NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

To be held on April 25, 2017

To Our Shareholders:

Notice is hereby given that the Annual Meeting of Shareholders of BOK Financial Corporation (the “Company” or “BOK Financial”), an Oklahoma corporation, will be held via live webcast at www.virtualshareholdermeeting.com/BOKF2017 on April 25, 2017, at 2:00 p.m. Central Time, for the following purposes:

1. To fix the number of directors to be elected at twenty (20) and to elect twenty (20) persons as directors for a term of one year or until their successors have been elected and qualified;
2. To ratify the selection of Ernst & Young LLP as the Company’s independent auditor for the fiscal year ending December 31, 2017;
3. To consider an advisory vote to approve the compensation of the named executive officers;
4. To consider an advisory vote on the frequency of the advisory vote to approve the compensation of the named executive officers; and
5. To transact such other business as may properly be brought before the Annual Meeting or any adjournment or adjournments thereof.

The annual meeting may be adjourned from time to time and, at any reconvened meeting, action with respect to the matters specified in this notice may be taken without further notice to shareholders unless required by the Company’s Bylaws.

The Board recommends that shareholders vote FOR (i) the director nominees named in the accompanying Proxy Statement, (ii) the ratification of Ernst & Young LLP as the Company’s independent auditor for the fiscal year ending December 31, 2017; (iii) the approval of the named executive officers’ compensation; and (iv) the approval of holding the advisory vote on executive compensation every year.

Only shareholders of record at the close of business on March 1, 2017 shall be entitled to receive notice of, and to vote at, the annual meeting. A complete list of shareholders entitled to vote will be available for inspection at our offices, Bank of Oklahoma Tower, One Williams Center, Tulsa, OK 74172, and electronically during the annual meeting at www.virtualshareholdermeeting.com/BOKF2017.

BY ORDER OF THE BOARD OF DIRECTORS

Frederic Dorwart, Secretary
March 15, 2017
Tulsa, Oklahoma

PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

To be held April 25, 2017

General

The enclosed proxy is solicited on behalf of the Board of Directors of BOK Financial Corporation for use at our annual meeting of shareholders. The annual meeting will be held on Tuesday, April 25, 2017, at 2:00 p.m. local time via live webcast at www.virtualshareholdermeeting.com/BOKF2017.

These proxy materials will be mailed on or about March 15, 2017 to holders of record of common stock as of the close of business on March 1, 2017.

Voting by Proxy

If you are the “record holder” of your shares (shares owned in your own name and not through a bank or brokerage firm), you may vote by phone, by mail, over the Internet, or in person (via live webcast) at the annual meeting. We encourage you to vote by phone, mail, or on the Internet in advance of the meeting even if you plan to attend the live webcast of the meeting.

If not revoked, your proxy will be voted at the annual meeting in accordance with your instructions marked on the proxy card. If you fail to mark your proxy with instructions, your proxy will be voted in accordance with the recommendations of the Board of Directors: (1) FOR the election of the twenty (20) nominees for director listed in this Proxy Statement, (2) FOR the ratification of Ernst & Young LLP as the Company’s independent auditor for the fiscal year ending December 31, 2017, (3) FOR the approval of the named executives’ compensation, and (4) FOR the approval of holding the advisory vote on executive compensation every year. If you are voting shares held in the BOK Financial Thrift Plan and you fail to mark your proxy with instructions, your shares will be voted by the Trustee of the Thrift Plan in the same ratio as those shares credited to the account of the Thrift Plan members who do give instructions to the Trustee.

If you hold your shares in “street name” (shares held in the name of a bank or broker on a person’s behalf), you must vote by following the instructions on the form that you receive from your broker or nominee. Without your instructions, your broker or nominee is permitted to use its own discretion and vote your shares on certain routine matters (such as Item 2), but is not permitted to use discretion and vote your shares on non-routine matters (such as Items 1, 3 and 4). We urge you to give voting instructions to your broker on all voting items.

As to any other matter that may properly be brought before the annual meeting, your proxy will be voted as the Board of Directors may recommend. If the Board of Directors makes no recommendation, your proxy will be voted as the proxy holder named in your proxy card deems advisable. The Board of Directors does not know of any other matter that is expected to be presented for consideration at the annual meeting.

Any shareholder executing a proxy retains the right to revoke it any time prior to exercise at the annual meeting. A proxy may be revoked by (i) delivery of written notice of revocation to Frederic Dorwart, Secretary, at 124 East Fourth Street, Tulsa, Oklahoma 74103, (ii) execution and delivery of a later proxy to the address indicated on the proxy card, or (iii) voting the shares electronically at the annual meeting. If not revoked, all shares represented by properly executed proxies will be voted as specified therein.

Voting and Quorum Requirements at the Meeting

Only holders of shares of common stock of the Company at the close of business on March 1, 2017 (the “record date”) are entitled to notice of and to vote at the annual meeting. On the record date, there were 65,404,215 shares of common stock entitled to vote.

BOK Financial | 5

You will have one vote for each share of common stock of the Company held by you on the record date.

In order to have a meeting it is necessary that a quorum be present. The presence in person or by proxy of the holders of a majority of the outstanding shares of common stock is necessary to constitute a quorum at the annual meeting. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Abstentions and broker non-votes will not be counted as having voted either for or against a proposal.

The affirmative vote of the holders of shares representing a majority of the voting power of the shareholders present or represented at the meeting in which a quorum is present and entitled to vote is required for approval of all matters other than election of directors. Directors are elected by the affirmative vote of the holders of shares representing a majority of the voting power of the shareholders present or represented at the meeting in which a quorum is present and entitled to vote for the election of directors, but if the number of nominees exceeds the number of directors to be elected (i.e. a contested election), the shareholders shall instead elect the directors by plurality vote of the shares present in person or by proxy.

George B. Kaiser currently owns approximately 61% of the outstanding common stock and plans to vote all of his shares.

Solicitation of Proxies

We are paying for all our costs incurred in soliciting proxies for the annual meeting. In addition to solicitation by mail, we may use our directors, officers and regular employees to solicit proxies by telephone or otherwise. These personnel will not be specifically compensated for these services. We will pay persons holding shares of common stock for the benefit of others, such as nominees, brokerage houses, banks, and other fiduciaries, for the expense of forwarding solicitation materials to the beneficial owner.

Annual Report

Our Annual Report to Shareholders, covering the fiscal year ended December 31, 2016, including audited financial statements, is enclosed. No parts of the Annual Report are incorporated in this Proxy Statement or are deemed to be a part of the material for the solicitation of proxies.

Principal Shareholders of the Company

To the extent known to the Board of Directors of the Company, as of March 1, 2017, the only shareholder of the Company having beneficial ownership of more than 5% of the shares of common stock of the Company is set forth below:

Name & Address of Beneficial Owner	Beneficial Ownership Class

PROPOSAL ONE - ELECTION OF DIRECTORS

RECOMMENDATION

The Board of Directors recommends that you vote FOR the 20 nominees.

Nominees and Vote Required to Elect Nominees

A board of twenty (20) directors is to be elected at the annual meeting. The nominees for director who receive a majority of shares voting "FOR" their election shall be elected as directors. You may vote the number of shares of common stock you own for up to twenty (20) persons. Unless you otherwise instruct by marking your proxy card, the proxy holders will vote the proxies received by them FOR the election of each of the twenty (20) nominees named below, unless you hold your shares in street name, in which case your broker is not permitted to use its discretion and those votes will constitute broker non-votes.

If at the time of the annual meeting any of the nominees is unwilling or unable to serve, all proxies received will be voted in favor of the remainder of those nominated and for such substitute nominees, if any, as shall be designated by the Board and nominated by any of the proxies named in the enclosed proxy form. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected.

Term of Office

The term of office of each person elected as a director will continue until the next annual meeting of shareholders or until his or her successor has been elected and qualified.

Family Relationships

There are no family relationships by blood, marriage or adoption between any director or executive officer of the company and any other director or executive officer of the company.

Information about Nominees

Certain information concerning the nominees to the Board of Directors of the company is set forth below based on information supplied by the nominees. All information is as of March 1, 2017. All references in this Proxy Statement to "BOKF" shall mean BOKF, National Association, the banking subsidiary of BOK Financial Corporation, which operates through the following regional divisions: Bank of Albuquerque, Bank of Arizona, Bank of Arkansas, Mobank (formerly known as Bank of Kansas City), Bank of Oklahoma ("BOK"), Bank of Texas ("BOT"), and Colorado State Bank and Trust. BOK Financial Securities, Inc. (formerly known as BOSC, Inc.), a registered broker/dealer and registered investment adviser, is a wholly-owned subsidiary of BOK Financial Corporation. No other corporation or organization listed below is a parent, subsidiary, or other affiliate of BOK Financial Corporation unless otherwise indicated.

PROPOSAL TWO - RATIFICATION OF SELECTION OF AUDITOR

RECOMMENDATION

The Board of Directors recommends that you vote FOR the ratification of the selection of Ernst & Young LLP as the independent auditor of BOK Financial and its subsidiaries for the fiscal year ending December 31, 2017.

Ernst & Young LLP began serving as the Company's independent auditor since its inception on October 24, 1990. The Audit Committee has selected Ernst & Young LLP as our independent auditor for the fiscal year ending December 31, 2017.

While we are not required to do so, the Company is submitting the selection of Ernst & Young LLP to serve as our independent auditor for the fiscal year ending December 31, 2017 for ratification, in order to ascertain the views of our shareholders on this appointment. If the selection is not ratified, the Audit Committee will reconsider its selection. Representatives of Ernst & Young LLP are expected to participate in the annual meeting, will be available to answer shareholder questions and will have the opportunity to make a statement if they desire to do so.

PROPOSAL THREE - ADVISORY VOTE TO APPROVE THE
COMPENSATION OF NAMED EXECUTIVE OFFICERS

RECOMMENDATION

The Board of
Directors
recommends
that you vote
FOR the
approval of
the
compensation
of the
Company's
named
executive
officers as
disclosed in
this Proxy
Statement.

Pursuant to Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), which added a new section 14A to the Securities Exchange Act, shareholders can vote to approve, not less frequently than once every three years, the compensation of the Company's named executive officers disclosed in the Proxy Statement. This is commonly known as a "say on pay" vote. This allows our shareholders the opportunity to communicate annually to the Board of Directors their views on the compensation of our named executive officers through the following resolution:

"RESOLVED, that the compensation paid to the company's named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

We are asking you to vote for the above resolution approving the compensation of our named executive officers. This vote is advisory in nature and non-binding; however, the Board of Directors will consider the shareholder vote when making future decisions regarding executive compensation. Our "say on pay" vote is included in our Proxy Statement every year, and the vote on the frequency of the "say on pay" proposal is held every six years, including this year.

The affirmative vote of the holders of a majority of the shares of common stock, present in person or by proxy, voted at the meeting, is required for the advisory approval of this resolution.

PROPOSAL FOUR - ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES TO APPROVE THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

RECOMMENDATION

The Board of Directors recommends that you vote FOR holding the advisory vote to approve the compensation of the Company's named executive officers EVERY YEAR.

Section 951 of the Dodd-Frank Act also allows shareholders to vote, not less frequently than once every six years, on the frequency of the advisory vote to approve the compensation of our named executive officers. Shareholders may vote for the compensation vote to occur every year, every two years, or every three years, or the shareholder may abstain. This is commonly known as a “say on frequency” vote.

The Board of Directors has determined that a frequency of every year would be the most efficient timeframe for the Company's shareholders to determine the appropriateness of the compensation of our named executive officers and for the Company to respond to shareholder feedback. The Board believes that it is a good governance practice to seek shareholder input on executive compensation annually, and wishes to receive frequent shareholder input on this issue. In addition, the named executive officers' compensation is evaluated, adjusted, and approved annually, so the Board wishes to receive shareholder input on the same cycle.

This vote is advisory in nature and non-binding; however the Board of Directors will consider the shareholder vote when determining the frequency of the vote to approve the compensation of our named executive officers.

This say on frequency vote is not a vote to approve or disapprove the Board's recommendation; rather, shareholders are choosing among four distinct options as reflected on the proxy card (one, two, or three years, or abstain). The affirmative vote of the holders of a majority of the shares of common stock, present in person or by proxy, voted at the meeting, is required for the advisory approval of this proposal.

CORPORATE GOVERNANCE

Director Compensation

All non-officer directors of BOK Financial and BOKF receive a retainer of 75 shares per quarter, in accordance with the BOK Financial Directors Stock Compensation Plan, whether serving on one or both of the Boards of Directors. Director compensation shares are issued to each director on or before the 15th day following the end of each calendar quarter during which such director served as a member of the Board of Directors of BOK Financial or BOKF. All non-officer directors are also paid \$750 in cash for each Board of Directors meeting attended, \$500 in cash for each committee meeting attended (provided only one fee is paid when two or more committees meet contemporaneously), and \$1,500 in cash for each committee meeting chaired. No such fees are paid for meetings not attended. In addition, the Chairman of the Audit Committee receives \$250 for each quarterly earnings release conference and upon application to, and subject to the discretion of, the Audit Committee, \$250 for each additional substantive conference with the Company's independent auditors. Non-officer Company directors were paid the following in 2016:

(1) George B. Kaiser, a non-officer director, is not listed as he does not receive payment for serving as a director.

The BOK Financial Directors Stock Compensation Plan provides that the issuance price for the director compensation shares is the average of the mid-points between the highest price and the lowest price at which trades occurred on NASDAQ on the five trading days immediately preceding the end of the calendar quarter. Director shares were granted in 2016 at the following prices: first quarter, \$56.07; second quarter, \$59.21; third quarter, \$67.32; and fourth quarter, \$83.49. The Stock Awards column reflects actual payments made to the directors in 2016 for service in the fourth quarter of 2015 (director shares granted at \$60.77) and the first three quarters of 2016. The total BOK Financial common stock owned by each director and nominee as of March 1, 2017 may be found in the Security Ownership of Certain Beneficial Owners and Management table on page 7.

(3) Ms. Bell resigned from the BOK Financial and BOK Boards of Directors as of December 23, 2016.

(4) Mr. Richels served as a director of the BOK Financial and BOK Boards of Directors until the 2016 annual meeting but did not stand for re-election.

BOK Financial | 18

Attendance of Meetings

The entire Board of Directors of BOK Financial met four times during 2016. All directors of BOK Financial attended at least 75% of all meetings of the Board of Directors and committees on which they served, except for Mr. Turpen (due to business conflicts). Although BOK Financial does not have a policy with respect to attendance by the directors at the Annual Meeting of Shareholders, directors are encouraged to attend. Fifteen of the twenty members of the Board of Directors attended the 2016 Annual Meeting of Shareholders. The Board of Directors intends to meet at least four times in 2017.

Director Nominations

While the Board of Directors does not have a standing nomination committee, director candidates identified by management and members of the Board of Directors are discussed regularly at Board of Directors meetings. The Board has adopted a written policy on qualifications of directors, which states that directors will have all of the following characteristics: (i) impeccable integrity, (ii) strong sense of professionalism, and (iii) capability of serving the interests of stockholders, along with several of the following characteristics: (i) prominence in the community, (ii) ability to represent the views of under-represented constituencies in the Company's market areas, (iii) financial analytical skill and expertise, and (iv) vision for social trends.

While the policy on director qualifications does not formally require diversity on the Board and the Company does not have a diversity policy, the policy states that the Board should encompass a diverse range of skill and expertise sufficient to provide prudent guidance to the Company, and have the right mix of characteristics and talents for the optimal functioning of the Board in its oversight of the Company. In considering a particular nominee, the Board will consider, in addition to the qualifications and characteristics described above, whether the potential director assists in achieving a mix of Board members that represents a diversity of background, perspective, and experience, including with respect to age, gender, race, place of residence, and specialized expertise.

The Board of Directors will consider director candidates recommended by stockholders if provided with the following: (i) evidence in accordance with Rule 14a-8 of compliance with stockholder eligibility requirements, (ii) the written consent of the candidate(s) for nomination as a director and verification as to the accuracy of the biographical and other information submitted in support of the candidate, (iii) a resume or other written statement of the qualifications of the candidate(s) for nomination as a director, and (iv) all information regarding the candidate(s) and the submitting stockholder that would be required to be disclosed in a proxy statement filed with the SEC if the candidate(s) were nominated for election to the Board of Directors. Any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by Board members, management or other parties are evaluated. The Board of Directors encourages stockholder director candidate recommendations.

Any stockholder that wishes to present a director candidate for consideration should submit the information identified above pursuant to the procedures set forth below under "Communication with the Board of Directors".

Director Independence

The Board of Directors has determined that BOK Financial is a “controlled company,” as defined in Rule 5615(c)(1) of the NASDAQ listing standards, based on Mr. Kaiser's beneficial ownership of approximately 61% of the outstanding common stock. Accordingly, BOK Financial is exempt from certain requirements of the NASDAQ listing standards, including the requirement to maintain a majority of independent directors on the Company's Board of Directors and the requirements regarding the determination of compensation of executive officers and the nomination of directors by independent directors. Nevertheless, the Company does maintain a substantial majority of independent directors, determines upper level management compensation through an independent board committee, and nominates new board members through board consensus. Further, the Audit Committee is comprised solely of independent board members. Further discussion regarding determination of independence may be found in the sections entitled “Audit Committee” and “Independent Compensation Committee”.

Compensation Committee Interlocks and Insider Participation

No voting member of the Compensation Committee has served as an officer of the Company, including its affiliates, at any time. None of our executive officers serves as a member of the Compensation Committee of any other company that has an executive officer serving as a member of the Company's Board of Directors. None of our executive officers serves as a member of the board of directors of any other company that has an executive officer serving as a member of our Board's Compensation Committee.

Committees of the Board of Directors

The Risk Committee, Audit Committee, Independent Compensation Committee, and Credit Committee are described below.

Risk Committee

The Risk Committee assists the Board in its oversight of the Company's risk management strategies, policies, and practices that identify, assess, monitor and manage the Company's risks. The Risk Committee held five meetings in fiscal 2016.

Members	Responsibilities include oversight of
Walker (Chairman)	• Enterprise-wide risk management
Bell	
Boylan	• Capital planning and adequacy, including stress testing
Cadieux

- Third party risk

Audit Committee

All the members of the Audit Committee are “independent” as defined in Rule 5605(a)(2) of the NASDAQ listing standards. Director independence is determined through the procedures described under “Related Party Transaction Review and Approval Policy”. The Report of the Audit Committee is on page 23 of this Proxy Statement. The Audit Committee held twelve meetings in fiscal 2016. The Audit Committee has a charter, which is available on the Company’s website at www.bokf.com.

Members	Responsibilities include oversight of

(1) The Board of Directors designated Mr. Joullian as its “audit committee financial expert,” as defined in Item 407(d) of Regulation S-K.

Independent Compensation Committee

The Independent Compensation Committee, consisting of independent directors, administers a performance-based compensation plan for senior executives in accordance with the provisions of Section 162(m) of the Internal Revenue Code. The Independent Compensation Committee has a charter, which is available on the Company’s website at www.bokf.com.

The Committee does not delegate its authority. Compensation for all other officers is, in practice, determined by the Chief Executive Officer and Mr. Kaiser, the Chairman of the Board. The Independent Compensation Committee Report on Executive Compensation and the Compensation Discussion and Analysis may be found on pages 39 and 28 respectively. The Committee held four meetings in fiscal 2016.

Credit Committee

The Credit Committee oversees the credit and lending strategies and objectives of BOKF, including overseeing credit risk management and the quality and performance of BOKF's credit portfolio. The Credit Committee met ten times during 2016.

Members	Responsibilities include oversight of
Griffin (Chairman) Armstrong Ball Boylan Bradshaw Craft Hargis Kaiser Lybarger Richards Turpen	<ul style="list-style-type: none"> • Quality of the Company's credit portfolio and trends affecting the credit portfolio (and reporting to the Board regarding such quality and trends) • Extension of credit exceeding amounts as determined from time to time by the Board • Effectiveness and administration of credit-related policies and related party credit transactions • Appropriateness of the allowance for loan losses and accrual for off-balance sheet credit losses

Independent Director Meetings

The Board of Directors has adopted a policy of regularly scheduled executive sessions where independent directors meet separately from management. The independent directors plan to meet in executive session after all regularly scheduled Board of Directors meetings. The independent directors held four executive sessions during 2016. The presiding director at the executive sessions is Mr. Kaiser. Stockholders of the Company may communicate their concerns to the non-management directors in accordance with the procedures described below under "Communication with the Board of Directors."

Communication with the Board of Directors

The Board of Directors of BOK Financial believes that it is important for stockholders to have a process to send communications to the Board. Accordingly, stockholders who wish to communicate with the Board of Directors, or a particular director, may do so by sending a letter to the Director of Investor Relations of BOK Financial at P.O. Box 2300, Tulsa, Oklahoma 74192. The mailing envelope should contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director Communication." Such letters should identify the author as a stockholder and state whether the intended recipients are all members of the Board of Directors or certain specified individual directors. The Director of Investor Relations and the General Counsel will independently review the content of the letters. Communications which are constructive suggestions for the conduct of the business or policies of the Company will be promptly delivered to the identified director or directors. Communications which are complaints about specific incidents involving banking or brokerage service will be directed to the appropriate business unit for review. Director nominations will be reviewed for compliance with the requirements identified in the section of this proxy entitled "Director Nominations," and if meeting such requirements, promptly forwarded to the director(s) identified in the communication.

Report of the Audit Committee

In 2016, the Audit Committee (the “Committee”) oversaw the Company’s financial reporting process on behalf of the Board of Directors. The Company’s management has the primary responsibility for the financial statements, for maintaining effective internal control over financial reporting, and for assessing the effectiveness of internal control over financial reporting. In fulfilling its oversight responsibilities, the Committee discussed and reviewed the audited consolidated financial statements included in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting policies, reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with Ernst & Young LLP, the independent registered public accounting firm, their opinion on the conformity of the audited consolidated financial statements with U.S. generally accepted accounting principles. This discussion included their judgments as to the quality, not just the acceptability, of the Company’s accounting policies, and other matters as required to be discussed with the Committee by the standards of the Public Company Accounting Oversight Board (“PCAOB”), including PCAOB Auditing Standard No. 1301, Communications with Audit Committees, the rules of the Securities and Exchange Commission and other applicable regulations. In addition, the Committee has discussed with Ernst & Young LLP the firm’s independence from the Company, including matters in the firm’s independence letter required by the PCAOB, and considered the compatibility of any non-audit services with the firm’s independence.

The Committee also reviewed and discussed with management and Ernst & Young LLP the results of management’s assessment of the effectiveness of the Company’s internal control over financial reporting, and the firm’s audit of internal control over financial reporting. The Committee meets at least quarterly with the Company’s internal auditors and Ernst & Young LLP, with and without management present, regarding the overall scope and plans for their respective audits and the results of those audits, including their evaluations of internal control over financial reporting and the overall quality of the Company’s financial reporting.

The Committee is governed by a charter which is available for review at www.bokf.com. Each of the members of the Committee qualifies as an “independent” Director under the current NASDAQ listing standards and Rule 10A-3 of the Securities Exchange Act of 1934. The Board of Directors has appointed E. Carey Joullian IV as the “audit committee financial expert”.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements and management’s assessment of the effectiveness of the Company’s internal control over financial reporting be included in the Annual Report on Form 10-K for the year ended December 31, 2016, filed with the Securities and Exchange Commission.

The Committee and the Board have also recommended, subject to shareholder approval, the selection of Ernst & Young LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2017.

Principal Accountant Fees and Services

Audit Fees. Fees paid to Ernst & Young LLP (“EY”) for the audit of the annual consolidated financial statements included in BOK Financial’s Annual Report on Form 10-K, for the review of the consolidated financial statements included in BOK Financial’s Forms 10-Q for the quarters included in the years ended December 31, 2016 and 2015 and various subsidiary audits were \$1,858,940 and \$1,533,160 respectively.

Audit-Related Fees. Fees paid to EY for SOC 1 reports and other audit-related functions were \$364,198 and \$241,880 respectively, for the years ended December 31, 2016 and 2015.

Tax Fees. Fees paid to EY associated with tax return review and tax planning were \$52,313 and \$60,358 respectively, for the years ended December 31, 2016 and 2015.

All Other Fees. Fees paid to EY for other services, including trust tax return preparation that is reimbursed by our clients and (a) for 2016, advisory services for regulatory assessments and a subordinated debt issuance, and (b) for 2015, a regulatory compliance audit, were \$1,248,710 and \$1,048,008 respectively, for the years ended December 31, 2016 and 2015.

The Audit Committee has a policy on auditor independence requiring the approval by the Committee of all professional services rendered by BOK Financial’s independent auditor prior to the commencement of the specified services. 100% of the services described in “Audit Fees”, “Audit-Related Fees”, “Tax Fees” and “All Other Fees” were approved by the Audit Committee in accordance with BOK Financial’s policy on auditor independence and approval of fees.

Board Leadership Structure

The positions of Chief Executive Officer and Chairman of the Board are not held by the same person. Mr. Bradshaw, the President and Chief Executive Officer, brings Company-specific experience and expertise to the role, while Mr. Kaiser, the Chairman of the Board, brings experience, oversight, and expertise from outside the Company and industry. Mr. Kaiser is also the majority shareholder of BOK Financial, giving him additional incentive to ensure the success of the Company. Keeping the positions of CEO and Chairman separate allows the CEO to focus on our day-to-day business, while allowing the Chairman to lead the Board in its fundamental role of providing advice to, and independent oversight of, management. The Board believes that having separate CEO and Chairman positions and having an outside director serve as Chairman is the appropriate leadership structure for the Company at this time, given the characteristics and circumstances of the Company, and demonstrates our commitment to good corporate governance. It provides the appropriate balance between strategy development and independent oversight of management.

Board Role in Oversight of Risk

The Board has an active role, as a whole and also at the committee level (as disclosed in the descriptions of the committees in this Proxy Statement), in overseeing management of the Company’s risks. The full Board maintains responsibility for general oversight of strategic risks, and regularly reviews information regarding the Company’s credit, liquidity and operations, as well as the risks associated with each. The Company’s Independent Compensation Committee is responsible for overseeing the management of risks relating to the Company’s compensation policies and programs. The Risk Committee manages enterprise-wide risk management programs including capital planning, liquidity, interest rate, and operations risk. The Audit Committee manages risks associated with accounting and financial reporting, internal controls, and compliance with legal and regulatory requirements. The Credit Committee manages risks associated with the Company’s credit portfolio and credit-related policies. While each committee is

responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors oversees overall strategic and reputational risks, and is regularly informed through committee reports and reports directly from officers responsible for oversight of various risks within the Company.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Compensation Program Overview

The BOK Financial executive compensation program is designed to attract and retain executives whose judgment, leadership abilities and special efforts result in successful operations for the Company and an increase in shareholder value. Various components of the program work together to:

- Reward sustained, above peer performance
- Encourage both individual performance and teamwork
- Link compensation to operational and strategic results
- Align executive interests with shareholder interests
- Keep BOK Financial compensation competitive with peer banks
- Create long-term commitment to the Company

The BOK Financial executive compensation program includes:

- Salary
- Executive Incentive Compensation (annual and long-term)
- 401(k) Plan

In 2002, the Board of Directors established the Independent Compensation Committee (for purposes of this discussion and analysis, the “Committee”) to administer performance-based compensation plans for senior executives in accordance with the provisions of Section 162(m) of the Internal Revenue Code. The Committee, the voting members of which are independent within the meaning of 162(m), has responsibility for establishing, implementing and approving the Company’s general compensation philosophy with regard to the senior executive officers who participate in the Company’s Executive Incentive Plan (referred to as the “Executive Incentive Plan” or the “Plan”). The Committee receives guidance from the Chief Executive Officer (the “CEO”), who assists in evaluating employee performance, recommending business performance targets and objectives and suggesting salary levels and awards for executives (other than himself).

Throughout this proxy statement, the Company's Chief Executive Officer, Chief Financial Officer, and the three most highly compensated executive officers other than the CEO and CFO who were serving as executive officers at the end of the last completed fiscal year are referred to as the “named executives” or the “named executive officers”.

2016 Executive Compensation Summary

In his third year as President and Chief Executive Officer Steve Bradshaw named a new Chief Risk Officer. The position had previously been held as a dual role by the Chief Information Officer.

Also in 2016, the Committee considered the results of the advisory vote by shareholders on the “say-on-pay” proposal presented to shareholders at the April 26, 2016 annual meeting. As reported in the Company’s Form 8-K filed with the SEC on April 28, 2016, there was significant support by shareholders for the compensation program offered to the Company’s named executive officers. Accordingly, the Committee made no direct changes to the Company’s executive compensation program as a result of the say-on-pay vote. The Company’s executive compensation program continued to focus on pay for performance, aligning executive interests with those of the Company’s shareholders, achieving a balance between annual and long-term incentives and monitoring for the creation of improper risk incentives.

Promoting Long-Term Growth and Discouraging Excessive Risk Taking Review and Oversight of Risk

In 2010, the Office of the Comptroller of the Currency, the Federal Reserve Board of Governors and other regulatory agencies issued Interagency Guidance on Sound Incentive Compensation Policies (the “Compensation Guidance”). In response, Company management formed a review committee consisting of members from human resources, audit, risk management, accounting, finance, legal, compliance and the various business lines (the “Incentive Risk Review Committee”). The Incentive Risk Review Committee undertook review of all the compensation plans of the Company in accordance with the Compensation Guidance. The Compensation Guidance required the Company to assess the balance of risk and reward in all compensation plans, the effectiveness of controls and risk management and the effectiveness of corporate governance, including Board of Director oversight. The Incentive Risk Review Committee reported to the Committee that the Company plans, (1) had a satisfactory balance of risk and reward and (2) that controls, risk management and corporate governance were adequate. The Incentive Risk Review Committee reviews all new plans and any material changes to existing plans in accordance with the Compensation Guidance to continually assess the balance of risk and reward in the Company’s compensation plans. The Incentive Risk Review Committee reports the results of this review to the Committee on an annual basis.

Significant Equity Ownership

The stock ownership guidelines for executive management were reviewed and revised by the Committee in December, 2014 from a fixed-share guideline to a multiple of base salary guideline. The purpose of the ownership guidelines is to encourage executive investment in the enterprise and to align the interest of the executive with those of long-term Company shareholders. Under the revised guidelines each named executive is encouraged to retain ownership of shares equaling the following amount of his base salary:

Executive Name	Multiple of Base Salary
Steven G. Bradshaw	6 X base salary
Steven E. Nell	5 X base salary
Norman P. Bagwell	4 X base salary
Stacy C. Kymes	4 X base salary
Donald T. Parker	4 X base salary

The named executives were encouraged to comply with the BOKF Executive Stock Ownership Guidelines by April 1, 2016. Nell met the new guidelines as of April 1, 2016 but Bradshaw, Bagwell, and Parker did not meet the guideline requirement. Kymes has until April 1, 2018, five years from becoming a named executive, to comply. The Executive Stock Ownership Guidelines calculate stock ownership using a first quarter, 90-day average. The 90-day average per share price for the first quarter of 2016 was \$52.22. The average price of BOK Financial Stock in January and February 2017 was \$82.79. Should BOK Financial maintain its January and February average, the Committee anticipates that all the named executives except Mr. Bagwell will meet the Executive Stock Ownership Guidelines on April 1, 2017. The Committee reviews compliance with the Executive Stock Ownership Guidelines annually. Unvested service shares, performance shares, and stock options do not count towards ownership. For a further accounting of BOK Financial named executive equity ownership see the beneficial ownership table on page 7. Base salary may be found in the Summary Compensation Table on page 41.

Shareholder and President and Chief Executive Officer Emphasis on Long-Term Success

Mr. George Kaiser, the largest BOK Financial shareholder and Chairman of the BOK Financial Board, and Mr. Steve Bradshaw, BOK Financial President and Chief Executive Officer, emphasize a long-term approach

to management, reducing pressure on executives to realize short-term gains to the detriment of overall long-term success.

Recoupment of Incentive Compensation

Under the Plan, in the event incorrect financial information or results were used as a basis for calculation of incentive compensation under the Plan, the Board of Directors may direct remedial action including the forfeiture of unpaid incentive compensation and/or the restitution of paid incentive compensation. The Board of Directors may require forfeiture or restitution from any executive who is accountable for the incorrect financial information or results, as well as any executive who erroneously benefits from the incorrect financial information or results.

Evaluating Executive Compensation Relative to Peer and Overall Earnings Performance

By basing the Executive Incentive Plan on peer bank comparison, the Company avoids penalizing executives for general industry and economic downturns and encourages executives to produce the best possible results in good and bad economic times. All of the named executives receive a percentage of their annual incentive based on the per share earnings growth (“EPS Growth”) of the Company compared to peer banks’ EPS Growth. In 2016, Bradshaw was eligible to receive 80% of his annual incentive based on EPS Growth, Nell - 60%, Bagwell - 40%, Kymes - 40% and Parker - 50%, as more fully described under “Annual Incentive Bonus” on page 33. Long-term target compensation, as more fully described under “Long Term Incentive Compensation” on page 35, is based on comparison to the peer bank median, adjusted by the Committee, and is paid in restricted stock, which by the terms of the Plan are performance based. The Committee’s goal has always been to provide competitive remuneration to executives to enable BOK Financial to hire and retain top talent. The Committee has reviewed previous years’ earnings per share performance relative to the peer banks and compensation paid to named executives relative to compensation paid for similar positions at the peer banks.

Factors Used for Establishing Executive Compensation

The following is an explanation of the primary data, metrics and criteria used by the Committee to determine compensation as more fully described in “Components of Compensation” below:

Earnings Per Share Growth Compared to Peers

EPS Growth is a component of the annual and long term incentive under the Executive Incentive Plan.

The Committee views EPS Growth as an important variable used in public markets to measure profitability and determine the Company’s stock price and, thus, shareholder value.

Business Performance

“Business Performance” is determined by comparing the two year average actual financial contribution of a business unit or the Company's to its planned performance. Business Performance targets are established using standard Company methodologies and approved annually by the Committee on or before March 15 of each year.

Linking compensation to Business Performance motivates executives to achieve superior results in their particular business units, contributing to Company-wide profitability.

Strategic Objectives

At the beginning of each year, the President and CEO meets with each of the named executives to establish individual strategic objectives.

Strategic Objectives focus the executive team on effectively managing risk and building organizational capability. Progress is discussed with each executive periodically throughout the year.

Peer Group Compensation Data

The Company's internal compensation group completes an annual peer review of executive compensation using publicly available information, including proxy statements. The information is validated by an independent third party.

The Committee uses this information to assist in setting salary and, in future years, to establish annual and long-term compensation targets in accordance with the Plan.

The Committee annually updates the peer group of bank holding companies in accordance with the following guidelines that were updated at the end of 2015:

The peer banks will include only publicly-traded, SEC registered, United States bank holding companies (BHCs) with assets ranging from \$10 billion smaller to \$10 billion larger than BOKF, per the most recently filed annual report.

The peer group size will not be less than 14 nor greater than 24. If asset range causes a group of less than 14 peers, the next BHC, greater or smaller in asset size, will be included in the peer group.

The Committee uses the peer group for determining comparable executive compensation and relative EPS Growth.

For 2016, the Committee determined the "Peers" for the period ending December 31, 2016:

Financial Institution

Associated Banc-Corp	Hancock Holding Company
Commerce Bancshares, Inc.	People's United Financial, Inc.
Cullen/Frost Bankers, Inc.	Prosperity Bancshares, Inc.
East West Bancorp, Inc.	SVB Financial Group
EverBank Financial Corp	Synovus Financial Corp
First Citizens Bancshares	Umpqua Holdings Corporation
First Horizon National Corporation	Webster Financial Corporation
First Niagara Financial Group, Inc. ⁽¹⁾	Wintrust Financial Corporation
FirstMerit Corporation ⁽¹⁾	

⁽¹⁾ First Niagara Financial Group, Inc. was acquired by KeyCorp in February 2016, and First Merit Corporation was acquired by Huntington Bancshares in August 2016. Both BHCs are no longer in the peer group.

Components of Executive Compensation Comparable Executive Position

For purposes of determining salary and setting targets for both annual and long-term incentive, each named executive's position is compared to the Peers' executive positions, based upon information reported in shareholder proxy statements or third party compensation survey data (McLagan peer survey data for top corporate banking executives), as follows (each a "Comparable Executive Position"): the Company's Chief Executive Officer is compared against the chief executive officers of the Peers; the Chief Financial Officer is compared against the chief financial officers of the Peers; and Bagwell, Kymes, and Parker are compared to highest paid positions (excluding the chief executive officer and the chief financial officer) of the Peers.

Salary

In determining base salary, the Committee is directed by the Plan to compare the median base salary of each named executive to that of the Comparable Executive Position from either shareholder proxy statements of the Peers, or from a nationally recognized executive compensation survey in the case of a named executive whose Comparable Executive Position is not contained in the proxy statements of the Peers. Adjustments to base salary of a named executive may occur based upon a named executive's experience, scope and scale of position, performance history and effectiveness in building organizational capabilities. For 2016, the BOK Financial base salary for each of the named executives compared to the median of his Peer was as follows:

Executive Name	BOKF Base Pay Compared to Peer Median for Comparable Executive Position
Steven G. Bradshaw	96%
Steven E. Nell	121%
Norman P. Bagwell	107%
Stacy C. Kymes	107%
Donald T. Parker	113%

Executive Incentive Compensation

The Executive Incentive Plan allows the named executives, and certain executives that report directly to, or are designated by, the CEO, to earn (1) an annual cash incentive, which has historically been paid in the first quarter of the year following that to which the service relates, and (2) long-term incentive, which may be paid through the award of stock options, service-based restricted stock, performance-based restricted stock, or a combination of service-based and performance-based restricted stock, or stock options, as determined by the Committee. For 2016, the Committee elected to award long-term incentive in the form of restricted shares. No annual cash incentive for any one named executive may exceed \$2,000,000. No more than 150,000 shares of restricted stock and 250,000 stock options may be issued to a single named executive in any one year. Share-based compensation is awarded on the second business Friday of January.

Annual Incentive Bonus

The “Annual Incentive Bonus” is determined as follows:

The target Annual Incentive Bonus for each named executive is determined annually by the Committee and is a percentage of base salary. The Committee reviews the median Annual Incentive Bonus for named executives’ Comparable Executive Position and adjusts the target Annual Incentive Bonus based upon factors determined by the Committee such as years in the position, responsibilities and performance (the “Annual Incentive Target”).

(i) A named executive is entitled to 200% of his Annual Incentive Target if the Company’s earnings per share for the performance period equals or exceeds \$1.00 per share. The Committee may decrease the payout of the Annual Incentive Bonus based upon Earnings per Share Performance (described below) and Business Performance (described below) or such other factors as determined by the Committee.

“Earnings Per Share Performance” is the percentile ranking of the Company after (a) calculating the two year average earnings per share growth (“Average Growth”) for each Performance Peer and for the Company and (b) ranking the Company’s Average Growth compared to the Peers Average Growth, starting with the highest Average Growth and ending with the lowest Average Growth. A named executive shall earn that portion of his or her Annual Incentive Bonus based upon Earnings Per Share Performance (an “EPS Bonus”) using a linear interpolation pursuant to which 0% of the EPS Bonus shall be earned if the Earnings Per Share Performance is below the 30th percentile, 33% of the EPS Bonus shall be earned if the Earnings Per Share Performance is at the 30th percentile, 100% of the EPS Bonus shall be earned if the Earnings Per Share Performance is at the 50th percentile, and 200% of the EPS Bonus shall be earned if the Earnings Per share Performance is at the 80th percentile or above, as illustrated in the following matrix:

(ii)

(iii) A named executive shall earn that portion of his Annual Incentive Bonus based upon Business Performance (the “Business Performance Bonus”) using a linear interpolation pursuant to which 0% of the Business Performance Bonus shall be earned if Business Performance is below 80%, 33% of the Business Performance Bonus shall be earned if 80% of Business Performance is achieved, 100% of the Business Performance Bonus shall be earned if 100% of Business Performance is achieved, and 200% of the Business Performance Bonus shall be earned if 120% or more of Business Performance is achieved as illustrated in the following matrix:

(iv) Each named executive is eligible to receive 20% of his Annual Incentive Bonus based on the Strategic Objective goal achievement. The Strategic Objectives are established by the Chief Executive Officer and were reviewed and approved by the Committee on February 23, 2016 for service performed in 2016. Strategic Objectives recognize the importance of focus by the named executive on effectively managing risk and building organizational capability.

(v) For 2016, the Annual Incentive Targets and payouts for the named executives are as follows:

Annual Incentive Bonus Factors

Executive Name	BOKF EPS Growth		Business Performance ⁽²⁾		Strategic Objectives		Final Payouts ⁽⁴⁾		
	Target	Award % of Base	Weight	Payout (%) ⁽¹⁾	Weight	Payout (%)	Weight Achieved (%) ⁽³⁾	(\$)	% of Base
Steven Bradshaw	100%	80%	—%	—%	—%	—%	20%	110%	\$194,480 22%
Steven Nell	65%	60%	—%	20%	76%	20%	120%	\$131,099 26%	
Norman Bagwell	90%	40%	—%	40%	137%	20%	120%	\$314,694 71%	
Stacy Kymes	90%	40%	—%	40%	120%	20%	120%	\$275,285 65%	
Donald Parker	80%	50%	—%	30%	76%	20%	105%	\$157,482 35%	

(1) For 2016, BOKF Earnings per Share Performance percentile rank was 0%.

(2) Nell and Parker's Business Performance is based on overall Company performance; Bagwell's Business Performance is based on the Regional Banking unit performance; and Kymes' Business Performance is based on the Commercial Banking business unit performance. Targets are established annually by standard Company methodologies.

(3) At the February 28, 2017 Compensation Committee meeting, Bradshaw presented his detailed assessments of the executives' performance against the strategic objectives established by the Committee, and the Committee approved those achievement percentages. Bradshaw's achievement percentage was determined by the Committee on that date.

(4) Final payouts were approved by the Committee on February 28, 2017.

Long Term Incentive Compensation

“Long Term Incentive Compensation” is determined as follows:

(i) The Long Term Incentive Compensation target amount for each Comparable Executive Position at each Peer is calculated based upon such Peers' latest proxy statements (the “Peer Long Term Incentive Compensation Amount”).

The Long Term Incentive Compensation awarded to each named executive is based upon the median of all the Peer Long Term Incentive Compensation Amounts corresponding to such Plan participant’s Comparable Executive Position, adjusted by the Committee using such factors as years in the position, responsibilities, and performance. The amounts paid to the Executives as restricted stock awards may be found in column (e) of the Summary Compensation Table on page 41.

(iii) For 2016, the named executives were awarded the following percentage of Long Term Incentive Compensation:

Executive Name	2016 LTI Target		
	Performance-Based (as a % of base)	Service-Based (as a % of target)	Service-Based (as a % of target)
Steven G. Bradshaw	200%	100%	-
Steven E. Nell	110%	70%	30%
Norman P. Bagwell	105%	70%	30%
Stacy C. Kymes	115%	70%	30%
Donald T. Parker	110%	70%	30%

Long Term Incentive Compensation is paid through the award of service-based restricted stock, performance-based restricted stock, or a combination of service-based and performance-based restricted stock, as determined by the Committee annually prior to March 15 of the applicable year. Service-based and performance-based restricted stock is issued pursuant to, and subject to the additional terms of (including restrictions and forfeiture), the BOK Financial Corporation 2009 Omnibus Incentive Plan (the “Omnibus Plan”). Performance-based restricted stock vests once such performance-based restricted stocks are earned as described in paragraph (ii) below and generally may not be transferred by the named executive until two years after vesting. Service-based restricted stock vests once such service-based restricted stocks are earned as described in paragraph (iv) below, and generally may not be transferred by the named executive until two years after vesting.

(i) “Long Term Incentive EPS Performance” is the percentile ranking of the Company after (a) calculating the trailing three-year period earnings per share growth (determined as of the second anniversary of the end of the year in respect of which the performance-based restricted stocks were awarded) (the “Three Year EPS Average Growth”) for each Performance Peer and for the Company and (b) ranking the Company’s Three Year EPS Average Growth compared to the Peers’ Three Year EPS Growth Average, starting with the highest Three Year EPS Average Growth and ending with the lowest Three Year EPS Average Growth.

Each annual award of performance-based restricted stocks is reviewed for performance as of the second year-end anniversary of the year in respect of which the performance-based restricted stocks were awarded (the “Reviewed Restricted Stocks”). A named executive shall earn Reviewed Restricted Stocks using a linear interpolation pursuant to which 0% of the Reviewed Restricted Stocks shall be earned if the Long Term Incentive EPS Performance is below the 30th percentile, 33% of the Reviewed Restricted Stocks shall be earned if the Long Term Incentive EPS Performance is at the 30th percentile, 100% of the Reviewed Restricted Stocks shall be earned if the Long Term Incentive EPS Performance is at the 50th percentile, and 200% of the Reviewed Restricted Stocks shall be earned if the Long Term Incentive EPS Performance is at the 80th percentile or above as illustrated in the following matrix:

(ii) In the event that the Long Term Incentive EPS Performance is such that performance exceeds the target grant (e.g. 120% of target), the named executive receives an additional grant of performance-based restricted stock that equals the difference between the number of performance-based restricted stock that was granted at target and that which was earned pursuant to the immediately preceding paragraph (ii) (e.g. 20%) (the “Shares Exceeding Target”).

(iii) The vesting and transfer restrictions on the Shares Exceeding Target shall be equal in duration to the Reviewed Restricted Stock. In the event that the Long Term Incentive EPS Performance is such that performance does not exceed the target grant, the named executive shall forfeit the performance-based restricted stock received in accordance with the preceding paragraph (ii) but not earned by the named executive.

To the extent the Company’s earnings per share for the year in which service-based restricted stock are granted (the “Service-Based Performance Year”) does not equal or exceed \$1.00 per share (adjusted for stock dividends or distributions, recapitalizations, merger, consolidation, exchange of shares, stock splits or the like), the named executive shall forfeit all the service-based restricted stock granted to him in such Service-Based Performance

(iv) Year on or before March 15 of the year following the Service-Based Performance Year. To the extent the Company’s earnings per share for the year following the grant of service-based restricted stock equal or exceed \$1.00 per share (adjusted for stock dividends or distributions, recapitalizations, merger, consolidation, exchange of shares, stock splits or the like), the named executive retains all the service-based restricted stock granted to him or her the previous year and such shares shall be earned and vest three years following the date of grant.

401(k) Plan

Executives may contribute to the BOKF 401(k) Plan. Employee contributions are matched by the Company up to 6% of base compensation based on years of service and subject to 401(k) Plan limits. Named executives may direct the investments of their accounts in a variety of options, including BOK Financial common stock.

Perquisites and Other Personal Benefits

Other than participation in the plans and programs described above, benefits which are very immaterial in nature and disclosed in footnote 5 to the Summary Compensation Table on page 42, or benefits which are provided to employees generally such as health and dental insurance, the Company does not provide perquisites or other personal benefits to named executive officers.

Compensation Philosophy and Objectives

The BOK Financial executive compensation program has many objectives, all of which are designed to enhance Company value. Because no single type of compensation award or performance criteria could achieve all objectives, several types of compensation performance criteria and awards are used to achieve the maximum benefit from executive compensation.

There is no pre-established policy or target for allocating executive compensation between cash and equity, long-term and short-term. Rather, the Committee considers its varied objectives, personal performance, Company performance and data regarding peer bank compensation to establish the appropriate level and mix of incentive compensation. The Committee has generally chosen not to consider the benefits to named executives from previously awarded compensation other than to establish a baseline for future compensation.

Company executive compensation objectives include:

Sustained, Above Peer Performance - BOK Financial rewards sustained above peer performance through the Executive Incentive Plan which uses comparative EPS Growth as a metric.

Individual Performance and Teamwork - Annual incentive compensation promotes individual performance with a percentage of annual incentive compensation being based on Business Performance (except for the CEO) and a percentage being based on EPS Growth, with potential downward adjustments for failure to meet individual performance goals. Long-term compensation, which is awarded entirely as equity, promotes teamwork by aligning all executives' interests with the success of the Company as a whole.

Link Compensation to Operational Results - By using EPS Growth and Business Performance as the metrics for performance, both annual and long-term compensation are directly tied to financial performance of the Company. The Committee also considers the financial success of the Company when determining salary.

Competition with Peer Banks - To attract and retain superior executives, BOK Financial strives to provide levels of compensation comparable to competitor banks. The Committee considers peer compensation data when establishing salary and incentive compensation targets.

Align Executive Interests with Shareholder Interests - While BOK Financial does not have a specific policy or target for determining the allocation between equity and cash awards, the Company does promote equity ownership to align executive interests with shareholder interests. All long-term executive compensation is paid in restricted stock. Stock ownership guidelines as described on page 29 require executives to retain a Company stock.

Change in Control and Termination Benefits

The Company has a limited number of change in control benefits for executive officers. If an executive, or any employee of BOK Financial, is terminated within one year after a “change in control” (as defined in footnote 3 on page 49), and such termination is other than “for cause” (as defined in footnote 4 on page 49), then all unvested performance shares and stock options he or she has been granted vest. Stock options must then be exercised within 90 days of the change in control.

Executive officers receive the same severance benefits as other BOK Financial employees which are based upon the amount of time a person has been employed by the Company. The named executives are entitled to receive additional severance pursuant to their employment agreements as more fully described in Potential Payments upon Termination found on page 48. The Company believes that the severance and termination payments help recruit and retain senior executives by protecting them in the event their positions are adversely impacted by an unexpected change in circumstance and are consistent with those offered by competitors.

Equity Grant Policy

In 2004, BOK Financial initiated a policy of granting all Company stock options and restricted stock, to both named executives and all other Company employees, on the first business Friday in January. This date was chosen by the Chief Executive Officer and the Chairman of the Board and is also the date that performance shares are awarded pursuant to the Executive Incentive Plan. In 2006, the pre-established grant date was changed to the second business Friday in January to account for administrative challenges during the holiday season (the “Grant Date”).

All stock options awarded by BOK Financial are priced at the market value for BOK Financial common stock on NASDAQ as of the Grant Date. There is no program or policy to coordinate the granting of options with the release of material non-public information as all grants occur on the Grant Date, including those made to new executive officers.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code

Both annual incentive and long-term awards made pursuant to the Executive Incentive Plan are designed to comply with Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code generally limits to \$1 million the amount that a publicly-held company is allowed to deduct each year for the compensation paid to each of the corporation’s chief executive officer and three most highly compensated executive officers other than the chief financial officer. However, performance-based compensation determined in accordance with IRS regulations is not subject to the limit. In order to qualify as performance-based compensation, payments must be computed on the basis of an objective, performance-based standard determined by a committee that consists solely of two or more voting outside directors and the material terms under which the compensation is to be paid, including the performance metrics, must be disclosed to and approved by the shareholders.

Section 409A of the Internal Revenue Code

If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A of the Internal Revenue Code, and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to substantial risk of forfeiture. In such case, the Service Provider is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit included in the income. The Company believes all deferred compensation benefits currently comply with 409A.

Committee Report

The Committee meets as often as necessary to perform its duties and responsibilities. The Committee held four meetings during fiscal year 2016. The Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based upon such review, the related discussions and such other matters deemed relevant and appropriate by the Committee, the Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and delivered to shareholders.

The amounts in column (e) are the grant date fair value of the non-vested stock awards. The awards granted in 2014 were significantly higher than usual because of awards granted under the True-Up Plan, which was approved by shareholders in 2011 and addressed inequity in annual and long-term incentive resulting from the earnings per share percentile "bounce-back" by peer banks that performed poorly during the economic downturn. The True-Up Plan was designed to allow for the restoration of the Company's named executives' annual and long-term-compensation to levels comparable to that of named executives at the peer banks with comparative earnings per share performance from 2006 through 2013, and was described in more detail in the Company's proxy statement on Schedule 14A filed with the SEC on March 18, 2015.

The amounts in column (g) reflect the annual cash awards made pursuant to the Executive Incentive Plan, which is discussed in further detail on page 32 under the heading "Components of Executive Compensation." Incentive amounts are paid at a targeted percentile of our Peers. The amounts for 2014 also reflect cash awards made as part of the True-Up Plan.

The amounts in column (h) include (i) the actuarial increase in the present value of the named executive officer's benefits under the Company pension plan using a discount rate defined in the Pension Plan and (ii) Nonqualified (3)Deferred Compensation Earnings further described in column (d) of the Nonqualified Deferred Compensation Table on page 47. Executives who did not have the ability to defer income or who chose not to defer income are not required to disclose investment income on the Summary Compensation Table.

The amounts in column (i) for 2016 are derived from Company matching contributions to the 401(k) Thrift Plan as follows: Bradshaw, \$31,800; Nell, \$31,800; Bagwell, \$15,899; Kymes, \$31,800; and Parker, \$23,850. Amounts (4) also include trip earnings (personal portion of a trip such as an accompanying spouse or a free day) as follows: Bagwell \$3,801 and Kymes \$3,376; and a Champion Health corporate members wellness benefit for named executive officers and spouse as follows: Bradshaw, \$3,299; Nell, \$2,099; and Kymes, \$3,599.

(5) Kymes was not a named executive officer in 2014.

(1) Bradshaw receives 80%, Nell receives 60%, Parker receives 50%, and Bagwell and Kymes receive 40% of their annual incentive based on EPS Growth. Annual incentive cash awards were finalized and approved by the Committee on February 28, 2017 and are provided in column (g) of the "Summary Compensation Table" on page 41

herein. For final target achievement and payout, see the Annual Incentive Bonus Factors chart on page 34. The total annual incentive cannot exceed \$2,000,000 for any participant per the Executive Incentive Plan.

Represents annual incentive targets for achievement of Strategic Objectives established by the Committee on (2) February 23, 2016 for service performed in 2016. The named executives were eligible to receive 20% of their annual incentive based on Strategic Objective goal achievement.

(3) Represents annual incentive targets for Business Performance Bonus established by the Committee on February 23, 2016 for service performed in 2016. Nell receives 20% and Parker receives 30% of their annual incentive based on overall Company performance. Bagwell and Kymes both receive 40% of their annual incentive based on business unit performance.

- (4) Represents performance shares granted as long-term incentive pursuant to the Executive Incentive Plan. Performance shares vest when earned and are subject to a two year hold requirement, followed by stock ownership guidelines as further described in “Compensation Discussion and Analysis” on page 28 herein.
- (5) Represents service shares granted as long-term incentive pursuant to the Executive Incentive Plan. Service shares vest on the third anniversary of the date the service shares were issued and are subject to a two year hold requirement, followed by stock ownership guidelines as further described in “Compensation Discussion and Analysis” on page 28 herein.
- (6) Amounts reported in column (1) represent the grant-date fair value of non-vested stock awarded. The Company’s policy regarding the valuation of stock compensation is included in footnote 1 and assumptions used in the calculation of the grant-date fair value of stock compensation are included in footnote 12 of the Company’s audited consolidated financial statements for the year ended December 31, 2016 which was included in the Company’s Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2017.

Columns (b) and (c) represent stock options which vest 1/7 each year in accordance with the BOK Financial 2003 (1) Stock Option Plan (as amended) and the BOK Financial 2009 Omnibus Incentive Plan and terminate three years after vesting.

Column (d) represents stock options granted as long-term incentive pursuant to the Executive Incentive Plan, the (2) amount of which remains subject to adjustment based on EPS Growth over a three year performance period as further described in "Compensation Discussion and Analysis" on page 28.

Column (g) represents performance shares which are not subject to adjustment based upon the three year (3) performance period, but which have not yet completed the vesting period. Performance shares vest pursuant to the Executive Incentive Plan. Shares may not be sold unless certain stock ownership guidelines are met as described in "Compensation Discussion and Analysis" on page 28.

(4) Market value of performance shares is based on the closing price of BOK Financial common stock of \$83.04 (as reported on NASDAQ as of December 31, 2016).

Column (i) represents performance shares granted as long-term incentive pursuant to the Executive Incentive Plan the amount of which remains subject to adjustment based on EPS Growth over a three year performance period as (5) further described in Compensation Discussion and Analysis on page 28. Performance shares vest pursuant to the Executive Incentive Plan. Shares may not be sold unless certain stock ownership guidelines are met as described in “Compensation Discussion and Analysis.”

PENSION BENEFITS

The normal retirement age under the BOK Financial Pension Plan (the Plan) is age 65. At that time, a participant may receive a lump sum equal to his or her account balance. In lieu of a lump sum payment, the participant may elect to receive an annuity payment from the Plan based on different optional forms of payments defined in the Plan. Active participants also have the option to withdraw from the Plan at age 62.

The following table shows the present value of accumulated benefits in the Plan for the named executive officers:

(a)	(b)	(c)	(d)	(e)
Executive Name ⁽¹⁾	Plan Name	Number of Years Credited Service ⁽²⁾	Present Value of Accumulated Benefit	Payments During Last Fiscal Year
Steven G. Bradshaw	BOKF Pension Plan 15		\$ 173,484	\$ —
Steven E. Nell	BOKF Pension Plan 14		\$ 134,913	\$ —
Stacy C. Kymes	BOKF Pension Plan 9		\$ 51,006	\$ —

(1) Bagwell and Parker are named executives, but are not listed as they do not participate in the BOKF Pension Plan.

(2) Named executives are credited with the number of years employed by the Company since the Pension Plan's inception in 1987 (through December 31, 2005 when the number of years of credited service was frozen).

NONQUALIFIED DEFERRED COMPENSATION

Pursuant to individual Deferred Compensation Agreements, Bradshaw and Nell were permitted, until December 31, 2004, to defer certain compensation (Bagwell and Parker were not permitted to defer compensation because they joined BOKF in 2008 and 2005, respectively, and Kymes was not an eligible executive at that time). In response to IRS guidance, these Deferred Compensation Agreements were amended in December of 2004 to preclude the deferral of future compensation and subsequently terminated. Future deferrals would require entry into a new agreement. No named executive officer has entered into a new deferred compensation agreement or elected to participate in the Company's existing deferred compensation plan, established in 2014.

The following table describes the current balance of deferral accounts:

Executive Name ⁽¹⁾	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)
(a)	(b)	(c)	(d)	(e)	(f)
Steven G. Bradshaw			\$36,344 ⁽²⁾	\$—	\$ 323,112

(1) Bradshaw is the only named executive to have a deferral account balance.

Earnings include gains or losses reported on investments in distressed asset and venture capital funds, and interest (2) earned on uninvested cash accrued at BOKF's money market deposit rates as well as dividends paid and changes in fair value of BOK Financial common stock.

POTENTIAL PAYMENTS UPON TERMINATION

The following table shows potential payments to the named executive officers under existing contracts, agreements, plans or arrangements for various scenarios, assuming a December 31, 2016 termination date. Each of the named executive officers is subject to an employment agreement.

TOTAL	Total	\$3,690,010	\$4,048,904	\$ 3,000

Executive payments upon termination do not include payments of deferred compensation which, if applicable, are described on page 47. The table assumes (i) that the executive has been paid all amounts owed through the date of termination, (ii) the closing price of BOK Financial common stock of \$83.04 (as reported on NASDAQ as of (1)December 31, 2016); and (iii) salary, stock option and performance share information as of December 31, 2016.

Except as expressly provided herein or amounts owed up through the date of termination, Executive does not receive any additional payments in the event of voluntary termination, early retirement (prior to age 65), retirement (age 65 or older), involuntary for cause termination, change in control, or upon death or disability.

(2)When the executive's employment is terminated without cause, he shall receive standard severance pay for senior executives in effect at the time of termination, and in addition, an amount equal to the executive's then annual salary payable in one lump sum payment. The executive shall be entitled to receive pension, thrift, medical

insurance, disability insurance plans benefits and other fringe benefits accrued through, but not beyond the date of termination, and shall be entitled to receive pay for vacation in accordance with the Company's existing policy. Options held by the executive shall vest and shall be exercisable for ninety days following termination and restricted stock held by the executive shall continue to be owned by the executive but shall remain subject to all applicable restrictions.

When the executive's employment is terminated without cause following a change of control, he shall receive a lump sum payment in an amount equal to two times executive's then Annual Salary at the time of termination in lieu of standard and enhanced severance amounts. "Change of Control" occurs when either (i) Mr. George Kaiser, affiliates of George B. Kaiser, George B. Kaiser Foundation, George Kaiser Family Foundation, and/or members (3) of the family of George B. Kaiser collectively cease to own more shares of the voting capital stock of BOK Financial than any other shareholder (or group of shareholders acting in concert to control BOK Financial to the exclusion of George B. Kaiser, affiliates of George B. Kaiser, George B. Kaiser Foundation, George Kaiser Family Foundation, and/or members of the family of George B. Kaiser), or (ii) BOK Financial shall cease to own directly and indirectly more than fifty percent (50%) of the voting capital stock of BOKF, NA.

Termination of executive for cause would generally be termination for (i) failure to substantially perform his duties, (ii) committing any act which is intended to injure BOK Financial or its affiliates, (iii) charged, indicted or convicted of any criminal act or act involving moral turpitude, (iv) committing any dishonest or fraudulent act (4) which is material to BOKF or its affiliates, including reputation or (v) refusing to obey orders of the CEO unless such instructions would require executive to commit an illegal act, could subject executive to personal liability, would require executive to violate the terms of his agreement or are inconsistent with recognized ethical standards or inconsistent with the duties of an officer of the bank.

For a period of two years following any termination for cause, and for a period of one year following any termination for any reason other than cause, the executive is prohibited from directly or indirectly contacting or soliciting, in any manner, individuals or entities who were at any time during the term of the executive's (5) employment agreement clients of BOK Financial or any of its affiliates, for the purpose of providing banking, trust, investment, or other services provided by BOK Financial or any of its affiliates, or contacting or soliciting employees of BOK Financial or any affiliates of BOK Financial to seek employment with any person or entity except BOK Financial and its affiliates. In exchange, the executive shall receive \$3,000 in arrears for each year the non-solicitation agreement is in effect.

RELATED PARTY TRANSACTION REVIEW AND APPROVAL POLICY

BOK Financial has a written related party transaction policy, approved by the Audit Committee, which requires that all related party transactions reportable pursuant to SEC regulation S-K, Item 404(a) must be submitted to the Chief Financial Officer (“CFO”) for review. The Audit Committee conducts appropriate review and oversight of non-credit related party transactions for potential conflict of interest situations in accordance with NASDAQ Rule 5630(a), and the Credit Committee reviews and oversees related party credit transactions.

The related-party transaction must be intended for the benefit of the Company and made on terms no less favorable than those terms for unrelated persons. The CFO must also consider whether the transaction is occurring at arm’s length and the impact of the related party transaction on financial statement accounting and disclosure.

If the CFO determines that the transaction would be material, he must present the details and his conclusion to the Chairman of the Audit Committee. The Chairman of the Audit Committee will submit the related party transaction to the Audit Committee for approval based upon the same criteria as considered by the CFO, in addition to such criteria as may be deemed relevant by the members.

The Company annually requires each of its directors and executive officers to complete a directors’ and officers’ questionnaire that elicits information about related person transactions. The Company’s Office of General Counsel reviews all transactions disclosed in the officer and director questionnaires and discusses any transactions not previously identified with the CFO and verifies compliance with independence requirements under NASDAQ Rule 5605 and Section 162(m) of the Internal Revenue Code.

CERTAIN TRANSACTIONS

Certain principal shareholders, directors of the Company and their associates were customers of and had loan transactions with BOK Financial or its subsidiaries during 2016. None of them currently outstanding are classified as nonaccrual, past due, restructured or potential problem loans. All such loans (i) were made in the ordinary course of business, (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Company, and (iii) did not involve more than normal risk of collectability or present other unfavorable features.

Certain related parties are customers of the Company for services other than loans, including consumer banking, corporate banking, risk management, wealth management, brokerage and trading, or fiduciary/trust services. The Company engages in transactions with related parties in the ordinary course of business and in compliance with applicable regulation.

BOK leases office space in the Copper Oaks and Lewis Center facilities located in Tulsa, Oklahoma, which are owned by Mr. Kaiser and affiliates. Lease payments for both facilities totaled approximately \$1.1 million in 2016.

QuikTrip Corporation has entered into a fee sharing agreement with TransFund, BOKF’s automated teller machine (“ATM”) network (“TransFund”), respecting transactions completed at TransFund ATMs placed in QuikTrip locations. In 2016, BOKF paid QuikTrip approximately \$6.29 million pursuant to this agreement. Mr. Cadieux, a BOK Financial director, is Chief Executive Officer, Chairman, and a significant shareholder of QuikTrip Corporation.

Great Plains National Bank, located in Elk City, Oklahoma, received ATM and debit card services from TransFund for which it paid approximately \$639,000 in fees. Steven Nell, the Company’s Chief Financial Officer, and certain family members own approximately 14.4% of Great Plains National Bank. Mr. Nell’s father and sister are members of the Great Plains National Bank Board of Directors.

In 2009, Argonaut VPP LLC, an affiliate of Mr. Kaiser, entered into natural gas and oil hedges. The fair value of the hedges depended on the market price of the hedged commodities, varied from day to day, and could, on any given day, be a long or short position. The trades were closed on June 29, 2016, and Argonaut VPP was paid approximately \$2.16 million.

In 2012 and 2015, Griffin Communications, L.L.C. entered into interest rate hedges with BOK. On December 31, 2016, the total fair value of the interest rate hedges for Griffin was positive \$273,330 from Griffin Communications' perspective. Mr. Griffin, a BOK Financial director, is President and Chief Executive Officer of Griffin Communications, L.L.C.

INSIDER REPORTING

Based upon a review of the filings with the Securities and Exchange Commission and written representations that no other reports were required, we believe that all of our directors, executive officers, and owners of more than ten percent of our common shares, complied during fiscal year 2016 with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934 with the exception of (1) one late report in February 2017 as a result of an administrative error relating to two dispositions in November 2016 of shares beneficially owned by Lybarger, and (2) two late reports in February 2017 as a result of administrative errors relating to seven dispositions of shares beneficially owned by Nell.

PROPOSALS OF SHAREHOLDERS

The Board of Directors will consider proposals of shareholders intended to be presented for action at the Annual Meeting of Shareholders. According to the rules of the Securities and Exchange Commission, such proposals shall be included in the Company's Proxy Statement if they are received in a timely manner and if certain other requirements are met. For a shareholder proposal to be included in the Company's Proxy Statement relating to the 2017 Annual Shareholders' Meeting, a written proposal complying with the requirements established by the Securities and Exchange Commission must be received at the Company's principal executive offices, located at Bank of Oklahoma Tower, Tulsa, Oklahoma 74172, no later than December 1, 2016.

OTHER MATTERS

Management does not know of any matters to be presented for action at the meeting other than those listed in the Notice of Meeting and referred to in this proxy statement. If any other matters properly come before the meeting, it is intended that the Proxy solicited hereby will be voted in accordance with the recommendations of the Board of Directors.
