PROXY STATEMENT

This statement is furnished in connection with the solicitation of proxies by the board of directors of Citizens Communications Company to be voted at our annual meeting of stockholders. The mailing address of our administrative offices is Three High Ridge Park, Stamford, CT 06905. The approximate date on which this proxy statement and form of proxy are first being sent or given to stockholders is April 1, 2003.

Only holders of record of our common stock, par value \$0.25 per share, as of the close of business on March 17, 2003, the record date, will be entitled to notice of and to vote at the annual meeting. As of the record date, there were 283,163,658 shares of common stock outstanding, each of which is entitled to one vote at the annual meeting. As of the record date, an additional 11,041,967 shares of common stock were held by us as treasury shares. We have no other class of voting securities issued and outstanding. The presence in person or by proxy of the holders of a majority of the outstanding shares of common stock will be necessary to constitute a quorum for the transaction of business at the annual meeting.

Directors will be elected by a majority vote of the shares of common stock present or represented by proxy at the meeting and entitled to vote at the meeting. The selection of our independent public accountants for 2003 will be approved by a majority vote of the shares of common stock present or represented by proxy and entitled to vote at the meeting. Abstentions by stockholders present in person or by proxy will have the effect of a negative vote with respect to the election of directors and the approval of the appointment of our independent public accountants. Under the rules of the New York Stock Exchange, brokers who hold shares in street name for customers that have not given instructions to such brokers have the authority to vote on the election of directors and approval of auditors. Accordingly, unless contrary instructions are given, all proxies received pursuant to this solicitation will be voted in favor of the election of the nominees and the approval of the appointment of our independent public accountants. Stockholders may not cumulate their votes. Stockholders who execute proxies may revoke them at any time before they are voted.

Our board of directors recommends that you vote "FOR" the election of all nominees for director.

The board of directors held six meetings in 2002. Each director attended at least 75% of the aggregate of these meetings and the total number of meetings held by all committees of the board on which he or she served, as described below under "Governance of the Company and Committees of the Board."

The independent directors held three meetings in 2002, which all of the independent directors attended.

Governance of the Company and Committees of the Board

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

We have been reviewing our corporate governance policies and practices. This includes comparing our current policies and practices to policies and practices of other public companies as well as to those suggested by various groups or authorities active in corporate governance. Based upon this review, we anticipate adopting changes to current policies and practices to reflect what the board of directors believes are "best practices" as well as those that are required to comply with the Sarbanes-Oxley Act of 2002 and any rule changes made by the Securities and Exchange Commission and the New York Stock Exchange.

Code of Conduct. We have implemented a Code of Conduct. We require all employees to adhere to the Code of Conduct in addressing the legal and ethical issues encountered in conducting their work. The Code of Conduct requires that our employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner and otherwise act with integrity and in the company's best interest. Going forward, all of our employees will be required to certify that they have reviewed and understand the Code of Conduct. In addition, all officers and senior level executives will be required to certify as to any actual or potential conflicts of interest involving them and the company. We also expect to provide training for our employees on the Code of Conduct and their legal obligations.

Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Conduct. Under the Sarbanes-Oxley Act of 2002, the Securities and Exchange Commission will adopt rules to require companies to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

Committees of the Board. The board has standing Executive, Audit, Compensation, Employee Development, Nominating and Corporate Governance, and Retirement Plan Committees.

Executive Committee. Our Executive Committee is composed of Dr. Tow, as Chairman, and Messrs. Fleischman, Graf, Harfenist, Schneider, and Stanger. The Executive Committee did not meet in 2002. During intervals between meetings of the board, the Executive Committee has the power and authority of the board over the management of our business affairs and property, except for matters requiring the approval of the independent directors and for powers specifically reserved by Delaware law or by our Restated Certificate of Incorporation.

Audit Committee. Our Audit Committee is composed of four directors and operates under a written charter adopted by the board of directors, a copy of which is included in this proxy statement as Appendix A. The Audit Committee will adopt a revised written charter to comply with the Sarbanes-Oxley Act of 2002 and rule changes by the Securities and Exchange Commission and the New York Stock Exchange when they are implemented. The members of the Audit Committee are Mr. Heine, as Chairman, and Messrs. Kraus, Schroeder, and Stanger, each of whom is independent and is financially literate, as required by the listing standards of the New York Stock Exchange. The Audit Committee met eleven times in 2002. If Mr. Ward is elected as a Director, it is anticipated that Mr. Ward will also be elected to the Audit Committee. The board of directors has determined that Mr. Ward meets the standard of an "audit committee financial expert" under SEC regulations.

The Audit Committee recommends to the board of directors the selection of our independent accountants. Management is responsible for our internal controls and the financial reporting process. Our independent accountants are responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States of America, for issuing a report

thereon, and for reviewing our Quarterly Reports on Form 10-Q. The Audit Committee's responsibility is to review these processes.

Compensation Committee. Our Compensation Committee is composed of five directors and operates under a written charter adopted by the board of directors, a copy of which is included in this proxy statement as Appendix B. The Compensation Committee is composed of Mr. Stanger, as Chairman, and Messrs. Botwinik, Harfenist, Kraus, and Tornberg. Mr. Kraus was appointed to the Compensation Committee in February 2003. Mr. Botwinik is retiring as director and from this committee effective as of the date of our annual meeting. The Compensation Committee met five times in 2002. The Committee reviews our general compensation strategies, acts as the Committee for the Citizens Incentive Plan, the Management Equity Incentive Plan, the Equity Incentive Plan, the Amended and Restated 2000 Equity Incentive Plan, the Employee Stock Purchase Plan, and the Non-Employee Directors' Deferred Fee Equity Plan, and establishes and reviews compensation for our Chief Executive Officer and other executive officers.

Employee Development Committee. The Employee Development Committee is chaired by Mrs. Tow and Messrs. Graf and Harfenist are its other members. Its function is to foster a high level of cooperation and exchange among members of the management team. The Employee Development Committee met once in 2002.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee is composed of three directors and operates under a written charter adopted by the board of directors, a copy of which is included in this proxy statement as Appendix C. The Nominating and Corporate Governance Committee is chaired by Mr. Harfenist, and Messrs. Botwinik and Fleischman were its other members during 2002. Mr. Botwinik is retiring as director and from this committee effective as of the date of our annual meeting. Mr. Fleischman resigned as a member effective March 31, 2003. Messrs. Kraus and Tornberg have been elected to serve as members of the Nominating and Corporate Governance Committee effective April 1, 2003. The Nominating and Corporate Governance Committee met once in 2002. One of the committee's functions is to recommend candidates for election to the board of directors. The committee will entertain written suggestions for nominees from stockholders so long as they are addressed to Mr. Harfenist at our address on or before the date specified under "Stockholder Proposals" and include a description of the qualifications of the suggested nominee and any information that is required by the regulations of the Securities and Exchange Commission concerning the suggested nominee and his or her direct or indirect securities holdings or other interests in us. In addition, the Nominating and Corporate Governance Committee will take a leadership role in shaping our corporate governance, including making recommendations on matters relating to the make-up of the board of directors and its various committees and corporate governance principles that are applicable to us.

Retirement Plan Committee. The Retirement Plan Committee is composed of Mr. Schroeder, as Chairman, and Messrs. Botwinik, Graf, and Tornberg. Mr. Botwinik is retiring as director and from this committee effective as of the date of our annual meeting. The Retirement Plan Committee oversees our retirement plans. The Committee met three times in 2002.

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

The Audit Committee has met and held discussions with management and our independent accountants and has reviewed and discussed the audited consolidated financial statements with management and our independent accountants.

The Audit Committee has also discussed with our independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU Section 380).

Our independent accountants also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and the Audit Committee discussed with our independent accountants that firm's independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the board of directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002, for filing with the Securities and Exchange Commission.

For his services as Lead Director, Mr. Stanger will receive an additional annual retainer of \$20,000. With the exception of the Audit Committee and the Compensation Committee, committee chairs will be entitled to an additional annual retainer of \$5,000. The Audit Committee chair will receive an additional annual retainer of \$20,000 and the Compensation Committee chair will receive an additional annual retainer of \$15,000. A director may elect to have either 50% or 100% of his or her fees, and in the case of committee chairs their annual retainer, payable in cash, shares of our common stock, or stock units. If a director elects payment of his or her fees in shares of our common stock, those shares will be purchased at the average of the high and low prices on the first trading day of the year in which they are earned, subject to adjustment. If a director elects payment of his or her fees in stock units, units will be purchased at 85% of the average of the high and low prices on the first trading day of the year in which they are earned, subject to adjustment. These stock units, which are payable either in cash or in shares of our common stock, as per the director's irrevocable election, will be held by us until the earlier of the director's retirement or death (or earlier in the case of hardship approved by the board of directors) at which time they will be paid to the director in accordance with his or her election. Directors will receive an annual stock option award under the Non-Employee Directors' Deferred Fee Equity Plan, which is currently fixed at 5,000 options.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

The Compensation Committee of the board of directors is composed of five independent directors who are responsible for setting and administering compensation, including base salaries, annual incentives, and stock-based awards paid or awarded to our executive officers. The Compensation Committee oversees and approves incentive plan, design, costs, and administration. This report discusses the Compensation Committee's activities as well as its development and implementation of policies regarding compensation paid to our executive officers for 2002.

COMPENSATION OF THE EXECUTIVE MANAGEMENT GROUP

This section discusses our 2002 strategy for our compensation programs. The compensation of our Chief Executive Officer is discussed separately in this report.

COMPENSATION STRATEGY

- o Offer a competitive mix of total compensation relative to the communications industry.
- o Ensure plans enable us to attract and retain employees of outstanding ability by having flexibility based on the various labor market demands for critical skill sets.
- o Provide performance-based and subjectively determined compensation so that rewards to employees have a direct correlation to shareholder value.
- o Create stock ownership at all levels in the organization.

Base Salary

The Compensation Committee reviews and approves the salary levels of our executive management group. This review is based on the duties and responsibilities which we expect each executive to discharge during the current year, the executive's performance during the previous year and the executive officer's total cash compensation opportunity. We perform external market comparisons relative to industry-specific peers, based on individual job responsibility. No merit increases were given to the executive management group in 2002.

10

Annual Cash Incentives

To retain and motivate employees, the Citizens Incentive Plan offers a competitive mix of total cash compensation relative to comparable industry norms. Under the Citizens Incentive Plan, target incentives are assigned for each level based on an analysis of incentive pay practices in the various industries in which we operate. The criteria for payout of awards is financial performance. The financial measures used are revenue and adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA). In addition to financial measures, the Rochester Region's incentive payout is based on the achievement of service measures, and the Public Services Sector payout is based in part on the achievement of safety goals. Goals are established no later than the first quarter of the year for the full year. The plan criteria may be revised each year to reflect changes in our business strategy.

In determining compensation with respect to 2002, the Compensation Committee changed its approach to incentive compensation for our executive management group. The quantitative approach used historically in the Citizens

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

Incentive Plan was a starting point. The Compensation Committee expanded its approach to take into account and place greater emphasis on the qualitative aspects of strategic decisions and the execution of company initiatives, and the significant challenges that faced both the company and the telecommunications industry in general. A more subjective focus on the quality of management's decisions takes into account the ability of an executive manager to adapt to unique situations and changing conditions, while balancing short-term strategies with long-term objectives. The Compensation Committee believes that such an approach for key executive officers will properly reward such officers for their leadership in responding to the changing business environment and in making strategic changes in our near and long-term business plans in the interests of Citizens, its employees and its shareholders.

2002 Annual Cash Incentive Awarded in 2003

The annual cash incentives were developed by the Compensation Committee in four meetings in February and March 2003, based on 2002 performance. A total of 2,900 employees received cash incentive awards, representing 95% of the employees eligible to receive an award.

The Compensation Committee identified the following areas that presented substantial and unique challenges to our executive management group during 2002 resulting in the need to take strategic actions to achieve longer-term objectives: the unprecedented upheaval in the telecommunications market; the bankruptcy of major telecommunications companies, and in particular the bankruptcies of Global Crossing and WorldCom; significant shifts in the financial markets; and the reorganization of our operations staff to centralized locations in Rochester, New York, and Stamford, Connecticut.

The Compensation Committee believes that our executive management group successfully met these requirements and responded to challenges in this environment by revising short-term and long-term plans while substantially meeting operating performance targets. In addition, our executive management group completed the plans for divestiture of substantially all of our public services assets and oversaw an ongoing de-leveraging plan that included the repayment during 2002 of more than \$1 billion of debt. In light of this, the Compensation Committee awarded a cash bonus to the members of the executive management group, including each of the five most highly compensated executive officers, in excess of base targets.

In addition, a portion of the annual cash incentive awarded to the executive management group was converted to a grant of restricted shares. In so doing, the Compensation Committee was responding to a desire to compensate the executive management group for their performance under adverse circumstances while aligning their long-term interests with those of shareholders.

Common Stock Long-Term Incentives

The purpose of the Equity Incentive Plan is to provide common stock-related compensation to ensure that we can effectively attract, motivate and retain executives and employees in our business sectors. Our program is more strongly performance oriented than most because stock options are awarded only if the prior year's

adjusted EBITDA target is achieved. All stock options awarded are non-qualified, awarded at fair market value and vest over four years.

Within the Equity Incentive Plan, there are two separate award programs:

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

the Management Stock Option Plan and the Distinguished Performance Award. The Management Stock Option Plan is designed to grant stock options to executives and other key management employees for their individual contributions toward achievement of financial goals. Target awards are based on the employee's level and are designed to compensate our employees consistent with the long-term incentive compensation of companies in comparable industries.

The Distinguished Performance Award is designed to recognize and reward key employees below the management level who are considered to have high potential and who have made significant contributions. Recommendations can be made for up to 10% of the eligible population and are at the discretion of the employee's manager.

In May 2002, the Compensation Committee granted stock option awards to 393 officers/managers under the Management Stock Option Plan. 414 employees received stock option awards under the Distinguished Performance Award representing 10% of the eligible employees. Based on the achievement of the prior year's adjusted EBITDA target the pool was funded at 75%.

For awards made for the year 2002, the Compensation Committee decided to exclude the executive management group from participation in the Management Stock Option Plan, and to replace the participation of the executive management group in that plan with grants of restricted shares under our 2000 Equity Incentive Plan, vesting 33-1/3% each year over a three-year period. These restricted share grants are intended to supplement the cash incentive payments and are based upon the executive officer's and our performance for the prior year. The Committee considered standard valuation methodology in determining the number of restricted shares that were granted to each executive officer in lieu of stock options.

For the year 2003, the Compensation Committee also decided to exclude the executive management group from participation in the Management Stock Option Plan. Instead the executive management group will receive grants of restricted shares under our 2000 Executive Equity Plan, which will vest ratably over a three-year period.

The Compensation Committee approves terms of employment offers to new executive and other officers.

12

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

An employment agreement effective as of October 1, 2000, as amended on May 16, 2002, between Dr. Tow and us establishes his base annual salary. Other benefits included in the "Other Annual Compensation" and "All Other Compensation" columns in the Summary Compensation Table are established in the employment agreement or by the Compensation Committee and independent directors. The employment agreement referred to in this section is summarized in a later section of the proxy statement under the heading "Employment Agreement."

The Compensation Committee has made grants of restricted shares and options to Dr. Tow as part of his incentive compensation and under his employment agreement. In 2000, in lieu of Annual Cash Incentives for 1999 performance, the Compensation Committee agreed to grant Dr. Tow 72,727 shares of our common stock, which will be awarded on January 1 of the year after his retirement. On January 1, 2001, Dr. Tow was granted an option to purchase

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

250,000 shares of our common stock. The options vest at a rate of 33 1/3% per year beginning on January 1, 2002, with an exercise price of \$12.907 per share. The options expire on December 31, 2010. In addition, on June 18, 2001, Dr. Tow was granted an option to purchase 195,000 shares of our common stock. The options vest at a rate of 25% per year beginning on June 18, 2002, with an exercise price of \$12.37 per share. The options expire on June 17, 2011. Also on June 18, 2001, Dr. Tow was granted phantom stock units for 100,000 shares of our common stock. These phantom stock units will settle the day after Dr. Tow's retirement and, upon settlement, Dr. Tow will receive 100,000 shares of our common stock. The Compensation Committee in 2000 also agreed to grant Dr. Tow 1,518,750 shares of our common stock, which will be awarded on January 1 of the year after his retirement. Such award was in recognition of Dr. Tow's investment foresight that enabled us to realize significant gains on our investments in certain cable television and cellular telephone companies. On May 16, 2002, Dr. Tow was granted 150,000 restricted shares. These shares vest on January 1, 2007. In addition, on May 16, 2002, Dr. Tow was also granted an option to purchase 150,000 shares of our common stock. The options vest at a rate of 25% per year beginning on May 16, 2003, with an exercise price of \$9.52 per share.

Based on the criteria described under Compensation Strategy, in March 2003 the Compensation Committee made an annual cash incentive award to Dr. Tow in the amount of \$1.5 million and awarded Dr. Tow 100,000 restricted shares under the 2000 Equity Incentive Plan vesting 33 1/3% each year over a three year period for 2002 performance. These awards were made by applying the same methodology to Dr. Tow as was applied to the executive management group.

Employment Agreement

We and Dr. Tow entered into a new employment agreement, dated as of October 1, 2000, which was subsequently amended by letter agreements. The 2000 agreement replaced the then effective 1996 employment agreement and provides for Dr. Tow to continue to serve as our Chairman and Chief Executive Officer through the end of 2005 and as an advisor-consultant for an additional five-year period thereafter. We and Dr. Tow entered into an amendment to this employment agreement on May 16, 2002, that amended the term of this employment agreement so that it shall now expire at the end of 2006. Dr. Tow will be paid an annual base salary of \$900,000 through 2006, which is the same base salary provided under the 1996 agreement. After 2006, he will receive compensation of \$500,000 per year for advisory services. While he is performing these services, Dr. Tow is restricted from engaging in competition that is materially detrimental to us. He is, however, permitted to serve as a director or a non-working partner, officer, or stockholder of other businesses. The 2000 agreement also provides for Dr. Tow to receive additional risk-based compensation, as described below. During their lifetimes, Dr. Tow and his wife will continue to participate in our health and other benefit plans. After his retirement from full-time employment, we will provide Dr. Tow with offices and support staff.

The 1996 agreement included a grant of 500,000 restricted performance shares of common stock (which increased to 559,974 shares due to stock dividends). In consideration of Dr. Tow entering into the 2000 agreement, we increased these restricted shares by 250,000, to 809,974, and we granted him 750,000

additional restricted performance shares. Restrictions on transfer will lapse on January 1, 2007, or upon death, earlier termination of employment by Citizens, or certain corporate events. The restricted shares are subject to

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

reduction under certain circumstances in accordance with a formula based on our EBITDA, as adjusted in accordance with the definition of EBITDA in the 2000 agreement, and to further proportionate reductions as set forth below. We also granted to Dr. Tow options to purchase 2.5 million shares of common stock. These options vest at the rate of 250,000 shares per year beginning on December 31, 2000, which vesting would accelerate upon early termination by Citizens of the combined employment and advisory term for any reason other than good cause. The exercise price for the first 500,000 options was set at \$13.4690, the fair market value of the Company's shares on October 1, 2000. The exercise price for each additional increment of 500,000 options is \$2.00 above the exercise price of the immediately preceding increment. The options have a 10-year term.

In consideration for Dr. Tow entering into the amendment to this employment agreement on May 16, 2002, we have also granted Dr. Tow an additional 250,000 restricted shares of common stock. Restrictions on transfer will lapse on January 1, 2007, or upon death, earlier termination of employment, or certain corporate events. These shares, however, will not be subject to the reductions related to the EBITDA test and to the further proportionate reductions that apply to the previously issued restricted shares. In addition, as provided in the amendment, we also granted Dr. Tow additional options to purchase 500,000 shares of common stock. These options vested immediately upon the execution of this amendment. The exercise price for these options is \$9.52 and they have a 10-year term.

To compensate for tax code limitations on the amount that Dr. Tow can be paid under our company's pension plan, the 2000 agreement provides for \$15 million in additional life insurance coverage through a second-to-die, split-dollar arrangement with a trust created by Dr. Tow as beneficiary; and a single life insurance arrangement on the first to die of Dr. Tow and his wife, with a face amount of \$5.75 million, with death benefits to be paid in part to us and in part to the trust; provided, that the aggregate payable to the trust under all applicable policies may not exceed \$15 million. The insurance coverage provided in the 2000 agreement is in addition to a \$7.5 million second-to-die policy that was part of the 1996 agreement and that continues in effect. All of the insurance arrangements purchased by us have been structured so that all premiums paid by us in providing such benefits should be recovered from insurance proceeds.

All payments due to Dr. Tow under his employment agreement will accelerate in the event we merge, consolidate with, or transfer all or substantially all of our assets or stock to another entity whose net worth, immediately preceding such transaction, is less than ours. Additionally, Dr. Tow may terminate the agreement in the event of a merger in which we are not the surviving company or in the event of a consolidation or transfer of all or substantially all of our assets or stock or change in control. Additionally, if an actual change of control as defined in the 2000 agreement occurs that includes, among other events, (1) the acquisition by a person or group of 15% or more of our voting securities and (2) certain changes in the board of directors, then Dr. Tow will thereafter have the option to acquire, after notice to the company, up to 10 million shares of the company's common stock at a price per share equal to the fair market value of the stock on the date notice is given.

All shares covered by the 2000 agreement will be adjusted to reflect the occurrence, after October 1, 2000, of stock dividends, stock splits, new issuances to holders of common stock or options, warrants, rights to acquire additional shares, or similar events.

If Dr. Tow's employment is terminated for good cause, as defined in the 2000 agreement, he will be entitled to receive his base salary through termination. In addition, he will be entitled to exercise all vested options; the restrictions on a portion of his restricted shares, which will be determined based on duration of his employment through termination and the

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

adjusted EBITDA test, would lapse; and his split-dollar life insurance benefits would continue, subject to certain reductions. If Dr. Tow's employment were to be terminated by Citizens for any reason other than good cause, he would be entitled to receive his base salary for the remainder of the six-year term plus a bonus based on his average annual bonus prior to termination, all of his unvested options would immediately vest, and all restrictions on his restricted shares would lapse. If we

14

elect to eliminate the advisory services for any reason other than good cause, we will be required to: (1) provide life insurance coverage of \$7 million, through a split-dollar arrangement, payable to Dr. Tow's estate, his family, or a trust for their benefit or (2) pay Dr. Tow the sum of \$3.2 million less the sum of all advisory payments made to him through termination.

In the event that Dr. Tow's entitlements under the 2000 agreement are deemed to constitute excess parachute payments for tax purposes, we will pay him any tax obligation.

As of May 30, 2001, we entered into additional agreements with Dr. Tow in which: (1) he relinquished his fully-vested interest in \$6.516 million on account in the Citizens Incentive Program; (2) a second-to-die split-dollar life insurance arrangement was created with a face amount of \$15 million with Dr. Tow and his wife as the insured, and with a trust created by Dr. Tow as the owner of the policies; and (3) a single life insurance arrangement was created on Dr. Tow's life, with a face amount of \$5.75 million, with death benefits to be paid in part to us and in part to the trust; provided, that the aggregate amount payable to the trust under all applicable policies may not exceed \$15 million. In all material respects, these insurance arrangements are similar to the split-dollar insurance arrangements provided in the 2000 agreement. As in the 2000 agreement, the insurance arrangements have been structured so that all premiums paid by us in providing the benefits should be recovered from insurance proceeds.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the company's chief executive officer or any of the four most highly compensated executive officers (other than the chief executive officer). Section 162(m) provides that qualifying performance-based compensation will not be subject to the tax deduction limit if certain requirements are met. While our incentive compensation programs are designed to facilitate compliance with Section 162(m), and in most cases the Compensation Committee intends to maximize the corporate tax deduction, the Committee believes that the company must attract and retain qualified executives to manage the company and that in some instances, the Compensation Committee may need the flexibility to offer compensation that cause the Section 162(m) threshold for deductibility to be exceeded. Total compensation paid to Dr. Tow in 2002, and total compensation scheduled to be paid to Dr. Tow, Mr. Schneider and Mr. Casey in 2003, may cause the Section 162(m) limitation to be exceeded for those years. In addition, if Citizens terminates Dr. Tow's employment prior to the end of the term of employment, payments (other than qualifying performance-based compensation) required to be made to him are expected to exceed \$1 million but, depending on the year of payment and depending on deferral arrangements, may not be subject to the limitation on tax deductibility.

- (1) With the exception of the May 16, 2002, grant of 500,000 options to Dr. Tow, which vested 100% as of the date of grant, all options become exercisable at the rate of 25% per year, on the anniversary of their date of grant in 2003, 2004, 2005, and 2006.
 - (2) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options, the actual value, if any, an executive may realize will depend on the excess, if any, of the stock price over the exercise price on the date the option is exercised. There is no assurance the value realized, if any, by an executive will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on assumptions as to variables such as interest rates, stock price volatility, future dividend yield. The pricing model assumes a dividend yield of 0.00%, a riskless rate of return of 4.94% for the options granted under the Management Stock Option Plan except for options granted to Mr. Elliott which have a rate of return of 4.82%, 4.52% for options granted to Dr. Tow under his employment agreement, a seven-year term to exercise for options granted under the Management Stock Option Plan, and a five-year term to exercise for options granted to Dr. Tow under his employment agreement, and volatility of 0.44264.
 - (3) Represents two separate grants for Dr. Tow on May 16, 2002. 500,000 stock options vested 100% on May 16, 2002, granted at \$9.52 and 150,000 stock options that vest in four equal installments beginning May 16, 2003, granted at \$9.52. Both grants expire on May 15, 2012.

All quantities and amounts are as of December 31, 2002, and reflect adjustment for stock splits and stock dividends paid subsequent to the date of grant. The fair market value, which is the average of the high and low reported price, of the common stock on December 31, 2002, was \$10.325 per share. Dollar amounts shown under all columns other than "Value Realized" have not been, and may never be, realized. The underlying options have not been, and may never be, exercised, and actual gains, if any, on exercise will depend on the value of our stock on the date of exercise.

CITIZENS PENSION PLAN

We have a noncontributory qualified retirement plan, the Citizens Pension Plan, covering substantially all employees that provides benefits that in most cases are based on formulas related to base salary and years of service. The plan has been amended to provide that effective February 1, 2003, no further benefits will be accrued under the plan by most non-union participants (including all executive officers). Dr. Tow is the only executive officer listed in the Summary Compensation Table who has vested benefits under the frozen plan. His estimated annual pension benefit (assumed to be paid in the normal form of an annuity) is \$38,576 which amount is calculated under the plan based on his 11 years of service at the time of the plan freeze and the compensation limits established in accordance with federal tax law in the computation of retirement benefits under qualified plans. Messrs. Schneider, Casey, and Braden will be eligible for annual retirement benefits, estimated to be \$7,181, \$7,210 and \$4,534, respectively, upon their completion of five years service (assumed to be paid in the normal form of an annuity). Benefits are not subject to reduction for Social Security payments or other offset amounts.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee currently consists of Mr. Stanger, as Chairman, and Messrs. Botwinik, Harfenist, Kraus, and Tornberg. None of our executive officers served as: (i) a member of the Compensation Committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Compensation Committee; (ii) a director of another entity, one of whose executive officers served on our Compensation Committee; or (iii) a member of the Compensation Committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as one of our directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, officers, and persons holding more than 10% of a registered class of our equity securities to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of ownership, reports of changes in ownership, and annual reports of ownership of common stock and other equity securities. Such directors, officers, and 10% stockholders are also required to furnish us with copies of all such filed reports.

Based solely upon a review of the copies of such reports furnished to us, or representations that no reports were required, we believe that with the exception of Steven Ward, all of our directors, officers and 10% shareholders timely filed all required reports under Section 16(a) in 2002. Steven Ward sold 5,000 shares of our common stock on December 12, 2002 at a sale price of \$9.95 per share. He filed his Form 4 with respect to this transaction on December 19, 2002.

Because of a mistaken interpretation of operative formulas, we have amended the Forms 4 and Forms 5 for each of our directors for the years 1995-2001. When the inaccuracy was discovered, we filed the appropriate amendments with the Securities and Exchange Commission. In addition, we did not timely file Forms 5 for each of our directors and officers who received phantom stock units pursuant to our executive deferred compensation program for the years 1997-2001. We have made the appropriate filings for each of our current officers and directors.

CERTAIN OTHER RELATIONSHIPS AND RELATED TRANSACTIONS

Fleischman and Walsh, LLP, of which Mr. Aaron Fleischman (a director) is Senior Partner, performed legal services for us for which it was paid approximately \$2,785,000 in 2002. We propose to retain Fleischman and Walsh during the current year.

In connection with relocation expenses, Mr. John H. Casey, III, Executive Vice President and President and Chief Operating Officer of the ILEC Division, was indebted to us in the amount of \$456,930 as of December 31, 2002. This was the largest amount outstanding during 2002. The current balance outstanding is \$31,551. The rate of interest of such indebtedness is the five-year U.S. Treasury note rate on January 1, April 1, July 1 and December 1 of each year,

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

compounded quarterly. This indebtedness was incurred on July 11, 2002.

In connection with relocation expenses, Mr. Daniel J. McCarthy, Vice President and President and Chief Operating Officer of Electric Lightwave and Public Services Sector, was indebted to us in the amount of \$87,602 as of December 31, 2002, which amount subsequently has been fully repaid. The largest amount outstanding in 2002 was \$150,863. The annual rate of interest of such indebtedness is 5%. This indebtedness was incurred on January 25, 2002.

On December 18, 2002, we purchased for \$17,608,675 a Canadair Ltd. Challenger aircraft that previously had been leased by us and by Blue Sky Aviation, LLC, under two substantially identical leases, each for 50% of the aircraft. The purchase was approved by the independent directors. The purchase price for the aircraft was established under substantially identical option-to-purchase provisions of the leases. Blue Sky Aviation assigned its option to us. Blue Sky Aviation is a limited liability company, the sole member of which is Dr. Tow. Pursuant to a corporate policy established by the independent directors, from time to time, the aircraft is used by Dr. Tow for business and for personal purposes. This policy requires that Dr. Tow travel, in all circumstances, by private aircraft. The aircraft is also used by other company personnel. In order to offset costs, the aircraft is also chartered to third parties. Prior to the purchase of the aircraft, neither we nor Blue Sky Aviation had any obligations with respect to the lease obligations of the other party. Prior to the purchase of the aircraft, the unaffiliated manager of the aircraft allocated costs of the operation and maintenance between us and Blue Sky Aviation based on an economic sharing arrangement which differed from the corporate policy adopted by our independent directors. As a result, less than our share of expenses were allocated to us and excess costs on the aircraft, in the aggregate amount of \$963,490 were allocated to Blue Sky Aviation. In 2003, we have paid \$863,736 to the third party for the account of Blue Sky Aviation, and \$99,754 will be paid during April 2003.

21

In 1988 Dr. and Mrs. Tow established a private charitable foundation, The Tow Foundation, that is dedicated to addressing juvenile justice issues in the State of Connecticut and in Westchester County, New York, among other charitable activities. Since 2000, Citizens has leased space and provided office services to The Tow Foundation at company headquarters in Stamford, Connecticut, based on our costs. Additionally, during 2002, 2001, and 2000, Citizens provided to The Tow Foundation payroll services, including advancing funds for the payroll. Dr. and Mrs. Tow and Scott N. Schneider, directors of the company, are trustees of The Tow Foundation, but receive no remuneration from it. The Tow's adult daughter is a trustee and the Executive Vice President of the Foundation. Citizens billed The Tow Foundation for all lease and service charges in aggregate amounts of \$270,730 during 2002, \$337,773 during 2001, and \$235,684 during 2000. The maximum outstanding amount due at any time from The Tow Foundation to Citizens was \$137,020 during 2002, \$146,636 during 2001, and \$235,684 during 2000. Amounts billed by us were paid promptly upon presentation of invoices. Citizens has ceased providing payroll services to The Tow Foundation, and is paid monthly, in advance, under lease arrangements that cover office services as well as space rental, based on Citizens' costs. During 2002, 2001, and 2000, Citizens also provided payroll services, including advancing funds for the payroll, to Blue Sky Aviation in aggregate amounts of \$116,597 during 2002, \$187,623 during 2001, and \$95,438 during 2000. Blue Sky Aviation employees provide personal services to Dr. and Mrs. Tow. The maximum outstanding amount due from Blue Sky Aviation to Citizens was \$362,543 during 2002, \$187,623 during 2001, and \$95,438 during 2000. Citizens has ceased providing payroll services to Blue Sky Aviation. During 2002, 2001, and 2000 we paid expenses of Dr. Tow in the aggregate amount of \$32,674 that we

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

subsequently determined to be personal. All amounts due from The Tow Foundation, Blue Sky Aviation and Dr. Tow have been paid to us.

TERMINATED OFFICER INDEBTEDNESS

In connection with a residential purchase, Mr. Livingston E. Ross, a former Vice President of Reporting and Audit, was indebted to us in the amount of \$164,877 when he was terminated, which has not been repaid. The largest amount outstanding in 2002 was \$164,877. The rate of interest of such indebtedness is 5%. This indebtedness was incurred on November 17, 2000.

In connection with family expenses, Mr. Kenneth L. Cohen, a former Vice President, President and Chief Operating Officer of the Public Services Sector, was indebted to us in the amount of \$134,237 when he was terminated, which has not been repaid.
