Yes No

Clarification about news: acquisitions

Rio de Janeiro, August 24 2009 PETRÓLEO BRASILEIRO S/A PETROBRAS, regarding the news published by the press about potential acquisitions by Petrobras in the petrochemical and biofuel segments, wishes to clarify that is party of its business to constantly analyze different opportunities in all the segments which the Company operates.

Regarding the takeover of Brenco, a Brazilian ethanol company, Petrobras clarifies that some analysis are being developed by the Companies in view to single out possible synergies in the biofuel production area, but that thus far no deal has been made.

About the possible takeover of Quattor Participações S.A. (Quattor) by Braskem S.A. (Braskem), the Company, as a minority shareholder of both Braskem and Quattor, ratifies the press release issued by Braskem today, informing that although Braskem and Quattor shareholders have been analyzing possible strategic alliance opportunities, until the present time, there has been no concrete result or commitment.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
