What Biglari Says Now

2014

Our intention was that even if we were to purchase additional stock, we would keep ownership well under 20%.

Biglari Holdings is not seeking to acquire control of Cracker Barrel.

Furthermore, under Tennessee law, there are strict antitakeover laws.

[W]e have been clear about our agenda: We are interested in making money, not controlling the Company.

If a sale of Cracker Barrel were approved by the Board, we would also be willing to submit a bid to purchase the

Company  
under  
a  
structure  
that  
would allow current shareholders the  
opportunity to participate in the  
Company's future performance.

Proposal #1: Why You Should Vote Against Pursuing All  
Potential Extraordinary Transactions

Background

The

Board

Recommends

That

You  
Vote  
AGAINST

This  
Proposal

As shown on Slide 4, at each of the last three annual meetings of the Company's shareholders, Biglari nominees have been defeated by significant and increasing margins

Moreover, just months ago, at the 2013 Annual Meeting in November 2013, the Company's shareholders also voted, by a wide margin, against a non-binding proposal publicly made by Biglari recommending that the Board approve the payment of a \$20 per share cash special dividend to all shareholders

Yet, despite Biglari's history of repeated, significant losses in its proxy contests at the Company's annual meetings, Biglari seems bound and determined to force yet another meeting on the Company

**The Company has delivered strong operational performance and shareholder returns that the Board believes are exceptional relative to the Company's peers over the last two and a half fiscal years**

**The Board believes that Biglari's demand for a special meeting may be motivated by Biglari's self-interest in seeking to achieve full liquidity of its investment through a single extraordinary transaction rather than the long-term interests of all shareholders**

**The Board believes that the interests of all shareholders are best served by the management team continuing to focus on the execution of the Company's current operational and strategic plan**

Since the Company's announcement of its strategic priorities in September 2011, the Company has delivered total shareholder return of approximately

160%,

which

consisted

of

approximately

144%

growth

in

the

Company's

stock

price

and

approximately

16%

in

quarterly

dividends paid

The Board believes that the interests of a single shareholder should not take priority over the long-term interests of ALL shareholders

Publicly undertaking a sale process at this time would disrupt the Company's progress, which could damage the long-term value of the Company

Why

You

Should

Vote

AGAINST

This

Proposal

Proposal #2: Why You Should Vote Against the Proposal for the Company to "Take Any Action Necessary" to Amend the Tennessee Business Corporation Act

The provision of Tennessee law that Biglari desires to amend restricts shareholders holding 10% or more of the voting securities of a publicly traded Tennessee corporation from engaging in business combinations with that corporation for a period of five years following the date on which the shareholder acquired the securities crossing the 10% threshold. Biglari crossed the 10% threshold with its CBRL share purchases in January 2012.

In  
a  
letter  
to  
the  
Company's  
Chairman,  
Biglari  
requested  
that  
the  
Board  
support  
its  
efforts  
to  
seek  
to  
amend  
applicable  
Tennessee  
law  
to  
allow  
Biglari  
to  
seek  
to  
acquire  
the  
Company  
as  
part  
of  
a  
sale  
process  
Why  
You  
Should  
Vote  
AGAINST  
This  
Proposal

Before acquiring a 10% stake in the Company's common stock, Biglari had the opportunity either to make an offer directly to the Company's shareholders or to approach the Board about a possible business combination transaction, but chose not to do either

In all three proxy contests, Biglari has vehemently denied any intent to acquire control of the Company and, in fact, repeatedly cited the Tennessee law's prohibition as evidence to try to refute the Board's concerns about Biglari's intentions

The Board does not have the power to amend Tennessee law

The Board believes that the interests of all shareholders are best served by the management team continuing to focus upon the execution of the Company's current operational and strategic plan, rather than engaging in a time consuming and potentially expensive lobbying effort

Moreover, there appears to be no evidence to suggest that Biglari has taken any steps of its own to seek an amendment; given the Tennessee legislative calendar, we believe at this point any proposed amendment could not be considered by the Tennessee legislature until 2015 at the earliest
