REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

American Electric Power Service Corporation, as Plan Administrator:

We have audited the accompanying statements of net assets available for benefits of the American Electric Power System Retirement Savings Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Plan management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

AMERICAN ELECTRIC POWER SYSTEM RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2003 AND 2002

1. PLAN DESCRIPTION

The following description of the American Electric Power System Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

The Plan is a defined contribution plan that became effective and commenced operations on January 1, 1978. The Plan covers eligible regularly scheduled full-time and part-time employees of the American Electric Power Company, Inc. and its participating subsidiaries ("AEP" or the "Company"). Eligible employees may enroll in the Plan upon commencement of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Generally, eligible employees participating in the Plan may make contributions in 1% increments up to 20% of their salary. Effective January 1, 2003 employees with a gross income of less than \$90,000 in 2002 will be able to contribute up to 30% of their eligible pay (within IRS limits). Effective January 1, 2003, AEP employees ages 50 and older are able to save an additional \$2,000 in pre-tax dollars. Prior to January 1, 2003, AEP employees ages 50 and older were able to save an additional \$1,000 in pre-tax dollars. The Company contributes to the Plan, on behalf of each participant, an amount equal to 75% of the participant's contribution up to 6% of the participant's compensation for each payroll period, subject to certain limitations. All contributions are participant directed. All contributions are deposited to the American Electric Power System Employees Savings Plan Trust after each pay period. The Tax Reform Act of 1986 restricts the amount that certain participants who are deemed highly compensated may contribute to the Plan. Participants are allowed to change investment elections, change investment percentages in the funds, or move existing fund balances on a daily basis. Participants are immediately vested in their pre-tax, after-tax and the Company matching contributions including earnings thereon.

Effective June 15, 2000, the Company entered into a merger with Central and South West Corporation (CSW). The merger agreement provided that the CSW qualified plans remain in effect until July 1, 2002. The Central and South West Corporation Retirement Savings (CSW Plan) was merged into the Plan on December 31, 2002. All assets of the CSW Plan were transferred to the Plan on this date.

American Electric Power Service Corporation is the plan administrator (Plan Administrator) and the plan sponsor. Fidelity Management Trust Company (Fidelity) is the trustee for all funds and is the recordkeeper for the entire Plan.

Effective January 1, 2002, the AEP Stock Fund, a Plan investment option, was converted to an Employee Stock Ownership Plan (ESOP). As a result, participants can elect to have dividends generated from their AEP Stock Fund holdings paid out in cash, rather than automatically reinvesting in the fund. The dividend payouts are made each December and are treated as ordinary income for tax purposes, and the 10 percent early withdrawal penalty for individuals under age 59 1/2 does not apply.

Prior to March 1, 2002, the matching contribution for participants under the age of 50 was directed to the AEP Stock Fund only. Participants age 50 and older could direct their matching contributions to any of the available investment elections. Effective March 1, 2002, all Company contributions are allocated according to the employee's contribution investment elections. In addition, all participants were able to redirect a portion or all of the existing Company contributions in the AEP Stock Fund at March 1, 2002 to any of the available investment elections. During 2003, participants could direct the investment of their contributions to any combination of the following funds:

The Managed Income Fund, the objective of which is to invest in contracts with various insurance and financial institutions at varying annual interest rates, maturing over periods approximating five years or less and temporary investments in the Fidelity Institutional Cash Portfolio.

AEP Stock Fund, the objective of which is to invest in American Electric Power Company, Inc. (AEP) common stock and temporary investments in the Fidelity Institutional Cash Portfolio Money Market Fund.

The Fidelity Puritan Fund, the objective of which is to invest in a broadly diversified portfolio of domestic and foreign common stocks, and preferred stocks and bonds, including lower-quality, high-yield debt securities. The prospectus for the Puritan Fund indicates that the Puritan Fund is a growth and income fund.

The Fidelity OTC Portfolio, the objective of which is to invest in common stocks, preferred stocks, securities convertible into common stocks, and debt securities that are traded on the over-the-counter (OTC) securities market. The prospectus for the OTC Portfolio indicates that the OTC Portfolio is a growth fund.

Edgar Filing: AMERICAN ELECTRIC POWER CO INC - Form 11-K

The Fidelity Overseas Fund, the objective of which is to invest in foreign securities, including common stocks and securities convertible into common stocks, as well as debt instruments. The prospectus for the Overseas Fund indicates that the Overseas Fund is an international growth fund.

The Fidelity Blue Chip Growth Fund, the objective of which is to invest in a diversified portfolio of common stocks of well-known and established domestic and foreign companies. The prospectus for the Blue Chip Growth Fund indicates that the Blue Chip Growth Fund is a growth fund.

The Fidelity Equity Income Fund, the objective of which is to seek reasonable income and also to consider the potential for capital appreciation. The fund seeks a yield that exceeds the yield on the securities comprising the Standard and Poor's 500 index and normally invests at least 80% of its total assets in income-producing equity securities, while potentially investing in other types of equity securities and debt securities, including lower-quality debt securities. The prospectus for the Fidelity Equity Income Fund indicates that the fund is a growth and income fund.

The Fidelity Low-Priced Stock Fund, the objective of which is to seek capital appreciation by normally investing at least 80% of total assets in low-priced common stocks (\$35 per share or less at time of purchase), which can lead to investments in small and medium-sized companies. The prospectus for the Fidelity Low-Priced Stock Fund indicates that the fund is a growth mutual fund.

The Fidelity Freedom Income Fund, the objective of which is to seek high current income and, secondarily, to seek capital appreciation. The fund invests in a combination of Fidelity equity, fixed-income, and money market funds and allocates its assets among these funds according to a stable asset allocation strategy designed for investors already in retirement. The prospectus for the Fidelity Freedom Income Fund indicates that the fund is an asset allocation mutual fund.

The Fidelity Freedom 2000 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2000 approaches its target retirement date. The fund is targeted to investors expected to retire around the year 2000.

The Fidelity Freedom 2010 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2010 approaches its target retirement date. Targeted to investors expected to retire around the year 2010.

The Fidelity Freedom 2020 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2020 approaches its target retirement date. Targeted to investors expected to retire around the year 2020.

The Fidelity Freedom 2030 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2030 approaches its target retirement date. Targeted to investors expected to retire around the year 2030.

The Fidelity Freedom 2040 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2040 approaches its target retirement date. Targeted to investors expected to retire around the year 2040.

The Fidelity U.S. Equity Index Commingled Pool, the objective of which is to buy stocks in companies which compose the S&P 500 Stock Price Index in order to mimic the return of the S&P 500 index.

The Fidelity Diversified International Fund, the objective of which is to invest primarily in foreign common stocks in order to seek capital growth. The prospectus for the Fidelity Diversified International Fund indicates that the fund is a growth mutual fund that invests internationally.

The PIMCO Total Return Fund, the objective is to provide fixed income total returns that exceed general bond market indices. The prospectus for this fund indicates that it invests in U.S. government, corporate, mortgage and foreign bonds. The prospectus for the PIMCO Total Return Fund indicates that the fund is an income mutual fund.

Edgar Filing: AMERICAN ELECTRIC POWER CO INC - Form 11-K

The Fidelity Small Cap Stock Fund, the objective is to provide a long-term growth of capital. Normally invests at least 80% of total assets in common stocks of companies with small market capitalizations with strong growth prospects similar to companies in the Russell 2000 Index or the S&P Small Cap 600 Index. The prospectus for the Fidelity Small Cap Stock Fund indicates that the fund is a growth mutual fund.

The T. Rowe Price Mid-Cap Growth Fund, the objective is to provide long-term capital appreciation. Invests in mid-cap stocks offering the potential for above-average earnings growth. The prospectus for the T. Rowe Price Mid-Cap Growth Fund indicates that the fund is a growth mutual fund.

The T. Rowe Price Mid-Cap Value Fund, the objective is to provide long-term capital appreciation by investing primarily in mid-sized companies believed by the fund's manager to be undervalued. The prospectus for the T. Rowe Price Mid-Cap Value Fund indicates that the fund is a mid-cap value mutual fund.

Participants may transfer the value of their own cumulative contributions, in any whole percentage or dollar amount, among investments, and change their investment elections on a daily basis. Participants may change their payroll contribution elections coinciding with company payroll periods. Excluding their pre-tax contributions, participants may make an unlimited number of withdrawals of their interest in the Plan, including company matching contributions, which are immediately vested. Pre-tax contributions are not eligible for withdrawal by participants not yet age 59-1/2, except under hardship as defined by the Plan or severance of employment.

Participants may borrow from their savings plan accounts, a minimum of \$1,000 but no more than the lesser of \$50,000 or 50% of their account balance. Effective January 1, 2003, loan terms range from 12 months to 60 months, or any monthly increment in-between. Prior to January 1, 2003, loan terms ranged from 6 months to 54 months. Interest rates, fixed for the life of the loan, are calculated by adding 1% to the prime rate, as reported in the Eastern edition of the Wall Street Journal, in effect as of the first business day of the calendar quarter in which the loan is taken. Active employees make principal and interest payments through payroll deductions. Retirees/surviving spouses make monthly payments using a coupon book. Participant loans and the accrued interest are collateralized by the account balance and the defaulted amount is subjected to income taxes and possibly penalty taxes.

2. ACCOUNTING POLICIES

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments have been recorded based on the trade-date and are reported in the Statements of Net Assets Available for Benefits at fair value or contract value. The AEP Stock Fund investments are valued at year-end quoted AEP common stock closing prices. The year-end valuations for the various Fidelity funds are based on the closing market prices for the underlying securities as provided by the Trustee. The Managed Income Fund contracts are valued at book value, which is equal to cost plus interest. All participant loans are valued at cost, which approximates fair value at the time the loan is processed.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. These amounts are reinvested by the Trustee in the same funds which generated such income with the exception of the AEP Stock Fund which pays out or reinvests dividends at the participants' discretion. Investment management fees are accounted for as a reduction in net investment income. All other Plan administration expenses are paid by the employer with the exception of per transaction charges for withdrawals and minimum required distributions which are borne by the participants.

Distributions are recorded when paid. There were no amounts due to participants who requested distributions from the Plan as of December 31, 2003 and 2002.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Plan's assets.

3. INVESTMENT CONTRACT VALUATION

Edgar Filing: AMERICAN ELECTRIC POWER CO INC - Form 11-K

The Plan has a Managed Income Fund with Fidelity as trustee, which invests primarily in fully benefit responsive investment contracts. Fidelity maintains the assets in a custodian account. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The account is credited with earnings on the underlying investments and charged for Plan withdrawals (credited interest rates ranged from 6.60% to 2.21% and 7.53% to 2.21% for 2003 and 2002, respectively). The average yield was 4.83% and 4.61% for fiscal years ending December 31, 2003 and 2002, respectively. The investment is recorded in the financial statements based on the contract value of the underlying investment contracts, which approximates fair value, as reported to the Plan by Fidelity. Contract value represents contributions made under the contract, plus earnings, less withdrawals.

4. INVESTMENTS EXCEEDING 5% OF PLAN NET ASSETS

Investments exceeding five percent of net assets as of December 31, 2003 and 2002 were:

	Fair Value	
	2003	2002
AEP Common Stock	\$470,722,315	\$478,716,705
Fidelity Blue Chip Growth Fund	\$260,146,938	\$208,225,489
Fidelity US Equity Index Pool	\$201,192,729	\$163,332,010
Fidelity Managed Income Portfolio II	\$222,719,515	\$212,009,396
Fidelity OTC Portfolio	\$131,911,935	-

5. NET APPRECIATION (DEPRECIATION) IN FAIR VALUE OF INVESTMENTS

During 2003 and 2002, the Plan's investments (including investments purchased, sold as well as held during the year) appreciated (depreciated) in value by \$262,171,920 and \$(313,854,052), respectively, as follows:

	December 31,	
	2003	2002
Investments at Fair Value:		
American Electric Power Company, Inc. -		
Common Stock	\$52,597,832	\$(156,578,770)
Investments at Estimated Fair Value:		
Registered Investment Companies and		
Group Annuity, Bank Investment and		
Other Fixed Income Contracts	209,574,088	(157,275,282)
Total Appreciation (Depreciation)	\$262,171,920	\$(313,854,052)

6. FEDERAL INCOME TAX

The Internal Revenue Service (IRS) has determined that the Plan meets the requirements of Section 401(a) of the Internal Revenue Code (the Code); therefore, the Plan's Trust is exempt from federal income tax pursuant to Section 501(a) of the Code.

The Plan obtained its latest determination letter on November 13, 1996, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. There is currently pending with the IRS an application for an updated determination letter for the Plan, as currently amended. The Company may timely further amend the Plan so that it remains in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Under current income tax laws and regulations, participants are not subject to federal income tax on the employer contributions to their accounts or on the accumulated earnings on employee and Company contributions until such amounts are distributed to participants. Employees have the option to make contributions to the Plan on a pre-tax basis, in which case federal income tax is deferred until such amounts are distributed.

7. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100 percent vested in their accounts.

8. **RELATED-PARTY TRANSACTIONS**

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. **LEGAL ISSUES**

In the fourth quarter of 2002 and the first quarter of 2003, three lawsuits were filed on behalf of the Plan against American Electric Power Company, Inc., certain AEP executives, and ERISA Plan Administrator alleging violations of ERISA in the selection of AEP stock as an investment alternative, breach of fiduciary duties and breach of contract and in the allocation of assets to AEP stock. The ERISA actions are pending in Federal District Court, Columbus, Ohio. The cases have been consolidated and the plaintiffs have filed a Consolidated Amended Complaint containing substantially similar allegations as were in the original complaints. The Defendants have filed a motion to dismiss all claims made by the Plaintiffs and otherwise intend to vigorously defend against these actions. The ultimate outcome of these cases cannot be determined at this stage of the proceedings.
