Item 7.01 Regulation FD Disclosure.

As previously announced, on October 8, 2015 Capital Senior Living Corporation (the Company) will host an investor and analyst day (the Investor and Analyst Day) during which it will present various business and financial information. Attached hereto as Exhibit 99.1 is the Investor and Analyst Day presentation. The Company will simultaneously webcast its Investor and Analyst Day presentation beginning at 9:00 am Eastern time on October 8, 2015, which should conclude by approximately 11:30 am Eastern time. A link to the live webcast will be available prior to the scheduled presentation time on the Company's website (www.capitalsenior.com) under the Investor Relations link. The webcast will be available for replay in the Investor Relations section of the Company's website for a period of 90 days after the date of the Investor and Analyst Day presentation.

The information being furnished under Item 7.01 and Exhibit 99.1 shall not be deemed filed for purposes of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as may be expressly set forth by specific reference in such a filing. The Investor and Analyst Day presentation contains, and may implicate, forward-looking statements regarding the Company and include cautionary statements identifying important factors that could cause actual results to differ materially from those anticipated.

In the Investor and Analyst Day presentation, the Company's management utilizes financial measures of operating performance, including adjusted EBITDAR, adjusted EBITDAR margin and adjusted CFFO, that are not calculated in accordance with U.S. generally accepted accounting principles (GAAP). Non-GAAP financial measures may have material limitations in that they do not reflect all of the amounts associated with the Company's results of operations as determined in accordance with GAAP. As a result, these non-GAAP financial measures should not be considered a substitute for, nor superior to, financial results and measures determined or calculated in accordance with GAAP. The Company believes that these non-GAAP measures are useful in identifying trends in day-to-day performance because they exclude items that are of little or no significance to operations and provide indicators to management of progress in achieving optimal operating performance. In addition, these measures are used by many research analysts and investors to evaluate the performance and the value of companies in the senior living industry. The Company strongly urges you to review the reconciliation of net income from operations to adjusted EBITDAR and adjusted EBITDAR margin and the reconciliation of net loss to adjusted CFFO, each of which is included at the end of the Company's earnings releases, along with the Company's consolidated balance sheets, statements of operations, and statements of cash flows.

By filing this Current Report on Form 8-K, the Company does not acknowledge that disclosure of this information is required by Regulation FD or that the information was material or non-public before the disclosure. The Company assumes no obligation to update or supplement forward-looking statements in the Investor and Analyst Day presentation that become untrue because of new information, subsequent events or otherwise.
