SUMMARY

This summary highlights information about KCS and the Exchange Offers. Because it is a summary, it does not contain all the information that you should consider before tendering Outstanding Notes for exchange and KCS urges you to read this entire prospectus carefully, including the Risk Factors section and the information and documents incorporated by reference herein, including KCS's financial statements and notes thereto, before deciding to tender Outstanding Notes for exchange.

Our Company

KCS, a Delaware corporation, is a holding company with domestic and international rail operations in North America that are strategically focused on the growing north/south freight corridor connecting key commercial and industrial markets in the central United States with major industrial cities in Mexico. KCS had approximately 6,670 employees on December 31, 2015.

KCS controls and owns all of the stock of The Kansas City Southern Railway Company (KCSR), a U.S. Class I railroad founded in 1887. KCSR serves a ten-state region in the midwest and southeast regions of the United States and has the shortest north/south rail route between Kansas City, Missouri and several key ports along the Gulf of Mexico in Alabama, Louisiana, Mississippi, and Texas.

KCS controls and owns all of the stock of KCSM. Through its 50-year concession from the Mexican government (the Concession), which could expire in 2047 unless extended, KCSM operates a key commercial corridor of the Mexican railroad system and has as its core route the most strategic portion of the shortest, most direct rail passageway between Mexico City and Laredo, Texas. Laredo is a principal international gateway through which a substantial portion of rail and truck traffic between the United States and Mexico crosses the border. KCSM serves most of Mexico's principal industrial cities and three of its major seaports. KCSM's rail lines provide exclusive rail access to the United States and Mexico border crossing at Nuevo Laredo, Tamaulipas, the largest rail freight interchange point between the United States and Mexico. Under the Concession, KCSM has the right to control and operate the southern half of the rail bridge at Laredo, Texas, which spans the Rio Grande River between the United States and Mexico. KCS also controls and owns the northern half of this bridge through its ownership of Mexrail, Inc. (Mexrail).

KCSM also provides exclusive rail access to the Port of Lazaro Cardenas on the Pacific Ocean. The Mexican government is developing the port at Lazaro Cardenas principally to serve Mexican markets and as an alternative to the U.S. west coast ports for Asian and South American traffic bound for North America.

KCS wholly owns Mexrail which, in turn, wholly owns The Texas Mexican Railway Company (Tex-Mex). Tex-Mex owns a 157-mile rail line extending from Laredo, Texas to the port city of Corpus Christi, Texas, which connects the operations of KCSR with KCSM.

The KCS coordinated rail network (KCSR, KCSM and Tex-Mex) comprises approximately 6,600 route miles extending from the midwest and southeast portions of the United States south into Mexico and connects with all other Class I railroads, providing shippers with an effective alternative to other railroad routes and giving direct access to Mexico and the southeast and southwest United States through alternate interchange hubs.

Panama Canal Railway Company, an unconsolidated joint venture company owned equally by KCS and Mi-Jack Products, Inc., was awarded a concession from the Republic of Panama to reconstruct and operate the Panama Canal Railway, a 47-mile railroad located adjacent to the Panama Canal that provides international container shipping companies with a railway transportation alternative to the Panama Canal. The concession was awarded in 1998 for an

initial term of 25 years with an automatic renewal for an additional 25-year term. The Panama Canal Railway is a north-south railroad traversing the Isthmus of Panama between the Atlantic and Pacific Oceans.

Table of Contents

Other subsidiaries and affiliates of KCS include the following:

Meridian Speedway, LLC (MSLLC), a seventy percent-owned consolidated affiliate that owns the former KCSR rail line between Meridian, Mississippi and Shreveport, Louisiana, which is the portion of the rail line between Dallas, Texas and Meridian known as the Meridian Speedway. Norfolk Southern Corporation, through its wholly-owned subsidiary, The Alabama Great Southern Railroad Company, owns the remaining thirty percent of MSLLC;

KCSM Servicios, S.A. de C.V., a wholly-owned and consolidated affiliate that provides employee services to KCSM;

Ferrocarril y Terminal del Valle de México, S.A. de C.V., a twenty-five percent-owned unconsolidated affiliate that provides railroad services as well as ancillary services in the greater Mexico City area; and

PTC-220, LLC, a fourteen percent-owned unconsolidated affiliate that holds the licenses to large blocks of radio spectrum and other assets for the deployment of positive train control.

Recent Developments

On May 16, 2016, KCS issued \$250.0 million in aggregate principal amount of 3.125% Senior Notes due 2026 pursuant to KCS's shelf registration statement filed with the SEC. KCS intends to use the proceeds from the offering for (i) the repayment at maturity of KCS's Floating Rate Senior Notes due 2016 (\$244.8 million outstanding as of March 31, 2016) and KCSM's Floating Rate Senior Notes due 2016 (\$5.2 million outstanding as of March 31, 2016) and (ii) general corporate purposes, including the repayment of outstanding commercial paper issued by KCS.

You may withdraw any Outstanding Notes tendered in the Exchange Offers at any time prior to the applicable Expiration Date. If we decide for any reason not to accept any Outstanding Notes tendered

Table of Contents

for exchange, the Outstanding Notes will be returned to the registered holder at our expense promptly after the applicable Expiration Date or termination of the applicable Exchange Offer. In the case of the Outstanding Notes tendered by book-entry transfer into the Exchange Agent's (as defined below) account at The Depository Trust Company (DTC), any withdrawn or unaccepted Outstanding Notes will be credited to the tendering holder's account at DTC. For further information regarding the withdrawal of tendered Outstanding Notes, see the sections entitled "The Exchange Offers Terms of the Exchange Offers; Period for Tendering Outstanding Notes" and the "The Exchange Offers Withdrawal Rights."

Conditions to the Exchange Offers

Each of the Exchange Offers is subject to customary conditions, including the following:

the Exchange Offer does not violate applicable law or any applicable interpretations of the staff of the SEC;

the Outstanding Notes are validly tendered in accordance with the applicable Exchange Offer;

no action or proceeding would impair our ability to proceed with the Exchange Offer; and

any governmental approval has been obtained that we believe, in our sole discretion, is necessary for the completion of the Exchange Offer as outlined in this prospectus.

Procedures for Tendering the Outstanding Notes

You must do one of the following on or prior to the Expiration Date to participate in the Exchange Offers:

tender your Outstanding Notes by sending the certificates for your Outstanding Notes, in proper form for transfer, a properly completed and duly executed letter of transmittal, with any required signature guarantees, and all other documents required by the letter of transmittal, to U.S. Bank National Association, as exchange agent (the Exchange Agent), at one of the addresses listed below in the section entitled "The Exchange Offers Exchange Agent"; or

tender your Outstanding Notes by using the book-entry transfer procedures described below and transmitting a properly completed and duly executed letter of transmittal, with any required signature guarantees, or an Agent's Message (as defined below) instead of the letter of transmittal, to the Exchange Agent. In order for a book-entry transfer to constitute a valid tender of your Outstanding Notes in the applicable Exchange Offer, the Exchange Agent must receive a confirmation of book-entry transfer of your Outstanding Notes into its account at DTC prior to the Expiration Date. For more information regarding the use of book-entry transfer procedures, including a description of the required Agent's Message, see the discussion below in the section entitled "The Exchange Offers' Book-Entry Transfers."

Table of Contents

We have not provided guaranteed delivery provisions in connection with the Exchange Offers. You must tender your Outstanding Notes in accordance with the procedures set forth in the section entitled "The Exchange Offers Procedures for Tendering Outstanding Notes."

Special Procedures for Beneficial Owners	If you are a beneficial owner whose Outstanding Notes are registered in the name of the broker, dealer, commercial bank, trust company or other nominee and you wish to tender your Outstanding Notes in the Exchange Offers, you should promptly contact the person in whose name the Outstanding Notes are registered and instruct that person to tender on your behalf. If you wish to tender in the Exchange Offers on your own behalf, prior to completing and executing the letter of transmittal (or any Agent's Message in lieu thereof) and delivering your Outstanding Notes, you must either make appropriate arrangements to register ownership of the Outstanding Notes in your name or obtain a properly completed bond power from the person in whose name the Outstanding Notes are registered.
Material Federal Income Tax Considerations	The exchange of the Outstanding Notes for Exchange Notes in the Exchange Offers will not be a taxable transaction for United States federal income tax purposes. See the discussion in the section entitled "Material Federal Income Tax Considerations" for more information regarding the tax consequences to you of the Exchange Offers.
Use of Proceeds	We will not receive any proceeds from the Exchange Offers.
Exchange Agent	U.S. Bank National Association is the Exchange Agent for the Exchange Offers. You can find the address and telephone number of the Exchange Agent below in the section entitled "The Exchange Offers Exchange Agent."
Resales	Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties, we believe that the Exchange Notes you receive in the Exchange Offers may be offered for resale, resold or otherwise transferred without compliance with the registration and prospectus delivery provisions of the Securities Act. However, you will not be able to freely transfer the Exchange Notes if:

you are our affiliate, as defined in Rule 405 under the Securities Act;

you are not acquiring the Exchange Notes in the applicable Exchange Offer in the ordinary course of your business; or

you are engaged in or intend to engage in, or have an arrangement or understanding with any person to participate in, the distribution, as defined in the Securities Act, of the Exchange Notes you will receive in the applicable Exchange Offer.

Table of Contents

If any of the statements above apply to you, you cannot rely on the position of the SEC staff described above and you must, therefore, comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the Exchange Notes, unless an exemption from these requirements is available to you. In that case, if you transfer any Exchange Notes without delivering a prospectus that meets the requirements of the Securities Act or without an exemption from registration of your Exchange Notes from those requirements, you may incur liability under the Securities Act. We will not assume or indemnify you against that liability. In addition, the SEC has not considered the Exchange Offers in the context of its interpretive letters and we cannot be sure that the staff of the SEC would make a similar determination with respect to the Exchange Offers as in such other circumstances.

Broker-Dealer

Each broker-dealer that receives Exchange Notes for its own account in exchange for Outstanding Notes, where such Outstanding Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See Plan of Distribution.

**Consequences of Not Exchanging
Outstanding Notes**

If you do not exchange Outstanding Notes for Exchange Notes, you will not be able to offer, sell or otherwise transfer your Outstanding Notes except:

in compliance with the registration requirements of the Securities Act and any other applicable securities laws;

pursuant to an exemption from the securities laws; or

in a transaction not subject to the securities laws.

Outstanding Notes that remain outstanding after completion of the Exchange Offers will continue to bear a legend reflecting these restrictions on transfer. In addition, upon completion of the Exchange Offers, you will not be entitled to any rights to have the resale of Outstanding Notes registered under the Securities Act, and we currently do not intend to register under the Securities Act the resale of any Outstanding Notes that remain outstanding after the completion of the Exchange Offers. The transfer restrictions and the availability of Exchange Notes that are freely tradable could adversely affect the trading

market for your Outstanding Notes.

Upon completion of the Exchange Offers, with respect to each series of Exchange Notes to be issued in the applicable Exchange Offer, KCS may redeem any related Outstanding Notes that are not exchanged in the applicable Exchange Offer in an amount up to 2% of the original aggregate principal amount of such Outstanding Notes at a redemption price of 100% of their principal amount plus accrued interest to but not including the redemption date.

Interest on the Exchange Notes of a series will accrue from the most recent date on which interest has been paid on the corresponding series of Outstanding Notes or, if no interest has been paid, from and including the date of issuance of the corresponding series of Outstanding Notes.

Exchange Note Guarantees

The Exchange Notes will be unconditionally guaranteed, jointly and severally, on an unsecured senior basis (each, an Exchange Note Guarantee), by each of KCS's current and future domestic subsidiaries (collectively, the Exchange Note Guarantors) that from time to time guarantee the \$800.0 million revolving credit facility of KCS (the KCS Revolving Credit Facility) or any other debt of KCS or any of KCS's significant subsidiaries that is an Exchange Note Guarantor. See Description of Exchange Notes Exchange Note Guarantees. The Exchange Notes will not be guaranteed by KCSM or any other current or future foreign subsidiary of KCS.

Table of Contents

As of March 31, 2016, KCS and its subsidiaries had (a) \$746.0 million of availability under the KCS Revolving Credit Facility and (b) total indebtedness of \$2,368.6 million, consisting of (i) \$2,171.6 million of senior indebtedness of KCS and the Exchange Note Guarantors, of which \$54.5 million was secured indebtedness and (ii) \$197.0 million of senior indebtedness of subsidiaries of KCS that are not Exchange Note Guarantors. In addition, on May 16, 2016, KCS issued \$250.0 million in aggregate principal amount of 3.125% Senior Notes due 2026.

Optional Redemption

KCS may redeem some or all of the Exchange Notes (other than the 2016 Exchange Notes) at any time and from time to time at the prices described under the heading **Description of Exchange Notes Optional Redemption**.

In addition, upon completion of the Exchange Offers, with respect to each series of Exchange Notes to be issued in the applicable Exchange Offer, KCS may redeem any related Outstanding Notes that are not exchanged in the applicable Exchange Offer in an amount up to 2% of the original aggregate principal amount of such Outstanding Notes at a redemption price of 100% of their principal amount plus accrued interest to but not including the redemption date.

Change of Control Repurchase Event

Upon a Change of Control Repurchase Event (as defined under **Description of Exchange Notes Certain Definitions**), KCS will be required to make an offer to repurchase each series of Exchange Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to, but excluding the date of repurchase. See **Description of Exchange Notes Covenants Change of Control Repurchase Event**.

Covenants

Each series of Exchange Notes will be issued as a separate series under a base indenture dated December 9, 2015, as supplemented by a separate supplemental indenture, which will contain covenants with respect to, among other things:

the creation of liens by KCS or any of KCS's significant subsidiaries that is an Exchange Note Guarantor;

the incurrence of indebtedness by subsidiaries of KCS that are not Exchange Note Guarantors; and

the merger, consolidation or sale of all or substantially all of KCS's
or any Exchange Notes Guarantors' property and assets.

These covenants are subject to a number of important qualifications and exceptions. See "Description of Exchange Notes" Covenants.

Denominations

The Exchange Notes will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Governing Law

The base indenture and the supplemental indentures are, and the Exchange Notes will be, governed by New York law.

RISK FACTORS

Before participating in the Exchange Offers, you should carefully consider the risk factors described below and in KCS's periodic reports filed with the SEC, together with all of the other information included in this prospectus and the other information that KCS has incorporated by reference. The risks described below and in the documents incorporated by reference herein are not the only ones KCS is facing. Additional risks not currently known to KCS or that KCS currently deems immaterial may also impair KCS's business. See Cautionary Note Regarding Forward-Looking Statements. Any of the risks described below or in the documents incorporated by reference herein, as well as other risks and uncertainties, could harm KCS's business and financial results and cause the value of KCS's securities to decline, which in turn could cause you to lose all or a part of your investment.

Risks Related to the Exchange Offers and Holding the Exchange Notes

Failure to comply with restrictive covenants in KCS's Revolving Credit Facility and other contractual arrangements could accelerate KCS's repayment obligations under our debt.

The KCS Revolving Credit Facility contains a number of restrictive covenants, and any additional financing arrangements KCS enters into may contain additional restrictive covenants. These covenants restrict or prohibit many actions, including, but not limited to, the ability of KCS and certain of its subsidiaries to incur debt, create or suffer to exist liens, make investments, engage in transactions with affiliates, sell certain assets and engage in mergers and consolidations or in sale-leaseback transactions. Failure to maintain compliance with the covenants contained in these financial agreements could constitute a default which could result in the termination of the commitments and the acceleration of any amounts outstanding under such agreements.

KCS's credit ratings may not reflect all risks of your investment in the Exchange Notes.

The Exchange Notes are rated as investment grade by three nationally recognized statistical rating organizations. These credit ratings are limited in scope, and do not address all material risks relating to an investment in the Exchange Notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the applicable rating agencies if, in such rating agency's judgment, circumstances so warrant. Agency credit ratings are not a recommendation to buy, sell or hold any security. Each agency's rating should be evaluated independently of any other agency's rating. Actual or anticipated changes or downgrades in KCS's credit ratings, including any announcement that its ratings are under further review for a downgrade, could affect the market value of the Exchange Notes and increase our corporate borrowing costs.

Holders who fail to exchange their Outstanding Notes will continue to be subject to restrictions on transfer and may have reduced liquidity after the Exchange Offers.

If you do not exchange your Outstanding Notes for Exchange Notes in the Exchange Offers, you will continue to be subject to the restrictions on transfer applicable to the Outstanding Notes. The restrictions on transfer of your Outstanding Notes arise because KCS issued the Outstanding Notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the Outstanding Notes if they are registered under the Securities Act and applicable state securities laws or are offered and sold under an exemption from these requirements. After the completion of the Exchange Offers, KCS will not be under any obligation to, and does not plan to, register the Outstanding Notes under the Securities Act.

In addition, KCS has not conditioned the Exchange Offers on receipt of any minimum or maximum principal amount of Outstanding Notes. As Outstanding Notes are tendered and accepted in the Exchange Offers, the principal amount of remaining Outstanding Notes will decrease. This decrease could reduce the liquidity of

Table of Contents

the trading market for the Outstanding Notes. Furthermore, upon completion of the applicable Exchange Offer with respect to a series of Notes as described herein, KCS may redeem Outstanding Notes of such series which are not exchanged in the applicable Exchange Offer in an amount up to 2% of the original aggregate principal amount of such series of Outstanding Notes issued at a redemption price of 100% of their principal amount plus accrued interest to but excluding the redemption date, which could further reduce the liquidity of the trading market for the Outstanding Notes. KCS cannot assure you of the liquidity, or even the continuation, of the trading market for the Outstanding Notes following the Exchange Offers.

You must comply with the Exchange Offer procedures to receive Exchange Notes.

Holders are responsible for complying with all the Exchange Offer procedures. The issuance of Exchange Notes in exchange for Outstanding Notes will only occur upon completion of the procedures described in this prospectus under

The Exchange Offers. Therefore, holders of Outstanding Notes who wish to exchange them for Exchange Notes should allow sufficient time for timely completion of the exchange procedures. Neither KCS nor the Exchange Agent is obligated to extend the Exchange Offers or notify you of any failure to follow the proper procedures or waive any defect if you fail to follow the proper procedures.

If you are a broker-dealer, your ability to transfer the Exchange Notes may be restricted.

A broker-dealer that purchased Outstanding Notes for its own account as part of market-making or trading activities must comply with the prospectus delivery requirements of the Securities Act when it resells the Exchange Notes. KCS's obligation to make this prospectus available to broker-dealers is limited, and, as a result, KCS cannot guarantee that a proper prospectus will be available to broker-dealers wishing to resell their Exchange Notes. See Plan of Distribution.

There is no public market for the Exchange Notes, a market may not develop, and you may have to hold your Exchange Notes to maturity.

The Exchange Notes are a new issue of securities and there is no existing trading market for the Exchange Notes. Although the Dealer Managers in the offering of the Outstanding Notes have informed KCS that they intend to make a market in the Exchange Notes, they have no obligation to do so and may discontinue making a market at any time without notice. Accordingly, no assurance can be given that a liquid market will develop for the Exchange Notes, that you will be able to sell your Exchange Notes at a particular time or that the prices that you receive when you sell the Exchange Notes will be favorable.

There can be no assurance that an active trading market for the Exchange Notes will ever develop or be maintained. The liquidity of any market for the Exchange Notes and the prices at which the Exchange Notes will trade, if a trading market develops, will depend on a number of factors, including:

the number of holders of Exchange Notes;

KCS's operating performance and financial condition;

KCS's ability to complete the offers to exchange the Outstanding Notes;

the market for similar securities;

the interest of securities dealers in making a market in the Exchange Notes; and

prevailing interest rates.

KCS may not be able to purchase the Exchange Notes upon the occurrence of a Change of Control Repurchase Event.

Upon the occurrence of a Change of Control Repurchase Event (as defined below), KCS will be required to offer to purchase all of the Exchange Notes then outstanding at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest. If a Change of Control Repurchase Event were to occur, KCS

Table of Contents

may not have sufficient funds to pay the purchase price for the outstanding Exchange Notes tendered, and expects that it would require third-party financing; however, KCS may not be able to obtain such financing on favorable terms, if at all. In addition, the occurrence of a Change of Control Repurchase Event may result in an event of default under, or require KCS to purchase, KCS's other existing or future senior indebtedness. Moreover, the exercise by the holders of their right to require KCS to purchase the Exchange Notes could cause a default under its existing or future senior indebtedness, even if the occurrence of a Change of Control Repurchase Event itself does not, due to the financial effect of such purchase on KCS and its subsidiaries. KCS's failure to purchase tendered Exchange Notes at a time when the purchase is required by the indentures would constitute an event of default under the indentures, which, in turn, may constitute an event of default under future debt. See Description of Exchange Notes Covenants Change of Control Repurchase Event.

The provisions in the indentures that will govern the Exchange Notes relating to change of control transactions will not necessarily protect you in the event of a highly leveraged transaction.

The provisions in the indentures will not necessarily afford you protection in the event of a highly leveraged transaction that may adversely affect you, including a reorganization, restructuring, merger or other similar transaction involving KCS or its subsidiaries. These transactions may not involve a change in voting power or beneficial ownership or, even if they do, may not involve a change of the magnitude required under the definition of Change of Control Repurchase Event in the indentures to trigger these provisions. Except as described under Description of Exchange Notes Change of Control Repurchase Event, the indentures do not contain provisions that permit the holders of the Exchange Notes to require KCS to purchase the Exchange Notes in the event of a takeover, recapitalization or similar transaction. Finally, the provisions under the indentures relative to KCS's obligation to make an offer to purchase the Exchange Notes as a result of a Change of Control Repurchase Event may be waived or modified with the written consent of the holders of a majority in principal amount of the applicable series of Exchange Notes; accordingly, you may not be able to require the purchase of your Exchange Notes upon a Change of Control Repurchase Event even if you have not consented to the waiver of such obligation.

The Exchange Notes and the Exchange Note Guarantees will be effectively subordinated to the secured obligations of KCS and the Exchange Note Guarantors.

The Exchange Notes and the Exchange Note Guarantees will be KCS's and the Exchange Note Guarantors', respectively, unsecured obligations. KCS and the Exchange Note Guarantors may incur other debt, which may be substantial in amount, and which may in certain circumstances be secured. As of March 31, 2016, KCS and the Exchange Note Guarantors had \$54.5 million of secured indebtedness and capital lease obligations. Because the Exchange Notes and the Exchange Note Guarantees will be unsecured obligations, your right of repayment may be compromised in the following situations:

KCS or the Exchange Note Guarantors enter into bankruptcy, liquidation, reorganization, or other winding-up;

there is a default in payment under any secured debt of KCS or an Exchange Note Guarantor; or

there is an acceleration of any secured debt.

If any of these events occurs, the secured lenders could foreclose on assets of KCS or an Exchange Note Guarantor in which they have been granted a security interest, in each case to your exclusion, even if an event of default exists under the indentures relating to the Exchange Notes at such time. As a result, upon the occurrence of any of these events, there may not be sufficient funds to pay amounts due on the Exchange Notes.

Servicing KCS's indebtedness will require a significant amount of cash. KCS's ability to generate cash depends on a variety of factors, many of which are beyond its control.

KCS's ability to make payments on its indebtedness, including the Exchange Notes, will depend on KCS's ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial,

Table of Contents

competitive and other factors that are beyond KCS's control. KCS's business may not be able to generate sufficient cash flow from operations and future borrowings may not be available to it in an amount sufficient to enable KCS to pay its indebtedness, including the Exchange Notes, or to fund its other liquidity needs. KCS may need to refinance all or a portion of its indebtedness on or before maturity. However, KCS may not be able to complete such refinancing on commercially reasonable terms or at all.

KCS is a holding company, and its ability to make any required payment on the Exchange Notes is dependent on the operations of, and the distribution of funds from, its subsidiaries.

The issuer of the Exchange Notes, KCS, is a holding company, and its subsidiaries will conduct substantially all of its operations and own all of its operating assets. Therefore, KCS will depend on dividends and other distributions from its subsidiaries to generate the funds necessary to meet its obligations, including its required obligations under the Exchange Notes. Moreover, each of KCS's subsidiaries is a legally distinct entity and, other than those of its subsidiaries that are the Exchange Note Guarantors, have no obligation to pay amounts due pursuant to the Exchange Notes or to make any of their funds or other assets available for these payments.

Only some of KCS's subsidiaries will guarantee the Exchange Notes. Your right to receive payments on the Exchange Notes could be adversely affected if any of KCS's subsidiaries that are not Exchange Note Guarantors declare bankruptcy, liquidate or reorganize.

Not all of KCS's subsidiaries will guarantee the Exchange Notes, and those subsidiaries may incur debt and other liabilities to the extent permitted by the indentures governing the Exchange Notes. Accordingly, the Exchange Notes will be effectively subordinated to the prior payment of debts and other liabilities (including trade payables) of KCS's subsidiaries that are not Exchange Note Guarantors. In the event of a bankruptcy, liquidation or reorganization of any of KCS's subsidiaries that are not Exchange Note Guarantors, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to KCS. As of and for the three months ended March 31, 2016, the subsidiaries of KCS that are not Exchange Note Guarantors had approximately \$525.9 million of total liabilities (including trade payables and excluding intercompany payables), and approximately 49% of KCS's consolidated assets (excluding intercompany receivables and investments in consolidated subsidiaries) and generated approximately 53% and 65%, respectively, of KCS's consolidated revenues and operating income (excluding intercompany revenue and expenses).

The amount of interest payable on the 2016 Exchange Notes will be set only once per period based on the three-month LIBOR on the interest determination date, which rate may fluctuate substantially.

In the past, the level of the three-month LIBOR has experienced significant fluctuations. Any historical upward or downward trend in the three-month LIBOR is not an indication that the three-month LIBOR is more or less likely to increase or decrease at any time during a floating rate interest period, and you should not take the historical levels of the three-month LIBOR as an indication of its future performance. In addition, although the actual three-month LIBOR on an interest payment date or at other times during an interest period may be higher than the three-month LIBOR on the applicable interest determination date, you will not benefit from the three-month LIBOR at any time other than on the interest determination date for such interest period. As a result, changes in the three-month LIBOR may not result in a comparable change in the market value of the 2016 Exchange Notes.

In addition, because the interest rate on the 2016 Exchange Notes will be a floating rate, you will be exposed to risks not associated with a conventional fixed-rate debt instrument. These risks include fluctuation of the three-month LIBOR (and hence, the interest rate) and the possibility that for any given interest payment period you may receive a lesser amount of interest than for one or more other interest payment periods. We have no control over the factors that

may affect market interest rates, including geopolitical conditions and economic,

Table of Contents

financial, political, regulatory, agricultural, judicial or other events that affect the markets generally and that are important in determining the existence, magnitude, and longevity of these risks and their results. Also, the floating interest rate for the 2016 Exchange Notes may be less than the floating rate payable on a similar debt instrument of the same maturity issued by an issuer of comparable creditworthiness.

Changes to LIBOR may adversely affect holders of the 2016 Exchange Notes.

Beginning in 2008, various concerns have been raised with respect to the calculation of LIBOR across a range of maturities and currencies. A number of the British Bankers Association (the "BBA") member banks have entered into settlements with their regulators and law enforcement agencies with respect to alleged manipulation of LIBOR, and investigations were instigated by regulators and governmental authorities in various jurisdictions (including in the United States, United Kingdom, European Union, Japan and Canada). If manipulation of LIBOR or another inter-bank lending rate occurred, it may have resulted in that rate being artificially lower (or higher) than it otherwise would have been.

In September 2012, the U.K. government published the results of its review of LIBOR (commonly referred to as the Wheatley Review). The Wheatley Review made a number of recommendations for changes with respect to LIBOR including the introduction of statutory regulation of LIBOR, the transfer of responsibility for LIBOR from the BBA to an independent administrator, changes to the method of compilation of lending rates and new regulatory oversight and enforcement mechanisms for rate-setting. Based on the Wheatley Review, final rules for the regulation and supervision of LIBOR by the Financial Conduct Authority (the "FCA") were published and came into effect on April 2, 2013 (the "FCA Rules"). In particular, the FCA Rules include requirements that (1) an independent LIBOR administrator monitor and survey LIBOR submissions to identify breaches of practice standards and/or potentially manipulative behavior and (2) firms submitting data to LIBOR establish and maintain a clear conflicts of interest policy and appropriate systems and controls.

On September 18, 2013, the European Commission released proposals that could result in additional regulation of LIBOR and other benchmarks if adopted by the European Parliament and the member states.

It is not possible to predict the effect of the FCA Rules, any changes in the methods pursuant to which the LIBOR rates are determined and any other reforms to LIBOR that will be enacted in the U.K., the European Union and elsewhere, which may adversely affect the trading market for LIBOR-based securities. In addition, any changes announced by the FCA, the BBA or any other successor governance or oversight body, or future changes adopted by such body of the European Union, in the method pursuant to which the LIBOR rates are determined may result in a sudden or prolonged decrease or increase in the reported LIBOR rates. If that were to occur, the level of interest payments on and the trading value of the 2016 Exchange Notes may be adversely affected. Further, uncertainty as to the extent and manner in which the Wheatley Review recommendations will continue to be adopted and the European Commission proposals may be adopted and the timing of such changes may adversely affect the current trading market for LIBOR-based securities and the value of your 2016 Exchange Notes.

The indebtedness represented by the Exchange Notes and the Exchange Note Guarantees may be unenforceable due to voidable transfer statutes.

KCS believes that the indebtedness represented by the Exchange Notes and the Exchange Note Guarantees is being incurred for proper purposes, in good faith, and not to hinder, delay, or defraud any entity to which it is, or will become on or after the consummation of the Exchange Offers, indebted. Based on present forecasts, asset valuations and other financial information, KCS and the Exchange Note Guarantors are, and after the consummation of the Exchange Offers, will be, solvent and will have reasonably sufficient capital for carrying on the current and

contemplated businesses of KCS and the Exchange Note Guarantors and will be able to pay debts of KCS and the Exchange Note Guarantors as they come due. Notwithstanding this belief, however, under federal or state voidable transfer laws, if a court of competent jurisdiction in a suit by an unpaid creditor or

representative of creditors (such as a trustee in bankruptcy or a debtor-in-possession) were to find that KCS or the Exchange Note Guarantors did not receive fair consideration (or reasonably equivalent value) for issuing the Exchange Notes or the Exchange Note Guarantees or for any indebtedness refinanced by the Exchange Notes and at the time of the issuance of that indebtedness or those Exchange Note Guarantees, KCS or the Exchange Note Guarantors were insolvent, were rendered insolvent by reason of that incurrence, were engaged in a business or transaction for which KCS or the Exchange Note Guarantors' remaining assets constituted unreasonably small capital, intended to incur, or believed that KCS or the Exchange Note Guarantors would incur, debts beyond any of their ability to pay such debts as they became due, or that any of KCS or the Exchange Notes Guarantors intended to hinder, delay or defraud its creditors, then that court could, among other things, (i) void all or a portion of KCS' obligations to the holders of the Exchange Notes or the Exchange Note Guarantors' obligations under the Exchange Note Guarantees, (ii) subordinate all or a portion of the payments made to holders of the Exchange Notes (or the Exchange Note Guarantees) to KCS' (or the Exchange Note Guarantors') other existing and future indebtedness to a greater extent than would otherwise be the case, the effect of which would be to entitle those other creditors to be paid in full before any payment could be made on the Exchange Notes. The measure of insolvency for purposes of the foregoing will vary depending upon the law of the relevant jurisdiction. Generally, however, a company would be considered insolvent for purposes of the foregoing if the sum of that company's debts was greater than all of that company's assets at a fair valuation, or if the present fair saleable value of that company's assets was less than the amount that would be required to pay the probable liability on its existing debts as they become absolute and due. There can be no assurance as to what standards a court would apply to determine whether KCS or the Exchange Note Guarantors were solvent at the relevant time, or whether, whatever standard was applied, the Exchange Note Guarantees would not be voided on any of the grounds set forth above.

THE EXCHANGE OFFERS

Terms of the Exchange Offers; Period for Tendering Outstanding Notes

Subject to terms and conditions detailed in this prospectus, we will accept for exchange Outstanding Notes that are validly tendered on or prior to the Expiration Date with respect to the applicable Exchange Offer and not validly withdrawn as permitted below. The term *Expiration Date* means the latest time and date to which the applicable Exchange Offer is extended. This prospectus, together with the letter of transmittal, is first being sent on or about the date hereof, to all holders of Outstanding Notes known to us.

We expressly reserve the right, at any time, to extend the period of time during which any or all of the Exchange Offers are open, and delay acceptance for exchange of the applicable Outstanding Notes, by giving oral or written notice of such extension to the holders thereof as described below. During any such extension, all applicable Outstanding Notes previously tendered will remain subject to the applicable Exchange Offer and may be accepted for exchange by us. Any Outstanding Notes not accepted for exchange for any reason will be returned without expense to the tendering holder promptly after the Expiration Date or termination of the applicable Exchange Offer, as applicable.

Outstanding Notes tendered in the Exchange Offers must be in denominations of principal amount of \$2,000 and integral multiples of \$1,000 in excess thereof; *provided* that the untendered portion of an Outstanding Note or the portion thereof not accepted for exchange must be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

We expressly reserve the right to amend or terminate any or all of the Exchange Offers, and not to accept for exchange any of the applicable Outstanding Notes, upon the occurrence of any of the conditions of the Exchange Offers specified in the section entitled *Summary Description of the Exchange Offers Conditions to the Exchange Offers* ; *provided, however*, that if we amend an Exchange Offer to make a material change, including the waiver of a material condition, we will extend the applicable Exchange Offer, if necessary, to keep such Exchange Offer open for at least five business days after such amendment or waiver is published, sent or given to the holders of the Outstanding Notes. We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the Outstanding Notes as promptly as practicable. Such notice, in the case of any extension, will be issued by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date for such offer.

Procedures for Tendering Outstanding Notes

The tender to us of Outstanding Notes by you as set forth below and our acceptance of the Outstanding Notes will constitute a binding agreement between us and you upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal. Except as set forth below, to tender Outstanding Notes for exchange pursuant to the Exchange Offers, you must transmit a properly completed and duly executed letter of transmittal, including all other documents required by such letter of transmittal or, in the case of a book-entry transfer, an Agent's Message in lieu of such letter of transmittal, to the Exchange Agent at the address set forth in the section entitled *Exchange Agent* on or prior to the Expiration Date. In addition, either:

certificates for such Outstanding Notes must be received by the Exchange Agent along with the letter of transmittal; or

a timely confirmation of a book-entry transfer (a Book-Entry Confirmation) of such Outstanding Notes, if such procedure is available, into the Exchange Agent's account at DTC pursuant to the procedure for book-entry transfer must be received by the Exchange Agent, prior to the Expiration Date, with the letter of transmittal or an Agent's Message in lieu of such letter of transmittal.

Table of Contents

The term **Agent's Message** means a message, transmitted by DTC to and received by the Exchange Agent and forming a part of a Book-Entry Confirmation, which states that DTC has received an express acknowledgment from the tendering participant stating that such participant has received and agrees to be bound by the letter of transmittal and that we may enforce such letter of transmittal against such participant.

The method of delivery of Outstanding Notes, letters of transmittal and all other required documents is at your election and risk. If such delivery is by mail, it is recommended that you use registered mail, properly insured, with return receipt requested. In all cases, you should allow sufficient time to assure timely delivery. No letter of transmittal or Outstanding Notes should be sent to us.

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed unless the Outstanding Notes surrendered for exchange are tendered:

by a holder of the Outstanding Notes who has not completed the box entitled **Special Issuance Instructions** or **Special Delivery Instructions** on the letter of transmittal; or

for the account of an Eligible Institution (as defined below).

In the event that signatures on a letter of transmittal or a notice of withdrawal are required to be guaranteed, such guarantees must be by a firm which is a member of the Securities Transfer Agent Medallion Program, the Stock Exchanges Medallion Program or the New York Stock Exchange Medallion Program (each such entity being hereinafter referred to as an **Eligible Institution**). If Outstanding Notes are registered in the name of a person other than the signer of the letter of transmittal, the Outstanding Notes surrendered for exchange must be endorsed by, or be accompanied by a written instrument or instruments of transfer or exchange, in satisfactory form as we determine in our sole discretion, duly executed by the registered holders with the signature thereon guaranteed by an Eligible Institution.

We, in our sole discretion, will make a final and binding determination on all questions as to the validity, form, eligibility (including time of receipt) and acceptance of Outstanding Notes tendered for exchange. We reserve the absolute right to reject any and all tenders of any particular Outstanding Note not validly tendered or to not accept any particular Outstanding Note which acceptance might, in our judgment or our counsel's, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the Exchange Offers as to any particular Outstanding Note either before or after the Expiration Date (including the right to waive the ineligibility of any holder who seeks to tender Outstanding Notes in the Exchange Offers). Our interpretation of the term and conditions of the Exchange Offers as to any particular Outstanding Note either before or after the Expiration Date (including the letter of transmittal and the instructions thereto) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Outstanding Notes for exchange must be cured within such time as we shall determine. We are not, nor is the Exchange Agent or any other person, under any duty to notify you of any defect or irregularity with respect to your tender of Outstanding Notes for exchange, and no one will be liable for failing to provide such notification.

If the letter of transmittal is signed by a person or persons other than the registered holder or holders of Outstanding Notes, such Outstanding Notes must be endorsed or accompanied by powers of attorney signed exactly as the name(s) of the registered holder(s) that appear on the Outstanding Notes.

If the letter of transmittal or any Outstanding Notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing. Unless waived by us or the Exchange Agent, proper evidence satisfactory to us of their authority to so act must be submitted with the letter of transmittal.

By tendering Outstanding Notes, you represent to us that, among other things, the Exchange Notes acquired pursuant to the Exchange Offers are being obtained in the ordinary course of business of the person receiving such Exchange Notes, whether or not such person is the holder and that neither the holder nor such other person

has any arrangement or understanding with any person, to participate in the distribution of the Exchange Notes. In the case of a holder that is not a broker-dealer, that holder, by tendering, will also represent to us that the holder is not engaged in, and does not intend to engage in, a distribution of the Exchange Notes.

However, any purchaser of Outstanding Notes who is our affiliate, who intends to participate in the Exchange Offers for the purpose of distributing the Exchange Notes or a broker-dealer that acquired Outstanding Notes in a transaction other than as part of its trading or market-making activities and who has arranged or has an understanding with any person to participate in the distribution of the Outstanding Notes:

cannot rely on the applicable interpretations of the staff of the SEC; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Outstanding Notes, where such Outstanding Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See Plan of Distribution. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Acceptance of Outstanding Notes for Exchange; Delivery of Exchange Notes

Upon satisfaction or waiver of all of the conditions to the Exchange Offers, we will accept, promptly after the Expiration Date, all Outstanding Notes validly tendered and will issue the Exchange Notes promptly after the Expiration Date. See Summary Description of the Exchange Offers Conditions to the Exchange Offers. For purposes of the Exchange Offers, we will be deemed to have accepted validly tendered Outstanding Notes for exchange if and when we give oral (confirmed in writing) or written notice to the Exchange Agent.

The holder of each Outstanding Note accepted for exchange will receive an Exchange Note in the amount equal to the surrendered Outstanding Note. Holders of Exchange Notes will receive interest accruing from the most recent date to which interest has been paid on the Outstanding Notes, unless the record date for the first interest payment date after the consummation of the Exchange Offers preceded such date of consummation, in which case the interest payable on such interest payment date will be paid to the holders of the Outstanding Notes.

In all cases, issuance of Exchange Notes for Outstanding Notes that are accepted for exchange will be made only after timely receipt by the Exchange Agent of:

certificates for Outstanding Notes or a timely Book-Entry Confirmation of such Outstanding Notes into the Exchange Agent's account at DTC;

a properly completed and duly executed letter of transmittal or an Agent's Message in lieu thereof; and

all other required documents.

If any tendered Outstanding Notes are not accepted for any reason set forth in the terms and conditions of the Exchange Offers or if Outstanding Notes are submitted for a greater principal amount than the holder desires to exchange, such unaccepted or non-exchanged Outstanding Notes will be returned without expense to the tendering holder (or, in the case of Outstanding Notes tendered by book-entry transfer into the Exchange Agent's account at DTC pursuant to the book-entry procedures described below, such non-exchanged Outstanding Notes will be credited to an account maintained with DTC promptly after the Expiration Date or termination of the applicable Exchange Offer) promptly after the Expiration Date or termination of the applicable Exchange Offer, as applicable.

Table of Contents

Book-Entry Transfers

For purposes of the Exchange Offers, the Exchange Agent will request that an account be established with respect to the Outstanding Notes at DTC within two business days after the date of this prospectus, unless the Exchange Agent has already established an account with DTC suitable for the Exchange Offers. Any financial institution that is a participant in DTC may make book-entry delivery of Outstanding Notes by causing DTC to transfer such Outstanding Notes into the Exchange Agent's account at DTC in accordance with DTC's procedures for transfer. Although delivery of Outstanding Notes may be effected through book-entry transfer at DTC, the letter of transmittal or facsimile thereof or an Agent's Message in lieu thereof, with any required signature guarantees and any other required documents, must, in any case, be transmitted to and received by the Exchange Agent at the address set forth in the section entitled "Exchange Agent" on or prior to the Expiration Date.

Withdrawal Rights

You may validly withdraw your tender of Outstanding Notes at any time prior to the Expiration Date. To be effective, a written notice of withdrawal must be received by the Exchange Agent at one of the addresses set forth in the section entitled "Exchange Agent." This notice must specify:

the name of the person having tendered the Outstanding Notes to be withdrawn;

the Outstanding Notes to be withdrawn (including the principal amount of such Outstanding Notes); and

where certificates for Outstanding Notes have been transmitted, the name in which such Outstanding Notes are registered, if different from that of the withdrawing holder.

If certificates for Outstanding Notes have been delivered or otherwise identified to the Exchange Agent, then, prior to the release of such certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an Eligible Institution, unless such holder is an Eligible Institution. If Outstanding Notes have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn Outstanding Notes and otherwise comply with the procedures of DTC.

We, in our sole discretion, will make a final and binding determination on all questions as to the validity, form and eligibility (including time of receipt) of such notices. Any Outstanding Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offers. Any Outstanding Notes tendered for exchange but not exchanged for any reason will be returned to the holder without cost to such holder promptly after the Expiration Date (or, in the case of Outstanding Notes tendered by book-entry transfer into the Exchange Agent's account at DTC pursuant to the book-entry transfer procedures described above, such Outstanding Notes will be credited to an account maintained with DTC for the Outstanding Notes as soon as practicable after withdrawal, rejection of tender or termination of the applicable Exchange Offer) or termination of the applicable Exchange Offer, as applicable. Properly withdrawn Outstanding Notes may be retendered by following one of the procedures described in the section entitled "Procedures for Tendering Outstanding Notes" above at any time on or prior to the Expiration Date.

Fees and Expenses

We will pay the Exchange Agent customary fees for its services, reimburse the Exchange Agent for its reasonable out-of-pocket expenses incurred in connection with the provision of these services and pay other registration expenses, including fees and expenses of the trustee under the indenture relating to the Exchange Notes, filing fees, blue sky fees and printing and distribution expenses. We will not make any payment to brokers, dealers or others soliciting acceptances of the Exchange Offers.

Additional solicitation may be made by telephone, facsimile or in person by our and our affiliates' officers and regular employees.

Accounting Treatment

We will record the Exchange Notes at the same carrying value as the Outstanding Notes, as reflected in our accounting records on the date of the exchange. Accordingly, we will not recognize any gain or loss for accounting purposes. The expenses of the Exchange Offers will be expensed as incurred.

Consequences of Exchanging or Failing to Exchange Outstanding Notes

Upon completion of the Exchange Offers, with respect to each series of Exchange Notes to be issued in the applicable Exchange Offer, KCS may redeem any related Outstanding Notes that are not exchanged in the applicable Exchange Offer in an amount up to 2% of the original aggregate principal amount of such Outstanding Notes at a redemption price of 100% of their principal amount plus accrued interest to but not including the redemption date. If you do not exchange your Outstanding Notes for Exchange Notes in the Exchange Offers, and your Outstanding Notes are not redeemed by us as described in the preceding sentence, your Outstanding

Notes will continue to be subject to the provisions of the indentures relating to the Exchange Notes regarding transfer and exchange of the Outstanding Notes. These transfer restrictions are required because the Outstanding Notes were issued under an exemption from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the Outstanding Notes may not be offered or sold unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not plan to register the Outstanding Notes under the Securities Act. Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties, we believe that the Exchange Notes you receive in the Exchange Offers may be offered for resale, resold or otherwise transferred without compliance with the registration and prospectus delivery provisions of the Securities Act. However, you will not be able to freely transfer the Exchange Notes if:

you are our affiliate, as defined in Rule 405 under the Securities Act;

you are not acquiring the Exchange Notes in the Exchange Offers in the ordinary course of your business; or

you have an arrangement or understanding with any person to participate in the distribution, as defined in the Securities Act, of the Exchange Notes you will receive in the Exchange Offers.

We do not intend to request the SEC to consider, and the SEC has not considered, the Exchange Offers in the context of a similar no-action letter. As a result, we cannot guarantee that the staff of the SEC would make a similar determination with respect to the Exchange Offers as in the circumstances described in the no-action letters discussed above. Each holder, other than a broker-dealer, must acknowledge that it is not engaged in, and does not intend to engage in, a distribution of Exchange Notes and has no arrangement or understanding to participate in a distribution of Exchange Notes. If you are our affiliate, are engaged in or intend to engage in a distribution of the Exchange Notes or have any arrangement or understanding with respect to the distribution of the Exchange Notes you will receive in the Exchange Offers, you may not rely on the applicable interpretations of the staff of the SEC and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction involving the Exchange Notes. If you are a participating broker-dealer, you must acknowledge that you will deliver a prospectus in connection with any resale of the Exchange Notes. In addition, to comply with state securities laws, you may not offer or sell the Exchange Notes in any state unless they have been registered or qualified for sale in that state or an exemption from registration or qualification is available and is complied with. The offer and sale of the Exchange Notes to qualified institutional buyers (as defined in Rule 144A of the Securities Act) is generally exempt from registration or qualification under state securities laws. We do not plan to register or qualify the sale of the Exchange Notes in any state where an exemption from registration or qualification is required and not available.

DESCRIPTION OF EXCHANGE NOTES

We issued the Outstanding Notes and will issue the Exchange Notes (collectively, the Notes) under a base indenture, dated as of December 9, 2015 (the Base Indenture) among KCS, as issuer, KCSR and certain of its subsidiaries, as guarantors, and U.S. Bank National Association, as trustee, as supplemented by a separate supplemental indenture with respect to each series of Notes (each, a Supplemental Indenture). In this description, unless otherwise specified, the word Indenture shall be deemed to refer to the Base Indenture, as supplemented by the applicable Supplemental Indenture.

The following description is a summary of certain provisions of the Indenture, does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the Indenture, including those provisions made a part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. KCS and the Note Guarantors urge you to read the Indenture because it, and not this description, defines your rights as a holder of the applicable Exchange Notes.

You can find the definitions of certain capitalized terms used in the following description under the subheading Certain Definitions. Defined terms used but not defined in this description under the subheading Certain Definitions have the meanings assigned to them in the Indenture. In this description, references to KCS refer only to Kansas City Southern and not any of its subsidiaries.

The registered holder of a Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the Indenture.

The terms of the Exchange Notes are substantially identical to the terms of the Outstanding Notes, except with respect to transfer restrictions, registration rights and additional interest.

Principal, Maturity and Interest

In this offering, KCS will issue:

- (1) up to \$244,820,000 in aggregate principal amount of Floating Rate Senior Notes due 2016 (the 2016 Exchange Notes). The 2016 Exchange Notes will bear interest at a floating rate per annum equal to the three-month U.S. dollar London Interbank Offered Rate (LIBOR), determined as described below, plus 70 basis points (0.70%) (the Spread), and will mature on October 28, 2016. Interest on the 2016 Exchange Notes will be payable on July 28, 2016 and October 28, 2016 (each a 2016 Notes Interest Payment Date). Interest will be payable to the holders of record of the 2016 Exchange Notes at the close of business on the fifteenth calendar day prior to each 2016 Notes Interest Payment Date, whether or not such day is a Business Day;
- (2) up to \$257,346,000 in aggregate principal amount of 2.35% Senior Notes due 2020 (the 2020 Exchange Notes). The 2020 Exchange Notes will bear interest at 2.35% per annum, and will mature on May 15, 2020. Interest on the 2020 Exchange Notes will be payable semiannually on May 15 and November 15 of each year, commencing on November 15, 2016, to the holders of record at the close of business on the immediately preceding May 1 and November 1;

- (3) up to \$439,123,000 in aggregate principal amount of 3.00% Senior Notes due 2023 (the 3.00% 2023 Exchange Notes). The 3.00% 2023 Exchange Notes will bear interest at 3.00% per annum, and will mature on May 15, 2023. Interest on the 3.00% 2023 Exchange Notes will be payable semiannually on May 15 and November 15 of each year, commencing on November 15, 2016, to the holders of record at the close of business on the immediately preceding May 1 and November 1;
- (4) up to \$199,224,000 in aggregate principal amount of 3.85% Senior Notes due 2023 (the 3.85% 2023 Exchange Notes). The 3.85% 2023 Exchange Notes will bear interest at 3.85% per annum, and will mature on November 15, 2023. Interest on the 3.85% 2023 Exchange Notes will be payable

Table of Contents

semiannually on May 15 and November 15 of each year, commencing on November 15, 2016, to the holders of record at the close of business on the immediately preceding May 1 and November 1;

- (5) up to \$448,651,000 in aggregate principal amount of 4.30% Senior Notes due 2043 (the 2043 Exchange Notes). The 2043 Exchange Notes will bear interest at 4.30% per annum, and will mature on May 15, 2043. Interest on the 2043 Exchange Notes will be payable semiannually on May 15 and November 15 of each year, commencing on November 15, 2016, to the holders of record at the close of business on the immediately preceding May 1 and November 1; and
- (6) up to \$499,165,000 in aggregate principal amount of 4.95% Senior Notes due 2045 (the 2045 Exchange Notes). The 2045 Exchange Notes will bear interest at 4.95% per annum, and will mature on August 15, 2045. Interest on the 2045 Exchange Notes will be payable semiannually on February 15 and August 15 of each year, commencing on August 15, 2016, to the holders of record at the close of business on the immediately preceding February 1 and August 1.

Interest on the Exchange Notes, other than the 2016 Exchange Notes, will be computed on the basis of a 360-day year comprising twelve 30-day months. Interest on the 2016 Exchange Notes will be computed on the basis of actual number of calendar days in the calculation period divided by 360. Interest on the Exchange Notes of a series will accrue from the most recent date on which interest has been paid on the corresponding series of Outstanding Notes or, if no interest has been paid, from and including the date of issuance of the corresponding series of Outstanding Notes.

KCS may, without the consent of the holders, issue additional Notes of any series (Additional Notes) having the same terms as the Notes of such series, except for the public offering price and the issue date and, if applicable, the initial interest accrual date and the initial interest payment date. Any Additional Notes, together with the Notes of the same series, will constitute a single series of Notes and will vote together as one class on all matters with respect to such Notes; *provided, however*, that any Additional Notes that are not fungible with existing Notes of the same series for U.S. federal income tax purposes will have a separate CUSIP, ISIN and other identifying number from such existing Notes. Unless the context otherwise requires, for all purposes of the Indenture and this Description of Exchange Notes, references to the Notes of a series include any Additional Notes of the same series actually issued.

Interest Rate for the 2016 Exchange Notes

The interest rate for the first 2016 Notes Interest Period (which ends on July 28, 2016) will be 1.33435%, which is the interest rate on the Outstanding 2016 Notes for the interest period ending on such date. The interest rate for the 2016 Notes Interest Period after the first 2016 Notes Interest Period will be the three-month U.S. dollar LIBOR, as determined on the applicable 2016 Notes Interest Determination Date, plus the Spread. The interest rate for the 2016 Exchange Notes will be reset quarterly on the 2016 Notes Interest Reset Date.

The calculation agent will determine the three-month U.S. dollar LIBOR in accordance with the following provisions: with respect to any 2016 Notes Interest Determination Date, the three-month U.S. dollar LIBOR will be the rate (expressed as a percentage per annum) for deposits in U.S. dollars having a maturity of three months that appears on the designated LIBOR page (as described below) as of 11:00 a.m., London time, on such 2016 Notes Interest Determination Date. If the three-month U.S. dollar LIBOR does not appear on the designated LIBOR page, the three-month U.S. dollar LIBOR, in respect of such 2016 Notes Interest Determination Date, will be determined as follows: the calculation agent will request the principal London offices of each of four major reference banks in the London interbank market, as selected by the calculation agent (after consultation with KCS), to provide the calculation agent with its offered quotation for deposits in U.S. dollars for the period of three months commencing on

the applicable 2016 Notes Interest Reset Date, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on that 2016 Notes Interest Determination Date and in a principal amount of not less than \$1,000,000 for a single transaction in U.S. dollars in such market at such time. If at least two quotations are provided, then the three-month U.S. dollar LIBOR on such 2016 Notes

Table of Contents

Interest Determination Date will be the arithmetic mean of such quotations. If fewer than two such quotations are provided, then the three-month U.S. dollar LIBOR on such 2016 Notes Interest Determination Date will be the arithmetic mean of the rates quoted at approximately 11:00 a.m., New York City time, on such 2016 Notes Interest Determination Date by three major banks in New York City selected by the calculation agent (after consultation with KCS) for loans in U.S. dollars to leading European banks, having a three-month maturity and in a principal amount of not less than \$1,000,000 for a single transaction in U.S. dollars in such market at such time; *provided, however*, that if the banks selected by the calculation agent are not providing quotations in the manner described by this sentence, the three-month U.S. dollar LIBOR determined as of such 2016 Notes Interest Determination Date will be the three-month U.S. dollar LIBOR in effect with respect to the 2016 Exchange Notes prior to such 2016 Notes Interest Determination Date.

The designated LIBOR page shall be: (1) the Reuters screen LIBOR01 or such other page as may replace the Reuters screen LIBOR01 on that service or (2) if, on any 2016 Notes Interest Determination Date, the three-month U.S. dollar LIBOR does not appear or is not available on such date on the designated Reuters screen described in clause (1) above, the designated LIBOR page shall be Bloomberg L.P. page BBAM or such other page as may replace Bloomberg L.P. page BBAM on that service. All percentages resulting from any calculation of any interest rate for the 2016 Exchange Notes will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward (e.g., 3.876545% (or .03876545) would be rounded to 3.87655% (or .0387655)), and all U.S. dollar amounts will be rounded to the nearest cent, with one-half cent being rounded upward. Each calculation of the interest rate on the 2016 Exchange Notes by the calculation agent will (in the absence of manifest error) be final and binding on the holders of the 2016 Exchange Notes and KCS.

U.S. Bank National Association will act as calculation agent for the 2016 Exchange Notes.

Note Guarantees

The Exchange Notes will be unconditionally Guaranteed, jointly and severally, on an unsecured senior basis, by each of KCS's current and future Domestic Subsidiaries that from time to time Guarantees the Credit Agreement or any other Debt of KCS or any of KCS's Significant Subsidiaries that is a Guarantor. The obligations of each Guarantor under its Note Guarantee will be limited as necessary to prevent that Note Guarantee from constituting a fraudulent conveyance under applicable law. See Risk Factors Risks Related to the Exchange Offers and Holding the Exchange Notes The indebtedness represented by the Exchange Notes and the Note Guarantees may be unenforceable due to voidable transfer statutes. For the avoidance of doubt, KCSM and any other foreign Subsidiaries of KCS will not Guarantee the Exchange Notes.

The Note Guarantee of a Guarantor will be released:

- (1) in connection with any sale, disposition or transfer of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) KCS or a Guarantor;
- (2) in connection with any sale, disposition or transfer of all of the Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) KCS or a Guarantor;

- (3) upon the release or discharge of such Guarantors Guarantee of the Credit Agreement or under the Debt that triggered such Guarantor's Note Guarantee;
- (4) upon the liquidation or dissolution of such Guarantor; *provided* that no Default or Event of Default shall occur as a result thereof or has occurred and is continuing; or
- (5) upon defeasance or satisfaction and discharge of the Indenture as provided below under the captions Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge.

Ranking

The Exchange Notes will be KCS's general unsecured senior obligations and will rank equally in right of payment with all existing and future senior indebtedness of KCS and senior in right of payment to all of KCS's future subordinated indebtedness. The Exchange Notes will be effectively subordinated to KCS's secured indebtedness, if any, to the extent of the value of the assets securing such indebtedness and will be structurally subordinated to all liabilities of any of KCS's subsidiaries that are not Guarantors.

Each Note Guarantee will be a general unsecured senior obligation of that Guarantor, will rank equally in right of payment with all existing and future senior indebtedness of that Guarantor and senior in right of payment to any future subordinated indebtedness of that Guarantor. Each Note Guarantee will be effectively subordinated to any existing and future secured indebtedness of that Guarantor to the extent of the value of any collateral securing such indebtedness.

As of March 31, 2016, KCS and its subsidiaries had (a) \$746.0 million of availability under the KCS Revolving Credit Facility and (b) total indebtedness of \$2,368.6 million, consisting of (i) \$2,171.6 million of senior indebtedness of KCS and the Guarantors, of which \$54.5 million was secured indebtedness and (ii) \$197.0 million of senior indebtedness of subsidiaries of KCS that are not Guarantors, and such subsidiaries had approximately 49% of KCS's consolidated assets (excluding intercompany receivables and investments in consolidated subsidiaries). Moreover, such subsidiaries represented approximately 53% of KCS's consolidated revenues for each of the fiscal year ended December 31, 2015 and the three months ended March 31, 2016. In addition, on May 16, 2016, KCS issued \$250.0 million in aggregate principal amount of 3.125% Senior Notes due 2026.

Following the Exchange Offers

Upon completion of the Exchange Offers, with respect to each series of Exchange Notes to be issued in the applicable Exchange Offer, KCS may redeem any related Outstanding Notes that are not exchanged in the applicable Exchange Offer in an amount up to 2% of the original aggregate principal amount of such Outstanding Notes at a redemption price of 100% of their principal amount plus accrued interest to but not including the redemption date.

Selection and Notice

In the case of any partial redemption, selection of the Exchange Notes of a particular series for redemption will be made by the trustee in compliance with the requirements of the principal national securities exchange, if any, on which such Exchange Notes are listed or, if such Exchange Notes are not listed on a national securities exchange, pro rata, by lot or by such other method as the trustee in its sole discretion shall deem to be fair and appropriate; provided that no Note of \$2,000 in principal amount or less shall be redeemed in part.

Notice of the redemption will be mailed to holders of the Exchange Notes to be redeemed by first-class mail at least 30 and not more than 60 days prior to the redemption date, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of Exchange Notes or a satisfaction and discharge of an Indenture and redemption notices may be mailed not less than three days prior to a redemption date if the notice is issued with respect to Outstanding Notes to be redeemed as set forth under **Optional Redemption Following the Exchange Offers**. An Exchange Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the original Exchange Note. On and after the redemption date, interest will cease to accrue on the Exchange Notes to be redeemed if KCS has deposited with the applicable paying agent funds in satisfaction of the redemption price.

Covenants

Limitation on Secured Indebtedness and Indebtedness of Non-Guarantor Subsidiaries

If KCS or any of KCS's Significant Subsidiaries that is a Guarantor creates or permits any lien of any kind upon (1) any stock, whether owned on the Closing Date or thereafter acquired, of any of KCS's Significant Subsidiaries that is a Guarantor or (2) any indebtedness, whether owned on the Closing Date or thereafter acquired, of KCS or any of KCS's Significant Subsidiaries that is a Guarantor, in each case, to secure any Debt (other than, with respect to a series of Notes, the Notes of such series) of KCS, any of KCS's Subsidiaries or any other person, KCS will cause the

outstanding Notes of such series to be secured equally and ratably with that

Table of Contents

Debt, unless the aggregate principal amount of all such secured Debt then outstanding (together with any Debt outstanding under clauses (1), (3), (4) and (5) of the following paragraph) would not exceed 10.0% of KCS's Consolidated Net Assets. This provision does not restrict any other property of KCS or its Subsidiaries. Subject to the following paragraph, the Indenture will not prohibit the sale by KCS or any of its Subsidiaries of any stock or indebtedness of any Subsidiary, including any Significant Subsidiary.

In addition, KCS shall not permit any Subsidiary of KCS that is not a Guarantor to incur any Debt, except (1) Debt with a final maturity of not more than 365 days, (2) intercompany Debt owed to KCS or any of its Subsidiaries, (3) Debt of any joint venture to which KCS or any of its Subsidiaries is a party, (4) any Existing KCSM Notes and any Secured Debt of any Subsidiary of KCS that is not a Guarantor, in each case, outstanding on the Closing Date and (5) Debt not otherwise permitted by this paragraph in an aggregate principal amount, at any one time outstanding, not to exceed \$150.0 million less the aggregate principal amount of any Existing KCSM Notes outstanding at the time of such incurrence (but not less than \$0); provided that the limitations set forth in this paragraph shall not apply to Meridian Speedway, LLC.

Change of Control Repurchase Event

If a Change of Control Repurchase Event occurs with respect to a series of Notes, KCS will be required to make an offer to each holder of such Notes to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's Notes of such series at a repurchase price in cash equal to 101% of the aggregate principal amount of such Notes repurchased plus accrued interest, if any, to, but excluding, the date of repurchase. Within 30 days following a Change of Control Repurchase Event with respect to a series of Notes or, at KCS's option, prior to a Change of Control, but after the public announcement of the Change of Control, KCS will mail a notice to each holder of the Notes of such series, with a copy to the trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase such Notes on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on a Change of Control Repurchase Event occurring with respect to that series of Notes on or prior to the payment date specified in the notice. KCS will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of such Notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions of a series of Notes, KCS will comply with the applicable securities laws and regulations and will not be deemed to have breached KCS's obligations under the Change of Control Repurchase Event provisions of such Notes by virtue of such conflict.

On the repurchase date following a Change of Control Repurchase Event with respect to a series of Notes, KCS will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes of such series properly tendered pursuant to KCS's offer;
- (2) deposit with the applicable paying agent an amount equal to the aggregate purchase price in respect of all Notes or portions of Notes of such series properly tendered; and

(3) deliver or cause to be delivered to the trustee the Notes of such series properly accepted, together with an officers certificate stating the aggregate principal amount of such Notes being purchased by KCS. The applicable paying agent will promptly mail to each holder of such Notes that are properly tendered the purchase price for such Notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new Note of the same series equal in principal amount to any unpurchased portion of any such Notes surrendered; *provided* that each new Note will be in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Table of Contents

KCS will not be required to make an offer to repurchase the Notes of a series upon a Change of Control Repurchase Event with respect to such series if (1) a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by KCS and such third party purchases all Notes of such series properly tendered and not withdrawn under its offer or (2) notice of redemption for all outstanding Notes of such series has been given pursuant to the applicable Indenture as described above under the caption **Optional Redemption**.

The Change of Control Repurchase Event feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of KCS and, thus, the removal of incumbent management. KCS could, in the future, enter into certain transactions, including asset sales, acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control Repurchase Event under the Notes, but that could increase the amount of indebtedness outstanding at such time or otherwise affect KCS's capital structure or credit ratings on the Notes.

Additional Guarantors

KCS shall cause each Domestic Subsidiary that Guarantees the Credit Agreement or any other Debt of KCS or any of KCS's Significant Subsidiaries that is a Guarantor to become a Guarantor and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the trustee within 30 days of becoming a guarantor of such Debt; *provided* that, for avoidance of doubt, none of KCSM or any other foreign Subsidiary of KCS shall be required to become a Guarantor.

Reports

Whether or not KCS is required to file reports with the SEC, KCS shall file with the SEC all such reports and other information when and as KCS would be required to file with the SEC by Sections 13(a) or 15(d) under the Exchange Act if KCS were subject thereto, unless the SEC does not permit such filings, in which case KCS shall provide such reports and other information to the trustee (within the same time periods that would be applicable if KCS were required and permitted to file reports with the SEC) and instruct the trustee to mail such reports and other information to holders of the Notes at their addresses set forth on the applicable Notes register. KCS shall supply the trustee and each holder of Notes of a series or shall supply to the trustee for forwarding to each such holder, without cost to such holder, copies of such reports and other information. Notwithstanding the foregoing sentence, the trustee and each holder of Notes of a series shall be deemed to have been supplied the foregoing reports and other information at the time the trustee or such holder may electronically access such reports and other information by means of the SEC's homepage on the internet or at KCS's homepage on the internet.

Furthermore, KCS agrees that, for so long as any Notes remain outstanding, it will furnish to the holders of Notes, beneficial owners of the Notes, *bona fide* prospective investors, securities analysts and market makers, upon their request, the reports described above and any other information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Merger, Consolidation and Sale of Assets

Neither KCS nor any Guarantor will consolidate with, merge with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its property and assets (as an entirety or substantially as an entirety in one transaction or a series of related transactions) to, any Person or permit any Person to merge with or into KCS or such Guarantor unless:

- (1) KCS or such Guarantor shall be the continuing Person, or the Person (if other than KCS or such Guarantor) formed by such consolidation or into which KCS or such Guarantor is merged or that acquired or leased such property and its assets shall be a corporation organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia (or in the

Table of Contents

case of a Guarantor, a corporation, partnership, limited liability company or similar entity organized and validly existing under the laws of the jurisdiction under which such Guarantor was organized) and shall expressly assume, by a supplemental indenture, executed and delivered to the trustee, in form reasonably satisfactory to the trustee, all of the obligations of KCS or such Guarantor under the applicable Notes, the applicable Note Guarantee, the applicable Indenture and the registration rights agreement, as applicable; *provided* that this clause (1) shall not apply with respect to a Guarantor whose Note Guarantee is released as described in the second paragraph under the caption Note Guarantees ;

- (2) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing; and
- (3) KCS delivers to the trustee an officers' certificate and opinion of counsel, in each case stating that such consolidation, merger, sale, assignment, conveyance, transfer, lease or other disposition and such supplemental indenture complies with this covenant.

Events of Default

Each of the following is an Event of Default with respect to a series of Notes:

- (1) default in the payment of principal of (or premium, if any, on) any Note of such series when the same becomes due at maturity, upon acceleration, redemption or otherwise;
- (2) default in the payment of interest on any Note of such series when due and such default continues for a period of 30 days;
- (3) default in the performance of any covenant of KCS or a Guarantor in the Indenture (other than a default specified in clause (1) or (2) above), and such default continues for a period of 90 days after written notice by the trustee with respect to such series or the holders of 25% or more in aggregate principal amount of the Notes of such series;
- (4) a court having jurisdiction in the premises enters a decree or order for:
 - (A) relief in respect of KCS or a Guarantor in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect,
 - (B) appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official for KCS or a Guarantor or for all or substantially all of the property and assets of KCS or a Guarantor, or

(C) the winding-up or liquidation of the affairs of KCS or a Guarantor;
and, in each case, such decree or order shall remain unstayed and in effect for a period of 30 consecutive days;

(5) KCS or a Guarantor:

(A) commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consents to the entry of an order for relief in an involuntary case under any such law,

(B) consents to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official for KCS or a Guarantor or for all or substantially all of the property and assets of KCS or a Guarantor, or

(C) effects any general assignment for the benefit of creditors;

(6) any Note Guarantee of such series ceases to be in full force and effect (except as contemplated by the terms of the applicable Indenture) or any Guarantor or Person acting on behalf of such Guarantor

Table of Contents

denies or disaffirms such Guarantor's obligations under such Indenture or any such Note Guarantee and such default continues for a period of 10 days after written notice by the trustee or the holders of 25% or more in aggregate principal amount of the Notes of such series; and

- (7) (A) the Concession Title shall cease to grant to KCSM the rights provided therein as of the Closing Date and such cessation has had a material adverse effect on KCS and its Subsidiaries taken as a whole,
- (B) (x) the Concession Title shall for any reason be terminated and not reinstated within 30 days or (y) rights provided therein which were originally exclusive to KCSM shall become nonexclusive and the cessation of such exclusivity has had a material adverse effect on KCS and its Subsidiaries taken as a whole, or
- (C) the operations of the Northeast Rail Lines shall be commandeered or repossessed (*a requisita*) for a period of 90 days or more.

If an Event of Default described above shall have occurred and is continuing with respect to a series of Notes, either the trustee or the holders of at least 25% in aggregate principal amount of the Notes of such series then outstanding may declare all outstanding Notes of such series to be due and payable immediately. The holders of a majority in aggregate principal amount of a series of Notes then outstanding may, by notice to the trustee, on behalf of the holders of all of Notes of such series, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the applicable Indenture, except a continuing Default or Event of Default in the payment of interest or premium, if any, on, or the principal of, such Notes. For information as to the waiver of Defaults, see Amendment, Supplement and Waiver.

The holders of a majority in aggregate principal amount of a series of Notes then outstanding may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to such series of Notes. However, the trustee may refuse to follow any direction that conflicts with law or the applicable Indenture, that may involve the trustee in personal liability, or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of Notes of such series not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from holders of Notes of such series. A holder may not pursue any remedy with respect to an Indenture or the Notes of a series unless:

the holder gives the trustee written notice of a continuing Event of Default;

the holders of at least 25% in aggregate principal amount of outstanding Notes of such series make a written request to the trustee to pursue the remedy;

such holder or holders offer the trustee indemnity satisfactory to the trustee against any costs, liability or expense;

the trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and

during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding Notes of such series do not give the trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any holder of Notes of such series to receive payment of the principal of, premium, if any, or interest on, such Notes or to bring suit for the enforcement of any such payment, on or after the due date expressed in such Notes, which right shall not be impaired or affected without the consent of the holder.

The Indenture requires certain of the KCS's officers to certify, on or before a date not more than 90 days after the end of each fiscal year, that a review has been conducted of KCS's activities and those of the Guarantors and of KCS's and the Guarantors' performance under the Indenture and that, to the best of such person's

Table of Contents

knowledge, KCS and the Guarantors have fulfilled all obligations thereunder, or, if there has been a Default in the fulfillment of any such obligation, specifying each such Default and the nature and status thereof. KCS is also obligated to notify the trustee of any Default or Defaults in the performance of any covenants or agreements under the Indenture.

Legal Defeasance and Covenant Defeasance

KCS may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an officers certificate, elect to have all of its obligations with respect to the outstanding Notes of a series and all obligations of the Guarantors with respect to the Note Guarantees thereof discharged (Legal Defeasance) except for:

- (1) the rights of holders of outstanding Notes of such series to receive payments in respect of the principal of, or interest, or premium, if any, on, such Notes when such payments are due from the trust referred to below;
- (2) KCS's obligations with respect to such Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, and the obligations of KCS and the Guarantors in connection therewith; and
- (4) the Legal Defeasance and Covenant Defeasance provisions of the Indenture.

In addition, KCS may, at its option and at any time, elect to have the obligations of KCS and the Guarantors with respect to a series of Notes released with respect to certain covenants that are described in the Indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to such Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default will no longer constitute an Event of Default with respect to such Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) KCS must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the Notes of such series, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest, and premium, if any, on, the outstanding Notes of such series on the Stated Maturity thereof or on the applicable redemption date, as the case may be, and KCS must specify whether such Notes are being defeased to such Stated Maturity or to a particular redemption date;
- (2)

in the case of Legal Defeasance, KCS must deliver to the trustee an opinion of counsel (or opinions of counsel) confirming that (x) KCS has received from, or there has been published by, the Internal Revenue Service a ruling or (y) since the date of the Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding Notes of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

- (3) in the case of Covenant Defeasance, KCS must deliver to the trustee an opinion of counsel (or opinions of counsel) confirming that the holders of the outstanding Notes of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

Table of Contents

- (4) no Default or Event of Default with respect to such Notes has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit or liens securing such borrowing) and the deposit will not result in a breach or violation of, or constitute a Default under, any other instrument to which KCS is a party or by which KCS is bound;
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a Default under, any material agreement or instrument (other than the Indenture) to which KCS or any of its Subsidiaries is a party or by which KCS or any of its Subsidiaries is bound;
- (6) KCS must deliver to the trustee an officers' certificate stating that the deposit was not made by KCS with the intent of preferring the holders of Notes of such series over the other creditors of KCS with the intent of defeating, hindering, delaying or defrauding any creditors of KCS or others; and
- (7) KCS must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes of a series issued thereunder when:

- (1) either:
 - (A) all Notes that have been authenticated thereunder, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to KCS, have been delivered to the trustee for cancellation; or

principal amount of Notes of such series then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, such Notes), and any existing Default or Event of Default or compliance with any provision of the Indenture, the Notes of a series or Note Guarantee thereof may be waived with the consent of the holders of a majority in aggregate principal amount of then outstanding Notes of such series (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, such Notes).

Without the consent of each holder of Notes affected, an amendment, supplement or waiver may not:

change the Stated Maturity of the principal of, or any installment of interest on, any Note;

reduce the principal amount of, or premium, if any, or interest on, any Note;

change the place or currency of payment of principal of, or premium, if any, or interest on, any Note;

impair the right to institute suit for the enforcement of any payment on or with respect to any Note;

reduce the percentage or principal amount of outstanding Notes, the consent of whose holders is necessary to modify or amend the applicable Indenture or waive compliance with certain provisions of the applicable Indenture or waive certain Defaults;

waive a Default in the payment of principal of, premium, if any, or interest on, the Notes; or

release any Guarantor from any of its obligations under its Note Guarantee or the applicable Indenture, except as set forth under the caption Note Guarantees.

Notwithstanding the preceding, without the consent of any holder of Notes, KCS, the Guarantors and the trustee may amend or supplement an Indenture, the Notes and the Note Guarantees:

to cure any ambiguity, omission, mistake, defect or inconsistency;

to provide for uncertificated Notes in addition to or in place of certificated Notes;

to provide for the assumption of the obligations of KCS or a Guarantor to holders of the Notes and the Note Guarantees in the case of a merger or consolidation or a sale, assignment, transfer, conveyance, lease or other disposition of all or substantially all of the assets of KCS or such Guarantor, as applicable, in accordance with the terms of the Indenture;

to make any change that would provide any additional rights or benefits to the holders of any Notes or that does not adversely affect the legal rights under the Indenture of any such holder;

to comply with requirements of the SEC in order to effect or maintain the qualification of an Indenture under the Trust Indenture Act;

to conform the text of an Indenture, the Note Guarantees and the Notes to any provision of the Description of KCS Notes section of the Confidential Offering Memorandum and Consent Solicitation Statement dated November 9, 2015, to the extent that such provision in such Description of KCS Notes was intended to be a verbatim recitation of a provision thereof;

to add a Guarantor or release any Guarantor from its Note Guarantee if such release is in accordance with the terms of an Indenture; or

to provide for the issuance of Additional Notes in accordance with the limitations set forth in the applicable Indenture.

No Personal Liability of Incorporators, Stockholders, Officers, Directors, or Employees

Each Indenture provides that no recourse for the payment of the principal of, premium, if any, or interest on any of the Notes issued thereunder or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of KCS or any Guarantor in the Indenture, or in

Table of Contents

any of the Notes or the Note Guarantees or because of the creation of any indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of KCS, any Guarantor or of any successor Person thereof. Each holder, by accepting the Notes, waives and releases all such liability.

Notices

All notices shall be deemed to have been given upon the mailing by first class mail, postage prepaid, of such notices to holders at their registered addresses as recorded in the applicable Notes register, not later than the latest date, and not earlier than the earliest date, prescribed in the Indenture for the giving of such notice.

Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to another holder.

Book-entry and other indirect holders should consult their banks or brokers for information on how they will receive notices.

Governing Law

The Notes, the Note Guarantees and the Indenture are governed by the laws of the State of New York.

Form and Denomination

Initially, each series of Exchange Notes will be represented by one or more registered notes in global form without interest coupons (collectively, the Global Securities). The Global Securities will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Global Securities will be deposited with the trustee as custodian for DTC and registered in the name of a nominee of DTC for credit to the respective accounts of the purchaser at DTC.

Except in the limited circumstances described below under Certificated Notes, owners of beneficial interests in the Global Securities will not be entitled to receive physical delivery of Certificated Notes (as defined below). The Exchange Notes are not issuable in bearer form. The Global Securities may be transferred, in whole or in part, only to another nominee of DTC.

The Global Securities

Ownership of beneficial interests in a Global Security will be limited to persons who have accounts with DTC (participants) or persons who hold interests through participants. Ownership of beneficial interests in a Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). Investors may hold their interests in the Global Securities directly through DTC if they are participants in such system, or indirectly through organizations that are participants in such system.

So long as DTC, or its nominee, is the registered owner or holder of the Global Securities, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by the Global Securities for all purposes under the Indenture and the Notes. No beneficial owner of an interest in a Global Security will be able to transfer that interest except in accordance with the applicable procedures of DTC, in addition to those provided for under the Indenture and, if applicable, those of Euroclear and Clearstream Banking. Payments of the principal of, premium, if any, and interest on, the Global Securities will be made to DTC or its nominee, as the case may be, as the

registered owner thereof. Neither KCS, the Guarantors, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Table of Contents

KCS expects that DTC or its nominee, upon receipt of any payment of principal, premium, if any, or interest in respect of a Global Security, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount at maturity of such Global Security as shown on the records of DTC or its nominee. KCS also expects that payments by participants to owners of beneficial interests in a Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream Banking will be effected in the ordinary way in accordance with their respective rules and operating procedures. KCS expects that DTC will take any action permitted to be taken by a holder of the Exchange Notes (including the presentation of Exchange Notes for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a Global Security is credited and only in respect of such portion of the aggregate principal amount at maturity of Exchange Notes as to which such participant or participants have given such direction. However, if there is an Event of Default, DTC will exchange the Global Securities for Certificated Notes, which it will distribute to its participants.

KCS understands that DTC is a limited purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A under the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates and certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (indirect participants).

Although DTC, Euroclear and Clearstream Banking are expected to follow the foregoing procedures in order to facilitate transfers of interests in the Global Securities among participants of DTC, Euroclear and Clearstream Banking, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither KCS or the Guarantors nor the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream Banking or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated Notes

If DTC is at any time unwilling or unable to continue as a depository for the Global Securities and a successor depository is not appointed by KCS within 90 days, KCS will issue certificated notes (Certificated Notes) in exchange for the Global Securities. Holders of an interest in the Global Securities may receive Certificated Notes in accordance with DTC's rules and procedures in addition to those provided for under the Indenture.
