Put Option for the Pasadena Refinery

(Rio de Janeiro, April 16 2009). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA, BCBA: APBR/APBRA], a Brazilian international energy company, announces that an arbitral decision under the arbitration rules of the International Centre for Dispute Resolution has defined the amount Petrobras America Inc. (PAI), a wholly-owned Petrobras subsidiary, must pay to Transcor Astra Group (Astra) as a result of the put option exercised by Astra for its 50% interest in Pasadena Refining System Inc (PRSI) and in the PRSI Trading Company.

The put option exercise price was set at US\$466 million to be paid in three installments, the first due on April 27 2009, of US\$296 million, and the two subsequent ones, of US\$85 million, due in September 2009 and in September 2010.

As the result of said the exercise of the put option, Petrobras, through PAI and its affiliates, will hold 100% of PRSI, which owns Pasadena refinery, in Texas, and PRSI Trading, a company incorporated to purchase feedstock, including crude oil, and trade the oil products.

Petrobras through its attorneys and consultants is analyzing the arbitral decision.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
