PROSPECTUS SUPPLEMENT
(To Prospectus Dated July 23, 2007)

8,020,909 Common Units

Representing Limited Partner Interests

We are offering 8,020,909 common units representing limited partner interests in Regency Energy Partners LP to certain purchasers in a privately negotiated transaction at a price of \$22.00 per unit. We expect to receive net proceeds of approximately \$180.0 million, including our general partner's proportionate capital contribution after deducting offering expenses, from the sale of our common units.

Simultaneously with the closing of this offering, we expect to issue another 1,000,000 common units to another purchaser in a privately negotiated transaction at a price of \$23.59 per unit. The completion of this offering is not conditioned upon the completion of the other registered offering or vice versa.

Our common units trade on the NASDAQ Global Select Market under the symbol "RGNC." The last reported sales price of our common units on the NASDAQ Global Select Market on July 25, 2008 was \$23.29 per common unit.

Investing in our common units involves risks. Please read "Risk Factors" beginning on page S-2 of this prospectus supplement and on page 4 of the accompanying prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus supplement is July 29, 2008

This document is in two parts. The first part is the prospectus supplement, which describes the specific terms of this offering of common units. The second part is the accompanying prospectus, which gives more general information, some of which may not apply to the common units. If the information relating to the offering varies between the prospectus supplement and the accompanying prospectus, you should rely on the information in this prospectus supplement.

You should rely only on the information contained in or incorporated by reference in this prospectus supplement or the accompanying prospectus. We have not authorized anyone to provide you with additional or different information. If anyone provides you with additional, different or inconsistent information, you should not rely on it. We are offering to sell the common units, and seeking offers to buy the common units, only in jurisdictions where offers and sales are permitted. You should not assume that the information contained in this prospectus supplement or the accompanying prospectus is accurate as of any date other than the date on the front of those documents or that any information we have incorporated by reference is accurate as of any date other than the date of the document incorporated by reference. Our business, financial condition, results of operations and prospects may have changed since such dates.

SUMMARY

This summary highlights information contained elsewhere in this prospectus supplement and the accompanying prospectuses. It does not contain all of the information you should consider before making an investment decision. You should read the entire prospectus supplement, the accompanying prospectuses, the documents incorporated by reference and the other documents to which we refer for a more complete understanding of this offering. Please read the section entitled “Risk Factors” on page 4 of the accompanying prospectus for more information about important factors that you should consider before buying our common units in this offering. References in this prospectus supplement to the “Partnership,” “we,” “our,” “us” and similar terms, refer to Regency Energy Partners LP and its subsidiaries. References to “our general partner” refer to Regency GP LP, the general partner of the Partnership.

Regency Energy Partners LP

We are a growth-oriented, publicly-traded Delaware limited partnership engaged in the gathering, processing, contract compressing, marketing and transportation of natural gas and NGLs. We provide these services through systems located in Louisiana, Texas, Arkansas and the mid-continent region of the United States, which includes Kansas and Oklahoma. We were formed in September 2005 to capitalize on opportunities in the midstream sector of the natural gas industry.

We divide our operations into three business segments:

- **Gathering and Processing:** We provide “wellhead-to-market” services to producers of natural gas, which include transporting raw natural gas from the wellhead through gathering systems, processing raw natural gas to separate NGLs from the raw natural gas and selling or delivering the pipeline-quality natural gas and NGLs to various markets and pipeline systems;
- **Transportation:** We deliver natural gas from northwest Louisiana to more favorable markets in northeast Louisiana through our 320-mile Regency Intrastate Pipeline system; and
- **Contract Compression:** On January 15, 2008, we acquired CDM Resource Management, Ltd., which provides customers with turn-key natural gas compression services.

All of our midstream assets are located in well-established areas of natural gas production that are characterized by long-lived, predictable reserves. These areas are generally experiencing increased levels of natural gas exploration, development and production activities as a result of strong demand for natural gas, attractive recent discoveries, infill drilling opportunities and the implementation of new exploration and production techniques.

Our principal executive offices are located at 1700 Pacific Avenue, Suite 2900, Dallas, Texas 75201, and our telephone number is (214) 750-1771.

S-1

RISK FACTORS

An investment in our common units involves risk. You should carefully read the risk factors included under the caption "Risk Factors" beginning on page 4 of the accompanying prospectus, and the risk factors discussed in our 2007 annual report on Form 10-K and in our quarterly report for the quarter ended March 31, 2008, together with all of the other information included in this prospectus supplement, the accompanying prospectus and the documents we have incorporated by reference into this prospectus supplement in evaluating an investment in our common units. If any of the described risks actually were to occur, our business, financial condition or results of operations could be affected materially and adversely. In that case, we may be unable to make distributions to our unitholders, the trading price of our common units could decline and you could lose all or part of your investment.

USE OF PROCEEDS

We expect to receive proceeds of approximately \$180.0 million from the sale of the 8,020,909 common units offered hereby, including our general partner's proportionate capital contribution and after deducting estimated offering expenses payable by us. We estimate that the total expenses of this offering payable by us will be approximately \$90,000.

We will use the net proceeds to fund our organic growth projects. Pending such use, we will use the proceeds from this offering to temporarily repay a portion of the outstanding indebtedness under our revolving credit facility and for general partnership purposes.

Simultaneously with the closing of this offering, we expect to issue another 1,000,000 common units to another purchaser in a privately negotiated transaction at a price of \$23.59 per unit. The completion of this offering is not conditioned upon the completion of the other registered offering or vice versa. We estimate we will receive proceeds of approximately \$24.0 million from the sale of the 1,000,000 common units including our general partner's proportionate capital contribution and after deducting estimated offering expenses payable by us. We expect to use the net proceeds from the 1,000,000 common unit offering to fund our organic growth projects. Pending such use, we will use the proceeds from this offering to temporarily repay a portion of the outstanding indebtedness under our revolving credit facility and for general partnership purposes.

As of July 28, 2008, total borrowings under our \$900 million revolving credit facility were approximately \$809 million, and it had a weighted average interest rate of 4.56%. The revolving credit facility has a maturity date of August 15, 2011. The borrowings under our revolving credit facility were incurred primarily for recent acquisitions and organic growth projects.

INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

Some of this information in this prospectus supplement and the documents that we have incorporated herein by reference may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements are identified as any statement that does not relate strictly to historical or current facts. Statements using words such as “anticipate,” “believe,” “intend,” “project,” “plan,” “expect,” “continue,” “estimate,” “goal,” “forecast,” “may” or similar expressions help identify forward-looking statements. Although we believe our forward-looking statements are based on reasonable assumptions and current expectations and projections about future events, we cannot give assurances that such expectations will prove to be correct. Forward-looking statements are subject to a variety of risks, uncertainties and assumptions including the following:

- changes in laws and regulations impacting the midstream sector of the natural gas industry;
 - the level of creditworthiness of our counterparties;
 - our ability to access the debt and equity markets;
- our use of derivative financial instruments to hedge commodity and interest rate risks;
- the amount of collateral required to be posted from time to time in our transactions;
 - changes in commodity prices, interest rates and demand for our services;
 - weather and other natural phenomena;
- industry changes including the impact of consolidations and changes in competition;
- our ability to obtain required approvals for construction or modernization of our facilities and the timing of production from such facilities; and
 - the effect of accounting pronouncements issued periodically by accounting standard setting boards.

If one or more of these risks or uncertainties materialize, or if underlying assumptions prove incorrect, our actual results may differ materially from those anticipated, estimated, projected or expected.

Each forward-looking statement speaks only as of the date of the particular statement and we undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements in this prospectus supplement and the documents that we have incorporated by reference. We will not update these statements unless the securities laws require us to do so.
