CSX Corporation and Affiliated Companies
CSX Corporation
Jacksonville, Florida

We have audited the accompanying statements of net assets available for benefits of the Tax Savings Thrift Plan for Employees of CSX Corporation and Affiliated Companies as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in its net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Tax Savings Thrift Plan for Employees of CSX Corporation and Affiliated Companies (the Plan) provides only general information. Members should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time salaried employees and certain non-union hourly employees of CSX Corporation (CSX) and adopting affiliated companies (collectively, the Company or Plan Sponsor). Effective January 1, 2002, CSX established the Plan as an Employee Stock Ownership Plan (ESOP) designed to comply with Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Effective January 1, 2002, the Plan was amended to allow a member to contribute from 1% up to 50%, (in 1% multiples) of eligible compensation, as defined by the Plan, on a pre-tax or after-tax basis. Prior to January 1, 2002, members could contribute a maximum of 15% of eligible compensation. Members who are not eligible to participate in the Company's Supplementary Savings and Incentive Award Deferral Plan may also contribute up to 50% of any incentive compensation to the Plan. Subject to certain limitations, members may reinvest distributions from another qualified plan or Individual Retirement Account. Members may change percent of contribution and investment options daily.

The Company contributes amounts equal to 50% of the first 6% of the member's pre-tax or after-tax eligible contributions, as defined by the Plan. In 2002, Company contributions were funded from the CSX Corporation rabbi trust account which holds CSX common stock and cash. Shares to fund the contributions may be purchased throughout the year and held by CSX Corporation in a rabbi trust until they are contributed to the Plan and credited to the members' accounts. Member incentive compensation contributions are not matched. Additional amounts may be contributed at the option of the Company's Board of Directors.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Diversification: The Plan was amended effective May 1, 2002 to allow all members to immediately diversify the nonmember-directed contributions to the CSX Stock Fund to other investment options offered under the Plan. Prior to May 1, 2002, the Plan was amended effective January 1, 2002 to change the age requirement for a member to diversify nonmember-directed contributions from age 55 to age 50.

Edgar Filing: CSX CORP - Form 11-K

Member Accounts: Each member's account is credited with the member's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. The benefit to which a member is entitled is the benefit that can be provided from the member's account.

Vesting: Members are 100% vested in their accounts.

Loans: Members may borrow from their accounts in amounts equal to no more than the lesser of \$50 in an aggregate amount of all loans from the Plan or 50% of their vested account balances. Loan terms range from one to five years unless the loan is to be used in conjunction with the purchase of a primary residence. The loans are secured by the balance in the member's account and bear interest at the prime rate in effect at CitiBank at the beginning of the quarter in which the loan originated. Principal and interest are paid ratably through payroll deductions.

Dividends: Dividends paid on shares of Company stock held in a member's account are reinvested in shares of Company stock. Effective January 1, 2002, a member or spousal beneficiary may elect to have dividends paid to them in cash. Any change in an election will apply only to ex-dividend dates occurring after the date such election is received. A member who does not make a timely election will have the dividends paid to their account and reinvested in shares of Company stock.

Payment of Benefits: Upon termination of service, a member may receive a lump-sum amount equal to the vested value of his or her account, or upon disability or retirement, elect to receive monthly installments over a 240-month period. Surviving spouses of retired or disabled members may elect to continue or initiate monthly installments. A member with an account balance of \$5 or less will be paid in lump-sum.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, members will remain 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States.

Edgar Filing: CSX CORP - Form 11-K

accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 - INVESTMENT IN MASTER TRUST

All investments of the Master Trust are held by The Northern Trust Company, the Master Trust's trustee.

At December 31, 2002 and 2001, the Plan's interest in the net assets of the Master Trust was approximately 69%.

Investments in CSX Common Stock (stated at fair value) are valued at the last reported sales price on the last business day of the year. Investments in mutual funds are measured by quoted market prices and are reported at aggregate fair value at year-end. Synthetic guaranteed investment contracts (defined on page 10) are reported at fair value, which in the case of such contracts approximates contract value. Member loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.
