- (1) Assumes conversion of all of the holder's notes at a conversion rate of 21.0084 shares of common stock per \$1,000 principal amount at maturity of the notes. This conversion rate is subject to adjustment, however, as described under Description of the Notes Conversion Rights Make Whole Amount and Description of the Notes Conversion Rights.  - (3) Calculated based on Rule 13d-3(d)(1)(i) of the Exchange Act, using 68,074,888 common shares outstanding as of January 30, 2006. In calculating this amount for each holder, we treated as outstanding the number of shares of common stock issuable upon conversion of all that holder's notes, but we did not assume conversion of any other holder's notes.
 - (4) Patrick Corrigan, a director of Deutsche Bank Securities Inc., has dispositive power over the notes and voting and dispositive power over the shares of common stock underlying the notes held by this selling securityholder. Mr. Corrigan disclaims beneficial ownership of the notes and the shares of common stock underlying the notes held by this selling securityholder.
 - (5) The selling securityholder has identified itself as an affiliate of a broker-dealer. Such selling securityholder has informed us that: (1) such selling securityholder purchased its notes in the ordinary course of business, and (2) at the time that the notes were purchased, the selling securityholder had no agreements or understandings, directly or indirectly, with any person to distribute the notes.
