Board of Trustees and Participants  
Ameriserv Financial Non-Collectively Bargained 401 (k) Plan  
Johnstown, Pennsylvania

We have audited the accompanying statements of net assets available for benefits of Ameriserv Financial Non-Collectively Bargained 401(k) Plan as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for each of the three years ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Ameriserv Financial Non-Collectively Bargained 401(k) Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for each of the three years ended December 31, 2001, in conformity with

accounting principles generally accepted in the United States of America. Our audits were made for the purpose of forming an opinion on the financial statements, taken as a whole. The supplemental schedules of assets held for investment as of December 31, 2001 and 2000, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AMERISERV FINANCIAL NON-COLLECTIVELY BARGAINED 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS  
December 31, 2001

## Note 1: Plan Description

The following description of Ameriserv Financial Non-Collectively Bargained 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan name was changed during 2001 from U S National Bank Noncollectively-Bargained Employees 401(k) Plan.

### General:

The Plan is a defined contribution plan covering all management level employees of Ameriserv Financial, Inc. (formerly USBANCORP, Inc.) which is a financial holding company and Ameriserv Financial Bank (the Bank) (formerly U.S. Bank) which is a wholly-owned subsidiary as well as the management level employees of Ameriserv Mortgage Company (formerly U.S. Bank Mortgage Company), Ameriserv Associates, Inc. (formerly UBAN Associates) and Ameriserv Financial Services (formerly USNB Financial Services), all related companies. Employees become eligible to participate in the Plan the earlier of January 1st or July 1st following the completion of twelve-consecutive months of service with at least 1000 hours of service and the attainment of age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is not covered by the Pension Benefit Guaranty Corporation.

### Contributions:

Effective January 1, 2000 the participants were permitted to make elective deferrals in any amount from one (1) to ten (10) percent of their compensation. Previously the maximum contribution percentage was four (4) percent. Participants shall be permitted to amend their salary savings agreements to change the contribution percentage on January 1st and July 1st each year. The Plan does not provide for any employer contributions. The employee salary deferrals are exempt from federal income tax until withdrawn from the Plan.

### Participant Accounts:

Each participant account is credited with an allocation of the plan earnings. A participant's share of investment earnings and any increase or decrease in the fair market value of the Fund, is based on the proportionate value of all active accounts (other than accounts with segregated investments) as of the last valuation date, less withdrawals since the last valuation date. Contributions will be credited with an allocation of the actual investment earnings and gains and losses from the actual deposit of each contribution until the end of the plan year.

### Vesting:

## Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form 11-K

Participants are immediately vested in their voluntary contributions including rollover and transfer contributions plus actual earnings thereon.

### Investment Options:

Upon enrollment in the Plan, a participant must direct their salary deferral contributions in 5 percent increments in one or more of the twenty two mutual funds, a money market fund and Ameriserv Financial, Inc. common stock (see Note 4 for related party details). Although certain participants received shares of Three Rivers Bancorp, Inc. common stock as a result of the spin-off (see Note 4), such is not an investment option for additional purchase. The diversified mutual fund investment options include bond and government securities funds and various U.S. and foreign stock funds. Participants may change their investment options any time throughout the year via phone access to Ameriserv Trust and Financial Services Company.

The Plan also includes participants notes. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range from 8.74 percent to 13.99 percent. Principal and interest is paid ratably through semi-monthly payroll deductions.

Certain participants have received shares of Three Rivers Bancorp, Inc. common stock as a result of a spin-off. This bank stock is not an investment option for additional purchases. See note 4 for further details.

### Payment of Benefits:

On termination of service, a participant with an account may elect to receive a lump-sum amount equal to the value of his or her account. The Plan also provides for normal retirement benefits to be paid in the form of a Qualified Joint and Survivor Annuity upon reaching age 65 and has provisions for deferred, death, disability retirement benefits and hardship withdrawals.

### Administrative Expenses:

Certain administrative functions are performed by officers or employees of the Company and Bank. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company and Bank.

## Note 2: Significant Accounting Policies

### Basis of Accounting:

The financial statements of the Plan are prepared

## Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form 11-K

under the accrual method of accounting.

### Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of shares held by the Plan at year-end. The Ameriserv Financial, Inc. (Company) common stock and Three Rivers Bancorp, Inc. common stock are valued at quoted market price. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported assets, liabilities and changes therein, and disclosures. Actual results may differ from those estimates.

### Payment of Benefits:

Benefits are recorded when paid.

### Note 3: Investments

The Plan's investments are participant directed. The following presents investments that represent 5 percent or more of the Plan's net assets.

Rivers Bank resulted in the follow:

Number of Three Rivers Bancorp, Inc. common stock shares received	11,914

**Plan's Trustee:**

The Plan's investments are held by a bank-administered trust fund which is an affiliate of the Plan sponsor. Ameriserv Trust and Financial Services Company has the authority to purchase and sell investments in accordance with participant direction. The cash account is used by the Ameriserv Trust and Financial Services Company to temporarily house uninvested monies.

**Note 5: Income Tax Status**

The Plan adopted a standardized form of a prototype plan. The prototype plan received an opinion letter dated November 1, 2001 from the Internal Revenue Service as to the prototype plan's qualified status. The Plan Administrator plans to submit an application for determination for its adoption of such prototype plan. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

**Note 6: Plan Termination**

Although it has not expressed any intent to do so, the Bank has the right under the Plan to terminate the Plan, at any time, subject to the provisions of ERISA.

**Note 7: Rollovers**

The following participant rollovers occurred as a result of employees transferring amounts from other qualified plans. The rollovers are included in the applicable years employee contributions:

2001	\$ 23,917

Note 9: Benefits Payable

Benefits payable to persons who have withdrawn from participation in the earnings and operations of the Plan in the amounts of \$ - 0 -, \$24,574 and \$31,205 at December 31, 2001, 2000 and 1999, respectively are included in net assets available for benefits.

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

Note 10: Amendments

Effective January 1, 2000, the Plan was amended to increase the maximum elective deferrals to 10% from the previous 4%. The Plan administrator does not consider the changes to be of a nature requiring Internal Revenue Service approval therefore a letter of determination was not processed.

Note 11: Reclassifications

Effective for plan years ending after December 15, 1999 Statement of Position (SOP) 99-3 states participant directed programs are no longer required to disclose amounts relating to those individual programs as a separate fund in the financial statements. The Plan has adopted SOP 99-3 effective for the year ended December 31, 1999, therefore a reclassification of comparative amounts in the financial statements was required.

Due to the number of investment options for registered investment companies the "Statements of Net Assets Available for Benefits" indicates a combined total as opposed to the year 2000 statement which separately stated each registered investment company.

There was no effect on the net assets available for benefits as a result of these items.
