Report of Independent Registered Public Accounting Firm

The Board of Directors
Bowater Incorporated

We have audited the accompanying statements of net assets available for benefits of the Bowater Incorporated Savings Plan (the Plan) as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Bowater Incorporated Savings Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2006 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

As discussed in Note 2 to the financial statements, the Plan adopted Financial Accounting Standards Board Staff Position AAG INV-1 and SOP No. 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain

BOWATER INCORPORATED SAVINGS PLAN

Notes to Financial Statements

December 31, 2006 and 2005

(1) Description of the Plan

The following description of the Bowater Incorporated Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan was established by Bowater Incorporated (Company) as a trustee, defined contribution savings plan and a leveraged employee stock ownership plan (ESOP). The ESOP had no debt outstanding at December 31, 2006 or 2005. It covers all full-time employees of the Company and certain employees of the Company's U.S. subsidiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Active participants may elect to contribute to the Plan a percentage of their earnings and certain other income items on a tax-deferred or non-tax deferred basis, subject to regulated maximums. The maximum allowable deferral percentage is 50% of the participant's earnings.

The Company contributes to the Plan in cash or shares of Company common stock. Generally, the Company contributes an amount equal to a percentage of each participant's contributed earnings. The Company match is dependent upon each participant's predecessor plan design. Generally, the Company will match between 40% and 60% of each participant's contributed earnings up to 6%. Participants who direct their contributions to the Bowater Stock Fund receive an additional Company contribution equal to 5% of the purchase price of the stock.

The Company may authorize additional employer contributions.

(c) Participant Accounts

Edgar Filing: BOWATER INC - Form 11-K

Each participant's account is credited with the participant's contributions, the Company's contributions and investment earnings; each participant's account is reduced by participant's withdrawals and proportionately for investment losses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants become fully vested in the Company contributions after completing three years of service.

(e) Investment Options

Participants can direct their contributions to be invested in one or more of many investment funds, including a Fixed Income Fund, a Bowater Stock Fund, and certain mutual funds. Participants may make an unlimited number of exchanges out of the Bowater Stock Fund, but only one exchange transaction into the Bowater Stock Fund in a thirty-day period.

4

BOWATER INCORPORATED SAVINGS PLAN

Notes to Financial Statements

December 31, 2006 and 2005

(f) Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 (less certain adjustments required by statute) or 50% of their vested account balance, whichever is less. Loan transactions are treated as deductions from participants' accounts and accounted for separately. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate plus 1% as of the date of the loan. Currently, interest rates range from 5.25% to 10.50% on participant loans. Principal and interest are paid through payroll deductions.

(g) Benefits and Withdrawals

Participants are entitled to receive vested benefits upon termination of employment. Active employees may withdraw vested funds subject to certain withdrawal rules as defined in the Plan.

(h) Forfeited Accounts

Forfeited nonvested accounts are used to reduce employer contributions. In 2006 and 2005, approximately \$56,538 and \$40,975, respectively, were forfeited and used to reduce employer contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

Edgar Filing: BOWATER INC - Form 11-K

The accompanying financial statements are prepared using the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

(b) Investment Valuation and Income Recognition

The Plan investments include the Fixed Income Fund, Bowater common stock, mutual funds, participant notes receivable and interest-bearing cash.

Purchase and sales of securities are recorded on a trade date basis. The Plan records interest income on an accrual basis and accrues dividends on the ex-dividend date.

Investments in participant notes receivable and interest-bearing cash are stated at cost which approximates fair value. Investments in Bowater common stock and mutual funds are stated at fair value through quoted market prices. The Fixed Income Fund's holding of synthetic guaranteed investment contracts are stated at fair value based primarily on the quoted market price of the underlying fixed income marketable securities.

The Guaranteed Investment Contracts (GICs) held by the Fixed Income Fund are synthetic. The Fixed Income Fund owns certain fixed-income marketable securities and a liquidity agreement ("wrapper") is entered into for a fee with financially responsible third parties that guarantee a minimum rate of return and provides benefit responsiveness. There are no reserves currently considered necessary against contract value for credit risk of the contract issuer or otherwise. Contract value, as reported by the Plan by financially responsible third parties, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The average yield was approximately 4.3% and 4.1% for 2006 and 2005, respectively. The crediting interest rate was approximately 4.3% and 4.0% at December 31, 2006 and 2005, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and may not be less than 0%. Such interest rates are

5

BOWATER INCORPORATED SAVINGS PLAN

Notes to Financial Statements

December 31, 2006 and 2005

reviewed on a quarterly basis for resetting. The fair value of the synthetic GICs is equal to fair value of the underlying marketable securities plus any accrued income. At December 31, 2006 and 2005, fair value was \$158,943,746 and \$165,507,159, respectively, compared to the contract value at the same dates of \$160,763,860 and \$167,391,152, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1)

Edgar Filing: BOWATER INC - Form 11-K

amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contracts do not permit the financially responsible third parties to terminate the agreement prior to the scheduled maturity date.

(c) Administrative Expenses

Net appreciation in fair value of investments is net of investment management fees of \$548,004 and \$551,788, respectively, for the years ended December 31, 2006 and 2005. Additional administrative expenses, including additional expenses charged by the Trustee, are paid by the participants or the Company.

(d) Payments of Benefits

Benefit payments to participants are recorded upon distribution.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions affect the reported amount of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates and assumptions.

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Plan's financial statements and schedule.

(f) Reclassifications

Certain 2005 amounts in the financial statements and notes have been reclassified to conform to the 2006 presentation. These reclassifications had no impact on previously reported net change in net assets available for benefits or net assets available for benefits.

BOWATER INCORPORATED SAVINGS PLAN

Notes to Financial Statements

Edgar Filing: BOWATER INC - Form 11-K

(g) New Accounting Pronouncements

As of December 31, 2006, the Plan adopted Financial Accounting Standards Board (FASB) Staff Position FSP AAG INV-1 and Statement of Position No. 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare Pension Plans (the FSP). The FSP requires the Statement of Net Assets Available for Benefits to present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The FSP was applied retroactively to the prior period presented on the Statement of Net Assets Available for Benefits as of December 31, 2005.

In September 2006, the FASB issued Statement on Financial Accounting Standards No. 157 (SFAS 157) "Fair Value Measurements." SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurement. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. Plan management does not believe the adoption of SFAS 157 will have a material impact on the financial statements.

(3) Investments

Investments, with items representing 5% or more of the Plan's net assets separately stated, were as follows at December 31, 2006 and 2005:

Issuer	2006	2005
Fidelity Magellan Fund	\$ 31,2	31,2
Fidelity Equity Income Fund		32,3
Fidelity OTC Portfolio Fund		22,0
Fidelity International Discovery		18,2
Fixed Income Fund (Fair value of \$158,943,746 and \$165,507,159 in 2006 and 2005, respectively)		160,7
Bowater Common Stock		23,3
Other (mutual funds, interest-bearing cash, and participant notes receivable)		73,9
		362,0

Edgar Filing: BOWATER INC - Form 11-K

During the years ended December 31, 2006 and 2005, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$4,351,868 and \$7,181,782, respectively, as follows:

	2006		2005	
Mutual Funds	\$	4,853,980	\$	4,632,767
Bowater Common Stock		(9,205,848)		(11,814,549)
	\$	(4,351,868)	\$	(7,181,782)

(4) Related Party Transactions

Certain Plan assets are shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee as defined by the Plan and therefore, these investment transactions qualify as party-in-interest transactions. The trustee receives investment and administrative fees as a result of these activities. The Plan assets also include shares of Bowater common stock. The Company is the Plan sponsor, therefore, these investment transactions qualify as party-in-interest transactions. Investment in company stock is participant directed.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all Company contributions.

(6) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 24, 2003, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

The Plan has been amended since receiving the determination letter, however, the Company believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and Plan document.

(7) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2006 to Form 5500:

(8) Plan Amendments

On May 9, 2006, the Company approved changes to the Plan. These changes will be effective beginning January 1, 2007 and are as follows:

- o The current company contribution will be replaced as follows: Eligible employees shall receive a "safe harbor" matching contribution equal to 100% of the first 3% of compensation deferred and 50% of the next 2% of compensation deferred.
- o Additionally, in lieu of benefits received under the Company's defined benefit pension plan, newly hired non-union employees and current active participants whose age plus years of service are less than 70 and are younger than age 55, determined as of December 31, 2006 will receive an additional annual Company contribution (Automatic Company Contribution) ranging from 2.5% to 6.5% based on the participant's age and years of service.
- o Roth 401(k) accounts shall be provided.
- o Participants become fully vested in the Company matching contributions credited before January 1, 2007 after completing three years of service. Participants not covered by a collective bargaining agreement are immediately vested in the Company matching contributions credited on or after January 1, 2007. Participants become fully vested in the Automatic Company Contribution after completing three years of service.

Edgar Filing: BOWATER INC - Form 11-K

On January 1, 2007, the name of the Plan was changed to Bowater Incorporated Retirement Savings Plan.

(9) Subsequent Event

In January 2007, the Company and Abitibi-Consolidated Inc. ("Abitibi") announced a definitive agreement to combine in an all-stock merger of equals (with the newly merged company herein referred to as "AbitibiBowater"). The combination is subject to approval by the shareholders of both companies, regulatory approvals, and customary closing conditions. It is expected to be completed in the third quarter of 2007. Upon consummation of the merger, AbitibiBowater will become the new sponsor of the Plan.
