NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

Note 1—Summary of Significant Accounting Policies

Basis of Presentation and Organization: Pinnacle Entertainment, Inc. (“Pinnacle”) is an owner, operator and developer of casinos and related hospitality and entertainment facilities. References in these footnotes to “Pinnacle,” the “Company,” “we,” “our” or “us” refer to Pinnacle Entertainment, Inc. and its subsidiaries, except where stated or the context otherwise indicates.

We own and operate 15 gaming entertainment properties, located in Colorado, Indiana, Iowa, Louisiana, Mississippi, Missouri, Nevada and Ohio. We also hold a majority interest in the racing license owner, as well as a management contract, for Retama Park Racetrack outside of San Antonio, Texas. In addition to these properties, we own and operate a live and televised poker tournament series under the trade name Heartland Poker Tour. Our reporting segments are as follows:

Midwest segment, which includes:

	Location
Ameristar Council Bluffs	Council Bluffs, Iowa
Ameristar East Chicago	East Chicago, Indiana
Ameristar Kansas City	Kansas City, Missouri
Ameristar St. Charles	St. Charles, Missouri
Belterra Casino Resort	Florence, Indiana
Belterra Park Gaming & Entertainment Center	Cincinnati, Ohio
River City Casino	St. Louis, Missouri

South segment, which includes:

	Location
Ameristar Vicksburg	Vicksburg, Mississippi
Boomtown Bossier City	Bossier City, Louisiana
Boomtown New Orleans	New Orleans, Louisiana
L'Auberge Baton Rouge	Baton Rouge, Louisiana
L'Auberge Lake Charles	Lake Charles, Louisiana

West segment, which includes:

	Location
Ameristar Black Hawk	Black Hawk, Colorado
Cactus Petes	Jackpot, Nevada
The Horseshu	Jackpot, Nevada

We have classified certain of our assets and liabilities as held for sale in our Consolidated Balance Sheets and included the related results of operations in discontinued operations. As of March 31, 2014, Lumière Place Casino, HoteLumière, the Four Seasons Hotel St. Louis, and related excess land parcels (collectively the "Lumière Place Casino and Hotels") are considered held for sale and the related results of operations have been reclassified as discontinued operations. In April 2014, we completed the sale of the Lumière Place Casino and Hotels for cash consideration of \$260.0 million, subject to a net working capital adjustment. For further information, see Note 7, Discontinued Operations. Our Consolidated Statements of Cash Flows have not been adjusted for discontinued operations.

Principles of Consolidation: The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with the instructions of the Securities and Exchange Commission (the “SEC”) to the Quarterly Report on Form 10-Q and, therefore, do not include all information and notes necessary for complete financial statements in conformity with the instructions for generally accepted accounting principles in the United States

("GAAP"). The results for the periods indicated are unaudited, but reflect all adjustments that management considers necessary for a fair presentation of operating results. The unaudited Condensed Consolidated Financial Statements include the accounts of Pinnacle Entertainment, Inc. and its subsidiaries. Investments in unconsolidated affiliates in which we have the ability to exercise significant influence are accounted for under the equity method. All significant intercompany accounts and transactions have been eliminated in consolidation.

Table of Contents

The results of operations for interim periods are not indicative of a full year of operations. These unaudited Condensed Consolidated Financial Statements and notes thereto should be read in conjunction with the Consolidated Financial Statements and notes thereto included in our Annual Report on Form 10-K filed with the SEC for the year ended December 31, 2013.

Use of Estimates: The preparation of unaudited Condensed Consolidated Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect (i) the reported amounts of assets and liabilities, (ii) the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and (iii) the reported amounts of revenues and expenses during the reporting period. Estimates used by us include, among other things, estimates required to allocate the purchase price of business combination transactions to tangible and identifiable intangible assets acquired and liabilities assumed, the estimated useful lives for depreciable and amortizable assets, the estimated allowance for doubtful accounts receivable, estimated income tax provisions, the evaluation of the future realization of deferred tax assets, determining the adequacy of reserves for self-insured liabilities and our customer loyalty programs, estimated cash flows in assessing the recoverability of long-lived assets, asset impairments, goodwill and intangible assets, contingencies and litigation, and estimates of the forfeiture rate and expected life of share-based awards and stock price volatility when computing share-based compensation expense. Actual results may differ from those estimates.

Fair Value: Fair value measurements affect our accounting and impairment assessments of our long-lived assets, investments in unconsolidated affiliates, assets acquired in an acquisition, goodwill, and other intangible assets. Fair value measurements also affect our accounting for certain financial assets and liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and is measured according to a hierarchy that includes: "Level 1" inputs, such as quoted prices in an active market for identical assets or liabilities; "Level 2" inputs, which are observable inputs for similar assets; or "Level 3" inputs, which are unobservable inputs.

The following table presents a summary of fair value measurements by level for certain liabilities measured at fair value on a recurring basis in the unaudited Condensed Consolidated Balance Sheets:

	Total Fair Value (in millions)	Fair Value Measurements Using:		
		Level 1	Level 2	Level 3
As of March 31, 2014				
Liabilities:				
Deferred compensation	\$0.6	\$0.6	\$—	\$—
As of December 31, 2013				
Liabilities:				
Deferred compensation	\$0.8	\$0.8	\$—	\$—

Table of Contents

The following table presents a summary of fair value measurements by level for certain financial instruments not measured at fair value on a recurring basis in the unaudited Condensed Consolidated Balance Sheets for which it is practicable to estimate fair value:

	Total Carrying Value (in millions)	Total Fair Value	Fair Value Measurements Using:		
			Level 1	Level 2	Level 3
As of March 31, 2014					
Assets:					
Held-to-maturity securities	\$14.8	\$30.1	\$—	\$26.7	\$3.4
Promissory notes	\$10.2	\$17.1	\$—	\$17.1	\$—
Liabilities:					
Long-term debt	\$4,349.5	\$4,511.5	\$—	\$4,511.5	\$—
As of December 31, 2013					
Assets:					
Held-to-maturity securities	\$14.8	\$30.1	\$—	\$26.7	\$3.4
Promissory notes	\$9.5	\$16.5	\$—	\$16.5	\$—
Liabilities:					
Long-term debt	\$4,380.1	\$4,511.9	\$—	\$4,511.9	\$—

The estimated fair values for certain of our long-term held-to-maturity securities and our long-term promissory notes were based on Level 2 inputs using observable market data for comparable instruments in establishing prices.

The estimated fair values for certain of our long-term held-to-maturity securities were based on Level 3 inputs using a present value of future cash flow valuation technique that relies on management assumptions and qualitative observations. Key significant unobservable inputs in this technique include discount rate risk premiums and probability-weighted cash flow scenarios.

The estimated fair values of our long-term debt includes the fair value of our senior notes, senior subordinated notes, senior secured credit facility and term loan were based on Level 2 inputs of observable market data on comparable debt instruments on or about March 31, 2014 and December 31, 2013.

The fair values of our short term financial instruments approximate the carrying values do to their short term nature.

Land, Buildings, Vessels and Equipment: Land, buildings, vessels and equipment are stated at cost. Land includes land not currently being used in our operations, which totaled \$35.7 million at March 31, 2014. We capitalize the costs of improvements that extend the life of the asset. We expense maintenance and repair costs as incurred. Gains or losses on the disposition of land, buildings, vessels and equipment are included in the determination of income.

Development costs directly associated with the acquisition, development and construction of a project are capitalized as a cost of the project, during the periods in which activities necessary to get the property ready for its intended use are in progress. The costs incurred for development projects are carried at cost. Interest costs associated with development projects are capitalized as part of the cost of the constructed asset. When no debt is incurred specifically for a project, interest is capitalized on amounts expended for the project using our weighted-average cost of borrowing. Capitalization of interest ceases when the project, or discernible portion of the project, is substantially complete. If substantially all of the construction activities of a project are suspended, capitalization of interest will cease until such activities are resumed. For further discussion, see Note 2, Long-term Debt.

Table of Contents

The following table presents a summary of our land, buildings, vessels and equipment:

	March 31, 2014 (in millions)	December 31, 2013
Land, buildings, vessels and equipment:		
Land and land improvements	\$391.7	\$391.7
Buildings, vessels and improvements	2,494.2	2,492.2
Furniture, fixtures and equipment	644.1	633.1
Construction in progress	232.9	175.6
Land, buildings, vessels and equipment, gross	3,762.9	3,692.6
Less: accumulated depreciation	(707.5)	(656.1)
Land, buildings, vessels and equipment, net	\$3,055.4	\$3,036.5

Equity Method Investments: We apply equity method accounting for investments when we do not control the investee, but have the ability to exercise significant influence over its operating and finance policies. Equity method investments are recorded at cost, with the allocable portion of the investee's income or loss reported in earnings, and adjusted for capital contributions to and distributions from the investee. Distributions in excess of equity method earnings, if any, are recognized as a return of investment and recorded as investing cash flows in the unaudited Condensed Consolidated Statements of Cash Flows. We review our equity investments for impairment whenever events or changes in circumstances indicate that the carrying value of our investment may have experienced an other-than-temporary decline in value.

Goodwill and Other Intangible Assets: Goodwill and other indefinite-lived intangible assets are subject to an annual assessment for impairment during the fourth quarter, or more frequently if there are indications of possible impairment, by applying a qualitative and/or quantitative fair-value-based test. There were no impairments to goodwill or intangible assets recognized during the three months ended March 31, 2014 and 2013, respectively. During the three months ended March 31, 2014, we paid the initial \$10 million installment for Belterra Park's video lottery terminal license. Such amount is included in "Intangible assets, net" in our unaudited Condensed Consolidated Balance Sheet.

Customer Loyalty Programs: As of March 31, 2014, we offered incentives to our customers through two customer loyalty programs, mychoice for our legacy Pinnacle properties, and Star Awards for properties acquired in our 2013 acquisition of Ameristar Casinos Inc. ("Ameristar"). Under both programs, customers earn points based on their level of play that may be redeemed for various benefits, such as cash back, dining, or hotel stays, among others. The reward credit balance under both plans will be forfeited if the customer does not earn any reward credits over the prior six-month period for mychoice, or 12-month period for Star Awards. In addition, based on their level of play under the mychoice program, customers can earn additional benefits without redeeming points, such as a car lease, among other items. In April 2014, we expanded the mychoice loyalty program to all Ameristar properties and now offer benefits solely through the mychoice loyalty program.

We accrue a liability for the estimated cost of providing these benefits as the benefits are earned. Estimates and assumptions are made regarding cost of providing the benefits, breakage rates, and the mix of goods and services customers will choose. We use historical data to assist in the determination of estimated accruals. Changes in estimates or customer redemption habits could produce significantly different results. At March 31, 2014 and December 31, 2013, we had accrued \$21.4 million and \$18.9 million, respectively, for the estimated cost of providing these benefits. Such amounts are included in "Other accrued liabilities" in our unaudited Condensed Consolidated Balance Sheets.

Table of Contents

Revenue Recognition. Gaming revenues consist of the net win from gaming activities, which is the difference between amounts wagered and amounts paid to winning patrons. Food and beverage, lodging, retail, entertainment, and other operating revenues are recognized as products are delivered or services are performed.

The retail value of food and beverage, lodging and other services furnished to guests on a complimentary basis is included in total revenues and then deducted as promotional allowances in calculating revenues. The estimated cost of providing such promotional allowances is primarily included in gaming expenses. Complimentary revenues that have been excluded from the accompanying unaudited Condensed Consolidated Statements of Operations were as follows:

	For the three months ended March 31,	
	2014	2013
	(in millions)	
Food and beverage	\$33.2	\$16.4
Lodging	16.0	7.0
Other	3.7	2.7
Total promotional allowances	\$52.9	\$26.1

The cost to provide such complimentary benefits were as follows:

	For the three months ended March 31,	
	2014	2013
	(in millions)	
Promotional allowance costs included in gaming expense	\$38.1	\$20.5

Gaming Taxes: We are subject to taxes based on gross gaming revenues in the jurisdictions in which we operate, subject to applicable jurisdictional adjustments. These gaming taxes are an assessment on our gaming revenues and are recorded as a gaming expense in the unaudited Condensed Consolidated Statements of Operations.

	For the three months ended March 31,	
	2014	2013
	(in millions)	
Gaming taxes	\$132.8	\$70.1

Pre-opening and Development Costs: Pre-opening and development costs are expensed as incurred. Pre-opening and development costs consist of the following:

	For the three months ended March 31,	
	2014	2013
	(in millions)	
Ameristar acquisition (1)	\$0.5	\$6.8
Belterra Park Gaming & Entertainment Center	2.7	0.2
Other	0.2	0.6
Total pre-opening and development costs	\$3.4	\$7.6

(1) Amounts principally comprised of legal and advisory expenses, severance charges and other costs and expenses related to the financing and integration of the acquisition of Ameristar.

Earnings per Share: The computation of basic and diluted earnings per share (“EPS”) is based on net income divided by the basic weighted average number of common shares and diluted weighted average number of common shares, respectively.

12

Table of Contents

Diluted earnings per share reflect the additional dilution from all potentially dilutive securities, such as in-the-money stock options and restricted stocks units. Out-of-the-money stock options were excluded from calculation of diluted earnings per share because including them would have been anti-dilutive, and totaled 1.3 million shares for the three months ended March 31, 2014.

For the three months ended March 31, 2013, we recorded a loss from continuing operations. Accordingly, the potential dilution from the assumed exercise of stock options is anti-dilutive. As a result, basic earnings per share is equal to diluted earnings per share for the period. For the three months ended March 31, 2013, securities that could potentially dilute basic earnings per share in the future that were not included in the computation of diluted earnings per share amounted to 1.2 million shares.

Reclassifications: The unaudited Condensed Consolidated Financial Statements reflect certain reclassifications to prior year amounts to conform to classification in the current period. In addition, prior year amounts have been adjusted for reclassification of the Lumière Place Casino and Hotels from continuing operations to discontinued operations and Note 10, Segment Information, has been recast to reflect our current reporting segment presentation. These reclassifications had no effect on the previously reported net loss.

Recently Issued Accounting Pronouncements

In July 2013, the Financial Accounting Standards Board ("FASB") issued an amendment to the accounting guidance for income taxes which provides guidance on financial statement presentation of an unrecognized tax benefit when a net operating loss ("NOL") carryforward, a similar tax loss, or a tax credit carryforward exists. The objective in issuing this amendment is to eliminate diversity in practice resulting from a lack of guidance on this topic in current GAAP. Under the amendment, an entity must present an unrecognized tax benefit, or a portion of an unrecognized tax benefit, in the financial statements as a reduction to a deferred tax asset for an NOL carryforward, a similar tax loss, or a tax credit carryforward except under certain conditions. The amendment is effective for fiscal years beginning after December 15, 2013, and for interim periods within those years, and should be applied to all unrecognized tax benefits that exist as of the effective date. We adopted this guidance during the first quarter of 2014 and it did not have a material impact on our consolidated financial statements.

In April 2014, the FASB issued an accounting standards update in connection with reporting discontinued operations and disclosures of disposals of components of entities. The accounting standards update changes the criteria for reporting discontinued operations. Under the amendment a disposal of a component of an entity or a group of components of an entity is required to be reported in discontinued operations if the disposal represents a strategic shift that has (or will have) a major effect on an entity's operations and financial results when any of the following occurs: (i) the component of an entity or group of components of an entity meets the criteria to be classified as held for sale; (ii) the component of an entity or group of components of an entity is disposed of by sale; and (iii) the component of an entity or group of components of an entity is disposed of other than by sale (for example, by abandonment or in a distribution to owners in a spinoff). This new guidance is effective prospectively for all disposals (or classifications as held for sale) of components of an entity and all business activities, on acquisition, that are classified as held for sale that occur within annual periods beginning on or after December 15, 2014, and interim periods within those years. We are currently evaluating the impact of adopting this accounting standards update on our consolidated financial statements.

A variety of proposed or otherwise potential accounting standards are currently under review and study by standard-setting organizations and certain regulatory agencies. Because of the tentative and preliminary nature of such proposed standards, we have not yet determined the effect, if any, that the implementation of any such proposed or revised standards would have on our unaudited Condensed Consolidated Financial Statements.

Senior Secured Credit Facility: In August 2013, we entered into an Amended and Restated Credit Agreement ("Credit Facility"), which amended and restated our Fourth Amended and Restated Credit Agreement dated as of August 2, 2011, as amended. The Credit Facility consists of (i) \$1.6 billion of term loans comprised of \$500 million of Tranche B-1 term loans and \$1.1 billion in Tranche B-2 term loans and (ii) a \$1 billion revolving credit commitment. As of March 31, 2014, we had approximately \$531.6 million drawn under the revolving credit facility, and had approximately \$12.9 million committed under letters of credit. The Credit Facility was entered into in connection with our acquisition of Ameristar. The outstanding principal on the Tranche B-1 and Tranche B-2 term loans have been discounted on issuance for the reduction in the proceeds received when the transaction was consummated.

In April 2014, we fully repaid the remaining principal balance outstanding on the Tranche B-1 term loans with a portion of the proceeds received at the closing of the sale of the Lumière Place Casino and Hotels. See Note 7, Discontinued Operations, for additional information on the sale of the Lumière Place Casino and Hotels.

Table of Contents

6.375% Senior Notes due 2021: In August 2013, we issued \$850.0 million in aggregate principal amount of 6.375% senior notes due 2021 ("6.375% Notes") to fund the acquisition of Ameristar. The 6.375% Notes bear interest at a rate of 6.375% per year, payable semi-annually in arrears on February 1st and August 1st, commencing on February 1, 2014. The 6.375% Notes mature on August 1, 2021. Net of initial purchasers' fees and various costs and expenses, proceeds from the offering were approximately \$835 million.

7.50% Senior Notes due 2021: As part of the acquisition of Ameristar, we assumed \$1.04 billion in aggregate principal amount 7.50% Senior Notes due 2021 ("7.50% Notes") that were originally issued by Ameristar. The 7.50% Notes bear interest at a rate of 7.50% per year, payable semi-annually in arrears on April 15th and October 15th of each year. The 7.50% Notes mature on April 15, 2021. The 7.50% Notes were recorded at fair value as part of the purchase price allocation with a premium of \$72.8 million. In addition, a consent fee payment to the holders of the 7.50% Notes at acquisition was included as a discount component of the total carrying value. For further details on the Ameristar business combination purchase price allocation, see Note 6, Investments and Acquisition activities.

7.75% Senior Subordinated Notes due 2022: In March 2012, we issued \$325 million in aggregate principal amount of 7.75% senior subordinated notes due 2022 ("7.75% Notes"). The 7.75% Notes were issued at par with interest payable on April 1st and October 1st of each year. The 7.75% Notes mature on April 1, 2022. Net of initial purchasers' fees and various costs and expenses, proceeds from the offering were approximately \$318 million.

8.75% Senior Subordinated Notes due 2020: In May 2010, we issued \$350 million in aggregate principal amount of 8.75% senior subordinated notes due 2020 ("8.75% Notes"). The 8.75% Notes were issued at par with interest payable on May 15th and November 15th of each year. The 8.75% Notes mature on May 15, 2020. Net of the initial purchasers' fees and various costs and expenses, proceeds from the offering were approximately \$341.5 million. Interest expense, net of capitalized interest and interest income was as follows:

	For the three months ended March 31,	
	2014	2013
	(in millions)	
Interest expense	\$68.6	\$29.1
Interest income	(0.2)	(0.1)
Capitalized interest	(1.6)	(0.4)
Interest expense, net	\$66.8	\$28.6

Interest expense is capitalized on internally constructed assets at our overall weighted average cost of borrowing. Interest expense increased due to the additional debt incurred to fund our acquisition of Ameristar and other development projects.

Note 3—Income Taxes

Our effective income tax rate for continuing operations for the three months ended March 31, 2014 was 10.5%, or an expense of \$2.2 million, as compared to an effective tax rate of (1.2)%, or benefit of \$1.1 million, for the corresponding prior-year period. Our tax rate differs from the statutory rate of 35.0% due to the effects of permanent items, deferred tax expense on tax amortization of indefinite-lived intangible assets, state taxes and a reserve for unrecognized tax benefits. Our state tax provision represents taxes in the jurisdiction of Indiana, Louisiana and the city jurisdictions of Missouri where we have no valuation allowance.

Note 4—Employee Benefit Plans

Share-based Compensation: As of March 31, 2014, we had approximately 6.6 million share-based awards outstanding, including common stock options, restricted stock units and performance stock units which are detailed below. In addition, we had approximately 2.4 million share-based awards available for grant. We recorded share-based compensation expense as follows:

Note 5—Write-downs, reserves and recoveries, net

Net write-downs, reserves and recoveries consist of \$0.6 million and \$0.3 million in losses during the three months ended March 31, 2014 and 2013, respectively, related to the disposal of slot and other equipment at our properties in the normal course of business.

Note 6—Investments and Acquisition Activities

Acquisition of Ameristar Casinos, Inc.: On August 13, 2013, we completed the acquisition of Ameristar pursuant to an Agreement and Plan of Merger, dated December 20, 2012, as amended. Upon completion of the acquisition, Ameristar was merged with and into Pinnacle and ceased to exist as a separate entity.

The purchase price totaled \$1.8 billion (excluding assumed debt). We funded the cash required for the acquisition largely with debt financing. See discussion of new debt in Note 2, Long-Term Debt. The purchase price was comprised of the following (in thousands):

Consideration for Ameristar equity	\$962,428
Repayment of Ameristar debt	878,828
	\$1,841,256

We are required to allocate the purchase price to tangible and identifiable intangible assets acquired and liabilities assumed based on their fair values. The excess of the purchase price over those fair values is recorded as goodwill, of which \$176.9 million is deductible for tax purposes. The goodwill recognized is attributable primarily to expected synergies and the assembled workforce of Ameristar. The determination of the fair values of the acquired assets and assumed liabilities requires significant judgment. Management has not yet finalized its valuation analysis for acquisition date income tax balances.

The following table reflects the preliminary allocation of the purchase price to the tangible and identifiable intangible assets acquired and liabilities assumed, with the excess recorded as goodwill (in thousands).

Current and other assets	\$152,165
Property and equipment	1,783,735
Goodwill	860,805
Intangible assets	524,200
Other non-current assets	39,496

Of the \$860.0 million of goodwill, approximately \$551.1 million has been assigned to the Midwest reporting segment, approximately \$231.5 million has been assigned to the South reporting segment, and approximately \$78.2 million has been assigned to the West reporting segment.

The following table summarizes the acquired property and equipment.

	As Recorded at Fair Value (in thousands)
Land and land improvements	\$162,770
Buildings, vessels and improvements	1,308,151
Furniture, fixtures and equipment	158,999

Total property and equipment acquired	\$1,783,735

(a) Included in acquired construction in progress are the assets of the Ameristar Casino Resort Spa Lake Charles development. These assets were sold in November 2013. See Note 7, Discontinued Operations, for further detail.

The following table summarizes the acquired intangible assets.

	As Recorded at Fair Value (in thousands)

The following table includes unaudited pro forma consolidated financial information assuming our acquisition of Ameristar had occurred as of January 1, 2013. The pro forma financial information does not necessarily represent the results that may occur in the future. The pro forma amounts include the historical operating results of Pinnacle and Ameristar prior to the acquisition, with adjustments directly attributable to the acquisition. The pro forma results include increases to depreciation and amortization expense based on the fair values of the intangible assets and fixed assets acquired, amounting to \$30.2 million for the three months ended March 31, 2013. The pro forma results also included increases to interest expense, related to the debt issued and assumed in the acquisition, in the amount of \$36.1 million for the three months ended March 31, 2013. Lastly, the pro forma results also reflect adjustments for the impact of acquisition costs and tax expense assuming Ameristar was part of the Company for the full pro forma periods presented.

	Three Months Ended March 31, 2013 (in thousands, except per share data)
Net revenues	\$561,697

Basic loss per share	\$(1.37)
Diluted loss per share	\$(1.37)

As a result of the Ameristar transaction, we became obligated under certain agreements to which Ameristar was a party.

ACDL Investment: We have a minority ownership interest in Asian Coast Development (Canada), Ltd. ("ACDL"). During 2013, we recorded an other-than-temporary impairment of approximately \$92.2 million, fully impairing the remaining asset carrying value of our investment in ACDL. We have discontinued accounting for our investment in ACDL under the equity method and will not provide for additional losses until our share of future net income, if any, equals the share of net losses not recognized during the period the equity method was suspended.

Equity Method Investment: As of March 31, 2014, we have invested \$2.0 million in Farmworks, a land re-utilization project in downtown St. Louis, included in "Equity method investment" in our unaudited Condensed Consolidated Balance Sheet. This investment is accounted for under the equity method.

Retama Park Racetrack: On January 29, 2013, we acquired 75.5% of the equity of Pinnacle Retama Partners, LLC ("PRP"). The acquisition of the equity of PRP was accounted for as a business combination. The purchase price for the equity of PRP was allocated based upon estimated fair values of the assets, with the excess of the purchase price over the estimated fair value of the assets acquired recorded as goodwill. The purchase price allocation includes goodwill of \$3.3 million and other intangibles of \$5.0 million.

As of March 31, 2014, PRP held \$10.2 million in promissory notes issued by Retama Development Corporation ("RDC"), a local government corporation of the City of Selma, Texas, included in "Other Assets, net" in our unaudited Condensed Consolidated Balance Sheets. The promissory notes have long-term contractual maturities and are collateralized by Retama Park Racetrack assets. The contractual terms of these promissory notes include interest payments due at maturity. We have not recorded accrued interest on these promissory notes because uncertainty exists as to RDC's ability to make interest payments.

As of March 31, 2014, we held, at amortized cost, \$11.4 million in local government corporation bonds, with long-term contractual maturities, issued by RDC, a local government corporation of the City of Selma, Texas, included in "Other Assets, net" in our unaudited Condensed Consolidated Balance Sheet. It is not likely that we will be required to sell these investments prior to the recovery of the amortized cost.

Note 7—Discontinued Operations

Discontinued operations consists of disposal groups classified as held for sale and measured at the lower of their carrying values or the fair value less cost to sell. The fair value of the assets to be sold was determined using a market approach using Level 2 inputs, as defined in Note 1, Summary of Significant Accounting Policies.

Lumiere Place Casino and Hotels: In August 2013, we entered into an Equity Interest Purchase Agreement with Tropicana St. Louis LLC, an affiliate of Tropicana Entertainment, Inc. (“Tropicana”), to sell the ownership interests in certain of our subsidiaries, which own and operate the Lumière Place Casino and Hotels. In April 2014, we completed the sale of the ownership interests in these subsidiaries for cash consideration of \$260 million, subject to certain net working capital and other

Table of Contents

adjustments. During the first quarter of 2014, we recorded an impairment charge totaling \$4.7 million, to reduce the carrying value of the assets to their net realizable value, less costs to sell.

Ameristar Casino Lake Charles: In July 2013, we entered into an agreement to sell all of the equity interests of Ameristar

Casino Lake Charles, LLC ("Ameristar Lake Charles"), which was developing the Ameristar Lake Charles development project. In November 2013, we closed the sale of the equity interests of Ameristar Lake Charles. At closing, we received approximately \$180.0 million in cash that excludes \$35.0 million of deferred consideration, of which \$25.0 million is restricted cash subject to release by the Louisiana Gaming Control Board and \$10.0 million is in the form of a note receivable from the buyer, due in July 2016. In April 2014, the Louisiana Gaming Control Board approved a resolution releasing us from the requirement to hold the aforementioned \$25.0 million of restricted cash.

Boomtown Reno: We continue to hold approximately 810 acres of remaining excess land surrounding Boomtown Reno as a discontinued operation. Other than minimal costs associated with the remaining excess land, we expect no material financial impact from the Boomtown Reno operations.

Atlantic City: During the third quarter of 2013, we completed the sale of our land holdings in Atlantic City, New Jersey for total consideration of approximately \$29.5 million. We expect no material ongoing financial impact from Atlantic City.

Springfield, Massachusetts: We own approximately 40 acres of land in Springfield, Massachusetts, originally purchased by Ameristar in January 2012 for a possible future casino resort. During the first quarter of 2014, we entered into an option agreement to sell this land.

Total discontinued operations: Revenues and net loss from discontinued operations are summarized as follows:

	For the three months ended March 31,	
	2014	2013
	(in millions)	
Revenues	\$41.0	\$46.2
Operating income	0.3	4.1

Note 8—Commitments and Contingencies

Guaranteed Maximum Price Agreement for Belterra Park: In January 2013, we entered into an Agreement for Guaranteed Maximum Price Construction Services with a general contractor for the mobilization, demolition, site

work and foundation work for Belterra Park. This agreement provides, among other things, that the general contractor will complete the initial work for a total guaranteed maximum price of approximately \$20.1 million. In July 2013, we entered into an amendment to the agreement with the general contractor, which provides that the guaranteed date of completion for the Belterra Park project is May 1, 2014 and the total guaranteed maximum price for the construction of the Belterra Park project is approximately \$119.6 million, which includes the \$20.1 million described above.

Table of Contents

Guaranteed Maximum Price Agreement for Boomtown New Orleans: In February 2013, we entered into an Agreement for Guaranteed Maximum Price Construction Services with a general contractor for the construction of a 150-guestroom hotel tower at our Boomtown New Orleans property for a total guaranteed maximum price of approximately \$14.2 million.

Self-Insurance: We self-insure various levels of general liability and workers' compensation at all of our properties and medical coverage at most of our properties. Insurance reserves include accruals for estimated settlements for known claims, as well as accruals for estimates of claims not yet made. At March 31, 2014 and December 31, 2013, we had total self-insurance accruals of \$25.2 million and \$26.2 million, respectively, which are included in "Other accrued liabilities" in our unaudited Condensed Consolidated Balance Sheets.

Indiana Tax Dispute: In 2008, the Indiana Department of Revenue (the "IDR") commenced an examination of our Indiana income tax filings for the years 2005, 2006, and 2007. In 2010, we received a proposed assessment in the amount of \$7.3 million, excluding interest and penalties. We filed a protest requesting abatement of all taxes, interest and penalties and had two hearings with the IDR where we provided additional facts and support. At issue is whether income and gains from certain asset sales, including the sale of the Hollywood Park Racetrack in 1999, and other transactions outside of Indiana, such as the Aztar merger termination fee in 2006, which we reported on our Indiana state tax returns for the years 2000 through 2007, resulted in business income subject to apportionment. In April 2012, we received a supplemental letter of findings from the IDR that denied our protest on most counts. In the supplemental letter of findings, the IDR did not raise any new technical arguments or advance any new theory that would alter our judgment regarding the recognition or measurement of the unrecognized tax benefit related to this audit. We believe that our tax return position is sustainable on the merits. In June 2012, we filed a tax appeal petition with the Indiana tax court to set aside the final assessment. In August 2013, we filed a Motion for Partial Summary Judgment on the 1999 Hollywood Park sale. We asked the court to grant summary judgment in our favor based on the technical merit of Indiana tax law. On January 28, 2014, oral arguments were held at the Indiana Tax Court regarding our motion for summary judgment. Accordingly, we continue to believe that we have adequately reserved for the potential outcome.

Other: We are a party to a number of other pending legal proceedings. Management does not expect that the outcome of such proceedings, either individually or in the aggregate, will have a material effect on our financial position, cash flows or results of operations.

Note 9—Consolidating Condensed Financial Information

Our subsidiaries (excluding subsidiaries with approximately \$63.3 million in cash and other assets as of March 31, 2014, that include a majority interest in the licensee of Retama Park Racetrack and certain other subsidiaries) have fully, unconditionally, jointly, and severally guaranteed the payment of all obligations under our senior and senior subordinated notes and our Credit Facility. Our subsidiary that owns our equity interest in Retama Park Racetrack does not guarantee our Credit Facility. Separate financial statements and other disclosures regarding the subsidiary guarantors are not included herein because management has determined that such information is not material to investors. We define Consolidated Adjusted EBITDA as earnings before interest income and expense, income taxes, depreciation, amortization, pre-opening and development expenses, non-cash share-based compensation, asset impairment costs, write-downs, reserves, recoveries, corporate-level litigation settlement costs, gain (loss) on sale of certain assets, loss on early extinguishment of debt, gain (loss) on sale of equity security investments, income (loss) from equity method investments, non-controlling interest and discontinued operations. We define Adjusted EBITDA for each operating segment as earnings before interest income and expense, income taxes, depreciation, amortization, pre-opening and development expenses, non-cash share-based compensation, asset impairment costs, write-downs, reserves, recoveries, inter-company management fees, gain (loss) on sale of certain assets, gain (loss) on early extinguishment of debt, gain (loss) on sale of discontinued operations, and discontinued operations. We define Adjusted EBITDA margin as Adjusted EBITDA for the segment divided by segment revenues. We use Consolidated Adjusted EBITDA and Adjusted EBITDA for each segment to compare operating results among our properties and between accounting periods. Consolidated Adjusted EBITDA and Adjusted EBITDA have economic substance because they are used by management as measures to analyze the performance of our business (d) and are especially relevant in evaluating large, long-lived casino-hotel projects because they provide a perspective on the current effects of operating decisions separated from the substantial non-operational depreciation charges and financing costs of such projects. We eliminate the results from discontinued operations at the time they are deemed discontinued. We also review pre-opening and development expenses separately, as such expenses are also included in total project costs when assessing budgets and project returns, and because such costs relate to anticipated future revenues and income. We believe that Consolidated Adjusted EBITDA and Adjusted EBITDA are useful measures for investors because they are indicators of the performance of ongoing business operations. These calculations are commonly used as a basis for investors, analysts and credit rating agencies to evaluate and compare operating performance and value of companies within our industry. In addition, our credit agreement and bond indentures require compliance with financial measures similar to Consolidated Adjusted EBITDA. Consolidated Adjusted EBITDA should not be considered as an alternative to operating income as an indicator of performance, or as an alternative to any other measure provided in accordance with GAAP. Our calculations of Adjusted EBITDA and Consolidated Adjusted EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

Corporate expenses represent payroll, professional fees, travel expenses and other general and administrative expenses not directly related to our casino and hotel operations. Beginning in the 2013 third quarter, we changed the methodology used to allocate corporate expenses to our reportable segments. Historically, we allocated direct and some indirect expenses incurred at the corporate headquarters to each property. Expenses incurred at the corporate headquarters that were related to property operations, but not directly attributable to a specific property, were allocated, typically on a pro rata basis, to each property. Only the remaining corporate expenses that were not related to an operating property were retained in the Corporate expense category. Under our new methodology, (e) only corporate expenses that are directly attributable to a property were allocated to each applicable property. All other costs incurred relating to management and consulting services provided by corporate headquarters to the properties are now allocated to those properties based on their respective share of the monthly consolidated net revenues in the form of a management fee. The corporate management fee is excluded in the calculation of segment Adjusted EBITDA and is completely eliminated in any consolidated financial results. The change in methodology increases Adjusted EBITDA for the reportable segments with a corresponding increase in corporate expense, resulting in no impact to Consolidated Adjusted EBITDA.

EXECUTIVE SUMMARY

Pinnacle Entertainment, Inc. ("Pinnacle") is an owner, operator and developer of casinos and related hospitality and entertainment facilities. We own and operate 15 gaming entertainment properties, located in Colorado, Indiana, Iowa, Louisiana, Mississippi, Missouri, Nevada and Ohio. We also hold a majority interest in the racing license owner, as well as a management contract, for Retama Park Racetrack outside of San Antonio, Texas. In addition to these properties, we own and operate a live and televised poker tournament series under the trade name Heartland Poker Tour. We aggregate into the following reportable segments:

We own and operate gaming entertainment properties, all of which include gaming and dining facilities, and most of which include hotel, retail and other amenities. In addition, we manage a racetrack and own and operate a poker tour. Our operating results are highly dependent on the volume of customers at our properties, which, in turn, affects the price we can charge for our hotel rooms and other amenities. While we do provide casino credit in several gaming jurisdictions, most of our revenue is cash-based, with customers wagering with cash or paying for non-gaming services with cash or credit cards. Our properties generate significant operating cash flow. Our industry is capital-intensive, and we rely on the ability of our properties to generate operating cash flow to pay interest, repay debt costs and fund maintenance capital expenditures.

Our mission is to increase stockholder value. We seek to increase revenues through enhancing the guest experience by providing them with their favorite games, restaurants, hotel accommodations, entertainment and other amenities in attractive surroundings with high-quality guest service and guest rewards programs. We seek to improve margins by

focusing on operational excellence and efficiency while meeting our guests' expectations of value. Our long-term strategy includes disciplined capital expenditures to improve and maintain our existing properties, while growing the number and quality of our facilities by pursuing gaming entertainment opportunities we can improve, develop, or acquire such as the acquisition of Ameristar. We intend to diversify our guest demographics and revenue sources by growing our portfolio of operating

properties both domestically and internationally, while remaining gaming and entertainment centric. We intend to implement these strategies either alone or with third parties when we believe it benefits our stockholders to do so. In making decisions, we consider our stockholders, guests, team members and other constituents in the communities in which we operate.

RESULTS OF OPERATIONS

The following table highlights our results of operations for the three months ended March 31, 2014 and 2013. As discussed in Note 10 to our unaudited Condensed Consolidated Financial Statements, we report segment operating results based on revenues and Adjusted EBITDA. Such segment reporting is on a basis consistent with how we measure our business and allocate resources internally. See Note 10 to our unaudited Condensed Consolidated Financial Statements for more information regarding our segment information. The following table highlights our Adjusted EBITDA for each segment and reconciles Consolidated Adjusted EBITDA (defined below) to income (loss) from continuing operations in accordance with U.S. GAAP.

extinguishment of debt, gain (loss) on sale of equity security investments, income (loss) from equity method investments, non-controlling interest and discontinued operations. We define Adjusted EBITDA for each operating segment as earnings before interest income and expense, income taxes, depreciation, amortization, pre-opening and development expenses, non-cash share-based compensation, asset impairment costs, write-downs, reserves, recoveries, inter-company management fees, gain (loss) on sale of certain assets, gain (loss) on early extinguishment of debt, gain (loss) on sale of discontinued operations, and discontinued operations. We define Adjusted EBITDA margin as Adjusted EBITDA for the segment divided by segment revenues. We use Consolidated Adjusted EBITDA and Adjusted EBITDA for each segment to compare operating results among our properties and between accounting periods. Consolidated Adjusted EBITDA and Adjusted EBITDA have economic substance because they are used by management as measures to analyze the performance of our business and are especially relevant in evaluating large, long-lived casino-hotel projects because they provide a perspective on the current effects of operating decisions separated from the substantial non-operational depreciation charges and financing costs of such projects. We eliminate the results from discontinued operations at the time they are deemed discontinued. We believe that Consolidated Adjusted EBITDA and Adjusted EBITDA are useful measures for investors because they are indicators of the performance of ongoing business operations. These calculations are commonly used as a basis for investors, analysts and credit rating agencies to evaluate and compare operating performance and value of companies within our industry. In addition, our credit agreement and bond indentures require compliance with financial measures similar to Consolidated Adjusted EBITDA. Consolidated Adjusted EBITDA should not be considered as an alternative to operating income as an indicator of performance, or as an alternative to any other measure provided in accordance with GAAP. Our calculations of Adjusted EBITDA and Consolidated Adjusted EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

Corporate expenses represent unallocated payroll, professional fees, travel expenses and other general and (e) administrative expenses not directly related to our casino and hotel operations. Other includes the Retama Park Racetrack (which we manage) and the Heartland Poker Tour.

Change to Corporate Expense Accounting Methodology

Beginning in the third quarter of 2013, we changed the methodology used to allocate corporate expenses to our reportable segments. Historically, we allocated direct and some indirect expenses incurred at the corporate headquarters to each property. Expenses incurred at the corporate headquarters that were related to property operations, but not directly attributable to a specific property, were allocated, typically on a pro rata basis, to each property. Only the remaining corporate expenses that were not related to an operating property were retained in the Corporate expense category. Under our new methodology, only corporate expenses that are directly attributable to a property are allocated to each applicable property. All other costs incurred relating to management and consulting services provided by corporate headquarters to the properties are now allocated to those properties based on their respective share of the monthly consolidated net revenues in the form of a management fee. The corporate management fee is excluded in the calculation of segment Adjusted EBITDA and is completely eliminated in any consolidated financial results. The change in methodology increases Adjusted EBITDA and the related margin for the reportable segments with a corresponding increase in corporate expense, resulting in no impact to Consolidated Adjusted EBITDA.

Consolidated Overview

In the 2014 first quarter, consolidated income from continuing operations was \$18.7 million, consolidated revenues increased by \$266.2 million, or 99.8% year over year to \$532.8 million, and Consolidated Adjusted EBITDA was \$153.2 million, an increase of \$88.4 million, or 136.4%, year over year. The first quarter of 2014 results reflect

revenues of \$279.9 million and Adjusted EBITDA of \$101.3 million from the operations of the acquired Ameristar properties.

Operating income	56.3	13.3	323.3	%
Adjusted EBITDA	90.1	22.1	307.7	%

In the Midwest segment, revenues increased by \$193.1 million or 221.7% year over year to \$280.2 million in the 2014 first quarter. Adjusted EBITDA increased by \$68.0 million or 307.7% to \$90.1 million. Adjusted EBITDA margin was 32.2%, an increase of 680 basis points year over year. The addition of Ameristar properties contributed \$199.8 million to Midwest segment net revenues in the 2014 first quarter.

In the 2014 first quarter, Midwest segment results were negatively affected by a significant increase in winter weather days that reduced visitation to its properties, particularly in January and February, as well as a generally challenging revenue environment due to persistent macroeconomic softness. Operational efficiencies and cost controls limited the impact of revenue softness on Adjusted EBITDA performance. Belterra experienced year over year declines in its key metrics as a result of a new competitor in Cincinnati, Ohio. However, efficiencies and cost controls permitted margins at the property to remain unchanged year over year.

South Segment

Total revenues	199.9	178.8	11.8	%
Operating income	44.7	33.7	32.6	%
Adjusted EBITDA	64.6	47.7	35.4	%

In the South segment, revenues increased by \$21.1 million or 11.8% year over year to \$199.9 million in the 2014 first quarter. Adjusted EBITDA increased by \$16.9 million or 35.4% to \$64.6 million. Adjusted EBITDA margin was 32.3%, an increase of 560 basis points year over year. The addition of Ameristar Vicksburg contributed \$29.4 million to South segment net revenues in the 2014 first quarter.

In the 2014 first quarter, South segment results were driven by strong revenue and cash flow performance at the Company's L'Auberge Lake Charles and L'Auberge Baton Rouge properties. Lake Charles delivered solid Adjusted EBITDA and Adjusted EBITDA margin growth in the 2014 first quarter through a combination of strong regional demand trends and cost efficiencies. L'Auberge Baton Rouge continued to ramp up its revenue in the Baton Rouge gaming market and increase its high end regional gaming volume. Adjusted EBITDA and Adjusted EBITDA margin were positively impacted by the performance of L'Auberge Baton Rouge, driven by cost and marketing efficiencies and revenue growth. Boomtown Bossier continues to be negatively impacted by the addition of a new competitor in the Bossier City/Shreveport gaming market in June 2013.

Corporate expenses and other, which is principally comprised of corporate overhead expenses, the Heartland Poker Tour and the Retama Park management operations, increased by \$14.8 million year over year to \$19.8 million for the three months ended March 31, 2014. The year over year increase in corporate overhead expenses in the 2014 first quarter was driven by the acquisition of Ameristar and due to the change in allocation methodology for corporate expenses implemented in the 2013 third quarter. The increase in corporate overhead was partially offset by the realization of synergies from the Ameristar merger and integration.

Depreciation and amortization expense increased for the three months ended March 31, 2014, as compared to the prior-year periods due to the acquisition of Ameristar.

Total pre-opening and development costs	\$3.4	\$7.6

Share-based compensation expense for the three months ending March 31, 2014 increased primarily due to new stock awards to employees associated with the Ameristar transaction.

Write-downs, reserves and recoveries consist of \$0.6 million and \$0.3 million in losses during the three months ended March 31, 2014 and 2013, respectively, related to the disposal of slot and other equipment at our properties in the normal course of business.

Interest expense consists of the following:

	For the three months ended March 31,	
	2014	2013
	(in millions)	
Interest expense	\$68.6	\$29.1
Interest income	(0.2)	(0.1)
Capitalized interest	(1.6)	(0.4)
Total interest expense, net	\$66.8	\$28.6

The increase in gross interest expense is attributable to the additional debt incurred to fund our acquisition of Ameristar and other development projects. The increase in capitalized interest in the 2014 first quarter is attributable to interest expense capitalization on our Belterra Park development.

Loss on equity method investment: We have a minority ownership interest in Asian Coast Development (Canada), Ltd. ("ACDL"). During the first quarter of 2013, we recorded an other-than-temporary impairment of approximately \$92.2 million, fully impairing the remaining asset carrying value of our investment in ACDL.

Income taxes: Our effective tax rate for continuing operations for the three months ended March 31, 2014 was 10.5%, or an expense of \$2.2 million, as compared to an effective tax rate of (1.2)%, or benefit of \$1.1 million for the corresponding prior-year period. Our tax rate differs from the statutory rate of 35.0% due to the effects of permanent items, deferred tax expense on tax amortization of indefinite-lived intangible assets, state taxes and a reserve for unrecognized tax benefits. Our state tax provision represents taxes in the jurisdiction of Indiana, Louisiana and the city jurisdictions of Missouri where we have no valuation allowance.

Discontinued operations: Discontinued operations consists of disposal groups classified as held for sale and measured at the lower of its carrying value or the fair value less cost to sell.

Lumiere Place Casino and Hotels: In August 2013, we entered into an Equity Interest Purchase Agreement with Tropicana St. Louis LLC, an affiliate of Tropicana Entertainment, Inc. ("Tropicana"), to sell the ownership interests in certain of our subsidiaries, which own and operate the Lumière Place Casino, the Four Seasons Hotel St. Louis and HotelLumière and related excess land parcels in St. Louis, Missouri. In April 2014, we completed the sale of the ownership interests in these subsidiaries for cash consideration of \$260 million, subject to certain net working capital and other adjustments. During the first quarter of 2014, we recorded an impairment charge totaling \$4.7 million, to reduce the carrying value of the assets to their net realizable value, less costs to sell.

Ameristar Casino Lake Charles: In July 2013, we entered into an agreement to sell all of the equity interests of Ameristar Casino Lake Charles, LLC ("Ameristar Lake Charles"), which is developing the Ameristar Lake Charles

development project.

In November 2013, we closed the sale of the equity interests of Ameristar Lake Charles. At closing, we received approximately \$180 million in cash that excludes \$35 million of deferred consideration, of which \$25 million is restricted cash subject to release by the Louisiana Gaming Control Board and \$10 million is in the form of a note receivable from the buyer due in July 2016. In April 2014, the Louisiana Gaming Control Board approved a resolution releasing us from the requirement to hold the aforementioned \$25 million of restricted cash.

Boomtown Reno: We continue to hold approximately 810 acres of remaining excess land surrounding Boomtown Reno as a discontinued operation. Other than minimal costs associated with the remaining excess land, we expect no material financial impact from the Boomtown Reno operations.

Atlantic City: During the third quarter of 2013, we completed the sale of our land holdings in Atlantic City, New Jersey for total consideration of approximately \$29.5 million. We expect no material ongoing financial impact from Atlantic City.

Springfield, Massachusetts: We own approximately 40 acres of land in Springfield, Massachusetts, originally purchased by Ameristar Casinos, Inc. in January 2012 as the site of a possible future casino resort. During the first quarter, we entered into an option agreement to sell this land.

Total discontinued operations: Revenues and net loss from discontinued operations are summarized as follows:

As of March 31, 2014, we held \$162.7 million of cash and cash equivalents and \$5.7 million of restricted cash. As of March 31, 2014, we had approximately \$531.6 million drawn on our \$1.0 billion revolving credit facility and had approximately \$12.9 million committed under various letters of credit.

We generally produce significant positive cash flows from operations, though this is not always reflected in our reported net income due to large non-cash charges such as depreciation. However, our ongoing liquidity will depend on a number of factors, including available cash resources, cash flow from operations, funding of construction of our development projects and our compliance with covenants contained in our amended and restated credit agreement and the indentures governing our senior subordinated notes and senior notes.

Operating Cash Flow

Our cash provided by operating activities increased for the three months ended March 31, 2014, as compared to the prior-year period, as a result of the August 2013 acquisition of Ameristar.

We recently completed our River City expansion project, which includes a parking garage, a multi-purpose event center and a 200-guestroom hotel.

We have a guaranteed maximum price agreement of \$119.6 million with the general contractor for Belterra Park. As of March 31, 2014, we have spent approximately \$144.5 million of the \$209 million budget, excluding land and capitalized interest costs.

We commenced construction of a 150-guestroom hotel tower at our Boomtown New Orleans property. As of March 31, 2013, we have spent approximately \$11.4 million to date of the \$20 million budget, excluding land and capitalized interest costs.

During the fourth quarter of 2012, we began an extensive room-remodeling program at our L'Auberge Lake Charles property. As of March 31, 2014, we spent approximately \$32.6 million of the \$46.3 million budget. The first phase was completed in April 2013, and we began the second phase in September 2013, which is expected to be completed in the first half of 2014.

Table of Contents

Our intention is to use existing cash resources, expected cash flows from operations and funds available under our Credit Facility to fund operations, maintain existing properties, make necessary debt service payments, and fund the development of our projects. In the event that our future cash flows from operations do not match the levels we currently anticipate, whether due to downturns in the economy or otherwise, we may need to raise funds through the capital markets, if possible.

Our ability to borrow under our Credit Facility is contingent upon, among other things, meeting customary financial and other covenants. If we are unable to borrow under our Credit Facility, or if our operating results are adversely affected because of a reduction in consumer spending, or for any other reason, our ability to maintain our existing properties or complete our ongoing projects may be affected unless we sell assets, enter into leasing arrangements, or take other measures to find additional financial resources. There is no certainty that we will be able to do so on terms that are favorable to the Company or at all.

We may face significant challenges if conditions in the economy and financial markets worsen, the effect of which could adversely affect consumer confidence and the willingness of consumers to spend money on leisure activities. Because of the current economic environment, certain of our customers may curtail the frequency of their visits to our casinos and may reduce the amounts they wager and spend when compared to similar statistics in better economic times. All of these effects could have a material adverse effect on our liquidity.

Financing Cash Flow

Credit Facility

In August 2013, we entered into an Amended and Restated Credit Agreement ("Credit Facility"), which consists of (i) \$1.6 billion of term loans comprised of \$500 million of Tranche B-1 term loans and \$1.1 billion in Tranche B-2 term loans and (ii) a \$1 billion revolving credit commitment. As of March 31, 2014, we had approximately \$531.6 million borrowed under the \$1 billion revolving credit facility and approximately \$12.9 million committed under various letters of credit under our Credit Facility. The Credit Facility was entered into in connection with the merger with Ameristar (the "Merger") and replaced our Fourth Amended and Restated Credit Agreement, as amended.

Since completing the Ameristar acquisition, the Company has retired approximately \$660 million of aggregate principal amount of term loans through April 2014, including the remaining aggregate principal outstanding of Tranche B-1 term loans, for a net total debt principal reduction of approximately \$435 million after giving effect to incremental revolving credit facility drawings during that time period. Among other sources, proceeds from the sale of Ameristar Lake Charles in November 2013, proceeds from the sale of the Lumière Place Casino and Hotels in April 2014 and \$25 million in proceeds from the April 2014 Louisiana Gaming Control Board resolution relieving us of the requirement to hold restricted cash in connection with the Golden Nugget Lake Charles development were used to repay aggregate principal amounts outstanding on our term loans.

Subject to acceleration and mandatory pre-payment provisions in the Credit Facility, the outstanding loans are due to be paid as follows: (i) the revolving credit loans are due and payable in full on August 13, 2018; and (ii) the Tranche B-2 term loans are subject to 0.25% quarterly principal amortization requirements and the remaining principal outstanding is due and payable in full on August 13, 2020; provided, that such date shall be accelerated to November 15, 2019, if any portion of our 8.75% Senior Subordinated Notes due 2020 are outstanding on November 19, 2019.

The Credit Facility permits us, in the future, to increase the commitments under the revolving credit facility and to obtain term loan commitments, in each case from existing or new lenders that are willing to commit to such an increase, so long as we are in pro-forma compliance with the Credit Facility's financial and other covenants, including a consolidated senior secured debt ratio and a consolidated total leverage ratio.

The proceeds of the Credit Facility may be used to: (i) pay the consideration for the Merger; (ii) repay in full all existing indebtedness of Pinnacle, Ameristar and their respective subsidiaries as of the date of the Credit Facility, other than specified existing indebtedness and other indebtedness permitted to remain outstanding under the terms of the Credit Facility; (iii) pay the fees, costs and expenses related to the transactions contemplated by the Credit Facility, the loan documents related thereto and the acquisition documents related to the Merger; and (iv) for the working capital and general corporate purposes of Pinnacle and its subsidiaries.

The Credit Facility requires quarterly repayments with respect to the term loans in amounts equal to 0.25% of the outstanding principal of such loans. We are obligated to make mandatory prepayments of indebtedness under the Credit Facility from the net proceeds of certain debt offerings, certain asset sales and dispositions and certain casualty events, subject in

Table of Contents

certain cases to its right to reinvest proceeds. In addition, we will be required to prepay borrowings under the Credit Facility with a percentage of our “excess cash flow” (as defined in the Credit Facility). We have the option to prepay all or a portion of the indebtedness under the Credit Facility at any time without penalty.

The term loans bear interest, at our option, at either a LIBOR rate plus 2.75% or at a base rate plus 1.75% and in no event will the LIBOR rate be less than 1.00%. The revolving credit facility bears interest, at our option, at either a LIBOR rate plus a margin ranging from 1.75% to 2.75% or at a base rate plus a margin ranging from 0.75% to 1.75%, in either case based on our consolidated total leverage ratio, which in general is the ratio of consolidated total debt (less excess cash, as defined in the Credit Facility) to annualized adjusted EBITDA.

The Credit Facility has, among other things, financial covenants and other affirmative and negative covenants. As of March 31, 2014, the Credit Facility requires compliance with the following ratios so long as there are outstanding borrowings under our revolving credit facility: (1) maximum consolidated total leverage ratio of 8.00 to 1.00 (as defined in the Credit Facility); (2) minimum consolidated interest coverage ratio (as defined in the Credit Facility) of 2.00 to 1.00; and (3) maximum consolidated senior secured debt ratio (as defined in the Credit Facility) of 3.50 to 1.00. In addition, the Credit Facility has covenants that limit the amount of senior unsecured debt we may incur to \$3.5 billion, unless our maximum consolidated total leverage ratio is less than 6.00 to 1.00. The maximum consolidated total leverage ratio and maximum senior secured debt ratio are subject to change at each fiscal quarter until December 31, 2017. As of March 31, 2014, we were in compliance with each of these ratios, and compliance with these ratios does not have a material impact on our financial flexibility, including our ability to incur new indebtedness.

The obligations under the Credit Facility are secured by most of our assets and the assets of our domestic restricted subsidiaries, including a pledge of the equity interests in our domestic subsidiaries (except where such pledge is prohibited by gaming regulations) and, if and when formed or acquired, by a pledge of up to 66% of the then-outstanding equity interests of our foreign restricted subsidiaries. Subsidiaries with approximately \$63.3 million in total assets as of March 31, 2014, (which includes a subsidiary that owns a majority interest in the license of Retama Park Racetrack, among others) and each of our foreign subsidiaries are currently unrestricted subsidiaries for purposes of the Credit Facility.

The Credit Facility provides for customary events of default, in certain cases with corresponding grace periods, including payment defaults, cross defaults with certain other indebtedness to third parties, breaches of covenants and bankruptcy events. In the case of a continuing event of default, the lenders may, among other remedies, accelerate the payment of all obligations due from us to the lenders, charge the default rate of interest on all then outstanding or thereafter incurred obligations, and terminate the lenders’ commitments to make any further loans or issue any further letters of credit. In the event of certain defaults, the commitments of the lenders will be automatically terminated and all outstanding obligations of the Company will automatically become due. In addition, the lenders may take possession of, and enforce our rights with respect to, our collateral, including selling the collateral.

Senior and Senior Subordinated Indebtedness

As of March 31, 2014, we had outstanding \$350 million aggregate principal amount of 8.75% senior subordinated notes due 2020 (“8.75% Notes”), \$325 million aggregate principal amount of 7.75% senior subordinated notes due 2022 (“7.75% Notes”), \$850 million aggregate principal amount of 6.375% senior notes due 2021 (“6.375% Notes”), and \$1.040 billion aggregate principal amount of 7.50% senior notes due 2021 (“7.50% Notes”).

6.375% Senior Notes due 2021

On August 5, 2013, we closed an offering of \$850 million of 6.375% Notes, which offering was done by PNK Finance Corp., a wholly-owned unrestricted subsidiary of Pinnacle under the Company's indentures and Credit Facility. The 6.375% Notes were issued in a private offering conducted pursuant to Rule 144A and Regulation S under the Securities Act of 1933, as amended ("Securities Act"), at a price equal to par. Net of the initial purchasers' fees and various costs and expenses, net proceeds from the offering were approximately \$835 million. We used the net proceeds from the offering together with the proceeds from our Credit Facility (which is described above), to finance the aggregate cash consideration for the merger with Ameristar, pay transaction fees and expenses, redeem our 8.625% Senior Unsecured Notes due 2017 and provide working capital and funds for general corporate purposes.

In connection with the offering of the 6.375% Notes, we filed a Registration Statement on Form S-4 under the Securities Act of 1933, as amended (the "Securities Act"), in April 2014 to exchange the 6.375% Notes for a new issue of substantially identical notes registered under the Securities Act. The Securities and Exchange Commission has declared effective the Registration Statement on Form S-4. The 6.375% Notes bear interest at a rate of 6.375% per year, payable semi-annually in

Table of Contents

arrears in cash on February 1 and August 1, commencing on February 1, 2014. The 6.375% Notes will mature on August 1, 2021.

Upon the consummation of the Merger, PNK Finance Corp. merged with and into the Company and ceased to be a separate entity. In addition, upon consummation of the Merger, Pinnacle and certain of its subsidiaries (including certain subsidiaries that were subsidiaries of Ameristar prior to the consummation of the Merger) (collectively referred to as the "Note Guarantors"), the Company assumed the obligations of PNK Finance Corp., and the Note Guarantors guaranteed the obligations of Pinnacle thereunder.

7.50% Senior Notes due 2021

The 7.50% Notes bear interest at a rate of 7.50% per year, payable semi-annually in arrears in cash on April 15 and October 15. The 7.50% Notes mature on April 15, 2021. The 7.50% Notes and the guarantees of the 7.50% Notes are senior unsecured obligations of Pinnacle and the Note Guarantors, respectively, and rank equally with or senior to, in right of payment, all existing or future unsecured indebtedness of Pinnacle and each Guarantor, respectively, but will be effectively subordinated in right of payment to the Credit Facility and any future secured indebtedness, to the extent of the value of the assets securing such indebtedness.

8.75% Senior Subordinated Notes due 2020 and 7.75% Senior Subordinated Notes due 2022

The 8.75% Notes and 7.75% Notes are unsecured senior subordinated obligations and rank subordinate in right of payment to all of our and our subsidiary guarantors' existing and future indebtedness, except indebtedness that expressly provides that it ranks equal or subordinate in right of payment to the 8.75% Notes and 7.75% Notes. The 8.75% Notes and 7.75% Notes are guaranteed on a senior subordinated basis by certain of our current and future domestic restricted subsidiaries. The 8.75% Notes and the 7.75% Notes are subordinated to our 6.375% Notes, 7.50% Notes and our Credit Facility.

The 6.375% Notes and 7.50% Notes are senior unsecured obligations and rank equally in right of payment with all of our existing and future senior debt, including debt under our Credit Facility. The 6.375% Notes and 7.50% Notes are, however, effectively subordinated to our Credit Facility, which is secured by a first priority lien, as well as any other secured debt which may be issued in the future. The 6.375% Notes and 7.50% Notes are guaranteed on a senior basis by certain of our current and future domestic restricted subsidiaries. The 6.375% Notes and 7.50% Notes rank senior to our 8.75% Notes and 7.75% Notes.

Under the indenture governing the 6.375% Notes, among other debt baskets, we are permitted to incur the greater of \$3.0 billion or 3.5x Consolidated EBITDA (as defined in the indenture) in senior indebtedness and secured indebtedness. Under the indenture governing the 7.50% Notes, among other baskets, we are permitted to incur the greater of \$1.8 billion or 3.5x Consolidated EBITDA (as defined in the indenture) in senior indebtedness and secured indebtedness. Under the indentures governing the 8.75% Notes and 7.75% Notes, we are permitted to incur the greater of \$1.5 billion or 2.5x Consolidated EBITDA (as defined in the indentures) in senior indebtedness. Under these senior secured indebtedness baskets, we are permitted in certain circumstances to incur senior unsecured indebtedness. In addition, the indentures include other debt incurrence baskets, including a permitted refinancing basket and a general debt basket, the most restrictive of which permits the greater of \$100 million or 5% of Consolidated Net Tangible Assets (as defined in the 7.50% Indenture). Under the indentures, we may also incur additional indebtedness if, after giving effect to the indebtedness proposed to be incurred, our Consolidated Coverage Ratio (essentially, a ratio of adjusted EBITDA to interest expense) for a trailing four-quarter period on a pro forma basis (as defined in the indentures) would be at least 2.0 to 1.0. Our Consolidated Coverage Ratio (as defined in the indentures) was above 2.0 to 1.0 as of March 31, 2014.

As part of the consent solicitation in connection with the 7.50% Notes, we agreed to certain amendments to the indenture governing the 7.50% Notes that have the effect of reducing our capacity to make payments on subordinated obligations, make dividends or distributions and repurchase stock, make investments and make other restricted payments from and after the closing of the Ameristar transaction. In particular, the amendments reduce the restricted payment capacity based on Consolidated Net Income (as defined in the indenture) to zero effective immediately after the effective time of the Ameristar transaction and the general restricted payment basket to \$75 million from \$150 million under the indenture governing the 7.50% Notes. We also obtained the consent from holders of the 7.50% Notes to amend the indenture to provide that to the extent that the net proceeds of the sale of the Ameristar Lake Charles development and Lumière Place Casino and Hotels are used to repay indebtedness under our Credit Facility, such repayment will reduce dollar-for-dollar the \$1.8 billion threshold amount only but not the 3.50x Consolidated EBITDA threshold amount, in determining the amount of indebtedness permitted to be incurred under our Credit Facility pursuant to the indenture governing the 7.50% Notes.

Table of Contents

The 7.50% Notes, the 8.75% Notes, 6.375% Notes, and 7.75% Notes become callable at a premium over their face amount on April 15, 2015, May 15, 2015, August 5, 2016, and April 1, 2017, respectively. Such premiums decline periodically as the notes progress towards their respective maturities. All of our notes are redeemable prior to their first call dates at a price that reflects a yield to the first call that is equivalent to the applicable Treasury bond yield plus 0.5 percentage points.

CONTRACTUAL OBLIGATIONS AND OTHER COMMITMENTS

There were no material changes during the three months ended March 31, 2014 to our contractual obligations and commitments as disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013.

CRITICAL ACCOUNTING ESTIMATES

A description of our critical accounting estimates can be found in Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2013. For a more extensive discussion of our accounting policies, see Note 1, "Summary of Significant Accounting Policies," in the Notes to the Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2013. There were no newly identified critical accounting policies and estimates in the first quarter of 2014, nor were there any material changes to the critical accounting policies and estimates discussed in our Annual Report on Form 10-K for the year ended December 31, 2013.

FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 (the "Act") provides certain "safe harbor" provisions for forward-looking statements. Except for the historical information contained herein, the matters addressed in this Quarterly Report on Form 10-Q, as well as in other reports filed with or furnished to the SEC or statements made by us, may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. From time to time, we may provide oral or written forward-looking statements in our other periodic reports on Form 10-Q, Form 8-K, Form 10-K, press releases and other materials released to the public. All forward-looking statements made in this Quarterly Report on Form 10-Q and any documents we incorporate by reference are made pursuant to the Act. Words such as, but not limited to, "believes," "expects," "anticipates," "estimates," "intends," "plans," "could," "may," "will," "should," and similar words are intended to identify forward-looking statements. Such forward-looking statements, which may include, without limitation, statements regarding expected results of operations and future operating performance and future growth, adequacy of resources to fund development and expansion projects, liquidity, financing options, including the state of the capital markets and our ability to access the capital markets, the state of the credit markets and economy, cash needs, cash reserves, operating and capital expenses, expense reductions, the sufficiency of insurance coverage, anticipated marketing costs at various projects, the future outlook of Pinnacle and the gaming industry and pending regulatory and legal matters, the ability of the Company to continue to meet its financial and other covenants governing its indebtedness, the expected synergies, cost savings and benefits of the Ameristar transaction, including the expected accretive effect of the transaction on the Company's financial results and profit, the anticipated benefits of geographic diversity that would result from the Ameristar transaction and the expected results of Ameristar's gaming properties, prospective performance and opportunities, the budgets, completion and opening schedules of the Company's various projects, the facilities, features and amenities of the Company's various projects, the ability of the Company to sell or otherwise dispose of discontinued operations, the Company's anticipated future capital expenditures, the Company's ability to successfully implement marketing programs to increase revenue at the Company's properties, the Company's ability to achieve the expected financial objectives and returns of its L'Auberge Baton Rouge property, the Company's ability to improve operations and performance at Boomtown New Orleans, and the ability of ACDL to operate the property, are all subject to a variety of risks and uncertainties that could cause actual results to differ materially from those anticipated by us. This can occur as a result of inaccurate assumptions or as a consequence of known or unknown risks and uncertainties. Factors that may cause our actual performance to

differ materially from that contemplated by such forward-looking statements include, among others, the various risk factors discussed above, in addition to general domestic and international economic and political conditions as well as market conditions in our industry. For more information on the potential factors that could affect our operating results and financial condition in addition to the risk factors described above, review our other filings (other than any portion of such filings that are furnished under applicable SEC Rules rather than filed) with the SEC, including this quarterly report on Form 10-Q, our Annual Report on Form 10-K and the risk factors described therein. Factors that may cause our actual performance to differ materially from that contemplated by such forward-looking statements include, among others:

• our business is particularly sensitive to reductions in consumers' discretionary spending as a result of any downturns in the economy or other changes we cannot accurately predict;

Table of Contents

the gaming industry is competitive and increased competition, including through legislative legalization or expansion of gaming by states in or near where we own properties or through Native American gaming facilities and Internet gaming, could adversely affect our financial results;

- we face risks associated with growth and acquisitions;
- we expect to incur substantial expenses related to the integration of Ameristar's business into our business and our future results could suffer if we cannot effectively manage the expanded operations following the transaction;
- we have significantly more debt after the Ameristar acquisition than we historically had and we may not be able to service the debt or obtain adequate financing to execute our operating strategy;
- we may experience an impairment of its goodwill which could adversely affect our financial condition and results of operations;
- our present indebtedness and projected future borrowings could adversely affect our financial health; future cash flows may not be sufficient to meet our obligations, and we may have difficulty obtaining additional financing; and we may experience adverse effects of interest rate fluctuations;
- our indebtedness imposes restrictive covenants on us;

to service our indebtedness, we will require a significant amount of cash. Our ability to generate cash depends on many factors beyond our control and our ability to obtain additional financing on commercially reasonable terms may be limited;

our substantial development plans for capital-intensive projects will require us to borrow significant amounts under our amended and restated credit facility and, depending on which projects are pursued to completion, may cause us to incur substantial additional indebtedness;

subsequent phases to certain of our existing projects and potential enhancements at our properties may require us to raise additional capital;

insufficient or lower-than-expected results generated from our new developments and acquired properties may negatively affect the market for our securities;

rising operating costs at our gaming properties could have a negative impact on our business;

the global financial crisis and recession have affected our business and financial condition, and may continue to affect us in ways that we currently cannot accurately predict;

we derive a large portion of our revenues from our casinos located in Louisiana and Missouri and are especially subject to certain risks, including economic and competitive risks, associated with the conditions in those areas and in the states from which we draw patrons;

we are engaged from time to time in one or more construction and development projects, and many factors could prevent us from completing them as planned, including the escalation of construction costs beyond increments anticipated in our construction budgets;

our industry is highly regulated, which makes us dependent on obtaining and maintaining gaming licenses and subjects us to potentially significant fines and penalties;

potential changes in the regulatory environment could harm our business, including legislation prohibiting tobacco smoking;

our operations are largely dependent on the skill and experience of our management and key personnel. The loss of management and other key personnel could significantly harm our business, and we may not be able to effectively replace members of management who have left the Company;

we face many other risks associated with our minority interest investment in ACDL, such as Ho Tram Project Company Limited's ability to operate the property, and business and regulatory risks, among other risks, inherent in investing in an entity conducting gaming operations in Vietnam;

we operate in a highly taxed industry and it may be subject to higher taxes in the future. If the jurisdictions in which we operate increase gaming taxes and fees, our operating results could be adversely affected;

adverse weather conditions, road construction, gasoline shortages and other factors affecting our facilities and the areas in which we operating could make it more difficult for potential customers to travel to our properties and deter customers from visiting our properties;

Table of Contents

our results of operations and financial condition could be materially adversely affected by the occurrence of natural disasters, such as hurricanes, or other catastrophic events, including war and terrorism;

natural disasters have made it more challenging for us to obtain similar levels of Weather Catastrophe Occurrence/Named Windstorm, Flood and Earthquake insurance coverage for our properties;

we may incur property or other losses that are not adequately covered by insurance, which may harm our results of operations;

our reputation and business may be harmed from cyber security risk and we may be subject to legal claims if there is a loss, disclosure or misappropriation of or access to our customers' or our business partners' or our own information or other breaches of our information security;

our gaming operations rely heavily on technology services and an uninterrupted supply of electrical power. Our security system and all of our slot machines are controlled by computers and reliant on electrical power to operate;

some of our casinos are located on leased property. If we default on one or more leases, the applicable lessor could terminate the affected leases and we could lose possession of such affected casinos;

we are subject to litigation which, if adversely determined, could cause us to incur substantial losses;

work stoppages, organizing drives and other labor problems could interrupt our future profits;

we face environmental and archaeological regulation of our real estate;

climate change, regulations and greenhouse effects could adversely impact our operations and markets;

we are subject to extensive governmental regulations that impose restrictions on the ownership and transfer of our securities; and

the market price for our common stock may be volatile, and you may not be able to sell our stock at a favorable price or at all.

For a further list and description of various risks, relevant factors and uncertainties that could cause future results or events to differ materially from those expressed or implied in our forward-looking statements, please see the "Risk Factors" and the "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections contained in this Quarterly Report on Form 10-Q, as well as the "Risk Factors" and "Management Discussion and Analysis of Financial Condition and Results of Operations" sections contained in our Annual Report on Form 10-K for the year ended December 31, 2013 and review our other filings (other than any portion of such filings that are furnished under applicable SEC rules rather than filed) with the SEC. All forward-looking statements included in this Quarterly Report on Form 10-Q are made only as of the date of this Form 10-Q. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

At times, we are exposed to market risk from adverse changes in interest rates with respect to the short-term floating interest rate on borrowings under our Credit Facility. As of March 31, 2014, we had approximately \$12.9 million committed under various letters of credit under our Credit Facility and approximately \$531.6 million borrowings under our revolving Credit Facility. Any borrowings outstanding under our revolving Credit Facility accrue interest at LIBOR plus a margin determined by our current consolidated leverage ratio, which margin was 2.75% as of March 31, 2014. In addition, we had \$1.6 billion of term loans comprised of \$500 million of Tranche B-1 term loans and \$1.1 billion in Tranche B-2 term loans under our Credit Facility. As of March 31, 2014, we had approximately \$1.2 billion outstanding under these term loans. The term loans bear interest at a LIBOR rate plus 2.75% and carry a 1.0% LIBOR floor. The revolving credit facility bears interest, at our option, at either a LIBOR rate plus a margin ranging from 1.75% to 2.75% or at a base rate plus a margin ranging from 0.75% to 1.75%, in either case based on our consolidated total leverage ratio.

As of March 31, 2014, for every 10 basis points decrease in LIBOR, our annual interest expense would decrease approximately \$0.5 million, assuming constant debt levels. If LIBOR rates were to increase by one percentage point, our annual interest expense would increase by approximately \$7.3 million, assuming constant debt levels.

The table below provides the principal cash flows and related weighted average interest rates by contractual maturity dates for our debt obligations at March 31, 2014. At March 31, 2014, we did not hold any material investments in market-risk-sensitive instruments of the type described in Item 305 of Regulation S-K.

Item 4. Controls and Procedures

The Company's management, with the participation of the Chief Executive Officer (the "CEO") and the Chief Financial Officer (the "CFO"), evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act") as of March 31, 2014. Based on this evaluation, the Company's management, including the CEO and the CFO, concluded that, as of March 31, 2014, the Company's disclosure controls and procedures were effective, in that they provide a reasonable level of assurance that information required to be disclosed by the Company in the reports filed or submitted by it under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. The Company's disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the CEO and the CFO, as appropriate, to allow timely decisions regarding required disclosure.

Notwithstanding the foregoing, there can be no assurance that the Company's disclosure controls and procedures will detect or uncover all failures of persons within the Company and its consolidated subsidiaries to disclose material information otherwise required to be set forth in the Company's periodic reports. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable, not absolute, assurance of achieving their control objectives.

No change in the Company's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) occurred during the quarter ended March 31, 2014 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II

Item 1. Legal Proceedings

The following is a material development to the litigation described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 under the heading “Legal Proceedings” and which reference should be made.

FTC Litigation: On May 28, 2013, the U.S. Federal Trade Commission (the “FTC”) filed a civil administrative complaint alleging that the merger with Ameristar Casinos, Inc. would reduce competition and lead to higher prices and lower quality for customers in the St. Louis, Missouri and Lake Charles, Louisiana areas in violation of U.S. antitrust law.

We negotiated a consent order with the Bureau of Competition Staff that permitted us to complete the merger subject to any divestitures and other terms and conditions specified in the consent order. The consent order was approved by a vote of the FTC. Pursuant to the consent order, we were required to sell Ameristar’s casino hotel development project in Lake Charles, Louisiana and Lumière Place Casino, the Four Seasons Hotel St. Louis and HoteLumière and related excess land parcels in St. Louis, Missouri (collectively, the "Lumière Place Casino and Hotels").

On July 24, 2013, we entered into an agreement to sell all of the equity interests of Ameristar Casino Lake Charles, LLC ("Ameristar Lake Charles"), which was developing the Ameristar Lake Charles development project. On November 22, 2013, we closed the sale of the equity interests of Ameristar Lake Charles.

On August 16, 2013, we entered into an agreement to sell the ownership interests in certain of our subsidiaries that own and operate the Lumière Place Casino and Hotels. On April 1, 2014, we closed the sale of Lumière Place Casino and Hotels.

Item 1A. Risk Factors

There were no material changes from the risk factors set forth under Part I, Item 1A “Risk Factors” section of the Company’s Annual Report on Form 10-K for the year ended December 31, 2013.
