## **12.01 REPORT OF INDEPENDENT AUDITORS**

### **REVIEW REPORT OF INDEPENDENT AUDITORS**

To the Board of Directors and Shareholders of  
**Companhia Brasileira de Distribuição**  
São Paulo - SP

1. We have audited the balance sheets of Companhia Brasileira de Distribuição and the consolidated balance sheets of Companhia Brasileira de Distribuição and its subsidiaries, as of December 31, 2009 and 2008 and the related statements of income, shareholders' equity, cash flow and value added for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements. The financial statements and consolidated subsidiary of Globex Utilidades S.A. raised in the six months ended 31 December 2009 were audited by other auditors. Our opinion, with respect to the values of investment, equity income, assets and liabilities, the net sales and net profit for the exercise, and values and other information, including explanatory notes and the performance report relating to the subsidiary, is based solely on the opinion of those independent auditors.

2. We conducted our audits in accordance with auditing standards generally accepted in Brazil and included: a) planning the work, considering the materiality of the volume of transactions and the accounting and internal controls of the Company and its subsidiaries, b) the examination, on a test basis, evidence and records supporting the amounts and accounting information disclosed, and c) evaluating the significant accounting estimates and estimates made by management and subsidiaries as well as the presentation of the taken as a whole.

3. In our opinion, based on our audits and the advice of other auditors, the financial statements referred to in first paragraph present fairly, in all material respects, the financial position of Companhia Brasileira de Distribuição and its financial position and consolidated Companhia Brasileira de Distribuição and its subsidiaries at December 31, 2009 and 2008, the results of its operations, changes in shareholders' equity, cash flows and values added operations for the years then ended in accordance with accounting practices adopted in Brazil.

## 13.01 MANAGEMENT REPORT

### Management Comments

For Grupo Pão de Açúcar, 2009 will undoubtedly be remembered as a year of achievements that helped consolidate our leading position as Latin America's largest retail company.

Despite the financial market wariness in the opening months, we began 2009 with real growth in same-store sales, higher customer traffic and an increase in the average ticket, indicators which maintained a consistent upward trend throughout the year.

Our objectives have been clear since the outset: to grow in a sustainable manner, while continuing to control expenses and exercise capital discipline, seeking greater price competitiveness and taking advantage of existing opportunities to boost sales and increase the Group's share in new businesses.

In 2009, we exceeded all our annual guidance targets that didn't consider Ponto Frio's operations. Gross sales totaled R\$ 23.3 billion (guidance > R\$ 23.0 billion); same-store sales increased by 4.5% in real terms (guidance > real growth of 2.5%); EBITDA came to R\$ 1,530.4 million (guidance > R\$ 1.5 billion) and the net debt / EBITDA ratio stood at 0.44x (guidance < 1x).

Including the acquisition of Ponto Frio, which took place in July, we closed the year with gross sales of R\$ 26.2 billion, 25.7% more than the year before. We also gained market share, mainly in non-food sales, which recorded same-store growth of 13.5%.

Among the factors that accounted for this performance was the consolidation of the sales pillars introduced into our daily activities in 2008: assortment, pricing, communication and services. The Group's solid capital structure also played a crucial role in increasing our market share.

We also strengthened our position in the non-food segment through two important initiatives: the acquisition of Ponto Frio in June and the joint venture signed with Casas Bahia in December. These operations complemented our positioning in the durable goods segment, allowing us to serve consumers from across the income spectrum. In addition, we broadened our knowledge of the segment, capturing synergies, pursuing service excellence and offering a series of benefits to customers, including greater product assortment, more attractive prices and easier access to credit.

Although Ponto Frio's results are still far from the levels expected by the Group, its turnaround is being implemented successfully and within the original schedule, reversing the negative trend at the beginning of 2009 and ensuring a strong sales recovery. The synergies captured so far are above initial expectations, representing gains in several areas, including information technology, logistics, marketing, purchasing and the granting of credit.

The decision to strengthen the Group's share of the non-food segment is part of the overall strategy laid down by the Board of Directors in 2007. In addition, recent studies have shown the importance, and growth potential, of this segment in Brazil. Also, the government's tax-related initiatives, including the ICMS tax substitution regime, have helped formalize the segment, leading to fairer competition.

Our non-food operations will be further strengthened by the integration and segmentation of Ponto Frio and Extra's e-commerce operations ([www.pontofrio.com.br](http://www.pontofrio.com.br) and [www.extra.com.br](http://www.extra.com.br)), which will create a business with an annual turnover of more than R\$ 1.0 billion.

Other annual highlights included the acquisition of the remaining 40% of Assaí, which should lead to greater dynamism and the capture of further synergies in 2010.

Another important step was the pointing of Enéas Pestana as the Group's CEO. As part of the transition process, which should occur in 2010, Mr. Pestana took over the recently-created post of Chief Operating Officer at the end of 2009.

The Group has also evolved internally. Our current team is motivated, integrated, aligned with the pursuit of results and the creation of value and, above all, fully confident in the growth prospects in the coming years.

We also recorded progress on the corporate sustainability front with the institution of a sustainability committee to structure related issues, and the implementation of various initiatives, including building new green stores, promoting the use of recycled bags and mitigating environmental impact in regard to water and energy. In 2010, we expect to record further advances in this area, ensuring that the principles and ideals of sustainability play an increasingly important role in our daily activities.

If the market impact of the crisis was not as severe as originally expected, the impact on the Group itself was even less. We closed 2009 in a much stronger position, with an internal culture focused on achieving results and, with the consolidation of a process begun in the previous year, greater efficiency.

Competitiveness is the name of the game. We will continue to seek increased efficiency in order to pass part of the resulting gains on to consumers. In this context, 2010 should be a year of continued growth for the Company, allowing us to substantially accelerate our organic expansion plan thanks to our solid capital structure. We will also remain alert to any opportunities for strategic acquisitions that may leverage the return on invested capital.

We have approved our biggest ever three-year investment plan totaling around R\$ 5 billion through 2012, most of which will be allocated to the opening of new stores. In particular, we will be investing in those formats that generate higher returns, notably Assaí, Extra Fácil and Extra Supermercado.

Our investment plan reflects the positive outlook for the Brazilian economy and confirms our commitment to the creation of jobs and the development of the country as a whole. Although we will be prioritizing organic growth through the inauguration of new stores, we will also remain alert to any opportunities for acquisitions that will result in operational synergies and create value.

## Operating Performance

The numbers related to Grupo Pão de Açúcar's operating and financial performance commented on below are presented: (i) on a **consolidated basis**, which includes the full operating and financial results of Sendas Distribuidora (a joint venture with the Sendas chain in Rio de Janeiro), Assaf (Rede Atacadista Assaf) and, as of the third quarter of 2009, Globex Utilidades S.A. (Ponto Frio); and (ii) on a **comparable basis**, which entirely excludes the operating and financial results of Globex Utilidades S.A.

**The figures below include the accounting changes introduced by Law 11,638/07.** The information related to 2008 also includes comments on the pro-forma results, which exclude restructuring costs of R\$ 23.0 million in the first quarter of 2008.

#### [Comparable-basis comments – excluding Ponto Frio]

**In the full year**, the Group, excluding Ponto Frio's operations, recorded gross sales of R\$ 23,334.5 million and net sales of R\$ 20,769.4 million, 11.9% and 15.2% up, respectively, on the previous year.

On a same-store basis, gross sales recorded nominal growth of 9.6%, equivalent to a real upturn of 4.5% after deflation by the General IPCA consumer price index<sup>(1)</sup>, while same-store net sales grew by 12.7%. Also on a same-store basis, food and non-food sales recorded growth of 8.3% and 13.5%, respectively.

**The Company's 2009 gross sales and real same-store sales growth targets were both surpassed.** Gross sales (excluding Ponto Frio) totaled R\$ 23.3 billion, versus the target of R\$ 23 billion, while real same-store sales grew by 4.5% (target of 2.5%).

**[Consolidated comments including Ponto Frio]**

**In the full year**, GPA posted gross sales of R\$ 26,223.0 million and net sales of R\$ 23,254.2 million, 25.7% and 29.0% up, respectively, on 2008.

(1) Like ABRAS (the Brazilian Supermarket Association), the Company has adopted the IPCA – General Consumer Price Index as its inflation indicator, since

it gives a more accurate reflection of the Group's product and brand mix.

(2) Ponto Frio's same-store concept includes physical and electronic/wholesale sales.

**In the full year**, operating expenses totaled R\$ 3,772.4 million, 9.9% up on 2008. As a percentage of net sales, they came to 18.2%, 80 bps down on the same period last year and the Group's lowest ever ratio.

It is worth remembering that the 1Q08 operating results were affected by restructuring expenses totaling R\$ 23.0 million. Excluding this effect, 2009 operating expenses would have increased by 10.7% in relation to the 2008 pro-forma result.

**[Consolidated comments including Ponto Frio]**

**[Comparable-basis comments excluding Ponto Frio]**

**In the full year**, the net financial result was R\$ 244.7 million negative, 22.8% down year-on-year, primarily due to the mark to market effect and the restatement of assets and liabilities, which more than offset the gains from the period reduction in net debt and the lower CDI interbank rate.

**The Group met its 2009 net debt/EBITDA guidance of < 1x, recording a ratio of 0.44x**, reflecting the policy of maintaining a solid cash structure through continuous control of expenses and investments.

**[Consolidated comments including Ponto Frio]**

**In the full year**, the net financial result was negative by R\$ 284.6 million. The net debt/EBITDA ratio stood at 0.47x, also below the 2009 guidance, even considering the consolidation of Ponto Frio.

**Equity Income**  
**FIC's 2009 result increases by five times in 2009**

On September 30, 2009 FIC Financeira Itaú CBD took over the management of Banco Investcred BINV, Globex's financing arm, aiming to boost Ponto Frio's sales and increase profitability through the adoption of a strict credit policy and differentiated payment conditions, as well as the pursuit of synergies.

Following FIC's merger with BINV and given their respective shareholders' equities, GPA now retains a 36% interest in FIC, while Globex retains a 14% stake. The Group's consolidated interest in FIC remains at 50%.

**In the full year**, FIC's equity income totaled R\$ 15.2 million, a massive 424.1% more than the R\$ 2.9 million recorded in 2008. Including BINV, annual equity income came to R\$ 17.6 million.

**Sendas Distribuidora**  
**EBITDA Margin of 6.1% in 2009**

The comments on Sendas Distribuidora's operating performance do not include the five stores converted into Assaí outlets in 2009. The results of Assaí's operational stores in Rio de Janeiro will be discussed in the section on Assaí Atacadista.

**In the full year**, Sendas recorded gross sales of R\$ 3,465.7 million and net sales of R\$ 3,009.3 million, 3.1% and 3.0% up on 2008, respectively

Gross profit came to R\$ 804.7 million, with a gross margin of 26.7%. Operating expenses totaled R\$ 620.1 million, representing 20.6% of net sales, while EBITDA stood at R\$ 184.6 million, with a margin of 6.1%. The company posted annual net income of R\$ 39.5 million, generating a negative minority interest of R\$ 16.8 million.

**Assaí Atacadista**  
**EBITDA climbs 13.7% in the 2009**

**In the full year**, gross sales came to R\$ 2,196.5 million, up by 51.3%, while net sales climbed by 56.1% to R\$ 1,981.8 million. Gross profit totaled R\$ 291.3 million, 47.4% more than in 2008.

Total operating expenses closed the year at R\$ 237.9 million, equivalent to 12.0% of net sales, in line with 2008. EBITDA amounted to R\$ 53.4 million, with a margin of 2.7%, down by 100 bps, due to the inauguration of seven new stores and the conversion of five existing stores into the Assaí format, most of which in Rio de Janeiro. Although these units recorded higher sales while maintaining total operating expenses, they have not yet reached maturity. Excluding the Rio stores, the EBITDA margin came to 4.1% . Consolidated net income totaled R\$ 16.0 million.

Also including the above effects, 2009 net income came to R\$ 642.2 million.

**Investments**  
**The Group invested R\$ 723.1 million in 2009**

**In the full year**, GPA invested R\$ 723.1 million, versus R\$ 503.0 million in 2008. Of this total, around 37% went to the opening of 46 new stores, 35% to the renovation and conversion of existing stores and 29% to infrastructure (technology and logistics).

## Dividends

R\$ 94.1 million in dividends will be proposed to the Annual General Meeting, complementing the R\$ 46.4 million prepaid in 2009. Total dividends for fiscal year 2009 will therefore come to R\$ 140.5 million, 127.2% up on the previous year.

In accordance with the Dividend Distribution Policy approved on August 3, 2009, R\$ 94.1 million corresponds to the difference between the minimum mandatory dividends, calculated on the Group's performance in 2009, and the R\$ 46.4 million prepaid in 2009.

The R\$ 94.1 million payment proposed by GPA's Management corresponds to R\$ 0.357930 per common share, R\$ 0.393723 per class A preferred share and R\$ 0.01 per class B preferred share.

### Globex Utilidades S.A. EBITDA margin widens by 80 bps in the quarter, excluding non-recurring restructuring expenses

The acquisition of Globex by Grupo Pão de Açúcar (GPA) took place in July 2009. During third and fourth quarter, the company's performance trend could be reverted, ending the year with a turnaround in results and growth in sales.

With the decision of strengthening the Group's share in the non-food segment, another major event took place in December, 2009: the joint venture signed with Casas Bahia. The aim of the initiative is to unify the operations of Ponto Frio, Casas Bahia and Extra Eletro in a single and new company, enabling the capture of synergies and benefiting consumers by providing a greater product assortment, improved service and easier access to credit.

Although Globex's results are still far from the levels expected by the Group, Ponto Frio's turnaround is being implemented successfully and within the original schedule and we expect further synergies between Globex and GPA to be captured as a result of the Casas Bahia association.

Starting from 4Q09, the numbers of Globex Utilidades S.A. are no longer impacted by Banco Investcred, whose results are presented in the Equity Income item.

**Gross sales** totaled R\$ 1,598.2 million, 8.1% up year-on-year, while **net sales** stood at R\$ 1,407.9 million, 37.6% up year-on-year. In same-store terms, gross merchandise sales, including e-commerce operations, grew 21.7%, thanks to: (i) the Christmas campaign carried out jointly with GPA, which mobilized the commercial, operational and logistics areas, ensuring more competitive promotions; (ii) greater media presence (in the main radio, TV and print vehicles) throughout Brazil; and (iii) differentiated consumer payment conditions during the Christmas season.

**Gross profit** totaled R\$ 239.1 million, 7.2% up year-on-year, accompanied by a gross margin of 17.0%, 480 bps down on 4Q08, 220 bps of which due to the ICMS tax substitution regime.

**Total operating expenses** (which include selling, general and administrative, and other expenses) stood at R\$ 277.9 million, a 27.0% increase over 4Q08. Excluding the non-recurring expenses related to restructuring, which amounted to R\$ 56.1 million, total operating expenses would have been higher by 1.4% .

**EBITDA** was a negative R\$ 38.8 million, with negative EBITDA margin of 2.8%, compared to a positive 0.4% in 4Q08.

EBITDA was affected mainly by: (i) higher gross profit on account of higher sales; (ii) restructuring expenses and provisions; and (iii) capture of synergies. Excluding the non-recurring restructuring expenses mentioned in the Total Operating Expenses section, EBITDA would be R\$ 17.3 million, with EBITDA margin of 1.2%, a 80 bps improvement over 4Q08, reversing the negative trend presented during the first three quarters.

**Net financial result** was an expense of R\$ 23.1 million, compared to an expense of R\$ 2.2 million in 4Q08, caused mainly by the interest due to the increased volume of discounts on receivables.

**Equity income** in 4Q09, considering Globex's 14% interest in FIC and the remaining 50% of BINV, was R\$ 2.4 million.

**In 4Q09** net income came to R\$ 34.5 million, compared to a net loss of R\$ 9.5 million in 4Q08. This result was positively impacted by the recovery of tax losses amounting to R\$ 109.6 million in the Income Tax item on account of a new feasibility study on the future realization of the deferred taxes, considering the Company's probable capacity to generate tax earnings in the future; and negatively impacted by the non-recurring restructuring expenses, the convergence of accounting practices, and the operating expenses relating to PontoFrio.com, which began operations as of December 2008.

*In thousands of reais, except when indicated otherwise.*

### 1. Operations

Companhia Brasileira de Distribuição ("Company" or GPA), headquartered in the City of São Paulo, State of São Paulo, is a publicly-held corporation.

The Company and its subsidiaries operate primarily as a retailer and wholesaler of food products, bazaar articles, clothing, home appliances and other products through its chain of hypermarkets, supermarkets, specialized, department stores, convenience stores and the Internet. GPA has the following brands in its portfolio "Pão de Açúcar", "Comprebem", "Extra", "Extra Eletro", Extra Perto, Extra Fácil, Extra.com Sendas, Assai and Ponto Frio e PontoFrio.com.

Founded in 1948, the Company has 85,000 employees, 1,080 stores in 20 Brazilian states and the Federal District and a logistics infrastructure comprised by 28 warehouses located in seven states.

The Company joined the Level 1 Special Corporate Governance segment of the São Paulo Stock Exchange and its shares are listed at the São Paulo and New York Stock Exchanges (ADR level III).

Diniz Group and Casino Group share the Company's control by means of a holding company named Wilkes Participações S.A., pursuant to the Agreement entered into in May 2005.

#### Relevant Operations and Partnerships

##### a) Sendas Distribuidora

GPA has a partnership with Rio de Janeiro's retail chain, Sendas, pursuant to Note 10 b (iii) -. Sendas Distribuidora S.A. ( Sendas Distribuidora ) operates retail activities of the Company and Sendas S.A. throughout the State of Rio de Janeiro.

In October 2008, GPA started operating in the cash & carry segment ( atacarejo ) in the State of Rio de Janeiro ( Assai ) by means of Xantocarpa Participações Ltda. (wholly-owned subsidiary of Sendas Distribuidora Xantocarpa ).

##### b) Partnership with Itaú (Miravalles)

As of 2004, GPA is partner of Banco Itaú Holding S.A. and Unibanco Financeira Itaú CBD S.A. ("FIC"). FIC structures and trades financial products, services and related items to GPA customers (see Note 10 b (vi)).

##### c) Acquisition of Assai

As of November 1, 2007, GPA started operating in the cash & carry segment ( atacarejo ), reinforcing its multiformat positioning. With the operations carried out in 2007 and 2009, as detailed in Note 10 b (iv), GPA acquired the total and voting capital of Barcelona Comércio Varejista e Atacadista S.A. ( Barcelona ), the recipient company of Assai Comercial e Importadora Ltda.'s spun-off assets.

**1. Operations** (Continued)

d) Acquisition of Ponto Frio

In July 2009, the Company, by means of one of its subsidiaries, acquired the share control of Globex Utilidades S.A. ( Globex ), strengthening and expanding its operations in the home appliance segment. (See Note 10 b (v))

e) Partnership with Casas Bahia

In December 2009, GPA and the controlling partners of Casas Bahia entered into a Partnership Agreement aiming at merging their retail trade of durable goods, as well as consolidating the durable goods e-commerce. This partnership will allow GPA to offer a larger diversity of products, better customer service and easier credit access. This operation is pending approval from the Brazilian antitrust authorities.

Once concluded the merger between Globex and Casas Bahia retail businesses, the Company will have the controlling interest in Globex's total and voting capital, holding, at least, fifty percent (50%) of the common shares plus one.

This partnership will be implemented within 120 days as of the date the agreement is signed and the consolidation of retail and e-commerce businesses will occur simultaneously. At December 31, 2009, said transaction did not create any accounting record.

At the Extraordinary General Meeting held at January 11, 2010, shareholders approved the Partnership Agreement, signed by CBD, Mandala and Globex and controlling partners of Casa Bahia Comercial Ltda. at December 4, 2009, which establishes the terms and conditions that will rule their business in the durable goods retail trade.

On February 3, 2010, the Company and Casas Bahia entered into a Provisional Agreement for Reversible Operation (APRO) with the Administrative Council for Economic Defense - CADE, setting forth the following: (i) the companies shall maintain their brands, Casas Bahia and Ponto Frio, and also shall carry out separate promotional campaigns, ensuring advertising investments in levels compatible with the previous years, besides the exceptional assumptions deriving from the economic situation; (ii) the companies shall continue operating current stores in the 146 municipalities where Casas Bahia and Ponto Frio perform their activities; (iii) they shall maintain their respective warehouses (CDs), also undertaking to maintain their overall employment levels; (iv) they maintain the furniture factory Bartira, subsidiary of Casas Bahia that operates exclusively for the group; (v) they shall maintain their respective credit facility policies; and (vi) they shall maintain their procurement structures and commercial agreements separately, even if they are able to work together in this field. Except for these specific conditions, the companies may adopt the measures necessary to consolidate their activities and capture the synergies resulting from this operation.

## **2. Basis of preparation and presentation of quarterly information**

### a) Financial Statements

The individual (parent company) and consolidated financial statements were prepared and are presented according to the rules issued by the Brazilian Securities and Exchange Commission (CVM), the provisions of the Brazilian Corporation Law (Law 6,404/76), including provisions amended by Laws 11,638/07 and 11,941/09, as well as pronouncements, guidelines and interpretations issued by the Brazilian Committee on Accounting Pronouncements (CPC). These financial statements were approved at the board of executive officers meeting held at February 25, 2010.

## 2. Basis of preparation and presentation of quarterly information (Continued)

### a) Financial Statements (Continued)

During 2009, the Brazilian Committee on Accounting Pronouncements (CPC) issued and the Brazilian Securities and Exchange Commission (CVM) approved several Technical Pronouncements, Interpretations and Guidelines whose effectiveness is only mandatory as of January 1, 2010, requiring that the Company present again the financial statements of the comparative year.

Optionally, the Company could have anticipated the adoption of the pronouncements for the year ended December 31, 2009 mandatory for the fiscal years starting as of January 1, 2010, as long as if they contain full content. The Company decided not to exercise its eligibility concerning the 2009 financial statements, and at its best judgment, the Company below shows a brief description of the eventual material changes to the accounting practices previously adopted for the financial statements of December 31, 2009 and comparative period.

Below, the pronouncements issued in 2009 to which the Company's Management anticipates to produce effects on its financial statements, or which will not produce relevant impacts over the financial statements.

CPC 15 Business Combination, approved by CVM Deliberation 580/09 of July 31, 2009: It mainly establishes the buyer's principles and requirements in a business combination. The Company expects that the figures referring to the acquisition of Globex Utilidades S.A. will change when applying this Pronouncement retrospectively to January 1, 2009, due to the new measurement of goodwill by the expectation of future profitability, resulting from the measurement of Globex's net assets by the fair value of assets acquired (including identified intangible assets) and obligations assumed.

CPC 22 Information by Segment, approved by CVM Deliberation 582 of July 31, 2009: it sets forth that reporting shall be divided by the Company's operating segment. Operating segment is defined as an entity's component: (a) that develops business activities generating revenues and incurring in expenses; (b) whose operational results are regularly reviewed by the top manager of the Company's operations in the decision-making process; and (c) to which the financial information is available.

The Company's Management will analyze additional reporting in its financial statements resulting from the data and indicators of assets, liabilities and results identifiable for each one of its operating segments.

CPC 24 Subsequent Event, approved by CVM Deliberation 593 of September 15, 2009: The main impact for applying this rule refers to the recording of dividends. According to CPC 24 and at the end of the fiscal year, the Company shall recognize as liability only the mandatory minimum dividend established in its Bylaws. Additional minimum dividends will be recorded as liability as these are approved by the Company's appropriate bodies.

## 2. Basis of preparation and presentation of quarterly information (Continued)

### a) Financial Statements (Continued)

CPC 26 Presentation of the Financial Statements, approved by CVM Deliberation 595, of September 15, 2009: It sets forth the basis for presenting the financial statements, by determining the presentation overall requirements, structuring guidelines and the minimum content to be included in the financial statements. Two new requirements were added in relation to the previous practice; i) comprehensive statement of income; ii) presentation of three balance sheets in the situations in which the Company applies an accounting policy retroactively or presents again items in its financial statements.

CPC 27 Fixed Assets, approved by CVM Deliberation 583 of July 31, 2009: The Company understands that this rule will analyze eventual effects on its financial statements, mainly due to said CPC that requires deducting the estimated residual value from fixed assets in order to calculate depreciation. Currently, the Company depreciates assets by their whole formation cost, not deducting the estimated residual value. The Company is assessing the useful life taking into account the residual value of its assets and will apply this change of depreciation rate retrospectively as of January 1, 2010, in compliance with IPCP 10.

CPC 38, 39 and 40 Financial Instruments: Recognition and Measurement, Presentation, Reporting, approved by CVM Deliberation 604 of November 19, 2009:

CPC 38 Financial Instruments: Recognition and Measurement: It rules the recognition and measurement of financial instruments operations including derivatives. It shall be applied to all companies and all types of financial instruments, aside from specific exceptions. A financial instrument is any agreement originating a financial asset for an entity and a financial liability or equity instrument for another.

## 2. Basis of preparation and presentation of quarterly information (Continued)

### a) Financial Statements (Continued)

The financial assets are any assets i.e., cash, equity instrument of another entity, contractual right, or an agreement that is or to be settled by the Company's equity instruments. The financial liabilities are: contractual liabilities, agreements that are or may be settled with the Company's equity instruments.

A financial instrument can be classified into four categories: (i) financial asset or liability measured at the fair value through income, (ii) held-to-maturity financial instrument, (iii) loans and receivables and (iv) available-for-sale financial instrument.

The financial instruments are initially recognized by their fair value, plus transaction costs directly related to their acquisition or issue and subsequently adjusted by amortizations of principal, accrued interest rates calculated based on the effective interest rate method ( amortized cost ), and by any adjustment for impairment or doubtful accounts. The accounting treatment related to the recognition of transaction costs does not apply to the financial assets measured at the fair value through income.

CPC 38 introduces a series of new concepts not included in the CPC 14. The main items not covered in the CPC 14 are embedded derivatives, the derecognition of financial assets and liabilities and the provision for impairment.

CPC 39 Financial Instruments: Presentation it aims at establishing the principles for presenting the financial instruments as liability or shareholders' equity and offsetting the financial assets and liabilities. It applies to the classification of financial instruments, under the issuer's viewpoint, into financial assets, financial liabilities and equity instruments; the classification of corresponding interest, dividends, gains and losses; the circumstance in which the financial assets and liabilities shall be offset.

CPC 40 Financial Instruments: Reporting It introduces the need of detailed reporting on financial statements for the Company's equity and financial situation and its performance. This requirement includes, among others:

(a) Reporting related to the entity's financial position including information on financial assets and liabilities by category, special reporting when the option for the fair value is used, reclassifications, write-off of financial assets and liabilities, secured assets, embedded derivatives and the breaches to agreements.

(b) Reporting related to the Company's performance in the period including information on recognized revenues, expenses, gains and losses; interest expense and revenue; fee revenues; and losses due to impairment;

(c) Other reporting including information on accounting policies, hedge accounting and fair values of each type of financial asset and liability; and

### a) Financial Statements (Continued)

(d) The Technical Pronouncement also sets forth that the reporting on the nature and the extension of risks deriving from financial instruments: i) qualitative reporting on exposures to each type of risk and how these risks are managed and; ii) quantitative reporting on exposures of each type of risk, separately for credit risk, liquidity risk and market risk (including sensitivity analysis).

## 3. Summary of main accounting practices

Accounting estimates to measure and recognize certain assets and liabilities are used in the preparation of financial statements of the Company and its subsidiaries. The determination of these estimates took into account experiences of past and current events and other objective and subjective factors. Complying with such, these financial statements include estimates related to the selection of useful lives of fixed and intangible assets; the allowance for doubtful accounts; allowance for inventory losses; allowance for investments losses; the recoverability of fixed and intangible assets; the realization expectation of deferred income and social contribution taxes; fees and terms used when determining the present value adjustment of certain assets and liabilities and the provision for contingencies; the benefit value granted through stock options and fair value of financial instruments; the reporting estimates for the sensitivity analysis chart of derivative financial instruments pursuant to CVM Ruling 475/08. The estimated used in these financial statements may present variations compared to the actual values when the realization and/or settlement of operations in which they are involved. The Company reviews its estimates and assumptions, at least, quarterly.

Significant accounting practices and consolidation criteria adopted by the Company are shown below:

### a) Determination of income

Sales revenues are stated at their gross amounts. Taxes and discounts on sales revenues are presented as reducing accounts. The result of operations is determined according to the accrual basis of accounting. Revenues from sale of products are recognized upon the transfer of the product, with all risks and benefits to the purchaser. The freight value is included in the cost of goods sold. Interest income and expenses are recognized by the effective interest rate method under financial revenues/expenses.

The recording of present value adjustment expense, incurring on installment sales, has as corresponding credit the item trade accounts receivable and its reversals are recorded in a separate item, called reversal of present value adjustment from sale of goods .

### 3. Summary of main accounting practices (Continued)

#### b) Translation of foreign currency-denominated balances

##### (i) *Functional and presentation currency of the financial statements*

The Company's functional currency is the Brazilian Real. The financial statements of each subsidiary, consolidated by Company, as well as those used as basis for investments valuation by the equity accounting method are prepared based on the functional currency of each entity.

##### (ii) *Foreign currency-denominated transactions*

Monetary assets and liabilities indexed in foreign currency were translated into reais using the exchange rate effective on respective closing balance sheet date. The differences resulting from the currency translation are recorded as financial revenues or expenses in income.

#### c) Financial instruments

The financial assets and liabilities held by the Company and its subsidiaries are recognized by their fair value upon their contracting, plus transaction costs directly related to their acquisition or issue. Financial instruments are classified according to the purpose to which they were acquired or issued under the following categories: (i) financial assets and liabilities measured at the fair value through income; and (ii) financial assets and liabilities held to maturity. Their subsequent measurement occurs every balance sheet date according to the rules established for each type of classification of financial assets and liabilities.

*Financial assets and liabilities measured at fair value through income:* these comprise financial investments, financial liabilities generally traded before maturity and derivatives, except for those designated as hedge instruments. They are periodically measured at their fair value, and interest rates, monetary restatement, exchange variation and gains or losses deriving from fair value valuation are recorded in the result under Financial Revenues or Financial Expenses .

*Financial assets and liabilities held to maturity:* financial assets and liabilities, non-derivatives, with fixed or determinate payments and scheduled maturities. These are measured by the amortized cost through the effective interest rate method. The net book value is calculated using a discount rate over the estimated value of future receivables, taking into consideration the effectiveness period of the financial instrument. Interest rates, monetary restatement, foreign exchange variation, less eventual impairment are recognized in income under Financial Income or Financial Expenses .

*Derivative financial instruments:* derivative financial instruments that will hedge or change the characteristics of financial assets or liabilities, derecognized firm commitments and highly probable transactions. These are measured at their fair market value and variations are recorded against income, and corresponding entry to the appropriate financial income or expense account, except for derivatives destined for hedge operations.

*Available-for-sale financial instruments:* non-derivative financial assets available for sale or not classified as granted loans or accounts receivable. These are valued by their fair value, however, with adjustment recorded in a separate item of the shareholders' equity.

### 3. Summary of main accounting practices (Continued)

#### c) Financial instruments (Continued)

Market value of financial instruments actively traded on organized markets is determined based on its market pricing calculated at the date of its respective balance sheet. If there is no market, then the market fair is determined through valuation techniques and compatible with usual practices on the market including the use of recent market arm's length transactions, benchmark to the market value of similar financial instruments, analysis of discounted cash flows or other valuation models.

*Hedge operations:* derivative financial instruments used to hedge risk exposures or to modify the characteristics of financial assets and liabilities, unrecognized firm commitments and highly probable transactions, and which: (i) are highly correlated concerning changes in their market value in relation to the market value of item that has been hedged, both at the beginning and over the life of agreement (effectiveness between 80% and 125%); (ii) have the operation documented, risk purpose of hedge, risk management process and methodology used in the effectiveness evaluation; and (iii) considered effective to reduce the risk associated with exposure to be hedged, are classified and recorded as hedge operations according to their nature.

*Fair value hedge:* the derivative financial instruments destined to offset risks deriving from the exposure to variation in fair value of item purpose of hedge should be classified. The items purpose of hedge and related derivative financial instruments are recorded against proper revenue or expense account in the net income.

The costs of funding loans are mainly comprised by finder's fees and the Tax on Financial Transactions (IOF), and are recorded pursuant to the terms of CPC 08.

#### d) Cash and cash equivalents

These include cash, positive balances in checking account and marketable securities redeemable within up to 90 days of respective balances. Marketable securities included in cash and cash equivalents are classified into the financial assets calculated at fair value through income category.

#### e) Accounts receivable

Accounts receivable are stated considering the estimated realizable values. An allowance for doubtful accounts is provided in an amount considered by Management to be sufficient to meet probable losses in the realization of such receivables, considering the historic average of losses.

The Company's installment sales occur with the intermediation of FIC, whose receivables do not remaining in the Company (Note 10 b (vi)).

The Company carries out securitization operations of the accounts receivable through PAFIDC (*Pão de Açúcar Fundo de Investimento em Direitos Creditórios*) (Note 5 (b) and Note 8).

Accounts receivable from commercial agreements result from bonuses and discounts granted by suppliers, established by agreements and calculated over purchase volume, marketing initiatives, freight cost reimbursement, etc.

### 3. Summary of main accounting practices (Continued)

#### f) Inventories

Inventories are stated at the average acquisition cost or market value, whichever is shorter, adjusted by provision for inventory bonuses for losses and breakage, which are periodically reviewed and evaluated as to their sufficiency. Warehousing and handling costs are appropriated according to inventory turnover and the portion not absorbed is stated at the inventories value. Provisions are recorded based on historical data of the Company.

#### g) Investments

Investments in subsidiaries are accounted for by the equity method, and provision for capital deficiency has been recorded, when applicable. Other investments are recorded at acquisition cost.

#### h) Property and equipment

These assets are recorded at acquisition or construction cost (monetarily restated until December 31, 1995) deducted from the related accumulated depreciation, calculated on a straight-line basis at the rates mentioned in Note 11. In leasehold improvements, amortization is calculated considering the shortest term between the term of the lease agreement or assets useful life is utilized.

The Company adopts procedures aiming at ensuring that assets are not recorded by a value higher than the one that can be recoverable for use or sale, pursuant to CPC 01 rules.

Interest and financial charges on loans and financing contracted by third parties directly or indirectly attributable to the process of purchase, construction and/or operating expansion, are capitalized during the construction and refurbishment of the Company's and its subsidiaries' stores in conformity with CVM Deliberation 193. The capitalized interest and financial charges are appropriated to income over the depreciation periods of the corresponding assets.

Expenditures for repairs and maintenance are recorded as expenses when they do not significantly affect the useful lives of related assets; or they do not aggregate to the value of assets when they materially contribute to the increase of useful lives of existing facilities and equipment.

#### i) Leasing

Financial leasing agreements are recorded in property and equipment, in contra account to liabilities from loans and financing, by the lower amount between the present value of mandatory minimum installments of the agreement or the fair value of asset, accrued, where applicable of initial direct costs incurred on transaction. Implied interest rates on recognized liabilities of loans and financing are appropriated to income for the year according to the duration of the agreement by the effective interest rate method.

### 3. Summary of main accounting practices (Continued)

#### i) Leasing (Continued)

Operating leasing agreements are recognized as expense based on the determination period of the benefit over leased asset by the Company, regardless of the basis used to determine leasing payments.

The depreciation of capitalized assets is calculated according to their useful life, in the event there is the intention to acquire such asset. If the Company does not intend to acquire the asset, the depreciation is calculated considering the least term between the effectiveness of the agreement or the assets' useful life.

#### j) Intangible assets

Goodwill calculated in the acquisition of investments occurred until December 31, 2008, having future profitability as economic fundamental, was amortized on a straight-line basis for a term of 5 to 10 years until that date. As of January 1, 2009 goodwill balances are submitted to an annual test for impairment analysis, as set forth by CPC 01.

Intangible assets with defined useful life term are amortized according to such term and, when assessed any impairment signs are identified, these are submitted to impairment tests. Intangible assets with indeterminate useful life are not amortized, they are submitted to annual test for impairment analysis.

#### k) Provision for recovery of assets

The Management yearly reviews the net book value of assets with a view to identifying events or changes in economic, operating or technological circumstances that may indicate deterioration, obsolescence or impairment. When this evidence is identified and the net book value exceeds the recoverable value, a provision is recorded for deterioration by adjusting the net book value to the recoverable value. These losses are classified as other operating expenses.

#### l) Other assets and liabilities

A liability is recognized in the balance sheet when the Company and its subsidiaries have a legal liability as a result of a past event and it is probable that an economic resource will be required to settle this liability. Provisions are recorded based on the best estimates of risks involved.

An asset is recognized in the balance sheet when it is probable that its future economic benefits benefit the Company and its cost or value can be safely measured. Assets and liabilities are classified as current when their realization or settlement is probable to occur over the next 12 months, otherwise, these are stated as noncurrent.

#### m) Taxation

Revenues from sales of goods and rendering of services are subject to taxation by State Value-Added Tax ( ICMS ), Services Tax ( ISS ), Social Contribution Tax on Gross Revenue for Social Integration Program ( PIS ) and Social Contribution Tax on Gross Revenue for Social Security Financing ( COFINS ) at rates prevailing in each region, and its respective value deducted from the total revenues from sales for purpose of income assessment.

### 3. Summary of main accounting practices (Continued)

#### m) Taxation (Continued)

The credits derived from non-cumulative PIS and COFINS are deducted from cost of goods sold in the statement of income for the year.

PIS and COFINS refer to the financial revenues and expenses recorded in the corresponding items.

The advances or amounts subject to offsetting are shown in the current and noncurrent assets, in accordance with the estimate for their realization.

Income tax and social contribution are calculated according to the taxable income based on accounting records and are classified as current or deferred, as follows:

**Current** Income tax and social contribution in Brazil, when opted for the taxable income regime, are calculated at the (i) 25% taxable income (15% increased by 10% surcharge on taxable income exceeding R\$240) for income tax, and (ii) 9% on taxable income for social contribution. Brazilian tax laws in force allows to carry forward tax losses referring to previous years with current tax income, limited to 30% of the taxable income of each year.

**Deferred** Deferred income tax and social contribution is calculated based on tax losses and negative basis of social contribution, as well as temporary differences mainly composed of provisions related to the recording of contingencies that are deductible for calculation purposes of taxable income and calculation basis of social contribution only on the date of its financial realization.

Deferred income and social contribution tax assets were recorded pursuant to CVM Ruling 371/02 and take into account the expectation of generating future taxable income, based on a technical feasibility study approved by the Board of Directors.

#### n) Share-based compensation

Part of the compensation of the Company's main executives and managers is paid as stock option plan, measured by their fair value, calculated on the plan granting date, based on the market's pricing models, considering the share market value, the stock option exercise price and term of the agreement. Compensation costs linked to these programs are recorded on a straight-line basis in income, under operating expenses, during the period the services were rendered by beneficiaries against the capital reserve.

#### o) Present value adjustment of assets and liabilities

Non-current monetary assets and liabilities and current assets and liabilities, when relevant, are adjusted to their present value. The present value adjustment is calculated taking into account contractual cash flows and the respective explicit or implied interest rates.

Embedded interest rates on revenues, expenses and costs associated with said assets and liabilities are adjusted to the appropriate recognition in conformity with the accrual basis of accounting. The present value adjustment is recorded in those items, subject to the application of rule and financial result as corresponding entry.

### 3. Summary of main accounting practices (Continued)

#### p) Provision for contingencies

As per CVM Deliberation 489/05, the Company adopts the concepts established in NPC 22 on Provisions, Liabilities, Gains and Losses on Contingencies when setting up its provisions and disclosure on matters regarding litigation and contingencies. The balances of provisions are stated net of the respective judicial deposits, when applicable (Note 16).

Provisions for contingencies are recorded as it follows:

Contingent assets: it is an asset that likely will result from past events and whose existence is only confirmed by the occurrence or not of one or more uncertain future events not fully under the entity's control. The Company reports in its notes when the contingent assets are probable and records them in the financial statements only when they become final and unappealable.

Contingent liabilities: likely liability that results from past events and whose existence shall only be confirmed by the occurrence or not of one or more uncertain future events not fully under the Company's control. When contingent liabilities are probable, the Company records liabilities in its financial statements; concerning contingent liabilities deemed as possible, these are only reported in the notes to the financial statements and concerning contingent liabilities deemed as remote, these are neither recorded nor reported.

#### q) Earnings per share

The calculation is made according to the "net income/number of outstanding shares" ratio. Pursuant to the Brazilian Corporation Law, earnings may be: distributed, used to increase capital or create the profit expansion reserve, based on the capital budget.

#### r) Consolidated financial statements

The consolidated financial statements are prepared and presented in conformity with the consolidation principles prescribed by the Brazilian Corporation Law and CVM Ruling 247/96, and include the financial statements of the Company and its subsidiaries Novasoc Comercial Ltda. ( Novasoc ), Sé Supermercados Ltda. ( Sé ), Sendas Distribuidora, PAFIDC, PA Publicidade Ltda. ( PA Publicidade ), Barcelona, CBD Panamá Trading Corp. ( CBD Panamá ), CBD Holland B.V. ### 3. Summary of main accounting practices (Continued)

#### r) Consolidated financial statements (Continued)

Notwithstanding the Company holds interest in Novasoc that only represents 10% of its capital stock, Novasoc is effectively controlled by the Company by means of a Quotaholders Agreement, with a 99.98% interest in its income.

Sendas Distribuidora is fully consolidated based on the signed Shareholders Agreement, which establishes that the operating and administrative management is exclusively conducted by the Company.

The following eliminations occurred during the consolidation process:

- the balances of assets and liabilities accounts among consolidated companies;
- the interest in the capital, reserves and accumulated earnings of subsidiaries; and
- revenues and expenses balances and the unrealized profit originated in transactions between the consolidated companies in the consolidated quarterly information.

Pursuant to CVM Ruling 408/04, the Company, since the first quarter of 2005, consolidates the PAFIDC financial statements, once it represents a special purpose entity, organized with exclusive purpose of conducting the securitization of receivables of the Company and its subsidiaries, once the Company is exposed to most of risks and benefits related to the ownership of PAFIDC subordinated quotas.

The Company's indirect investment in FIC, by means of Bellamar (35.64%) and Lake Niassa (14.36%), was valued by the equity accounting method. Pursuant to the official memorandum CVM/SNC 006/10, FIC's financial statements are consolidated by Itaú, since the bank is responsible for the company's operating management. As mentioned in Note 10b (VI), Miravalles and Investcred were merged into Financeira Itaú CBD - FIC.

The financial statements of Miravalles, Globex and FIC were audited by other independent auditors.

In relation to Miravalles, the total equity in the earnings of this investee for the year ended December 31, 2009 accounts for 1.6%, compared to the total net income reported in the Company's consolidated financial statements. Miravalles assets were incorporated by FIC at September 30, 2009.

Within the 12-month period ended at December 31, 2009, FIC accounted for the total of assets and income for the year, 0.9% and 1.0% respectively in relation to the Company's consolidated financial statements.

In relation to Globex in the year ended December 31, 2009, total assets and income (losses) of this investee accounted for 3.8% and 8.6% respectively, in relation to the Company's consolidated financial statements.

#### 4. Marketable Securities

The marketable securities at December 31, 2009 and 2008 earn interest mainly at the Interbank Deposit Certificate ( CDI ) rate, classified as described in Note 3(d).

**5. Trade Accounts Receivable (Continued)**a) Credit Card Managers

Credit card operations are considered receivable in cash, except electronic devices, which may be paid in up to 12 monthly installments, and are managed by third parties.

b) Discount from receivables

Through its subsidiary Globex, the Company cashes credit card receivables with banks or credit card management companies, aiming at obtaining working capital. In this operation, Globex delivers receivables as guarantee for the funding, being co-responsible for the operation risk.

The discount rate used by the Company took into account current market valuations as to the amount of money in time and specific risks for the asset. Installment sales with the same cash amount were carried to their present value on the date of transactions, due to their terms, adopting the monthly average rate of advanced receivables with the credit card management companies at December 31, 2009, minimum of 0.77% and maximum of 1.25% .

c) Consumer financing

The balance of Accounts Receivable from Customer Financing – consumer direct credit – includes accounts receivable from Banco Investcred Unibanco S.A. due to its financing activity of Globex's customers.

d) Trade accounts receivable from Subsidiaries

The balance of Trade Accounts Receivable from Subsidiaries – reflects selling operations carried out by the Company and its subsidiaries at cost to supply their stores.

e) Allowance for doubtful accounts

The allowance for doubtful accounts is recorded according to the Management's analysis, considering the historic average of effective losses:

	<b>Parent Company</b>	<b>Consolidated</b>
<b>Balance on December 31, 2007</b>	<b>(7,819)</b>	<b>(6,421)</b>

<b>Balance on December 31, 2009</b>	<b>(5,948)</b>	<b>(17,237)</b>

f) Accounts receivable from Commercial Agreements

The balance of accounts receivable from Commercial Agreements comprise current transactions between the Company and its suppliers, mainly based on the volume of purchases.

**5. Trade Accounts Receivable (Continued)**g) Accounts receivable - PAFIDC

The Company carries out securitization operations of its credit rights, represented by credit sales with tickets and credit card company receivables, with PAFIDC. The volume of operations stood at R\$9,051,236 at December 31, 2009 (R\$8,057,146 thousand in 2008), in which the responsibility for services rendered and subordinated interests was retained. The consolidated securitization costs of such receivables amounted to R\$125,180 (R\$135,111 in 2008), recognized as financial expenses in income for 2009 and 2008, respectively.

Services rendered, which are not remunerated, include credit analysis and the assistance by the collection department to the fund's manager.

The outstanding balances of these receivables at December 31, 2009 and 2008 were R\$1,125,837 and R\$983,477, respectively, net of allowance for losses.

h) Accounts receivable - Paes Mendonça

The Accounts Receivable account balance of Paes Mendonça comprises credits deriving from the payment of liabilities performed by the subsidiaries Novasoc and Sendas. Pursuant to contractual provisions, these accounts receivable are monetarily restated and guaranteed by commercial rights of certain stores operated by the Company, Novasoc and Sendas (Note 10 (b) (i)).

**6. Inventories**

	Parent Company		Consolidated

	<b>1,521,613</b>	<b>1,128,730</b>	<b>2,827,463</b>	<b>1,570,863</b>

The provisions for inventories are comprised by unrealized bonuses and breakage provisions, which are recorded based on the Company's historical data.

The present value adjustment is only taken into consideration in the consolidated, deriving from Globex Group, whose turnover is similar to suppliers' turnover.

**7. Recoverable taxes**

These mainly refer to credits from Withholding Income Tax, ( IRRF ), Social Contribution Tax on Gross Revenue for Social Integration Program ( PIS ), Social Contribution Tax on Gross Revenue for Social Security Financing ( COFINS ) and recoverable State Value-Added Tax ( ICMS ):

<b>Total recoverable taxes</b>	<b>364,794</b>	<b>469,358</b>	<b>671,777</b>	<b>606,229</b>

Income tax and Other During the year ended December 31, 2009, the Company obtained a formal answer from the Internal Revenue Service partially ratifying Finsocial credits released in the past. Concerning the non-ratified amount (R\$68,275), the Company has written it off.

Taxes on sales The São Paulo state government has submitted new segments to the ICMS taxation system by tax replacement (early tax withholding and exempted from other chain links). Then, various segments were gradually included by this system, such as, medicine, beverages, personal hygiene, perfumery, paper, cleaning products, bicycles, tools, bed linen, electric and electronic devices and toys. Thus, approximately 80% of the range of products sold by the Company is covered by this system.

The tax replacement then becomes cost, which was previously credited by the Company in the purchase of its products, thus reducing the generation of ICMS debits in its sales.

Considering that the Company does not expect utilizing ICMS credits, the Management conservatively decided to write-off the amount of R\$152,207 in the Parent Company and R\$255,146 in the consolidated.

**8. Pão de Açúcar Receivables Securitization fund PAFIDC**

PAFIDC is a receivables securitization fund formed in compliance with CVM Rulings 356/01 and 393/03 for the specific purpose of acquiring receivables of the Company and its subsidiaries arising from sales of products and services by the Company and/or its subsidiaries, except for receivables deriving from installment system and post-dated checks. PAFIDC shall be effective until December 7, 2012.

The capital structure of the fund, at December 31, 2009, is broken down in: 10,295 senior quotas in the amount of R\$1,077,727, representing 90.09% of the fund's equity (90.51% in 2008) owned by third parties; and 2,864 subordinated quotas in the amount of R\$118,547, representing 9.91% of the fund's equity (9.49% in 2008) owned by the Company and its subsidiaries.

**8. Pão de Açúcar Receivables Securitization fund PAFIDC (Continued)**

The net assets of PAFIDC are summarized as follows:

	<b>2009</b>	<b>2008</b>
<b>Assets</b>		
Cash and cash equivalents	<b>13,012</b>	6,455
Accounts receivable	<b>1,125,837</b>	983,477

(iii) Sendas Distribuidora (Continued)

Currently, the parties are negotiating the exercise of PUT option notified to the Company on January 5, 2007 by Sendas S.A. is under negotiation, expressing the exercise of the right to swap all paid-up shares it holds for preferred shares of the Company's capital stock, as provided for in Clause 6.9.1 of the Shareholders' Agreement of Sendas Distribuidora.

(iv) Barcelona

An indirect subsidiary that operates through Sé, operating in the in the cash & carry segment through the Assai brand. On November 1, 2007, the Company acquired shares representing 60% of the total and voting capital of Barcelona, the recipient company of Assai's spun-off assets, for the amount of R\$208,504, originating R\$206,068 in goodwill.

At July 8, 2009, the Company, through its indirect subsidiary Nerano Empreendimentos e Participações Ltda., acquired shares representing 40% of the remaining and voting capital stock of Barcelona for the amount of R\$175,000, of which the total amount of R\$50,000 and was the outstanding balance will be paid by the Company on January 15, 2011, out of which R\$25,000 will be paid should former Assai's shareholders ensure a smooth transition as well as the implementation of Barcelona's business and expansion plan, in accordance with the provisions in the definitive share purchase and sale agreement. Said amounts will be restated by the variation of CDI as of the date of execution of the definitive agreement for the purchase and sale of Barcelona shares until the date of actual payment of the installment. The goodwill amount verified in the operation was R\$172,201, as outlined in Note 12.

In November 2009, the merger of Nerano into Barcelona was resolved, as filed with the Board of Trade of the State of São Paulo - JUCESP. As a result, Sé now holds shares representing 100% of Barcelona's capital stock.

(v) Globex

According to the resolution of the Company Extraordinary General Meeting held on July 6, 2009, the Company, by means of its subsidiary Mandala, acquired 86,962,965 common shares, representing 70.2421% of total and voting capital stock of Globex at the price of R\$9.4813 per share, in the total amount of R\$824,521, R\$373,436 paid in cash and R\$451,085 paid by installments, as per the Share Purchase Agreement entered into on June 7, 2009, subject-matter of the Material Fact published on June 8, 2009.

Alternatively, Globex's controlling shareholders were granted the stock option for class B preferred shares ( Class B Preferred Shares ), without voting rights, with no par value and not tradeable, to be issued due to CBD's capital increase, and pay them up using the credit from the installments of the acquisition price, case in which Globex's controlling shareholders would be granted an additional credit, equivalent to 10% of the amount corresponding to the acquisition price, to be exclusively used for the payment of Class B Preferred Shares.

Pursuant to Article 254-A of Law 6,404/76 and CVM Ruling 361/02, Mandala held a public tender offer to acquire Globex shares owned by the minority shareholders for R\$7.59 per share, corresponding to 80% of the price paid to controlling shareholders, of which R\$3.44 per share paid in cash and R\$4.15 per share paid by installments.

(v) Globex (Continued)

Likewise and alternatively to the abovementioned public tender offer, other Globex's minority shareholders were offered to subscribe their Class B Preferred Shares and pay them up using the credit from the installments of the acquisition price of R\$4.15 per share, case in which Globex's minority shareholders would be granted an additional credit, equivalent to 10% of the amount corresponding to the acquisition price installment, to be exclusively used to pay-up Class B Preferred Shares.

Class B Preferred Shares held by Globex's former shareholders will be converted into Class A Preferred Shares according to the following schedule:

- a. 32% were converted as of the ratification date, at the Company's Extraordinary General Meeting held at July 6, 2009;
- b. 28% were converted at January 7, 2010;
- c. 20% will be converted at July 7, 2010; and
- d. 20% will be converted at January 7, 2011.

The Company has also guaranteed, in an agreement, that upon the conversion of Class B Preferred Shares into Class A Preferred Shares, pursuant to the terms and conditions established above, specifically related to shares being converted into Class A Preferred Shares at that moment, the Company would pay Globex's shareholders, whether or not controlling shareholders who decided to subscribe Class B Preferred Shares, the amount corresponding to the positive difference between R\$40.00 per share, duly restated according to CDI variation, as of the signature of the Share Purchase Agreement mentioned above on June 7, 2009, until the date of each conversion, and the market value of Class A Preferred Shares at that time, calculated according to the weighted average price per volume on the fifteen (15) trading sessions of BOVESPA immediately prior to each conversion date.

The term for minority shareholders adhering to the Share Purchase Agreement expired at August 21, 2009, with the adherence of minority shareholders holding 31,221,666 Globex shares (R\$236,816). Consequently, Mandala became the holder of shares representing 95.46% of the total and voting capital of Globex.

Once expired the term for minority shareholders express their adhesion to the tag along agreement, the price to acquire Globex shares totaled R\$1,125,072, of which R\$486,362 was paid in domestic currency and R\$638,710 in Class B Preferred Shares issued by the Company, excluding eventual amounts to be disbursed by the Company in the public tender offer. The Company recorded a goodwill of R\$758,866, calculated based on Globex's net assets as of June 30, 2009, as follows.

At December 22, 2009, the incorporation of Mandala by Globex was resolved, according to the registration at JUCESP. Consequently, the Company now holds shares representing 95.46% of Globex's capital stock.

Globex holds 50% of Banco Investcred's capital stock, whose management was shared between Globex and Unibanco, pursuant to the Partnership Agreement dated October 26, 2001. Consequently, as set forth by CVM Ruling 247/96, the consolidated financial statements were prepared including the proportional consolidation of the investment until September 30, 2009. Banco Investcred started to be consolidated by Banco Itaú as of October 1, 2009, according to Note 3 (r).

At a Notice to the Market of February 9, 2010, the Company/CBD announced the results of the auction for the public tender offer of common shares issued by Globex Utilidades S.A. (Globex), due to the sale of Globex's control, and cumulatively, as a result of the Company/CBD's higher interest in Globex's voting capital (the OPA). The Company announced that, due to the OPA auction held at February 3, 2010, it has acquired 4,102,220 common shares representing approximately 3.3% of Globex's capital stock. In view of the shares acquired at the OPA, the Company/CBD now holds 98.32% of Globex's capital stock.

Taking into account that all shareholders who adhered to the OPA opted for the Mixed Payment Option are entitled to be paid in domestic currency and in Class B preferred shares of the Company/CBD (Class B Preferred Shares), the Company/CBD paid the total amount of R\$28,428,390.52 and 137,014 Class B Preferred Shares to shareholders who adhered to the OPA at February 10, 2010, OPA's settlement date.

Class B Preferred Shares shall be converted into Class A Preferred Shares of the Company/CBD (Class A Preferred Shares) according to the schedule of item 6.5 of the OPA Call Notice. Pursuant to item 1.6.1.3 of the Call Notice, considering that the first and second conversion dates have already occurred, 60% of the Class B Preferred Shares delivered as payment of the OPA, were converted into Class A Preferred Shares at February 17, 2010.

(v) Globex (Continued)

As per item 1.6.1.4 of the OPA Call Notice and in compliance with item 2.4 of the Notice to Shareholders announced by the Company/CBD at July 6, 2009, a new Notice to the Market was disclosed at February 17, 2010, according to which a positive difference was not verified between the weighted average of price per volume of the Class A Preferred Shares at the 15 trading sessions of BM&FBovespa, immediately prior to the conversion date and the amount corresponding to R\$40.00, duly adjusted by CDI rate variation, as provided for in item 2.4 of the Notice to Shareholders mentioned above, difference of which Globex's former shareholders who adhered to the public tender of common shares would be entitled to.

At December 22, 2009, the partial spin-off of Banco Investcred with the incorporation of the spun-off portion into FIC was resolved. Subsequently, Globex granted the totality of its stake at Banco Investcred to the capital stock of Lake Niassa Empreendimentos e Participações S.A.

(vi) Miravalles Partnership Agreement between the Company and Banco Itaú

Subsidiary which owns the exploitation rights of the Company's financial activities, whose shares representing its capital stock are held by the Company and Itaú Unibanco, at the ratio of 50% each. On the other hand, Miravalles owns the totality of shares issued by Financeira Itaú S.A. ( FIC ), a company which operates in the structure and commercialization of financial products exclusively to GPA's customers.

The agreement initially executed upon FIC organization was amended on December 22, 2005, to change the terms related to the achievement of performance targets, firstly established between the Company, Itaú Unibanco and FIC, fines were established for the failure to achieve said targets.

At August 28, 2009, the Company and Itaú Unibanco completed negotiation regarding FIC under the following conditions: (a) Itaú Unibanco's exclusiveness is no longer required; and (b) extension of the exclusiveness term granted by the Company to FIC, for an additional 5-year period, maturing on August 28, 2029.

**10. Investments** (Continued)b) Breakdown of investments (Continued)(vi) Miravalles Partnership Agreement between the Company and Banco Itaú (Continued)

The partnership includes all brands and formats of stores operated or owned by CBD, direct or indirectly, including supermarkets, hypermarkets, convenience stores, home appliance stores, cash and carry stores, gas stations, drugstores and e-commerce (Internet). The inclusion of stores to be acquired or new businesses to be developed by the Company or its subsidiaries within the scope of the partnership will be subject to negotiation between the parties.

Itaú Unibanco is in charge of FIC's operating management, by incorporating the structure and commercialization of financial products to Globex's customers, previously performed by Banco Investcred, due to the spin-off of Banco Investcred and the incorporation of the spun-off portion into FIC, as mentioned above.

At December 30, 2009, Sé transferred its interest in Miravalles' capital stock to Bellamar Empreendimentos e Participações. On December 31, 2009 the reverse merger of Miravalles into FIC was resolved. Consequently, Bellamar now holds shares representing 35.75% of FIC's capital stock. Additionally, Lake Niassa, Globex' subsidiary, now holds 14.25% of FIC.

<b>Total at December 31</b>	<b>497,676</b>	408,048	<b>709,418</b>	517,141

Additions comprise the amounts incurred with the acquisition of operating assets, land and buildings to expand activities, construction of new stores, modernization of existing warehouses and improvements of stores and investment in equipment and information technology.

According to CPC 01, the items of property and equipment showing signs that its costs registered are higher than its recovery values are reviewed in detail and periodically to determine the need of provision to reduce the book balance to its realization value. The Management neither identifies any changes in the circumstances or signs of technological obsolescence nor any evidence that its tangible assets used in its operations are not recoverable, concluding that no provision for assets losses is required.

For consolidation purposes, upon the merger of subsidiaries, the amounts originally recorded under investments, including goodwill based on expected future profitability, were recorded in the intangible assets. Goodwill balances verified in the acquisitions of equity interests are supported by technical reports on the expected future profitability of the companies and were amortized until December 31, 2008 according to the terms and extensions estimated in said reports, limited to 10 years.

Goodwill balances are no longer amortized on an accounting basis since January 1, 2009, only subject to the impairment test pursuant to CPC 01. According to the Company's assessments on December 31, 2009 and considering future results projections, the Management concluded that no provision for assets losses is required.

The increase of R\$937,388 in the goodwill balance refers to the acquisition of Globex, in the amount of R\$758,866 (Note 10.b.v), the acquisition of remaining shares from Barcelona's capital stock, in the amount of R\$172,201 (Note 10.b.iv) and R\$6,340 from other additions.

R\$316,550 due to reverse mergers pursuant to CVM Ruling 319 were transferred to deferred income tax asset, of which R\$58,542 refer to the tax benefit of Nerano's goodwill, incorporated by Barcelona and R\$258,014 refer to Globex's goodwill, incorporated by Mandala.

In the merger of subsidiaries and for consolidation purposes, the amounts originally recorded under investments, such as, goodwill, mainly, expectation of future profitability were transferred to the intangible assets and were amortized until December 31, 2008 within the terms and extensions of profitability projections which determine them, limited by a 10-year term.

The Company valued the recovery of goodwill book value based on its usage value, using the cash generating units discounted cash flow method, which represent the set of tangible and intangible assets employed in the operation. The process to estimate the usage value involves the utilization of assumptions, judgments and estimates on future cash flows, growth and discount rates. The future cash flow assumptions and growth projections are based on the Company's annual budget and long-term business plan, approved by the Board of Directors, as well as comparable market data and they represent the best Management's estimate on the economic conditions to prevail during the economic useful life of cash flow generating assets.

The key assumptions used when estimating the usage value to which the assets recovery value is more sensitive are as follows:

Revenues Revenues were projected based on the Company's annual budget for the following year and business plan comprising the period between 2009 and 2013;

Operating costs and expenses Costs and expenses were projected based on the Company's historical performance and its growth was projected in line with sales growth, taking into account its relationship;

Capital Investments these were estimated taking into account the infrastructure necessary to support sales growth.

**12. Intangible Assets** (Continued)

The key assumptions were estimated taking into account the Company's historical performance and based on reasonable macroeconomic assumptions and compatible with external sources of information based on the financial market projections, documented and approved by the Company's Management bodies.

Consistently with the economic valuation techniques, the usage value valuation is made for a 5-year period. Revenue growth rates used are compatible with long-term macroeconomic expectations, which are yearly reviewed based on the historical performance and prospects for the sector where the Company operates.

Future cash flows estimated were discounted at a single discount rate of 9.7% this year.

The Company's intangible assets impairment test did not require the recognition of losses since the estimated usage value exceeds its net book value on the valuation date.

\* Weighted average rate

The Company uses swap operations to translate U.S. dollar-denominated, yen-denominated obligations and fixed interest rate to Brazilian *reais* liabilities pegged to CDI (floating) variation.

CDI annual benchmark rate at December 31, 2009 stood at 8.55% (12.38% in 2008).

b) BNDES

The line of credit obtained from the National Bank for Economic and Social Development (BNDES) is indexed based on TJLP rate (long-term interest rate), accrued of annual interest rates. In the event the TJLP exceeds 6% p.a., the surplus will be added to the principal outstanding balance. The Company also has agreements indexed based on a basket of foreign currencies, in addition to the respective charges, plus the outstanding balance and annual interest rates. Financing is paid in monthly installments after a grace period, as mentioned below.

In the year ended December 31, 2009, the Company had three agreements entered into with BNDES on November 14, 2003, May 22, 2007, and July 3, 2009, the first of which is indexed based on a basket of currencies and the other two by TJLP rate. In the year ended December 31, 2009, the amount of R\$583 was added to the principal amount (R\$611 in 2008).

**13. Loans and financing** (Continued)b) BNDES (Continued)

In addition to BNDES Resolutions 665/87 (Provisions Applicable to BNDES Agreements) and 660/87 (Follow-up Rules and Instructions), the Company must observe certain debt covenants indexes calculated based on its consolidated information, in accordance with Brazilian GAAP, including: (i) maintenance of a capitalization ratio (shareholders' equity/total assets) equal to or in excess of 0.40 and (ii) maintenance of a current ratio (current assets/current liabilities) equal to or in excess of 1.05. The Management effectively controls and monitors debt covenants. At December 31, 2009, the ratio (i) mentioned above was 0.37% . The Company does not anticipate an early settlement of said agreement. The Company's parent company is the guarantor in operations with BNDES as a joint and several liable party for settlement of said agreements.

The funding obtained by subsidiary Globex with financial institutions (BNDES, Banco IBM and Unibanco) includes event of early maturity related to the change in the share control. Said financial institutions have already officially declared that they will not exercise this right referring to the declaration of early maturity.

Financial Ratios: calculated based on the Company's financial statements: (i) net debt (debt less cash and cash equivalents and accounts receivable) not exceeding the shareholders' equity; (ii) consolidated net debt/EBITDA ratio (Note 26), lower or equal to 3.25. On December 31, 2009 the Company complied with debt covenants (financial indexes) established in said deed of debentures.

Utilization of funds: the funds raised through the 8<sup>th</sup> issue of debentures shall be used by the Company to maintain its cash strategy and to strengthen the working capital.

### 14. Financial instruments

GPA uses financial instruments operations with a view to increase its capacity of investments in order to sustain its growth strategy. Derivatives operations are exclusively used to reduce the exposure to risks resulting from the foreign currency fluctuation and interest rates, aiming at maintaining the balanced capital structure.

Parent company's financial instruments and consolidated are reported pursuant to CVM Deliberations 478/08 and 566/08, which approved the Technical Pronouncement CPC 14.

Main financial instruments and their amounts recorded in the financial statements by category are summarized as follows:

Loans and derivative financial instruments classified as fair value hedge are recorded by fair value.

The Company adopts risk control policies and procedures, as outlined below:

a) Considerations on risk factors that may affect the business of the Company and its subsidiaries

(i) *Credit risk*

- *Cash and cash equivalents*: in order to minimize credit risk of these investments, the Company adopts policies restricting the marketable securities that may be allocated to a single financial institution, and which take into consideration monetary limits and financial institution ratings, which are frequently restated (Note 4).
- *Receivables*: The credit risk related to accounts receivable is mitigated by the fact that most of sales of the Company and its subsidiaries are carried out via credit cards. In 2009, direct sales to individuals through post-dated checks accounted for nearly 0.29% of total sales in the period (0.52% in 2008). Credit card and/or tickets sales are mostly assigned to PAFIDC, the risk of which is related and limited to the amount of

subordinated quotas held by the Company (Note 8).

(ii) *Interest rate risk*

The Company and its subsidiaries obtain loans and financing from major financial institutions in order to meet its cash needs for investments and growth. As a result, the Company and its subsidiaries are exposed to material interest rate fluctuation risks, mainly due to the liabilities component of derivative operations (currency hedge) and CDI-related debts. The balance of marketable securities indexed to CDI, partially offsets this effect.

## 14. Financial instruments (Continued)

### a) Considerations on risk factors that may affect the business of the Company and its subsidiaries (Continued)

#### (iii) *Exchange rate risk*

The Company and its subsidiaries are exposed to exchange rate fluctuations, which may result in the increase of liabilities balances of foreign currency-denominated loans. The Company and its subsidiaries use derivatives, such as swaps, which aim at annulling the exchange rate risk, turning the cost of debt into local currency and interest rates.

- *Derivative financial instruments*

The swap agreements mentioned above are classified as fair value hedges; at December 31, 2009. These agreements amount to a reference value of R\$1,000,753 (R\$743,805 in 2008). Usually, these operations are contracted on a matched basis, in terms of value, term and rates, and preferably with the same financial institution, observing the limits established by the Management.

Other swap operations carried out by the Company and its subsidiaries are substantially related to debentures and BNDES loans, aiming at changing fixed and variable interest rates into variable interest rates (CDI). These instruments are classified as measured at fair value to income.

According to the Company's treasury policy, swaps with caps are not allowed, as well as margins, regret clauses, double index, flexible options or any other types of options different from traditional swaps for the hedge of debts, including for speculative purposes.

The Company's internal control environment was designed so as to ensure that transactions executed are in compliance with this treasury policy.

The Company calculates the effectiveness of these hedge operations upon their contracting and on a continued basis (at least, quarterly). Hedge operations contracted in the year ended December 31, 2009 showed effectiveness in relation to the debts, purpose of this hedge. For derivative operations qualified as hedge accounting, pursuant to CPC 14, the hedged debt is also adjusted at fair value as per fair value hedge rules.

The effects of fair value hedge to the net income for the year ended December 31, 2009 were R\$15,999 (R\$(38,737) in 2008).

Other instruments marked at fair value showed effects in the income for 2009 of R\$552 (R\$25,941 in 2008).

#### 14. Financial instruments (Continued)

##### a) Considerations on risk factors that may affect the business of the Company and its subsidiaries (Continued)

###### (iv) *Fair values of derivative financial instruments*

Fair values are calculated by projecting the future flows of operations, based on the projected CDI curves of BM&F Bovespa and carrying them at present value, using DI market rates to swaps published by BM&F Bovespa.

The market values of swaps exchange coupon x CDI were obtained by using exchange rates prevailing on the market on the date the financial information is drawn up and on rates projected by the market calculated based on the currency coupon curves. In order to determine the coupon of foreign currency indexed-positions the straight line convention of 360 consecutive days was adopted and to determine the coupon of CDI indexed-position the exponential convention of 252 business days was adopted.

##### b) Analysis of sensitivity of derivative financial instruments

CVM Ruling sets forth that publicly-held companies, supplementing the provision of item 59 of CPC 14 Financial Instruments: Recognition, Measurement and Supporting Documentation should disclose a sensitivity analysis chart, for each type of market risk deemed as relevant by the Management, originated by financial instruments, to which the entity is exposed on each period closing date, including all derivative financial instruments.

Pursuant to the provision above, according to the Management's evaluation, the most probable scenario is to realize on the maturity dates of each operation what the market has been signaling through market curves (currency and interest rates) of BM&F Bovespa. Therefore, in the probable scenario, there is no impact over the fair value of financial instruments mentioned above. For scenarios II and III, for exclusive effect of sensitivity analysis, a deterioration of 25% and 50%, respectively, was considered on risk variables until the maturity date of financial instruments.

For derivative instruments (destined to hedge its financial debt), variations in scenarios are accompanied by respective purposes of hedge, thus, evidencing that effects are practically null.

For these operations, the Company disclosed the balance of purpose (debt) and hedged derivative financial instrument in separate items of a Sensitivity Analysis Chart, so that to inform about the net exposure of the Company, in each one of the three scenarios mentioned:

<b>Net effect</b>			<b>(7,323)</b>	<b>(17,230)</b>

The Company's net exposure corresponds to CDI-related debt and the total net effect represents the deterioration of scenario II and III in relation to scenario I, which the Company considers as the most probable scenario.

(ii) *Measured at fair value through income*

<b>Operations</b>	<b>Risk</b>	<b>Scenario I</b>	<b>Scenario II</b>	<b>Scenario III</b>

<b>Total net effect</b>	<b>(642)</b>	<b>(2,860)</b>	<b>(5,083)</b>

The total net effect of scenarios mentioned above is basically due to the Company's exposure to CDI.

The subsidiary Globex has, on December 31, 2009, the amount of R\$16,618 (US\$9,548 thousand) related to Balance at Banks and R\$1,456 (US\$837 thousand) related to U.S. dollar-denominated foreign investment. As a result, the Company's Management does not deem as relevant the forex exposure risk.

Tax payments by installments includes the following amounts:

(i) INSS, CPMF – The Company adhered to the Special Tax Payment Installments Program ( PAES ), pursuant to Law 10,680/2003, discontinuing few proceedings. The taxes included in this program is subject to the Long-Term Interest Rate – TJLP and may be payable within 120 months.

(ii) Other – The Company adhered to the State and Municipal Tax Payment Installments Program (PPI). Taxes included in this program are adjusted by SELIC, and may be payable within 120 months.

(iii) Tax Installments, Law 11,941/09 The Law 11,941 was enacted at May 27, 2009, which among others, amends the federal tax laws related to the tax debt payment by installments, granting remission over fine and interest rates in specific cases.

The Company was party in several lawsuits and through the aforementioned law, opted for reducing its tax exposure, with benefits of reducing fine and interest rates and a financing plan of up to 180 months. This law also allows that remaining tax losses and judicial deposits related to the lawsuits, to be included in the installment program and deducted from the outstanding balance to be paid by installments.

During the year ended December 31, 2009, the Management evaluated with its legal advisors all the administrative proceedings and lawsuits held by the Company with RFB Brazil's Internal Revenue Service, including tax and social security debts evaluated for risks of possible and/or probable losses and opted for the partial inclusion of lawsuits in the installment program.

*Federal Taxes*

Due to Supreme Federal Court (STF) 's recent decision on the constitutionality of COFINS increase (Law 9,718/99) in a similar lawsuit to that discussed by the Company and the possibility of formalizing this case law against the taxpayers' interests that uphold said discussion, the Company and its subsidiaries opted for including the amounts of the aforementioned discussion to the installment payment enacted by Law 11,941/09. In addition, after evaluation with legal advisors and in line with the rules of this new installment payment, they included the amounts discussed in other theses upheld concerning the credit over financial expenses and the taxation over other revenues by the non-cumulativeness system. The consolidated amount included in the installment plan, net of fine and interest remission is R\$987,040.

*Social Security*

The Company filed a declaratory action of absence of legal relationship, in what concerns the contribution to SEBRAE, as enacted by Law 8,029/90, in order to obtain the acknowledgement of restated credit for offsetting with balances payable to SESC (Social Service for Trade) and SENAC (National Service for Commercial Training), excluding the 30% limit, as well as over the constitutionality of the FUNRURAL (Rural Workers' Assistance Fund) for companies located in urban areas. The consolidated amount, net of fine and interest remission is R\$83,144.

*Other lawsuits with possible risks included in the installment payment*

**Tax claims** The Company received deficiency notices referring to the controversy over the deductibility of certain expenses and provisions, extemporaneous credits not purpose of taxation when calculating income tax and social contribution and administrative proceedings related to requests for PIS and COFINS credit offset. Discrepancies are added to this point in relation to the calculation bases of these contributions and those verified by tax authorities. The consolidated amount involved in these lawsuits is R\$254,170.

Social security The Company had deficiency notices related to social security debts offset deriving from legal process credits. The consolidated amount involved is R\$137,965.

**15. Taxes and social contribution payable** (Continued)

The results deriving from additions of provisions, net of gains from fine and interest remission, accounted for a net expense of R\$270,378 in the parent company and R\$342,634 in the Consolidated (see Note 21).

**16. Provision for litigations**

Provision for litigations is estimated by Management, supported by its legal counsel. Such provision was set up in an amount considered sufficient to cover losses considered probable by the Company's legal counsel and is stated net of related judicial deposits, as shown below:

a) Taxes

Tax-related claims are indexed to the Central Bank Overnight Rate ( SELIC ), whose rate was 9.50% at December 31, 2009 (11.89% in 2008), and are subject, when applicable, to fines.

*COFINS and PIS*

The Company obtained a final and unappealable decision on the lawsuit arguing the constitutionality of increasing COFINS and PIS calculation basis (Law 9,718/99). Due to this fact and other decisions rendered by the Federal Supreme Court - STF concerning this issue, the Company reversed the provision for litigations in the amount of R\$107,532. The Company had no judicial deposits related to this lawsuit.

## 16. Provision for litigations (Continued)

### a) Taxes (Continued)

As the non-cumulativeness system for the purposes of calculating PIS started (Law 10,637/02) and COFINS (Law 10,833/03), the Company and its subsidiaries started to argue the appropriation of credits, as well as the possibility of excluding the amount from ICMS in its calculation bases with the judiciary branch. Finally, the Company filed a lawsuit discussing the exclusion of default charges from the calculation of debt related to COFINS rate.

The claims amounts of PIS and COFINS at December 31, 2009 is R\$161,391.

### *Other*

The Company and its subsidiaries have other tax claims, which after analysis of its legal counsels, were deemed as probable losses or as issues likely to be booked. These are: tax deficiency notice concerning the difference of inflation indexes used when determining income tax, as well as notices related to purchase, manufacturing and sale transactions for export purposes of soybean and its byproducts (PIS, COFINS and IRPJ), 1% increase in ICMS rate enacted by the Rio de Janeiro State government Fundo Estadual de Combate à Pobreza (State Government Fund Against Poverty), as well as other ISS (services tax)-related claims. The amount recorded at December 31, 2009 for such issues is R\$34,984.

In addition, the Company claims in court its right of not paying the contributions provided for by Complementary Law 110/2001 related to the FGTS (Government Severance Indemnity Fund for Employees) financing. The amount accrued on December 31, 2009 is R\$33,463 and the Company made a R\$9,564 judicial deposit.

### b) Labor claims

The Company is party to numerous lawsuits involving disputes with its employees, primarily arising from layoffs in the ordinary course of business. At December 31, 2009, the Company recorded a provision of R\$82,627 (R\$53,585 in 2008) referring to lawsuits whose risk of loss was considered probable and R\$39,788, referring to lawsuits whose risk of loss is deemed as possible. Management, assisted by its legal counsels, evaluates these contingencies and provides for losses where reasonably estimable, bearing in mind previous experiences in relation to the amounts sought. Labor claims are indexed to the Referential Interest Rate ( TR ) (0.70% accumulated in the year ended December 31, 2009) plus 1% monthly interest. The balance of the net provision for restricted judicial deposits is R\$26,871.

### c) Civil and other

The Company is a defendant, at several judicial levels, in lawsuits of civil nature, among others. The Company's Management sets up provisions in amounts considered sufficient to cover unfavorable court decisions when its internal and external legal counsels consider losses to be probable.

**16. Provision for litigations** (Continued)

c) Civil and other (Continued)

Among these lawsuits, we point out the following:

The Company files and answers various lawsuits in which it requests the review of lease amounts paid by the stores. In these lawsuits, the judge determines a provisional lease amount, which then is paid by the stores, until report and decision define the final lease amount. The set up provision of difference between the amount originally paid by the stores and that defined provisionally in these lawsuits. In other lawsuits, the Company recorded a provision for the difference between the amount paid as provisional rental and that one pleaded by adversary party, based on technical assistant's report of the adversary party. At December 31, 2009 the accrual amount for these lawsuits is R\$23,375, for which there are no judicial deposits.

The balance of Globex's civil actions at December 31, 2009 was mainly composed of: (i) consumer lawsuits in the amounts R\$21,022, (ii) provisions referring to the risk revaluation of action for damages of R\$7,402, deriving from contractual termination proposed by former service provider; (iii) recording of a provision of R\$23,698 in view of the contractual assumption of mandatory payment of a fee on behalf of shopping centers management companies, as a result of change in share control; and (iv) recording of a provision of R\$7,401 in order to deal with the indemnification risks deriving from the expectation of contractual termination with service providers.

Total civil actions and Other at December 31, 2009 is R\$110,456, net of judicial deposits.

d) Contingent liabilities

The Company has other contingencies which have been analyzed by the legal counsels and deemed as possible but not probable; therefore, have not been accrued, at December 31, 2009, as follows:

**INSS (Social Security Tax)** The Company was served notice regarding the non-levy of payroll charges on benefits granted to its employees, and the loss, considered possible, corresponds to R\$112,878 (R\$108,473 in 2008). The proceedings are under administrative and court discussion. Out of this amount R\$99,268 are guaranteed by real properties or bank guarantee.

**IRPJ, IRRF and CSLL** The Company has several assessment notices regarding offsetting proceedings, rules on the deductibility of provisions and tax payment discrepancies, all of them await final decision in the administrative level, the amount of which corresponds to R\$244,668 (R\$146,643 in 2008).

**COFINS, PIS and CPMF** The Company has been challenged through administrative proceedings regarding motion for offsetting, tax payment discrepancies, in addition to the aforementioned collection of taxes on soybean export operations. These proceedings await decision in the administrative level. The amount involved in these assessments is R\$632,954 (R\$498,402 in 2008).

**16. Provision for court demands** (Continued)d) Contingent liabilities (Continued)

**ICMS** The Company was served notice by the state tax authorities regarding: (i) the appropriation of electricity credits, (ii) acquisitions from suppliers considered to be disreputable, (iii) return of goods to its stores and (iv) refund of tax replacement without due compliance of ancillary obligations brought by CAT Ordinance 17 of the State of São Paulo, among others, not relevant. The total amount of these assessments is R\$1,328,274 (R\$1,193,266 in 2008), which await a final decision in the administrative and court levels.

**ISS, Municipal Real Estate Tax ( IPTU ), Property Transfer Tax ( ITBI ) and other** These are related to assessments on third parties retention, tax payment discrepancies, fines due to non-compliance of ancillary obligations and sundry taxes, the amount of which is R\$68,199 (R\$34,628 in 2008) and await administrative and court decisions. The increased amount is due to new administrative and legal proceedings.

**Other contingencies** They are related to administrative lawsuits and lawsuits under the civil court scope, special civil court, Consumer Protection Agency ( PROCON ) (in many states), Weight and Measure Institute ( IPEM ), National Institute of Metrology, Standardization and Industrial Quality ( INMETRO ) and National Health Surveillance Agency ( ANVISA ), amounting to R\$79,510 (R\$69,097 in 2008).

At subsidiary Globex, possible labor, civil and tax proceedings amounted to R\$127,335 on December 31, 2009.

Occasional adverse changes in the expectation of risk of the referred lawsuits may require that additional provision for contingencies be set up. The aforementioned lawsuits were not included in REFIS (Tax Recovery Program).

e) Appeal and judicial deposits

The Company is challenging the payment of certain taxes, contributions and labor-related obligations and has made court escrow deposits (restricted deposits), in addition to collateral deposits related to provisions for lawsuits.

The Company registered in its assets amounts related to judicial deposits not linked to the claims recorded in liabilities.

f) Guarantees

The Company has granted collaterals to some lawsuits of civil, labor and tax nature, as shown below:

(i) Recognition of deferred IRPJ and CSLL assets refer basically to tax loss carryforwards, acquired from Sé, and those generated by the subsidiary Sendas Distribuidora, realization of which, following restructuring measures, was

considered probable, except for the provision for realization of deferred IRPJ shown in the previous table. As allowed by Law 11,941/09, the Company utilized R\$163,477 from tax losses to pay for tax proceedings included in the installments (Note 15 iii). This amount used in the consolidated is R\$212,217.

At December 20, 2006, at Extraordinary General Meeting, the Company's shareholders approved the merger operation of its parent company Vieri. The special goodwill reserve, set up as a result of this merger, pursuant to paragraph 1 of article 6 of the CVM Ruling 319/99, which, at the end of each fiscal year and to the extent that the tax benefit to be earned by the Company, as a result of goodwill amortization, represents an effective decrease of taxes paid by the Company, purpose of capitalization at the Company, to the benefit of controlling shareholders, without prejudice to the preemptive right ensured to other shareholders in the subscription of capital increase resulting from said capitalization, all pursuant to Article 7, *caput* and paragraphs 1 and 2 of CVM Ruling 319/99. In order to enable a better presentation of the financial statements, the goodwill net amount of R\$206,195, which substantially represents the tax credit balance plus the amount of R\$1,806 were classified as deferred IRPJ. The net tax benefit at December 31, 2009 totaled R\$208,001 (R\$414,196 in 2008).

**17. Income and Social Contribution Taxes** (Continued)a) Breakdown of deferred income and social contribution taxes (Continued)

(ii) At March 31, 2008 and July 8, 2009, the Extraordinary General Meeting, respectively, approved the reverse merger of Sevilha and Nerano by Barcelona. Also pursuant to CVM Ruling 319/99, the special goodwill reserve was created as a result of this merger. At December 31, 2009, the remaining net goodwill recorded by Barcelona amounted to R\$58,709 and R\$58,542, respectively.

The Company prepares annual studies of scenarios and generation of future taxable income, which are approved by the Management and by the Board of Directors, indicating the capacity of benefiting from the tax credit set up.

Based on these studies, the Company expects to recover these tax credits within a term of up to 10 years, as follows:

## 18. Shareholders equity (Continued)

### c) Capital reserve Special goodwill reserve (Continued)

The share issue price was R\$32.32 per Class A preferred share and it was defined according to the criterion provided for in Article 170, paragraph 1, III of Law 6,404/76, based on the weighted average of fifteen trading sessions prior to the publication of Call Notice for said General Meeting. The shares issued were paid up by partially capitalizing the amounts existing in the goodwill special reserve recorded in the Company, on behalf of the Company's controlling shareholder, Wilkes Participações S.A., as provided for in Article 7 of CVM Ruling 319/99. The Company's shareholders were entitled to preemptive right in the subscription of shares issued in the capital increase, taking into account that shareholders who exercised such right, paid the issue price of shares directly subscribed to the Company's parent company to Wilkes Participações S.A., in domestic currency, as authorized by Article 171, paragraph 2 of Law 6,404/76 and by Article 7, paragraph 1 of CVM Ruling 319/99.

### d) Recognized granted options

With the enactment of Law 11,638/07 the account granted options was created to recognize payments made to managers as compensation pursuant to CPC 10.

### e) Revenue reserve

(i) Legal reserve: is formed based on appropriations from retained earnings of 5% of net income of each year, limited to 20% of the capital.

(ii) Expansion reserve: is formed based on appropriations of the amount determined by the shareholders to reserve funds to finance additional capital investments and working and current capital through the appropriation of up to 100% of the net income remaining after the appropriations approved by law and supported by capital budget, approved at meeting.

Pursuant to the Annual and Extraordinary General Meeting held on April 30, 2009, the proposal of the Board of Executive Officers of February 26, 2009 was approved, for the capitalization of reserves established in previous years, which were used for expanding the Company's business, and accordingly, a capital stock increase in the amount of R\$150,251, without the issue of new shares, as follows: (i) expansion reserve in the amount of R\$135,225; and (ii) profit retention reserve in the amount of R\$15,025.

### f) Stock option plan for preferred shares

#### (i) *Original stock option plan*

The Company granted stock option plans for the purchase of preferred shares to the Management. Shares issued due to the exercise of stock option plans will grant its holders the same rights of existing PNA shares. The Stock Option Plans are managed by an internal committee designated by the Board of Directors.

The granting price for each lot of shares is, at least, 60% of the weighted average price of the preferred shares traded in the week the option is granted.

#### (i) *Original stock option plan* (Continued)

The number of lot of shares may vary for each beneficiary or series. The vesting right to exercise the option may occur as follows and according to the following terms (i) 50% in the last month of third year subsequent to the granting date (1<sup>st</sup> tranche) and ii) until 50% in the last month of fifth year subsequent to the granting date (2<sup>nd</sup> tranche), and the remaining portion of the second tranche subject to restraint on alienation until the beneficiary's retirement, as per formula defined in the regulation.

Shares subject to restraint on alienation ( $Q$ ), upon the exercise of outlined in the stock option plan are calculated using the following formula:

$Q$  = Number of shares to be encumbered by restraint on alienation.

$Q1$  = 50% of the Company total shares on the granting date.

$Pm$  = Company share market price on the exercise date.

$Pe$  = Share original exercise price, determined on the granting date, observing the terms of the Plan.

The option price is updated by reference to the General Market Price Index - IGP-M variation to the date of its actual exercise, less dividends attributed for the period.

#### (ii) *New preferred stock option plan*

Pursuant to the resolutions at the Extraordinary General Meeting, held at December 20, 2006, it was approved the amendment to the Company's Stock Option Plan, originally approved by the Extraordinary General Meeting held at April 28, 1997.

As from 2007, the granting of preferred stock option plan to the Management and employees will take place as follows:

Shares will be classified as follows: Silver and Gold, and the quantity of Gold-type shares may be decreased and/or increased (reducer or accelerator), at discretion of the Plan management committee, in the course of 35 months following the granting date.

The price for the Silver-type share will correspond to the average of closing price of negotiations of the Company's preferred shares occurred over the last 20 trading sessions of BOVESPA, prior to the date on which the Committee resolves on the granting of option, with discount of 20%. The price for the Gold-type share will correspond to R\$0.01 and the granting of these options are additional to the Silver options, and the granting or the exercise of Gold options is not possible separately. In both cases, the prices will not be restated.

**18. Shareholders equity** (Continued)f) Stock option plan for preferred shares (Continued)(ii) *New preferred stock option plan* (Continued)

The Silver and Gold options shall be effective as of the date of the respective agreement. The number of shares resulting from the Silver option is fixed (established in the agreement). The number of shares resulting from the Gold option is variable, establishing on the granting date a number of shares that may be increased or decreased, according to the ROIC verified at the end of the 36<sup>th</sup> month as of the granting date.

The series of previous plan continue in force until the respective maturity dates.

**18. Shareholders equity** (Continued)f) Stock option plan for preferred shares (Continued)(iv) *Stock option plan - Globex*

The subsidiary Globex granted a Stock Option Plan for the purchase of common shares to the Management, approved by the Extraordinary General Meeting held at January 4, 2008 and rectified at the Annual and Extraordinary General Meeting held on April 29, 2008.

Statutory officers and employees approved by Globex's Board of Directors are eligible to participate in the Plan (the Beneficiaries). Pursuant to Article 171, paragraph 3 of Law 6,404/76, they shall not have preemptive right in the granting or in the exercise of stock options derived from the Plan. The shares resulting from the option exercise will have the rights set forth according to the Plan and the respective Programs and Agreement. They always will be entitled to receive the dividends to be distributed from the subscription or acquisition, where applicable. Once exercised the option by Beneficiary, the corresponding shares will be purpose of issue by means of Globex's capital increase. Treasury stock options may also be tendered, by means of notice to the Brazilian Securities and Exchange Commission - CVM. The options granted based on the Plan are individual and non-transferable. The Plan took effect with its approval at the General Meeting and may be extinguished, at any time, by decision of the Board of Directors. The option may be exercised fully or partially during the term and within the periods established in the respective program. According to the Plan, the options granted account for, at most 1,794,880 common shares issued by Globex and the exercise price of R\$25.35 for Program 1 and R\$17.02 for Program 2 (reverse split defined as 2008 Programs).

The first date of exercise of said options will be in September 2009. At December 31, 2009 the amount of R\$4,881 was recorded in the Company's results.

Due to a reduction in the eligible staff, the share-based compensation was also decreased. Therefore, the amounts referring to unexpired expenses until the end of 2009 and 2010 were modified.

(v) *Stock option plan - Ponto Frio.com*

At August 1, 2008, the subsidiary Globex concluded the negotiations to implement a partnership with a view to restructuring and developing its e-commerce and telesales activities for end consumers. Pursuant to the agreements executed, these activities now are performed by an independent company called PontoFrio.com Comércio Eletrônico S.A. ("PontoFrio.com"). In order to align the parties' long-term interests, executives of PontoFrio.com (and eventual new beneficiaries) were granted PontoFrio.com's stock options, whose exercise would result in executives' maximum interest of 14% in the capital stock, in the event they are fully exercised.

According to the Options Plan executed, the stock options benchmark is the amount of R\$15.71 per share, adjusted by CDI variation or IPCA accrued of six per cent (6%) p.a., whichever is the shortest, as of that date. The executives will be entitled to exercise the Stock Options divided into five (5) tranches, each one may be exercised as of the end of each twelve (12)-month period as of the date of the Agreement for the Granting of Stock Options.

As per clause 4.5 of the Operational Agreement, in the event of sale of Globex's control fact which occurred at July 7, 2009, the stock option right vest schedule changes as follows:

**Ponto Frio.com**

	<b>Term</b>	<b>Percentage</b>
1 <sup>st</sup> tranche	6/30/09 to 24 <sup>th</sup> month	30%
2 <sup>nd</sup> tranche	After 24 <sup>th</sup> month	20%
3 <sup>rd</sup> tranche	After 36 <sup>th</sup> month	20%
4 <sup>th</sup> tranche	After 48 <sup>th</sup> month	15%
5 <sup>th</sup> tranche	After 60 <sup>th</sup> month	15%

The fair value of the Stock Option Plan of PontoFrio.com was calculated based on the Black & Scholes option valuation model, considering the following assumptions: (a) expected volatility of 52.98%; (b) duration of the program of 5 years; (c) risk-free rate of 12.92%; (d) dividend yield of 0%; and (e) option fair value on the granting date from R\$4.12 to R\$9.74.

**18. Shareholders equity** (Continued)g) Dividends

At August 3, 2009, the Board of Directors approved the Company's adoption of a new policy for distribution of dividends, for the payment of interim dividends, on a quarterly basis, which shall be approved by the General Meeting, pursuant to paragraph 3 of Article 35 of the Company's Bylaws. The amount and dates of payment of quarterly advances will be proposed annually by the Company. The quarterly payments will be made debiting the earnings account. This present policy does not change the mandatory minimum dividend to be paid to shareholders pursuant to the law and the Company's Bylaws. Each quarterly payment will be resolved by the Board of Directors after the corresponding quarterly financial statements are approved. The payments may be suspended by the Board of Directors, according to the Company's economic-financial condition at that time.

For 2009, the Company advanced to its shareholders the amount of R\$46,389 (R\$15,463 on a quarterly basis), calculated based on dividends distributed by the Company in 2008, in the amount of R\$61,851,424.24. The amount to be declared per share is: (i) common shares - R\$0.35793; (ii) Class A preferred shares - R\$0.39372; and (iii) Class B preferred shares - R\$0.01.

A proposal of dividends to be paid will be submitted for resolution at the Annual General Meeting, calculated as follows:

	<b>Dividends proposed</b>	
	<b>2009</b>	<b>2008</b>
<b>Net income for the year</b>	591,580	260,427
