RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC.
Notes to Financial Statements
June 30, 2002

(1) Organization and Business Purpose

Renaissance Capital Growth & Income Fund III, Inc. (the Fund), a Texas corporation, was formed on January 20, 1994. The Fund offered to sell shares in the Fund until closing of the offering on December 31, 1994. The Prospectus of the Fund required minimum aggregate capital contributions by shareholders of not less than \$2,500,000 and allowed for maximum capital contributions of \$100,000,000. The Fund seeks to achieve current income and capital appreciation potential by investing primarily in unregistered equity investments and convertible issues of small and medium size companies which are in need of capital and which Renaissance Capital Group, Inc. (Investment Advisor) believes offers the opportunity for growth. The Fund is a non-diversified closed-end investment company and has elected to be treated as a business development company under the Investment Company Act of 1940, as amended (1940 Act).

(2) Summary of Significant Accounting Policies

(a) Valuation of Investments

Portfolio investments are stated at quoted market or fair value as determined by the Investment Advisor (note 5). The securities held by the Fund are primarily unregistered and their value does not necessarily represent the amounts that may be realized from their immediate sale or disposition.

(b) Other

The Fund follows industry practice and records security transactions on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

(c) Cash and Cash Equivalents

The Fund considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents.

RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC.
Notes to Financial Statements
June 30, 2002

(d) Federal Income Taxes

The Fund has elected the special income tax treatment available to regulated investment companies ("RIC") under Subchapter M of the Internal Revenue Code (IRC) in order to be relieved of federal income tax on that part of its net investment income and realized capital gains that it pays out to its shareholders. The Fund's policy is to comply with the requirements of the IRC that are applicable to

regulated investment companies. Such requirements include but are not limited to certain qualifying income tests, asset diversification tests, and distribution of substantially all of the Fund's taxable investment income to its shareholders. It is the intent of management to comply with all RIC requirements and to distribute all of its taxable investment income and long-term capital gains within the defined period under the IRC to qualify as a regulated investment company. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation, which could result in a substantial reduction in the Fund's net assets as well as the amount of income available for distribution to shareholders.

(e) Net Income per Share

Net income per share is based on the weighted average of shares outstanding of 4,361,618 during each period.

(f) Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions as to the valuation of investments that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

(3) Management and Organization Fees

The Investment Adviser for the Fund is registered as an investment adviser under the Investment Advisers Act of 1940. Pursuant to an Investment Advisory Agreement (the Agreement), the Investment Adviser performs certain services, including certain management, investment advisory, and administrative services necessary for the operation of the Fund. In addition, under the Agreement the Investment Adviser is reimbursed by the Fund for certain administrative expenses. A summary of fees and reimbursements paid by the Fund under the Agreement, the Prospectus, and the original offering document are as follows:

27

RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC.
Notes to Financial Statements
June 30, 2002

- o The Investment Adviser receives a fee equal to 0.4375% (1.75% annually) of the Net Assets each quarter. The Fund incurred \$233,831 for such management fees for the quarter ended June 30, 2002, and \$478,312 for the six months ended June 30, 2002. Amounts payable for such fees at June 30, 2002, were \$233,831.
- o The Investment Adviser was reimbursed by the Fund for administrative expenses paid by the Investment Adviser on behalf of the Fund. Such reimbursements were \$28,190 for the quarter ended June 30, 2002, and \$41,434 for the six months ended June 30, 2002, and are included in general and administrative expenses in the accompanying statements of operations.
- o The Investment Adviser is to receive an incentive fee in an amount equal to 20% of any of the Fund's realized capital gains computed net of all realized capital losses and cumulative unrealized depreciation of the Fund, which fee is to be accrued and paid on a quarterly basis. The Fund did not incur any incentive fees for the quarter ended June

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form 10-Q

30, 2002, or for the six months ended June 30, 2002..

(4) Eligible Portfolio Companies and Investments

- (a) Eligible Portfolio Companies. The Fund invests primarily in convertible securities and equity investments of companies that qualify as Eligible Portfolio Companies as defined in Section 2(a)(46) of the 1940 Act or in securities that otherwise qualify for investment as permitted in Section 55(a)(1) through (5). Under the provisions of the 1940 Act at least 70% of the fund's assets, as defined under the 1940 Act, must be invested in Eligible Portfolio Companies. In the event the Fund has less than 70% of its assets in eligible portfolio investments, then it will be prohibited from making non-eligible investments until such time as the percentage of eligible investments again exceeds the 70% threshold.
- (b) Investments. Investments are carried in the statements of assets and liabilities as of December 31, 2001, and June 30, 2002, at fair value, as determined in good faith by the Investment Adviser. The convertible debt securities held by the Fund generally have maturities between five and seven years and are convertible into the common stock of the issuer at a set conversion price at the discretion of the fund. The common stock underlying these securities is generally unregistered and thinly to moderately traded but is not otherwise restricted. The Fund may register and sell such securities at anytime with the Fund paying the costs of registration. Interest on the convertible securities are generally payable monthly. The convertible debt securities generally contain embedded call options giving the issuer the right to call the underlying issue. In these instances, the Fund has the right of

28

RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC.

Notes to Financial Statements

redemption or conversion. The embedded call option will generally not vest until certain conditions are achieved by the issuer. Such conditions may require that minimum thresholds be met relating to underlying market prices, liquidity, and other factors.

(5) Valuation of Investments

On a quarterly basis, Renaissance Group prepares a valuation of the assets of the Fund subject to the approval of the Board of Directors. The valuation principles are as follows:

- o Generally, the guiding principle for valuation is application of objective standards. The objective standards for determining market prices and applying valuation methodologies will govern in all situations except where a debt issuer is in default.
- o Generally, the fair value of debt securities and preferred securities convertible into common stock is the sum of (a) the value of such securities without regard to the conversion feature, and (b) the value, if any, of the conversion feature. The fair value of debt securities without regard to conversion features is determined on the basis of the terms of the debt security, the interest yield, and the financial condition of the issuer. The fair value of preferred

securities without regard to conversion features is determined on the basis of the terms of the preferred security, its dividend, and its liquidation and redemption rights and absent special circumstances will typically be equal to the lower of cost or 120% of the value of the underlying common stock. The fair value of the conversion features of a security, if any, are based on fair values of the derivative securities as of the relevant date less an allowance, as appropriate, for costs of registration, if any, and selling expenses.

- o Portfolio investments for which market quotations are readily available and which are freely transferable are valued as follows: (i) securities traded on a securities exchange or the Nasdaq or in the over-the-counter market are valued at the closing price on, or the last trading day prior to, the date of valuation, and (ii) securities traded in the over-the-counter market that do not have a closing price on, or the last trading day prior to, the date of valuation are valued at the average of the closing bid and ask price for the last trading day on, or prior to, the date of valuation. Securities for which market quotations are readily available but are restricted from free trading in the public securities markets (such as Rule 144 stock) are valued by discounting the closing price or the closing bid and ask prices, as the case may be, for the last trading day on, or prior to, the date of valuation to reflect the liquidity caused by such restriction, but taking into consideration the existence, or lack thereof, of any contractual right to have the securities registered and freed from such trading restrictions.

29

RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC.
Notes to Financial Statements
June 30, 2002

- o Because there is no independent and objective pricing authority (i.e. a public market) for investments in privately held entities, the latest sale of equity securities will govern the value of the enterprise. This valuation method will cause the Fund's initial investment in the private entity to be valued at cost. Thereafter, new issuances of equity or equity-linked securities by a portfolio company will be used to determine enterprise value as they will provide the most objective and independent basis for determining the worth of the issuer.

There can be no assurance that stated market rates for private equity valuations will stay constant, or that future equity raises will value the portfolio company at levels equal to or greater than the prior equity financing for the issuer. As a result, the Fund's valuation of a privately held portfolio company may be subject to downward adjustment that would directly impact the Fund's net asset value and which could result in a substantial reduction in both the fund's net assets and the amount of income available for distribution to shareholders.

- o Where a portfolio company is in default on a debt instrument held by the Fund, and no market exists for that instrument, then the fair value for the investment is determined on the basis of appraisal procedures established in good faith by the Investment Adviser. This type of fair value determination is based upon numerous factors such as the portfolio company's earnings and net worth, market prices for

comparative investments (similar securities in the market place), the terms of the Fund's investment, and a detailed assessment of the portfolio company's future financial perspective. In the event of unsuccessful operations by a portfolio company, the appraisal may be based upon a net realizable value when that investment is liquidated.

As of December 31, 2001, and June 30, 2002, the net unrealized appreciation associated with investments held by the Fund was \$14,746,533, and \$17,552,043 respectively.

(6) Restricted Securities

As indicated on the statement of investments as of June 30, 2002, the Fund holds investments in shares of common stock, the sale of which is restricted. These securities have been valued by the Investment Adviser after considering certain pertinent factors relevant to the individual securities (note 5).

(7) Securities Sold Under Agreements to Repurchase

Securities sold under agreements to repurchase are collateralized by \$16,996,888 in Federal securities and \$1,700,000 in cash held by the broker and are included in cash and cash equivalents and investments on the statement of assets and liabilities as of June 30, 2002.

Results of Operations for the Quarter Ended June 30, 2002

For the quarter ended June 30, 2002, the Fund had a net investment loss of (\$388,863) compared to a net investment loss of (\$1,319,241) in the second quarter of 2001. Most of the difference came from reduced expenses in the second quarter of 2002 versus the same period of a year ago. No incentive fees were incurred by the Fund in the current year second quarter versus \$911,857 in incentive fees incurred in the second quarter of 2001. Additionally, management fees were slightly below last year's level as they decreased 2.4% to \$233,831 due to lower valuations for portfolio holdings. These reductions in expenses were slightly offset by general and administrative fees that rose 8.5% to \$159,287 versus \$146,882 in the same period of 2001, as well as higher legal and professional fees for the quarter. Interest income rose from \$19,829 in the three months ended June 30, 2001, to \$93,430 in the three months ended June 30, 2002, due to a higher concentration of the Fund's holdings in interest bearing instruments. Net income in the second quarter of 2002 was (\$2,423,550) due to an increase in the unrealized depreciation on investments of (\$1,985,523) and a realized loss on investments of (\$49,164). In the second quarter of 2001, the Fund had net income of \$5,859,056 as a result of net realized gains on investments of \$4,559,287 and net unrealized appreciation

on investments of \$2,619,010.

For the six months ended June 30, 2002, the Fund incurred a net investment loss of (\$705,270) versus a loss of (\$1,309,535) for the same period of 2001. Again, the reduction in net investment loss was driven primarily by lower expenses as a result of no net realized gains being taken on investments and no accruals of incentive fees so far in 2002. For the first six months of 2001, incentive fees of \$911,857 were incurred by the Fund due to the realization of gains on sales of portfolio investments. For the six months of 2002, general and administrative expenses increased 17% to \$246,609 and legal and professional fees rose from \$112,052 in the first six months of 2001 to \$165,289 for the first six months of 2002. Management fees for the first six months of 2002 were also slightly higher than in the same period of 2001 due higher valuations for portfolio investments over the period. For the first two quarters of 2002, the Fund realized a net loss of (\$1,324,151) due to the realization of losses on portfolio investments of (\$3,424,391) offset by unrealized appreciation on the investment portfolio of \$2,805,510. In the first six months of 2001, the Fund's net income was \$6,258,836 as a result of realized gains taken on investments of \$2,091,629 together with unrealized appreciation on portfolio holdings of \$5,476,742.

Liquidity and Capital Resources

For the three months ended June 30, 2002, net assets decreased by (\$2,423,550) giving the fund net assets of \$53,213,357 at June 30, 2002, or \$12.20 per share. The reduction in net assets is due to the net investment loss of (\$388,863), combined with lower valuations of portfolio investments and net realized losses on investments of (\$49,164). The Fund's losses on Northwestern Steel and Wire Corp. and Play by Play Toys and Novelties, Inc., were \$127,500 and \$2,002,981, respectively. Offsetting these losses were gains taken on the sale of 265,000 shares of Bentley Pharmaceuticals which resulted in net proceeds of \$3,016,629 which represented a gain of \$2,081,317.

36

At the end of the second quarter of 2002, the Fund had net cash and cash equivalents of \$4,795,570 versus net cash and cash equivalents of \$4,219,131 at March 31, 2002. The increase in cash and cash equivalents results from cash proceeds realized on the sale of common stock of Bentley Pharmaceuticals. The Fund's interest receivable increased from \$70,276 at March 31, 2002, to \$112,974 at June 30, 2002.

Pending investment in portfolio investments, funds are invested in temporary cash accounts and in government securities. Government securities used as cash equivalents will typically consist of U. S. Treasury securities or other U. S. Government and Agency obligations having slightly higher yields and maturity dates of three months or less. These investments qualify for investment as permitted in Section 55(a)(1) through (5) of the 1940 Act.

Renaissance Capital Growth and Income Fund III, Inc.
Renaissance Capital Group, Inc.

CODE OF ETHICS

Adopted , July 11, 2002

As Required by Rule 17j-1 under the Investment Company Act of 1940

Section 1: Statement of Purpose and Applicability

- (A) Covered Entities and Their Relationships
 - (1) The Company. Renaissance Capital Growth and Income Fund III, Inc., a Texas corporation (the "Company"), has elected to be regulated as a business development company (a "BDC") under the Investment Company Act of 1940, as amended (the "1940 Act").
 - (2) The Adviser. Renaissance Capital Group, Inc., a Texas corporation

(the "Adviser"), is registered as an investment adviser under the Investment Advisers Act of 1940 and is the investment adviser of the Company.

(B) Statement of Purpose

- (1) Introduction. Like an investment company registered under the 1940 Act, an investment company that has elected to be regulated as a BDC has a fiduciary duty to its shareholders, a duty that is recognized under the federal securities laws and regulations governing the Company's operations. In particular, the 1940 Act establishes as a matter of federal law the fiduciary status of affiliates of an investment company vis-a-vis such company and regulates and controls the relationship among: an investment company; its directors, officers and employees; its investment advisers; and directors, officers and employees of such advisers. The 1940 Act specifically prohibits certain types of financial transactions involving, directly or indirectly, both an investment company and its investment adviser or directors, officers or employees of such adviser unless prior approval is obtained from the U.S. Securities and Exchange Commission (the "SEC").

An underlying policy of the 1940 Act is to prohibit any person who is connected with an investment company or an investment

Code of Ethics
Revised July 11, 2002

Page 1 of 20

adviser of such company from deriving hidden profit from his or her association with such company. The 1940 Act, among other things, prohibits persons affiliated with an investment company from engaging in practices that constitute fraud or deceit upon the company or its shareholders, including the practice by its directors, officers or employees or of any investment adviser or its directors, officers or employees of trading privately (i.e., for their own accounts) in securities at a time when the investment company is caused to trade in the same securities in order to benefit these affiliated persons. Thus, the 1940 Act requires investment company directors, officers and employees as well as investment advisers, directors, officers and employees of investment advisers and other affiliates to serve the company with undivided loyalty.

- (2) Code of Ethics. Rule 17j-1, promulgated by the SEC pursuant to Section 17(j) of the 1940 Act and made applicable to BDCs by Section 59 of the 1940 Act, makes it unlawful for affiliated persons of the Company or the Adviser, in connection with the purchase or sale, directly or indirectly, by such person of any Security Held or to Be Acquired by the Company, to: (i) employ any device, scheme or artifice to defraud the Company; (ii) make any untrue statement of a material fact to the Company or omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they are made to the Company, not misleading; (iii) engage in any act, practice, or course of business that operates or would operate as a fraud or deceit upon the Company; or (iv) engage in any manipulative practice with respect to the Company.

Rule 17j-1 also requires investment companies and their investment advisers (including subadvisers) and principal underwriters to adopt written codes of ethics reasonably designed to prevent their officers and directors, as well as any employees who participate in the selection of a company's portfolio securities or who have access to information regarding a company's impending purchases and sales of portfolio securities, from engaging in conduct prohibited by the rule as described in (i) - (iv) above. Therefore, the Board of Directors of the Company and the Board of Directors of the Adviser have each adopted the conduct standards contained in this Code of Ethics (the "Code") for such individuals.

This Code is based upon the following general fiduciary principles:

- (a) the duty at all times to place the interests of shareholders first;
- (b) the requirement that all personal securities transactions be conducted consistent with the Code and in such a manner as

Code of Ethics
Revised July 11, 2002

Page 2 of 20

to avoid any actual or potential conflict of interest or any abuse of an individual's position of trust and responsibility; and

- (c) the fundamental standard that investment company personnel should not take inappropriate advantage of their positions.
- (3) Scope of the Code. This Code constitutes the Code of Ethics of the Company and of the Adviser. This Code covers the conduct (including the personal securities transactions) of each director and officer of the Company or the Adviser, as well as certain employees of the Company or the Adviser (or of another company in a control relationship to the Company or the Adviser) and certain natural persons in a control relationship to the Company or the Adviser.

Section II: Definitions

- (A) Access Person. "Access Person" means any director, officer, or Advisory Person of the Company or the Adviser.
- (B) Adviser. The "Adviser" means Renaissance Capital Group, Inc., a Texas corporation.
- (C) Advisory Person. "Advisory Person" of the Company or the Adviser means: (i) any employee of the Company or the Adviser (or of any company in a control relationship to the Company or the Adviser), who, in connection with his or her regular functions or duties, makes, participates in, or obtains information regarding the purchase or sale of Covered Securities by the Company, or whose functions relate to the making of any recommendations with respect to such purchases or sales; and (ii) any natural person in a control relationship to the Company or the Adviser who obtains information concerning recommendations made to the Company with regard to the purchase or sale of Covered Securities by the Company.

A person does not become an "Advisory Person" simply by virtue of: (1)

normally assisting in the preparation of public reports, or receiving public reports, but not receiving information about current recommendations or trading of securities; or (2) a single instance of obtaining knowledge of current recommendations or trading activity; or infrequently and inadvertently obtaining such knowledge.

- (D) Beneficial Interest. "Beneficial Interest" includes any entity, person, trust, or account with respect to which an Access Person exercises investment discretion or provides investment advice. A beneficial interest shall be presumed to include all accounts in the name of or for the benefit of the Access Person, his or her spouse, dependent children, or any person living with him or her or to whom he or she contributes economic support.
- (E) Beneficial Ownership. "Beneficial Ownership" shall be interpreted in the same manner as it would be under Rule 16a-1(a)(2) under the 1934 Act,

Code of Ethics
Revised July 11, 2002

Page 3 of 20

except that the determination of direct or indirect Beneficial Ownership shall apply to all securities, and not just equity securities, that an Access Person has or acquires. Rule 16a-1(a)(2) provides that the term "beneficial owner" means any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise, has or shares a direct or indirect pecuniary interest in any equity security. Therefore, an Access Person may be deemed to have Beneficial Ownership of securities held by members of his or her immediate family sharing the same household, or by certain partnerships, trusts, corporations, or other arrangements.

- (F) Company. The "Company" means Renaissance Capital Growth and Income Fund III, Inc., a Texas corporation.
- (G) Control. "Control" shall have the same meaning as that set forth in Section 2(a)(9) of the 1940 Act, which defines control to mean the power to exercise a controlling influence on the management or policies of a company, unless such power is solely the result of an official position with such company. Any person who owns beneficially, either directly or through one or more controlled companies, more than 25 percent of the voting securities of a company is presumed to control such company. Any person who does not so own more than 25 percent of the voting securities of any company is presumed not to control such company.
- (H) Covered Security. "Covered Security" means a security as defined in Section 2(a)(36) of the 1940 Act, except that it does not include: (i) direct obligations of the Government of the United States; (ii) bankers' acceptances, bank certificates of deposit, commercial paper and high quality short-term debt instruments, including repurchase agreements; and (iii) shares issued by open-end investment companies registered under the 1940 Act.
- (I) Designated Officer. "Designated Officer" shall mean the officer of the Company or the Adviser designated from time to time by the Board of Directors of the Company or the Adviser, respectively, to be responsible for management of compliance with this Code. The Designated Officer may appoint a designee to carry out certain of his or her functions pursuant to this Code.

- (J) Disinterested Director. "Disinterested Director" means a director of the Company who is not an "interested person" of the Company within the meaning of Section 2(a)(19) of the 1940 Act, and who would not be required to make a report under Section 4 of this Code solely by reason of being a director of the Company.

- (K) Initial Public Offering. "Initial Public Offering" means an offering of securities registered under the 1933 Act, the issuer of which, immediately before the registration, was not subject to the reporting requirements of Sections 13 or 15(d) of the 1934 Act.
- (L) Investment Personnel. "Investment Personnel" of the Company or the Adviser means: (i) an employee of the Company or the Adviser (or of any company in a control relationship to the Company or the Adviser) who, in connection with his or her regular functions or duties, makes or participates in making recommendations regarding the purchase or sale of securities by the Company; and (ii) any natural person who controls the Company or the Adviser and who obtains information concerning recommendations made to the Company regarding the purchase or sale of securities by the Company.
- (M) Limited Offering. "Limited Offering" means an offering that is exempt from registration under the 1933 Act pursuant to Section 4(2) or Section 4(6) or pursuant to Rule 504, Rule 505, or Rule 506 under the 1933 Act.
- (N) Portfolio Manager. "Portfolio Manager" means the person or persons primarily responsible for the day-to-day management purchase and sale of securities by the Company.
- (O) Purchase or Sale of a Covered Security. "Purchase or Sale of a Covered Security" includes, among other things, the writing of an option to purchase or sell a Covered Security, or the use of a derivative product to take a position in a security.
- (P) SEC. "SEC" means the U. S. Securities and Exchange Commission.
- (Q) Security Held or to Be Acquired. A "Security Held or to Be Acquired" means: (i) with respect to the Disinterested Directors of the Company (a) any Covered Security which, within the most recent 15 days, is or has been held by the Company or is being or has been considered by the Company or the Adviser for purchase by the Company; and (b) any option to purchase or sell, and any security convertible into or exchangeable for, a Covered Security described in clause (a); and (ii) with respect to any Access Person of the Company or the Adviser not included in clause (i) (a) any Covered Security which, within the most recent 15 days, is or has been held by the Company or other Advisory Client of the Adviser or is being or has been considered by the Company or the Adviser for purchase by the Company or other Advisory Client of the Adviser; and (b) any option to purchase or sell, and any security convertible into or exchangeable for, a Covered Security described in clause (a).
- (R) 1933 Act. "1933 Act" means the Securities Act of 1933, as amended, and all regulations promulgated thereunder.

Section III: Standards of Conduct

(A) General Standards

- (1) No Access Person shall engage, directly or indirectly, in any business transaction or arrangement for personal profit that is inconsistent with the best interests of the Company or its shareholders; nor shall he or she make use of any confidential information gained by reason of his or her employment by or affiliation with the Company or the Adviser or affiliates thereof in order to derive a personal profit for himself or herself or for any Beneficial Interest, in violation of the fiduciary duty owed by the Company's affiliates to the Company and its shareholders.
- (2) Any Access Person recommending or authorizing the purchase or sale of a Covered Security by the Company shall, at the time of such recommendation or authorization, disclose any Beneficial Interest in, or Beneficial Ownership of, such Covered Security or the issuer thereof.
- (3) No Access Person shall dispense any information concerning securities holdings or securities transactions of the Company to anyone outside the Company, without obtaining prior written approval from the Designated Officer of the Company or the Adviser, as the case may be, or such person or persons as these individuals may designate to act on their behalf. Notwithstanding the preceding sentence, such Access Person may dispense such information without obtaining prior written approval:
 - (a) when there is a public report containing the same information;
 - (b) when such information is dispensed in accordance with compliance procedures established to prevent conflicts of interest between the Company and its affiliates;
 - (c) when such information is reported to directors of the Company;
 - (d) in the ordinary course of his or her duties on behalf of the Company; or

- (e) as required by applicable law.
- (4) All personal securities transactions should be conducted consistent with this Code and in such a manner as to avoid actual

or potential conflicts of interest, the appearance of a conflict of interest, or any abuse of an individual's position of trust and responsibility with respect to the Company.

(B) Prohibited Transactions

- (1) General Prohibition. No Access Person shall purchase or sell, directly or indirectly, any securities of the Company or any Security Held or to Be Acquired in which he or she has, or by reason of such transaction acquires, any direct or indirect Beneficial Ownership, unless such purchase or sale has been pre-cleared by the Designated Officer. Such pre-clearance shall be effective for 5 days, subject to nullification at any time during the 5-day period by the Designated Officer in order to prevent a violation of the Code. Pre-clearance may be conducted verbally, subject to the requirement and request, affirmative or negative, that it be documented in writing as soon as practicable. A form for pre-clearance of transactions in the securities of the Company and/or any Security Held or to Be Acquired is attached hereto as Exhibit A.
- (2) Initial Public Offerings and Private Placements. No Investment Personnel shall acquire, directly or indirectly, any securities in which he or she by reason of such transaction acquires any direct or indirect Beneficial Ownership pursuant to an Initial Public Offering or Limited Offering, unless such Investment Personnel shall have obtained prior written approval for such purpose from the Designated Officer of the Company or the Adviser. In determining whether such prior approval shall be granted, the Designated Officer shall take into account whether the opportunity to purchase such Covered Securities is being offered to such Investment Personnel because of his or her position with the Company or the Adviser, and whether the opportunity to purchase such Covered Securities should be reserved for the Company. Investment Personnel who purchase Covered Securities pursuant to such prior approval shall disclose that investment if they later become aware of or play a part in the Company's subsequent consideration of an investment in the issuer of the Covered Securities. In such circumstances, the Company's decision to purchase Covered Securities of the issuer shall be subject to an independent review by an Advisory Person with no personal interest in the issuer.

(3) Blackout Periods

- (a) Open Order Blackout Period. No Advisory Person shall purchase or sell, directly or indirectly, any Securities in which he or she has, or by reason of such transaction acquires, any direct or indirect Beneficial Ownership on any day during which the Company has a pending "buy" or "sell" order in that same Security until that order is executed or withdrawn.
- (b) Fifteen Day Blackout Period. No Portfolio Manager shall purchase or sell, directly or indirectly, any Securities in which he or she has, or by reason of such transaction acquires, any direct or indirect Beneficial Ownership within

seven days before and after the Company trades in that security.

- (4) Short-Term Trading. No Advisory Person shall profit in the purchase and sale, or sale and purchase, directly or indirectly, of the same (or equivalent) securities in which he or she has, or by reason of such transaction acquires, any direct or indirect Beneficial Ownership within 60 calendar days. Exceptions to this short-term trading prohibition may be made on a case-by-case basis with the prior written approval of the Designated Officer of the Company or the Adviser when no abuse appears to be involved and the equities of the situation strongly support such an exception. A form for approval of Short-Term Trading is attached hereto as Exhibit B.
 - (5) Gifts. No Investment Personnel may accept, directly or indirectly, any gift, favor, or service of significant value from any person with whom he or she transacts business on behalf of the Company or the Adviser under circumstances when to do so would conflict with the Company's best interests or would impair the ability of such person to be completely disinterested when required, in the course of business, to make judgments and/or recommendations on behalf of the Company.
 - (6) Service as Director. No Investment Personnel shall serve on the Board of Directors of a publicly traded company without notice to the Designated Officer of the Company or the Adviser.
- (C) Exempted Transactions. The prohibitions of Sections III(A) and (B) of this Code shall not apply to the following transactions, although the reporting provisions of Section IV(B) of this Code, which requires mandatory reporting of Covered Securities transactions by certain Access Persons, will continue to apply to such transactions where applicable:
- (1) Purchases or sales effected in any account over which the Access Person has no direct or indirect influence or control.

Code of Ethics
Revised July 11, 2002

Page 8 of 20

- (2) Purchases or sales that are non-volitional on the part of either the Access Person or the Company.
- (3) Purchases that are part of an automatic dividend reinvestment plan.
- (4) Purchases effected upon the exercise of rights issued by an issuer pro rata to all holders of a class of its Covered Securities, to the extent such rights were acquired from such issuer, and sales of such rights so acquired.
- (5) Purchases or sales that receive the prior approval of the Designated Officer of the Company or the Adviser because the Designated Officer has determined that particular purchase or sale to be only remotely potentially harmful to the Company, because they would be very unlikely to affect a highly institutional market, or because they clearly are not related economically to the Covered Securities to be purchased, sold, or held by the Company.

Section IV: Procedures to Implement Code of Ethics

The following procedures have been established to assist Access Persons in avoiding a violation of this Code, and to assist the Company and the Adviser in preventing, detecting, and imposing sanctions for violations of this Code. - (4) an Access Person need not make a quarterly transaction report if the report would duplicate information contained in broker trade confirmations or account statements received by the Company with respect to the Access Person in the time required by subsection (B)(2) of this Section IV, if all of the information required by subsection (B)(2) of the Section IV is contained in the broker trade confirmations or account statements, or in the records of the Company, as specified in subsection (B)(4) of this Section IV.

(B) Reporting Requirements

- (1) Initial Holdings Report. An Access Person must file an initial holdings report not later than 10 days after that person became an Access Person.
