### **Contracting insurance cover for the Bolivian Refineries**

(Rio de Janeiro, June 25, 2007). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA, BCBA: APBR/APBRA], a Brazilian international energy company, announces that on June 22 2007 its subsidiary, Petrobras Bolívia Refinación (PBR) took out new insurance coverage with the La Boliviana Ciacruz de Seguros y Reaseguros S.A. insurance company for the operations at its two Bolivian refineries - Gualberto Villarroel in Cochabamba and Guillermo Elder Bell in Santa Cruz. This insurance policy has been issued irrespective of the refineries operator.

PBR has been obliged to renegotiate this new insurance cover independently of other Petrobras insurance coverage, and specifically for its Bolivian refineries, given that the previous policy would have ceased to be valid should any assets come to be operated by any entity other than Petrobras.

Petrobras contracts worldwide blanket insurance coverage for all operations at its refineries in various countries, which previously included the two refineries in Bolivia. Contractually, this coverage is automatically cancelled when Petrobras is no longer responsible for plant operations.

After no proposal was received that accepted a change in operator for the refineries on the occasion of the first price bidding round, a second round was concluded with the acceptance of the above policy's conditions which comply with Petrobras corporate standards.

In short, the new insurance policy covers all risks of damage to the installations, machinery, equipment, civil works and product inventory as well as civil liability for risks caused to third parties and their properties.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
