Chairman's
LETTER TO SHAREHOLDERS

I am very pleased to report that for the period ended June 30, 2004, your Nuveen Fund continued to provide you with attractive monthly tax-free income.

While tax-free income is always welcome, we know that many shareholders are beginning to wonder whether interest rates will rise significantly, and whether that possibility should cause them to adjust that portion of their investment portfolios allocated to tax-free municipal bonds. We believe this is a question you should consider carefully with the help of a trusted financial advisor. In many cases, it may be more appropriate to focus on long-term goals and objectives rather than shorter-term market movements, and this is where a professional advisor may be able to help keep you focused on the larger objectives of your investment program.

WE THINK THAT MUNICIPAL BOND INVESTMENTS LIKE YOUR NUVEEN FUND CAN BE IMPORTANT BUILDING BLOCKS IN A WELL-BALANCED PORTFOLIO.

As you read through this report, please review the inside front cover and consider receiving future Fund reports and other Fund information by e-mail and the Internet. Not only will you be able to receive the information faster, but this also may help lower your Fund's expenses. Sign up is quick and easy.

Since 1898, Nuveen Investments has offered financial products and solutions that incorporate careful research, diversification and the application of conservative risk-management principles. We are grateful that you have chosen us as a partner as you pursue your financial goals. We look forward to continuing to earn your trust in the months and years ahead.

Portfolio Manager's
PERSPECTIVE

Portfolio manager Paul Brennan reviews the market environment, key investment strategies and the performance of these eight Nuveen Funds. Paul, who has 13 years of investment experience, has managed these Funds since January 2003.

WHAT FACTORS AFFECTED THE U.S. ECONOMY AND MUNICIPAL MARKET DURING THE ANNUAL REPORTING PERIOD ENDED JUNE 30, 2004?

During this reporting period, the U.S. economy demonstrated growing evidence of improvement in a number of key areas. Inflation also showed signs of acceleration, driven largely by higher energy and transportation costs, with the Consumer Price Index rising at a 4.9% rate (annualized) during the first six months of 2004, compared with 1.9% for all of 2003. The combination of economic momentum and inflation concerns served as a catalyst for heightened volatility across the fixed-income markets. During the final three months of this reporting period, the bond markets, including the municipal market, were increasingly driven by expectations that the Federal Reserve would raise interest rates and by speculation over the timing and extent of those rate hikes. On June 30, 2004, the Fed increased the fed funds rate by 0.25% to 1.25%, the first increase in four years, noting that it anticipated taking a "measured" approach to further tightening to avoid potential derailment of the economic recovery.

Although the market environment was generally favorable for municipal bonds during much of the 12-month period ended June 30, 2004, the bond market rally of late 2003-early 2004 was bracketed by periods of sharp price declines. As one example, the yield on the Bond Buyer 25 Revenue Bond Index (BB25), a widely followed municipal bond index, rose more than 50 basis points between April 1 and June 10, 2004, before retreating slightly during the final three weeks of this period. The increase in yield was accompanied by a corresponding drop in price, and effectively offset much of the yield decline and price gain realized during the rally of the previous eight months. Overall, the trend during this 12-month period was toward higher yields, with the BB25 Index ending June 2004 almost 40 basis points higher than it was at the beginning of July 2003.

In general, municipal supply nationwide remained relatively strong over the entire 12-month reporting period, as \$372 billion in new bonds came to market, down 5% from the preceding 12-month period. However, the pace of issuance slowed in recent months, with \$188 billion in new municipal supply during the first half of 2004, a decrease of almost 9% from January-June 2003's record level of \$206 billion. In contrast to 2003, when

many states were issuing bonds to bridge budget gaps and fund operations, an improving economy and higher tax revenues have lessened the states' need to

borrow. In June 2004 alone, volume decreased 24% from a year ago.

HOW ABOUT ECONOMIC AND MARKET CONDITIONS IN NEW JERSEY AND PENNSYLVANIA?

During this 12-month reporting period, New Jersey's economy performed above the national average, as the state added jobs in construction, retail, education and healthcare. New Jersey also benefited from an influx of financial services jobs from New York City as well as growth in the state's sizable pharmaceutical industry. As of June 2004, unemployment in the state had fallen to 4.7%, below the national average of 5.6%. New Jersey's diverse economy, highly skilled workforce, and high wealth levels helped to maintain a solid economic base during the state's budgetary struggles over the past few years. Since 1996, debt levels in the state have risen 60%, and New Jersey currently ranks fifth in the nation in terms of tax-supported debt. In fiscal 2004, which ended June 30, New Jersey balanced its budget through increased taxes on cigarettes, hotels, and casinos, reduced property tax rebates, and proceeds from tobacco securitization bonds. For fiscal 2005, the state's \$28 billion budget, which includes a \$1 billion increase in Medicaid, calls for higher taxes on individuals earning more than \$500,000 as well as on cigarettes, cell phones, and cosmetic surgery, among other items. It also relies on \$1.9 billion in deficit financing through the issuance of bonds secured by the newly enacted taxes, a proposal that was challenged on constitutional grounds in the state courts. (Following the end of this reporting period, the New Jersey Supreme Court ruled that the fiscal 2005 budget could stand as approved but, in the future, the state should avoid borrowing to balance the budget.)

During the entire 12-month reporting period ended June 2004, New Jersey issued \$12.8 billion in new municipal bonds, down 11% from the previous 12-month period. In the first half of 2004, issuance declined more sharply, with \$5.5 billion in new bonds, off 43% from the first half of 2003. In March 2004, Moody's placed New Jersey on its watchlist for a possible downgrade, citing the state's structurally unbalanced budget for fiscal 2005. As of June 30, 2004, however, Moody's had maintained the state's credit rating at Aa2 with a negative outlook, while Standard & Poor's confirmed its rating of AA with a stable outlook in March 2004. (In late July, after the completion of this reporting period, Moody's and S&P downgraded New Jersey debt to Aa3 and AA-, respectively.)

5

Pennsylvania's economy also continued to improve during this period, led by strength in the services sector and modest expansion in the commonwealth's large pharmaceutical industry as well as software and tourism. Although Pennsylvania continued to have substantial exposure to the declining manufacturing sector, job losses in that area have slowed. Aggressive economic development efforts undertaken by the commonwealth are expected to spur further growth. As of June 2004, Pennsylvania's unemployment rate stood at 5.6%, on par with the national average. Over the past few years, conservative financial practices have helped Pennsylvania weather budget problems, and the commonwealth's debt burden has remained low. However, an aging infrastructure could place increasing pressure on future budgets. For fiscal 2005, the commonwealth's \$22.8 billion budget relies on revenue growth generated by an improving economy and an income tax hike that took effect January 1, 2004. In December 2003, Pennsylvania designated financially struggling Pittsburgh as a distressed municipality, appointing a coordinator to develop a recovery plan and prohibiting the city from filing bankruptcy without the governor's approval. In June 2004, Pittsburgh approved a five-year plan based on tax hikes and service cuts, including new payroll and non-resident employee taxes, layoffs and pay cuts for firefighters, and a two-year salary freeze for other city workers.

Edgar Filing: NUVEEN NEW JERSEY DIVIDEND ADVANTAGE MUNICIPAL FUND - Form N-CSR

Municipal issuance in Pennsylvania during the 12 months ended June 2004 totaled \$13.6 billion, down 5% from the previous 12 months. For the first six months of 2004, supply decreased 23% from January-June 2003, with \$6 billion in new bonds. In May 2004, Moody's confirmed Pennsylvania's credit rating at Aa2 with a stable outlook, while S&P reaffirmed its AA rating with a stable outlook in June 2004.

IN THIS ENVIRONMENT, WHAT KEY STRATEGIES WERE USED TO MANAGE THESE FUNDS DURING THE 12 MONTHS ENDED JUNE 30, 2004?

As the market continued to anticipate increased interest rates, our major focus during this reporting period remained on careful management of the Funds' durations¹ as a way to mitigate some of the interest rate risk inherent in each Fund's portfolio. Interest rate risk is the risk that the value of a Fund's portfolio will decline if market interest rates rise (since bond prices move in the opposite direction of interest rates). The longer the duration of a Fund's portfolio, the greater the Fund's interest rate risk. Our use of this

1 Duration is a measure of a Fund's net asset value (NAV) volatility in reaction to interest rate movements. Fund duration, also known as leverage-adjusted duration, takes into account the leveraging process for a Fund and therefore is generally longer than the duration of the actual portfolio of individual bonds that make up the Fund. References to duration in this commentary are intended to indicate Fund duration unless otherwise noted.

6

duration management strategy is designed to position the Funds to potentially produce more consistent returns over time as interest rates rise and fall.

Ironically, the leverage-adjusted durations of NQJ, NNJ, NUJ, NQP and NPY all lengthened over the past 12 months, while those of NXJ, NXM and NVY shortened. In the first set of Funds, the combination of trading activity and the pricing of more and more bonds to their maturities rather than call dates as interest rates rose tended to nominally lengthen durations. However, we do not believe these Funds saw a material increase in their actual interest rate risk relative to the general market. In the other three Funds, our strategy of selling securities with longer maturities and deploying the proceeds into shorter bonds was effective in shortening their durations.

As mentioned earlier, the issuance of new municipal bonds declined in both New Jersey and Pennsylvania over the past year, especially during the first six months of 2004. While this meant that it occasionally took longer to implement some of our strategies, the overall amount of supply remained adequate, and we continued to find opportunities to add value. In general, our trading activity in support of duration management accounted for most of the turnover in these Funds during this period.

In keeping with our duration management strategy and the steepness of the municipal bond yield curve over this period, the core of our purchase activity focused on attractive securities with defensive structures in the long-intermediate part of the yield curve (i.e., bonds that mature in 10 to 20 years). In many cases, bonds in this part of the curve offered yields similar to those of longer-term bonds with less inherent interest rate risk and greater total return potential.

In addition to improving the Funds' yield curve positioning, we continued to work to diversify the Funds by reducing concentrated positions. However, much of

Edgar Filing: NUVEEN NEW JERSEY DIVIDEND ADVANTAGE MUNICIPAL FUND - Form N-CSR

the issuance during this period was high quality or insured, which did not provide many opportunities to make changes along credit quality lines. From a sector perspective, the limited tax obligation sector offered value as well as ample supply, and we substantially increased our allocations to this sector in all four New Jersey Funds. Bonds issued for higher education also provided some attractive additions across these eight Funds.

For the 12 months ended June 30, 2004, the annual total returns on net asset value (NAV) for all four of the New Jersey Funds as well as for NPY and NXM outperformed the return on the national Lehman Brothers Municipal Bond Index, while NQP and NVY lagged this measure. NQJ, NXJ and NUJ also outperformed their Lipper New Jersey peer group, while NNJ trailed this average by a slight margin. Among the Pennsylvania Funds, NPY and NXM performed better than the Lipper Pennsylvania average, while NVY performed in line with this peer group, and NQP underperformed the Lipper average.

- 2 The Lipper New Jersey Municipal Debt Funds category average is calculated using the returns of all closed-end exchange-traded funds in this category for each period as follows: 1 year, 13 Funds, 5 years, 8 Funds, and 10 years, 6 Funds,. The Lipper Pennsylvania Municipal Debt Funds category average is calculated using the returns of all closed-end exchange-traded funds in this category for each period as follows: 1 year, 12 Funds, 5 years, 8 Funds, and 10 years, 7 Funds. Fund and Lipper returns assume reinvestment of dividends.

8

Duration, credit quality, and sector allocation were the key factors affecting the 12-month performance of these eight Funds. As previously mentioned, yields rose sharply during the second quarter of 2004 and bond prices fell, impacting the Funds' total returns. In general, the longer a Fund's duration, the more its value was affected by changes in prevailing interest rates. As of June 30, 2004, NQP had the longest duration among these eight Funds. As a result, the recent rise in yields had a greater impact on this Fund's total return. In addition, NQP had a large exposure to zero coupon bonds, whose prices are extremely sensitive to changes in interest rates, and to insured bonds, which underperformed the market as a whole during this period.

On the positive side, the Funds' performances benefited from heavier weightings in lower-rated bonds, which outperformed other credit quality sectors as the economy improved, investors' risk tolerance increased, and credit spreads tightened. As of June 30, 2004, allocations of BBB or lower and non-rated bonds ranged from 24% in NUJ to 13% in NQJ, NXJ and NXM, 11% in NPY, and 10% in NNJ, 9% in NVY and only 4% in NQP. NUJ's heavy exposure to bonds rated BBB or lower and non-rated bonds, as well as its large weighting of bonds rated A (13%), helped this Fund overcome the effect of having a relatively long duration during this period.

The Funds' allocations to the healthcare sector, especially lower-rated hospital debt, also made a positive contribution to their total returns, as this sector performed very well over the past 12 months. For example, during this period, both NXM and NVY benefited from their holdings of bonds rated B issued for West Penn Allegheny Health System, which have recovered strongly following our purchase at very attractive prices. Among the New Jersey Funds, NXJ had the heaviest weighting of healthcare bonds, as of June 30, 2004, at 18% of its portfolio, followed by NUJ with 17% and NQJ with 12%, while among the Pennsylvania Funds, NPY and NXM had healthcare allocations of 13% and 11%, respectively. In comparison, the healthcare weightings in NVY, NNJ and NQP were 8%, 8%, and 5%, respectively.

Industrial development/pollution control revenue (IDR/PCR) and resource recovery bonds were also strong performers during this period, and holdings in these sectors generally added to the Funds' performances. For example, all four New Jersey Funds held positions

9

in B2 rated bonds issued for a solid waste disposal system by Camden County Pollution Control Financing Authority, which helped to boost the Funds' total returns. Among the Pennsylvania Funds, NPY and NXM benefited from their holdings of non-rated bonds issued by the Pennsylvania Economic Development Financing Authority for a National Gypsum project, while NVY held \$1 million (par value) in bonds rated BBB+ issued by the Bucks County Industrial Development Authority for a Marathon Oil (formerly USX Corporation) environmental project, which were among the best performers in the IDR/PCR sector.

Also making a positive contribution to the total returns of the New Jersey Funds were tobacco bonds backed by revenues from the 1998 master tobacco settlement agreement.

HOW ABOUT THE FUNDS' DIVIDENDS AND SHARE PRICES?

With short-term interest rates remaining at historically low levels during this reporting period, the leveraged structures of these eight Funds continued to support their dividend-paying capabilities. The extent of this benefit is tied in part to the short-term rates the Funds pay their MuniPreferred(R) shareholders. During periods of low short-term rates, the Funds generally pay relatively lower dividends to their MuniPreferred shareholders, which can leave more earnings to support common share dividends. During this reporting period, this strategy enabled us to increase the dividends of NQJ, NXJ, and NXM, while helping to maintain the dividends of NNJ, NUJ, NQP, NPY, and NVY throughout the period. In addition, due to the capital gains generated by trading activity as part of our duration management efforts, common shareholders of NQJ, NNJ, NXM, NVY and NPY received substantial capital gains and net ordinary income distributions at the end of December 2003.

All of these Funds seek to pay stable dividends at rates that reflect each Fund's past results and projected future performance. During certain periods, each Fund may pay dividends at a rate that may be more or less than the amount of net investment income actually earned by the Fund during the period. If a Fund has cumulatively earned more than it has paid in dividends, it holds the excess in reserve as undistributed net investment income (UNII) as part of the Fund's NAV. Conversely, if a Fund has cumulatively paid dividends in excess of its earnings, the excess constitutes negative UNII that is likewise

10

reflected in the Fund's NAV. Each Fund will, over time, pay all of its net investment income as dividends to shareholders. As of June 30, 2004, all of the Funds in this report except NVY had positive UNII balances.

As of June 30, 2004, all eight of these Funds were trading at discounts to their net asset values. In each case, these discounts were greater than the average discount exhibited by the Fund over the course of the entire 12-month reporting period.

Edgar Filing: NUVEEN NEW JERSEY DIVIDEND ADVANTAGE MUNICIPAL FUND - Form N-CSR

HOW WERE THE FUNDS POSITIONED IN TERMS OF CREDIT QUALITY AND BOND CALLS AS OF JUNE 30, 2004?

Given the current geopolitical and economic climate, we continued to believe that maintaining strong credit quality was an important requirement. As of the end of June 2004, these eight Funds continued to offer excellent credit quality, with allocations of bonds rated AAA/U.S. guaranteed and AA ranging from 63% in NUJ to 69% in NXJ and 73% in NXM to 80% in NQJ, 83% in NPY, 85% in NNJ, 88% in NQP and NVY.

As of June 30, 2004, potential call exposure for these Funds during 2004-2005 ranged from 0% in NXM, to 2% in NVY, 3% in NXJ and NUJ, 4% in NPY, 5% in NQJ, 7% in NQP and 8% in NNJ. The number of actual bond calls in all of the Funds will depend largely on market interest rates.

FINANCIAL STATEMENTS

1. GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

The state Funds (the "Funds") covered in this report and their corresponding Common share stock exchange symbols are Nuveen New Jersey Investment Quality Municipal Fund, Inc. (NQJ), Nuveen New Jersey Premium Income Municipal Fund, Inc. (NNJ), Nuveen New Jersey Dividend Advantage Municipal Fund (NXJ), Nuveen New Jersey Dividend Advantage Municipal Fund 2 (NUJ), Nuveen Pennsylvania Investment Quality Municipal Fund (NQP), Nuveen Pennsylvania Premium Income Municipal Fund 2 (NPY), Nuveen Pennsylvania Dividend Advantage Municipal Fund (NXM) and Nuveen Pennsylvania Dividend Advantage Municipal Fund 2 (NVY). Common

Edgar Filing: NUVEEN NEW JERSEY DIVIDEND ADVANTAGE MUNICIPAL FUND - Form N-CSR

shares of New Jersey Investment Quality (NQJ), New Jersey Premium Income (NNJ), Pennsylvania Investment Quality (NQP) and Pennsylvania Premium Income 2 (NPY) are traded on the New York Stock Exchange while Common shares of New Jersey Dividend Advantage (NXJ), New Jersey Dividend Advantage 2 (NUJ), Pennsylvania Dividend Advantage (NXM) and Pennsylvania Dividend Advantage 2 (NVY) are traded on the American Stock Exchange. The Funds are registered under the Investment Company Act of 1940, as amended, as closed-end management investment companies.

Each Fund seeks to provide current income exempt from both regular federal and designated state income taxes by investing primarily in a diversified portfolio of municipal obligations issued by state and local government authorities within a single state.

The following is a summary of significant accounting policies followed by the Funds in the preparation of their financial statements in accordance with U.S. generally accepted accounting principles.

Securities Valuation

The prices of municipal bonds in each Fund's investment portfolio are provided by a pricing service approved by the Fund's Board of Directors/Trustees. When price quotes are not readily available (which is usually the case for municipal securities), the pricing service establishes fair market value based on yields or prices of municipal bonds of comparable quality, type of issue, coupon, maturity and rating, indications of value from securities dealers, evaluations of anticipated cash flows or collateral and general market conditions. If it is determined that market prices for a security are unavailable or inappropriate, the Board of Directors/Trustees of the Funds, or its designee, may establish a fair value for the security. Temporary investments in securities that have variable rate and demand features qualifying them as short-term securities are valued at amortized cost, which approximates market value.

Securities Transactions

Securities transactions are recorded on a trade date basis. Realized gains and losses from such transactions are determined on the specific identification method. Securities purchased or sold on a when-issued or delayed delivery basis may have extended settlement periods. The securities so purchased are subject to market fluctuation during this period. The Funds have instructed the custodian to segregate assets with a current value at least equal to the amount of the when-issued and delayed delivery purchase commitments. At June 30, 2004, New Jersey Investment Quality (NQJ), New Jersey Premium Income (NNJ), New Jersey Dividend Advantage (NXJ), New Jersey Dividend Advantage 2 (NUJ), Pennsylvania Investment Quality (NQP) and Pennsylvania Premium Income 2 (NPY) had outstanding when-issued and/or delayed delivery purchase commitments of \$1,855,059, \$293,769, \$1,935,797, \$1,311,996, \$2,546,043 and \$2,742,016, respectively. There were no such outstanding purchase commitments in Pennsylvania Dividend Advantage (NXM) or Pennsylvania Dividend Advantage 2 (NVY).

Investment Income

Interest income, which includes the amortization of premiums and accretion of discounts for financial reporting purposes, is recorded on an accrual basis.

Income Taxes

Each Fund is a separate taxpayer for federal income tax purposes. Each Fund intends to distribute all income and capital gains to shareholders and to otherwise comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies. Therefore, no federal income tax provision is required. Furthermore, each Fund intends to satisfy conditions which will enable interest from municipal securities, which is exempt from regular federal and applicable state taxes, to retain such tax-exempt status when distributed to shareholders of the Funds. All monthly tax-exempt income dividends paid during the fiscal year ended June 30, 2004, have been designated Exempt Interest Dividends. Net realized capital gains and ordinary income distributions made by the Funds are subject to federal taxation.

Dividends and Distributions to Common Shareholders

Dividends from tax-exempt net investment income are declared monthly. Net realized capital gains and/or market discount from investment transactions, if any, are distributed to shareholders not less frequently than annually. Furthermore, capital gains are distributed only to the extent they exceed available capital loss carryforwards.

Distributions to Common shareholders of tax-exempt net investment income, net realized capital gains and/or market discount, if any, are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles.

Preferred Shares

The Funds have issued and outstanding \$25,000 stated value Preferred shares. Each Fund's Preferred shares are issued in one or more Series. The dividend rate on each Series may change every seven days, as set pursuant to a dutch auction process by the auction agent, and is payable at or near the end of each rate period. The number of Preferred shares outstanding, by Series and in total, for each Fund is as follows:

Derivative Financial Instruments

The Funds may invest in certain derivative financial instruments including futures, forward, swap and option contracts, and other financial instruments with similar characteristics. Although the Funds are authorized to invest in such financial instruments, and may do so in the future, they did not make any such investments during the fiscal year ended June 30, 2004.

Custodian Fee Credit

Each Fund has an arrangement with the custodian bank whereby certain custodian fees and expenses are reduced by credits earned on each Fund's cash on deposit with the bank. Such deposit arrangements are an alternative to overnight investments.

Offering Costs

Nuveen Investments, LLC has agreed to pay all Common share offering costs (other than the sales load) that exceed \$.03 per Common share for New Jersey Dividend Advantage (NXJ), New Jersey Dividend Advantage 2 (NUJ), Pennsylvania Dividend Advantage (NXM) and Pennsylvania Dividend Advantage 2 (NVY). New Jersey Dividend Advantage's (NXJ), New Jersey Dividend Advantage 2's (NUJ), Pennsylvania Dividend Advantage's (NXM) and Pennsylvania Dividend Advantage 2's (NVY) total share of Common share offering costs (\$196,200, \$135,000, \$98,667 and \$111,450, respectively) were recorded as a reduction of the proceeds from the sale of Common shares.

Total costs incurred by New Jersey Dividend Advantage (NXJ), New Jersey Dividend Advantage 2 (NUJ), Pennsylvania Dividend Advantage (NXM) and Pennsylvania Dividend Advantage 2 (NVY) in connection with their offering of Preferred shares (\$599,210, \$482,074, \$338,767 and \$414,975, respectively) were recorded as a reduction to paid-in surplus.

Indemnifications

Under the Funds' organizational documents, its Officers and Directors/Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, in the normal course of business, the Funds enter into contracts that provide general indemnifications to other parties. The Funds' maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and

Edgar Filing: NUVEEN NEW JERSEY DIVIDEND ADVANTAGE MUNICIPAL FUND - Form N-CSR

decreases in net assets applicable to Common shares from operations during the reporting period. Actual results may differ from those estimates.

5. MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Under New Jersey Investment Quality's (NQJ), New Jersey Premium Income's (NNJ), Pennsylvania Investment Quality's (NQP) and Pennsylvania Premium Income 2's (NPY) investment management agreements with Nuveen Advisory Corp. (the "Adviser"), a wholly owned subsidiary of Nuveen Investments, Inc., each Fund pays an annual management fee, payable monthly, at the rates set forth below, which are based upon the average daily net assets (including net assets attributable to Preferred shares) of each Fund as follows:

AVERAGE DAILY NET ASSETS (INCLUDING NET ASSETS ATTRIBUTABLE TO PREFERRED SHARES)	MANAGEMENT FEE
For the first \$125 million	.6500%
For the next \$125 million	.6375
For the next \$250 million	.6250
For the next \$500 million	.6125
For the next \$1 billion	.6000
For the next \$3 billion	.5875
For net assets over \$5 billion	.5750

Under New Jersey Dividend Advantage's (NXJ), New Jersey Dividend Advantage 2's (NUJ), Pennsylvania Dividend Advantage's (NXM) and Pennsylvania Dividend Advantage 2's (NVY) investment management agreements with the Adviser, each Fund pays an annual management fee, payable monthly, at the rates set forth below, which are based upon the average daily net assets (including net assets attributable to Preferred shares) of each Fund as follows:

AVERAGE DAILY NET ASSETS (INCLUDING NET ASSETS ATTRIBUTABLE TO PREFERRED SHARES)	MANAGEMENT FEE
For the first \$125 million	.6500%
For the next \$125 million	.6375
For the next \$250 million	.6250
For the next \$500 million	.6125
For the next \$1 billion	.6000
For net assets over \$2 billion	.5750

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. The Funds pay no compensation directly to those of its Directors/Trustees who are affiliated with the Adviser or to their officers, all of whom receive remuneration for their services to the Funds from the Adviser, or its affiliates. The Board of Trustees has adopted a deferred compensation plan for independent Trustees that enables Trustees to elect to defer receipt of all or a portion of the annual compensation they are entitled to receive from certain Nuveen advised Funds.

Edgar Filing: NUVEEN NEW JERSEY DIVIDEND ADVANTAGE MUNICIPAL FUND - Form N-CSR

Under the plan, deferred amounts are treated as though equal dollar amounts had been invested in shares of select Nuveen advised Funds.

As approved by the Board of Directors/Trustees, a complex-wide fee schedule for all Funds managed by the Adviser and its affiliates went into effect on August 1, 2004. The implementation of this complex-wide fee schedule is expected to result in a marginal immediate decrease in the rates (approximately .004%) at which management fees are to be paid by the Funds. As assets in the Nuveen Fund complex grow, the management fee rates to be paid by the Funds will decrease further. Under no circumstances will the complex-wide fee schedule result in an increase in the rates at which management fees would be paid by the Funds if the complex-wide fee schedule were not implemented.

Reinvest Automatically
EASILY AND CONVENIENTLY

SIDEBAR TEXT: NUVEEN MAKES REINVESTING EASY. A PHONE CALL IS ALL IT TAKES TO SET UP YOUR REINVESTMENT ACCOUNT.

DIVIDEND REINVESTMENT PLAN

Your Nuveen Closed-End Exchange-Traded Fund allows you to conveniently reinvest dividends and/or capital gains distributions in additional fund shares.

By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow through the power of tax-free compounding. Just like dividends or distributions in cash, there may be times when income or capital gains taxes may be payable on dividends or distributions that are reinvested.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

EASY AND CONVENIENT

To make recordkeeping easy and convenient, each month you'll receive a statement showing your total dividends and distributions, the date of investment, the shares acquired and the price per share, and the total number of shares you own.

HOW SHARES ARE PURCHASED

The shares you acquire by reinvesting will either be purchased on the open market or newly issued by the Fund. If the shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at the then-current market price. If the shares are trading at less than net asset value, shares for your account will be purchased on the open market. Dividends and distributions received to purchase shares in the open market will normally be invested shortly after the dividend payment date. No interest will be paid on the dividends or distributions awaiting reinvestment. Because the market price may increase before purchases are completed, the average purchase price per share may exceed the market price at the time of valuation, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. A pro rata portion of any applicable brokerage commissions on open market purchases will be paid by Plan participants. These commissions usually will be lower than those charged on individual transactions.

FLEXIBLE

You may change your distribution option or withdraw from the Plan at any time, should your needs or situation change. Should you withdraw, you can receive a certificate for all whole shares credited to your reinvestment account and cash payment for fractional shares, or cash payment for all reinvestment account shares, less brokerage commissions and a \$2.50 service fee.

You can reinvest whether your shares are registered in your name, or in the name of a brokerage firm, bank, or other nominee. Ask your investment advisor if his or her firm will participate on your behalf. Participants whose shares are registered in the name of one firm may not be able to transfer the shares to another firm and continue to participate in the Plan.

The Fund reserves the right to amend or terminate the Plan at any time. Although the Fund reserves the right to amend the Plan to include a service charge payable by the participants, there is no direct service charge to participants in the Plan at this time.

PROXY VOTING POLICIES AND PROCEDURES

A description of the policies and procedures that the Funds use to determine how to vote proxies relating to portfolio securities is available (i) without charge, upon request, by calling Nuveen Investments at (800) 257-8787; and (ii) on the Commission's website at <http://www.sec.gov>.

GLOSSARY OF TERMS USED IN THIS REPORT

AVERAGE ANNUAL TOTAL RETURN: This is a commonly used method to express an investment's performance over a particular, usually multi-year time period. It expresses the return (including change in NAV and reinvested dividends) that would have been necessary on an annual basis to equal the investment's actual performance over the time period being considered.

AVERAGE EFFECTIVE MATURITY: The average of all the maturities of the bonds in a fund's portfolio, computed by weighting each maturity date (the date the security comes due) by the market value of the security. This figure does not account for the likelihood of prepayments or the exercise of call provisions.

LEVERAGE-ADJUSTED DURATION: Duration is a measure of a bond or bond fund's sensitivity to changes in interest rates. Generally, the longer a bond or fund's duration, the more the price of the bond or fund will change as interest rates change. Leverage-adjusted duration takes into account the leveraging process for a Fund and therefore is generally longer than the duration of the actual portfolio of individual bonds that make up the Fund.

MARKET YIELD (ALSO KNOWN AS DIVIDEND YIELD OR CURRENT YIELD): An investment's current annualized dividend divided by its current market price.

NET ASSET VALUE (NAV): A fund's NAV is calculated by subtracting the liabilities of the fund from its total assets and then dividing the remainder by the number of shares outstanding. Fund NAVs are calculated at the end of each business day.

TAXABLE-EQUIVALENT YIELD: The yield necessary from a fully taxable investment to equal, on an after-tax basis, the yield of a municipal bond investment.

ITEM 2. CODE OF ETHICS.

As of the end of the period covered by this report, the registrant has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The registrant has posted such code of ethics on its website at www.nuveen.com/etf.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The registrant's board of directors determined that the registrant had at least one "audit committee financial expert" (as defined in Item 3 of Form N-CSR) serving on its Audit Committee. The registrant's audit committee financial expert was William E. Bennett, who was "independent" for purposes of Item 3 of Form N-CSR.

Although Mr. Bennett served as the audit committee financial expert for the majority of the reporting period, he unexpectedly resigned from the Board effective April 30, 2004. Since that time, the Audit Committee determined that Jack B. Evans, the Chairman of the Audit Committee, qualifies as an audit committee financial expert and recommended to the full Board that he be designated as such. On July 26, 2004, the full Board voted to so designate Mr. Evans. Accordingly for this reporting period, the registrant did not have a designated "audit committee financial expert" from April 30, 2004 to the end of the reporting period on June 30, 2004.

Mr. Bennett was formerly Executive Vice President and Chief Credit Officer of First Chicago Corporation and its principal subsidiary, The First National Bank of Chicago. As part of his role as Chief Credit Officer, Mr. Bennett set policy as to accrual of assets/loans; designated performing/non-performing assets; set the level of reserves against the credit portfolio; and determined the carrying value of credit related assets and exposure. Among other things, Mr. Bennett was also responsible for the oversight of the internal analysis function including setting ground rules for the review and preparation of financial analysis and financial statements for use in making credit and risk decisions for clients. Mr. Bennett has significant experience reviewing, analyzing and evaluating financial statements of domestic and international companies in a variety of industries with complex accounting issues.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Nuveen New Jersey Dividend Advantage Municipal Fund

The following tables show the amount of fees that Ernst & Young LLP, the Fund's auditor, billed to the Fund during the Fund's last two full fiscal years. For engagements with Ernst & Young LLP entered into on or after May 6, 2003, the

Audit Committee approved in advance all audit services and non-audit services that Ernst & Young LLP provided to the Fund, except for those non-audit services that were subject to the pre-approval exception under Rule 2-01 of Regulation S-X (the "pre-approval exception"). The pre-approval exception for services provided directly to the Fund waives the pre-approval requirement for services other than audit, review or attest services if: (A) the aggregate amount of all such services provided constitutes no more than 5% of the total amount of revenues paid by the Fund during the fiscal year in which the services are provided; (B) the Fund did not recognize the services as non-audit services at the time of the engagement; and (C) the services are promptly brought to the Audit Committee's attention, and the Committee (or its delegate) approves the services before the audit is completed.

The Audit Committee has delegated certain pre-approval responsibilities to its Chairman (or, in his absence, any other member of the Audit Committee).

SERVICES THAT THE FUND'S AUDITOR BILLED TO THE FUND

FISCAL YEAR ENDED	AUDIT FEES BILLED TO FUND	AUDIT-RELATED FEES BILLED TO FUND	TOTAL BILLED TO FUND
June 30, 2004	\$ 8,677	\$ 0	
Percentage approved pursuant to pre-approval exception	N/A	0%	
June 30, 2003	\$ 7,784	\$ 0	
Percentage approved pursuant to pre-approval exception	N/A	0%	

The above "Tax Fees" were billed for professional services for tax advice, tax compliance and tax planning.

SERVICES THAT THE FUND'S AUDITOR BILLED TO THE ADVISER AND AFFILIATED FUND SERVICE PROVIDERS

The following tables show the amount of fees billed by Ernst & Young LLP to Nuveen Advisory Corp. ("NAC" or the "Adviser"), and any entity controlling, controlled by or under common control with NAC ("Control Affiliate") that provides ongoing services to the Fund ("Affiliated Fund Service Provider"), for engagements directly related to the Fund's operations and financial reporting, during the Fund's last two full fiscal years.

The table also shows the percentage of fees subject to the pre-approval exception. The pre-approval exception for services provided to the Adviser and any Affiliated Fund Service Provider (other than audit, review or attest services) waives the pre-approval requirement if: (A) the aggregate amount of all such services provided constitutes no more than 5% of the total amount of revenues paid to Ernst & Young LLP by the Fund, the Adviser and Affiliated Fund Service Providers during the fiscal year in which the services are provided that would have to be pre-approved by the Audit Committee; (B) the Fund did not recognize the services as non-audit services at the time of the engagement; and

(C) the services are promptly brought to the Audit Committee's attention, and the Committee (or its delegate) approves the services before the Fund's audit is completed.

FISCAL YEAR ENDED	AUDIT-RELATED FEES BILLED TO ADVISER AND AFFILIATED FUND SERVICE PROVIDERS	TAX FEES BILLED ADVISED AND AFFILIATED FUND SERVICE PROVIDERS
June 30, 2004	\$ 0	\$ 0
Percentage approved pursuant to pre-approval exception	0%	0%
June 30, 2003	\$ 0	\$ 0

NON-AUDIT SERVICES

The following table shows the amount of fees that Ernst & Young LLP billed during the Fund's last two full fiscal years for non-audit services. For engagements entered into on or after May 6, 2003, the Audit Committee is required to pre-approve non-audit services that Ernst & Young LLP provides to the Adviser and any Affiliated Fund Service Provider, if the engagement related directly to the Fund's operations and financial reporting (except for those subject to the de minimis exception described above). The Audit Committee requested and received information from Ernst & Young LLP about any non-audit services that Ernst & Young LLP rendered during the Fund's last fiscal year to the Adviser and any Affiliated Fund Service Provider. The Committee considered this information in evaluating Ernst & Young LLP independence.

FISCAL YEAR ENDED	TOTAL NON-AUDIT FEES BILLED TO ADVISER AND AFFILIATED FUND SERVICE PROVIDERS (ENGAGEMENTS RELATED DIRECTLY TO THE OPERATIONS AND FINANCIAL REPORTING OF THE FUND)	TOTAL NON-AUDIT FEES BILLED TO FUND
June 30, 2004	\$ 0	\$ 3,712
June 30, 2003	\$ 0	\$ 2,655

Audit Committee Pre-Approval Policies and Procedures. Generally, the audit committee must approve (i) all non-audit services to be performed for the Fund by the Fund's independent accountants and (ii) all audit and non-audit services to be performed by the Fund's independent accountants for the Affiliated Fund

Service Providers with respect to operations and financial reporting of the Fund. Regarding tax and research projects conducted by the independent accountants for the Fund and Affiliated Fund Service Providers (with respect to operations and financial reports of the Fund) such engagements will be (i) pre-approved by the audit committee if they are expected to be for amounts greater than \$10,000; (ii) reported to the audit committee chairman for his verbal approval prior to engagement if they are expected to be for amounts under \$10,000 but greater than \$5,000; and (iii) reported to the audit committee at the next audit committee meeting if they are expected to be for an amount under \$5,000.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

Not applicable at this time.

ITEM 6. SCHEDULE OF INVESTMENTS.

Not applicable at this time.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

In the rare event that a municipal issuer held by the Fund were to issue a proxy or that the Fund were to receive a proxy issued by a cash management security, the Adviser would either engage an independent third party to determine how the proxy should be voted or vote the proxy with the consent, or based on the instructions, of the Fund's Board of Directors or Trustees or its representative. In the case of a conflict of interest, the proxy would be submitted to the applicable Fund's Board to determine how the proxy should be voted. A member of the Adviser's legal department would oversee the administration of the voting, and ensure that records were maintained in accordance with Rule 204-2(c)(2) under the Investment Advisers Act of 1940 (17 CFR 275.204-2(c)(2)), reports were filed with the SEC on Form N-PX, and the results were provided to the Board of Directors or Trustees and made available to shareholders as required by applicable rules.

ITEM 8. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

Not applicable to this registrant.

ITEM 9. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

In the event of a vacancy on the Board, the nominating and governance committee receives suggestions from various sources, including shareholders, as to suitable candidates. Suggestions should be sent in writing to Lorna Ferguson, Vice President for Board Relations, Nuveen Investments, 333 West Wacker Drive, Chicago, IL 60606. The nominating and governance committee sets appropriate standards and requirements for nominations for new directors and reserves the right to interview all candidates and to make the final selection of any new directors.

ITEM 10. CONTROLS AND PROCEDURES.

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of this report that includes the disclosure required by this paragraph, based on their evaluation of the controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR

270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (17 CFR 240.13a-15(b) or 240.15d-15(b)).

- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d)) that occurred during the registrant's last fiscal half-year (the registrant's second fiscal half-year in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 11. EXHIBITS.

File the exhibits listed below as part of this Form. Letter or number the exhibits in the sequence indicated.

(a)(1) Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 2, to the extent that the registrant intends to satisfy the Item 2 requirements through filing of an exhibit: Not applicable because posted on registrant's website at www.nuveen.com/etf.

(a)(2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the 1940 Act (17 CFR 270.30a-2(a)) in the exact form set forth below: Ex-99.CERT Attached hereto.

(a)(3) Any written solicitation to purchase securities under Rule 23c-1 under the 1940 Act (17 CFR 270.23c-1) sent or given during the period covered by the report by or on behalf of the registrant to 10 or more persons. Not applicable at this time.

(b) If the report is filed under Section 13(a) or 15(d) of the Exchange Act, provide the certifications required by Rule 30a-2(b) under the 1940 Act (17 CFR 270.30a-2(b)); Rule 13a-14(b) or Rule 15d-14(b) under the Exchange Act (17 CFR 240.13a-14(b) or 240.15d-14(b)), and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350) as an exhibit. A certification furnished pursuant to this paragraph will not be deemed "filed" for purposes of Section 18 of the Exchange Act (15 U.S.C. 78r), or otherwise subject to the liability of that section. Such certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference. Ex-99.906 CERT attached hereto.
