### A Letter to Shareholders

#### **Dear Shareholder**

The present time may well be remembered as one of the most tumultuous periods in financial market history. Over the past year, the bursting of the

housing bubble and the resultant credit crisis swelled into an all-out global financial market meltdown that featured the collapse of storied financial

firms, volatile swings in the world s financial markets and monumental government responses, including the nearly \$800 billion economic stimulus

plan signed into law just after period end.

The US economy appeared relatively resilient through the first few months of 2008, when rising food and energy prices fueled inflation fears. Mid-

summer ushered in dramatic changes inflationary pressure subsided amid a plunge in commodity prices, while economic pressures intensified in

the midst of a rapid deterioration in consumer spending, employment and other key indicators. By year s end, the National Bureau of Economic

Research affirmed that the United States was in a recession, which officially began in December 2007. The Federal Reserve Board (the Fed ), after

slashing interest rates aggressively early in the period, resumed that rate-cutting campaign in the fall, with the final reduction in December 2008 bring-

ing the target federal funds rate to a record low range of between zero and 0.25%. Importantly, the central bank pledged that future policy moves to

revive the global economy and financial markets would comprise primarily nontraditional and quantitative easing measures, such as capital injections,

lending programs and government guarantees.

Against this backdrop, US equity markets experienced intense volatility, with the sentiment turning decisively negative toward period end. Declines were

significant and broad-based, with little divergence among large- and small-cap stocks. Non-US stocks posted stronger results early on, but quickly lost

ground as the credit crisis revealed itself to be global in scope and as the worldwide economic slowdown gathered pace. Overall, aggressive monetary

and fiscal policy, combined with the defensiveness of the US, helped domestic equities notch better performance than their non-US counterparts.

In fixed income markets, risk aversion remained the popular theme, leading the Treasury sector to top all other asset classes. The high yield market

was particularly hard hit in this environment, as economic turmoil, combined with frozen credit markets and substantial technical pressures, took a

heavy toll. Meanwhile, the municipal bond market was challenged by a dearth of market participants, lack of liquidity, difficult funding environment and

backlog of new-issue supply, which sent prices lower and yields well above Treasuries. By period end, however, some positive momentum had returned

to the municipal space.

In all, an investor flight to safety prevailed, as evidenced in the six- and 12-month returns of the major benchmark indexes:

Total Returns as of January 31, 2009	6-month	12-month
US equities (S&P 500 Index)	(33.95)%	(38.63)%
Small cap US equities (Russell 2000 Index)	(37.38)	(36.84)
International equities (MSCI Europe, Australasia, Far East Index)	(40.75)	(43.74)
US Treasury securities (Merrill Lynch 10-Year US Treasury Index)	11.96	10.64
Taxable fixed income (Barclays Capital US Aggregate Bond Index*)	3.23	2.59

Tax-exempt fixed income (Barclays Capital Municipal Bond Index\*)

O.70

(0.16)

High yield bonds (Barclays Capital US Corporate High Yield 2% Issuer Capped Index\*)

### Fund Summary as of January 31, 2009 BlackRock Muni New York Intermediate Duration Fund, Inc.

#### **Investment Objective**

BlackRock Muni New York Intermediate Duration Fund, Inc. (MNE) (the Funds) eks to provide shareholders with high current income eral income taxes and New York State and New York City personal income taxes by investing primarily in a portfolio of municipal obligations on which, in the opinion of bond counsel to the issuer, is exempt from federal income taxes and New York State and New York City personal

#### Performance

For the six months ended January 31, 2009, the Fund returned (13.41)% based on market price and (6.67)% based on net asset value (NA the same period, the closed-end Lipper Intermediate Municipal Debt Funds category posted an average return of (6.71)% on a market price (4.53)% on a NAV basis. All returns reflect reinvestment of dividends. The Fund is discount to NAV, which widened during the period, account ference between performance based on price and performance based on NAV. Fund performance was positively influenced by its average or rate. Negative impacts on performance came from overweights in corporate credits, housing bonds and healthcare bonds, and from an under tax-backed bonds. The Fund is overweight in bonds with maturities greater than 15 years detracted overall, but benefited performance toward the period. Fortunately, management avoided selling these holdings when values were distressed, which would have locked in their underpet

4 SEMI-ANNUAL REPORT

JANUARY 31, 2009

### Fund Summary as of January 31, 2009 BlackRock MuniYield Arizona Fund, Inc.

#### **Investment Objective**

BlackRock MuniYield Arizona Fund, Inc. (MZA) (the Funds eks to provide shareholders with as high a level of current income exempt for Arizona income taxes as is consistent with its investment policies and prudent investment management by investing primarily in a portfolio of investment grade municipal obligations, the interest on which, in the opinion of bond counsel to the issuers, is exempt from federal and Arizona income taxes as is consistent with its investment policies and prudent investment management by investing primarily in a portfolio of investment grade municipal obligations, the interest on which, in the opinion of bond counsel to the issuers, is exempt from federal and Arizona income taxes as is consistent with its investment policies and prudent investment management by investing primarily in a portfolio of investment grade municipal obligations, the interest on which, in the opinion of bond counsel to the issuers, is exempt from federal and Arizona investment grade municipal obligations.

#### **Performance**

For the six months ended January 31, 2009, the Fund returned (25.75)% based on market price and (9.52)% based on NAV. For the same policies of closed-end Lipper Other States Municipal Debt Funds category posted an average return of (7.88)% on a market price basis and (5.61)% on basis. All returns reflect reinvestment of dividends. The Fund moved from a premium to NAV to a discount by period-end, which accounts for ence between performance based on price and performance based on NAV. The Fund benefited from its above-average yield, but performance by above-average exposure to the longer end of the yield curve, where yields rose. The Fund is above-average exposure to lower-and other spread sectors, such as housing bonds, also hurt performance. The spread between high-grade and lower-rated credits generally credit markets adjusted to higher perceived risks and an overall weaker economy. Fund management worked to upgrade credit quality when during this very volatile and illiquid performance period.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other. These views are not intended to be a forecast of future events and are no guarantee of future results.

**JANUARY 31, 2009** 

# The Benefits and Risks of Leveraging

The Funds may utilize leverage to seek to enhance the yield and NAV of its Common Shares. However, these objectives cannot be achieved in all interest rate environments.

To leverage, certain Funds issue Preferred Shares, which pay dividends at prevailing short-term interest rates, and invest the proceeds in long-term municipal bonds. In general, the concept of leveraging is based on the premise that the cost of assets to be obtained from leverage will be based on short-term interest rates, which normally will be lower than the income earned by each Fund on its longer-term portfolio investments. To the extent that the total assets of the Fund (including the assets obtained from leverage) are invested in higher-yielding portfolio investments, the Fund s Common Shareholders will benefit from the incremental yield.

To illustrate these concepts, assume a Fund s Common Shares capitalization is \$100 million and it issues Preferred Shares for an additional \$50 million, creating a total value of \$150 million available for investment in long-term municipal bonds. If prevailing short-term interest rates are 3% and long-term interest rates are 6%, the yield curve has a strongly positive slope. In this case, the Fund pays dividends on the \$50 million of Preferred Shares based on the lower short-term interest rates. At the same time, the Fund s total portfolio of \$150 million earns the income based on long-term interest rates. In this case, the dividends paid to Preferred Shareholders are significantly lower than the income earned on the Fund s long-term investments, and therefore the Common Shareholders are the beneficiaries of the incremental yield.

Conversely, if prevailing short-term interest rates rise above long-term interest rates of 6%, the yield curve has a negative slope. In this case, the Fund pays dividends on the higher short-term interest rates whereas the Fund s total portfolio earns income based on lower long-term interest rates. If short-term interest rates rise, narrowing the differential between short-term and long-term interest rates, the incremental yield pickup on the Common Shares will be reduced or eliminated completely.

Furthermore, the value of the Fund s portfolio investments generally varies inversely with the direction of long-term interest rates, although other factors can influence the value of portfolio investments. In contrast, the redemption value of the Fund s Preferred Shares does not fluctuate in relation to interest rates. As a result, changes in interest rates can influence the Fund s NAV positively or negatively in addition to the impact on Fund performance from leverage from Preferred Shares discussed above. Certain Funds may also, from time to time, leverage its assets through the use of tender option bond ( TOB ) programs, as described in Note 1 of the Notes to Financial Statements. TOB investments generally will provide the Funds with economic benefits in periods of declining short-term

interest rates, but expose the Funds to risks during periods of rising short-term interest rates similar to those associated with Preferred Shares issued by the Funds, as described above. Additionally, fluctuations in the market value of municipal bonds deposited into the TOB trust may adversely affect the Funds NAV per share.

The use of leverage may enhance opportunities for increased returns to the Funds and Common Shareholders, but as described above, it also creates risks as short- or long-term interest rates fluctuate. Leverage also will generally cause greater changes in a Funds NAV, market price and dividend rate than a comparable portfolio without leverage. If the income derived from securities purchased with assets received from leverage exceeds the cost of leverage, the Funds net income will be greater than if leverage had not been used. Conversely, if the income from the securities purchased is not sufficient to cover the cost of leverage, the Funds net income will be less than if leverage had not been used, and therefore the amount available for distribution to shareholders will be reduced. The Funds may be required to sell portfolio securities at inopportune times or below fair market values in order to comply with regulatory requirements applicable to the use of leverage or as required by the terms of leverage instruments, which may cause the Fund to incur losses. The use of leverage may limit the Funds ability to invest in certain types of securities or use certain types of hedging strategies, such as in the case of certain restrictions imposed by ratings agencies that rate preferred shares issued by a Fund. The Funds will incur expenses in connection with the use of leverage, all of which are borne by the holders of the Common Shares and may reduce returns on the Common Shares.

Under the Investment Company Act of 1940, the Funds are permitted to issue Preferred Shares in an amount of up to 50% of its total managed

assets at the time of issuance. Under normal circumstances, each Fund anticipates that the total economic leverage from Preferred Shares and TOBs will not exceed 50% of its total managed assets at the time such leverage is incurred. As of January 31, 2009, the following Funds had economic leverage from Preferred Shares and TOBs as a percentage of their total managed assets as follows:

	Leverage
BlackRock Muni New York Intermediate Duration Fund, Inc	38%
BlackRock MuniYield Arizona Fund, Inc	44%
BlackRock MuniYield California Fund, Inc	41%
BlackRock MuniYield Investment Fund	40%
BlackRock MuniYield New Jersey Fund, Inc	37%

12 SEMI-ANNUAL REPORT JANUARY 31, 2009

# Schedule of Investments (concluded) BlackRock Muni New York Intermediate Duration Fund, Inc. (MNE)

Effective August 1, 2008, the Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical

securities

Valuation

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Fund's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Fund s policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements. The following table summarizes the inputs used as of January 31, 2009 in determining the fair valuation of the Fund s investments:

Inputs	Securities
	Assets
Level 1	\$ 6,136,489
Level 2	75,413,857
Level 3	
Total	\$ 81,550,346

period, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Investments in companies considered to be an affiliate of the Fund during the

83,555

	Net			
Affiliate	Activity	Income		
CMA Arizona Municipal Money Fund	3,912,775	\$15,840		

Effective August 1, 2008, the Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Fund's own assumption used in determining the fair value of investments). The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Fund's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements. The following table summarizes the inputs used as of January 31, 2009 in determining the fair valuation of the Fund's investments:

Valuation	Investments in
Inputs	Securities
	Assets
Level 1	\$ 7,086,121
Level 2	83,555,698
Level 3	
Total	\$ 90,641,819

,		
(a) Assured Guaranty Insured.		
(b) MBIA Insured.		

(c)	Represents a zero-coupon bond. Rate shown reflects the effective yield as of
	report date.
(d)	FSA Insured.
(e)	FGIC Insured.
(f)	AMBAC Insured.
(g)	Security is collateralized by Municipal or U.S. Treasury Obligations.
(h)	FHLMC Collateralized.
(i)	FNMA Collateralized.
(j)	GNMA Collateralized.
(k)	Securities represent bonds transferred to a tender option bond trust in
	exchange for which the Fund acquired residual interest certificates. These
	securities serve as collateral in a financing transaction. See Note 1 of the
	Notes to Financial Statements for details of municipal bonds transferred to
	tender option bond trusts.
(I)	Security may have a maturity of more than one year at time of issuance but has
	variable rate and demand features that qualify it as a short-term security. Rate
	shown is as of report date. This rate changes periodically based upon prevailing
	market rates.

(m) Represents the current yield as of report date.

See Notes to Financial Statements.

SEMI-ANNUAL REPORT JANUARY 31, 2009 19

# Schedule of Investments (concluded) BlackRock MuniYield California Fund, Inc. (MYC)

(n) Investments in companies considered to be an affiliate of the Fund during the period, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Affiliate	Activity	Income
CMA California Municipal Money Fund	1,088,879	\$85,214

Net

(o) When issued security.

Effective August 1, 2008, the Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest

rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Fund's own assumption used in determining the fair value of investments). The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Fund's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements. The following table summarizes the inputs used as of January 31, 2009 in determining the fair valuation of the Fund's investments:

Valuation	Investments in
Inputs	Securities
	Assets
Level 1	\$ 15,502,136
Level 2	445,121,406
Level 3	
Total	\$ 460,623,542

See Notes to Financial Statements.

24 SEMI-ANNUAL REPORT JANUARY 31, 2009

### Schedule of Investments (concluded) BlackRock MuniYield Investment Fund (MYF)

- (I) CIFG Insured.
- (m) Security is collateralized by Municipal or U.S. Treasury Obligations.
- (n) Commonwealth Guaranteed.
- (o) Securities represent bonds transferred to a tender option bond trust in exchange for which the Fund acquired residual interest certificates. These securities serve as collateral in a financing transaction. See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.
- (p) Investments in companies considered to be an affiliate of the Fund for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Affiliate	Activity	Income
CMA Florida Municipal Money Fund	5,830,491	\$30,250

Net

- (q) Represents the current yield as of report date.
- (r) Security may have a maturity of more than one year at time of issuance but has variable rate and demand features that qualify it as a short-term security. Rate shown is as of report date. This rate changes periodically based upon prevailing market rates.
- (s) When issued.

Effective August 1, 2008, the Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than

quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Fund's own assumption used in determining the fair value of investments). The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Fund's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements. The following table summarizes the inputs used as of January 31, 2009 in determining the fair valuation of the Fund's investments:

Valuation	Investments in
Inputs	Securities
	Assets
Level 1	\$ 13,315,907
Level 2	\$ 262,171,929
Level 3	
Total	\$ 275,487,836

See Notes to Financial Statements.

* The cost and unrealized	appreciation (depreciation) of investments as of		
	January 31, 2009, as computed for federal income tax	x purposes, were as follows:	
	Aggregate cost		\$307,536,449
	Gross unrealized appreciation		\$ 10,337,029
	Gross unrealized depreciation		(26,316,963)
	Net unrealized depreciation		\$ (15,979,934)
(a)	U.S. government securities, held in escrow, are used	to pay interest on this	
	security, as well as to retire the bond in full at the date	e indicated, typically at a	
	premium to par.		
(b)	Radian Insured.		
(c)	MBIA Insured.		

FSA Insured. (d) AMBAC Insured. (e) Assured Guaranty Insured. (f) FGIC Insured. (g) (h) Represents a zero coupon bond. Rate shown reflects the effective yield as of report date. (i) Represents a step-up bond that pays an initial coupon rate for the first period and then a higher coupon rate for the following periods. Rate shown reflects the effective yield as of report date. Securities represent bonds transferred to a tender option bond trust in (j) exchange for which the Fund acquired residual interest certificates. These securities serve as collateral in a financing transaction. See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.

See Notes to Financial Statements.

28 SEMI-ANNUAL REPORT JANUARY 31, 2009

## Schedule of Investments (concluded) BlackRock MuniYield New Jersey Fund, Inc. (MYJ)

(k) Represents the current yield as of report date.

(I) Investments in companies considered to be an affiliate of the Fund, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

	Net	
Affiliate	Activity	Income
CMA New Jersey Municipal Money Fund	1,541,446	\$42,893

- (m) Non-income producing security.
- (n) Issuer filed for bankruptcy and/or is in default of interest payments.

Effective August 1, 2008, the Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the

circumstance, to the extent observable inputs are not available (including the Fund s own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Fund s policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of January 31, 2009 in determining the fair valuation of the Fund s investments:

Valuation	Investments in
Inputs	Securities
	Assets
Level 1	\$ 5,980,217
Level 2	293,221,298
Level 3	
Total	\$ 299,201,515

See Notes to Financial Statements.

42 SEMI-ANNUAL REPORT JANUARY 31, 2009

### Notes to Financial Statements (Unaudited)

#### 1. Organization and Significant Accounting Policies:

BlackRock Muni New York Intermediate Duration Fund, Inc. ( Muni New York ), BlackRock MuniYield Arizona Fund, Inc. ( MuniYield Arizona ), BlackRock MuniYield California Fund, Inc. ( MuniYield California ), BlackRock MuniYield Investment Fund (formerly BlackRock MuniYield Florida Fund) ( MuniYield Investment ) and BlackRock MuniYield New Jersey Fund, Inc. ( MuniYield New Jersey ) (the Funds or individually as the Fund ), are registered under the Investment Company Act of 1940, as amended (the 1940 Act ), as non-diversified, closed-end management investment companies. BlackRock Muni New York Intermediate Duration Fund, Inc., BlackRock MuniYield Arizona Fund, Inc., BlackRock MuniYield California Fund, Inc. and BlackRock MuniYield New Jersey Fund, Inc. are organized as Maryland corporations. BlackRock MuniYield Investment Fund is organized as a Massachusetts business trust. The Funds financial statements are prepared in conformity with accounting principles generally accepted in the United States of America, which may require the use of management accruals and estimates. Actual results may differ from these estimates. The Funds determine, and make available for publication, the net asset values of their Common Shares on a daily basis.

The following is a summary of significant accounting policies followed by the Funds:

Valuation of Investments: Municipal investments (including commitments to purchase such investments on a when-issued basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Fund s Board of Directors/Trustees (the Board). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from bond dealers, pricing matrixes, market transactions in comparable investments and information with respect to various relationships between investments. Short-term securities with maturities less than 60 days are valued at amortized cost, which approximates fair

value. Investments in open-end investment companies are valued at net asset value each business day.

In the event that application of these methods of valuation results in a price for an investment which is deemed not to be representative of the market value of such investment, the investment will be valued by a method approved by each Fund s Board as reflecting fair value (Fair Value Assets). When determining the price for Fair Value Assets, the investment advisor and/or sub-advisor seeks to determine the price that each Fund might reasonably expect to receive from the current sale of that asset in an arm s length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant. The pricing of all Fair Value Assets is subsequently reported to the Board or a committee thereof.

#### Forward Commitments and When-issued Delayed Delivery Securities:

The Funds may purchase securities on a when-issued basis and may purchase or sell securities on a forward commitment basis. Settlement of such transactions normally occurs within a month or more after the purchase or sale commitment is made. The Funds may purchase securities under such conditions only with the intention of actually acquiring them, but may enter into a separate agreement to sell the securities before the settlement date. Since the value of securities purchased may fluctuate prior to settlement, the Funds may be required to pay more at settlement than the security is worth. In addition, the purchaser is not entitled to any of the interest earned prior to settlement. When purchasing a security on a delayed-delivery basis, the Funds assume the rights and risks of ownership of the security, including the risk of price and yield fluctuations.

#### Municipal Bonds Transferred to Tender Option Bond Trusts: The Funds

leverage their assets through the use of tender option bond trusts ( TOBs ). A TOB is established by a third party sponsor forming a special purpose entity, into which one or more funds, or an agent on behalf of the Funds, transfers municipal bonds. Other funds managed by the investment advisor may also contribute municipal bonds to a TOB into which the Trust has contributed bonds. A TOB typically issues two classes of beneficial interests: short-term floating rate certificates, which are sold to third party investors, and residual certificates ( TOB Residuals ), which are generally issued to the participating Funds that made the transfer. The TOB Residuals held by the Funds include the right of the Funds (1) to cause the holders of a proportional share of the floating rate certificates to tender their certificates at par, and (2) to transfer, within seven days, a corresponding share of the municipal bonds from the TOB to the Funds. The TOB may also be terminated without the consent of the Funds upon the occurrence of certain events as defined in the TOB agreements. Such termination events may include the bankruptcy or default of the municipal bonds, a substantial down grade in credit quality of the municipal bonds, the inability of the TOB to obtain quarterly or annual renewal of the liquidity support agreement,

a substantial decline in market value of the municipal bonds or the inability to remarket the short-term floating rate certificates to third party investors.

The cash received by the TOB from the sale of the short-term floating rate certificates, less transaction expenses, is paid to the Fund, which typically invests the cash in additional municipal bonds. The Funds transfer of the municipal bonds to a TOB is accounted for as a secured borrowing, therefore the municipal bonds deposited into a TOB are presented in the Fund s Schedule of Investments and the proceeds from the issuance of the short-term floating rate certificates are shown on the Statements of Assets and Liabilities as trust certificates.

SEMI-ANNUAL REPORT JANUARY 31, 2009 43

## Notes to Financial Statements (continued)

Interest income from the underlying security is recorded by the Funds on an accrual basis. Interest expense incurred on the secured borrowing and other expenses related to remarketing, administration and trustee services to a TOB are reported as expenses of the Funds. The floating rate certificates have interest rates that generally reset weekly and their holders have the option to tender certificates to the TOB for redemption at par at each reset date. At January 31, 2009, the aggregate value of the underlying municipal securities transferred to TOBs, the related liability for trust certificates and the range of interest rates on the liability for trust certificates were as follows:

			Municipal
	Liability for	Range of	Securities
	Trust	Interest	Transferred
	Certificates	Rates	to TOBs
Muni New York	\$ 1,379,101	2.275%	\$ 1,888,836
		1.852%	
MuniYield California	\$63,090,662	2.945%	\$114,391,743
		0.540%	
MuniYield Investment	\$18,260,287	3.174%	\$ 35,884,710
		2.412%	
MuniYield New Jersey	\$ 7,645,000	3.351%	\$ 13,058,636

Financial transactions executed through TOBs generally will underperform the market for fixed rate municipal bonds when interest rates rise, but tend to outperform the market for fixed rate bonds when interest rates decline or remain relatively stable. Should short-term interest rates rise, the Trusts investment in TOBs may adversely affect the Funds investment income and distributions to shareholders. Also, fluctuations in the market value of municipal bonds deposited into the TOB may adversely affect the Funds net asset value per share.

Underlying

**Zero-Coupon Bonds:** The Funds may invest in zero-coupon bonds, which are normally issued at a significant discount from face value and do not provide for periodic interest payments. Zero-coupon bonds may experience greater volatility in market value than similar maturity debt obligations which provide for regular interest payments.

Investment Transactions and Investment Income: Investment transactions are recorded on the dates the transactions are entered into (the trade dates). Realized gains and losses on security transactions are determined on the identified cost basis. Dividend income is recorded on the ex-dividend dates. Interest income is recognized on the accrual method. Each Fund amortizes all premiums and discounts on debt securities.

**Dividends and Distributions:** Dividends from net investment income are declared and paid monthly. Distributions of capital gains are recorded on the ex-dividend dates. Dividends and distributions to holders of Preferred Shares are accrued and determined as described in Note 5.

**Income Taxes:** It is each Fund s policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Therefore, no federal income tax provision is required.

Each Fund files US federal and various state and local tax returns. No income tax returns are currently under examination. The statute of limitations on the Funds US federal tax returns remains open for the four years ended December 31, 2008. The statutes of limitations on the Funds state and local tax returns may remain open for an additional year depending upon the jurisdiction.

Recent Accounting Pronouncements: In March 2008, Statement of Financial Accounting Standards No. 161, Disclosures about Derivative Instruments and Hedging Activities an amendment of FASB Statement No. 133 (FAS 161), was issued. FAS 161 is intended to improve financial reporting for derivative instruments by requiring enhanced disclosure that enables investors to understand how and why an entity uses derivatives, how derivatives are accounted for, and how derivative instruments affect an entity is results of operations and financial position. FAS 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The impact on the Funds financial statement disclosures, if any, is currently being assessed.

**Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan:** Under the deferred compensation plan approved by each of the Funds Board, non-interested Directors/Trustees (Independent Trustees) defer a portion of their annual complex-

wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other certain BlackRock Closed-End Funds selected by the Independent Trustees. This has approximately the same economic effect for the Independent Trustees as if the Independent Trustees had invested the deferred amounts directly in other certain BlackRock Closed-End Funds.

The deferred compensation plan is not funded and obligations there-under represent general unsecured claims against the general assets of each Fund. Each Fund may, however, elect to invest in common shares of other certain BlackRock Closed-End Funds selected by the Independent Trustees in order to match its deferred compensation obligations. Investments to cover each Fund s deferred compensation liability are included in other assets on the Statements of Assets and Liabilities. Dividends and distributions from the BlackRock Closed-End Fund investments under the plan are included in income affiliated on the Statements of Operations.

**Other:** Expenses directly related to each Fund are charged to that Fund. Other operating expenses shared by several funds are pro-rated among those funds on the basis of relative net assets or other appropriate methods.

44 SEMI-ANNUAL REPORT JANUARY 31, 2009

## Notes to Financial Statements (continued)

# 2. Investment Advisory Agreement and Other Transactions with Affiliates:

Each Fund entered into an Investment Advisory Agreement with BlackRock Advisors, LLC (the Advisor), an indirect, wholly owned subsidiary of BlackRock, Inc., to provide investment advisory and administration services. As of January 31, 2009, The PNC Financial Services Group, Inc. (PNC) and Bank of America Corporation (BAC) are the largest stockholders of BlackRock, Inc. (BlackRock). BAC became a stockholder of BlackRock following its acquisition of Merrill Lynch & Co., Inc. (Merrill Lynch) on January 1, 2009. Prior to that date, both PNC and Merrill Lynch were considered affiliates of the Funds under the 1940 Act. Subsequent to the acquisition, PNC remains an affiliate, but due to the restructuring of Merrill Lynch is ownership interest of BlackRock, BAC is not deemed to be an affiliate under the 1940 Act.

The Advisor is responsible for the management of each Fund s portfolio and provides the necessary personnel, facilities, equipment and certain other services necessary to the operations of each Fund. For such services, Muni New York pays the Advisor a monthly fee at an annual rate of 0.55%, and MuniYield Arizona, MuniYield California, MuniYield

Investment and MuniYield New Jersey pay 0.50% of each Fund s average daily net assets. Average daily net assets is the average daily value of each Fund s total assets minus the sum of its accrued liabilities.

The Advisor has contractually agreed to waive a portion of its fee during the first seven years of Muni New York s operations ending July 2010, as follows:

Fee Waiver
(As a Percentage
of Average Daily
Net Assets)

 Years 1 through 5
 0.15%

 Year 6
 0.10%

 Year 7
 0.05%

 Year 8 and thereafter
 0.00%

The Advisor has not agreed to waive any portion of its fee beyond July 31, 2010.

Such waivers are included in fees waived by advisor on the Statements of Operations:

Fees Waived by Advisor \$41,862

**Amount** 

Muni New York

The Advisor has agreed to waive its advisory fees by the amount of investment advisory fees each Fund pays to the Advisor indirectly through its investment in affiliated money market funds for a portion of the period. This amount is shown on the Statements of Operations as fees waived by advisor. For the six months ended January 31, 2009, the amounts were as follows:

, and a second s	Amount
Muni New York	\$ 8,625
MuniYield Arizona	\$ 9,534
MuniYield California \$	27,397
MuniYield Investment \$	15,446
MuniYield New Jersey \$	13,463

The Advisor has entered into separate sub-advisory agreements with BlackRock Investment Management, LLC (BIM), an affiliate of the Advisor, with respect to each Fund, under which the Advisor pays BIM for services it provides, a monthly fee that is a percentage of the investment advisory fee paid the Funds to the Advisor.

For the six months ended January 31, 2009, the Funds reimbursed the

Advisor for certain accounting services in the following amounts, which are included in accounting services in the Statements of Operations:

	Amount
Muni New York	\$ 739
MuniYield Arizona	\$ 859
MuniYield California	\$3,981
MuniYield Investment	\$2,395
MuniYield New Jersey	\$3,179

Pursuant to the terms of the custody agreement, custodian fees may be reduced by amounts calculated on uninvested cash balances.

Certain officers and/or directors/trustees of the Funds are officers and/or directors of BlackRock, Inc. or its affiliates. The Funds reimburse the Advisor for compensation paid to the Funds Chief Compliance Officer.

#### 3. Investments:

Purchases and sales of investments, excluding short-term securities, for the year ended January 31, 2009 were as follows:

	Purchases	Sales
Muni New York	\$7,366,840	\$12,082,981
MuniYield Arizona	\$17,720,604	\$26,050,883
MuniYield California	\$53,808,831	\$79,609,143
MuniYield Investment	\$44,691,680	\$64,930,676
MuniYield New Jersey	\$19,699,485	\$31,643,424

#### 4. Concentration, Market and Credit Risk:

Each Fund invests a substantial amount of its assets in issuers located in a single state or limited number of states. Please see each Fund s Schedule of Investments for concentrations in specific states.

Many municipalities insure repayment of their bonds, which reduces the risk of loss due to issuer default. The market value of these bonds may fluctuate for other reasons, including market perception of the value of such insurance, and there is no guarantee that the insurer will meet its obligation.

SEMI-ANNUAL REPORT JANUARY 31, 2009 45

## Notes to Financial Statements (continued)

In the normal course of business, the Funds invest in securities and enter into transactions where risks exist due to fluctuations in the market

(market risk) or failure of the issuer of a security to meet all its obligations (credit risk). The value of securities held by the Funds may decline in response to certain events, including those directly involving the issuers whose securities are owned by the Funds; conditions affecting the general economy; overall market changes; local, regional or global political, social or economic instability; and currency and interest rate and price fluctuations. Similar to credit risk, the Funds may be exposed to counterparty risk, or the risk that an entity with which the Funds have unsettled or open transactions may default. Financial assets, which potentially expose the Funds to credit and counterparty risks, consist principally of investments and cash due from counterparties. The extent of the Funds exposure to credit and counterparty risks with respect to these financial assets is approximated by their value recorded in each Fund s Statements of Assets and Liabilities.

#### 5. Capital Share Transactions:

Each Fund is authorized to issue 200,000,000 (MuniYield Investment is authorized to issue an unlimited amount) of shares, including Preferred Shares, par value \$0.10 per share, all of which were initially classified as Common Shares. Each Board is authorized, however, to reclassify any unissued shares of Common Shares without approval of Common Shareholders.

#### **Common Shares**

#### **Muni New York**

Shares issued and outstanding for the six months ended January 31, 2009, the period June 1, 2008 to July 31, 2008 and the year ended May 31, 2008 remained constant.

#### MuniYield Arizona

Shares issued and outstanding for the six months ended January 31, 2009, the period November 1, 2007 to July 31, 2008 and the year ended October 31, 2007 increased by 5,538, 14,368 and 13,972, respectively, as a result of dividend reinvestment.

### **MuniYield California**

Shares issued and outstanding for the six months ended January 31, 2009, the period November 1, 2007 to July 31, 2008 and the year ended October 31, 2007 remained constant.

#### **MuniYield Investment**

Shares issued and outstanding for the six months ended January 31, 2009, the period November 1, 2007 to July 31, 2008 and the year ended October 31, 2007 remained constant.

#### **MuniYield New Jersey**

Shares issued and outstanding for the six months ended January 31, 2009, the period December 1, 2007 to July 31, 2008 and the year ended November 30, 2007 remained constant.

#### **Preferred Shares**

The Preferred Shares are redeemable at the option of each Fund, in whole or in part, on any dividend payment date at its liquidation preference per share plus any accumulated or unpaid dividends whether or not declared. The Preferred Shares are also subject to mandatory redemption at their liquidation preference plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Fund, as set forth in the Fund s Articles Supplementary or Certificate of Designation as applicable, are not satisfied.

The holders of Preferred Shares have voting rights equal to the holders of Common Shares (one vote per share) and will vote together with holders of Common Shares (one vote per share) as a single class. However, the holders of Preferred Shares, voting as a separate class, are also entitled to elect two Directors/Trustees for each Fund. In addition, the 1940 Act requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding Preferred Shares, voting separately as a class would be required to (a) adopt any plan of reorganization that would adversely affect the Preferred Shares, (b) change a Fund s subclassification as a closed-end investment company or change its fundamental investment restrictions or (c) change its business so as to cease to be an investment company.

The Funds had the following series of Preferred Shares outstanding and effective yields at January 31, 2009:

	Muni	MuniYield	MuniYield
	New York	Arizona	California
Series A		0.746% <sup>1</sup>	0.655% <sup>1</sup>
Series B		0.655% <sup>1</sup>	0.746% <sup>1</sup>
Series C		1.695% <sup>2</sup>	0.640% <sup>1</sup>
Series D			1.695% <sup>2</sup>
Series F7	1.695% <sup>2</sup>		
		MuniYield	MuniYield
		Investment	New Jersey
Series A <sup>1</sup>		0.746%	1.751%
Series B <sup>1</sup>		0.716%	0.746%
Series C <sup>2</sup>		1.765%	0.640%

All series of the Funds had a reset frequency of seven days except MuniYield California s Series A and Series C, which have a reset frequency of 28 days. Dividends on seven-day Preferred Shares are cumulative at a rate that is reset every seven days based on the results of an auction. Dividends on 28 day Preferred Shares are cumulative at a rate that is reset every 28 days based on the results of an auction.

46 SEMI-ANNUAL REPORT JANUARY 31, 2009

## Notes to Financial Statements (continued)

If the Preferred Shares fail to clear the auction on an auction date, the affected Fund is required to pay the maximum applicable rate on the Preferred Shares to holders of such shares for each successive dividend period until such time as the shares are successfully auctioned. The maximum applicable rate on the Preferred Shares is footnoted as applicable on the above chart. During the six months ended January 31, 2009, the Preferred Shares of the Funds were not successfully auctioned. The low, high and average dividend rates on the Preferred Shares of each Fund for the six months ended January 31, 2009 were as follows:

#### **Muni New York**

main now your	Low	High	Average
Series F7	1.64%	11.76%	4.192%
MuniYield Arizona			
	Low	High	Average
Series A	0.64%	12.57%	3.12%
Series B	0.59%	10.21%	3.10%
Series C	1.64%	11.76%	3.91%
MuniYield California			
	Low	High	Average
Series A	0.655%	8.651%	3.219%
Series B	0.640%	12.565%	3.113%
Series C	0.640%	12.565%	3.837%
Series D	1.640%	10.377%	3.914%
MuniYield Investment			
	Low	High	Average
Series A	0.640%	12.565%	3.266%
Series B	0.594%	12.261%	3.099%
Series C	1.640%	11.415%	3.889%

<sup>1</sup> The maximum applicable rate on this series of Preferred Shares is the higher of 110% of the AA commercial paper rate or 110% of 90% of the Kenny S&P 30-day High Grade Index rate divided by 1.00 minus the marginal tax rate.
2 The maximum applicable rate on this series of Preferred Shares is the higher of 110% plus or times (i) the Telerate/BAA LIBOR or (ii) 90% of the Kenny S&P 30-day High Grade Index rate divided by 1.00 minus the marginal tax rate.

#### MuniYield New Jersey

	Low	High	Average
Series A	0.64%	12.565%	3.08%
Series B	0.594%	11.347%	3.06%
Series C	1.640%	10.377%	3.91%

For the six months ended January 31, 2009, the Preferred Shares of each Fund failed to clear any auctions. As a result, the Preferred Shares dividend rates were reset to the maximum applicable rate, which ranged from 0.594% to 12.565%. A failed auction is not an event of default for the Funds but has a negative impact on the liquidity of Preferred Shares. A failed auction occurs when there are more sellers of a fund s auction rate preferred shares than buyers. It is impossible to predict how long this imbalance will last. A successful auction for each Fund s Preferred Shares may not occur for some time, if ever, and even if liquidity does resume, Preferred Shares may not have the ability to sell the Preferred Shares at its liquidation preference.

A Fund may not declare dividends or make other distributions on Common Shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding Preferred Shares is less than 200%.

Prior to December 22, 2008, the Fund paid commissions to certain broker-dealers at the end of each auction at an annual rate of 0.25%, calculated on the aggregated principal amount. As of December 22, 2008, commissions paid to broker-dealers on preferred shares that experienced a failed auction were reduced to 0.15% on the aggregate principal amount. The Funds will continue to pay commissions of 0.25% on the aggregate principal amount of all shares that successfully clear their auctions. Merrill Lynch, Pierce, Fenner & Smith Incorporated (MLPF&S), a wholly owned subsidiary of Merrill Lynch, earned commissions for the period August 1, 2008 through December 31, 2008 as follows:

Muni New York	\$ 62,802
MuniYield Arizona	\$ 59,616
MuniYield California	\$ 116,901
MuniYield Investment	\$ 139,630
MuniYield New Jersey	\$ 139,715

Subsequent to that date, neither MLPF&S or Merrill Lynch are considered affiliates of the Funds.

On June 4, 2008 and June 17, 2008, the following Funds announced redemptions of Preferred Shares at a price of \$25,000 per share plus any accrued and unpaid dividends through the redemption date.

Commissions

	Redemption	Shares	Aggregate

SEMI-ANNUAL REPORT JANUARY 31, 2009 47

# Notes to Financial Statements (concluded)

The Funds financed the Preferred Share redemptions with cash received from TOB transactions.

Shares issued and outstanding during the six months ended January 31, 2009, years ended May 31, 2007 and May 31, 2006 for Muni New York, October 31, 2007 and October 31, 2006 for MuniYield Arizona, Muni-Yield California and MuniYield Investment and November 30, 2007 and November 30, 2006 for MuniYield New Jersey remained constant.

# 6. Capital Loss Carryforward:

As of July 31, 2008, the Funds had capital loss carryforwards available to offset future realized capital gains through the indicated year of expiration:

	Muni		
	New York		
Expires	Intermediate	MuniYield	MuniYield
July 31,	Duration	Arizona	California
2011			\$178,107
2012	\$ 134,161		

2015	\$ 25,350		
2016	\$ 739,187	\$433,955	\$393,490
Total	\$ 898,698	\$433,955	\$571,597
		MuniYield	MuniYield
		Investment	New Jersey
2012		\$1,474,937	\$239,556
2016		\$2,101,744	\$104,422
Total		\$3,576,681	\$343,978

#### 7. Subsequent Events:

Each Fund paid a net investment income dividend to holders of its Common Shares on March 2, 2009 to shareholders of record on February 13, 2009. The amount of the net investment income dividend per share was as follows:

	Distribution
	Per Share
Muni New York	\$0.053000
MuniYield Arizona	\$0.057000
MuniYield California	\$0.055000
MuniYield Investment	\$0.058000
MuniYield New Jersey	\$0.058000

The dividends declared on Preferred Shares for the period August 1, 2008 to January 31, 2009 were as follows:

	Muni	MuniYield	MuniYield
	New York	Arizona	California
Series A		\$ 7,621	\$24,576
Series B		\$ 9,802	\$25,526

# Additional Information

#### **Dividend Policy**

The Funds dividend policy is to distribute all or a portion of their net investment income to its shareholders on a monthly basis. In order to provide shareholders with a more stable level of dividend distributions, the Funds may at times pay out less than the entire amount of net investment income earned in any particular month and may at times in any particular month pay out such accumulated but undistributed income in addition to net investment income earned in that month.

As a result, the dividends paid by the Funds for any particular month may be more or less than the amount of net investment income earned by the Funds during such month. The Funds current accumulated but undistributed net investment income, if any, is disclosed in the Statements of Assets and Liabilities, which comprises part of the financial information included in this report.

#### **General Information**

The Funds will mail only one copy of shareholder documents, including annual and semi-annual reports and proxy statements, to shareholders with multiple accounts at the same address. This practice is commonly called householding and it is intended to reduce expenses and eliminate duplicate mailings of shareholder documents. Mailings of your shareholder documents may be householded indefinitely unless you instruct us otherwise. If you do not want the mailing of these documents

to be combined with those for other members of your household, please contact the Funds at (800) 441-7762.

Quarterly performance, semi-annual and annual reports and other information regarding the Funds may be found on BlackRock s website, which can be accessed at http://www.blackrock.com. This reference to BlackRock s website is intended to allow investors public access to information regarding the Funds and does not, and is not intended to, incorporate BlackRock s website into this report.

50 SEMI-ANNUAL REPORT JANUARY 31, 2009

# Additional Information (concluded)

#### **Availability of Quarterly Schedule of Investments**

The Funds file their complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Funds Forms N-Q are available on the SEC s website at http://www.sec.gov and may also be reviewed and copied at the

SEC s Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. The Funds Forms N-Q may also be obtained upon request and without charge by calling (800) 441-7762.

#### **Electronic Delivery**

Electronic copies of most financial reports are available on the Funds websites or shareholders can sign up for e-mail notifications of quarterly statements, annual and semi-annual reports by enrolling in the Funds electronic delivery program.

# Shareholders Who Hold Accounts with Investment Advisors, Banks or Brokerages:

Please contact your financial advisor to enroll. Please note that not all investment advisors, banks or brokerages may offer this service.

#### **Board Approvals**

On September 12, 2008, the Board of Directors of BlackRock MuniYield Florida Fund voted unanimously to change a non-fundamental investment policy of the Fund, and to rename the Fund BlackRock MuniYield Investment Fund. The Fund s previous non-fundamental investment policy required the Fund, under normal market conditions, to invest at least 80% of its assets in Florida municipal bonds and 100% in municipal bonds rated investment grade at time of investment. Due to the repeal of the Florida Intangible Personal Property Tax as of January 2007, the Board has approved an amended policy allowing the Fund flexibility to invest in municipal obligations regardless of geographic location. The Fund s new investment policy is, under normal market conditions, to invest 100% of its assets in municipal bonds rated invest-

<sup>&</sup>lt;sup>1</sup> Voted on by holders of Preferred Shares only.

ment grade at time of investment. The approved changes will not alter the Fund s investment objective.

Under current market conditions, the Advisor anticipates that it will gradually reposition the Fund s portfolio over time and that during such period the Fund may continue to hold a substantial portion of its assets in Florida municipal bonds. At this time, it is uncertain how long the

repositioning may take, and the Fund will continue to be subject to risks associated with investing a substantial portion of its assets in Florida municipal bonds until the repositioning is complete.

The Advisor and the Board believe the amended policy will allow the Advisor to better manage the Fund s portfolio in the best interests of Fund shareholders and to better meet the Fund s investment objective.

Effective September 13, 2008, following approval by the Funds Board and the applicable ratings agencies, the Board amended the terms of the Funds Articles Supplementary in order to allow the Funds to enter into TOB transactions, the proceeds of which were used to redeem a portion of the Funds Preferred Shares. Accordingly, the definition of Inverse Floaters was amended to incorporate the Funds permissible ratio of floating rate instruments into inverse floating rate instruments. Additionally, confirming changes and certain formula modifications concerning inverse floaters were made to the definitions of Moody's Discount Factor and S&P Discount Factor, as applicable, to integrate the Funds investments in TOBs into applicable calculations.

SEMI-ANNUAL REPORT JANUARY 31, 2009 51

This report is transmitted to shareholders only. It is not a prospectus. Past performance results shown in this report should not be

considered a representation of future performance. The Funds have leveraged their Common Shares which creates risks for Common Shareholders, including the likelihood of greater volatility of net asset value and market price of the Common Shares, and the risk that fluctuations in the short-term dividend rates of the Preferred Shares, currently set at the maximum reset rate as a result of failed auctions, may affect the yield to Common Shareholders. Statements and other information herein are as dated and are subject to change.

A description of the policies and procedures that the Funds use to determine how to vote proxies relating to portfolio securities is available (1) without charge, upon request, by calling toll-free (800) 441-7762; (2) at www.blackrock.com; and (3) on the Securities and Exchange Commission s website at http://www.sec.gov. Information about how the Funds voted proxies relating to securities held in the Funds portfolios during the most recent 12-month period ended June 30 is available upon request and without charge (1) at www.blackrock.com or by calling (800) 441-7762 and (2) on the Securities and Exchange Commission s website at http://www.sec.gov.

Stuebe, a portfolio manager of the Fund identified in response to paragraph (a) of this item in the Fund s most recent annual report, has resigned from the Adviser. As of January 31, 2009, BlackRock MuniYield New Jersey Fund, Inc. is managed by a team of investment professionals comprised of Theodore R. Jaeckel, Jr., CFA, Managing Director at BlackRock, Walter O Connor, Managing Director at BlackRock and Robert D. Sneeden, Director at BlackRock. Each is a member of BlackRock s municipal tax-exempt management group. Each is jointly responsible for the day-to-day management of the Fund s portfolio, which includes setting the Fund s overall investment strategy, overseeing the management of the Fund and/or selection of its investments. Messrs. Jaeckel and O Connor have been members of the Fund s portfolio management team since 2006. Mr. Sneeden has been a member of the Fund s portfolio since 2008.

Mr. Jaeckel joined BlackRock in 2006. Prior to joining BlackRock, he was a Managing Director (Municipal Tax-Exempt Fund Management) of Merrill Lynch Investment Managers, L.P. (MLIM) from 2005 to 2006 and a Director of MLIM from 1997 to 2005. He has been a portfolio manager with BlackRock or MLIM since 1991.

Mr. O Connor joined BlackRock in 2006. Prior to joining BlackRock, he was a Managing Director (Municipal Tax-Exempt Fund Management) of MLIM from 2003 to 2006 and was a Director of MLIM from 1997 to 2002. He has been a portfolio manager with BlackRock or MLIM since 1991.

Mr. Sneeden joined BlackRock in 2006. Prior to joining BlackRock, he was a Director (Municipal Tax-Exempt Fund Management) of MLIM since 2006 and was a Vice President of MLIM from 1998 to 2006. Mr. Sneeden has been a portfolio manager with BlackRock or MLIM since 1994.

(iv) Potential Material Conflicts of Interest

BlackRock and its affiliates (collectively, herein BlackRock ) has built a professional working environment, firm-wide compliance culture and compliance procedures and systems designed to protect against potential incentives that may favor one account over another. BlackRock has adopted policies and procedures that address the allocation of investment opportunities, execution of portfolio transactions, personal trading by employees and other potential conflicts of interest that are designed to ensure that all client accounts are treated equitably over time. Nevertheless, BlackRock furnishes investment management and advisory services to numerous clients in addition to the Fund, and BlackRock may, consistent with applicable law, make investment recommendations to other clients or accounts (including accounts which are hedge funds or have performance or higher fees paid to BlackRock, or in which portfolio managers have a personal interest in the receipt of such fees), which may be the same as or different from those made to the Fund. In addition, BlackRock, its affiliates and significant shareholders and any officer, director, stockholder or employee may or may not have an interest in the securities whose purchase and sale BlackRock recommends to the Fund. BlackRock, or any of its affiliates or significant shareholders, or any officer, director, stockholder, employee or any member of their families may take different actions than those recommended to the Fund by BlackRock with respect to the same securities, Moreover, BlackRock may refrain from rendering any advice or services concerning securities of companies of which any of BlackRock s (or its affiliates or significant shareholders ) officers, directors or employees are directors or officers, or companies as to which BlackRock or any of its affiliates or significant shareholders or the officers, directors and employees of any of them has any substantial economic interest or possesses material non-public information. Each portfolio manager also may manage accounts whose investment strategies may at times be opposed to the strategy utilized for a fund. In this connection, it should be noted that a portfolio manager may currently manage certain accounts that are subject to performance fees. In addition, a portfolio manager may assist in managing certain hedge funds and may be entitled to receive a portion of any incentive fees earned on such funds and a portion of such incentive fees may be voluntarily or involuntarily deferred. Additional portfolio managers may in the future manage other such accounts or funds and may be entitled to receive incentive fees.

As a fiduciary, BlackRock owes a duty of loyalty to its clients and must treat each client fairly. When BlackRock purchases or sells securities for more than one account, the trades must be allocated in a manner consistent with its fiduciary duties. BlackRock attempts to allocate investments in a fair and equitable manner among client accounts, with no account receiving preferential treatment. To this end, BlackRock has adopted a policy that is intended to ensure that investment opportunities are allocated fairly and equitably among client accounts over time. This policy also seeks to achieve reasonable efficiency in client transactions and provide BlackRock with sufficient flexibility to allocate investments in a manner that is consistent with the particular investment discipline and client base.

(a)(3) As of January 31, 2009:

#### **Portfolio Manager Compensation Overview**

BlackRock s financial arrangements with its portfolio managers, its competitive compensation and its career path emphasis at all levels reflect the value senior management places on key resources. Compensation may include a variety of components and may vary from year to year based on a number of factors. The principal components of compensation include a base salary, a performance-based discretionary bonus, participation in various benefits programs and one or more of the incentive compensation programs established by BlackRock such as its Long-Term Retention and Incentive Plan.

**Base compensation.** Generally, portfolio managers receive base compensation based on their seniority and/or their position with the firm. Senior portfolio managers who perform additional management

functions within the portfolio management group or within BlackRock may receive additional compensation for serving in these other capacities.

#### **Discretionary Incentive Compensation**

Discretionary incentive compensation is a function of several components: the performance of BlackRock, Inc., the performance of the portfolio manager s group within BlackRock, the investment performance, including risk-adjusted returns, of the firm s assets under management or supervision by that portfolio manager relative to predetermined benchmarks, and the individual s seniority, role within the portfolio management team, teamwork and contribution to the overall performance of these portfolios and BlackRock. In most cases, including for the portfolio managers of the Fund, these benchmarks are the same as the benchmark or benchmarks against which the performance of the Fund or other accounts managed by the portfolio managers are measured. BlackRock s Chief Investment Officers determine the benchmarks against which the performance of funds and other accounts managed by each portfolio manager is compared and the period of time over which performance is evaluated. With respect to the portfolio managers, such benchmarks for the Fund include a combination of market-based indices (e.g., Barclays Capital Municipal Bond Index), certain customized indices and certain fund industry peer groups.

BlackRock s Chief Investment Officers make a subjective determination with respect to the portfolio managers compensation based on the performance of the funds and other accounts managed by each portfolio manager relative to the various benchmarks noted above. Performance is measured on both a pre-tax and after-tax basis over various time periods including 1, 3, 5 and 10-year periods, as applicable.

#### **Distribution of Discretionary Incentive Compensation**

Discretionary incentive compensation is distributed to portfolio managers in a combination of cash and BlackRock, Inc. restricted stock units which vest ratably over a number of years. The BlackRock, Inc. restricted stock units, if properly vested, will be settled in BlackRock, Inc. common stock. Typically, the cash bonus, when combined with base salary, represents more than 60% of total compensation for the portfolio managers. Paying a portion of annual bonuses in stock puts compensation earned by a portfolio manager for a given year at risk based on BlackRock s ability to sustain and improve its performance over future periods.

Long-Term Retention and Incentive Plan (LTIP) The LTIP is a long-term incentive plan that seeks to reward certain key employees. Prior to 2006, the plan provided for the grant of awards that were expressed as an amount of cash that, if properly vested and subject to the attainment of certain performance goals, will be settled in cash and/or in BlackRock, Inc. common stock. Beginning in 2006, awards are granted under the LTIP in the form of BlackRock, Inc. restricted stock units that, if properly vested and subject to the attainment of certain performance goals, will be settled in BlackRock, Inc. common stock. Messrs. Jaeckel and O Connor have each received awards under the LTIP.

Deferred Compensation Program A portion of the compensation paid to eligible BlackRock employees may be voluntarily deferred into an account that tracks the performance of certain of the firm s investment products. Each participant in the deferred compensation program is permitted to allocate his deferred amounts among the various investment options. Messrs. Jaeckel, O Connor and Sneeden have each participated in the deferred compensation program.

Other compensation benefits. In addition to base compensation and discretionary incentive compensation, portfolio managers may be eligible to receive or participate in one or more of the following:

Incentive Savings Plans BlackRock, Inc. has created a variety of incentive savings plans in

which BlackRock employees are eligible to participate, including a 401(k) plan, the BlackRock Retirement Savings Plan (RSP), and the BlackRock Employee Stock Purchase Plan (ESPP). The employer contribution components of the RSP include a company match equal to 50% of the first 6% of eligible pay contributed to the plan capped at \$4,000 per year, and a company retirement contribution equal to 3% of eligible compensation, plus an additional contribution of 2% for any year in which BlackRock has positive net operating income. The RSP offers a range of investment options, including registered investment companies managed by the firm. BlackRock contributions follow the investment direction set by participants for their own contributions or, absent employee investment direction, are invested into a balanced portfolio. The ESPP allows for investment in BlackRock common stock at a 5% discount on the fair market value of the stock on the purchase date. Annual participation in the ESPP is limited to the purchase of 1,000 shares or a dollar value of \$25,000. Each portfolio manager is eligible to participate in these plans.

(a)(4) *Beneficial Ownership of Securities*. As of January 31, 2009, none of Mr. Jaeckel, Mr. O Connor or Mr. Sneeden beneficially owned any stock issued by the Fund.

Item 9 Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers Not Applicable

Item 10 Submission of Matters to a Vote of Security Holders The registrant s Nominating and Governance Committee will consider nominees to the board of directors recommended by shareholders when a vacancy becomes available. Shareholders who wish to recommend a nominee should send nominations that include biographical information and set forth the qualifications of the proposed nominee to the registrant s Secretary. There have been no material changes to these procedures.

#### Item 11 Controls and Procedures

- 11(a) The registrant's principal executive and principal financial officers or persons performing similar functions have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the 1940 Act)) are effective as of a date within 90 days of the filing of this report based on the evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act and Rule 13(a)-15(b) under the Securities Exchange Act of 1934, as amended.
- 11(b) There were no changes in the registrant s internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act) that occurred during the second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the registrant s internal control over financial reporting.
- Item 12 Exhibits attached hereto
- 12(a)(1) Code of Ethics Not Applicable to this semi-annual report
- 12(a)(2) Certifications Attached hereto
- 12(a)(3) Not Applicable
- 12(b) Certifications Attached hereto

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
