REIT (the predecessor of CT Legacy Partners) in connection with our March 2011 Restructuring. CT Legacy Partners is beneficially owned 52% by us and 48% by our former lenders. In addition, CT Legacy Partners has issued class B common shares, a subordinate class of equity which entitles its holders to receive approximately 25% of the dividends that would otherwise be payable to us on our equity interest in CT Legacy Partners, after aggregate cash distributions of \$50.0 million have been paid to all other classes of common equity. Further, CT Legacy Partners has issued class A preferred shares which entitle its holder to cumulative preferred distributions in an amount generally equal to the greater of (i) 2.5% of certain of CT Legacy Partners' assets, and (ii) \$1.0 million per annum.

Our equity interest in CT Legacy Partners is comprised of 4,393,750 class A-1 common shares, 775,000 class A-2 common shares, and 118,651 class B common shares. The outstanding common shares of CT Legacy Partners are comprised of 4.4 million class A-1 common shares, 5.6 million class A-2 common shares, and 1.5 million class B common shares. The equity interests of other members of CT Legacy Partners are reflected as non-controlling interests on our consolidated balance sheet. As of June 30, 2013, CT Legacy Partners had not made any distribution payments to its common equity holders.

Note 9. Equity Investments in Unconsolidated Subsidiaries

As of June 30, 2013, our equity investments in unconsolidated subsidiaries consisted solely of our carried interest in CTOPI, a fund sponsored and managed by CTIMCO. Historically, this balance has also included our co-investments in investment management vehicles that were sponsored and managed by CTIMCO. As described in Note 3, we sold two such co-investments to an affiliate of Blackstone in December 2012 in conjunction with our Investment Management Business Sale; however, we retained 100% of our carried interest in CTOPI.

Activity relating to our equity investments in unconsolidated subsidiaries for the six months ended June 30, 2013 was as follows (\$ in thousands):

	CTOPI Carried Interest (1)
Total as of December 31, 2012	\$ 13,306
Incentive income allocation (2)	9,934
Total as of June 30, 2013	\$ 23,240

(1) The allocation of carried interest from CTOPI is net of a \$1.4 million advance distribution of incentive compensation to satisfy our 2012 income tax obligation related to the allocation of taxable income in respect of our carried interest in CTOPI.

(2) We have deferred the recognition of incentive income allocated to us from CTOPI in respect of our carried interest in CTOPI, and recorded an offsetting liability as a component of accounts payable and other liabilities on our consolidated balance sheet.

Our carried interest in CTOPI entitles us to earn incentive compensation in an amount equal to 17.7% of the fund's profits, after a 9% preferred return and 100% return of capital to the CTOPI partners. As of June 30, 2013, we had been allocated \$24.6 million of incentive compensation from CTOPI based on a hypothetical liquidation of the fund at its net asset value.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Accordingly, we have recognized this allocation as an equity investment in CTOPI on our consolidated balance sheet; however, we have deferred the recognition of income until cash is collected or appropriate contingencies have been eliminated.

The CTOPI partnership agreement provides for advance distributions in respect of our incentive compensation to allow us to pay any income taxes owed on phantom taxable income allocated to us from the partnership. We refer to these distributions as CTOPI Tax Advances. During 2012, we received one such CTOPI Tax Advance of \$1.4 million. In the event the performance of CTOPI does not ultimately result in a sufficient allocation of incentive compensation to us, we would be required to return these CTOPI Tax Advances to the fund. As of June 30, 2013, our maximum exposure to loss from CTOPI was \$1.4 million, the amount of CTOPI Tax Advances we have received from CTOPI.

- 20 -

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)***CTOPI Incentive Management Fee Grants*

In January 2011, we created a management compensation pool for employees equal to 45% of the CTOPI incentive management fee received by us. As of June 30, 2013, we had granted 96% of the pool to our former employees, and the remainder remained unallocated. If any awards remain unallocated at the time incentive management fees are received by us, any amounts otherwise payable to the unallocated awards will be distributed pro-rata to the plan participants then employed by an affiliate of our Manager.

Approximately 96% of these grants have the following vesting schedule, which is contingent on continued employment with an affiliate of our Manager: (i) one-third on the date of grant; (ii) one-third on September 13, 2012; and (iii) the remainder vests upon our receipt of incentive management fees from CTOPI. The remaining 4% of these grants vest solely upon our receipt of incentive management fees from CTOPI or the disposition of certain investments owned by CTOPI.

Note 10. Debt Obligations*Secured Notes*

In conjunction with our March 2011 Restructuring and the corresponding satisfaction of our senior credit facility and junior subordinated notes, certain wholly-owned subsidiaries of ours issued secured notes to these former creditors, which secured notes are non-recourse to us. The secured notes had an aggregate initial face value of \$7.8 million and are secured by 93.5% of our equity interests in the class A-1 and class A-2 common shares of CT Legacy Partners, which represents 48.3% of the total outstanding class A-1 and class A-2 common shares of CT Legacy Partners. The secured notes mature on March 31, 2016 and bear interest at a rate of 8.2% per annum, which interest may be deferred until maturity. All distributions we receive from our equity interests in the common shares of CT Legacy Partners which serve as collateral under the secured notes must be used to pay, or prepay, interest and principal due thereunder, and only after the notes' full satisfaction will we receive any cash flow from the common equity interests in CT Legacy Partners that serve as collateral for the notes. Any prepayment, or partial prepayment, of the secured notes will incur a prepayment premium resulting in a total payment of principal and interest under the secured notes of \$11.1 million.

We had secured notes outstanding with an accreted book value of \$8.8 million and \$8.5 million as of June 30, 2013 and December 31, 2012, respectively.

Repurchase Obligations

During the second quarter of 2013, we entered into \$1.0 billion of master repurchase agreements with four counterparties. As of June 30, 2013, we had aggregate borrowings of \$165.2 million outstanding under these facilities, with a weighted-average cash coupon, excluding associated fees and expenses, of LIBOR plus 1.98% per annum and a weighted-average initial maturity, excluding extension options and term-out provisions, of 2.5 years. The following table details the repurchase obligations outstanding as of June 30, 2013 (\$ in thousands):

Repurchase Lender	Collateral Assets			Repurchase Balances		
	Facility Size	Principal Balance	Net Book Value	Maximum Borrowings	Current Borrowings	Available Borrowings ⁽¹⁾
Bank of America	\$ 250,000	\$ 126,300	\$ 125,557	\$ 101,040	\$ 46,400	\$ 54,640
Wells Fargo	250,000	300,000	298,533	250,000		250,000
Citibank	250,000	156,438	156,039	118,839	118,839	
JP Morgan	250,000					

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Total	\$ 1,000,000	\$ 582,738	\$ 580,129	\$ 469,879	\$ 165,239	\$ 304,640
-------	--------------	------------	------------	------------	------------	------------

(1) Available borrowings is based on assets pledged as collateral under credit facilities as of June 30, 2013. There were two loans with an aggregate principal balance of \$173.8 million as of June 30, 2013 that were not pledged under repurchase agreements, and therefore are available to be pledged as collateral in the future.

On May 21, 2013, we entered into a \$250.0 million master repurchase agreement with Bank of America. Advances under the repurchase agreement accrue interest at a per annum pricing rate equal to LIBOR plus a margin of between 1.75% and 3.25% depending on the attributes of the collateral loans. The initial maturity date of the facility is May 21, 2016, subject to two one-year extension options, each of which may be exercised by us. Obligations under this repurchase agreement are not recourse to us, except that we guarantee 50% of the advances related to senior collateral and 100% of the advances related to mezzanine and junior mortgage collateral.

- 21 -

Table of Contents

Blackstone Mortgage Trust, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

(unaudited)

On June 7, 2013, we entered into a \$250.0 million, asset specific, repurchase agreement with Wells Fargo. Advances under the repurchase agreement accrue interest at a per annum pricing rate equal to LIBOR plus a margin of 2.50%. The initial maturity date of the facility is June 7, 2016, which may be extended pursuant to (i) two one-year extension options, each of which may be exercised by us, and (ii) an additional one-year extension option, contingent upon notice regarding the failure of the collateral mortgage loan to be repaid at its final maturity. We do not guarantee the obligations under this repurchase agreement.

On June 12, 2013, we entered into a \$250.0 million master repurchase agreement with Citibank. Advances under the repurchase agreement accrue interest at a per annum pricing rate equal to LIBOR plus a margin of between 2.00% and 2.25% depending on the attributes of the collateral loans. The initial facility expiration date is June 12, 2016, which may be extended annually by us. If upon the initial facility expiration date, Citibank does not extend the facility availability period, in its sole discretion, then no new advances may be drawn and all collateral interest and principal proceeds would be required to repay existing advances, subject to certain provisions for REIT income distribution requirements. In either case, individual advances mature upon the maturity date of the respective collateral maturity dates. We guarantee 25% of the advances under this facility. Otherwise, obligations under this repurchase agreement are not recourse to us.

On June 28, 2013, we entered into a \$250.0 million master repurchase agreement with JP Morgan. Advances under the repurchase agreement accrue interest at a per annum pricing rate equal to LIBOR plus a margin of between 2.00% and 3.25% depending on the attributes of the collateral loans. The repurchase agreement specifies a one-year availability period, during which new advances can be made and which availability period is renewable at the discretion of JP Morgan. Maturity dates for individual advances are tied to their respective collateral loan maturity dates subject to annual renewal at our discretion. In the event that the availability period is not renewed, it is followed by a two year stabilization period and then a term out period, during which all collateral interest and principal proceeds would be required to repay existing advances, subject to certain provisions for REIT income distribution requirements. Obligations under this repurchase agreement are not recourse to us, except that we guarantee 25% of the advances related to senior mortgage collateral and 100% of the advances related to mezzanine and junior mortgage collateral.

Each of the guarantees related to our master repurchase agreements contain the following uniform financial covenants: (i) our ratio of EBITDA to fixed charges shall be not less than 1.40 to 1.0; (ii) our tangible net worth shall not be less than \$525.0 million plus 75% of the net cash proceeds of future equity issuances; (iii) cash liquidity shall not be less than the greater of (x) \$10.0 million or (y) 5% of our recourse indebtedness; and (iv) our indebtedness shall not exceed 80% of our total assets. As of June 30, 2013, we were in compliance with all applicable covenants.

The weighted average outstanding repurchase obligation balance for the three months ended June 30, 2013 was \$28.3 million.

Repurchase Obligations - CT Legacy Partners

As of March 31, 2013, CT Legacy Partners was party to a repurchase facility with JP Morgan with an outstanding balance of \$20.2 million. On June 5, 2013, CT Legacy Partners repaid the outstanding balance and terminated the repurchase facility. CT Legacy Partners has no outstanding debt obligations as of June 30, 2013.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)***Securitized Debt Obligations*

The balances of each of our consolidated securitization vehicles' outstanding securitized debt obligations, their respective coupons and all-in effective costs, including the amortization of fees and expenses, were as follows (\$ in thousands):

	June 30, 2013		December 31, 2012	Coupon (1)	June 30, 2013	Maturity Date (2)
	Principal Balance	Book Value	Book Value		All-In Cost (1)	
Non-Recourse Securitized Debt Obligations						
CT CDO I	\$ 74,472	\$ 74,472	\$ 91,131	1.79%	1.79%	July 2039
GSMS 2006-FL8A			48,053			N/A
Total/Weighted Average	\$ 74,472	\$ 74,472	\$ 139,184	1.79%	1.79%	July 2039

(1) Represents a weighted average for the facility, assuming LIBOR of 0.19% at June 30, 2013 for floating rate debt obligations.

(2) Maturity date represent the contractual maturity of the securitization trust. Repayment of securitized debt is a function of collateral cash flows which are disbursed in accordance with the contractual provisions of each trust, and is generally expected to occur prior to the maturity date above.

As of June 30, 2013, loans receivable with an aggregate book value of \$80.8 million served as collateral for the non-recourse debt and equity securities issued by our consolidated securitizations vehicles. As of December 31, 2012, loans receivable with an aggregate book value of \$141.5 million served as collateral for the securities issued by these same vehicles.

Our consolidated securitization vehicle, CT CDO I, is subject to interest coverage and overcollateralization tests which, when breached, provide for hyper-amortization of the senior notes by a redirection of cash flow that would otherwise have been paid to the subordinate classes, some of which are owned by us. Furthermore, CT CDO I provides for the re-classification of interest proceeds from impaired collateral as principal proceeds, which also serve to hyper-amortize the senior notes sold. As a result of collateral asset impairments and the related breaches of these interest coverage and overcollateralization tests, we currently do not receive any cash payments from CT CDO I.

Note 11. Derivative Financial Instruments

We may, in the normal course of business, enter into interest rate derivative financial instruments to manage, or hedge, cash flow variability caused by interest rate fluctuations. As of, and during the six months ended, June 30, 2013, we were not party to any such derivative financial instruments. However, our consolidated subsidiary, CT Legacy Partners, was party to five interest rate swaps which it terminated in June 2013. A gain of \$136,000 resulting from the termination is included as a component of interest expense on our consolidated statements of operations for the six months ended June 30, 2013. CT Legacy Partners is no longer party to any derivative financial instruments as of June 30, 2013.

Note 12. Stockholders' Equity**Balance Sheet Data**

Stockholders' Equity increased \$639.2 million during the first six months of 2013 to \$712.7 million. This increase was primarily driven by the issuance of additional shares of class A common stock. See below for further discussion on the share issuance.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)***Accumulated Other Comprehensive Loss*

We did not have any accumulated other comprehensive income or loss as of December 31, 2012 or June 30, 2013. The following table details the primary components of accumulated other comprehensive loss as of June 30, 2012, and significant activity for the six months ended June 30, 2012 (\$ in thousands):

Accumulated Other Comprehensive Loss	Mark-to-Market				Total
	on Interest Rate Hedges	Deferred Gains on Settled Hedges	Other-than-Temporary Impairments	Unrealized Gains on Securities	
Total as of December 31, 2011	(\$ 27,423)	\$ 56	(\$ 16,578)	\$ 3,361	(\$ 40,584)
Unrealized gain on derivative financial instruments	3,749				3,749
Ineffective portion of cash flow hedges ⁽¹⁾	2,481				2,481
Amortization of net unrealized gains on securities				(765)	(765)
Amortization of net deferred gains on settlement of swaps		(56)			(56)
Other-than-temporary impairments of securities ⁽²⁾			203		203
Deconsolidation of CT Legacy Assets ⁽³⁾			3,879	(2,586)	1,293
Total as of June 30, 2012	(\$ 21,193)	\$	(\$ 12,496)	\$ 10	(\$ 33,679)
Allocation to non-controlling interest ⁽³⁾					
Accumulated other comprehensive loss as of June 30, 2012					(\$ 33,679)

- (1) As a result of the deconsolidation of CT Legacy Assets in the first quarter of 2012, the balance of accumulated other comprehensive income related to cash flow hedges of CT Legacy Assets was reclassified to interest expense.
- (2) Represents other-than-temporary impairments of securities in excess of credit losses, including amortization of prior other-than-temporary impairments of \$391,000.
- (3) As further described in Note 1 above, we deconsolidated CT Legacy Assets in the first quarter of 2012. As a result, the balances of accumulated other comprehensive income related to CT Legacy Assets, including those allocable to non-controlling interests are no longer included in our consolidated financial statements.

Non-controlling Interests

The non-controlling interests included on our consolidated balance sheet represent the equity interests in CT Legacy Partners that are not owned by us, as described in Note 8. CT Legacy Partners' outstanding common stock includes class A-1 common shares, class A-2 common shares, and subordinate class B common shares. A portion of CT Legacy Partners' consolidated equity and results of operations are allocated to these non-controlling interests based on their pro-rata ownership of CT Legacy Partners.

(unaudited)

The following table details the components of non-controlling interests as of June 30, 2013 (\$ in thousands):

Non-controlling Interests in CT Legacy Partners as of June 30, 2013	
<u>Gross investment in CT Legacy Partners:</u>	
Restricted cash	\$ 21,972
Loans receivable, at fair value	117,549
Accrued interest receivable, prepaid expenses, and other assets	21,948
Accounts payable, accrued expenses and other liabilities	(485)
	\$ 160,984
Equity interests owned by Blackstone Mortgage Trust, Inc.	(72,006)
Non-controlling interests in CT Legacy Partners	\$ 88,978

Share and Share Equivalents*Authorized Capital*

We have the authority to issue up to 200,000,000 shares of stock, consisting of 100,000,000 shares of class A common stock and 100,000,000 shares of preferred stock. Subject to applicable NYSE listing requirements, our board of directors is authorized to cause us to issue additional shares of authorized stock without stockholder approval. In addition, to the extent not issued, currently authorized stock may be reclassified between class A common stock and preferred stock.

Reverse Stock Split

On April 26, 2013, our board of directors approved a one-for-ten reverse stock split of our class A common stock which we effected on May 6, 2013. As a result of the reverse stock split, the number of outstanding shares of our class A common stock was reduced to 2,926,651. In addition, there was a reclassification of \$263,000 from the par value of our class A common stock to additional paid-in capital to reflect the impact of the reverse stock split.

Class A Common Stock and Deferred Stock Units

Holders of shares of class A common stock are entitled to vote on all matters submitted to a vote of stockholders, subject to the voting rights of any outstanding shares of preferred stock. Holders of record of shares of class A common stock on the record date fixed by our board of directors are entitled to receive such dividends as may be authorized by our board of directors and declared by us, subject to the rights of the holders of any shares of outstanding preferred stock. On May 29, 2013, we issued 25,875,000 shares of class A common stock at a public offering price of \$25.50 per share. We generated net proceeds from the issuance of \$633.8 million after underwriting discounts and other offering expenses. A total of 28,894,475 shares of class A common stock and stock units were issued and outstanding as of June 30, 2013.

In addition to our class A common stock, we also issue deferred stock units to certain members of our board of directors in lieu of cash compensation for services rendered. These deferred stock units are non-voting, but carry the right to receive dividends in the form of additional deferred stock units in an amount equivalent to the cash dividends paid to holders of shares of class A common stock.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)**

The following table details the movement in our outstanding shares of class A common stock, restricted class A common stock, and deferred stock units for the six months ended June 30, 2013 and June 30, 2012:

Common Stock Outstanding ⁽¹⁾⁽²⁾⁽³⁾	Six Months Ended June 30,	
	2013	2012
Beginning balance	3,016,407	2,277,344
Issuance of class A common stock	25,875,000	
<u>Transactions related to stock-based incentive plans</u>		
Issuance of restricted class A common stock, net		36,400
Issuance of deferred stock units	3,068	3,578
Ending balance	28,894,475	2,317,322

- (1) Includes shares of our class A common stock, restricted class A common stock, and deferred stock units.
- (2) Total class A common stock includes deferred stock units held by members of our board of directors of 93,000, and 66,000 as of June 30, 2013 and 2012, respectively.
- (3) Share amounts have been retroactively updated to reflect the one-for-ten reverse stock split which we effected as of May 6, 2013. See above for further discussion.

Preferred Stock

We have not issued any shares of preferred stock since we repurchased all of our previously issued and outstanding preferred stock in 2001.

Dividends

We generally intend to distribute each year substantially all of our taxable income (which does not necessarily equal net income as calculated in accordance with GAAP) to our stockholders to comply with the REIT provisions of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code.

Our dividend policy remains subject to revision at the discretion of our board of directors. All distributions will be made at the discretion of our board of directors and will depend upon our taxable income, our financial condition, our maintenance of REIT status, applicable law, and other factors as our board of directors deems relevant.

No dividends were declared during the six months ended June 30, 2013 or 2012.

Earnings Per Share

The following table sets forth the calculation of basic and diluted net income per share of class A common stock based on the weighted average of both restricted and unrestricted class A common stock outstanding, for the three and six months ended June 30, 2013 and 2012 (\$ in thousands, except share and per share amounts):

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

	Net Income (Loss) per Share of Common Stock ⁽¹⁾			
	Three Months Ended June 30, 2013	Three Months Ended June 30, 2012	Six Months Ended June 30, 2013	Six Months Ended June 30, 2012
Net income (loss)	\$ 2,748	\$ 2,283	(\$ 367)	\$ 68,836
Weighted average shares outstanding	12,401,274	2,289,352	7,734,774	2,286,582
Warrants and options outstanding for the purchase of class A common stock		153,334		148,757
Weighted average shares outstanding, diluted	12,401,274	2,442,686	7,734,774	2,435,339
Per share amount, basic	\$ 0.22	\$ 1.00	(\$ 0.05)	\$ 30.10
Per share amount, diluted	\$ 0.22	\$ 0.93	(\$ 0.05)	\$ 28.27

(1) Share and per share amounts have been retroactively updated to reflect the one-for-ten reverse stock split which we effected as of May 6, 2013. See above for further discussion.

Refer to Note 19 for a breakdown of our results of operations for each of our operating segments.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)**

The following table sets forth the calculation of basic and diluted income from continuing operations per share of class A common stock based on the weighted average of both restricted and unrestricted class A common stock outstanding, for the three and six months ended June 30, 2013 and 2012 (\$ in thousands, except share and per share amounts):

	Income (Loss) from Continuing Operations per Share of Common Stock ⁽¹⁾			
	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2013	2012	2013	2012
Income from continuing operations	\$ 6,768	\$ 3,692	\$ 5,170	\$ 144,887
Net income attributable to non-controlling interests	(4,020)	(1,068)	(5,537)	(75,137)
Income (loss) from continuing operations attributable to Blackstone Mortgage Trust, Inc.	\$ 2,748	\$ 2,624	(\$ 367)	\$ 69,750
Weighted average shares outstanding	12,401,274	2,289,352	7,734,774	2,286,582
Warrants and options outstanding for the purchase of class A common stock		153,334		148,757
Weighted average shares outstanding, diluted	12,401,274	2,442,686	7,734,774	2,435,339
Per share amount, basic	\$ 0.22	\$ 1.15	(\$ 0.05)	\$ 30.50
Per share amount, diluted	\$ 0.22	\$ 1.08	(\$ 0.05)	\$ 28.67

(1) Share and per share amounts have been retroactively updated to reflect the one-for-ten reverse stock split which we effected as of May 6, 2013. See above for further discussion.

Refer to Note 19 for a breakdown of our results of operations for each of our operating segments.

Note 13. General and Administrative Expenses

General and administrative expenses for the six months ended June 30, 2013 and 2012 consisted of the following (\$ in thousands):

General and Administrative Expenses	Six Months Ended June 30,	
	2013	2012
Management fees to affiliates	\$ 983	\$ 802
Professional services	1,267	954
Operating and other costs	975	954
Subtotal	3,225	1,756
Non-cash compensation expenses		
Management incentive awards plan - CT Legacy Partners ⁽¹⁾	1,511	181

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Director stock-based compensation	75	112
Employee stock-based compensation		210
Subtotal	1,586	503
Expenses of consolidated securitization vehicles	654	64
Total	\$ 5,465	\$ 2,323

(1) Represents the accrual of amounts payable under the CT Legacy Partners management incentive awards during the period. See below for discussion of the CT Legacy Partners management incentive awards plan.

As a result of our Investment Management Business Sale, the operating expenses related to our investment management business have been reclassified to income (loss) from discontinued operations on our consolidated statements of operations. See Note 3 for further discussion of the Investment Management Business Sale.

In conjunction with the Investment Management Business Sale, we entered into a new management agreement with our Manager, which was amended and restated as of March 26, 2013, pursuant to which our Manager earns a base management fee in an amount equal to the greater of (a) \$250,000 per annum and (b) 1.50% per annum multiplied by our outstanding Equity balance, as defined in the management agreement with our Manager. In addition, our Manager is entitled to an incentive fee in an amount equal to the product of (a) 20% and (b) the excess of (i) our Core Earnings (as defined in the management agreement) for the previous 12-month period (or the period since January 1, 2013, whichever is shorter) over (ii) an amount equal to 7.00% per annum multiplied by our outstanding Equity, provided that our Core Earnings over the prior three-year period (or the period since the date of the first

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)**

offering of our class A common stock following December 19, 2012, whichever is shorter) is greater than zero. Core Earnings is generally equal to our net income (loss) prepared in accordance with GAAP, excluding (i) certain non-cash items and (ii) the net income (loss) related to our legacy portfolio.

During the six months ended June 30, 2013, we incurred \$982,500 of management fees payable to our Manager, which are included in general and administrative expenses. We did not incur any incentive fees payable to our Manager during the six months ended June 30, 2013.

CT Legacy Partners Management Incentive Awards Plan

In conjunction with our March 2011 Restructuring, we created an employee pool for up to 6.75% of the distributions paid to the common equity holders of CT Legacy Partners (subject to certain caps and priority distributions). As of June 30, 2013, incentive awards for 92% of the pool were granted to our former employees, and the remainder remains unallocated. If any awards remain unallocated at the time distributions are paid, any amounts otherwise payable to the unallocated awards will be distributed pro-rata to the plan participants then employed by an affiliate of our Manager.

Approximately 82% of these grants have the following vesting schedule, which is contingent on continued employment with an affiliate of our Manager: (i) 25% vests on the date of grant, (ii) 25% vests in March 2013, (iii) 25% vests in March 2014, and (iv) the remainder vests upon our receipt of distributions from CT Legacy Partners. The remaining 18% of these grants vest upon our receipt of distributions from CT Legacy Partners.

We accrue a liability for the amounts due under these grants based on the value of CT Legacy Partners and the periodic vesting of the awards granted. Accrued payables for these awards were \$6.8 million and \$5.3 million as of June 30, 2013 and December 31, 2012, respectively.

Note 14. Discontinued Operations

As more fully described in Note 3, we sold our investment management business, CTIMCO, to an affiliate of Blackstone in December 2012. As a result, the income and expense items related to our investment management business have been reclassified to loss from discontinued operations on our consolidated statement of operations.

The following table provides additional information on the components of discontinued operations for the six months ended June 30, 2013 and 2012 (\$ in thousands):

Discontinued Operations	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Servicing fees	\$	\$	1,365	\$ 3,385
Management fees from affiliates			1,610	3,195
Total revenues			2,975	6,580
General and administrative expenses			3,173	6,729
Loss from discontinued operations before income taxes			(199)	(149)
Income tax provision			(143)	(766)

Loss from discontinued operations	\$	(\$ 341)	\$	(\$ 914)
-----------------------------------	----	----------	----	----------

Notes to Consolidated Financial Statements

(unaudited)

Note 15. Income Taxes

We made an election to be taxed as a REIT, effective January 1, 2003, under the Internal Revenue Code for U.S. federal income tax purposes. We generally must distribute annually at least 90% of our net taxable income, subject to certain adjustments and excluding any net capital gain, in order for U.S. federal income tax not to apply to our earnings that we distribute. To the extent that we satisfy this distribution requirement, but distribute less than 100% of our net taxable income, we will be subject to U.S. federal income tax on our undistributed taxable income. In addition, we will be subject to a 4% nondeductible excise tax if the actual amount that we pay out to our stockholders in a calendar year is less than a minimum amount specified under U.S. federal tax laws.

Our qualification as a REIT also depends on our ability to meet various other requirements imposed by the Internal Revenue Code, which relate to organizational structure, diversity of stock ownership and certain restrictions with regard to the nature of our assets and the sources of our income. Even if we qualify as a REIT, we may be subject to certain U.S. federal income and excise taxes and state and local taxes on our income and assets. If we fail to maintain our qualification as a REIT for any taxable year, we may be subject to material penalties as well as federal, state and local income tax on our taxable income at regular corporate rates and we would not be able to qualify as a REIT for the subsequent four full taxable years. As of June 30, 2013 and December 31, 2012, we were in compliance with all REIT requirements.

During the six months ended June 30, 2013, we recorded a current income tax provision of \$593,000. Of the total current income tax provision, \$554,000 was due to activities of taxable REIT subsidiaries. As a result of our sale of CTIMCO we no longer have any deferred tax assets or liabilities as of December 31, 2012.

As a result of our issuance of 25,875,000 shares of class A common stock in May 2013, the availability of our net operating losses, or NOLs, and net capital losses, or NCLs, is significantly limited by change of control provisions promulgated by the Internal Revenue Service with respect to the ownership of Blackstone Mortgage Trust, Inc. As of December 31, 2012, we had net operating losses, or NOLs, of \$161.5 million and net capital losses, or NCLs, of \$121.4 million available to be carried forward and utilized in current or future periods. If we are unable to utilize our NOLs, they will expire in 2029. If we are unable to utilize our NCLs, \$2.0 million will expire in 2013, \$87.4 million will expire in 2014, \$31.4 million will expire in 2015, and \$618,000 will expire in 2017.

As of June 30, 2013, tax years 2009 through 2012 remain subject to examination by taxing authorities.

Note 16. Stock-Based Incentive Plans

We do not have any employees following the consummation of the Investment Management Business Sale on December 19, 2012, as described in Note 1. However, as of June 30, 2013, our Manager, certain individuals employed by an affiliate of our Manager, and certain members of our board of directors are compensated, in part, through the issuance of stock-based instruments. In addition, certain of our former employees continue to participate in the CTOPI incentive management fee grants and the CT Legacy Partners management incentive awards plan.

We had stock-based incentive awards outstanding under four benefit plans as of June 30, 2013: (i) our amended and restated 1997 non-employee director stock plan, or 1997 Plan, (ii) our 2007 long-term incentive plan, or 2007 Plan, (iii) our 2011 long-term incentive plan, or 2011 Plan, and (iv) our 2013 stock incentive plan, or 2013 Plan. No awards have been granted under our 2013 manager incentive plan, or 2013 Manager Plan, as of June 30, 2013. We refer to our 1997 Plan, our 2007 Plan, and our 2011 Plan as our Expired Plans and we refer to our 2013 Plan and 2013 Manager Plan as our Current Plans.

Our Expired Plans have expired and no new awards may be issued under them. Under our Current Plans, a maximum of 2,160,106 shares of our class A common stock may be issued to our Manager, our directors and officers, and certain employees of affiliates of our Manager. As of June 30, 2013, there were 2,158,646 shares available under the Current Plans.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Awards outstanding under these plans as of June 30, 2013 was comprised entirely of 93,000 deferred stock units granted to certain members of our board of directors in lieu of cash compensation for services and in lieu of dividends earned on previously granted stock units. Awards outstanding under Expired Plans have been adjusted to reflect the one-for-ten reverse stock split which we effected as of May 6, 2013. See Note 12 for further discussion of our reverse stock split.

See Notes 9 and 13 for additional discussion of the CTOPI incentive management fee grants and the CT Legacy Partners management incentive awards plan, respectively.

Note 17. Fair Values**Assets Recorded at Fair Value**

The following table summarizes our assets that are recorded at fair value as of June 30, 2013 (\$ in thousands):

	Total Fair Value at June 30, 2013	Fair Value Measurements Using		
		Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>Measured on a recurring basis:</u>				
Loans held-for-sale, net	\$ 3,800	\$	\$	\$ 3,800
Loans receivable, at fair value	\$ 117,549	\$	\$	\$ 117,549
Securities, at fair value ⁽¹⁾	\$ 15,461	\$	\$ 1,925	\$ 13,536
<u>Measured on a non-recurring basis:</u>				
Impaired loans receivable ⁽²⁾	\$	\$	\$	\$

(1) Other assets, at fair value include securities and other assets carried at fair value.

(2) All impaired loans receivable have a 100% loan loss reserve and are held by consolidated securitization vehicles as of June 30, 2013. The following table summarizes our assets that are recorded at fair value as of December 31, 2012 (\$ in thousands):

	Total Fair Value at December 31, 2012	Fair Value Measurements Using		
		Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>Measured on a recurring basis:</u>				
Investment in CT Legacy Asset	\$ 132,000	\$	\$	\$ 132,000
<u>Measured on a non-recurring basis:</u>				
Impaired loans receivable ⁽¹⁾	\$ 2,000	\$	\$	\$ 2,000

(1) Impaired loans receivable have a 92% loan loss reserve and are held by consolidated securitization vehicles as of December 31, 2013.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

The following table reconciles the beginning and ending balances of assets measured at fair value on a recurring basis using Level 3 inputs (\$ in thousands):

	Loans Held-for-Sale, net	Loans Receivable, at fair value	Other assets, at fair value ⁽¹⁾	Investment in CT Legacy Assets
December 31, 2012	\$	\$	\$	\$ 132,000
Consolidation of CT Legacy Partners		150,332	15,761	(132,000)
Transfer from loans receivable, net	2,000			
Principal paydowns		(36,930)	(349)	
Deferred interest		195		
<u>Adjustments to fair value included in earnings:</u>				
Valuation allowance on loans held-for-sale	1,800			
Unrealized gain on investments at fair value		3,951	49	
June 30, 2013	\$ 3,800	\$ 117,549	\$ 15,461	\$

(1) Other assets include securities and other assets carried at fair value.

The following describes the key assumptions used in arriving at the fair value of each type of asset that was recorded at fair value as of June 30, 2013 and December 31, 2012. There were no liabilities recorded at fair value as of June 30, 2013 or December 31, 2012. See Note 2 for further discussion regarding fair value measurement.

Loans held-for-sale - Loans held-for-sale are valued based on expected net proceeds from a sale of the asset.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)**

Loans receivable, at fair value - The following table lists the range of key assumptions for each type of loans receivable as of June 30, 2013 (\$ in millions):

Collateral Type	Assumption Ranges for Significant Unobservable Inputs (Level 3) ⁽¹⁾		Book Value	Book Value Sensitivity to a 100bps Discount Rate Increase
	Discount Rate	Recovery Percentage ⁽²⁾		
Hotel	8% -12%	84%- 100%	\$ 51.7	(0.3%)
Mixed Use / Other	10%	100%	24.1	(0.1%)
Office	7%- 20%	69%- 100%	41.7	0.05%
			\$ 117.5	

(1) Excludes loans for which there is no expectation of future cash flows.

(2) Represents the proportion of the principal expected to be collected relative to the loan balance as of June 30, 2013.

Other assets, at fair value - Other assets include securities and other assets carried at fair value. As of June 30, 2013, all other assets were valued by obtaining assessments from third-party dealers.

Impaired loans receivable - Our impaired loans receivables, which are held by our consolidated securitization vehicles, include two subordinate interests in mortgage loans with an aggregate principal balance of \$18.1 million. These hotel loans are in maturity default as of June 30, 2013. The range of key assumptions used for arriving at the fair value of these loans included capitalization rates between 9% and 15% and assumed occupancy rates between 75% and 83%.

Investment in CT Legacy Asset - We elected the fair value option of accounting for CT Legacy REIT's investment in CT Legacy Asset, at December 31, 2012. We arrived at the fair value of our Investment in CT Legacy Asset by discounting the net cash flows expected to be distributed to its equity holders after the repayment of the repurchase facility. The key assumptions for significant unobservable inputs were: (i) a discount rate of 15% and (ii) loss severities applied to the underlying assets.

Fair Value of Financial Instruments

As discussed in Note 2, GAAP requires disclosure of fair value information about financial instruments, whether or not recognized in the statement of financial position, for which it is practicable to estimate that value. The following table details the carrying amount, face amount, and approximate fair value of the financial instruments described in Note 2. All fair value estimates, except for cash and cash equivalents, are measured using significant unobservable inputs, or Level 3 inputs, as further described above. (\$ in thousands):

	June 30, 2013			December 31, 2012		
	Carrying Amount	Face Amount	Fair Value	Carrying Amount	Face Amount	Fair Value
Financial assets:						
Cash and cash equivalents	\$ 59,746	\$ 59,746	\$ 59,746	\$ 15,423	\$ 15,423	\$ 15,423
Restricted cash	21,972	21,972	21,972	14,246	14,246	14,246

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Loans receivable, net	830,101	851,716	827,152	141,500	164,180	133,682
Financial liabilities:						
Secured notes	8,848	8,848	7,827	8,497	8,497	7,374
Repurchase obligations	165,239	165,239	165,239			
Securitized debt obligations	74,472	74,472	51,454	139,184	139,184	89,880

Blackstone Mortgage Trust, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

(unaudited)

Note 18. Transactions with Related Parties

Transactions Related to Our Manager

As further described in Note 3, in December 2012 we concluded multiple, related transactions with Blackstone and its affiliates, including: (i) the Investment Management Business Sale, (ii) the sale of 500,000 shares of our class A common stock for \$20.00 per share, and (iii) the execution of a new external management agreement with our Manager. In addition, Blackstone received the right to designate two members of our board of directors, and exercised that right by designating an employee and one of its senior advisors to replace two former members of our board of directors who resigned effective December 19, 2012.

On March 26, 2013, we amended the external management agreement with our Manager to, among other things, amend our investment guidelines to permit the investment risk management committee of our board of directors, which consists of only independent directors, to approve any proposed investment by our Manager.

As of June 30, 2013, our consolidated balance sheet included \$920,000 of accrued management fees payable to our Manager. During the six months ended June 30, 2013, we paid \$71,000 of management fees to our Manager. In addition, as of June 30, 2013, our consolidated balance sheet includes \$382,000 of preferred distributions payable by CT Legacy Partners to an affiliate of our Manager. During the six months ended June 30, 2013, CT Legacy Partners made aggregate preferred distributions of \$2.3 million to an affiliate of our Manager.

During the six months ended June 30, 2013, our consolidated securitization vehicles paid \$651,000 of special servicing fees to CTIMCO, which is an affiliate of our Manager.

There may be conflicts between us and our Manager with respect to certain of the investments in the CT Legacy Partners and CTOPI portfolios where an affiliate of our Manager holds a related investment that is senior, junior, or *pari passu* to the investments held by these portfolios.

The management agreement with our Manager excludes from the management fee calculation our interests in CT Legacy Partners, CTOPI, and our CT CDOs, which may result in further conflicts between the economic interests of us and our Manager. Certain of our former employees are now employed by an affiliate of our Manager. See Note 13 for further discussion of the management agreement with our Manager.

On May 13, 2013, we entered into a joint venture, 42-16 Partners, with an affiliate of our Manager to originate and warehouse loans prior to the completion of our class A common stock offering on May 29, 2013. 42-16 Partners was owned 16.7% by us and 83.3% by an affiliate of our Manager, and originated one senior mortgage loan on May 21, 2013. On May 30, 2013, we ended this relationship with the affiliate of our Manager and purchased 100% of the equity interests in 42-16 Partners held by the affiliate our Manager using proceeds from the sale of our class A common stock and, as a result, 42-16 Partners became a 100% owned and consolidated subsidiary. We recorded a \$193,000 charge to non-controlling interest as a result of the purchase of these equity interests at their fair value, rather than GAAP book value.

An affiliate of our Manager purchased 1,960,784 shares of our class A common stock as part of our stock offering on May 22, 2013. These shares were purchased for \$25.50 each, the same price offered to non-affiliated purchasers. This affiliate owned class A common stock representing 8.5% of outstanding class A common stock and stock units as of July 25, 2013.

Other Related Party Transactions

In conjunction with the Investment Management Business Sale, we entered into a letter agreement with W.R. Berkley Corporation, or WRBC, pursuant to which we agreed not to undertake any offering of our class A common stock, or other equity securities, in an aggregate amount greater than \$30.0 million without prior approval of a majority of the independent members of our board of directors. This approval was obtained in conjunction with our May 2013 offering of Class A common stock, and no further approval requirement remains. WRBC beneficially owned class A common stock representing approximately 1.3% of our outstanding class A common stock and stock units as of July

25, 2013, and a member of our board of directors is an employee of WRBC.

Note 19. Segment Reporting

We operate our real estate finance business through a Loan Origination segment and a CT Legacy Portfolio segment. The Loan Origination segment includes our activities associated with the origination and acquisition of mortgage loans, the capitalization of our loan portfolio, and the costs associated with operating our business generally. The CT Legacy Portfolio segment includes our activities specifically related to CT Legacy Partners, CT

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)**

CDO I, and our equity investment in CTOPI. Our Manager identifies, makes operating decisions, and assesses the performance of each of our business segments based on financial and operating data and metrics generated from our internal information systems.

Our Loan Origination business commenced during 2013. Accordingly, no comparable segment data exists for 2012 or any other prior period, and we have therefore not retrospectively restated our previously reported information.

The following table presents our results of operations for each segment for the three months ended June 30, 2013 (\$ in thousands):

	Loan Origination	CT Legacy Portfolio	Total
Income from loans and other investments:			
Interest and related income	\$ 1,908	\$ 4,109	\$ 6,017
Less: Interest and related expenses	168	1,138	1,306
Income from loans and other investments, net	1,740	2,971	4,711
Other expenses:			
General and administrative	2,153	1,274	3,427
Total other expenses	2,153	1,274	3,427
Valuation allowance on loans held-for-sale		2,000	2,000
Unrealized gain on investments at fair value		4,000	4,000
Gain on extinguishment of debt		38	38
(Loss) income before income taxes	(413)	7,735	7,322
Income tax provision	2	552	554
Net (loss) income	(\$ 415)	\$ 7,183	\$ 6,768
Net income attributable to non-controlling interests		(4,020)	(4,020)
Net (loss) income attributable to Blackstone Mortgage Trust, Inc.	(\$ 415)	\$ 3,163	\$ 2,748

All consolidated revenues for the three months ended June 30, 2013 were generated from external domestic sources. There were no transactions between our operating segments during the six months ended June 30, 2013.

Table of Contents**Blackstone Mortgage Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements (continued)****(unaudited)**

The following table presents the key components of our results of operations for each segment for the six months ended June 30, 2013 (\$ in thousands):

	Loan Origination	Legacy Portfolio	Total

Note 20. Subsequent Events

Subsequent to quarter-end, we originated an additional five loans with total commitments of \$289.1 million, of which an aggregate \$233.3 million was funded at closing, and we borrowed \$254.0 million under existing repurchase facilities.

Also subsequent to quarter-end, we closed two additional asset-specific repurchase agreements with Wells Fargo, which provide an aggregate \$91.8 million of credit. Borrowings under these agreements are not recourse to us, and are term-matched to their collateral assets.

On July 26, 2013, we amended our master repurchase agreement with Citibank to provide for a second \$250.0 million tranche of potential advances. The second tranche is subject to a one year availability period, during which new financing transactions can be initiated. All other

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

terms, including the maturity dates, for the second tranche advances are the same as the original \$250 million tranche.

Also on July 26, 2013, we filed an S-3 universal shelf registration statement with the SEC, which permits us to periodically offer various debt and equity securities to the public. Any offerings of common stock or securities convertible into common stock remain subject to the 180-day lock-up agreement we executed in conjunction with our May 2013 offering of class A common stock.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

References herein to Blackstone Mortgage Trust, Company, we, us or our refer to Blackstone Mortgage Trust, Inc. and its subsidiaries unless the context specifically requires otherwise.

The following discussion should be read in conjunction with the unaudited consolidated financial statements and notes thereto appearing elsewhere in this quarterly report on Form 10-Q. In addition to historical data, this discussion contains forward-looking statements about our business, operations and financial performance based on current expectations that involve risks, uncertainties and assumptions. Our actual results may differ materially from those in this discussion as a result of various factors, including but not limited to those discussed in Item 1A. Risk Factors in our annual report on Form 10-K for the year ended December 31, 2012 and elsewhere in this quarterly report on Form 10-Q.

Introduction

We are a real estate finance company that primarily originates and purchases senior mortgage loans collateralized by properties in the United States and Europe. We are externally managed by BXMT Advisors L.L.C., which we refer to as our Manager, a subsidiary of The Blackstone Group L.P., or Blackstone, and are a real estate investment trust traded on the NYSE under the symbol BXMT. We are headquartered in New York City. Further information is available at www.bxmt.com.

We conduct our operations as a real estate investment trust, or REIT, for U.S. federal income tax purposes. We generally will not be subject to U.S. federal income taxes on our taxable income to the extent that we annually distribute all of our net taxable income to stockholders and maintain our qualification as a REIT. We also operate our business in a manner that permits us to maintain our exemption from registration under the Investment Company Act of 1940, as amended, or the Investment Company Act. We are organized as a holding company and conduct our business primarily through our various subsidiaries. Our business is organized into two operating segments; the Loan Origination segment and the CT Legacy Portfolio segment.

Recent Developments

Stock Offering, Name Change, and Reverse Stock Split

On May 29, 2013, we issued 25,875,000 shares of class A common stock for a public offering price of \$25.50 per share. We generated net proceeds from the issuance of \$633.8 million after underwriting discounts and other offering expenses. The Blackstone Group L.P., or Blackstone, purchased 1,960,784 shares of our class A common stock as part of the offering, resulting in ownership of 2,460,784 shares, or 8.5% of our class A common stock and stock units as of June 30, 2013. In addition, certain members of our board of directors, our officers, and other employees of an affiliate of our Manager purchased an aggregate of 300,688 shares our class A common stock as part of the offering under a directed share program. These shares were purchased for \$25.50 each, the same price offered to non-affiliated purchasers.

On April 26, 2013, our board of directors approved the change of our name from Capital Trust, Inc. to Blackstone Mortgage Trust, Inc., which we effected on May 6, 2013 concurrently with a one-for-ten reverse stock split of our class A common stock. Except where the context indicates otherwise, all class A common stock numbers herein have been adjusted to give retroactive effect to the reverse stock split.

Blackstone Transaction

On December 19, 2012, we consummated a strategic transaction that included, among other things, disposition of our investment management and special servicing business, including CT Investment Management Co., LLC, or CTIMCO, and our related fund co-investments to an affiliate of Blackstone. In conjunction with the sale, we entered into a management agreement with an affiliate of Blackstone, which we refer to as our Manager. We refer the entire transaction as our Investment Management Business Sale. We received proceeds of \$21.4 million from the Investment Management Business Sale and, in conjunction with the transaction, issued 500,000 shares of our class A common stock to an affiliate of Blackstone for a purchase price of \$10.0 million.

In connection with the consummation of the Investment Management Business Sale and the closing of our sale of 500,000 shares of class A common stock to an affiliate of Blackstone, we paid a \$20.00 per share special cash dividend on December 20, 2012 to holders of record of our class A common stock at the close of business on November 12, 2012.

Following the Investment Management Business Sale, we no longer have any employees and are externally managed by our Manager, an affiliate of Blackstone.

Table of Contents**Book Value per Share**

The following table calculates our book value per share as of June 30, 2013 and December 31, 2012 (\$ in thousands, except per share amounts):

Book Value per Share ⁽¹⁾	June 30, 2013	December 31, 2012
Shareholders' equity	712,689	\$ 73,444
Shares:		
Class A common stock	28,801,651	2,926,651
Restricted class A common stock		
Stock units	92,824	89,756
Total	28,894,475	3,016,407
Book value per share	\$ 24.67	\$ 24.35

(1) Share and per share amounts have been retroactively updated to reflect the one-for-ten reverse stock split which we effected as of May 6, 2013. See Note 12 to our consolidated financial statements for further discussion.

We operate our real estate finance business through a Loan Origination segment and a CT Legacy Portfolio segment. The Loan Origination segment includes our activities associated with the origination and acquisition of mortgage loans, the capitalization of our loan portfolio, and the costs associated with operating our business generally. The CT Legacy Portfolio segment includes our activities specifically related to our CT Legacy Partners, LLC, or CT Legacy Partners, subsidiary, CT CDO I, and our equity investment in CT Opportunity Partners I, LP, or CTOPI.

The following table calculates our book value per share allocated between our two reportable segments as of June 30, 2013 (\$ in thousands, except per share amounts):

Book Value per Share - Segment Allocation	Loan Origination	Legacy Portfolio	Total
Shareholders' equity	\$ 648,693	\$ 63,996	\$ 712,689
Shares:			
Class A common stock	28,801,651	28,801,651	28,801,651
Stock units	92,824	92,824	92,824
Total	28,894,475	28,894,475	28,894,475
Book value per share	\$ 22.45	\$ 2.22	\$ 24.67

Table of Contents**I. Loan Origination**

During the three months ended June 30, 2013, our Loan Origination segment originated \$756.6 million of new loans. The majority of these loan originations, however, closed in late June, resulting in interest income of only \$1.9 million during the period. Similarly, the majority of our loan portfolio was capitalized by equity capital with only \$165.2 million of borrowings outstanding under repurchase facilities as of June 30, 2013. The majority of these facilities also closed in late June, resulting in interest expense of only \$168,000 during the period. In the aggregate, our Loan Origination segment incurred a net loss of \$415,000 driven primarily by the concentration of its loan origination activity in June, as well as general and administrative expenses.

Portfolio Overview

The following table details our loan originations activity during the three months ended June 30, 2013 (\$ in thousands):

Loan Origination Activity for Three Months Ended June 30, 2013

	Number of Loans	Total Commitments	Funded Commitments	Net Book Value
Senior mortgage loans ⁽¹⁾	8	\$ 765,188	\$ 756,638	\$ 753,101

(1) Senior mortgage loans include two pari passu participations with aggregate total commitments, funded commitments, and net book value of \$91.1 million.

The following table details overall statistics for our loans receivable portfolio within the Loan Origination segment as of June 30, 2013 (\$ in thousands):

	June 30, 2013
Number of loans	8
Principal balance	\$ 756,638
Net book value	\$ 753,101
Wtd. Avg. cash coupon ⁽¹⁾	L+4.44%
Wtd. Avg. all-in yield ⁽¹⁾	L+5.26%
Wtd. Avg. maximum maturity (years) ⁽²⁾	4.0

(1) All loans are floating rate loans indexed to LIBOR as of June 30, 2013. LIBOR was 0.19% as of June 30, 2013; however, certain of our loans receivable earn interest based on a minimum LIBOR ranging from 0.20% to 1.00%.

(2) Maximum maturity date assumes all extension options are executed.

The charts below detail the geographic distribution and types of properties securing these loans, as of June 30, 2013:

Refer to section IV of this Item 2 for details of our loan portfolio, on a loan-by-loan basis.

Table of Contents

Our Loan Origination portfolio as of June 30, 2013 was comprised entirely of floating rate mortgage loans and all of our debt financing was also floating rate, which results in a return on equity that is correlated to one-month LIBOR. Generally, our business model is such that rising interest rates will increase our net income, while declining interest rates will decrease net income. For instance, all other things being equal, as of June 30, 2013, a 100 basis point increase in LIBOR would increase our net income by \$5.9 million per annum. The following table details our Loan Origination segment's sensitivity to interest rates as of June 30, 2013 (\$ in thousands):

Interest Rate Sensitivity - Loan Origination Segment	
	June 30, 2013
Floating rate loans ⁽¹⁾	\$ 756,638
Floating rate debt ⁽¹⁾	(165,239)
Net floating rate exposure	\$ 591,399
Net income impact from 100 bps increase in LIBOR	\$ 5,914

(1) All of our loans and credit facilities were indexed to one-month LIBOR as of June 30, 2013.

Asset Management and Performance

We actively manage the investments in our Loan Origination portfolio. While these investments are generally in the form of debt, we are aggressive in exercising the rights afforded to us as a lender. These rights may include collateral level budget approvals, lease approvals, loan covenant enforcement, escrow/reserve management/collection, collateral release approvals and other rights that we may negotiate.

As discussed in Note 2 to our consolidated financial statements, our Manager performs a quarterly review of our loan portfolio, assesses the performance of each loan, and assigns it a risk rating between 1 (lowest risk) to 8 (highest risk). Loans that pose a higher risk of non-performance and / or loss are placed on our Watch List. Watch list loans are those with an internal risk rating of 4 or higher.

As of June 30, 2013, all of the investments in the loan origination segment are performing as expected and the weighted-average risk rating of our loan portfolio is 2.3 .

Repurchase Obligations

During the second quarter of 2013, we entered into \$1.0 billion of master repurchase agreements with four counterparties. As of June 30, 2013, we had aggregate borrowings of \$165.2 million outstanding under these facilities, with a weighted-average cash coupon, excluding associated fees and expenses, of LIBOR plus 1.98% per annum and a weighted-average initial maturity, excluding extension options and term-out provisions, of 2.5 years. The following table details the repurchase obligations outstanding as of June 30, 2013 (\$ in thousands):

Repurchase Lender	Collateral Assets			Repurchase Balances		
	Facility Size	Principal Balance	Net Book Value	Maximum Borrowings	Current Borrowings	Available Borrowings ⁽¹⁾
Bank of America	\$ 250,000	\$ 126,300	\$ 125,557	\$ 101,040	\$ 46,400	\$ 54,640
Wells Fargo	250,000	300,000	298,533	250,000		250,000
Citibank	250,000	156,438	156,039	118,839	118,839	
JP Morgan	250,000					
Total	\$ 1,000,000	\$ 582,738	\$ 580,129	\$ 469,879	\$ 165,239	\$ 304,640

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

- (1) Available borrowings is based on assets pledged as collateral under credit facilities as of June 30, 2013. There were two loans with an aggregate principal balance of \$173.8 million as of June 30, 2013 that were not pledged under repurchase agreements, and therefore are available to be pledged as collateral in the future.

Refer to Note 10 to our consolidated financial statements for additional terms and details of our repurchase facilities.

- 39 -

Table of Contents**II. CT Legacy Portfolio**

Our CT Legacy Portfolio consists primarily of: (i) our interests in CT Legacy Partners; (ii) our carried interest in CTOPI, a private investment fund that was previously under our management and is now managed by an affiliate of our Manager; and (iii) our subordinated interests in CT CDO I.

During the three months ended June 30, 2013, our CT Legacy Portfolio segment generated net income of \$3.2 million, driven primarily by \$6.0 million of positive valuation and mark-to-market adjustments on the CT Legacy Partners and CT CDO I loan portfolios. We collected \$99.4 million of principal repayments on investments in our CT Legacy Portfolio Segment, which proceeds were used to (i) repay the remaining \$20.2 million of CT Legacy Partners repurchase obligations, (ii) terminate all outstanding CT Legacy Partners interest rate swaps, and (iii) pay down \$76.6 million of securitized debt obligations. In addition, our net investment in the CTOPI carried interest increased by \$1.7 million during the three months ended June 30, 2013.

CT Legacy Partners*Portfolio Overview*

Our investment in CT Legacy Partners represents our 52% equity interest in a vehicle we formed to own and finance certain assets that we retained in connection with a comprehensive debt restructuring in 2011. As of June 30, 2013, the CT Legacy Partners portfolio included loans with an aggregate principal balance of \$220.7 million and securities with an aggregate face value of \$117.5 million. See section IV of this Item 2 for details of the CT Legacy Partners loan portfolio, on a loan-by-loan basis.

The following table details the components of our gross investment in CT Legacy Partners included in our consolidated balance sheet, as well as our net investment in CT Legacy Partners after the future payments under the secured notes and management incentive awards plan as of June 30, 2013 (\$ in thousands):

Blackstone Mortgage Trust's Investment in CT Legacy Partners as of June 30, 2013

<u>Gross investment in CT Legacy Partners:</u>	
Restricted cash	\$ 21,972
Loans receivable, at fair value	117,549
Accrued interest receivable, prepaid expenses, and other assets	21,948
Accounts payable, accrued expenses and other liabilities	(485)
Noncontrolling interests	(88,978)
	\$ 72,006
Secured notes, including prepayment premium ⁽¹⁾	(11,059)
Management incentive awards plan, fully vested ⁽²⁾	(10,867)
Net investment in CT Legacy Partners	\$ 50,080

(1) Includes the full potential prepayment premium on secured notes, as described below. We carry this liability at its amortized basis of \$8.8 million on our balance sheet as of June 30, 2013. The remaining interest and prepayment premium will be recognized, as applicable, over the term of the secured notes as a component of interest expense.

(2) Assumes full payment of the management incentive awards plan, as described below, based on the hypothetical GAAP liquidation value of CT Legacy Partners as of June 30, 2013. We periodically accrue a payable for the management incentive awards plan based on the vesting schedule for the awards and continued employment with an affiliate of our Manager of the award recipients. As of June 30, 2013, our

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

balance sheet includes \$6.8 million in accounts payable and accrued expenses for the management incentive awards plan.

Asset Management and Performance

The CT Legacy Partners portfolio is primarily comprised of investments which were originated in 2006 and 2007, a substantial portion of which are distressed and not expected to repay in full or, in certain cases, at all. As discussed in the loan origination section in this Item 2, our Manager performs a quarterly review of our loan portfolio and higher risk assets on our Watch List. Watch List Loans include those which are risk rated 4 or higher.

- 40 -

Table of Contents

The table below details the Watch List Loans held in CT Legacy Partners as of June 30, 2013 (\$ in millions):

Watch List Loans - CT Legacy Partners ⁽¹⁾		June 30, 2013
CT Legacy Partners	loans receivables (\$ / #)	\$ 118 / 11
	Watch list loans (\$ / #)	\$ 98 / 10
Percentage of loans on Watch List		82.9%

(1) All values are in terms of net book value.

Repurchase Obligations

As of March 31, 2013, CT Legacy Partners was party to a repurchase facility with JP Morgan with an outstanding balance of \$20.2 million. On June 5, 2013, CT Legacy Partners repaid the outstanding balance and terminated the repurchase facility. CT Legacy Partners has no outstanding debt obligations as of June 30, 2013.

Interest Rate Swap Liabilities

CT Legacy Partners was party to five interest rate swaps which it terminated in June 2013. A gain of \$136,000 resulting from the termination is included as a component of interest expense on our consolidated statement of operations for the six months ended June 30, 2013. CT Legacy Partners is no longer party to any derivative financial instruments as of June 30, 2013.

Secured Notes

In conjunction with our comprehensive debt restructuring on March 31, 2011, which we refer to as our March 2011 Restructuring, and the corresponding satisfaction of our senior credit facility and junior subordinated notes, certain wholly-owned subsidiaries of ours issued secured notes to these former creditors, which secured notes are non-recourse to us. Any prepayment, or partial prepayment, of the secured notes will incur a prepayment premium resulting in a total payment of principal and interest under the secured notes of \$11.1 million. Refer to Note 10 of our consolidated financial statements for further discussion of the secured notes.

CT Legacy Partners Management Incentive Awards Plan

In conjunction with our March 2011 Restructuring, we created an employee pool for up to 6.75% of the distributions paid to the common equity holders of CT Legacy Partners (subject to certain caps and priority distributions).

We accrue a liability for the amounts due under these grants based on the value of CT Legacy Partners and the periodic vesting of the awards granted. Accrued payables for these awards were \$6.8 million and \$5.3 million as of June 30, 2013 and December 31, 2012, respectively. Refer to Note 13 of our consolidated financial statements for further details.

CT Legacy Partners Background

On March 31, 2011, we restructured, amended, or extinguished all of our outstanding recourse debt obligations, which we refer to as our March 2011 Restructuring. Our March 2011 Restructuring involved: (i) the contribution of certain of our legacy assets to a newly formed subsidiary, CT Legacy REIT Mezz Borrower, Inc., or CT Legacy REIT, (the predecessor of CT Legacy Partners); (ii) the assumption of our legacy repurchase obligations by CT Legacy REIT; and (iii) the extinguishment of the remainder of our recourse obligations, our senior credit facility and junior subordinated notes. CT Legacy Partners is beneficially owned 52% by us and 48% by our former lenders. In addition, CT Legacy Partners has issued class B common shares, a subordinate class of equity which entitles its holders to receive approximately 25% of the dividends that would otherwise be payable to us on our equity interest in CT Legacy Partners, after aggregate cash distributions of \$50.0 million have been paid to all other classes of common equity. Further, CT Legacy Partners has issued class A preferred shares which entitle its holder to cumulative preferred distributions in an amount generally equal to the greater of (i) 2.5% of certain of CT Legacy Partners' assets, and (ii) \$1.0 million per annum. Refer to Note 8 to our consolidated financial statements for additional details on CT Legacy Partners.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

To maintain its tax efficiency, on March 20, 2013, a majority of the stockholders CT Legacy REIT voted in favor of a plan of merger, dated March 22, 2013, or the Merger, whereby CT Legacy REIT merged with and into CT Legacy Partners, effective as of March 22, 2013. Refer to Note 3 to our consolidated financial statements for further details on the Merger.

- 41 -

Table of Contents

Our economic interest in CT Legacy Partners is subject to (i) the secured notes, which are non-recourse obligations that are collateralized by certain of our equity interests in the common shares of CT Legacy Partners, (ii) incentive awards that provide for the participation in amounts earned from our retained equity interests in CT Legacy Partners, and (iii) the subordinate class B common stock of CT Legacy Partners.

Carried Interest in CTOPI

CTOPI is a private equity real estate fund that we sponsored and formed in 2007. The fund invested \$491.5 million in 39 transactions between 2007 and the end of its investment period in 2012. To date, \$291.8 million of these investments have been realized and \$199.7 million remain outstanding (carried at 136.7% of cost) as of June 30, 2013. In conjunction with our Investment Management Business Sale, we transferred our management of CTOPI and sold our 4.6% co-investment to Blackstone. However, we retained our carried interest in CTOPI following the sale.

Our carried interest in CTOPI entitles us to earn incentive compensation in an amount equal to 17.7% of the fund's profits, after a 9% preferred return and 100% return of capital to the CTOPI partners. We own a net 55% of the carried interest of CTOPI's general partner; the remaining 45% is payable under incentive awards to our former employees.

As of June 30, 2013, we have been allocated a net \$13.5 million of incentive compensation from CTOPI based on a hypothetical liquidation of the fund at its net asset value, and after payment of the related incentive awards. The CTOPI partnership agreement provides for advance distributions in respect of our incentive compensation to allow us to pay any income taxes owed on phantom taxable income allocated to us from the partnership. We refer to these distributions as CTOPI Tax Advances. During 2012, we received one such CTOPI Tax Advance of \$1.4 million, resulting in a net asset value for our investment in CTOPI of \$12.1 million as of June 30, 2013. In the event the performance of CTOPI does not ultimately result in an allocation of incentive compensation to us, we would be required to refund these CTOPI Tax Advances to the fund.

We have elected to defer the recognition of income on our carried interest in CTOPI until cash is collected or appropriate contingencies have been eliminated. As a result, our net investment in the CTOPI carried interest has a book value of zero as of June 30, 2013.

Refer to Note 9 of our consolidated financial statements for additional discussion on the CTOPI incentive management fee awards to our former employees.

Consolidated Securitization Vehicles - CT CDO I

Portfolio Overview

As of June 30, 2013, our consolidated balance sheet included an aggregate \$83.6 million of assets and \$74.6 million of liabilities related to CT CDO I, a highly-levered securitization vehicle that we formed in 2004.

Specifically, we own the residual debt and equity positions of CT CDO I. As a result of consolidation, our subordinate debt and equity ownership interests in these entities are not included on our balance sheet, which instead reflects both the assets held and debt issued by these entities to third-parties. Similarly, our operating results and cash flows include the gross amounts related to the assets and liabilities of these securitization vehicles, as opposed to our net economic interests in these entities.

Our economic interest in the loans receivable assets held by these entities, which are consolidated on our balance sheet, is restricted by the structural provisions of these entities, and our recovery of these assets will be limited by the entities' distribution provisions. The liabilities of the securitization vehicles, which are also consolidated on our balance sheet, are non-recourse to us, and can only be satisfied by proceeds from each entity's respective asset pool.

We are not obligated to provide, nor have we provided, any financial support to CT CDO I.

Table of Contents

The following table details the components of consolidated securitization vehicles included in our consolidated balance sheet as of June 30, 2013 (\$ in thousands):

Investment in CT CDO I	June 30, 2013	
Loans receivable, net	\$	77,000
Loans held-for-sale, net		3,800
Accrued interest receivable, prepaid expenses, and other assets		2,838
 Total assets	\$	83,638
Accounts payable, accrued expenses and other liabilities	\$	155
Securitized debt obligations		74,472
 Total liabilities	\$	74,627
 Net investment in CT CDO I	\$	9,011

Refer to section IV of this Item 2 for details of CT CDO I loan portfolio, on a loan-by-loan basis.

Asset Management

As discussed in the loan origination section in this Item 2, our Manager performs a quarterly review of our loan portfolio and places higher risk assets on our Watch List. Watch List Loans include those with an internal risk rating of 4 or higher.

The table below details the Watch List Loans held in consolidated securitization vehicles as of June 30, 2013 and December 31, 2012 (\$ in millions):

Watch List Loans - Consolidated Securitization Vehicle ⁽¹⁾	June 30, 2013		December 31, 2012	
Loans in consolidated securitization vehicle (\$ / #)	\$	81 / 6	\$	142 / 8
Watch list loans (\$ / #)	\$	61 / 5	\$	65 / 4
Percentage loans on Watch List		75.2%		45.6%

(1) All values are in terms of net book value.

Income from loans and other investments, net

As discussed in Note 3 to our consolidated financial statements, we deconsolidated the assets and liabilities of CT CDOs II and IV in 2012. As a result of this deconsolidation and significant repayments in our CT Legacy Portfolio, interest income decreased \$746,000, or 11%, and interest expense decreased by \$4.1 million, or 76%, during the second quarter of 2013 compared to the second quarter of 2012. On a net basis, net interest income increased by \$3.4 million as the decrease in interest income was less than the reduction in interest expense.

General and administrative expenses

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

General and administrative expenses primarily include our management fees, operating expenses, and various professional fees. General and administrative expenses increased by \$1.9 million during the second quarter of 2013 compared to the second quarter of 2012 primarily due to (i) \$920,000 of management fees to our Manager, (ii) \$514,000 of special servicing fees, and (iii) various additional professional fees incurred during the second quarter of 2013. All general and administrative expenses incurred during the second quarter of 2012 related to our former investment management business have been reclassified to loss from discontinued operations.

Impairments, provisions, and valuation adjustments

During the second quarter of 2013, we recognized (i) \$4.0 million of net unrealized gains on investments held by CT Legacy Partners and (ii) a \$2.0 million positive valuation adjustment on CT CDO I's loan classified as held-for-sale. During the second quarter of 2012, we recognized a \$3.7 million positive fair value adjustment on our net investment in CT Legacy Asset, LLC, or CT Legacy Asset, a subsidiary of CT Legacy Partners.

Table of Contents*Other significant items*

In December 2012, we sold our investment management business, including CTIMCO and our co-investments in CTOPI and CT High Grade Partners II, LLC. As a result, our 2013 operating results do not include any income or expense items related to our former investment management business, and the income and expense items related to our investment management business in 2012 have been reclassified to loss from discontinued operations.

During the second quarter of 2013, we recorded an income tax provision related to income generated by investments held by taxable REIT subsidiaries. We did not record any such income tax provisions during the second quarter of 2012; all income taxes related to our former investment management business have been reclassified to loss from discontinued operations.

Dividends

We did not pay any dividends on our class A common stock during the second quarter of 2013 or 2012.

Comparison of Results of Operations: Six Months Ended June 30, 2013 vs. June 30, 2012

(\$ in thousands, except per share amounts)

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Average LIBOR	0.20%	0.25%	(0.0%)	(19.3%)
<i>Income from loans and other investments, net</i>				

As discussed in Note 1 to our consolidated financial statements, we deconsolidated the assets and liabilities of CT CDOs II and IV in 2012. As a result of this deconsolidation and significant repayments in our portfolio, interest income decreased \$14.0 million, or 65%, and interest expense decreased by \$26.7 million, or 93%, during the first six months of 2013 compared to the first six months of 2012. Also, interest expense for 2012 included \$10.2 million relating to acceleration of discount associated with an \$83 million mezzanine loan obtained by CT Legacy Partners from an affiliate of Five Mile Capital Partners, LLC. On a net basis, net interest income increased by \$12.7 million as the decrease in interest income was less than the reduction in interest expense.

General and administrative expenses

General and administrative expenses primarily include our management fees, operating expenses, and various professional fees. General and administrative expenses increased by \$3.1 million during the first six months of 2013 compared to the first six months of 2012 primarily due to (i) \$1.0 million of management fees to our Manager, (ii)

Table of Contents

\$651,000 of special servicing fees, and (iii) a \$1.3 million increase in non-cash expenses recognized under the CT Legacy Partners management incentive awards plan. All general and administrative expenses incurred during the first six months of 2012 related to our former investment management business have been reclassified to loss from discontinued operations.

Impairments, provisions, and valuation adjustments

During the first six months of 2013, we recognized (i) \$4.0 million of net unrealized gains on investments held by CT Legacy Partners and (ii) a \$1.8 million positive valuation adjustment on CT CDO I's loan classified as held-for-sale. During the first six months of 2012, we recognized (i) a \$7.7 million positive fair value adjustment on our net investment in CT Legacy Asset, partially offset by (ii) a \$160,000 credit impairment of one of the securities held by CT CDO IV.

Other significant items

In December 2012, we sold our investment management business, including CTIMCO and our co-investments in CTOPI and CT High Grade Partners II, LLC. As a result, our 2013 operating results do not include any income or expense items related to our former investment management business, and the income and expense items related to our investment management business in 2012 have been reclassified to loss from discontinued operations.

During the first quarter of 2012, we recognized a gain of \$146.4 million on the deconsolidation of CT Legacy Asset. This gain was primarily the result of a reversal of charges to GAAP equity resulting from losses previously recorded in excess of our economic interests in securitization vehicles which were consolidated by CT Legacy Asset, and therefore us.

During the first six months of 2013, we recorded an income tax provision primarily related to income generated by investments held by taxable REIT subsidiaries. During the first six months of 2012, we recorded an income tax provision primarily related to alternative minimum taxes incurred as a result of our use of net operating losses, or NOLs, to offset 2012 taxable income. All income taxes related to our former investment management business have been reclassified to loss from discontinued operations.

Dividends

We did not pay any dividends on our class A common stock during the six months ended June 30, 2013 or 2012.

Liquidity and Capital Resources

Capitalization

On May 29, 2013, we issued an additional 25,875,000 shares of class A common stock for a public offering price of \$25.50 per share. We generated net proceeds from the issuance of \$633.8 million after underwriter discounts and other offering expenses. Our stockholders' equity is comprised entirely of 28,807,651 shares of class A common stock as of June 30, 2013.

In addition, we are party to four repurchase agreements as of June 30, 2013 with each of Bank of America, Wells Fargo, Citibank, and JP Morgan, which collectively provide us with \$1.0 billion of maximum available credit. As of June 30, 2013, we had aggregate borrowings of \$165.2 million outstanding under these facilities, with a weighted average cash coupon, excluding associated fees and expenses, of LIBOR plus 1.98% per annum and a weighted average initial maturity, excluding extension options and term-out provisions, of 2.5 years. See Note 10 to our consolidated financial statements for additional details about our repurchase facilities.

As of June 30, 2013, our CT Legacy Portfolio's consolidated debt obligations included our non-recourse secured notes secured only by certain of our equity interests in the common stock of CT Legacy Partners and the non-recourse securitized debt obligations of CT CDO I. See above discussion of CT Legacy Partners and the related secured notes, as well as the discussion of CT CDO I for further information.

Table of Contents*Sources of Liquidity*

Our primary sources of liquidity include cash and cash equivalents and available borrowings under our repurchase facilities. The following table sets forth our sources of liquidity as of June 30, 2013 (\$ in thousands):

	Available Liquidity as of	
	June 30, 2013	December 31, 2012
Cash and cash equivalents	\$ 59,746	\$ 15,423
Available borrowings under repurchase facilities ⁽¹⁾	304,640	
	\$ 364,386	\$ 15,423

(1) Represents available borrowings under repurchase facilities based on the facilities collateral assets as of June 30, 2013. There were two loans with an aggregate principal balance of \$173.8 million as of June 30, 2013 that were not pledged under repurchase agreements, and therefore are available to be pledged as collateral in the future.

Refer to Note 10 to our consolidated financial statements for additional terms and details of our repurchase facilities.

We currently do not have access to liquidity from our CT Legacy Portfolio, including our equity interests in CT Legacy Partners, our carried interest in CTOPI, and our residual ownership interest in CT CDO I. Over the next several years, however, we do expect to realize cash recoveries from these portfolios.

Liquidity Needs

In addition to our ongoing loan origination activity, our primary liquidity needs include interest and principal payments under our \$165.2 million of outstanding repurchase facilities, our \$8.6 million of unfunded loan commitments, dividend distributions to our shareholders, and operating expenses.

We did not declare any dividends during the six months ended June 30, 2013. However, as a result of our election to be taxed as a REIT, we generally must distribute at least 90% of our net taxable income, subject to certain adjustments and excluding any net capital gains, in order for U.S. federal income tax not to apply to our distributed earnings.

We have no obligations to provide financial support to CT Legacy Partners, CTOPI, or CT CDO I, and all debt obligations of such entities, some of which are consolidated onto our financial statements, are non-recourse to us.

Cash Flows

The following table provides a breakdown of the net change in our cash and cash equivalents for the six months ended June 30, 2013 and 2012 (\$ in thousands):

	Six Months Ended June 30,		
	2013	2012	\$ Change
Cashflows from operating activities	\$ 8,601	\$ 6,508	\$ 2,093
Cashflows from investing activities	(667,469)	105,566	(773,035)
Cashflows from financing activities	703,191	(112,288)	815,479
Net increase (decrease) in cash and cash equivalents	\$ 44,323	(\$ 214)	\$ 44,537

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

We experienced a net increase in cash of \$44.3 million for the six months ended June 30, 2013, compared to a net decrease of \$214,000 for the six months ended June 30, 2012. The increase was primarily due to the financing and investing activities associated with our loan origination business which commenced in the second quarter of 2013.

During the quarter, we generated \$633.8 million of net proceeds from the sale of our class A common stock and borrowed \$165.2 million under our repurchase facilities. We used the proceeds from our debt and equity financing activities to originate \$756.6 million of new loans during the quarter. Refer to Note 12 and Note 10 to our consolidated financial statements for additional discussion of our sale of shares of class A common stock and repurchase facilities, respectively. Refer to Note 5 to our consolidated financial statements for further discussion of our loan origination activity.

Our consolidated statements of cash flows also include the cash inflows and outflows of the consolidated entities described in Note 3 to our consolidated financial statements. While this does not impact our net cash flow, it does increase certain gross cash flow disclosures. As discussed above, we do not have access to the liquidity in our CT Legacy Portfolio.

Table of Contents

Income Taxes

We made an election to be taxed as a REIT, effective January 1, 2003, under the Internal Revenue Code for U.S. federal income tax purposes. We generally must distribute annually at least 90% of our net taxable income, subject to certain adjustments and excluding any net capital gain, in order for U.S. federal income tax not to apply to our earnings that we distribute. To the extent that we satisfy this distribution requirement, but distribute less than 100% of our net taxable income, we will be subject to U.S. federal income tax on our undistributed taxable income. In addition, we will be subject to a 4% nondeductible excise tax if the actual amount that we pay out to our stockholders in a calendar year is less than a minimum amount specified under U.S. federal tax laws.

Our qualification as a REIT also depends on our ability to meet various other requirements imposed by the Internal Revenue Code, which relate to organizational structure, diversity of stock ownership and certain restrictions with regard to the nature of our assets and the sources of our income. Even if we qualify as a REIT, we may be subject to certain U.S. federal income and excise taxes and state and local taxes on our income and assets. If we fail to maintain our qualification as a REIT for any taxable year, we may be subject to material penalties as well as federal, state and local income tax on our taxable income at regular corporate rates and we would not be able to qualify as a REIT for the subsequent four full taxable years. As of June 30, 2013 and December 31, 2012, we were in compliance with all REIT requirements.

During the six months ended June 30, 2013, we recorded a current income tax provision of \$593,000. Of the total current income tax provision, \$554,000 was due to activities of taxable REIT subsidiaries. As a result of our sale of CTIMCO we no longer have any deferred tax assets or liabilities as of December 31, 2012.

As a result of our issuance of 25,875,000 shares of class A common stock in May 2013, the availability of our NOLs and net capital losses, or NCLs, is significantly limited by change of control provisions promulgated by the Internal Revenue Service with respect to the ownership of Blackstone Mortgage Trust, Inc. As of December 31, 2012, we had net operating losses, or NOLs, of \$161.5 million and net capital losses, or NCLs, of \$121.4 million available to be carried forward and utilized in current or future periods. If we are unable to utilize our NOLs, they will expire in 2029. If we are unable to utilize our NCLs, \$2.0 million will expire in 2013, \$87.4 million will expire in 2014, \$31.4 million will expire in 2015, and \$618,000 will expire in 2017.

As of June 30, 2013, tax years 2009 through 2012 remain subject to examination by taxing authorities.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America, or GAAP. The preparation of these financial statements requires our Manager to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses, and related disclosure of contingent assets and liabilities. Actual results could differ from these estimates. There have been no material changes to our Critical Accounting Policies described in our annual report on Form 10-K filed with the Securities and Exchange Commission on March 26, 2013.

Table of Contents**IV. Loan Portfolio Details**

The following table provides details of the loan origination portfolio, on a loan-by-loan basis (\$ in millions):

- (4) Includes two loans receivable investments, each of which are 100% impaired as of June 30, 2013.

Table of Contents**ITEM 3. Quantitative and Qualitative Disclosures About Market Risk**
Interest Rate Risk

Our business is exposed to the risks related to interest rate fluctuations. We generally originate floating rate assets and finance those assets with index-matched floating rate liabilities. As a result, we effectively eliminate exposure to changes in portfolio value related to changes in interest rates. In the limited instances where we make fixed rate investments with the intention to finance these investments, we use interest rate swaps to effectively convert floating rate liabilities to fixed rate liabilities for proper matching with fixed rate assets. Each derivative used as a hedge is matched with a liability with which it is expected to have a high correlation. The swap agreements are generally held-to-maturity and we do not use interest rate derivative financial instruments for trading purposes.

Our investments in fixed rate assets are generally exposed to changes in value due to interest rate fluctuations, and our investments in floating rate assets are generally exposed to cash flow variability from fluctuations in rates.

Loan Origination Portfolio

Our Loan Origination investments are exposed to the risks related to interest rate fluctuations discussed above. The table below details our interest rate exposure to this portfolio as of June 30, 2013 (\$ in thousands):

Interest Rate Exposure - Loan Origination segment		June 30, 2013
Cash flow exposure to interest rates ⁽¹⁾		
Floating rate assets		\$ 756,638
Floating rate debt		(165,239)
Net floating rate exposure		\$ 591,399
Weighted average cash coupon ⁽²⁾		
Net income impact from 100 bps increase in LIBOR ⁽³⁾		\$ 5,914

(1) All values are in terms of face or notional amounts.

(2) LIBOR was 0.19% as of June 30, 2013.

(3) Excludes the impact of LIBOR floors on certain of our loans receivable investments.

CT Legacy Partners

Our investment in CT Legacy Partners is exposed to the risks related to interest rate fluctuations discussed above. The table below details our interest rate exposure to this portfolio as of June 30, 2013 (\$ in thousands):

Interest Rate Exposure - CT Legacy Partners		June 30, 2013
Cash flow exposure to interest rates ⁽¹⁾		
Floating rate assets		\$ 90,189
Weighted average cash coupon ⁽²⁾		
Net income impact from 100 bps increase in LIBOR ⁽³⁾		\$ 901.9

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

- (1) All values are in terms of face or notional amounts, and exclude investments from which we do not expect any future cash flows.
- (2) LIBOR was 0.19% as of June 30, 2013.
- (3) Excludes the impact of LIBOR floors on certain of our loans receivable investments.

- 51 -

Table of Contents*CT CDO I*

Our investment in CT CDO I is exposed to the risks related to interest rate fluctuations discussed above. The table below details our interest rate exposure to this portfolio as of June 30, 2013 (\$ in thousands):

Interest Rate Exposure - CT CDO I	
	June 30, 2013
Cash flow exposure to interest rates ⁽¹⁾	
Floating rate assets	\$ 83,601
Floating rate debt	(74,472)
Net floating rate exposure	\$ 9,129
Weighted average cash coupon ⁽²⁾	
Net income impact from 100 bps change in LIBOR	\$ 91.3

(1) All values are in terms of face or notional amounts, and exclude investments from which we do not expect any future cash flows.

(2) LIBOR was 0.19% as of June 30, 2013.

CTOPI

Although our carried interest investment in CTOPI generally relates to a portfolio of interest earning assets, our economic interest in this portfolio relates primarily to the realization of investments purchased at a discount by CTOPI. Accordingly, our investment in this portfolio is not exposed to a significant degree of interest rate risk. See Note 9 to our consolidated financial statements for additional discussion of CTOPI.

Secured Notes

Although our secured notes are interest-bearing liabilities, they contain prepayment provisions such that we will ultimately be required to pay \$11.1 million to satisfy these obligations. Accordingly, we are not exposed to any interest rate risk under our secured notes. See Note 10 to our consolidated financial statements for additional discussion of our secured notes.

Risk of Non-Performance

In addition to the risks related to fluctuations in asset values and cash flows associated with movements in interest rates, there is also the risk of non-performance on floating rate assets. In the case of a significant increase in interest rates, the additional debt service payments due from our borrowers may strain the operating cash flows of the collateral real estate assets and, potentially, contribute to non-performance or, in severe cases, default.

Market Risks

Our loans and investments are also subject to credit risk. The ultimate performance and value of our loans and investments depends upon the owners' ability to operate the properties that serve as our collateral so that they produce cash flows adequate to pay interest and principal due to us. To monitor this risk, our Manager's asset management team continuously reviews our investment portfolios and in certain instances is in regular contact with our borrowers, monitoring performance of the collateral and enforcing our rights as necessary.

In addition, we are exposed to the risks generally associated with the commercial real estate market, including variances in occupancy rates, capitalization rates, absorption rates, and other macroeconomic factors beyond our control. We seek to manage these risks through our underwriting and asset management processes.

Capital Market Risks

We are exposed to risks related to the equity capital markets, and our related ability to raise capital through the issuance of our class A common stock or other equity instruments. We are also exposed to risks related to the debt capital markets, and our related ability to finance our business through borrowings under repurchase obligations or other debt instruments. As a REIT, we are required to distribute a significant portion of our taxable income annually, which constrains our ability to accumulate operating cash flow which requires us to utilize debt or equity capital to finance our business.

Counterparty Risk

The nature of our business requires us to hold our cash and cash equivalents, obtain financing from, and enter into hedging agreements with various financial institutions. This exposes us to the risk that these financial institutions may not fulfill their obligations to us under these various contractual arrangements. We mitigate this exposure by depositing our cash and cash equivalents, and entering into financing and hedging agreements with high credit quality institutions.

Table of Contents

The nature of our loans and investments also expose us to the risk that our counterparties do not make required interest and principal payments on scheduled due dates. We seek to manage this risk through a comprehensive credit analysis prior to making an investment and actively monitoring the asset portfolio that serves as our collateral.

Currency Risk

We are not currently exposed to future changes in foreign currency rates.

Table of Contents

ITEM 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

An evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)), as of the end of the period covered by this quarterly report on Form 10-Q was made under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer. Based upon this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures (a) are effective to ensure that information required to be disclosed by us in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by Securities and Exchange Commission rules and forms and (b) include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in reports filed or submitted under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls over Financial Reporting

There have been no significant changes in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) that occurred during the period covered by this quarterly report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II. OTHER INFORMATION

ITEM 1: Legal Proceedings

From time to time, we may be involved in various claims and legal actions arising in the ordinary course of business. As of June 30, 2013, we were not involved in any material legal proceedings.

ITEM 1A: Risk Factors

Our business inherently involves certain risks and uncertainties. The risks and uncertainties described below or in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2012 are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. Should one or more of any of these risks materialize, our business, financial condition, results of operations or liquidity could be materially adversely affected.

Except as set forth below, there have been no material changes to the risk factors disclosed under Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2012. The information below updates, and should be read in conjunction with, the risk factors and information disclosed under Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2012.

Our master repurchase agreements impose, and any additional lending facilities may impose, restrictive covenants, which would restrict our flexibility to determine our operating policies and investment strategy.

We borrow funds under master repurchase agreements with four counterparties. The documents that govern these master repurchase agreements and the related guarantees contain, and any additional lending facilities may contain, customary affirmative and negative covenants, including financial covenants applicable to us that may restrict our flexibility to determine our operating policies and investment strategy. In particular, our master repurchase agreements require us to maintain a certain amount of cash or set aside assets sufficient to maintain a specified liquidity position that would allow us to satisfy our collateral obligations. As a result, we may not be able to leverage our assets as fully as we would otherwise choose, which could reduce our return on assets. If we are unable to meet these collateral obligations, our financial condition and prospects could deteriorate rapidly. In addition, lenders may require that our Manager or one or more of our Manager's executives continue to serve in such capacity. If we fail to meet or satisfy any of these covenants, we would be in default under these agreements, and our lenders could elect to declare outstanding amounts due and payable, terminate their commitments, require the posting of additional collateral and enforce their interests against existing collateral. We may also be subject to cross-default and acceleration rights in our other debt facilities. Further, this could also make it difficult for us to satisfy the requirements necessary to maintain our qualification as a REIT for U.S. federal income tax purposes.

Our master repurchase agreements require, and any bank credit facilities, repurchase agreements or other financing that we may use in the future to finance our assets may require, us to provide additional collateral or pay down debt.

We may borrow funds under our master repurchase agreements. We anticipate that we will also utilize bank credit facilities (including term loans and revolving facilities), additional repurchase agreements or other financing to finance our assets if they become available on acceptable terms. Such financing arrangements would involve the risk that the market value of the assets pledged or sold by us to the provider of the financing may decline in value, in which case the lender or counterparty may require us to provide additional collateral or lead to margin calls that may require us to repay all or a portion of the funds advanced. We may not have the funds available to repay our debt at that time, which would likely result in defaults unless we are able to raise the funds from alternative sources including by selling assets at a time when we might not otherwise choose to do so, which we may not be able to achieve on favorable terms or at all. Posting additional margin would reduce our cash available to make other, higher yielding investments (thereby decreasing our return on equity). If we cannot meet these requirements, the lender or counterparty could accelerate our indebtedness, increase the interest rate on advanced funds and terminate our ability to borrow funds from it, which could materially and adversely affect our financial condition and ability to implement our investment strategy. In the case of repurchase transactions, if the value of the underlying security has declined as of the end of that term, or if we default on our obligations under the repurchase agreement, we will likely incur a loss on our repurchase transactions. In addition, if a lender or counterparty files for bankruptcy or becomes insolvent, our loans may become subject to bankruptcy or insolvency proceedings, thus depriving us, at least temporarily, of the benefit of these assets. Such an event could restrict our access to financing and increase our cost of capital.

Table of Contents

We depend on repurchase agreements and may depend on bank credit facilities, warehouse facilities and structured financing arrangements, public and private debt issuances and derivative instruments, in addition to transaction or asset specific funding arrangements and other sources of financing to execute our business plan, and our inability to access funding could have a material adverse effect on our results of operations, financial condition and business.

Our ability to fund our investments may be impacted by our ability to secure bank credit facilities (including term loans and revolving facilities), additional repurchase agreements, warehouse facilities and structured financing arrangements, public and private debt issuances and derivative instruments, in addition to transaction or asset specific funding arrangements and repurchase agreements on acceptable terms. We may also rely on short-term financing that would be especially exposed to changes in availability. In addition to our four master repurchase agreements a repurchase agreement in place at our subsidiary, CT Legacy Asset, LLC, that is not recourse to us, we are in discussions a financial institution that we expect in the near future will provide us with an additional repurchase facility. Our access to sources of financing will depend upon a number of factors, over which we have little or no control, including:

general economic or market conditions;

the market's view of the quality of our assets;

the market's perception of our growth potential;

our current and potential future earnings and cash distributions; and

the market price of the shares of our class A common stock.

We will need to periodically access the capital markets to raise cash to fund new investments. Unfavorable economic or capital market conditions, such as the severe dislocation in the capital and credit markets that began in 2008, may increase our funding costs, limit our access to the capital markets or could result in a decision by our potential lenders not to extend credit. An inability to successfully access the capital markets could limit our ability to grow our business and fully execute our business strategy and could decrease our earnings and liquidity. In addition, any dislocation or weakness in the capital and credit markets, such as the dislocation that occurred in 2008 and 2009, could adversely affect one or more lenders and could cause one or more of our lenders to be unwilling or unable to provide us with financing or to increase the costs of that financing. In addition, as regulatory capital requirements imposed on our lenders are increased, they may be required to limit, or increase the cost of, financing they provide to us. In general, this could potentially increase our financing costs and reduce our liquidity or require us to sell assets at an inopportune time or price. No assurance can be given that we will be able to obtain any such financing on favorable terms or at all.

We may be subject to losses arising from current and future guarantees of debt and contingent obligations of our subsidiaries or joint venture or co-investment partners.

We currently guarantee certain obligations of our subsidiaries under the four master repurchase agreements that provide for aggregate total borrowings of up to \$1.0 billion and we may in the future guarantee the performance of additional subsidiaries' obligations, including, but not limited to, additional repurchase agreements, derivative agreements and unsecured indebtedness. In the future we may also agree to guarantee indebtedness incurred by a joint venture or co-investment partner. Such a guarantee may be on a joint and several basis with such joint venture or co-investment partner, in which case we may be liable in the event such partner defaults on its guarantee obligation. The non-performance of such obligations may cause losses to us in excess of the capital we initially may have invested or committed under such obligations and there is no assurance that we will have sufficient capital to cover any such losses.

We may compete with existing and future private and public investment vehicles established and/or managed by Blackstone or its affiliates, which may present various conflicts of interest that restrict our ability to pursue certain investment opportunities or take other actions that are beneficial to our business and result in decisions that are not in the best interests of our stockholders.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

We are subject to conflicts of interest arising out of our relationship with Blackstone, including our Manager and its affiliates. Blackstone has appointed two nominees to serve on our board of directors (one of whom serves as executive chairman of our board of directors), and Stephen D. Plavin, our

- 56 -

Table of Contents

chief executive officer and a member of our board, Geoffrey G. Jervis, our chief financial officer, Randall S. Rothschild, our secretary and managing director, legal and compliance and Thomas C. Ruffing, our managing director, asset management, are executives of Blackstone and/or one or more of its affiliates, and we are managed by our Manager, a Blackstone affiliate. There is no guarantee that the policies and procedures adopted by us, the terms and conditions of the Management Agreement or the policies and procedures adopted by our Manager, Blackstone and their affiliates, will enable us to identify, adequately address or mitigate these conflicts of interest.

Some examples of conflicts of interest that may arise by virtue of our relationship with our Manager and Blackstone include:

Broad and Wide-Ranging Activities. Our Manager, Blackstone and their affiliates engage in a broad spectrum of activities, including a broad range of activities relating to investments in the real estate industry and have invested or committed billions of dollars in capital through various investment funds, managed accounts and other vehicles affiliated with Blackstone. In the ordinary course of their business activities, our Manager, Blackstone and their affiliates may engage in activities where the interests of certain divisions of Blackstone and its affiliates, including our Manager, or the interests of their clients may conflict with the interests of our stockholders. Certain of these divisions and entities affiliated with our Manager have or may have an investment strategy similar to Blackstone Mortgage Trust and therefore may engage in competing activities with Blackstone Mortgage Trust. In particular, Blackstone Real Estate Debt Strategies, or BREDS, part of Blackstone's real estate investment business, seeks to invest in a broad range of real estate-related debt investments via several different investment funds, managed accounts and other vehicles.

Blackstone's Policies and Procedures. Specified policies and procedures implemented by Blackstone and its affiliates, including our Manager, to mitigate potential conflicts of interest and address certain regulatory requirements and contractual restrictions may reduce the advantages across Blackstone's and its affiliates' various businesses that Blackstone expects to draw on for purposes of pursuing attractive investment opportunities. Because Blackstone has many different asset management, advisory and other businesses, it is subject to a number of actual and potential conflicts of interest, greater regulatory oversight and more legal and contractual restrictions than that to which it would otherwise be subject if it had just one line of business. In addressing these conflicts and regulatory, legal and contractual requirements across its various businesses, Blackstone has implemented certain policies and procedures (e.g., information walls) that may reduce the benefits that Blackstone expects to utilize for purposes of identifying and managing its investments. For example, Blackstone may come into possession of material non-public information with respect to companies in which our Manager may be considering making an investment in companies that are Blackstone's and its affiliates' advisory clients. As a consequence, that information, which could be of benefit to our Manager, might become restricted to those other businesses and otherwise be unavailable to our Manager, and could also restrict our Manager's activities. Additionally, the terms of confidentiality or other agreements with or related to companies in which any investment vehicle of Blackstone has or has considered making an investment or which is otherwise an advisory client of Blackstone and its affiliates may restrict or otherwise limit the ability of Blackstone or its affiliates, including our Manager, to engage in businesses or activities competitive with such companies.

Allocation of Investment Opportunities. Certain inherent conflicts of interest arise from the fact that Blackstone and its affiliates, including our Manager, will provide investment management and other services both to us and any other person or entity, whether or not the investment objectives or policies of any such other person or entity are similar to those of ours, including, without limitation, the sponsoring, closing and/or managing of any investment funds, vehicles, accounts, products and/or other similar arrangements sponsored, advised, and/or managed by Blackstone or its affiliates, whether currently in existence or subsequently established (in each case, including any related successor funds, alternative vehicles, supplemental capital vehicles, co-investment vehicles and other entities formed in connection with Blackstone or its affiliates side-by-side or additional general partner investments with respect thereto), which we refer to as the Blackstone Funds. The respective investment guidelines and programs of our business and the Blackstone Funds may or may not overlap, in whole or in part, and if there is any such overlap investment opportunities will be allocated between us and the Blackstone Funds in a manner that may

Table of Contents

result in fewer investment opportunities being allocated to us than would have otherwise been the case in the absence of such Blackstone Funds. In particular, while the primary investment strategies of Blackstone Mortgage Trust and Blackstone's latest flagship successor real estate debt fund, Blackstone Real Estate Debt Strategies II, L.P., or BREDS II, are materially different in that Blackstone Mortgage Trust will generally seek to invest primarily in senior mortgage loans and other similar interests and whereas BREDS II will generally seek to invest primarily in junior mortgage debt (e.g., B Notes) and mezzanine debt, a significant portion of the capital of BREDS II may nonetheless be invested in investments that would also be appropriate for Blackstone Mortgage Trust. Our Manager, Blackstone or their affiliates may also give advice to the Blackstone Funds that may differ from advice given to us even though their investment objectives may be the same or similar to ours.

While our Manager will seek to manage potential conflicts of interest in a fair and equitable manner in accordance with the investment allocation policy and procedures of our Manager and/or its affiliates with respect to the allocation of investment opportunities among us and one or more Blackstone Funds (as the same may be amended, updated or revised from time to time without prior notice from our Manager or our consent), which we refer to as the Allocation Policy, and as required pursuant to the Management Agreement, the portfolio strategies employed by our Manager, Blackstone or their affiliates in managing the Blackstone Funds could conflict with the strategies employed by our Manager in managing our business and may adversely affect the marketability, exit strategy, prices and availability of the securities and instruments in which we invest. Conversely, participation in specific investment opportunities may be appropriate, at times, for both us and the Blackstone Funds. Our Manager has an investment allocation policy in place which provides that investment opportunities falling within the shared investment objectives of our business and the Blackstone Funds will generally be allocated on a basis that our Manager and applicable Blackstone affiliates determine to be fair and reasonable in accordance with the Allocation Policy, subject to legal, tax, regulatory, accounting and other considerations and taking into account a variety of factors. Our Manager is entitled to amend the Allocation Policy at any time without prior notice or our consent.

Investments in Different Levels or Classes of an Issuer's Securities. From time to time, we and the Blackstone Funds may make investments at different levels of an issuer's or borrower's capital structure (e.g., an investment by a Blackstone Fund in an equity or mezzanine interest with respect to the same portfolio entity in which we own a debt interest or vice versa) or otherwise in different classes of the same issuer's securities. We may make investments that are senior or junior to, or have rights and interests different from or adverse to, the investments made by the Blackstone Funds. Such investments may conflict with the interests of such Blackstone Funds in related investments, and the potential for any such conflicts of interests may be heightened in the event of a default or restructuring of any such investments. Our Management Agreement requires our Manager to keep our board of directors reasonably informed on a periodic basis in connection with the foregoing, including with respect to transactions that involve investments at different levels of an issuer's or borrower's capital structure, as to which our Manager has agreed to provide our board of directors with quarterly updates. We, CT Legacy Partners and CTOPI currently hold mortgage and mezzanine loans and other investments in which Blackstone affiliates have interests in the collateral securing or backing such investments. While Blackstone will seek to resolve any such conflicts in a fair and equitable manner in accordance with the Allocation Policy and its prevailing policies and procedures with respect to conflicts resolution among the Blackstone Funds generally, such transactions are not required to be presented to our board of directors for approval, and there can be no assurance that any conflicts will be resolved in our favor.

Pursuit of Differing Strategies. At times, the investment professionals employed by our Manager or its affiliates and other investment vehicles affiliated with our Manager and/or Blackstone may determine that an investment opportunity may be appropriate for only some of the accounts, clients, entities, funds and/or investment companies for which he or she exercises investment responsibility, or may decide that certain of the accounts, clients, entities, funds and/or investment companies should take differing positions with respect to a particular security. In these cases, the investment professionals may place separate transactions for one or more accounts, clients, entities, funds and/or investment companies which may affect the market price of the security or the execution of the transaction, or both,

Table of Contents

to the detriment or benefit of one or more other accounts, clients, entities, funds and/or investment companies. For example, an investment professional may determine that it would be in the interest of another account to sell a security that we hold long, potentially resulting in a decrease in the market value of the security held by us.

Variation in Financial and Other Benefits. A conflict of interest arises where the financial or other benefits available to our Manager or its affiliates differ among the accounts, clients, entities, funds and/or investment companies that it manages. If the amount or structure of the base management fee, incentive fee and/or our Manager's compensation differs among accounts, clients, entities, funds and/or investment companies (such as where certain funds or accounts pay higher base management fees, incentive fees, performance-based management fees or other fees), our Manager might be motivated to help certain accounts, clients, entities, funds and/or investment companies over others. Similarly, the desire to maintain assets under management or to enhance our Manager's performance record or to derive other rewards, financial or otherwise, could influence our Manager in affording preferential treatment to those accounts, clients, entities, funds and/or investment companies that could most significantly benefit our Manager. Our Manager may, for example, have an incentive to allocate favorable or limited opportunity investments or structure the timing of investments to favor such accounts, clients, entities, funds and/or investment companies. Additionally, our Manager might be motivated to favor accounts, clients, entities, funds and/or investment companies in which it has an ownership interest or in which Blackstone and/or its affiliates have ownership interests. Conversely, if an investment professional at our Manager or its affiliates does not personally hold an investment in the fund but holds investments in other Blackstone affiliated vehicles, such investment professional's conflicts of interest with respect to us may be more acute.

Investment Banking, Underwriting Advisory and Other Relationships. As part of its regular business, Blackstone provides a broad range of investment banking, underwriting, advisory, and other services. In the regular course of its investment banking and advisory businesses, Blackstone represents potential purchasers, sellers and other involved parties, including corporations, financial buyers, management, stockholders and institutions, with respect to transactions that could give rise to investments that are suitable for us. Blackstone will be under no obligation to decline any such engagements in order to make an investment opportunity available to us. In connection with its investment banking, advisory and other businesses, Blackstone may come into possession of information that limits its ability to engage in potential transactions. Our activities may be constrained as a result of the inability of Blackstone personnel to use such information. For example, employees of Blackstone not serving as employees of our Manager or its affiliates may be prohibited by law or contract from sharing information with members of our Manager's investment team. Additionally, there may be circumstances in which one or more of certain individuals associated with Blackstone will be precluded from providing services to our Manager because of certain confidential information available to those individuals or to other parts of Blackstone. In certain sell-side assignments, the seller may permit Blackstone to act as a participant in such transaction, which would raise conflicts of interest inherent in such a situation. In addition, in connection with selling investments by way of a public offering, a Blackstone broker-dealer may act as the managing underwriter or a member of the underwriting syndicate on a firm commitment basis and purchase securities on that basis. Blackstone may retain any commissions, remuneration, or other profits and receive compensation from such underwriting activities, which have the potential to create conflicts of interest. Blackstone may also participate in underwriting syndicates from time to time with respect to us or portfolio companies of Blackstone Funds, or may otherwise be involved in the private placement of debt or equity securities issued by us or such portfolio companies, or otherwise in arranging financings with respect thereto. Subject to applicable law, Blackstone may receive underwriting fees, placement commissions, or other compensation with respect to such activities, which are not required to be shared with us or our stockholders. Where Blackstone serves as underwriter with respect to a portfolio company's securities, we or the applicable Blackstone fund holding such securities may be subject to a lock-up period following the offering under applicable regulations during which time our ability to sell any securities that we continue to hold is restricted. This may prejudice our ability to dispose of such securities at an opportune time.

Table of Contents

Blackstone has long-term relationships with a significant number of corporations and their senior management. In determining whether to invest in a particular transaction on our behalf, our Manager may consider those relationships (subject to its obligations under the Management Agreement), which may result in certain transactions that our Manager will not undertake on our behalf in view of such relationships.

Blackstone and its affiliates may represent creditors or debtors in proceedings under Chapter 11 of the Bankruptcy Code or prior to such filings. From time to time Blackstone and its affiliates may serve as advisor to creditor or equity committees. This involvement, for which Blackstone and its affiliates may be compensated, may limit or preclude the flexibility that we may otherwise have to participate in restructurings.

Service Providers. Our service providers (including lenders, brokers, attorneys, and investment banking firms) may be sources of investment opportunities, counterparties therein or advisors with respect thereto. This may influence our Manager in deciding whether to select such a service provider. In addition, in instances where multiple Blackstone businesses may be exploring a potential individual investment, certain of these service providers may choose to be engaged by other Blackstone affiliates rather than us.

Material, Non-Public Information. We, directly or through Blackstone, our Manager or certain of their respective affiliates may come into possession of material non-public information with respect to an issuer in which we have invested or may invest. Should this occur, our Manager may be restricted from buying or selling securities, derivatives or loans of the issuer on our behalf until such time as the information becomes public or is no longer deemed material. Disclosure of such information to the personnel responsible for management of our business may be on a need-to-know basis only, and we may not be free to act upon any such information. Therefore, we and/or our Manager may not have access to material non-public information in the possession of Blackstone which might be relevant to an investment decision to be made by our Manager on our behalf, and our Manager may initiate a transaction or purchase or sell an investment which, if such information had been known to it, may not have been undertaken. Due to these restrictions, our Manager may not be able to initiate a transaction on our behalf that it otherwise might have initiated and may not be able to purchase or sell an investment that it otherwise might have purchased or sold, which could negatively affect our operations.

Possible Future Activities. Our Manager and its affiliates may expand the range of services that they provide over time. Except as and to the extent expressly provided in the Management Agreement, our Manager and its affiliates will not be restricted in the scope of its business or in the performance of any such services (whether now offered or undertaken in the future) even if such activities could give rise to conflicts of interest, and whether or not such conflicts are described herein. Our Manager, Blackstone and their affiliates continue to develop relationships with a significant number of companies, financial sponsors and their senior managers, including relationships with clients who may hold or may have held investments similar to those intended to be made by us. These clients may themselves represent appropriate investment opportunities for us or may compete with us for investment opportunities.

Transactions with Blackstone Funds. From time to time, we may enter into purchase and sale transactions with Blackstone Funds. Such transactions will be conducted in accordance with, and subject to, the terms and conditions of the Management Agreement (including the requirement that sales to or acquisitions of investments from Blackstone, any Blackstone Fund or any of their affiliates be approved in advance by a majority of our independent directors) and our code of business conduct and ethics and applicable laws and regulations.

Loan Refinancings. We may from time to time seek to participate in investments relating to the refinancing of loans held by the Blackstone Funds (including the BREDS funds). While it is expected that our participation in connection with such refinancing transactions will be at arms length and on market/contract terms, such transactions may give rise to potential or actual conflicts of interest.

Edgar Filing: BLACKSTONE MORTGAGE TRUST, INC. - Form 10-Q

Other Affiliate Transactions. Our Manager may on our behalf acquire debt issued by a borrower in which a separate equity or another debt investment has been made by Blackstone or its other affiliates, including the BREDS funds. In connection with investments in which

- 60 -

Table of Contents

we participate alongside other Blackstone Funds (including the BREDS funds), we may from time to time share certain rights with such other Blackstone Funds relating to such investments for legal, tax, regulatory or other similar reasons, including, in certain instances, certain control-related rights with respect to jointly-held investments. When making any such investments, there may be conflicting interests. There can be no assurance that the return on our investment will be equivalent to or better than the returns obtained by Blackstone or its other affiliates.

Further conflicts could arise once we and Blackstone or its affiliates have made their respective investments. For example, if a company goes into bankruptcy or reorganization, becomes insolvent or otherwise experiences financial distress or is unable to meet its payment obligations or comply with covenants relating to securities held by us or by the Blackstone or its affiliates, Blackstone or its affiliates may have an interest that conflicts with our interests or Blackstone or its affiliates may have information regarding the company that we do not have access to. If additional financing is necessary as a result of financial or other difficulties, it may not be in our best interests to provide such additional financing. If Blackstone or its affiliates were to lose their respective investments as a result of such difficulties, the ability of our Manager to recommend actions in our best interests might be impaired.

We do not own the Blackstone name, but we may use it as part of our corporate name pursuant to a trademark license agreement with an affiliate of Blackstone. Use of the name by other parties or the termination of our trademark license agreement may harm our business.

We have entered into a trademark license agreement, or Trademark License Agreement, with an affiliate of Blackstone pursuant to which it has granted us a fully paid-up, royalty-free, non-exclusive, non-transferable license to use the name Blackstone Mortgage Trust, Inc. and the ticker symbol BXMT. Under this agreement, we have a right to use this name for so long as our Manager (or another affiliate of Blackstone TM L.L.C., or Licensor) serves as our Manager (or another managing entity) and the Manager remains an affiliate of the Licensor under the Trademark License Agreement. The Trademark License Agreement may also be earlier terminated by either party as a result of certain breaches or for convenience upon 90 days prior written notice; provided that upon notification of such termination by us, the Licensor may elect to effect termination of the Trademark License Agreement immediately at any time after 30 days from the date of such notification. The Licensor and its affiliates, such as Blackstone, will retain the right to continue using the Blackstone name. We will further be unable to preclude the Licensor from licensing or transferring the ownership of the Blackstone name to third parties, some of whom may compete with us. Consequently, we will be unable to prevent any damage to goodwill that may occur as a result of the activities of the Licensor, Blackstone or others. Furthermore, in the event that the Trademark License Agreement is terminated, we will be required to, among other things, change our name and NYSE ticker symbol. Any of these events could disrupt our recognition in the market place, damage any goodwill we may have generated and otherwise harm our business.

We must manage our portfolio so that we do not become an investment company that is subject to regulation under the Investment Company Act.

We conduct our operations so that we avail ourselves of the statutory exclusion provided in Section 3(c)(5)(C) for companies engaged primarily in investment in mortgages and other liens on or interests in real estate. In order to qualify for this exclusion, we must maintain, on the basis of positions taken by the SEC's Division of Investment Management, or the Division, in interpretive and no-action letters, a minimum of 55% of the value of our total assets in mortgage loans and other related assets that are considered mortgages and other liens on and interests in real estate, which we refer to as Qualifying Interests, and a minimum of 80% in Qualifying Interests and real estate-related assets. In the absence of SEC or Division guidance that supports the treatment of other investments as Qualifying Interests, we will treat those other investments appropriately as real estate-related assets or miscellaneous assets depending on the circumstances.

The SEC staff has commenced an advance notice rulemaking initiative, indicating that it is reconsidering its interpretive policy under Section 3(c)(5)(C) and whether to advance rulemaking to define the basis for the exclusion. We cannot predict the outcome of this reconsideration or potential rulemaking initiative and its impact on our ability to rely on the exclusion. To the extent that the SEC or its staff provides more specific guidance regarding any of the matters bearing upon the requirements of Section 3(c)(5)(C) of the Investment Company Act, we may be required to adjust our strategy accordingly. Any additional guidance from the SEC or its staff could further inhibit our ability to pursue the strategies we have chosen.

Table of Contents

Because registration as an investment company would significantly affect our ability to engage in certain transactions or be structured in the manner we currently are, we intend to conduct our business so that we will continue to satisfy the requirements to avoid regulation as an investment company. If we do not meet these requirements, we could be forced to alter our investment portfolios by selling or otherwise disposing of a substantial portion of the assets that do not satisfy the applicable requirements or by acquiring a significant position in assets that are Qualifying Interests. In the past, when required due to the mix of assets in our balance sheet portfolio, and in connection with our reliance on the Section 3(c)(5)(C) exclusion, we have purchased agency residential mortgage-backed securities that represent the entire beneficial interests in the underlying pools of whole residential mortgage loans, which are treated as Qualifying Interests based on Division positions. Such investments may not represent an optimum use of capital when compared to the available investments we and our subsidiaries target pursuant to our investment strategy. These investments present additional risks to us, and these risks are compounded by our inexperience with such investments. We continue to analyze our investments and may acquire other pools of whole loan residential mortgage-backed securities when and if required for compliance purposes. Altering our portfolio in this manner may have an adverse effect on our investments if we are forced to dispose of or acquire assets in an unfavorable market, and may adversely affect our stock price.

If it were established that we were an unregistered investment company, there would be a risk that we would be subject to monetary penalties and injunctive relief in an action brought by the SEC, that we would be unable to enforce contracts with third parties, that third parties could seek to obtain rescission of transactions undertaken during the period it was established that we were an unregistered investment company, and that we would be subject to limitations on corporate leverage that would have an adverse impact on our investment returns. In order to comply with provisions that allow us to avoid the consequences of registration under the Investment Company Act, we may need to forego otherwise attractive opportunities and limit the manner in which we conduct our operations. Thus, compliance with the requirements of the Investment Company Act may hinder our ability to operate solely on the basis of maximizing profits.

The failure of assets subject to repurchase agreements to qualify as real estate assets could adversely affect our ability to qualify as a REIT.

We intend to enter into financing arrangements that are structured as sale and repurchase agreements pursuant to which we would nominally sell certain of our assets to a counterparty and simultaneously enter into an agreement to repurchase these assets at a later date in exchange for a purchase price. Economically, these agreements are financings which are secured by the assets sold pursuant thereto. We believe that we would be treated for REIT asset and income test purposes as the owner of the assets that are the subject of any such sale and repurchase agreement notwithstanding that such agreements may transfer record ownership of the assets to the counterparty during the term of the agreement. It is possible, however, that the IRS could assert that we did not own the assets during the term of the sale and repurchase agreement, in which case we could fail to qualify as a REIT.

Amendment No. 1 to Amended and Restated Management Agreement

On July 30, 2013, we and our Manager entered into Amendment No. 1 (the Amendment) to the Amended and Restated Management Agreement, dated as of March 26, 2013 (the Amended and Restated Management Agreement) between us and our Manager, an affiliate Blackstone that serves as our external manager. As of June 30, 2013, affiliates of Blackstone owned approximately 8.5% of our outstanding shares of class A common stock.

Table of Contents

The amendments to the Amended and Restated Management Agreement were the following:

revisions to clarify that internal audit expenses (including through one or more third parties and/or affiliates of our Manager) are to be paid by us and not our Manager; and

updates to reflect our recent name change and the merger of our CT Legacy REIT Mezz Borrower, Inc. subsidiary with and into CT Legacy Partners, LLC.

The foregoing description of the Amendment does not purport to be complete and is qualified in its entirety by reference to the complete terms of the Amendment, a copy of which is filed as Exhibit 10.1 to this quarterly report on Form 10-Q and is incorporated herein by reference.

First Amendment to Master Repurchase Agreement with Citibank, N.A.

On July 26, 2013, we and a special-purpose wholly-owned subsidiary of ours entered into a First Amendment to Master Repurchase agreement (First Amendment) with Citibank, N.A. to the Master Repurchase Agreement, dated June 12, 2013 (Master Repurchase Agreement) to provide for a second \$250.0 million tranche of potential advances, which we expect to use to finance the acquisition or origination of eligible loans as more particularly described in the Master Repurchase Agreement. The second tranche is subject to a one year availability period, during which new financing transactions can be initiated. All other terms, including the maturity dates, for the second tranche advances are the same as the original \$250 million tranche.

The foregoing description of Master Repurchase Agreement, as amended by the First Amendment, is qualified in its entirety by reference to the complete terms of the Master Repurchase Agreement and the First Amendment, copies of which are filed as Exhibit 10.10 and Exhibit 10.16, respectively, to this quarterly report on Form 10-Q and are incorporated herein by reference.

Section 13(r) Disclosure

Pursuant to Section 219 of the Iran Threat Reduction and Syria Human Rights Act of 2012, which added Section 13(r) of the Exchange Act, we hereby incorporate by reference herein Exhibit 99.1 of this report, which includes disclosures publicly filed and/or provided to Blackstone by Hilton Worldwide Inc., SunGard Capital Corp., SunGard Capital Corp. II, SunGard Data Systems Inc. and Travelport Limited, which may be considered affiliates of Blackstone and therefore our affiliates.
