ITEM 1. BUSINESS

GENERAL

Grill Concepts, Inc. and its subsidiaries (the "Company") develop and operate casual dining restaurants under the name "Daily Grill" and fine dining restaurants under the name "The Grill on the Alley." In addition, the Company owns and operates, or has management or licensing agreements with respect to, other restaurant properties.

The Company was incorporated under the laws of the State of Delaware in November of 1985 to acquire and operate franchised Pizzeria Uno restaurants. Since its acquisition of Grill Concepts, Inc., a California corporation ("GCI"), in March of 1995, the Company has focused principally on the expansion of the "Daily Grill" and "The Grill on the Alley" restaurant formats of GCI.

At December 29, 2002, the Company owned and operated 13 restaurants and managed or licensed 7 additional restaurants, consisting of 9 Daily Grill restaurants and 4 The Grill on the Alley restaurants which are owned and operated by the Company, 4 Daily Grill restaurants which are managed by the Company and 2 Daily Grill restaurants and a City Bar & Grill restaurant which are licensed by the Company. With the exception of three The Grill on the Alley restaurants, which restaurants are operated by partnerships, all of the Daily Grill and The Grill on the Alley restaurants which were owned and operated at December 29, 2002 were solely owned and operated on a non-franchise basis by the Company.

During 2002, the Company (1) sold its Pizzeria Uno franchise in Cherry Hill, New Jersey and (2) closed the Daily Grill in Encino, California.

During 2002, the Company continued to pursue a strategic growth plan whereby the Company plans to open, and/or convert, and operate, and/or manage, Daily Grill and The Grill on the Alley restaurants in hotel properties in strategic markets throughout the United States. In 2001 the Company entered into a strategic alliance with Starwood Hotels and Resorts Worldwide, Inc. to jointly develop the Company's restaurant properties in Starwood hotels. Management believes that the opening of restaurants in hotel properties in strategic markets will help further establish brand name recognition for the opening of free standing restaurants in those markets. One managed Daily Grill restaurant was opened in Houston, Texas in July 2002 pursuant to the alliance. An additional managed Daily Grill restaurant, not covered by the Starwood alliance, was opened adjoining the Handlery Union Square Hotel in San Francisco, California in February 2002.

The following table sets forth unaudited restaurant count information, per restaurant sales information, comparable restaurant sales information for restaurants open twelve months in both periods, and total sales information during 2002 and 2001 by restaurant concept for both Company owned restaurants ("Company Restaurants") and Company managed and/or licensed restaurants ("Managed Restaurants"):

RESTAURANT CONCEPTS

- DAILY GRILL RESTAURANTS

Background. At December 29, 2002, the Company, through its subsidiary, GCI, owned and operated, managed or licensed nine Daily Grill restaurants in Southern California, three Daily Grill restaurants in the Washington, D.C./Virginia market, one Daily Grill restaurant in Skokie, Illinois, one Daily Grill restaurant in San Francisco, California and one Daily Grill restaurant in Houston, Texas. Daily Grill restaurants are patterned after "The Grill on the Alley" in Beverly Hills, a fine dining American-style grill restaurant which was acquired by the Company during 1996. See "-- The Grill on the Alley." The

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

Grill on the Alley was founded by Robert Spivak, Michael Weinstock and Richard Shapiro (the founders of GCI) in the early 1980's to offer classic American foods in the tradition of the classic American dinner house. After successfully operating The Grill on the Alley for a number of years, in 1988, Messrs. Spivak, Weinstock and Shapiro decided to expand on that theme by opening the first Daily Grill restaurant. Daily Grill, in an effort to offer the same qualities that made The Grill on the Alley successful, but at more value oriented prices, adopted six operating principles that characterize each Daily Grill restaurant: high quality food, excellent service, good value, consistency, appealing atmosphere and cleanliness. GCI emphasized those principles in an effort to create a loyal patron who will be a "regular" at its restaurants.

Restaurant Sites. Current and planned Daily Grill restaurants can be characterized as either owned, in part or in whole, managed or licensed and as either hotel based or based in shopping malls and other commercial properties. At December 29, 2002, fifteen Daily Grill restaurants were in operation, eight of which were 100% owned by the Company and located in shopping malls and other commercial properties, one of which was 50% owned and located in Universal CityWalk, California, four of which were managed by the Company and located in hotels and two of which were licensed restaurants.

-3-

Daily Grill locations opened, or are scheduled to open, in the following months and years, are owned, managed or licensed as indicated and, where indicated, are located in the referenced hotels:

Location -----	Opened or Scheduled Opening -----	Ownership Interest, Licensed or Managed -----
Brentwood, California	September 1988	100%
Los Angeles, California	April 1990	100%
Newport Beach, California	April 1991	100%
Studio City, California	August 1993	100%
Palm Desert, California	January 1994	100%

Each 100% owned Daily Grill restaurant is located in leased facilities. Site selection is viewed as critical to the success of the Company and, accordingly, significant effort is exerted to assure that each site selected is appropriate. For non-hotel based restaurants, the site selection process focuses on local demographics and household income levels, as well as specific site characteristics such as visibility, accessibility, parking availability and traffic volume. Each site must have sufficient traffic such that management believes the site can support at least twelve strong meal periods a week (i.e.,

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

five lunches and seven dinners). Preferred Daily Grill sites, which characterize the existing 100% owned restaurants, are high-end, mid-size retail shopping malls in large residential areas with significant daytime office populations and some entertainment facilities. Historically, Daily Grill restaurants have been anchor tenants at high profile malls and, therefore, have received significant tenant improvement allowances.

Hotel based Daily Grill restaurants may be newly constructed facilities or remodeled facilities on the premises of, or adjacent to, a hotel. Such facilities may be leased by the Company, operated pursuant to a partnership, joint venture or license arrangement or operated pursuant to a management agreement. As with non-hotel based restaurants, site selection is viewed as critical and, accordingly, significant effort is exerted to assure that each site selected is appropriate. The site selection process is the responsibility of Hotel Restaurant Properties, Inc. ("HRP") which identifies suitable locations and negotiates leases, license or management agreements for those properties. See "-- Hotel Property Agreement."

Existing non-hotel based Daily Grill restaurants range in size from 3,750 to 7,000 square feet -- of which approximately 30% is devoted to kitchen and service areas -- and seat between 100 and 250 persons. Our costs of existing non-hotel based restaurants, including leasehold improvements, furniture, fixtures and equipment and pre-opening expenses, have averaged \$325 per foot per restaurant, less tenant improvement allowances.

Existing hotel based Daily Grill restaurants range in size from 5,000 to 8,000 square feet -- of which approximately 30% is devoted to kitchen and service areas -- and seat between 140 and 250 persons. Management anticipates that additional hotel based Daily Grill restaurants will require minimal capital investment on the Company's part. However, each hotel restaurant arrangement will be negotiated separately and the capital investment by the Company may vary widely. Opening costs, for the Company, of existing hotel restaurants, including leasehold improvements, furniture, fixtures and equipment and pre-opening expenses, have ranged from \$150,000 to \$600,000 per restaurant.

-4-

Menu and Food Preparation. Each Daily Grill restaurant offers a similar extensive menu featuring over 100 items. The menu was designed to be reminiscent of the selection available at American-style grill restaurants of the 1930's and 1940's, in contrast to the "nouvelle cuisine" and diet meal fads of the 1980's. Daily Grill offers such "signature" items as Cobb salad, Caesar salad, meatloaf with mashed potatoes, chicken pot pie, chicken burgers, hamburgers, rice pudding and fresh fruit cobbler. The emphasis at the Daily Grill is on freshly prepared American food served in generous portions.

Entrees range in price, subject to regional differences in menu pricing, from \$9.50 for an "original" beef dip sandwich to \$21.95 for a char-broiled 16 oz. T-bone steak with all the trimmings. The average lunch check is \$16.00 per person and the average dinner check is \$24.00 per person, including beverage. Daily Grill restaurants also offer a children's menu with reduced portions of selected items at reduced prices. All of the existing Daily Grill restaurants offer a full range of beverages, including beer, wine and full bar service. During the year ended December 29, 2002, food and non-alcoholic beverage sales constituted approximately 85% of the total restaurant revenues for the Daily Grill restaurants, with alcoholic beverages accounting for the remaining 15%.

Proprietary recipes have been developed for substantially all of the items offered on the Daily Grill menu. The same recipes are used at each location and all chefs undergo extensive training in order to assure consistency and quality in the preparation of food. Virtually all of the menu items offered at the

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

Daily Grill are cooked from scratch utilizing fresh food ingredients. The Company's management believes that its standards for ingredients and the preparation of menu items are among the most stringent in the industry.

Each Daily Grill restaurant has up to seven cooks on duty during regular lunch and dinner hours to provide prompt, specialized service. Restaurant staff members utilize a "point-of-sale" computer system to monitor the movement of food items to assure prompt and proper service of guests and for fiscal control purposes.

Atmosphere and Service. All Daily Grill restaurants are presently open for lunch and dinner seven days a week and Sunday brunch. Each Daily Grill location is designed to provide the sense and feel of comfort. In the tradition of an old-time American-style grill, the setting is very open with a mix of booths and tables. Several of the restaurants have counters for singles to feel comfortable. A number of the Daily Grill restaurants have private dining rooms for banquets or additional seating. The restaurant emphasizes the quality and freshness of Daily Grill food dishes in addition to the cleanliness of operations. The dining area is well-lit and is characterized by a "high energy level". Reservations are accepted but not required.

The attention to detail and quality of the decor is carried through to the professional service. All Daily Grill employees are trained to treat each person who visits the restaurant as a "guest" and not merely a customer. Each server is responsible for assuring that his or her guest is satisfied. In keeping with the traditions of the past, each Daily Grill employee is taught that at the Daily Grill "the guest is always right." The Daily Grill's policy is to accommodate all guest requests, ranging from substitutions of menu items to take-out orders.

In order to assure that the Company's philosophy of guest service is adhered to, all Daily Grill employees from the kitchen staff to the serving staff undergo extensive training making each employee knowledgeable not only in the Company's procedures and policies but in every aspect of Daily Grill operations. The Company's policy of promoting from within and providing access to senior management for all employees has produced a work force which works in a cooperative team approach and has resulted in an employee turnover rate of just under 57% per year for hourly employees, considerably below the industry average which management believes to be approximately 125%.

The Company believes that the familiarity and feeling of comfort which accompanies dining in a familiar setting, with familiar food and quality service by familiar servers, produces satisfied customers who become "regulars." Management believes that at the Daily Grills which have been open for over a year repeat business is significantly greater than the industry average, with many guests becoming "regulars" in the tradition of the neighborhood restaurant.

-5-

THE GRILL ON THE ALLEY

Background. At December 29, 2002, the Company, through its subsidiary, GCI, owned and operated four The Grill on the Alley restaurants ("Grill"), one in Beverly Hills, California, one in San Jose, California, one in Chicago, Illinois and one in Hollywood, California, named The Grill on Hollywood.

The original Grill is a fine dining Beverly Hills restaurant which opened in 1984 and served as the model for the Daily Grill restaurants. The Grill is set in the traditional style of the old-time grills of New York and San Francisco, with black-and-white marbled floors, polished wooden booths and deep green upholstery. In 1995, the Grill was inducted into Nation's Restaurant

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

News' Fine Dining Hall of Fame and was described by W Magazine as "home of the quintessential Beverly Hills power lunch." The Grill offers five-star American cuisine and uncompromising service in a comfortable, dignified atmosphere.

In April of 1996, the Company acquired the original Grill from a partnership, the managing partner of which was controlled by the Company's principal shareholders and directors.

Restaurant Sites. At December 29, 2002, the Company operated four Grill restaurants, two of which are non-hotel based facilities and two of which are hotel-based facilities.

Grill locations opened, or are scheduled to open, in the following months and years, are owned or managed as indicated and, where indicated, in the referenced hotels:

Location -----	Opened -----	Ownership Interest, Licensed or Managed -----
Beverly Hills, California	January 1984	100.00%
San Jose, California (Fairmont Hotel)	May 1998	50.05%
Chicago, Illinois (Westin Hotel)	June 2000	60.00%
Hollywood, California	November 2001	51.00%

The Company's Grill restaurants are located in leased facilities. As with the Company's Daily Grill restaurants, site selection is viewed as critical to the success of the Company and, accordingly, significant effort is exerted to assure that each site selected is appropriate. For non-hotel based Grill restaurants, the site selection process focuses on local demographics and household income levels, as well as specific site characteristics such as visibility, accessibility, parking availability and traffic volume. Because of the upscale nature of Grill restaurants, convenience for business patrons is considered a key site selection criteria.

Hotel based Grill restaurants may be newly constructed facilities or remodeled facilities on the premises of, or adjacent to, a hotel. Such facilities may be leased by the Company, operated pursuant to a partnership or joint venture arrangement or operated pursuant to a management agreement. As with free standing restaurants, site selection is viewed as critical to the success of the Company and, accordingly, significant effort is exerted to assure that each site selected is appropriate.

The Beverly Hills based Grill restaurant is approximately 4,300 square feet -- of which approximately 1,500 square feet is devoted to kitchen and service areas -- and seats 120 persons. The Hollywood based Grill restaurant is approximately 5,600 square feet - of which approximately 2,000 square feet is devoted to kitchen and service areas - and seats 200 persons.

The San Jose based Grill restaurant is approximately 8,000 square feet -- of which approximately 38% is devoted to kitchen and service areas -- and seats 280 persons. The Chicago based Grill restaurant is approximately 8,500 square feet, of which approximately 35% is devoted to kitchen and service areas, and seats more than 300 guests.

Because of the unique nature of Grill restaurants, the size, seating capacity and opening costs of future sites cannot be reasonably estimated. Management anticipates that additional hotel based Grill restaurants will require minimal capital investment on the Company's part. However, each hotel restaurant arrangement will be negotiated separately and the capital investment by the Company may vary widely. Total project costs of the existing hotel based

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

restaurants, including leasehold improvements, furniture, fixtures and equipment and pre-opening expenses, have ranged from \$2.1 million to \$3.4 million.

Menu and Food Preparation. Each Grill restaurant offers a similar extensive menu featuring over 100 items. The menu was designed to be reminiscent of the selection available at fine American-style grill restaurants of the 1930's and 1940's, featuring steaks and seafood and freshly prepared salads and vegetables served in generous portions.

Entrees range in price from \$11.95 for a hamburger to \$34.50 for a Prime Porterhouse Steak. The average lunch check is \$26.00 per person and the average dinner check is \$54.00 per person, including beverage. All of the existing Grill restaurants offer a full range of beverages, including beer, wine and full bar service. During the year ended December 29, 2002, food and non-alcoholic beverage sales constituted approximately 71% of the total restaurant revenues for Grill restaurants, with alcoholic beverages accounting for the remaining 29%.

Proprietary recipes have been developed for substantially all of the items offered on the Grill menu. The same recipes are used at each location and all chefs undergo extensive training in order to assure consistency and quality in the preparation of food. Management believes that at the original Grill repeat business is significantly greater than the industry average, with many guests becoming "regulars" in the tradition of the neighborhood restaurant.

SALE OF PIZZERIA UNO RESTAURANTS

In April 2002, with the sale of its Cherry Hill, New Jersey Pizzeria Uno Restaurant for \$325,000, the Company completed its planned divestiture of its interests in Pizzeria Uno Restaurants. Previously, the Company operated as many as four franchised Pizzeria Uno Restaurants. During 1998, the Company determined that the continued ownership and operation of the Pizza Restaurants did not fit with the Company's strategic growth plan. Based on that determination, in July, 2000, the Company closed its Pizzeria Uno restaurant in Media, Pennsylvania due to declining operations and, in July 2001, the Company sold its Pizzeria Uno restaurant in South Plainfield, New Jersey for \$700,000.

OTHER RESTAURANT ACTIVITIES

In addition to owning and operating Daily Grill and The Grill, the Company, at December 29, 2002, also provided management services for Daily Grill restaurants at the Burbank Hilton, the Georgetown Inn, the Handlery Hotel and the Westin Galleria and had granted licenses to operate a Daily Grill at LAX, a Daily Grill at the DoubleTree Hotel in Skokie, Illinois and for the City Bar & Grill in the San Jose Hilton.

- RESTAURANT MANAGEMENT SERVICES

In conjunction with the Company's entry into the hotel restaurant market, in May 1998, the Company began providing management services at the City Bar & Grill at the San Jose Hilton. In September 2002 the agreement relating to the Company's management of the City Bar and Grill was converted to a license agreement under which the Company is entitled to receive royalties equal to the greater of \$2,500 per month or 1.5% on sales.

In May 1998, the Company, pursuant to its agreement with HRP, began providing management services for a restaurant in the Burbank Hilton Hotel. The restaurant was converted from its former format to a Daily Grill in January 1999. Pursuant to its management agreement with the hotel, the Company invested \$500,000 for conversion of the restaurant to a Daily Grill and is responsible for management and supervision of the restaurant. The Company is entitled to a management fee equal to 8.5% of the gross receipts of the restaurant. Additionally, the Company is entitled to 30% percent of the annual profits of the restaurant in excess of a base amount.

In March 1999, the Company, pursuant to the Hotel Property Agreement (see below), began providing management services for a Daily Grill restaurant at the Georgetown Inn. Pursuant to its management agreement with the hotel, the Company was not required to invest in the restaurant but is responsible for management and supervision of the restaurant. The Company is entitled to a management fee equal to 8% of the gross receipts of the restaurant. Additionally, the Company is entitled to a percentage of the annual profits of the restaurant.

In February 2002, the Company, pursuant to the Hotel Property Agreement, began providing management services for a Daily Grill restaurant at the Handlery Hotel in San Francisco. Pursuant to its management agreement with the hotel, the Company advanced the restaurant \$287,000 to be paid out of future operating profits. The Company is entitled to a management fee equal to 6% of gross

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

receipts of the restaurant. Additionally, the Company is entitled to 25% of the net income of the restaurant.

In July 2002, the Company, pursuant to the Hotel Property Agreement, began providing management services for a Daily Grill restaurant at the Westin Galleria in Houston, Texas. Pursuant to its management agreement with the hotel, the Company advanced the restaurant \$64,000 to be repaid out of net income available for distribution, second only to owner's working capital advances. The Company is entitled to a management fee equal to 5% of gross receipts of the restaurant. Additionally, the Company is entitled to 35% of the annual profits of the restaurant after working capital requirements are satisfied.

- RESTAURANT LICENSING

LAX Daily Grill. Since January 1997, CA One Services has operated a Daily Grill restaurant (the "LAX Daily Grill") in the International Terminal of the Los Angeles International Airport. The LAX Daily Grill was originally operated as a joint venture between the Company and CA One Services, and since April 1998 has been operated by CA One Services under a license agreement.

Pursuant to the terms of the License Agreement, the Company is entitled to receive royalties in an amount equal to 2.5% of the first \$5 million of annual revenues from the restaurant and 4% of annual revenues in excess of \$5 million.

Skokie Daily Grill. In September 2000, pursuant to the Hotel Property Agreement, a licensed Daily Grill restaurant was opened in the DoubleTree Hotel in Skokie, Illinois. Under the terms of the license, the hotel operator paid all costs to build and open the restaurant and the Company is entitled to a license fee equal to the greater of \$65,000 or 2% of sales per year.

HOTEL PROPERTY AGREEMENT

In order to facilitate the Company's efforts to open restaurants on a large scale basis in hotel properties, the Company, in August of 1998 entered into the Hotel Property Agreement with HRP pursuant to which HRP has agreed to assist the Company in locating suitable hotel locations for the opening of the Company's restaurants. HRP is responsible for identifying suitable hotel locations in which a Grill or Daily Grill can be operated ("Managed Outlets") and negotiating and entering into leases or management agreements for those properties. The Company will, in turn, enter into management agreements with HRP or the hotel owners, as appropriate. The Company may advance certain pre-opening costs and certain required advances ("Manager Loans") and will manage and supervise the day to day operations of each Managed Outlet. The Company will be entitled to receive from HRP a base overhead fee equal to \$1,667 per month per Managed Outlet. Net income after repayments required on Manager Loans from each Managed Outlet will be allocated 75% to the Company and 25% to HRP.

In July 2001, in conjunction with an investment in the Company by Starwood Hotels, the Hotel Property Agreement was amended to limit, for so long as the Company is subject to the exclusivity provisions of a Property Development Agreement with Starwood, the amounts payable to HRP to \$400,000 annually plus 12.5% of the amounts otherwise payable to HRP with respect to the Burbank, Georgetown and San Jose Hilton restaurants.

The Agreement with HRP also provides that, beginning in May 2004, the Company shall have the right to acquire HRP and HRP shall have the right to cause the Company to acquire HRP. The purchase price of HRP shall be computed by (1) multiplying the operating income of HRP over the preceding twelve months,

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

excluding operating income attributable to certain defined restaurants, by ten, (2) subtracting from the product the principal balance of loans made in connection with the development of restaurants pursuant to the HRP Agreement, and (3) multiplying that amount by 25%. The purchase price shall be payable in common stock of the Company based on the average closing price of the common stock over the ten trading days immediately preceding closing.

Pursuant to the July 2001 amendment to the Hotel Property Agreement, the maximum purchase price of HRP will not exceed \$4,500,000.

BUSINESS EXPANSION

The Company's expansion plans focus on the addition of Daily Grill restaurants with selected expansion of the Grill restaurant concept also planned.

Management continually reviews possible expansion into new markets and within existing markets. Such review will entail careful analysis of potential locations to assure that the demographic make-up and general setting of new restaurants is consistent with the patterns which have proven successful at the existing Daily Grills and Grills. While the general appearance and operations of future Daily Grills and Grill restaurants are expected to conform generally to those of existing facilities, the Company intends to monitor the results of any modifications to its existing restaurants and to incorporate any successful modifications into future restaurants. All future restaurants are expected to feature full bar service.

The Company's future expansion efforts are expected to concentrate on (1) expansion into new markets through the establishment of hotel based restaurants pursuant to the Hotel Property Agreement, and (2) expansion within existing markets through the opening of non-hotel based restaurants. With the assistance of HRP, the Company expects to establish name recognition and market presence through the opening of Daily Grill and Grill restaurants in fine hotel properties in strategic markets throughout the United States. Upon establishing name recognition and a market presence in a market, the Company intends to construct and operate clusters of free standing restaurants within those markets. Management intends to limit the construction and operation of Grill restaurants to one restaurant per market while constructing multiple Daily Grill restaurants within each market. The exact number of Daily Grill restaurants to be constructed within any market will vary depending upon population, demographics and other factors.

At December 29, 2002, the Company operated non-hotel based Daily Grill and Grill restaurants in Southern California, principally the greater-Los Angeles market, and metropolitan Washington, D.C. Management is presently evaluating the opening of additional non-hotel based Daily Grill and Grill restaurants in existing markets and in other major metropolitan areas. Existing markets will be evaluated for expansion in order to establish market presence and economies of scale. As of March 2003, no definitive site had been identified for future construction of free standing restaurants. Management anticipates that the cost to open additional free standing Daily Grill and Grill restaurants will average \$325 per square foot per restaurant, less tenant improvement allowances, with each restaurant expected to be approximately 6,000 to 7,000 square feet in size. Actual costs may vary significantly depending upon the tenant improvements, market conditions, rental rates, labor costs and other economic factors prevailing in each market in which the Company pursues expansion.

At December 29, 2002, hotel based Daily Grill restaurants were operated under management or licensing agreements in Southern California, Washington,

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

D.C., Skokie, Illinois, San Francisco, California and Houston, Texas, and hotel based Grill restaurants were operated in San Jose, California and Chicago, Illinois. The Company and HRP are presently evaluating the opening of additional hotel based Daily Grill restaurants in existing markets and in other major metropolitan areas. Each hotel restaurant arrangement will be negotiated separately and the size of the restaurants, ownership and operating arrangements and capital investment by the Company may vary widely. The Company signed a lease for a hotel-based owned Daily Grill restaurant in Bethesda, Maryland.

STARWOOD DEVELOPMENT AGREEMENT

On July 27, 2001, in conjunction with the purchase by Starwood Hotels and Resorts of 666,667 shares of the Company's common stock and 666,667 \$2.00 warrants for \$1,000,000, the Company and Starwood entered into a Development Agreement under which the Company and Starwood agreed to jointly develop the Company's restaurant properties in Starwood hotels.

Under the Starwood Development Agreement, either the Company or Starwood may propose to develop a Daily Grill, Grill or City Bar and Grill restaurant in a Starwood hotel property. If the parties agree in principal to the development of a restaurant, the parties will attempt to negotiate either a management agreement or a license agreement with respect to the operation of the restaurant.

So long as Starwood continues to meet certain development thresholds set forth in the Development Agreement, the Company is prohibited from developing, managing, operating or licensing the Company's restaurants in any hotel owned, managed or franchised by a person or entity, other than Starwood, with more than 50 locations operated under a single brand. Existing hotel based restaurants are excluded from the exclusive right of Starwood. The development thresholds required to be satisfied to maintain Starwood's exclusive development rights require, generally, (1) the signing of an average of one management agreement or license agreement with respect to Daily Grill restaurants annually over the life of the Development Agreement, (2) the signing of one management agreement or license agreement in any two year period with respect to Grill restaurants, and (3) the signing of an aggregate average of three management agreements or license agreements with respect to all of the Company's restaurants annually over the life of the Development Agreement. Satisfaction of the thresholds set forth in the Development Agreement are determined on each anniversary of the Development Agreement. With respect to satisfaction of the specific thresholds applying to Daily Grill restaurants and Grill restaurants, the failure to satisfy the development thresholds with respect to those individual brands will terminate the exclusivity provisions relative to such brand but will not effect the exclusivity rights as to the other brand or in general.

Under the Development Agreement, the Company is obligated to issue to Starwood warrants to acquire a number of shares of the Company's common stock equal to four percent of the outstanding shares upon the attainment of certain development milestones. Such warrants are issuable upon execution of management agreements and/or license agreements relating to the development and operation, and the commencement of operation, of an aggregate of five, ten, fifteen and twenty of the Company's branded restaurants. If the market price of the Company's common stock on the date the warrants are to be issued is greater than the market price on the date of the Development Agreement, the warrants will be exercisable at a price equal to the greater of (1) 75% of the market price as of the date such warrant becomes issuable, or (2) the market price on the date of the Development Agreement. If the market price of the Company's common stock on the date the warrants are to be issued is less than the market price on the date of the Development Agreement, the warrants will be exercisable at a price equal to the market price as of the date such warrants become issuable. The warrants will be exercisable for a period of five years.

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

In addition to the warrants described above, if and when the aggregate number of Company restaurants operated under the Development Agreement exceeds 35% of the total Daily Grill, Grill and City Grill-branded restaurants, the Company will be obligated to issue to Starwood a warrant to purchase a number of shares of the Company's common stock equal to 0.75% of the outstanding shares on that date exercisable for a period of five years at a price equal to the market price at that date. On each anniversary of that date at which the restaurants operated under the Development Agreement continues to exceed the 35% threshold, for so long as the Development Agreement remains effective, the Company shall issue to Starwood additional warrants to purchase 0.75% of the outstanding shares on that date at an exercise price equal to the market price on that date.

-10-

Following the events of September 11, 2001, Starwood substantially curtailed new development activities and only one management agreement has, as yet, been entered into under the Development Agreement. Certain portions of the exclusivity agreement have terminated due to the lack of performance on Starwood's part.

RESTAURANT MANAGEMENT

The Company strives to maintain quality and consistency in its restaurants through the careful hiring, training and supervision of personnel and the adherence to standards relating to food and beverage preparation, maintenance of facilities and conduct of personnel. The Company believes that its concept and high sales volume enable it to attract quality, experienced restaurant management and hourly personnel. The Company has experienced a relatively low turnover at every level at its Daily Grill and Grill restaurants. See "-- Daily Grill Restaurants" above.

Each Daily Grill and Grill restaurant, including both free standing and hotel based restaurants, is managed by one general manager and up to four managers or assistant managers. Each restaurant also has one head chef and one or two sous chefs, depending on volume. On average, general managers have approximately seven years experience in the restaurant industry and three years with the Company. The general manager has primary responsibility for the operation of the restaurant and reports directly to an Area Director who in turn reports to the Company's Director of Operations. In addition to ensuring that food is prepared properly, the head chef is responsible for product quality, food costs and kitchen labor costs. Each restaurant has approximately 85 employees. Restaurant operations are standardized, and a comprehensive management manual exists to ensure operational quality and consistency.

The Company maintains financial and accounting controls for each Daily Grill and Grill restaurant through the use of a "point-of-sale" computer system integrated with centralized accounting and management information systems. In the year 2000, the point of sale systems in the original six Daily Grills were updated to new systems similar to those in newer restaurants. Inventory, expenses, labor costs, and cash are carefully monitored with appropriate control systems. With the current systems, revenue and cost reports, including food and labor costs, are produced every night reflecting that day's business. The restaurant general manager, as well as corporate management, receive these daily reports to ensure that problems can be identified and resolved in a timely manner. All employees receive appropriate training relating to cost, revenue and cash control. Financial management and accounting policies and procedures are developed and maintained by the Company's Corporate Controller, Director of Information Systems, and Chief Financial Officer.

All managers participate in a comprehensive six week training program

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

during which they are prepared for overall management of the dining room. The program includes topics such as food quality and preparation, customer service, food and beverage service, safety policies and employee relations. In addition, the Company has developed training courses for assistant managers and chefs. The Company typically has a number of employees involved in management training, so as to provide qualified management personnel for new restaurants. The Company's senior management meets bi-weekly with each restaurant management team to discuss business issues, new ideas and revisit the manager's manual. Overall performance at each location is also monitored with shoppers' reports, guest comment cards and third party quality control reviews.

Servers at each restaurant participate in approximately ten days of training during which the employee works under close supervision, experiencing all aspects of the operations both in the kitchen and in the dining room. The extensive training is designed to improve quality and customer satisfaction. Experienced servers are given responsibility for training new employees and are rewarded with additional hourly pay plus other incentives. Management believes that such practice fosters a cooperative team approach which contributes to a lower turnover rate among employees. Representatives of corporate management regularly visit the restaurants to ensure that the Company's philosophy, strategy and standards of quality are being adhered to in all aspects of restaurant operations.

-11-

PURCHASING

The Company has developed proprietary recipes for substantially all the items served at its Daily Grill and Grill restaurants. In order to assure quality and consistency at each of the Daily Grill and Grill restaurants, ingredients approved for the recipes are ordered on a unit basis by each restaurant's head chef from a supplier designated by the Company's Vice President-Operations and Development. Because of the emphasis on cooking from scratch, virtually all food items are purchased "fresh" rather than frozen or pre-cooked, with the exception being bread, which is ordered from a central supplier which prepares the bread according to a proprietary recipe and delivers daily to assure freshness. In order to reduce food preparation time and labor costs while maintaining consistency, the Company is working with outside suppliers to produce a limited number of selected proprietary items such as salad dressings, soups and seasoning combinations.

The Company utilizes its point-of-sale computer system to monitor inventory levels and sales, then orders food ingredients daily based on such levels. The Company employs contract purchasing in order to lock in food prices and reduce short term exposure to price increases. The Company's Vice President-Operations and Development establishes general purchasing policies and is responsible for controlling the price and quality of all ingredients. The Vice President - Operations and Development in conjunction with the Company's team of chefs, constantly monitors the quality, freshness and cost of all food ingredients. All essential food and beverage products are available, or upon short notice can be made available, from alternative qualified suppliers.

ADVERTISING AND MARKETING

The Company's marketing philosophy is to provide our guests with an exceptional and enjoyable dining experience that creates loyalty and frequent visits. The Company's marketing and promotional efforts have been fueled historically by its quality reputation, word of mouth, and positive local reviews. The Grill on the Alley and The Daily Grill have been featured in articles and reviews in numerous local as well as national publications. The Company supplements its reputation with a program of marketing and public

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

relations activities designed to keep the Daily Grill and Grill name before the public. Such activities include media advertising, direct mail promotions, customer newsletters, a birthday club, as well as holiday and special interest events. The Company also supports and participates in local charity campaigns. These activities are managed by a full time Director of Marketing. Guest feedback is solicited regularly through a comment card program. During 2002, expenditures for advertising and promotion were approximately 1.3% of gross revenues.

COMPETITION

The Daily Grill restaurants compete within the mid-price, full-service casual dining segment. Daily Grill competitors include national and regional chains, such as Cheesecake Factory and Houston's, as well as local owner-operated restaurants. Grill restaurants compete within the fine dining segment. Grill competitors include a limited number of national fine dining chains as well as selected local owner-operated fine dining establishments. Competition for the Company's hotel based restaurants is primarily limited to restaurants within the immediate proximity of the hotel.

The restaurant business is highly competitive with respect to price, service, restaurant location and food quality and is affected by changes in consumer tastes, economic conditions and population and traffic patterns. The Company believes it competes favorably with respect to these factors. The Company believes that its ability to compete effectively will continue to depend in large measure on its ability to offer a diverse selection of high quality, fresh food products with an attractive price/value relationship served in a friendly atmosphere.

EMPLOYEES

The Company and its subsidiaries employ approximately 1,269 people, 37 of whom are corporate personnel and 98 of whom are restaurant managers, assistant managers and chefs. The remaining employees are restaurant personnel. Of the Company's employees, approximately 40% are full-time employees, with the remainder being part-time employees.

Management believes that its employee relations are good at the present time. An anonymous employee survey is taken each year and the results are disseminated to keep management aware of the level of employee satisfaction.

-12-

With the exception of the Chicago Grill on the Alley, none of the Company's employees are represented by labor unions or are subject to collective bargaining or other similar agreements. The union contract covering the Chicago Grill expired in August 2002 and is presently in negotiation. Pending agreement on a new union contract, the Chicago Grill on the Alley is subject to the risk a work stoppage although management does not anticipate one.

TRADEMARKS AND SERVICE MARKS

The Company regards its trademarks and service marks as having significant value and as being important to its marketing efforts. The Company has registered its "Daily Grill" mark and logo and its "Satisfaction Served Daily," "Think Daily," "Daily Grind" and other marks with the United States Patent and Trademark Office as service marks for restaurant service, and has secured California state registration of such marks. The Company's policy is to pursue registration of its marks and to oppose strenuously any infringement.

GOVERNMENT REGULATION

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

The Company is subject to various federal, state and local laws affecting its business. Each of the Company's restaurants is subject to licensing and regulation by a number of governmental authorities, which may include alcoholic beverage control, health and safety, and fire agencies in the state or municipality in which the restaurants are located. Difficulties or failures in obtaining or renewing the required licenses or approvals could result in temporary or permanent closure of the Company's restaurants.

Alcoholic beverage control regulations require each of the Company's restaurants to apply to a state authority and, in certain locations, county and municipal authorities for a license or permit to sell alcoholic beverages on the premises. Typically, licenses must be renewed annually and may be revoked or suspended for cause at any time. Alcoholic beverage control regulations relate to numerous aspects of the daily operation of the Company's restaurants, including minimum age of patrons and employees, hours of operation, advertising, wholesale purchasing, inventory control, and handling, storage and dispensing of alcoholic beverages.

The Company may be subject in certain states to "dram-shop" statutes, which generally provide a person injured by an intoxicated person the right to recover damages from an establishment which served alcoholic beverages to such person. In addition to potential liability under "dram-shop" statutes, a number of states recognize a common-law negligence action against persons or establishments which serve alcoholic beverages where injuries are sustained by a third party as a result of the conduct of an intoxicated person. The Company presently carries liquor liability coverage as part of its existing comprehensive general liability insurance.

Various federal and state labor laws govern the Company's relationship with its employees, including such matters as minimum wage requirements, overtime and other working conditions. Significant additional government-imposed increases in minimum wages, paid leaves of absence and mandated health benefits, or increased tax reporting requirements for employees who receive gratuities, could be detrimental to the economic viability of the Company's restaurants. Management is not aware of any environmental regulations that have had a material effect on the Company to date.

ITEM 2. PROPERTIES

With the exception of certain properties which may be operated pursuant to management arrangements or partnership or joint venture arrangements, all of the Company's restaurants are located in space leased from parties unaffiliated with the Company. The leases have initial terms ranging from 10 to 25 years, with varying renewal options on all but one of such leases. Each of the leases provides for a base rent plus payment of real estate taxes, insurance and other expenses, plus additional percentage rents based on revenues of the restaurant. See "Business."

The Grill restaurant in San Jose is located in space leased from a hotel management company which may be deemed to be controlled by a director of the Company, Lewis Wolff who may also be deemed to be an affiliate of the Company as a result of his holdings of common stock and securities convertible into or exercisable to acquire common stock of the Company.

-13-

The Company's executive offices are located in 3,300 square feet of office space located in Los Angeles, California. Such space is leased from an unaffiliated party pursuant to a lease expiring in May 2005.

Edgar Filing: GRILL CONCEPTS INC - Form 10-K

Management believes that the Company's existing restaurant and executive office space is adequate to support current operations. The Company intends to lease, from time to time, such additional office space and restaurant sites as management deems necessary to support its future growth plans.

ITEM 3. LEGAL PROCEEDINGS

Restaurants such as those operated by the Company are subject to litigation in the ordinary course of business, most of which the Company expects to be covered by its general liability insurance. However, punitive damages awards are not covered by general liability insurance. Punitive damages are routinely claimed in litigation actions against the Company. No material causes of action are presently pending against the Company. However, there can be no assurance that punitive damages will not be given with respect to any actions which may arise in the future.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of the Company's stockholders through the solicitation of proxies, or otherwise, during the fourth quarter of the Company's fiscal year ended December 29, 2002.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

The Company's common stock is currently traded in the over-the-counter market and is quoted on the Nasdaq Small-Cap Market ("Nasdaq") under the symbol "GRIL". The following table sets forth the high and low bid price per share for the Company's common stock for each quarterly period during the last two fiscal years:

		High	Low
