Items 1.01 Entry into a Material Definitive Agreement

On March 12, 2012, Helix Energy Solutions Group, Inc. (the “Company”) executed a contract with Sembcorp Marine Ltd.’s (“Sembcorp Marine”) subsidiary, Jurong Shipyard Pte Ltd, (“Jurong Shipyard”) in Singapore for the construction of its newbuild semisubmersible well intervention vessel. This \$385.5 million shipyard contract represents the majority of the expected costs associated with this new semisubmersible well intervention vessel. As previously announced in February, the Company believes the total cost of this vessel will approximate \$525 million upon completion, which is scheduled for January 2015. Under terms of this contract, payments will be made in fixed amounts on contractually scheduled dates. The contract also contains customary warranties related the vessel’s construction, as well as provisions associated with potential delays in the delivery of the vessel and those default events that could potentially result in termination of the contract. In addition, the obligations of Jurong Shipyard under the contract are guaranteed by Sembcorp Marine.

The foregoing description of the contract does not purport to be complete and is qualified in its entirety by reference to the full text of the contract which is filed as Exhibit 10.1, to this report on Form 8-K, and is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 above with respect to the contract is hereby incorporated by reference into this Item 2.03 insofar as it relates to the creation of a direct financial obligation.

Item 8.01 Other Events

The Company issued a press release dated March 12, 2012, that announced the signing of a contract with Sembcorp Marine’s subsidiary, Jurong Shipyard, in Singapore for the construction of its previously announced new semisubmersible well intervention vessel. This press release is incorporated by reference herein as Exhibit 99.1.
