MITTAL STEEL COMPANY N.V. REPORTS SECOND QUARTER AND HALF YEAR RESULTS 2006

Rotterdam, August 2, 2006 - Mittal Steel Company N.V. ("Mittal Steel" or "the Company"), the world's largest and most global steel company, today announced results for the three months ended June 30, 2006.

Highlights:

- **Excellent results, higher than guidance**
- **Operating income in Q206 up almost 50% from Q106**
- **EPS up 36% from Q106**
- **Operating income expected to increase by approximately 25% in Q306 on Q206 levels**

(US dollars in millions except per share and shipment data)

	2Q 2006	1Q 2006	2Q 2005	1H 2006	1H 2005
Shipments (000 ST)	16,763	15,597	12,181	32,360	22,560
Sales	\$9,230	\$8,430	\$7,604	\$17,660	\$14,028
Operating income	1,517	1,017	1,391	2,534	3,110
Net income	1,015	743	1,090	1,758	2,237
Basic Earnings Per Share	1.44	1.06	1.57	2.49	3.35

The results for 2005 include Mittal Steel USA ISG Inc. ("ISG"), formerly International Steel Group, from April 15, 2005 and the results of Mittal Steel Kryviy Rih, formerly Kryvorizhstal, from November 26, 2005. The results for 2006 include the results of certain Stelco subsidiaries (namely Norambar Inc. and Stelfil Ltée plants located in Quebec and the Stelwire Ltd. plant in Ontario), from February 1, 2006. As a result, prior period results are not entirely comparable.

Commenting, Lakshmi N Mittal, Chairman and CEO Mittal Steel Company, said:

"We are delighted to report a very strong set of results for the second quarter, with operating income increasing some 49% compared with the first quarter. This improvement is due to improved market conditions in all three of

our main operating regions. As we anticipated in May, the recovery is now underway in Asia resulting into higher selling prices. Additionally, we have delivered a strong performance in Europe, particularly in the Ukraine where synergies are now being delivered, and in America, where costs have been reduced.

□ Looking forward, we expect market conditions to continue to improve, driving further growth in shipments and operating income in the third quarter.

□ Meanwhile approximately 92% of Arcelor's equity holders (on a fully diluted basis) have accepted our offer for the company and we are now focused on achieving a successful integration. The underlying fundamentals for the industry in the long-term remain positive and we are very excited about the potential of the Company.□

MITTAL STEEL COMPANY N.V. REPORTS SECOND QUARTER 2006 RESULTS

Mittal Steel Company N.V. (New York: MT; Amsterdam: MT; Madrid: MTS; Paris: MTP; Brussels: MTBL; Luxembourg: MT), net income for the three months ended June 30, 2006, was \$1.0 billion or \$1.44 per share, as compared with net income of \$743 million or \$1.06 per share for the three months ended March 31, 2006, and \$1.1 billion or \$1.57 per share for the three months ended June 30, 2005.

Consolidated sales and operating income for the three months ended June 30, 2006, were \$9.2 billion and \$1.5 billion, respectively, as compared with \$8.4 billion and \$1.0 billion, respectively, for the three months ended March 31, 2006, and as compared with \$7.6 billion and \$1.4 billion, respectively, for the three months ended June 30, 2005.

Total steel shipments¹ for the three months ended June 30, 2006, were 16.8 million tons as compared with 15.6 million tons for the three months ended March 31, 2006, and 12.2 million tons for the three months ended June 30, 2005.

Group inter-company transactions have been eliminated in financial consolidation. The financial information in this press release has been prepared based on accounting principles generally accepted in the United States of America (US GAAP). Appendix 1 includes reconciliation from US GAAP to International Financial Reporting Standards as endorsed by the European Union (IFRS) and Appendix 4 includes financial information prepared on the basis of IFRS.

Analysis of operations

The following analysis of operations includes Mittal Steel USA ISG Inc. (ISG), formerly International Steel Group, from April 15, 2005, the results of Mittal Steel Kryviy Rih, formerly Kryvorizhstal (Ukraine), from November 26, 2005, and the results of certain former Stelco subsidiaries (namely Noram Inc. and Stelfil Ltée plants located in Quebec and the Stelwire Ltd. plant in Ontario), from February 1, 2006. As a result, prior period results are not entirely comparable.

Steel shipments in the three months ended June 30, 2006, were higher by 7% as compared with the three months ended March 31, 2006, primarily due to improved market conditions for our products and improved sales volumes at Mittal Steel Kryviy Rih. Steel shipments for the three months ended June 30, 2006, were 38% higher as

Edgar Filing: MITTAL STEEL CO N.V. - Form 425

compared with the three months ended June 30, 2005, due primarily to the inclusion of ISG and Mittal Steel Kryviy Rih (16% higher excluding ISG and Mittal Steel Kryviy Rih).

Average selling prices in the three months ended June 30, 2006, were higher by 3% as compared with the three months ended March 31, 2006, due to an improved market. However, average selling prices in the three months ended June 30, 2006, were lower by 7% as compared with the three months ended June 30, 2005 (4% lower excluding ISG and Mittal Steel Kryviy Rih).

Average cost of sales (excluding depreciation) per ton during the three months ended June 30, 2006, were lower by 2% as compared with the three months ended March 31, 2006, primarily due to improved steel production. Average cost of sales (excluding depreciation) per ton during the three months ended June 30, 2006, was lower by 6% as compared with the three months ended June 30, 2005, due primarily to the lower cost base of Mittal Steel Kryviy Rih relative to Mittal Steel's other operations (1% lower excluding ISG and Mittal Steel Kryviy Rih).

Selling, general and administrative expenses in the three months ended June 30, 2006, decreased by 8% as compared with the three months ended March 31, 2006, primarily due to capitalized mergers and acquisition related expenses included in first quarter 2006. In the three months ended June 30, 2006, selling, general and administrative expenses decreased by

¹ Total steel shipments include inter-company shipments.

Page 6 of 24

2% as compared with the three months ended June 30, 2005 (14% lower excluding ISG and Mittal Steel Kryviy Rih).

Other operating income for the three months ended June 30, 2006, was \$52 million which includes \$34 million reversal of certain provisions in Europe and \$6 million worth of CO₂ emissions sales in Europe. This compares to \$19 million for the three months ended March 31, 2006, which includes \$31 million of CO₂ emission sales in Europe. There was no other operating income for the three months ended June 30, 2005.

Operating income for the three months ended June 30, 2006, was \$1.5 billion as compared with \$1.0 billion for the three months ended March 31, 2006. Operating income for the three months ended June 30, 2005, was \$1.4 billion.

Other income (expense)-net for the three months ended June 30, 2006, was \$3 million as compared with \$7 million for the three months ended March 31, 2006. Other income (expense)-net for the three months ended June 30, 2005, was \$35 million, which included a gain from sale of property and dividends from our investments.

Income from equity method investments for the three months ended June 30, 2006, was \$13 million as compared with \$25 million for the three months ended March 31, 2006. Income from equity method investments were \$32 million for the three months ended June 30, 2005.

Net interest expense for the three months ended June 30, 2006, declined to \$102 million as compared with \$110 million for the three months ended March 31, 2006, following an overall reduction in net debt. Net interest expense for the three months ended June 30, 2005, was \$55 million.

Income tax expense for the three months ended June 30, 2006, amounted to \$370 million as compared with \$116 million for the three months ended March 31, 2006. The effective tax rate for the three months ended June 30, 2006, was 25% as compared with 12% for three months ended March 31, 2006. The effective tax rate for the three months ended March 31, 2006 was lower primarily due to the release of valuation allowances of \$107 million. Income tax expense for the three months ended June 30, 2005, amounted to \$165 million with an effective tax rate of 12%.

Net income for the three months ended June 30, 2006, increased to \$1,015 million as compared with the three months ended March 31, 2006, of \$743 million. Net income for the three months ended June 30, 2006, was lower as compared with \$1,090 million for the three months ended June 30, 2005, owing to the reasons discussed above.

Americas

Total steel shipments in the Americas region were 6.9 million tons in the three months ended June 30, 2006, as compared with 6.8 million tons for the three months ended March 31, 2006, primarily due to improved market conditions for our products particularly in our Mexican operations. The effect of these improved market conditions was partly offset by reduced shipments at Mittal Steel USA resulting from a fire in its Indiana Harbor facility in East Chicago on April 28, 2006, which halted production in one of the steelmaking shops. This decreased steel production by approximately 200,000 tons and at Mittal Steel USA's Sparrows Point facility which faced severe production issues following a lightning strike at an electrical substation during a storm on June 23, 2006. The Mittal Steel USA's Sparrows Point facility is expected to lose approximately 250,000 tons of ironmaking as a result of the incident. The damage to equipment and losses associated with business interruption in excess of the Company's deductible is to be covered by insurance in both instances.

Total steel shipments were higher in the three months ended June 30, 2006, as compared with 5.4 million tons for the three months ended June 30, 2005, primarily due to the inclusion of ISG. Excluding the impact of ISG, total steel shipments were higher in the three months ended June 30, 2006, at 3.0 million tons, as compared with 2.6 million tons for the three months ended June 30, 2005.

Page 7 of 24

Sales were higher at \$4.2 billion for the three months ended June 30, 2006, as compared with \$4.1 billion for the three months ended March 31, 2006, primarily as a result of increased shipments and a marginal increase in selling prices. Sales were higher in the three months ended June 30, 2006, as compared with \$3.5 billion for the three months ended June 30, 2005, primarily due to the inclusion of ISG, with increased shipments offset by marginally lower selling prices. Excluding the impact of ISG, sales were higher at \$1.6 billion in the three months ended June 30, 2006, as compared with \$1.5 billion for the three months ended June 30, 2005.

Operating income was higher at \$448 million for the three months ended June 30, 2006, as compared with \$340 million for the three months ended March 31, 2006, primarily due to higher volumes and marginally higher average selling prices, as well as lower costs. Operating income for the three months ended June 30, 2006, remained flat as compared with the three months ended June 30, 2005, as the impact of higher shipments and lower cost of sales was offset by lower selling prices. Excluding the impact of ISG, operating income was lower at \$173 million for the three months ended June 30, 2006, as compared with \$270 million for the three months ended June 30, 2005.

Europe

Total steel shipments in the European region were 6.8 million tons for the three months ended June 30, 2006, as compared with 5.8 million tons for the three months ended March 31, 2006. Total steel shipments were higher in the three months ended June 30, 2006, as compared with 4.0 million tons for the three months ended June 30, 2005, primarily due to the inclusion of Mittal Steel Kryviy Rih. Excluding Mittal Steel Kryviy Rih, total steel shipments in the European region were higher at 4.8 million tons for the three months ended June 30, 2006, as compared with 4.0 million tons for the three months ended June 30, 2005.

Sales were higher at \$3.5 billion in the three months ended June 30, 2006, as compared with \$2.9 billion for the three months ended March 31, 2006, primarily due to improved shipments in our Ukrainian operations and higher selling prices. Sales were higher in the three months ended June 30, 2006, as compared to \$2.6 billion for the three months ended June 30, 2005, primarily due to the inclusion of Mittal Steel Kryviy Rih as well as improved shipments in our Czech and Polish operations, the effect of which was partially offset by reduced selling prices primarily in our German and French operations. Excluding Mittal Steel Kryviy Rih, sales were higher at \$2.7 billion in the three months ended June 30, 2006, as compared with \$2.6 billion for the three months ended June 30, 2005, due to higher shipments partially offset by lower selling prices.

Operating income was higher at \$719 million for the three months ended June 30, 2006 as compared with \$344 million for the three months ended March 31, 2006, primarily due to higher volumes, higher selling prices and marginally lower costs. Operating income for the three months ended March 31, 2006 also includes \$56 million from the reduction of customer rebates. Operating income for the three months ended June 30, 2006, was higher as compared with \$263 million for the three months ended June 30, 2005 primarily due to higher volumes and lower costs offset by reduced selling prices as well as the inclusion of Mittal Steel Kryviy Rih. Excluding Mittal Steel Kryviy Rih, operating income was higher at \$501 million for the three months ended June 30, 2006, as compared with \$263 million for the three months ended June 30, 2005.

Asia & Africa

Total steel shipments in the Asia & Africa region were 3.1 million tons in the three months ended June 30, 2006, as compared with 3.0 million tons for three months ended March 31, 2006 and 2.7 million tons for the three months ended June 30, 2005.

Sales were higher at \$1.7 billion in the three months ended June 30, 2006, as compared with \$1.6 billion for the three months ended March 31, 2006 primarily due to higher volumes and selling prices. Sales were lower in the three months ended June 30, 2006, as compared with \$2.1 billion for the three months ended June 30, 2005 primarily due to higher shipments offset by lower selling prices.

Page 8 of 24

Operating income was higher at \$326 million for the three months ended June 30, 2006, as compared with \$282 million for the three months ended March 31, 2006, primarily due to higher shipments and selling prices partially offset by increased costs. Operating income for the three months ended June 30, 2006 was lower as compared with \$678 million for the three months ended June 30, 2005, primarily due to higher shipments offset by lower selling prices and higher costs.

Liquidity / Capital resources

The Company's liquidity position remains strong. As of June 30, 2006, the Company's cash and cash equivalents including restricted cash and short-term investments were \$3.2 billion (\$2.2 billion at March 31, 2006). Restricted cash at June 30, 2006 includes \$987 million in respect of cash collateral provided for a bank guarantee in connection with the Arcelor offer. In addition, the Company, including its operating subsidiaries, had available borrowing capacity of \$2.2 billion at June 30, 2006, as compared with \$2.3 billion at March 31, 2006.

For the three months ended June 30, 2006, net cash provided by operating activities was \$1,719 million, as compared with \$388 million for the three months ended March 31, 2006, primarily due to the increase in trade accounts payables and improvements in trade account receivables. For the three months ended June 30, 2005, net cash provided by operating activities was \$983 million. Net working capital (inventory plus accounts receivable plus prepaid expenses minus accounts payable minus accrued expenses and other liabilities) improved by \$285 million.

As of June 30, 2006 the Company's net debt (which includes long-term debt plus short-term debt less cash and cash equivalents, short term investments and restricted cash) declined by \$1.1 billion to \$5.1 billion as compared to \$6.2 billion at March 31, 2006.

Capital expenditure during the three months ended June 30, 2006, was \$348 million as compared with \$263 million for the three months ended March 31, 2006, and \$255 million for the three months ended June 30, 2005.

Depreciation during the three months ended June 30, 2006, was \$261 million as compared with \$287 million for the three months ended March 31, 2006. Depreciation during the three months ended June 30, 2006, was higher as compared with \$192 million for the three months ended June 30, 2005 (primarily due to inclusion of ISG and Mittal Steel Kryviy Rih).

As previously announced, Mittal Steel will pay a US\$ 0.125 per share quarterly dividend on September 15, 2006.

During the three months ended June 30, 2006, Mittal Steel paid interim dividends of \$105 million which includes a \$17 million dividend payment to the Ukraine government. During the three months ended March 31, 2006, Mittal Steel paid interim dividends of \$136 million (including \$48 million of dividends paid to minority shareholders at Mittal Steel's South African subsidiary).

On April 1, 2006, Ispat Inland ULC redeemed \$150 million of floating rate notes bearing interest at LIBOR plus 6.75% due April 1, 2010. The floating rate notes were redeemed at a price of 103.0% of the principal amount (the call premium of \$4.5 million was expensed in the three months ended March 31, 2006).

On April 4, 2006, Mittal Steel signed a \$200 million loan agreement with the European Bank for Reconstruction and Development for on-lending to Mittal Steel Kryviy Rih. The loan has a maturity of seven years and bears interest based on LIBOR plus a margin based on a ratings grid. Drawdown of this facility took place on May 10, 2006.

On April 20, 2006, the Pension Benefit Guaranty Corporation ("PBGC") converted the entire \$35 million outstanding principal amount plus accrued interest of the convertible note issued by ISG into 1,268,719 class A common shares of Mittal Steel.

On May 23, 2006, the Company entered into a €2.8 billion (approximately \$3.4 billion) credit agreement to finance (together with a €5.0 billion (approximately \$6.1 billion) credit

Page 9 of 24

agreement entered into on January 30, 2006 with the same group of lenders) the cash portion of the offer for Arcelor.

Mittal Steel's \$3.5 billion Bridge financing facility used for the Mittal Steel Kryviy Rih acquisition has been repaid in full on June 26, 2006 with the proceeds of the Company's €3.0 billion credit agreement. This Bridge facility was subsequently cancelled.

Recent Developments

- On July 26, 2006 Mittal Steel Company N.V. announced the final results of the initial offering period of its offer for Arcelor securities, which expired on July 13 in Belgium, France, Luxembourg, Spain and the U.S. As of such date, in the aggregate:
 - 594,549,753 Arcelor shares have been tendered (including Arcelor shares underlying Arcelor ADSs tendered in the U.S. offer); and
 - 9,858,533 Arcelor convertible bonds (OCEANES 2017) have been tendered; represent, on a fully-diluted basis, 91.88% of Arcelor's share capital and 91.97% of Arcelor's voting rights.
- As a result, 665.6 million new Mittal Steel shares will be issued as consideration for the offer and the cash portion of the total offer consideration will be approximately €7.78 billion.

The cash portion of the offer was financed with cash resources available to the Company, i.e., its €5 billion credit facility and its €2.8 billion bridge facility. Both of these facilities were entered into to finance the cash portion of the offer.

In addition, the settlement of the offer made in the initial offering period, the delivery of the Mittal Steel shares offered, the payment of the cash consideration and the listing of the new Mittal Steel shares issued as consideration on Euronext Amsterdam, Euronext Brussels, Euronext Paris, the Luxembourg Stock Exchange, the New York Stock Exchange and the stock exchanges of Barcelona, Bilbao, Valencia and Madrid, occurred on August 1, 2006.

Pursuant to Luxembourg and Belgian laws, the Company has commenced a subsequent offering period of the offer in Belgium, France, Luxembourg, Spain and the U.S., lasting from July 27, 2006 to August 17, 2006. The subsequent offering period will have the

same terms and conditions as the initial offering period that ended on July 13, 2006 (except for the minimum tender condition, which has already been met).

Pursuant to Luxembourg law, after the end of the subsequent offering period, Arcelor's remaining shareholders will be entitled to initiate proceedings to sell their shares to Mittal Steel.

Consideration for such sale may be, at the discretion of Mittal Steel, either the same consideration as offered in the offer, with the cash secondary offer being uncapped, or a cash option only at a price of Euros 40.40 per Arcelor share. This sell-outright must be exercised during the three-month period starting on August 18, 2006 and ending on November 17, 2006. A further press release will detail the terms and conditions of this sell-out right.

- Following the announcement of the final results of the offer, on July 26, 2006 Standard & Poor's lowered its long-term corporate credit rating on the Company from BBB+ to BBB and removed the rating from CreditWatch with negative implications.

Outlook for third quarter 2006

Operating income is expected to increase by approximately 25% in Q306 on Q206 levels.

Unaudited Reconciliation of US GAAP financials to IFRS

US GAAP to IFRS reconciliation

The Company considers US GAAP as its primary GAAP. The statutory financial statements of Mittal Steel are prepared in accordance IFRS. To provide an understanding of the differences between US GAAP and IFRS, the effect on consolidated shareholders' equity and net income are described in the following table and notes:

	June 30, 2006	June 30, 2005
Shareholders' equity as reported in accordance with US Minority GAAP interest as reported in accordance with US GAAP	\$11,543	\$9,190
	2,015	1,756

Total (decrease) / increase	(265)	27
Net income as reported in accordance with IFRS	\$1,699	\$2,591

Notes to the reconciliation from US GAAP to IFRS

1) Employee benefits

Under US GAAP past service cost is amortized over the remaining working lives for both vested and unvested rights, whereas under IFRS only unvested rights remain unrecognized. Under US GAAP a company is required to recognize a minimum pension liability if certain conditions have been met. IFRS does not require such a minimum pension liability.

2) Business combinations

Under US GAAP, negative goodwill is deducted, on a pro-rata basis, from the value of the non-current assets acquired, primarily property, plant and equipment. Under IFRS negative goodwill is directly recognized in the income statement. Because the carrying amount of non current assets is higher under IFRS, the depreciation in the income statement increases proportionally.

Page 16 of 24

Under IFRS, the requirements for including a restructuring provision in the liabilities assumed in a business combination are more stringent than under US GAAP. In 2006 additional purchase accounting liabilities were recorded, which do not qualify for IFRS. Also additional values were assigned to assets acquired and liabilities assumed, which were equal for IFRS and US GAAP. As the adjustment to assets acquired exceeded the adjustment to liabilities assumed, additional negative goodwill income was recognized to an amount of \$51 million (net of tax). The difference is included in opening equity in accordance with IFRS 3. As a consequence, expenses recorded against the provision under US GAAP are expensed under IFRS.

3) Other

Other adjustments relate mostly to measurement of inventory. Under IFRS inventory is measured on the basis of First In □ First Out (FIFO). Under US GAAP the Company measures certain inventory on the basis of Last In □ First Out (LIFO). This measurement is adjusted for IFRS.

4) Deferred income tax

Under US GAAP, negative goodwill is deducted, on a pro-rata basis, from the value of the non-current assets acquired, primarily property, plant and equipment. A corresponding tax asset for the temporary difference created is recorded, less a valuation allowance, if applicable. Under IFRS, negative goodwill is directly recognized in the income statement with no tax asset recorded.
