### PROXY STATEMENT

FOR THE 2009 ANNUAL MEETING OF STOCKHOLDERS  
To be held on  
September 30, 2009

### GENERAL INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

This proxy statement is being sent to you in connection with the solicitation of proxies by the Board of Directors of Vasomedical, Inc. for the 2009 Annual Meeting of Stockholders to be held at \_\_\_\_\_  
\_\_\_\_\_ New York, at 9:30 a.m., local time, on September 30, 2009. We invite you to attend in person.

### Distribution and Electronic Availability of Proxy Materials

In accordance with the SEC's proxy delivery rules, we intend to commence distribution on or about August 20, 2009 of the Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") indicating that our Notice of the 2009 Annual Meeting of Stockholders, our Proxy Statement and our Annual Report on Form 10K for the year ended May 31, 2009 will be made available at [www.proxyvote.com.] This website will also provide stockholders with instructions on how to vote their shares. The Notice of Internet Availability also indicates how you may request printed copies of our proxy materials, including a proxy card or voting instruction card. We believe that this new process will reduce the environmental impact and lower our costs of printing and distributing our proxy materials.

### Voting Information

#### Record date

The record date for the Annual Meeting is August 4, 2009. You may vote all shares of our common stock that you owned as of the close of business on that date. On August 4, 2009, there were 99,843,004 shares of common stock outstanding. Each share of common stock is entitled to one vote on each matter to be voted on at the Annual Meeting.

#### How to vote

There are four different ways you may cast your vote this year. You may vote by:

- (1) the Internet, at the address provided on the Notice of Internet Availability, or on each proxy card or vote instruction card;
- (2) telephone, using the toll-free number listed on each proxy card (if

## Edgar Filing: VASOMEDICAL INC - Form PRE 14A

you are a stockholder of record) or vote instruction card (if your

2

shares are held by a bank, broker or other nominee);

- (3) marking, signing, dating and mailing each proxy card or vote instruction card and returning it in the envelope provided. If you return your signed proxy card or vote instruction card but do not mark the boxes showing how you wish to vote, your shares will be voted FOR proposals 1 through 3; or
- (4) attending the meeting (if your shares are registered directly in your name on our books and not held through a broker, bank or other nominee).

If you are the registered shareholder (that is, if you hold your stock in your name), you can vote by telephone or electronically through the Internet by following the instructions provided on the Notice of Internet Availability or on the proxy card.

If your shares are held in "street name" (that is, they are held in the name of a broker, bank or other nominee), you will receive instructions with your materials that you must follow in order to have your shares voted. Please review your proxy or vote instruction card to determine whether you will be able to vote by telephone or electronically.

### Revoking your proxy

You can revoke your proxy at any time before your shares are voted at the meeting by (i) sending a written notice to Tarachand Singh, Secretary, Vasomedical, Inc., 180 Linden Avenue, Westbury, New York 11590, (ii) submitting by mail, telephone or the Internet another proxy dated as of a later date, or (iii) voting in person at the Annual Meeting. Merely attending the Annual Meeting will not revoke your proxy. Voting in person at the Annual Meeting will replace any previous votes submitted by proxy.

### Voting Instructions

If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions but do not direct how to vote on each item, the persons named as proxies will vote as the Board recommends on each proposal. The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment. We have not received notice of other matters that may be properly presented for voting at the Annual Meeting.

### Withholding your vote, voting to "abstain" and "broker nonvotes"

In the election of directors, you can withhold your vote for any of the nominees. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome. With regard to the other proposals, you can vote to "abstain." If you vote to "abstain," your shares will be counted as present at the meeting for purposes of that proposal and your vote will have the effect of a vote against the proposal. "Broker nonvotes" are proxies received from brokers who, in the absence of specific voting instructions from beneficial owners of shares held in brokerage name, have declined to vote such shares in those instances where discretionary voting by brokers is permitted. Broker nonvotes will not be counted for purposes of determining whether a proposal has been approved.

The affirmative vote of a majority of the shares of our common stock, that are present in person or by proxy at the Annual Meeting is required to ratify the appointment of Rothstein Kass & Company, P.C. as our independent auditors for 2009.

### Other matters to be decided at the Annual Meeting

If any matters were to properly come before the Annual Meeting that are not specifically set forth on your proxy and in this proxy statement, the persons appointed to vote the proxies would vote on such matters in accordance with their best judgment.

### Postponement or adjournment of the Annual Meeting

If the Annual Meeting were to be postponed or adjourned, your proxy would still be valid and might be voted at the postponed or adjourned meeting. You would still be able to revoke your proxy until it was voted.

The percentage of beneficial ownership for the table is based on 99,843,004 shares of our common stock outstanding as of August 4, 2009. The number of shares beneficially owned by each shareholder is determined under SEC rules and is not necessarily indicative of beneficial ownership for any other purpose. From 1987 through 1999, Mr. Zeiger was Executive Vice President and General Counsel for Rugby Laboratories. In 1993 Marion Merrill Dow acquired Rugby Laboratories. Mr. Zeiger was a Vice President of Marion Merrill Dow, Inc. and its successor, Hoechst Marion Roussell, Inc. Mr. Zeiger is a founding director of the Larry King Cardiac Foundation and was a member of the Heritage Board of Directors of the American Heart Association in New York.

### DIRECTOR INDEPENDENCE

We have adopted the NASDAQ Stock Market's standards for determining the independence of directors. Under these standards, an independent director means a person other than an executive officer or one of our employees or any other individual having a relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, the following persons shall not be considered independent:

- o a director who is, or at any time during the past three years was, employed by us;
- o a director who accepted or who has a family member who accepted any compensation from us in excess of \$100,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than the following:
  - o compensation for service on the Board of Directors or any committee thereof;
  - o compensation paid to a family member who is one of our employees (other than an executive officer); or
  - o under a tax-qualified retirement plan, or non-discretionary compensation;
- o a director who is a family member of an individual who is, or at any time during the past three years was, employed by us as an executive officer;
- o a director who is, or has a family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization

## Edgar Filing: VASOMEDICAL INC - Form PRE 14A

to which we made, or from which we received, payments for property or

9

services in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than the following:

- o payments arising solely from investments in our securities; or
- o payments under non-discretionary charitable contribution matching programs;
- o a director who is, or has a family member who is, employed as an executive officer of another entity where at any time during the past three years any of our executive officers served on the compensation committee of such other entity; or
- o a director who is, or has a family member who is, a current partner of our outside auditor, or was a partner or employee of our outside auditor who worked on our audit at any time during any of the past three years.

For purposes of the NASDAQ independence standards, the term "family member" means a person's spouse, parents, children and siblings, whether by blood, marriage or adoption, or anyone residing in such person's home.

The Board of Directors has assessed the independence of each non-employee director under the independence standards of the NASDAQ Stock Market set forth above, and has affirmatively determined that four of our non-employee directors (Mr. Cohen, Dr. Enlander, Mr. Paulson and Mr. Zeiger) are independent.

We expect each director to attend every meeting of the Board and the committees on which he serves as well as the annual meeting. In 2009, all directors attended at least 75% of the meetings of the Board and the committees on which they served in 2009.

Our Board of Directors has an Audit Committee, Compensation Committee and Corporate Governance Committee. Although we have an independent Audit Committee and Compensation Committee, our Board has determined not to establish a Nominating Committee, nominees for election as directors are selected by our Board of Directors. The Board believes that, given its relatively frequent meetings and the participation of all directors in the consideration of director nominees, it is appropriate for the Company not to have a Nominating Committee of its Board.

### MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES

During the fiscal year ended May 31, 2009 there were:

- o 6 meetings of the Board of Directors
- o 6 meetings of the Audit Committee
- o 2 meetings of the Compensation Committee

The Corporate Governance Committee did not hold any meetings during the fiscal year ended May 31, 2009.

### Committee Autonomy

Each committee has the power to engage independent legal, financial or other advisors, as it may deem necessary, without consulting or obtaining the approval of our Board of Directors or any officer of the Company.

10

Audit Committee and Audit Committee Financial Expert

## Edgar Filing: VASOMEDICAL INC - Form PRE 14A

The Board has a standing Audit Committee. The Board has affirmatively determined that each director who serves on the Audit Committee is independent, as the term is defined by applicable Nasdaq and Securities and Exchange Commission ("SEC") rules. During fiscal 2009 the Audit Committee consisted of Joseph A. Giacalone, who served as the committee chair through April 8, 2009, Photios T. Paulson and Martin Zeiger who became committee chairman following Mr. Giacalone's resignation as a director. Subsequent to the close of the fiscal year, Derek Enlander was appointed to the Audit Committee on June 16, 2009. The members of the Audit Committee have substantial experience in assessing the performance of companies, gained as members of the Company's Board of Directors and Audit Committee, as well as by serving in various capacities in other companies or governmental agencies. As a result, they each have an understanding of financial statements. However, Mr. Giacalone has kept current on generally accepted accounting principles and was considered to be a financial expert as that term is defined in applicable regulations. Currently, the Audit Committee does not have a member whom the Board considers a financial expert. The Board is seeking to add to its membership a director who is a financial expert. In view of the uncertainty of current economic conditions and caution shown by prospective candidates for Board membership who are financial experts, the Board is uncertain as to when it will find a candidate for membership who is a financial expert.

The Audit Committee regularly meets with our independent registered public accounting firm outside the presence of management.

The Audit Committee operates under a charter approved by the Board of Directors. The Audit Committee charter is available on our website.

### Compensation Committee

Our Compensation Committee annually establishes, subject to the approval of the Board of Directors and any applicable employment agreements, the salaries which will be paid to our executive officers during the coming year, and administers our stock-based benefit plans. There were no meetings of this committee held in fiscal 2009. During fiscal 2009, the Compensation Committee consisted of Martin Zeiger, who serves as the committee chair, Derek Enlander and Photios T. Paulson. None of these persons were our officers or employees during fiscal 2009 or, except as otherwise disclosed, had any relationship requiring disclosure in this Proxy Statement. Each member of the Compensation Committee is a director who is not employed by us or any of our affiliates, and are independent directors under NASDAQ listing standards.

The Compensation Committee operates under a charter approved by the Board of Directors. The Compensation Committee charter is available on our website.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation of our executive officers is generally determined by the Compensation Committee of our Board of Directors, subject to applicable employment agreements. Each member of the Compensation Committee is a director who is not our employee or an employee of any of our affiliates. The following

11

report with respect to certain compensation paid or awarded to our executive officers during fiscal 2009 is furnished by the directors who comprised the Compensation Committee during fiscal 2009.

### Executive Compensation Objectives

Our compensation programs are intended to enable us to attract, motivate,

## Edgar Filing: VASOMEDICAL INC - Form PRE 14A

reward and retain the management talent required to achieve corporate objectives and thereby increase shareholder value. It is our policy to provide incentives to its senior management to achieve both short-term and long-term objectives and to reward exceptional performance and contributions to the development of our business. To attain these objectives, our executive compensation program includes a competitive base salary, cash incentive bonuses and stock-based compensation.

Stock options are granted to employees, including our executive officers, by the Compensation Committee under our stock option plans. The Committee believes that stock options provide an incentive that focuses the executive's attention on managing us from the perspective of an owner with an equity stake in the business. Options are awarded with an exercise price equal to the market value of common stock on the date of grant, have a maximum term of ten years and generally become exercisable, in whole or in part, starting one year from the date of grant. Among our executive officers, the number of shares subject to options granted to each individual generally depends upon the level of that officer's responsibility. The largest grants are awarded to the most senior officers who, in the view of the Compensation Committee, have the greatest potential impact on our profitability and growth. Previous grants of stock options are reviewed but are not considered the most important factor in determining the size of any executive's stock option award in a particular year.

From time to time, the Compensation Committee intends to utilize the services of independent consultants to perform analyses and to make recommendations to the Committee relative to executive compensation matters. No compensation consultant has so far been retained.

### Relationship of Compensation to Performance and Compensation of Chief Executive Officer and Chief Financial Officer

The Compensation Committee annually establishes, subject to the approval of the Board of Directors and any applicable employment agreements, the salaries that will be paid to our executive officers during the coming year. In setting salaries, the Compensation Committee takes into account several factors, including competitive compensation data, the extent to which an individual may participate in the stock plans maintained by us, and qualitative factors bearing on an individual's experience, responsibilities, management and leadership abilities, and job performance.

#### Our Compensation Committee:

Martin Zeiger, Chairman  
Derek Enlander  
Photios T. Paulson

12

### Corporate Governance Committee

The Board of Directors has established a Corporate Governance Committee. There were no meetings of this committee held in fiscal 2009. During fiscal 2009, the Corporate Governance Committee consisted of John C.K. Hui, who serves as committee chair, Simon Syrbnik and Martin Zeiger. The Corporate Governance Committee monitors developments in corporate governance principles and other corporate governance matters and makes recommendations to the Board of Directors regarding the adoption of additional corporate governance principles.

The Corporate Governance Committee operates under a charter approved by the Board of Directors. The Corporate Governance Committee Charter is available on our website.

## Edgar Filing: VASOMEDICAL INC - Form PRE 14A

### Director Nominations and Qualifications

Our Board of Directors has determined that given there have historically been very few vacancies on the Board, director nominees could be selected, or recommended for our Board's selection, by a majority of independent directors voting alone. As such, the Board has no nominating committee. The Board does not currently have a charter with regard to the nomination process. The nominations of the directors standing for election at the 2009 annual meeting were recommended for our Board's determination by our independent directors and unanimously approved by our Board of Directors.

Historically, we have not received recommendations from the stockholders and the costs of establishing and maintaining procedures for the consideration of stockholder nominations would be unduly burdensome. Consequently, at this time, we do not have a formal policy with regard to the consideration of any director nominees recommended by our stockholders. However, any recommendations received from stockholders will be evaluated in the same manner that potential nominees recommended by Board members, management or other parties are evaluated. Any stockholder nominations proposed for consideration should include the nominee's name and qualifications for board membership and should be addressed to Jun Ma, Chief Executive Officer, Vasomedical, Inc., 180 Linden Avenue, Westbury, New York 11590. We do not intend to treat stockholder recommendations in any manner different from other recommendations.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as complement to the existing board composition. However, in making its nominations, our independent directors and Board of Directors as a whole considers, among other things, an individual's business experience, industry experience, financial background, breadth of knowledge about issues affecting our Company, time available for meetings and consultation regarding Company matters and other particular skills and experience possessed by the individual.

We do not currently employ an executive search firm, or pay a fee to any other third party, to locate qualified candidates for director positions.

### Stockholder Communications with the Board

We have not developed to date a formal process by which stockholders may communicate directly with directors. However, in recent years an informal process has developed in which communications sent to the Board of Directors or in care of an officer or our other representative is forwarded to the Chief Executive Officer, who is also a director. We believe this process has

13

adequately served the needs of the Board of Directors and our stockholders. In light of SEC disclosure rules on this matter, the Board of Directors may consider the development and adoption of more formal procedures. Until such procedures are adopted and disclosed to our stockholders, stockholders may direct communications intended for the Board of Directors to the Secretary of the Company, at 180 Linden Avenue, Westbury, New York 11590. The envelope containing such communication must contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director Communication" or similar statement that clearly and unmistakably indicates the communication is intended for the Board of Directors. All such communications must clearly indicate the author as a stockholder and state whether the intended recipients are all members of the Board of Directors or just certain specified directors. The Secretary will make copies of all such communications and circulate them to the appropriate director or directors.

## Edgar Filing: VASOMEDICAL INC - Form PRE 14A

and consultants [and other independent advisors], for which we reserved an aggregate of 2,500,000 shares of common stock. The 2004 Stock Plan is administered by a committee of our Board of Directors, which has full authority to determine the identity of the recipients of the options and the number of shares subject to each option. The 2004 Stock Plan is divided into two separate equity programs: an option grant program and a stock issuance program. Options granted under the 2004 Stock Plan shall be non-qualified or incentive stock options and the exercise price is the fair market value of the common stock on the date of grant except that for incentive stock options it shall be 110% of the fair market value if the participant owns 10% or more of our common stock. Under the stock issuance program, the purchase price per share shall be fixed by the Board of Directors or committee but cannot be less than the fair market value of the common stock on the issuance date. Payment for the shares may be made in cash or check payable to us, or for past services rendered to us and all shares of common stock issued thereunder shall vest upon issuance unless otherwise directed by the board or committee. The number of shares issuable is also subject to adjustments upon the occurrence of certain events, including stock dividends, stock splits, mergers, consolidations, reorganizations, recapitalizations, or other capital adjustments. At May 31, 2009, [2,918,045] shares had been granted (including options previously granted but subsequently cancelled), of which options to purchase 1,681,072 shares are outstanding under the 2004 Stock Plan.

PROPOSAL TWO - PROPOSAL TO AMEND THE CERTIFICATE OF  
INCORPORATION TO INCREASE THE NUMBER OF  
AUTHORIZED SHARES OF COMMON STOCK

Edgar Filing: VASOMEDICAL INC - Form PRE 14A

General

The Board of Directors has proposed and recommended to our stockholders a proposal which authorizes the Board, following stockholder approval, to file an amendment to our Certificate of Incorporation to increase the total number of shares of common stock which we have authority to issue from 110,000,000 shares to 250,000,000 shares, par value \$.001 per share. Our Certificate of Incorporation authorizes the issuance of a total of 111,000,000 shares of capital stock, consisting of 110,000,000 shares of common stock, par value of \$.001 per share, and 1,000,000 shares of preferred stock, par value of \$.01 per share. As of the date of this Proxy Statement, 99,843,004 shares of common stock were outstanding and no shares of Preferred Stock were outstanding. In addition, as of the date of this Proxy Statement, we had 7,122,670 shares of common stock subject to outstanding stock options and 1,662,460 shares of common stock reserved for issuance pursuant to future grants under our equity compensation plans. Additionally, pursuant to the Securities Purchase Agreement dated June 21, 2007 with Kerns Manufacturing Corp. ("Kerns"), we issued warrants to purchase 4,285,714 shares of common stock at an exercise price of \$.08 per share.

The following table sets forth as of August 4, 2009, the approximate number of shares of common stock authorized, outstanding, reserved and available for issuance. The table further sets forth the approximate number of shares which will be available for issuance if this amendment is approved:

	Authorized	Outstanding	Reserved (1)	Available for Issuance (1)
Common Stock	110,000,000	99,843,004	11,388,22	(1,231,233)

The proposal is now being placed before stockholders. The form of amendment is attached hereto as Appendix A.

Purpose

The Board of Directors believes that it is in our best interest to increase the total number of authorized shares of common stock so that we may have flexibility in issuance of shares of common stock. The Board of Directors also believes that it is in our best interest to increase the total number of authorized shares of common stock so that we may issue all additional shares of common stock issued under the terms of our existing option agreements and warrants held by Kerns.

The proposed amendment would increase the number of shares of common stock that we are authorized to issue from 110,000,000 to 250,000,000 shares.

If this proposal is approved, in addition to the shares issuable under the terms of our existing option agreements and warrants held by Kerns, we may use such additional shares of common stock for, among other things:

- o Raising working capital;

## Edgar Filing: VASOMEDICAL INC - Form PRE 14A

- o Providing equity incentives to employees, officers or directors;
- o Establishing strategic relationships with other companies;
- o Expanding our business through acquisitions and other investment opportunities;
- o Paying existing and future obligations and commitments; and
- o For general corporate purposes.

Currently, we have no definitive plans or arrangements to issue any such shares.

The holders of our common stock are not entitled to preemptive rights with respect to the issuance of additional common stock or securities convertible into or exercisable for common stock. Stockholders should recognize that the issuance of additional shares of common stock might dilute the ownership and voting rights of stockholders and, depending upon the price at which the shares are issued, could be dilutive to existing stockholders and have a negative effect on the trading price of our common stock.

### Effect on Rights of Shareholders

The additional shares of authorized common stock, when issued, would have the same rights and privileges as the shares of common stock currently issued and outstanding. The Board of Directors has no immediate plans, understandings, agreements or commitments to issue additional shares of Common Stock for any purposes other than discussed above. The Board of Directors does not presently intend to solicit, by a vote of stockholders, further authorization for the issuance of the additional shares of authorized common stock.

### Board Position and Required Vote

The proposal will be adopted only if it receives the affirmative vote of a majority of the outstanding shares of common stock. Kerns and Living Data Technology Corp., which own 21,678,572 shares and 6,990,840 shares of our common stock, respectively, representing an aggregate of 28,669,412 shares or 28.7% of our issued and outstanding common stock, have advised us that they intend to vote their shares in favor of this proposal. The Board of Directors believes that the proposed amendment is in our best interests and recommends a vote FOR its adoption. Proxies received will be voted in favor of the proposed amendment unless otherwise indicated.

22

## PROPOSAL THREE - PROPOSAL FOR APPOINTMENT OF INDEPENDENT REGISTERED ACCOUNTING FIRM

### Board Position and Required Vote

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, we expect that a number of brokers with account holders who are our stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker. In addition, we will promptly deliver, upon written or oral request to our address or telephone number below, a separate copy of the proxy materials to a stockholder at a shared address to which a single copy of the document was delivered. Direct your written request to us at Vasomedical, Inc., 180 Linden Avenue, Westbury, New York 11590; Attention: Corporate Secretary, or contact us at (516) 997-4600.

MISCELLANEOUS INFORMATION

As of the date of this Proxy Statement, the Board of Directors does not know of any business other than that specified above to come before the meeting, but, if any other business does lawfully come before the meeting, it is the intention of the persons named in the enclosed Proxy to vote in regard thereto in accordance with their judgment.

We will pay the cost of soliciting proxies in the accompanying form. In addition to solicitation by use of the mails, certain of our officers and regular employees may solicit proxies by telephone, telegraph or personal interview. We may also request brokerage houses and other custodians and nominees and fiduciaries, to forward soliciting material to the beneficial

Edgar Filing: VASOMEDICAL INC - Form PRE 14A

owners of stock held of record by such persons, and may make reimbursement for payments made for their expense in forwarding soliciting material to such beneficial owners.

Proposals of stockholders intending to be presented at the next Annual Meeting of Stockholders pursuant to SEC Rule 14a-8 must be received at our principal office not later than \_\_\_\_\_, 2010 to be included in the proxy statement for that meeting.

By Order of the Board of Directors,
