PROXY STATEMENT

Annual Meeting of Shareholders

to be held

May 2, 2002

GENERAL INFORMATION

This Proxy Statement is furnished to the shareholders of RLI Corp. (Company) in connection with the solicitation, by the Board of Directors of the Company, of proxies to be used at the Annual Meeting of Shareholders to be held at 2:00 P.M. Central Daylight Time on Thursday, May 2, 2002, at 9025 North Lindbergh Drive, Peoria, Illinois, 61615, and at any adjournments of the Annual Meeting.

Proxy Solicitation. The Company will bear the cost of solicitation of proxies. In addition to the use of the mail, proxies may be solicited in person or by telephone, facsimile or other electronic means, by directors, officers or employees of the Company. No additional compensation will be paid to such persons for their services. In accordance with the regulations of the Securities and Exchange Commission and the New York Stock Exchange (NYSE), the Company will reimburse banks, brokerage firms, investment advisors and other custodians, nominees, fiduciaries and service bureaus for their reasonable out-of-pocket expenses for forwarding soliciting material to beneficial owners of the Company's Common Stock and obtaining their proxies or voting instructions.

Voting. As many shareholders cannot attend the Annual Meeting in person, it is necessary that a large number be represented by proxy. Even if you expect to attend, it is important that you complete the enclosed proxy card, and sign, date and return it as promptly as possible in the envelope enclosed for that purpose. You may also vote your shares by telephone or on the Internet by following the instructions on your proxy card. You have the right to revoke your proxy at any time prior to its use by filing a written notice of revocation with the Corporate Secretary of the Company prior to the convening of the Annual Meeting, or by presenting another proxy card with a later date. If you attend the Annual Meeting and desire to vote in person, your proxy may be withdrawn upon request.

Each proxy will be voted in accordance with the shareholder's specifications. If there are no such specifications, it will be voted as recommended by the Board of Directors. All proxies delivered pursuant to this solicitation are revocable at any time at the option of the shareholder either by giving written notice to the Corporate Secretary at 9025 North Lindbergh Drive, Peoria, Illinois, 61615, or by timely delivery of a properly executed proxy, including an Internet or telephone vote, bearing a later date, or by voting in person at the Annual Meeting. All shares represented by valid, unrevoked proxies will be voted at the Annual Meeting.

Assuming the presence of a quorum, the election of directors requires the affirmative vote of a plurality of the votes cast by the holders of the outstanding shares of Common Stock. With respect to the election of directors, shareholders may vote in favor of all nominees, or withhold their votes as to all nominees, or withhold their votes as to specific nominees. Brokers who hold shares for the accounts of their clients may vote such shares either as directed by their clients or at their own discretion if permitted by the Stock Exchange or other organization of which they are members. Members of the NYSE are permitted to vote their clients' proxies at their own discretion as to the election of directors if the clients have not furnished voting instructions within ten days of the meeting. If an executed proxy is returned by a broker holding shares in street name which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters (a "broker non-vote"), such shares will be considered present at the Annual Meeting for purposes of determining a quorum but will not be considered to be represented at the Annual Meeting for purposes of calculating the vote with respect to Proposal One. With respect to Proposal Two, broker non-votes will not be considered present at the Annual Meeting.

Mailing. This Proxy Statement and enclosed Proxy are first being mailed or electronically delivered to shareholders entitled to notice of and to vote at the Annual Meeting on or about March 25, 2002.

Voting Via Telephone or the Internet. Shareholders can save the Company expense by voting their shares over the telephone, toll-free from the United States or Canada, or by voting through the Internet. The voting procedures are designed to authenticate each shareholder by use of a control number, to allow shareholders to vote their shares, and to confirm that their instructions have been properly recorded. Specific instructions to be followed by any shareholder interested in voting by telephone or the Internet are set forth on the proxy card. The method of voting will not limit a shareholder's right to attend the Annual Meeting.

Electronic Access to Proxy Materials and Annual Report. This notice of Annual Meeting and Proxy Statement and the 2001 Annual Report are available on RLI Corp.'s Internet site at www.rlicorp.com. Shareholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. You can choose this option and save the Company the cost of producing and mailing these documents by following the instructions provided if you vote over the Internet or by telephone. Should you choose to view future proxy statements and annual reports over the Internet, you will receive an e-mail next year with voting instructions and the Internet address of those materials.

Shareholder Proposals. To be included in the Board of Directors Proxy Statement for the 2003 Annual Meeting of Shareholders, a shareholder proposal must be received by the Company on or before November 25, 2002. Proposals should be directed to the attention of the Corporate Secretary at 9025 North Lindbergh Drive, Peoria, Illinois, 61615. If a shareholder raises a matter at the 2003 Annual Meeting of Shareholders, the Company may exercise discretionary authority (vote the shares in the discretion of the persons appointed in the Proxy Card) unless the shareholder notifies the Company of the matter before February 9, 2003.

Shareholders Entitled to Vote. At the close of business on March 4, 2002, the record date for the determination of shareholders entitled to vote at the Annual Meeting, the Company had 9,918,986 shares of Common Stock outstanding and entitled to vote. Common share ownership entitles the holder to one vote per share upon each matter to be voted at the Annual Meeting.

Nominees. At the Annual Meeting, three (3) directors are to be elected, each to hold office for a three-year term or until a successor is elected and qualified. Messrs. William R. Keane, Gerald I. Lenrow and Edwin S. Overman are Class III directors who were elected by the shareholders in 1999 for three-year terms expiring in 2002.

In addition, effective the first business day in February of each year, each outside director is annually granted an option to purchase 900 shares of the Company s Common Stock under the Director Plan, exercisable at fair market value on the date of grant. If the Company earns more than its cost of capital and the ESOP contribution as provided under its Market Value Potential Executive Incentive Plan in each respective year, each outside director is granted an option to purchase 900 additional shares of the Company s Common Stock under the Director Plan effective the first business day in February of the succeeding year exercisable at fair market value on the date of grant.

Director Deferred Compensation Plan. Prior to the beginning of each year, an outside director may elect to defer the compensation otherwise payable to the director during the succeeding year pursuant to the Director Deferred Compensation Plan (Deferred Plan). Under the Deferred Plan, the Company must transfer to a bank trustee, under an irrevocable trust established by the Company, such number of shares as are equal to the compensation as earned and deferred during the referent year. Dividends on these shares are reinvested quarterly under the Company s Dividend Reinvestment Plan. In general, Deferred Plan benefits are distributable beginning when the director s status terminates.

AUDIT COMMITTEE REPORT

The following report by the Audit Committee is required by the rules of the Securities and Exchange Commission to be included in this Proxy Statement and shall not be considered incorporated by reference in other filings by the Company with the Securities and Exchange Commission.

The Audit Committee of the Company's Board of Directors is composed of four independent directors and operates under a written charter adopted by the Board of Directors, which was attached to last year's proxy statement. The Board of Directors and Audit Committee believe that the Audit Committee's current composition satisfies the New York Stock Exchange rules governing audit committee composition and that each of the members of the Audit Committee is independent for purposes of the New York Stock Exchange listing standards. The members of the Committee are: Messrs. Keane, Lenrow, McPheeters and Viets.

The Committee recommends to the Board of Directors the selection of the Company's independent accountants. The Committee also provides assistance to the members of the Board of Directors in fulfilling their oversight functions over the financial reporting practices and financial statements of the Company. It is not the duty of the Committee, however, to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with accounting principles generally accepted in the United States of America. The responsibility to plan and conduct audits is that of the Company's independent accountants. The Company's management has the responsibility to determine that the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States of America.

The Committee received reports and reviewed and discussed the audited financial statements with management and the independent accountants. The Committee also discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61. The Company's independent accountants also provided to the Committee the written disclosures and letter required by the Independence Standards Board Standard No.1. The Committee discussed with the independent accountants that firm's independence and any relationships that may impact that firm's objectivity and independence.

Based on the Committee's discussion with and reports from management and its independent accountants and the Committee's reliance on the representation of management that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, the Committee recommended to the Board of Directors that the audited financial statements of the Company be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001, as filed with the Securities and Exchange Commission.

EXECUTIVE RESOURCES COMMITTEE REPORT

The following report by the Executive Resources Committee is required by the rules of the Securities and Exchange Commission to be included in this Proxy Statement and shall not be considered incorporated by reference in other filings by the Company with the Securities and Exchange Commission.

General. The Executive Resources Committee is responsible for determining specific compensation levels of certain executive officers. The Company aims to offer total compensation packages that attract, retain and motivate high quality executives and that reward executives for Company profitability and the enhancement of shareholder value. The following components of executive compensation have been designed to meet these objectives.

Base Salary. The Executive Resources Committee sets base salary ranges for certain executive officer positions based on executive compensation data from nationally recognized surveys of a group of comparable insurance companies prepared by Watson Wyatt, an independent actuarial firm. Actual salaries, which consider individual performance and job content in the context of these ranges, are targeted to fall within these ranges of salaries offered in the Company's competitive market.

MVP Bonus. The Company pays annual cash bonuses to certain executive officers based upon achievement of the Company's annual business plan. Since adoption of the Market Value Potential Executive Incentive Plan (MVP Plan) in 1996, the Company has paid bonuses pursuant to the MVP Plan, which rewards participants for earnings in excess of the Company's cost of capital. The MVP Plan thus encourages participants to manage and allocate Company capital to products that produce income in excess of the cost of capital, thereby enhancing the potential for appreciation of shareholder value.

Under the MVP Plan, the total annual bonus pool for the Company, if any, is based upon a Committee-specified percentage of the Company's return on capital in excess of its cost of capital. The Executive Resources Committee awards individual bonuses out of the pool taking into account Watson Wyatt studies of bonus compensation in the Company's competitive market and the executive officer's job content. A memo bank account is established for each participant in the MVP Plan and the participant's allocated percentage of the MVP Bonus Pool for each year (whether a positive or negative amount) is annually credited to each participant's account without limitation. Once a year, an interest factor is credited to positive balances and forty percent of each participant's positive account balance is paid out. The remaining positive balance or any negative balance is rolled into the next year and is adjusted by subsequent MVP Plan results.

Incentive Stock Options. Stock options awarded pursuant to the Incentive Stock Option Plan are another important element of the Company's compensation philosophy. The Company believes options serve as incentives to executives to maximize the long-term growth and profitability of the Company, which will be reflected in the Company's stock price. Under the Incentive Stock Option Plan, options may not be granted for less than fair market value of the Company's Common Stock on the date of grant, so that recipients will recognize value from the grants only if the Common Stock price increases in the future. Furthermore, all options granted provide for twenty percent annual vesting over a period of five years. In the event of a recipient's termination of employment with the Company on or after age sixty-five, or a recipient's death or disability, all options granted become fully vested.

ESOP. The Company's ESOP also offers a valuable way of aligning the interests of its employees, including its executive officers, with those of its shareholders on a long-term basis. Pursuant to the ESOP, the Company makes annual cash contributions that are used to purchase Company Common Stock on behalf of the Company's employees, including its executive officers. All employees, including executive officers, may have an annual contribution of fifteen percent of wages (limited to \$25,500). The ESOP vests 100% at the end of five years. Mr. Michael is eligible to participate in an individualized Key Employee Excess Benefit Plan (Key Plan). Under the Key Plan, the Company makes annual cash contributions which are used to purchase stock held in a trust it maintains for Mr. Michael's benefit in an amount equal in value to the excess of the contribution allowable to him under the ESOP (determined without regard to any limitations on compensation imposed by the Internal Revenue Code), over the contribution actually made for him under the ESOP (determined with regard to such limitations).

Chief Executive Officer. Policies with respect to the Chief Executive Officer are the same as those discussed for executive officers generally except that, in addition to the ESOP, Mr. Michael is eligible to participate in an individualized Key Plan.

Internal Revenue Code Section 162(m). The Company intends that total compensation, including bonuses awarded pursuant to the MVP Plan, will satisfy the conditions necessary for deductibility by the Company under Section 162(m) of the Internal Revenue Code, which limits the ability of the Company to deduct any compensation in excess of \$1,000,000 per year for federal income tax purposes unless such conditions are met.

(1) Twenty percent of each option grant becomes exercisable one year after the date of the grant and each year thereafter in 20% increments. Such options lapse at the end of the ten-year period beginning on the grant date.

(2) Amounts represent payment of 50% of the executive officers' remaining positive balance in the MVP bonus pool earned in years 1996 through 1998.

(3) Represents the value of Company contributions to the ESOP on behalf of the named executive officers. In the case of Mr. Michael, the amounts include shares allocated to him under his Key Plan as follows: 2,739 shares in respect of 2001; 3,513 shares in respect of 2000; 4,181 shares in respect of 1999. In general, benefits are distributable to Mr. Michael when his employment terminates. Under the Key Plan, the Company must transfer to the trustee under an irrevocable trust maintained by the Company for the benefit of Mr. Michael such number of shares as are equal in value to the excess of (a) the contribution allocable to him under the ESOP determined without regard to any limitation on compensation imposed by the Internal Revenue Code, over (b) the contribution actually allocable to him under the ESOP determined with regard to any limitation on compensation imposed by the Internal Revenue Code. The total value of Mr. Michael's Key Plan benefits as of December 31, 2001, was \$629,811.

(5) Under the Company's MVP Plan, plan year 2001 resulted in negative memo bank accounts carried forward for the following named executive officers: Mr. Michael (\$366,759); Mr. Stone (\$231,663); and Mr. Dondanville (\$120,908).

(6) Amounts represent compensation accrued during fiscal year 2000 and paid in 2001 pursuant to the Company's MVP Plan.

(7) Effective January 1, 2001, Ms. Nebel and Ms. Hensey ceased to be participants in the MVP Plan. Amounts include payout of their memo bank accounts.

Option Grants in Last Fiscal Year. The following table shows information regarding grants of stock options made to the named executive officers under the Company's Incentive Stock Option Plan during the fiscal year ended December 31, 2001. The amounts shown for each of the named executive officers as potential realizable values are based on arbitrarily assumed annualized rates of stock price appreciation of five percent and ten percent over the full ten-year term of the options, which would result in stock prices of approximately \$65.32 and \$104.00, respectively. The amounts shown as potential realizable values for all shareholders represent the corresponding increases in the market value of 9,912,596 outstanding shares of the Company's Common Stock held by all shareholders as of December 31, 2001, which would total approximately \$647,477,632 and \$1,030,999,918, respectively. No gain to the optionees is possible without an increase in stock price, which will benefit all shareholders proportionately. These potential realizable values are based solely on arbitrarily assumed rates of appreciation required by applicable Securities and Exchange Commission regulations. Actual gains, if any, on option exercises and common stock holdings are dependent on the future performance of the Company's Common Stock. There can be no assurance that the potential realizable values shown in this table will be achieved.

(1) Each option grant becomes exercisable in 20% increments on the first five anniversaries of the grant date. Such options lapse on the tenth anniversary of the grant date.

(2) The exercise price is the fair market value on the date of grant.

(3) The dollar amounts under these columns are the result of calculations at the 5% and 10% rates dictated by the Securities and Exchange Commission when the Potential Realizable Value alternative is used. These are not intended to be a forecast of the Company's stock price.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values. The following table sets forth information with respect to the named executive officers concerning the exercise of options during the last fiscal year and unexercised options held December 31, 2001. Value realized upon exercise is the excess of the fair market value of the underlying stock on the exercise date over the exercise price under the option. Value of unexercised, in-the-money options at fiscal year end is the difference between its exercise price and the fair market value of the underlying stock on December 31, 2001, which was \$45.00 per share. These values, unlike the amounts set forth in the column headed Value Realized, have not been, and may never be, realized. The underlying options have not been, and may never be, exercised; actual gains on exercise, if any, will depend on the value of the Company's Common Stock on the date of exercise. There can be no assurance that these values will be realized.

PROPOSAL TWO:

TO REAPPROVE THE MARKET VALUE POTENTIAL EXECUTIVE INCENTIVE PLAN

In 1996, the Board of Directors adopted an incentive compensation plan for key employees, including executive officers, which ties potential annual cash incentive payments directly to Company performance. The plan has been designed, and shareholders approved the plan in 1997, to qualify compensation paid under the plan as "qualified performance-based compensation" within the meaning of Internal Revenue Code Section 162(m) (Code Section 162(m)), and thus assure the Company may deduct the amounts payable pursuant to the plan. To continue to qualify compensation paid under the plan as "qualified performance-based compensation" under Code Section 162(m), the plan requires shareholder reapproval.

Following is a general summary of the Market Value Potential Executive Incentive Plan (MVP Plan). The full text is attached as Exhibit A.

Administration. The MVP Plan is administered by the Plan Administration Committee (Committee) comprised of the Chief Executive Officer, Chief Operating Officer and Chief Financial Officer of the Company s wholly-owned subsidiary, RLI Insurance Company. The decisions of the Committee are subject at all times to review or change prospectively by the Executive Resources Committee members, who are outside directors within the meaning of Code Section 162(m).

Participants. Participation in the MVP Plan is limited to key employees of the Company designated by the Board of Directors. Four key employees participated in the MVP Plan in 2001. It is anticipated the same employees will participate in 2002.

Purposes. The MVP Plan awards employees based upon Company performance resulting in earnings in excess of the Company's cost of capital. The MVP Plan provides incentive for employees to allocate Company capital to those products that produce income in excess of cost of capital, thus increasing the Company's stock market value potential.

Description. Under the MVP Plan, for each fiscal year the Company's earnings (as defined in the MVP Plan) are compared to the sum of the Company's cost of capital and the Company's discretionary contribution to the ESOP, and a specified aggregate percentage of the earnings excess or deficit (MVP Bonus Pool) is allocated among the participants for such year. The aggregate percentage for the MVP Bonus Pool and portion of such aggregate allocated to individual participants for the year are each determined by the Executive Resources Committee. The Executive Resources Committee uses Watson Wyatt compensation service relative salary factors modified by performance and job content considerations as recommended by the Chief Executive Officer. These percentages may vary from year to year.

A memo bank account is established for each participant in the MVP Plan and the participant's allocated percentage of the MVP Bonus Pool for each year (whether a positive or negative amount) is annually credited to participants' accounts without limitation. Once a year an interest factor is credited to positive balances and forty percent of each participant's positive account balance is paid out. The remaining positive balance or any negative balance is rolled into the next year and is subject to subsequent MVP Plan results. There is no assurance a participant will ever receive a positive balance which is rolled over as it may be eliminated by subsequent negative allocations. Under the MVP Plan, rollovers may continue indefinitely and participants are never required to repay negative balances. The Board of Directors of the Company may at any time terminate, modify or amend the MVP Plan.

The amounts to be paid pursuant to the MVP Plan for 2002 are not currently determinable. No positive awards were made under the MVP Plan with respect to 2001. Under the Company's MVP Plan, plan year 2001 resulted in negative memo bank accounts carried forward for the following named executive officers: Mr. Michael (\$366,759); Mr. Stone (\$231,663); and Mr. Dondanville (\$120,908).

A participant who terminates employment will be eligible to receive an award under the MVP Plan calculated as of the end of the quarter during the year in which the termination took place, subject to certain limitations set forth in Exhibit A. A participant who becomes totally disabled or dies shall be paid the then existing balance calculated to the end of the nearest quarter.

The affirmative vote of the holders of at least a majority of the shares of Common Stock of the Company present, in person or by proxy, and entitled to vote at the annual meeting is required for adoption of this proposal.

The Board of Directors recommends the shareholders vote For the reapproval of the Market Value Potential Executive Incentive Plan.

INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors, upon the recommendation of the Audit Committee, has selected KPMG LLP (KPMG), the Company's independent public accountants since 1983, to serve as the Company's independent public accountants for the current fiscal year. Representatives of KPMG are expected to be present at the Annual Meeting with the opportunity to make a statement, if they desire, and will be available to respond to appropriate questions from the shareholders.

OTHER BUSINESS

The Board of Directors knows of no other business to be presented at the Annual Meeting; however, if any other matters do properly come before the meeting, it is intended that the persons appointed as proxies will vote in accordance with their best judgment.

Edgar Filing: RLI CORP - Form DEF 14A

It is important that proxies be voted promptly so the presence of a quorum may be assured well in advance of the Annual Meeting, thus avoiding the expense of follow-up solicitations. Accordingly, even if you expect to attend the Annual Meeting, you are requested to date, execute and return the enclosed proxy in the stamped, self-addressed envelope provided. If possible, vote your proxy over the Internet or by telephone using the instructions on your proxy card.

3.3 Each Participant will be assigned a percent of MVP as determined annually by the Executive Resources Committee of the Board of Directors of RLI Corp. The assigned percent times MVP will be credited without limit to a memo bank account for each Participant. If the Required Return is not achieved, any amount less than the Required Return will be charged to the Participant bank account at the same rate without limit.

3.4 The bonus for a Participant newly hired during the Award Year shall be calculated prorata beginning the first day of the following month of employment. The new Participant shall not be eligible to participate in the plan if hired during the fourth quarter.

3.5 Bonus Bank

As MVP bonuses are calculated after tax, the earned bonus will be grossed up by the company's marginal state and federal income tax rate and credited to the Participant's bonus bank account, established for that purpose. If the Required Return is not earned, negative bonus will be grossed up by the same tax rates and charged to the Participant's bonus bank account. The grossed up debit or credit to the bank will be made without limit. These calculations shall be done immediately after the annual audit.

3.6 Except as otherwise provided in Section 3.7, interest on cash held will be accrued to the bank in arrears by the Company to each Participant's bank account once a year at December 31st on any unpaid positive balance before the current year's contribution. The interest rate applied will be the three year U.S. Government Treasury Bill rate in effect at the beginning of the fiscal year.

3.7 Except as otherwise provided in the following paragraphs which are applicable only with respect to any period beginning on or after May 1, 2001, after the Award Year bonus (or charge) and applicable interest are posted to the Participant's bank account and upon completion of the annual outside audit, 40% of any positive total bonus bank balance will be paid to the Participant.

A Participant may elect to defer any amount due to be paid in future periods subject to the terms of the RLI Corp./Executive Deferred Compensation Agreement and must be made prior to the beginning of the referent calendar year.

3.8 Positive or negative balances will be carried forward to the next year. The Participant will not be required to reimburse the company for a negative balance.

3.9 Upon Normal Retirement should the Participant's bank account balance be positive it will be payable to the Participant subject to the following limitations:

3.91 The bank account balance of the terminated Participant will be calculated as of the end of the quarter prior to and during the quarter in which the termination took place. It will be the Company's option to pay the lower of the calculated amounts.

The Participant's bank account balance will be at risk from a negative MVP charge only until that time. If retirement is at age 65 or after, a lump sum distribution will be made within 90 days of termination. If retirement is before age 65, the balance will be paid quarterly as an annuity to age 65 using the 5 year Treasury Note rate at the date of retirement. All payments are subject to the following benefits and restrictions:

3.911 The Participant shall not enter into any employment directly or indirectly related to the insurance industry without the prior written approval of the Company's Executive Resources Committee.

3.912 During the payment period the Participant must cooperate with the Company and must not divulge or use in any way, either directly or indirectly, whether or not for personal gain, proprietary Company information such as, but not limited to, customer lists, software, or company procedures. 5. NON-ASSIGNABLE DEATH AND TOTAL DISABILITY

No right or interest of any Participant in the plan shall be assignable or transferable or subject to any lien, directly, by operation of law or otherwise, including execution, levy garnishment, attachment, pledge and bankruptcy. In the event of a Participant's death or total disability, payment of the then existing balance calculated to the end of the nearest quarter shall be made to the Participant. If deceased, payment will be made to the Participant's designated beneficiary, or in the absence of such designation, to the Participant's estate. If in the judgment of the Plan Administration Committee the beneficiary designation is insufficient, or if the designated beneficiary dies before all payments due have been made, any unpaid earned bonus amount will be made in the order noted during the lifetime of each individual beneficiary: the Participant's spouse if living, or if not, the Participant's then living descendants per stirpes, or if there are none, the Participant's estate.

The foregoing sentence shall not relieve RLI of its obligation to pay the bonus when due under the terms of the plan.

9. EMPLOYMENT OR RELATED AGREEMENTS

This plan does not constitute a contract between RLI and any Participant or a consideration for or an inducement for the employment of any Participant. Nothing in this plan will be deemed to give any Participant the right to be retained in the service or to interfere with the right of the Company to discharge any Participant at any time regardless of the effect which such discharge will have upon such individual under this plan. All payments under the plan are contingent upon the Participant's compliance with the provisions of the plan.

10. EFFECTIVE DATE

The effective date of the plan is January 1, 1996.

The waiver by RLI of any breach of this plan, whether in a single instance or repeatedly, shall not be construed as a waiver of rights under the plan. Such breach shall not be construed as a waiver by RLI to strictly adhere to the terms and conditions of this plan, nor as a waiver of any claim for damages or other remedy by reason of any such breach.
