**OF
ANGLOGOLD ASHANTI
ANNUAL REPORTS 2011**

www.aga-reports.com

This Notice of Annual General Meeting gives notice of the 68th annual general meeting of shareholders of AngloGold Ashanti Limited to be held on **Thursday, 10 May 2012, at 11:00 (South African Time)**.

This Notice of Annual General Meeting has been approved by the AngloGold Ashanti board of directors and was signed on their behalf by Mr TT Mboweni, Chairman on 16 March 2012.

This document does not provide a holistic assessment of the group's business, performance, risks or prospects. It should be read in conjunction with the suite of reports that make up the company's Annual Report 2011. These are:

- **Annual Integrated Report 2011**, which has been produced in line with the recommendations of the South African King Code on Corporate Governance, 2009 (King III) and the Listings Requirements of the Johannesburg Stock Exchange (JSE).
- **Annual Financial Statements 2011**, which presents a comprehensive review of the year, and has been prepared in accordance with: the International Financial Reporting Standards (IFRS); the South African Companies Act, 71 of 2008; and the Listings Requirements of the JSE. This report is submitted to the JSE in South Africa, as well as the London, New York, Ghana and Australian stock exchanges on which AngloGold Ashanti is listed. It is also submitted to the United States Securities and Exchange Commission (SEC) on a Form 6-K. In compliance with the rules governing its listing on the New York Stock Exchange and in accordance with the accounting principles generally accepted in the United States, AngloGold Ashanti prepares an annual report on Form 20-F which is filed each year.
- **Sustainability Report 2011**, which provides insight into the group's approach to sustainability. This report focuses on those sustainability issues that have been determined to be most important to the company and its stakeholders. AngloGold Ashanti supports the Global Reporting Initiative (GRI) and reports in accordance with GRI's 3.0 guidelines, in addition to the Mining and Metals Sector Supplement, the Sustainable Development Framework of the International Council on Metals and Mining (ICMM), and the principles of the United Nations Global Compact (UNGC).
- **Mineral Resource and Ore Reserve Report**, which records our Mineral Resource and Ore Reserve in accordance with the South African Code for Reporting of

Exploration Results, Mineral Resources and Mineral Reserves (The SAMREC Code, 2007 edition), and the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (The JORC Code, 2004 edition). This report has been prepared, reviewed and confirmed by the Competent Persons as defined in terms of these codes.

Unless otherwise stated, \$ or dollar refers to US dollars.

For terminology used refer to the glossary of terms at www.aga-reports.com.

All these reports and documents are available electronically on the corporate website, www.anglogoldashanti.com, as well as on the company's report website, www.aga-reports.com.

Shareholders wishing to receive a printed copy of all or some of these reports at no cost, may request these from the share registrars whose contact details are shown on page 26, or from the company's registered address, or website at www.anglogoldashanti.com.

Report of the independent auditors

Ernst & Young have audited the financial statements for the 2011 financial year which comprise the statements of financial position, the income statements, the statements of comprehensive income, statements of cash flows and statements of changes in equity and summarised notes to the financial statements. The individual auditor assigned to perform the audit is Mr L Tomlinson. Their unmodified audit report is available for inspection at the company's registered office.

Forward-looking statements

Certain statements contained in this document, including, without limitation, those concerning the economic outlook for the gold mining industry, expectations regarding gold prices, production, cash costs and other operating results, return on shareholders' equity, productivity improvements, growth prospects and outlook of AngloGold Ashanti's operations, individually or in the aggregate, including the completion and commencement of commercial operations of certain of AngloGold Ashanti's exploration and production projects and completion of acquisitions and dispositions, AngloGold Ashanti's liquidity and capital resources and capital expenditure, and the outcome and consequence of any potential or pending litigation or regulatory proceedings, are forward-looking statements regarding AngloGold Ashanti's operations, economic performance and financial condition. Although AngloGold Ashanti believes that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct. Accordingly, results could differ materially from those set out in the forward-looking statements as a result of, amongst other factors, changes in economic and market conditions, success of business and operating initiatives, changes in the regulatory environment and other government actions, fluctuations in gold prices and exchange rates, and business and operational risk management. For a discussion of some of such risk factors, refer to the section titled "Risk management and risk factors" in the Annual Financial Statements. Readers are cautioned not to place undue reliance on forward-looking statements. AngloGold Ashanti undertakes no obligation to update publicly or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this report or to reflect the occurrence of unanticipated events, except to the extent required by applicable law. All subsequent written or oral forward-looking statements attributable to AngloGold Ashanti or any person acting on its behalf are qualified by the cautionary statements herein.

Important information regarding attendance at the annual general meeting

Identification

In terms of section 63(1) of the Companies Act, No 71 of 2008 (as amended) (the Companies Act), before any person may attend or participate in the annual general meeting, that person must present reasonably satisfactory identification and the person presiding at the annual general meeting must be reasonably satisfied that the right of the person to participate and vote at the annual general meeting, either as a shareholder, or as a proxy for a shareholder, has been reasonably verified. Forms of identification include the presentation of a valid identity document, driver's licence or passport.

Record dates, voting and proxies

The board of directors of the company ("Board") have determined, in accordance with sections 59(1)(a) and (b) of the Companies Act, that:

- the record date for the purposes of receiving notice of the annual general meeting (being the date on which a shareholder must be registered in the company's register of shareholders in order to participate in and vote at the annual general meeting), shall be the close of business on Friday, 23 March 2012; and

- the record date for the purposes of participating in and voting at the annual general meeting (being the date on which a shareholder must be registered in the company's register of shareholders in order to participate in and vote at the annual general meeting) shall be the close of business on Friday, 4 May 2012 ("Record Date").

A. If you have dematerialised your shares without "own name" registration

- ***Voting at the annual general meeting***

- If you have not been contacted by your CSDP or broker, it would be advisable for you to contact your CSDP/broker and furnish them with your voting instructions.

- If your CSDP/broker does not obtain voting instructions from you, they will be obliged to vote in accordance with the instructions contained in the

agreement concluded between you and your CSDP/broker.

•

You must NOT complete the attached form of proxy.

•

Attendance and representation at the annual general meeting

In accordance with the mandate between you and your CSDP/broker, you must advise your CSDP/broker if you wish to attend the annual general meeting in person, or if you wish to send a proxy to represent you at the annual general meeting. Your CSDP/broker will issue the necessary letter of representation to you or your proxy to attend the annual general meeting.

B. If you have not dematerialised your shares or have dematerialised your shares with “own name” registration:

•

Voting, attendance and representation at the annual general meeting

•

You may attend, speak and vote at the annual general meeting in person.

•

Alternatively, you may appoint one or more proxies to represent you at the annual general meeting by completing the attached form of proxy in accordance with the instructions it contains. A proxy need not be a shareholder of the company. It is requested that the form be lodged with or posted to the share registrars to be received no later than 11:00 (South African time) on Tuesday, 8 May 2012.

C. Lodging of voting instruction forms:

•

Duly completed CDI voting instruction forms must be received by the share registrars in Perth, Australia, by 11:00 (Perth time) on Friday, 4 May 2012.

•

In accordance with the AngloGold Ashanti Ghanaian Depositary Shares (“GhDSs”) Agreement dated 26 April 2004, the Ghanaian Depositary will mail all appropriate notices, together with a voting instruction form, to holders of GhDSs who have elected to receive same. Holders of GhDSs may direct the Depositary, via the voting instruction form, to vote on their behalf in the manner such holders may direct. Duly completed GhDS voting instruction forms must be received by the share registrars in Ghana by 11:00 (Accra time) on Friday, 4 May 2012.

Electronic participation

In compliance with the provisions of the Companies Act, AngloGold Ashanti intends to offer shareholders reasonable access, through electronic facilities, to participate in the annual general meeting by means of a conference call facility. Shareholders will be able to listen to the proceedings and raise questions should they wish to do so and are invited to indicate their intention to make use of this facility by making application, in writing (including details as to how the shareholder or representative can be contacted) to the share registrars at the address set out on page 26 of this notice of meeting. The application is to be received by the share registrars at least ten business days prior to the date of the annual general meeting, namely Tuesday, 24 April 2012. The share registrars will, by way of e-mail, provide information enabling participation to those shareholders who have made application. Given the company's listings in a range of jurisdictions, voting will not be possible via the electronic facility and shareholders wishing to vote their shares at the annual general meeting are required to be represented at the meeting either in person, by proxy or by letter of representation, as provided for in the notice of meeting.

Included in this document are the following:

- The notice of annual general meeting setting out the resolutions to be proposed at the meeting, together with explanatory notes. There are also guidance notes if you wish to attend the meeting (for which purpose a map indicating the location of the annual general meeting is included) or to vote by proxy.
- A proxy form for completion, signature and submission to the share registrars by shareholders holding AngloGold Ashanti ordinary shares in certificated form or recorded in sub-registered electronic form in "own name".
- A CDI voting instruction form for completion, signature and submission by Australian holders of Chess Depositary Interests (CDIs).
- A GhDS voting instruction form for completion, signature and submission by holders of Ghanaian Depositary Shares (GhDSs).

Notice of annual general meeting

Notice is hereby given that the 68th annual general meeting of shareholders of AngloGold Ashanti will be held in The Auditorium, AngloGold Ashanti Limited, 76 Jeppe Street, Newtown, Johannesburg, South Africa, on Thursday, 10 May 2012, at 11:00 (South African time), to consider and, if

deemed fit, pass, with or without modification, the following ordinary and special resolutions.

1. Presentation of:

- the consolidated annual financial statements of the company and its subsidiaries for the year ended 31 December 2011

- directors' report

- external auditors' report

- audit committee chairman's report

The audited annual financial statements for the year ended 31 December 2011 are included with this notice of annual general meeting.

2. Ordinary resolution number 1

Re-appointment of Ernst & Young Inc. as auditors of the company

“Resolved as an ordinary resolution that Ernst & Young Inc. be and are hereby appointed as the auditors of the company from the conclusion of the annual general meeting at which this resolution is passed until the conclusion of the next annual general meeting of the company.”

The reason for proposing ordinary resolution number 1 is to reappoint Ernst & Young Inc., which retires as independent auditor of the company at the conclusion of this annual general meeting, as the independent auditor of the company, until the conclusion of the next annual general meeting of the company.

3. Ordinary resolution number 2

Election of Mrs NP January-Bardill as a director

“Resolved as an ordinary resolution that Mrs NP January-Bardill, who was appointed by the board and retires in terms of the memorandum of incorporation of the company and is eligible and available for election, be and is hereby elected as a director of the company.”

The reason for proposing ordinary resolution number 2 is that Mrs January-Bardill, having been appointed by the board as a director of the company since the previous annual general meeting, holds office only until this annual general meeting.

Nozipho January-Bardill, BA Education and MA Applied Linguistics, was appointed to the board of AngloGold Ashanti on 1 October 2011. She recently retired from MTN Group where she served as Executive Director and Spokesperson for the Group and on the boards of a number of operations in the MTN footprint. She is a former South African Ambassador to Switzerland, a former Deputy Director General, Human Capital

Management and Head of the Foreign Service Institute in the then Department of Foreign Affairs (now DIRCO). She was reappointed a member of the UN Expert Committee on the Elimination of Racism, Racial Discrimination, Xenophobia and Related Intolerances for a four-year period from 2012 – 2015 (previously from 2000 – 2008). She is currently the founder and Executive Director of Bardill & Associates, a consulting company focussing on Strategic Communications, High Level Government Relations and Stakeholder Management.

4. Ordinary resolution number 3

Election of Mr RJ Ruston as a director

“Resolved as an ordinary resolution that Mr RJ Ruston, who was appointed by the board and retires in terms of the memorandum of incorporation of the company and is eligible and available for election, be and is hereby elected as a director of the company.”

The reason for proposing ordinary resolution number 3 is that Mr RJ Ruston, having been appointed by the board as a director since the previous annual general meeting, holds office only until this annual general meeting.

Rodney Ruston, MBA, Business; BE (Mining), was appointed to the board of AngloGold Ashanti on 1 January 2012. Rodney, a mining engineer, has over 35 years of experience in the resources industry. He is currently the President and CEO of North American Energy Partners, a large Canadian mining and construction contracting company listed on the NYSE and the TSX.

5. Ordinary resolution number 4

Re-election of Mr WA Nairn as a director

“Resolved as an ordinary resolution that Mr WA Nairn, who retires by rotation in terms of the memorandum of incorporation of the company and is eligible and available for re-election, be and is hereby re-elected as a director of the company until the conclusion of the next annual general meeting of the company.”

The reason for proposing ordinary resolution number 4 is that Mr WA Nairn retires by rotation as a director at the annual general meeting and offers himself for re-election. Bill Nairn, BSc (Mining Engineering) was appointed to the board in 2000 as an alternate director and on 16 May 2001 as a non-executive director. Mr Nairn, a mining engineer, has considerable technical experience (particularly, in deep-level underground mining), having been the group technical director of Anglo American plc until 2004 when he retired from that company. The board, in assessing his eligibility for re-election after taking due cognisance of the King Code on Corporate Governance South Africa 2009 (“King III”), has concluded that despite

Mr Nairn having served as a director since 2001, the performance, skill and knowledge which he brings to the board are of such a high standard and that his independence of character and judgement are not in any way affected or impaired by the length of his service as a director. The board is, therefore, of the opinion (and has declared) that Mr Nairn is independent and is eligible for re-election as a director. At the annual general meeting held on 11 May 2011, the board recommended that Mr Nairn's re-election as a director be for a period of one year to ensure sufficient time for the company to identify and appoint a non-executive director with the requisite technical skills to replace Mr Nairn and to facilitate a seamless transition. Given that Mr RJ Ruston was only appointed to the board on 1 January 2012, the board is of the view that extending Mr Nairn's appointment for a further year will help facilitate a smooth transition. Mr Nairn's appointment will therefore be limited to a one-year period only, to the conclusion of the next annual general meeting of the company. Mr Nairn has agreed to make himself available on that basis.

6. Ordinary resolution number 5

Re-election of Prof LW Nkuhlu as a director

“Resolved as an ordinary resolution that Prof LW Nkuhlu, who retires by rotation in terms of the memorandum of incorporation of the company and is eligible and available for re-election, be and is hereby re-elected as a director of the company.”

The reason for proposing ordinary resolution number 5 is that Prof Nkuhlu retires by rotation as a director at the annual general meeting and, being eligible, offers himself for re-election.

Wiseman Nkuhlu, BCom, CA (SA), MBA (New York University), was appointed to the board on 4 August 2006. He has been the chairman of the Audit and Corporate Governance Committee since 5 May 2007, having served as deputy chairman of that committee from 4 August 2006. Prof Nkuhlu, a respected South African academic, educationist, professional and business leader, served as Economic Adviser to the former President of South Africa, Mr Thabo Mbeki, and as Chief Executive of the Secretariat of the New Partnership for Africa's Development (NEPAD) from 2000 to 2005. From 1989 to 2000, he served as a director of a number of major South African companies, including Standard Bank, South African Breweries, Old Mutual, Tongaat

Hulett, BMW and JCI. Prof Nkuhlu was President of the South African Institute of Chartered Accountants from 1998 to 2000 and Principal and Vice Chancellor of the University of Transkei from 1987 to 1991. He is also a member of the board of Datatec Limited. He was elected President of the Geneva-based International Organization of Employers (IOE) in May 2008 for a period of two years. He is a member of the Financial Crisis Advisory Group of the International Accounting Standards Board (IASB) and the Financial Accounting Standards Board (FASB).

7. Ordinary resolution number 6

Appointment of Prof LW Nkuhlu as a member of the Audit and Corporate Governance Committee of the company

“Resolved as an ordinary resolution that, subject to the approval of ordinary resolution number 5, Prof LW Nkuhlu be and is hereby appointed as a member of the Audit and Corporate Governance Committee, from the conclusion of the annual general meeting at which this resolution is passed until the conclusion of the next annual general meeting of the company.”

Prof Nkuhlu’s brief curriculum vitae is disclosed in relation to ordinary resolution number 5.

8. Ordinary resolution number 7

Appointment of Mr FB Arisman as a member of the Audit and Corporate Governance Committee of the company

“Resolved as an ordinary resolution that Mr FB Arisman be and is hereby appointed as a member of the Audit and Corporate Governance Committee, from the conclusion of the annual general meeting at which this resolution is passed until the conclusion of the next annual general meeting of the company.”

Frank Arisman, BA (Finance), MSc (Finance), was appointed to the board on 1 April 1998. He has an extensive background in management and finance through his experiences at JP Morgan, New York, where he held various positions prior to his retirement. The board, in assessing his eligibility for re-election after taking due cognisance of King III, has concluded that despite Mr Arisman having served as a director on the board since 1998, the performance, skill and knowledge which he brings to the board are of such a high standard and that his independence of character and judgement are not in any way affected or impaired by the length of his service as a director. The board is, therefore, of the opinion (and has declared) that Mr Arisman is independent.

9. Ordinary resolution number 8

Appointment of Mr R Gasant as a member of the Audit and Corporate Governance Committee of the company

“Resolved as an ordinary resolution that, Mr R Gasant be and is hereby appointed as a member of the Audit and Corporate Governance Committee from the conclusion of the annual general meeting at which this resolution is passed until the conclusion of the next annual general meeting of the company.”

Rhidwaan Gasant, CA (SA), was appointed to the board of AngloGold Ashanti on 12 August 2010. He is the former Chief Executive Officer of Energy Africa Limited and sits on the board of international companies in the MTN Group.

10. Ordinary resolution number 9

Appointment of Mrs NP January-Bardill as a member of the Audit and Corporate Governance Committee of the company

“Resolved as an ordinary resolution that, subject to the approval of ordinary resolution number 2, Mrs NP January-Bardill be and is hereby appointed as a member of the Audit and Corporate Governance Committee from the conclusion of the annual general meeting at which this resolution is passed until the conclusion of the next annual general meeting of the company.”

Mrs January-Bardill’s brief curriculum vitae is disclosed in relation to ordinary resolution number 2.

The reason for proposing ordinary resolutions numbers 6, 7, 8 and 9 is to appoint members of the Audit and Corporate Governance Committee (“Audit Committee”) in accordance with the guidelines of King III and the requirements of the Companies Act 2008 as amended. In terms of the aforementioned requirements, the Audit Committee should be comprised of a minimum of three members, all of whom must be independent non-executive directors of the company and membership of the Audit Committee may not include the chairman of the board. In terms of the requirements of the US Sarbanes-Oxley Act, the board is required to identify a financial expert from within its ranks for appointment to the Audit Committee.

The board has resolved that Prof Nkuhlu is the board’s designated financial expert on the Audit Committee.

11. Ordinary resolution number 10

General authority to directors to allot and issue ordinary shares

“Resolved as an ordinary resolution that, subject to the provisions of the Companies Act 2008 as amended and the Listings Requirements of the JSE Limited, from time to time, the directors of the company be and are hereby, as a general authority and approval, authorised to allot and issue, for such purposes and on such terms as they may, in their discretion determine, ordinary shares of R0.25 each in the authorised but unissued share capital of the company, up to a maximum of 5% of the number of ordinary shares of R0.25 each in issue from time to time.”

The reason for proposing ordinary resolution number 10 is to seek a general authority and approval for the directors to allot and issue ordinary shares, up to a maximum of 5% of the ordinary shares of the company in issue from time to time, in order to enable the company to take advantage of business opportunities which might arise in the future.

12. Ordinary resolution number 11

General authority to directors to issue for cash, those ordinary shares which the directors are authorised to allot and issue in terms of ordinary resolution number 10

“Resolved as an ordinary resolution that, subject to ordinary resolution number 10 being passed, the directors of the company be and are hereby authorised, in accordance with the Listings Requirements of the JSE Limited to allot and issue for cash, on such terms and conditions as they may deem fit, all or any of the ordinary shares of R0.25 each (“ordinary shares”) in the authorised but unissued share capital of the company which they shall have been authorised to allot and issue in terms of ordinary resolution number 10, subject to the following conditions:

- this authority shall be limited to a maximum number of 5% of the number of ordinary shares in the issued share capital of the company from time to time;
- this authority shall only be valid until the next annual general meeting of the company but shall not extend beyond 15 months;
- a paid press announcement giving full details, including the impact on net asset value and earnings per share of the company, shall be published after any issue representing, on a cumulative basis within one financial year, 5% of the number of ordinary shares in issue prior to the issue concerned;

- in determining the price at which an issue of ordinary shares for cash will be made in terms of this authority, the maximum discount permitted shall be 10% of the weighted average traded price of the ordinary shares on the JSE Limited (adjusted for any dividend declared but not yet paid or for any capitalisation award made to shareholders), over the 30 business days prior to the date that the price of the issue is determined or agreed by the directors of the company; and

- any issues of ordinary shares under this authority shall be made only to a public shareholder as defined in the Listings Requirements of the JSE Limited.”

The reason for proposing ordinary resolution number 11 is that the directors consider it advantageous to have the authority to issue ordinary shares for cash in order to enable the company to take advantage of any business opportunity which might arise in the future.

It should be noted that this authority relates only to those ordinary shares which the directors are authorised to allot and issue in terms of ordinary resolution number 10 and is not intended to (nor does it) grant the directors authority to issue ordinary shares over and above, and in addition to, the ordinary shares which the directors are authorised to allot and issue in terms of ordinary resolution number 10.

In terms of the Listings Requirements of the JSE Limited, a 75% majority of the votes cast by shareholders present in person or represented by proxy at the annual general meeting is required for the approval of ordinary resolution number 11.

13. Advisory endorsement

Advisory endorsement of the AngloGold Ashanti remuneration policy and notice of 2012 LTIP awards

“To endorse, through a non-binding advisory vote, the remuneration policy of the company as set out below (excluding the remuneration of non-executive directors for their services as directors and members of the board or statutory committees) in terms of the King Report on Corporate Governance for South Africa 2009.”

The group remuneration policy is set out as Annexure 1 of this document, of which this notice forms part.

Notice of 2012 LTIP awards

At the annual general meeting of shareholders held on 29 April 2005, shareholders approved the implementation of the AngloGold Ashanti Limited Long Term Incentive Plan 2005 (“LTIP”). In terms of the approval granted, no employee or executive director of the group may be granted an award under the LTIP in any financial year of shares worth more than 200% of annual salary.

Notice of annual general meeting

P 7

The awards to be granted for 2012 are expected to be as follows:

- Chief executive officer:
200% of annual salary

- Chief financial officer:
140% of annual salary

- Executive vice presidents:
100% of annual salary

- Senior management:
80% of annual salary

14. Special resolution number 1

Increase in non-executive directors' remuneration for their service as directors ("directors' fees" or "fees")

Rationale for the proposed fee increases

At the 2010 annual general meeting held on 11 May 2011, shareholders approved Special Resolution 1 ("Increase in non-executive directors' fees") wherein it was recommended that the fees paid to non-executive directors be adjusted over a three-year period, to accord with international best practice and to better align comparable reward across all directors, while at the same time taking into account, where necessary, the particular market dynamics of the jurisdictions from which directors are recruited.

The intention to align director's fees took place against the following backdrop. First, the fees paid to South African-based director's had historically been benchmarked against the median of the local market. Second, fees paid to directors based in the United Kingdom or the United States were typically above the South African third quartile but still significantly below international benchmarks. In the context of board renewal and the intention to also attract new international directors who could bring requisite skills and experience to bear on the company's new growth opportunities and technically diverse mining activities, in jurisdictions outside of South Africa, the company sought to target international remuneration at the bottom quartile of an appropriate peer group of international mining companies. This approach has meant that in the recent past directors have been paid differently, according to the market dynamics of the jurisdictions in which they reside. Noting that all director's share similar accountability as members of the board and cognisant of AngloGold Ashanti's significant global spread – which includes technically diverse mining operations currently in six

countries in Africa, alongside Argentina, Australia, Brazil and the United States, advanced projects in an additional two countries (the DRC and Colombia), together with greenfield exploration activities in a further seven countries in North Africa and the Middle East, Canada and South East Asia, combined with a company capital structure and associated jurisdictional compliance character that is truly global in nature – the approach is now to align all director’s fees, targeted at the bottom quartile of an appropriate international benchmark. As noted, in 2011 shareholders approved this shift, to be undertaken over a three-year period, with the first year adjustments being made in 2011. In assessing adjustments to be made to directors’ fees in 2012, the company once again commissioned an independent compensation survey of non-executive director fees in the local and international mining industry. This research was conducted by Global Remuneration Solutions (Pty) Ltd (“GRS”) and Mercer LLC. GRS conducts compensation and benefit surveys across 27 sub-Saharan African countries, while its strategic alliance partner, Mercer, is a leading global provider of HR and related financial advice. The comparator group of mining companies used in the analysis included Anglo American plc, Barrick Gold Corporation, BHP Biliton, Gold Fields Limited, Goldcorp Incorporated, Harmony Gold Mining Company Limited, Lonmin plc, Newcrest Mining Limited and Newmont Mining Corporation. In the context of the South African legislative requirements in terms of King III and the Companies Act, the GRS/Mercer bespoke survey was further enhanced by use of a non-executive survey with a South African focus, compiled by PricewaterhouseCoopers.

Notwithstanding the increases made to directors’ fees in 2011, there still remains a large gap between the global benchmark (at the bottom quartile) and the current fee structure, especially for directors resident in South Africa and elsewhere in Africa. In the remaining two years of the three-year alignment programme, it is proposed that the alignment of fees for non-executive directors is achieved in roughly two equal steps, comprising increases of up to 40% in 2012 and again in 2013. These large step changes are proposed in respect of fees to be paid for standing board meetings, while fee increases for board sub-committee meetings vary according to market rates applied to each committee across the peer comparator group. Fee increases for the chairman of the board, whose compensation is already closely aligned to the international benchmark, are proposed at just below 10%. For comparative purposes, the following tables have reflected fees payable to the non-executive directors in US dollars. Payment to South African resident non-executive directors will

be made in South African rands, converted at a fixed rate of exchange of R7.2569/\$1.

“Resolved as a special resolution that, in terms of the Companies Act 2008 as amended, and pursuant to article 73 of the company’s memorandum of incorporation, the remuneration, payable quarterly in arrear, to the non-executive directors of the company, be increased with effect from 1 June 2012 on the basis set out in sections 1.1, 1.2, 1.3, 2.1 and 2.2 below:

The reason for proposing special resolutions numbered 1 and 2 and the effect of these special resolutions, if passed and becoming

effective, is to ensure that the remuneration of non-executive directors remains competitive in order to enable the company to attract

and retain persons of the calibre required in order to make meaningful contributions to the company given its global spread and

growth aspirations and having regard to the appropriate capability, skills and experience required.

AngloGold Ashanti Notice of Meeting 2011

Notice of annual general meeting

P10

The Remuneration Committee recommends for approval by shareholders, the fees for the Chairman detailed in special resolution number 1, while the Chairman, together with the Chief Executive Officer and the Chief Financial Officer recommend for approval by shareholders, the fees for the non-executive directors, detailed in special resolutions numbered 1 and 2.

In light of all of these factors, the proposed revised remuneration structure set out in special resolutions numbered 1 and 2, is considered to be fair and reasonable and in the best interests of the company.

Executive directors do not receive payment of directors' fees. The Chairman and non-executive directors have undertaken not to cast any votes in respect of special resolutions numbered 1 and 2, and the company will disregard the votes cast by:

- the Chairman and non-executive directors; and

- an associate of that person or group of persons stated above in respect of special resolutions numbered 1 and 2.

However, the company will not disregard a vote if it is cast by:

- a person as a proxy for a person who is entitled to vote in accordance with the directions on the form of proxy; or

- the person chairing the annual general meeting as a proxy of a person who is entitled to vote in accordance with a direction on the form of proxy to vote as the proxy decides in respect of special resolutions numbered 1 and 2.

16. Special resolution number 3

Acquisition of the company's own shares

“Resolved, pursuant to the company's Memorandum of Incorporation, that the acquisition by the company or by any of the company's subsidiaries from time to time, of ordinary shares issued by the company, in accordance with the Companies Act 2008, as amended (“Companies Act”), and the Listings Requirements of the JSE Limited, is hereby authorised by way of a general approval, provided that:

- any such acquisition of shares shall be effected through the order book operated by the JSE Limited trading system or on the open market of any other stock exchange on which the shares are or may be listed, subject to the approval of the JSE Limited and of the relevant other stock exchange, as necessary, in either event without any prior understanding or arrangement between the company and the counterparty;

this approval shall be valid only until the next annual general meeting of the company, or for 15 months from the date of passing of this resolution, whichever period is shorter;

•

shares issued by the company may not be acquired at a price greater than 10% above the weighted average market price of the company's shares for the five business days immediately preceding the date of the acquisition being effected;

•

the company only appoints one agent to effect any acquisitions on its behalf;

•

the board of the company has resolved to authorise the acquisition and that the company and its subsidiaries will satisfy the solvency and liquidity test immediately after the acquisition and that since the test was done there have been no material changes to the financial position of the group;

•

the company may not, in any one financial year, acquire in excess of 5% of the company's issued ordinary share capital as at the date of passing of this resolution;

•

an announcement containing details of such acquisitions will be published as soon as the company and/or the subsidiaries, collectively, shall have acquired ordinary shares issued by the company constituting, on a cumulative basis, not less than 3% of the number of ordinary shares in the company in issue as at the date of this approval; and an announcement containing details of such acquisitions will be published in respect of each subsequent acquisition by either the company and/or by the subsidiaries, collectively, of ordinary shares issued by the company, constituting, on a cumulative basis, not less than 3% of the number of ordinary shares in the company in issue as at the date of this approval;

•

the acquisition of shares by the company or its subsidiaries may not be effected during a prohibited period, as defined in the JSE Listings Requirements;

•

the company's subsidiaries shall not be entitled to acquire ordinary shares issued by the company if the acquisition of shares will result in them holding, on a cumulative basis, more than 10% of the number of ordinary shares in issue in the company; and

•

the shares acquired by the company's subsidiaries shall not carry with them any voting rights."

The reason for this special resolution is to grant a general authority for the acquisition of the company's ordinary shares by

the company, or by a subsidiary or subsidiaries of the company.

The effect of special resolution number 3, if passed and becoming effective will be to authorise the company or any of its subsidiaries to acquire ordinary shares issued by the

company on the JSE Limited or any other stock exchange on which the company's shares are or may be listed.

The directors of AngloGold Ashanti believe that the company should retain the flexibility to take action if future acquisitions of its shares were considered desirable and in the best interests of the company and its shareholders.

The directors will ensure at the time of the commencement of any acquisitions of its shares, after considering the effect of acquisitions, up to the maximum limit, of the company's issued ordinary shares, that they are of the opinion that if such acquisitions were implemented:

-

the company and the group would be able in the ordinary course of business to pay its debts for a period of 12 months after the date of the notice issued in respect of the annual general meeting;

-

the assets of the company and the group would be in excess of the liabilities of the company and the group for a period of 12 months after the date of the notice issued in respect of the annual general meeting. For this purpose, the assets and liabilities would be recognised and measured in accordance with the accounting policies used in the latest audited group annual financial statements;

-

the ordinary capital and reserves of the company and the group would be adequate for ordinary business purposes for a period of 12 months after the date of the notice issued in respect of the annual general meeting; and

-

the working capital of the company and the group would be adequate in the ordinary course of business for a period of 12 months after the date of the notice issued in respect of the annual general meeting.

The company will ensure that its sponsor provides the necessary sponsor letter on the adequacy of the working capital in terms of the Listings Requirements of the JSE Limited prior to the commencement of any acquisitions of the company's shares on the open market.

AngloGold Ashanti Notice of Meeting 2011

Notice of annual general meeting

P12

Annexure 1 – Remuneration policy and principles

AngloGold Ashanti aims to be the leading gold company in the medium-term and the leading mining company in the long-term. This ambitious growth objective requires that the company’s remuneration strategies be sufficiently robust and innovative to attract people with the requisite skills on a global basis. The remuneration policy is devised to support this business strategy.

Remuneration policy

The Remuneration Policy applies to all AngloGold Ashanti operations globally and sets out policies and parameters relating to the establishment and application of employee rewards. In determining employee rewards, AngloGold Ashanti takes into consideration:

- AngloGold Ashanti’s strategy, business objectives and company values;
- overall business performance;
- the skills required and how the company attracts and retains these employees to best deliver the objectives of AngloGold Ashanti;
- the relevant labour markets within which the company operates;
- the wage differentials between the top and bottom levels of the organisation (‘wage gap’); and
- trade unions and the relationships and requirements which the company has in negotiations to ensure that all employees are fairly treated.

In order to address these considerations and to ensure that employees feel that they are equitably rewarded for their input AngloGold

Ashanti applies the following framework:

- a pay curve designed according to the applicable Stratum/grade and substratum;
- pay for performance, differentiation in pay according to an employee’s deliverables;
- internal equity; and
- market benchmarking using the AngloGold Ashanti principle of positioning guaranteed pay at the median of the applicable markets.

The policy should be followed and applied in conjunction with any local AngloGold Ashanti practices and government legislation.

1. Reward components

Base salary

Fixed compensation required to attract a given set of skills, competencies and experience.

Short-term incentives (STI)

Short-term incentives form a key part of total remuneration and all AngloGold Ashanti employees are eligible to participate in

an annual incentive. The short-term incentive is performance-based and measured against pre-determined objectives which, depending on the level and focus of the role being performed, is derived from company, regional, operation/mine and individual performance criteria.

Short-term incentives on the Bonus Share Plan Scheme are paid annually in cash and, for eligible employees within the plan, these are matched by the equivalent value Bonus Share Plan awards (BSP). BSP awards are the deferred element of the STI and are comprised of fully paid shares that vest 40% after one year and the balance after two years. Where BSP shares are retained for longer than three years, an additional 20% will be granted as a further retention incentive. Where tax regulations constrain the benefit of the award, partial vesting to pay taxes is permitted. In these instances, the additional 20% top-up is delivered in cash.

In some instances, management level staff participate in production bonuses (paid quarterly or at frequent intervals). Where these bonuses are paid employees will receive the allocation of BSP shares as though they were participating in the BSP Scheme.

This STI policy is not yet in effect at all AngloGold Ashanti locations and a number are in the process of implementing STI arrangements.

P13

Remuneration policy (continued)

1. Reward components (continued)

•

Long-term incentives (LTI)

Long-term incentives are granted annually to employees in Stratum IV Mid and above, while Stratum IV Low may participate on a discretionary basis. LTI grants are comprised of fully paid shares in AngloGold Ashanti with a three-year vesting period.

LTI grants are subject to business performance and approval of the Remuneration Committee of the board. LTI eligible

employees are those senior level employees considered to contribute to the creation of value as reflected by share price and

are intended to promote executive retention.

•

Employee benefits and allowances

Other components of reward are detailed under a separate AngloGold Ashanti policy document. However, subject to local

competitive practice and legislation, AngloGold Ashanti's policy is to provide, where appropriate, through third-parties, additional

elements of compensation from the following list:

•

Life assurance

Comprising a fixed amount or a multiple of base salary.

•

Disability insurance (short or long term)

Comprising an amount to partially replace lost compensation during a period of medical incapacity or disability

•

Medical and/or dental benefits

Providing reimbursement of supplemental or primary medical expenses including hospitalisation, family doctor or emergency

room visits, prescription medication and dental expenses. Plans will include an annual limit and involve employee cost sharing

to promote efficient purchasing

•

Retirement savings

Full or partially matched (with employee) contributions towards retirement savings.

•

Accidental death and dismemberment

Usually comprising a schedule of fixed amounts or multiple of salary.

•

Relocation allowances

To enable an employee and their family to relocate for business purposes from one location to another. Allowances may be once

only or extend over a determined period of time and cover such expenses as house sale and purchase, transportation of effects,

cost of living allowances, rental expenses and school fees.

It is no longer AngloGold Ashanti practice to provide post-retirement benefits i.e. medical care and life assurance to retired

employees. Existing plans have been or are in the process of being closed to new entrants or converted to employee paid

plans.

2. Compensation structure

AngloGold Ashanti is in the process of transitioning the administration of compensation into pay ranges developed around the requisite-based Stratum structure and away from the previously employed Paterson job evaluation system. Currently this is complete down to Stratum IV and will progress through the organisation to all employees not covered by a collective bargaining unit or union. Where compensation administration arrangements are negotiated with employee representatives/trade unions and AngloGold Ashanti is involved with multi-employer agreements, this may only take place after the required negotiation.

AngloGold Ashanti Notice of Meeting 2011

Annexure 4

P14

Annexure 1 – Remuneration policy and principles

2. Compensation structure (continued)

Pay ranges cover each stratum or level in the location in which jobs are situated. Each stratum is divided into an upper, middle

and lower sub-stratum and a pay range is constructed for each. Determination of the stratum level into which a particular position

is located, is the subject of a separate policy.

Pay ranges represent the level of compensation paid to similar positions in the market. The median (50th percentile) of market

comparators becomes the midpoint of the AngloGold Ashanti range and the minimum and maximum of the range is the lower

and upper market quartile.

An individual promoted to a particular position entering the appropriate range for that position typically receives a salary toward

the minimum. Over time as they approach full competence they move toward the midpoint through annual salary awards.

Individuals approaching the maximum of their range would usually be candidates for promotion or are considered to be

exceptionally competent and performing at a consistently high level over long periods or have acutely scarce skills.

Only in special

circumstances of particularly scarce skills or experience shortages may an individual be compensated beyond the maximum of

the range.

Ranges are maintained in line with the target market by periodically selecting “benchmark” roles within the range and comparing

these to similar positions in the target group. Benchmarking will be completed annually to ensure that AngloGold Ashanti remains

aligned to the market. Internal benchmarking is also completed to ensure that there is an equitable approach to reward.

Salary ranges simplify the maintenance of competitive compensation and provide a helpful guideline for managing individual

compensation adjustments and setting total population salary budgets.

An individual’s salary relative to the midpoint of the range for the position occupied is referred to as the compa-ratio.

Aggregated

compa-ratios provide an indication of the populations’ overall competitiveness.

For each pay range (i.e. each sub stratum level) a target short term incentive applies to the range. This will normally be expressed

in percentage form (of base salary) with a midpoint level, a minimum and maximum. STI ranges are determined by comparison

with the local market below Stratum IV with a global scale developed by the corporate compensation and benefits team

applicable to Stratum V and above. In instances of global roles or scarce skills, the global scale is used to as low as Stratum III.

For each applicable stratum (IVM and above), a target LTI grant will also apply. Target grant levels are determined by market comparison and are set by the Corporate Compensation and Benefits team. Discretionary LTI grants can be given to

Stratum IVL.

The Gini coefficient, which measures the wage gap between the top earners and the low earners, is referenced when determining

the Compensation structure.

3. Competitive positioning

•

Market comparison

AngloGold Ashanti aims to compensate managerial employees in Stratum V and above, when they are fully competent in their roles, at the median of a select group of global competitors. Comparative compensation is aged to the midpoint of the year to anticipate inflationary movement that is likely to occur during the coming year. For Stratum V and above, where necessary, base salary comparisons are reviewed to consider purchasing power. Purchasing power is defined as that part of base salary spent on housing, goods and services and taxation (including income tax, property tax and social security). The objective is to ensure that executives in higher cost countries are compensated for the extra amounts expended on these items compared with their colleagues at the same level in other locations. In other words purchase pay parity is achieved on that part of compensation expended on shelter, food and services.

P15

Remuneration policy (continued)

3. Competitive positioning (continued)

•

Compensation comparison

Compensation at AngloGold Ashanti is compared against the selected comparator group and in the manner described above

in terms of total compensation (i.e. base salary, benefits, short term incentive and long term incentive).

Each component of compensation is then compared with the components offered by the target market group. Each component should be compared with the median of the relevant market and ranges or targets, as adjusted.

To determine competitive positioning base salaries are compared with base salaries paid for similar positions. STI targets are

compared with recently paid incentives, profit sharing or bonus payments made by the competitive market place. LTI target

grants are compared with those made by the market. AngloGold Ashanti measures LTI values on a grant present value basis

using the Black Scholes methodology.

4. Expatriate compensation

In addition to developing local skilled managers, AngloGold Ashanti utilises a skilled mobile workforce to service operations

internationally. Mobility is becoming a scarce competency and the nature of employment and compensation is undergoing change.

The traditional approach of protecting home location spending power while based in the host location, assuming an ultimate return to

the host location, is being transitioned to a salary range administration process using a global scale for cross continent transfers and

regional scales for intra-regional transfers.

AngloGold Ashanti will continue to pay all host taxes levied on earned income and provide housing where appropriate.

5. Governance

•

Budgeting compensation increases

As part of the business planning and operational budgeting cycle, annual compensation increases are budgeted for. The

budgeted amount takes into consideration the current average CPI as well as AngloGold Ashanti's overall market competitiveness and industry trends. Approval for these increases is in line with the business planning and budget cycle.

•

Remuneration Committee

AngloGold Ashanti's Remuneration Committee of the board discharges the responsibilities of the Board relating to all compensation, including equity compensation, of the company's executives. The committee establishes and administers the

company's executive remuneration with the broad objectives of:

5.1 aligning executive remuneration with company performance and shareholder interests;

5.2 setting remuneration standards which attract, retain and motivate a competent executive team;

5.3 linking individual pay with operational and company performance in relation to strategic objectives; and

5.4 evaluating compensation of executives including approval of salary, equity and incentive based awards.

•

Legislation

The remuneration policy adheres to both AngloGold Ashanti policy and local government legislation and, where local legislation deviates from policy, the appropriate legislation is applied.

Remuneration principles

The Remuneration Committee sets and monitors executive remuneration for the company and ensures that pay practices meet all

legislative and governance requirements and operates according to the following terms of reference:

- aligning executive and management remuneration with company performance and shareholder interest;
- setting remuneration standards which attract, retain and motivate a competent executive and management team;
- linking individual pay with operational and company performance in relation to strategic objectives; and
- evaluating compensation of executives including approval of salary, equity and incentive based awards.

AngloGold Ashanti Notice of Meeting 2011

Annexure 4

P16

Annexure 1 – Remuneration policy and principles

Remuneration principles (continued)

To support them in the delivery of these objectives the remuneration policy (refer to page 32 of this document) is designed to address

each of these objectives. The following principles remain in place to support this delivery:

- to align the behaviour and performance of the executives with the strategic goals, all incentive plans have performance criteria in place that align targets to shareholder interest;

- to attract, retain and motivate executives of the requisite calibre, executive remuneration is benchmarked against a comparator group of global and South African mining and multinational companies;

- a large portion of the executives' pay is linked to the performance of the company and the creation of shareholder value; and

- on-going evaluation of the executive pay elements led to the introduction of a cash-based retention scheme in 2008 with a three-year settlement period. This has not been renewed for the executives but rather the decision was taken to review the LTIP

allocations in line with the outcomes of the market benchmarking exercises in 2011.

Through 2011 the following changes occurred to continue with the delivery of these principles:

- executive LTIP allocations were increased following the benchmarking review as follows:

Previous maximum

Increased maximum

Designation

grant of basic salary

grant of basic salary

Chief executive officer

120%

160%

Executive directors

100%

140%

Executive management

80%

100%

- the Remuneration Committee approved a revised Remuneration Policy that was communicated and ratified at the May 2011

annual general meeting; and

- a review was done on the existing change of control conditions and although the decision has been made to leave them in place

due to the current economic environment and on-going change in the market, the Remuneration Committee requested an

alignment of executive vice president notice periods to six months and change of control practices now include payment triggers and aligned terms.

The Remuneration Committee is comfortable that these principles continue to support the delivery of its objectives.

Remuneration process

How we determine remuneration

Executive remuneration is structured to be competitive in a global market where growth and a scarcity in key talent and skills are an

on-going dilemma, whilst still recognising cost and shareholder value as key drivers in policy delivery. AngloGold Ashanti executives

are benchmarked against an identified global group of competitors. AngloGold Ashanti's size and complexity as well as each

executive individual role and personal performance are reviewed annually against the benchmark group from a base pay, guaranteed

pay and variable pay perspective. The benchmark survey for 2011 was completed by PricewaterhouseCoopers, using both

benchmark data as well as data provided in remuneration reports of the identified comparator group. To ensure that the correct

amount of rigour is placed on the process the Remuneration Committee went to tender for a bespoke survey for the 2012

benchmarking process and selected Global Remuneration Solutions in collaboration with Mercer for the executive pay review

comparison to market.

Our salary benchmarks are targeted at the market median, however, where there is a shortage of specialist and/or key technical skills,

higher than the benchmark median is paid, targeting the 75th percentile.

Annual increases for executives are effective on 1 January of each year.

Executives are remunerated on a principle of base pay plus benefits; medical coverage, retirement/pension and risk cover do however

differ based on nationality, country legislation and historic offerings. All executives are members of a retirement fund.

Executive directors do not receive payment of directors fees or committee fees.

P17

Short-term incentives – Bonus Share Plan (BSP)

Each executive participates in the BSP where performance is measured and awards are granted on the basis of both company and individual performance criteria. The company performance criteria for 2011 were:

(a) **Reserve conversion**

Mineral Resource to Ore Reserve conversion equates to an increase in Ore Reserve before the subtraction of depletion, we have targeted 5.0Moz before depletion.

(b) **Production**

Production refers to the quantum of gold produced over the year, the targeted production for 2011 was 4,699,000oz.

(c) **Total cash costs**

Target of \$678/oz based on the following assumptions: R7.15/\$, A\$/1.04, BRL1.70/\$, ARS4.62/\$, and a fuel price of \$85/bbl.

(d) **Adjusted headline earnings per share (AHEPS)**

AHEPS is a measure of the return that investors get from our shares. The target AHEPS for 2011 was 242 US cps.

(e) **Safety**

Safety as an incremental driver with an impact of up to 20% multiplier on the base calculation. The safety target is to improve injuries on the previous three-year average.

The bonus paid comprises two separate parts:

- A cash bonus which may not exceed 50% of the maximum bonus allocated per level; and
-

An equity bonus to the equivalent value of the cash bonus, settled by way of BSP share awards, which together with the cash bonus may not exceed the maximum bonus.

As per the table below, BSP awards vest over a two-year period with an additional 20% for holding the award for the full three-year period subject to the individual being in the employ of the company at the date of vesting.

Long-Term Incentive Plan (LTIP)

Each executive participates in the LTIP. The objective of the LTIP is to align the interests of the company, shareholders and executive

management over the medium to long term. The performance conditions for the 2011 awards are:

1. Adjusted headline earnings per share (AHEPS) (30% weighting)

The AHEPS growth of at least 2% net of US inflation per year for three years. Partial vesting will occur at 2% growth and full

vesting at 5% growth. The base year end is 2010.

2. Total shareholder return (TSR) (30% weighting)

For partial vesting the company's TSR for 2011-2013 needs to be at least equal to the third place performer in a comparator

group of the following companies: Barrick, Gold Fields, Newmont and Harmony. For full vesting, the company's performance must

be placed second or better.

3. Strategic target (40% weighting)

It was agreed that for the 2011 award, the strategic target would be divided into two parts:

(i)

Safety performance (20% weighting)

The company's safety performance has become the primary strategic target from an operating perspective and it is essential that our performance show significant improvement. It was agreed that a 20% year-on-year improvement on the

base year in the all injury frequency rate (AIFR) for the period under review, be the target for full vesting, with a minimum of

10% improvement per year for partial vesting. The base the previous three year average.

(ii)

Reserve and resource ounce generation (20% weighting)

It was agreed that, at the end of the period, at least 9Moz at the measured and indicated resource level, and 5Moz at the

published reserve level, be generated for full vesting, with partial vesting commencing at 7Moz and 3Moz respectively.

The 9Moz/5Moz and 7Moz/3Moz are an annual target. i.e. it is $27(9 \times 3)/15(5 \times 3)$ and $21(7 \times 3)/9(3 \times 3)$ over the three-year

vesting period.

Under the LTIP, the executive management is granted the right to receive shares in the company, subject firstly to performance

conditions being achieved over the specific performance period and secondly to continued employment within the group.

Service contracts

An annual review is done of executive director and executive management service contracts. The change of control payments and

conditions are subject to the following triggers:

If AngloGold Ashanti becomes a subsidiary of another company; or substantially all of the businesses, assets and undertakings of

AngloGold Ashanti become owned by any person, firm or company; or a number of shareholders holding less than 35% of the

company's issued share capital act in concert to gain a majority of the board and force changes in the management of the company;

and as a consequence of this the Executive Committee member's employment is terminated as a result of an involuntary termination

or the committee member's role is significantly diminished and employment conditions are reduced.

In 2011, the notice periods and change of control clauses were aligned as per the table below:
