**In the third quarter of 2010**, Grupo Pão de Açúcar's gross sales increased by 10.0% over the same period last year to R\$6,219.4 million, while net sales climbed by 10.1% to R\$5,585.9 million.

In same-store terms (i.e. stores that have been operational for at least 12 months), gross sales grew by 7.7%, giving real growth of 3.0% when deflated by the IPCA consumer price index. Net sales recorded nominal growth of 7.8%.

Also on a same-store basis, gross food sales grew by 7.6% in the period, with beverages and personal care & household cleaning products doing particularly well. Non-food sales climbed by 7.8%, led by the general merchandise and textile category, which recorded higher increases than the non-food average.

It is worth noting that same-store non-food sales would have moved up by 13.1% if fuel sales, which fell by 11.6% year-on-year and accounted for 4% of total sales, had been excluded.

The Group's best-performing formats were Assaí and Extra Supermercados, which posted gross same-store sales growth of 19.6% and 24.1% respectively, thanks to a higher customer flow and an increase in the average ticket.

In addition, new strategies to increase the number of products per ticket were implemented in all formats.

**In the first nine months of 2010**, GPA reported gross sales of R\$18,849.6 million and net sales of R\$16,943.8 million, 13.7% and 15.1% up, respectively, on the first nine months of 2009.

In same-store terms, gross sales climbed by 10.4%, giving real growth of 5.2% when deflated by the IPCA, while net sales recorded nominal growth of 11.7%. Sales of food and non-food

Edgar Filing: BRAZILIAN DISTRIBUTION CO COMPANHIA BRASILEIRA DE DISTR CBD - Form 6-K  
 products increased by 9.6% and 13.1%, respectively.

In 4Q10, the Company reaffirmed its commitment to its GPA Food gross sales guidance of R\$26.0 billion in 2010.

**In the third quarter**, GPA's consolidated gross sales grew by 15.6% year-on-year to R\$7,939.6 million, while net sales moved up by 16.6% to R\$7,100.4 million.

In same-store terms<sup>(4)</sup>(i.e. stores that have been operational for at least 12 months, therefore including those Ponto Frio stores that meet this criterion as of this quarter), gross sales grew by 12.5%, giving real growth of 7.2% when deflated by the IPCA. Net sales recorded nominal growth of 13.1% year-on-year.

**In the first nine months**, GPA recorded consolidated gross and net sales of R\$23,540.7 million and R\$21,051.8 million, up by 32.3% and 33.8%, respectively, on the same period last year.

GPA's consolidated gross sales guidance for 2010 is R\$33.0 billion and, given the year-to-date results, we expect to reach this target.

(3) Like ABRAS (the Brazilian Supermarket Association), the Company has adopted the IPCA consumer price Index as its inflation indicator, since it gives a more accurate reflection of the Company's product and brand mix.

(4) Ponto Frio's same-store concept includes physical and electronic/wholesale sales.

**In the third quarter**, GPA's gross profit totaled R\$1,443.9 million, 12.1% up year-on-year, accompanied by a gross margin of 25.9%, up by 50 bps over 3Q09 and also an improvement over the 24.8% recorded in 2Q10. Excluding Assaí, GPA's gross margin would have come to 27.5%, 80 bps higher than 3Q09.

The main factors contributing to the year-on-year improvement were:

(i) more advantageous negotiations with suppliers;

(ii) improved operational management; and

(iii) implementation of a pricing management tool.

**In the first nine months**, gross profit amounted to R\$4,248.6 million, 13.9% up on the same period last year, accompanied by a gross margin of 25.1%, 20 bps less than the 25.3% recorded in 9M09, also impacted by the change in the ICMS tax substitution regime.

(3) Reclassification in Selling, General and Administrative Expenses in 2009

The Selling and General and Administrative Expenses lines were reclassified in 2009 in order to allow for better comparisons.

**In the third quarter, total operating expenses (including selling, general and administrative expenses) increased by 10.3% year-on-year to R\$1,027.5 million, chiefly due to four factors:**

- (i) higher personnel and social benefit expenses;
- (ii) increased expenses with advertising and marketing;
- (iii) expenses with technology to support business expansion in the coming years; and
- (iv) opening of new stores

Despite these upturns, GPA managed to maintain operating expenses at 18.4% as a percentage of net sales, same level as presented in 3Q09, which demonstrates dilution of other expenses.

---

**In the first nine months**, total operating expenses came to R\$3,095.3 million, 13.9% more than in 9M09, representing 18.3% of net sales, 20 bps less than the 18.5% recorded in the same period last year.

GPA's EBITDA excluding Assaí came to R\$390.7 million, up by 13.6%, with a margin of 8.1%, 60 bps more than the 7.5% reported in 3Q09.

## Net Financial Result

(1) Totals may not tally as the figures are rounded off

**In the third quarter**, the net financial expense came to R\$102.1 million, equivalent to 1.8% of net sales, chiefly due to the increase in the net debt from R\$597 million in 3Q09 to R\$1,788 million in 3Q10 and the period upturn in the SELIC base rate (see page 7 below, [Net Debt](#))

The net financial expense of R\$102.1 million in 3Q10 was the result of three factors:

(i) interest on the net bank debt totaling R\$54.4 million, representing 1.0% of net sales, 30 bps higher than the 2Q10 ratio, fueled by the period increase in net debt and the SELIC base rate.

(ii) Discounted receivables of R\$28.2 million, equivalent to 0.5% of net sales, in line with the 2Q10 figure, despite the increase in the SELIC base rate. The average term is of 36 days and an average cost of 109.5% of CDI.

(iii) Other assets and liabilities restated by the CDI rate (i.e. taxes paid in installments and court deposits included in the balance sheet), totaling R\$19.5 million, equivalent to 0.3% of net sales.

### Net Debt

Net debt increased, as shown in the graph below, mainly due to: (i) expenditure of R\$598 million on acquisitions, including R\$471 million paid to Globex's shareholders; (ii) investments

Edgar Filing: BRAZILIAN DISTRIBUTION CO COMPANHIA BRASILEIRA DE DISTR CBD - Form 6-K  
of R\$98 million in the expansion of Assaí; and (iii) a R\$194 million loan with Globex.

**In the third quarter, GPA's consolidated net financial expense was R\$191.7 million, equivalent to 2.7% of net sales.**

It is worth noting the recognition of R\$18.0 million in non-recurring costs from Globex this quarter, due to the change in the criterion for booking the cost of discounted receivables, which are now recognized in the same month as the discount.

Excluding this non-recurring effect, the net financial expense would have been R\$173.7 million, equivalent to 2.4% of net sales.

**In the first nine months,** the net financial expense came to R\$465.2 million, or R\$415.2 million excluding the nonrecurring effect of R\$ 50.0 million in 9M10.

## Equity Income

*FIC's result came to R\$11.7 million in the quarter*

## CONSOLIDATED

Since the third quarter of 2009, FIC (Financeira Itaú CBD) has also been operating Globex's credit cards and, given their respective shareholders' equities, GPA now retains a 36% interest in FIC, excluding Globex, while Globex retains a 14% stake. GPA's consolidated interest in FIC remains at 50%.

**In the third quarter,** FIC, including Globex's operations, accounted for 15.0% of total sales, closing the period with 7.4 million clients. Default remained under control, thanks to a rigorous credit-granting policy.

As a result, FIC's equity income was R\$11.7 million, six times more than the same period a year earlier. Of this total, R\$9.5 million went to GPA and R\$2.3 million to Globex.

This performance was in line with the Group's strategy of increasing the FIC card's share of sales, making it the best payment option in the stores and e-commerce operations, with exclusive benefits and advantages for cardholders.

---

**In the first nine months**, equity income, including Globex's operations, totaled R\$36.0 million, of which R\$26.4 million went to GPA and R\$9.6 million to Globex.

It is worth noting that if we exclude the non-recurring effects in 3Q10 (REFIS complement in Rio de Janeiro of a negative R\$2.2 million and restructuring expenses from the ZBB process totaling a negative R\$6.3 million), the adjusted net income totaled R\$143.6 million.

**In the first nine months**, net income totaled R\$349.9 million, equivalent to 2.1% of net sales. Excluding nonrecurring items in 9M10, net income would have increased by 4.9% to R\$400.0 million.

## Assaí Atacadista

*In the quarter, EBITDA totaled R\$25.6 million, 46.9% up on 3Q09*

**In the third quarter**, Assaí recorded gross sales of R\$816.2 million, including the stores in São Paulo, Ceará, Rio de Janeiro, Pernambuco and Tocantins(6), 47.5% up on 3Q09, fueled by the sales of new channels, organic growth, conversion of stores, and the format's improved operating result. Net sales accompanied the gross sales growth, climbing to R\$736.5 million.

Gross profit totaled R\$108.5 million, with a margin of 14.7%, 10 bps up on 3Q09.

Total operating expenses came to R\$82.9 million, equivalent to 11.3% of net sales, very close to the 3Q09 ratio, but 80 bps down on 2Q10.

EBITDA amounted to R\$25.6 million, 46.9% up on 3Q09, with a margin of 3.5%, i.e. up by 100 bps, evidence of an improved operating performance despite the new stores under maturation.

**In the first nine months** (6), Assaí posted gross sales of R\$2,237.3 million and net sales of R\$2,021.1 million, 49.2% and 49.6% up, respectively, on 9M09.

Gross profit totaled R\$288.0 million, with a margin of 14.2%, 10 bps down on the 14.3% margin recorded in 9M09, due to investments in competitive pricing at the beginning of 2010.

---

## Globex Utilidades S.A.

*In same store terms, gross sales increased by 39.9%*

**In the third quarter, gross sales came to R\$ 1,720.1 million, 41.7% up on the same period in 2009, while net sales grew by 49.3% to R\$ 1,514.5 million.**

**Gross profit** stood at R\$300.3 million, 86.9% up on the same period last year, with a gross margin of 19.8%, a 400 bps improvement.

**Total operating expenses** came to R\$223.2million, representing 14.7% of net sales, a 190 bps reduction compared to the 3Q09.

**EBITDA** was a positive R\$77.1 million, with a margin of 5.1%, versus a negative R\$8.3 million in 3Q09.

The **net financial result** was a negative R\$89.6 million. It is worth noting that, in this quarter, there was a nonrecurring expense of R\$18.0 million due to the change in the criterion for booking the cost of discounted receivables. Excluding this effect, the net financial expense would reach R\$71.6 million, representing 4.7% of net sales.

**Equity income**, considering Globex's 14% interest in FIC, came to R\$2.3 million. This performance was in line with the strategy of increasing the FIC card's share of sales, making it the best payment option in the Group's stores and e-commerce operations, with exclusive benefits and advantages for card-holders.

The **net result** was a loss of R\$18.3 million, a R\$25.9 million improvement over the loss recorded in 3Q09.

Globex's **investments** totaled R\$9.4 million, less than the R\$15.9 million recorded in 3Q09. The reduction was due to the Company's decision to concentrate first on capitalizing the existing assets and maximizing the synergies with Casas Bahia.
