Item 2.02. Results of Operations and Financial Condition.

Information contained in Item 7.01 below, including Exhibit 99.1 hereto, with respect to the fiscal year ended December 31, 2017 of American Water Works Company, Inc. (the “Company”), is incorporated by reference herein. The information furnished in response to this Item 2.02, including Exhibit 99.1 hereto, shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), nor shall it be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

Item 7.01. Regulation FD.

Enactment of the Tax Cuts and Jobs Act

On December 11, 2017, the Company furnished to the Securities and Exchange Commission a current report on Form 8-K and issued a press release that (i) included information regarding the Company’s GAAP and adjusted earnings per share guidance for the 2017 fiscal year; (ii) provided GAAP earnings per share and other financial and operational guidance for the 2018 fiscal year; and (iii) provided a projected range for its compound annual growth rate in earnings per share and other financial and operational guidance for the five-year period from 2018 to 2022 (collectively, the “Company Guidance”). On December 22, 2017, President Donald J. Trump signed into law what is commonly referred to as the Tax Cuts and Jobs Act (the “TCJA”), which, among other things, enacted significant changes to the Internal Revenue Code of 1986, as amended, including a reduction in the maximum U.S. federal corporate income tax rate from 35% to 21% as of January 1, 2018, and certain other provisions related specifically to the public utility industry, most significantly allowing the continuation of certain interest expense deductibility and excluding 100% expensing of capital investments. When issued, the Company Guidance did not, and it currently does not, take into account or reflect the changes in law set forth in the TCJA.

On January 2, 2018, the Company issued a press release announcing that the enactment of the TCJA, and the adoption or issuance of any further rules, regulations, interpretations and guidance by the U.S. Department of the Treasury with respect thereto (collectively, the “Related Interpretations”), may materially impact the Company’s guidance and results of operations to be reported for fiscal 2017, and its expectations for future financial and operational performance contained in the Company Guidance, as well as the estimates, assumptions and sensitivities upon which the Company Guidance was based. The Company cannot currently estimate or quantify the impact of the enactment of the TCJA or any Related Interpretations, if and when issued, on the Company Guidance.

The Company is required to revalue its deferred tax assets and liabilities, including its U.S. federal income tax net operating losses, at the new federal corporate income tax rate as of the date of enactment of the TCJA, or December 22, 2017. Most of the Company’s consolidated deferred tax assets and liabilities, as well as a portion of its U.S. federal net operating losses, are held at the Company’s utility subsidiaries. The majority of the deferred tax assets and liabilities at the utility subsidiaries are subject to a normalization method of accounting pursuant to the Code and/or applicable public utility commission regulation. As a result, the revaluation of the utility subsidiaries’ net deferred taxes is expected to result in a regulatory liability that would be returned to utility customers over the remaining life of the related assets and liabilities and would not be expected to materially impact the Company’s results of operations under the normalization process. The revaluation of deferred tax assets and U.S. federal net operating losses held at the parent company and other non-utility subsidiaries is expected to result in a potentially material charge to the Company’s results of operations for fiscal 2017. The Company will continue to assess the impact of the TCJA and any Related Interpretations, if and when issued, on the Company Guidance and the Company’s other forward-looking information, as well as the regulatory treatment of the TCJA in each of its 16 regulatory jurisdictions. The Company expects to provide an estimate of the impacts of the TCJA in conjunction with the filing of its Annual Report on Form 10-K for the year ended December 31, 2017 and related disclosures, expected in February 2018.
