**São Paulo, May 24, 2013 - GOL Linhas Aéreas Inteligentes S.A. (BM&FBovespa: GOLL4 and NYSE: GOL) (S&P: B, Fitch: B-, Moody's: B3),** the largest low-cost and low-fare airline in Latin America, hereby announces that it has filed a formal request with the National Civil Aviation Agency (ANAC) to expand its operations at Viracopos Airport, in Campinas. The company expects the beginning of six new daily flights (five to Santos Dumont/RJ and one to Brasília) on September 1<sup>st</sup>, 2013.

“With the expansion project at Campinas airport, we identified an opportunity for the company to grow in the region, absorbing the demand from cities such as Limeira, Jundiaí, Piracicaba, Itu and Sorocaba, among others,” explains Eduardo Bernardes, Gol’s Commercial Officer. “Our aim is not to get passengers from São Paulo to depart via Viracopos, but to make the entire network of the company and its partners available to customers from Campinas and the region. In order to do this, we are already analyzing the possibility of offering buses departing from some of the cities located near Campinas, to facilitate the arrival at the airport. This measure will provide a comfortable, safe and practical arrival of our customers, as all the buses will be equipped with wifi, and the client may, for example, make the check-in.”

In addition to these destinations, currently the company’s customers can depart directly from Campinas to Brasília, Belo Horizonte, Curitiba and Galeão, in Rio de Janeiro, and to all of GOL’s other destinations through connecting flights.
