PROXY STATEMENT  
-----

ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Interneuron Pharmaceuticals, Inc., a Delaware corporation (the "Company"), for the Annual Meeting of Stockholders to be held at The Doubletree Guest Suites, 550 Winter Street, Waltham, Massachusetts 02451 on Wednesday, March 7, 2001, at 10:00 a.m. and for any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Any stockholder giving such a proxy has the power to revoke it at any time before it is voted. Written notice of such revocation should be forwarded directly to the Executive Vice President, Chief Financial Officer and Treasurer of the Company, at the Company's above stated address. Attendance at the Annual Meeting will not have the effect of revoking the proxy unless such written notice is given or the stockholder votes by ballot at the Annual Meeting.

## Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

If the enclosed proxy is properly executed and returned, the shares represented thereby will be voted in accordance with the directions thereon and otherwise in accordance with the judgment of the persons designated as proxies. Any proxy on which no direction is specified will be voted in favor of the actions described in this Proxy Statement, including the election of the nominees set forth under the caption "Election of Directors," and the approval and ratification of the appointment of PricewaterhouseCoopers LLP as the independent auditors of the Company.

The approximate date on which this Proxy Statement and the accompanying form of proxy will first be mailed or given to the Company's stockholders is February 7, 2001.

Your vote is important. Accordingly, you are urged to sign and return the accompanying proxy card whether or not you plan to attend the Annual Meeting. If you do attend, you may vote by ballot at the Annual Meeting, thereby canceling any proxy previously given.

### VOTING SECURITIES AND VOTING RIGHTS

Holders of shares of Common Stock, par value \$.001 per share (the "Shares"), and holders of shares of Series B and Series C Convertible Preferred Stock, par value \$.001 per share (the "Preferred Shares"), of record as of the close of business on January 22, 2001, are entitled to notice of, and to vote at, the Annual Meeting on all matters except that the holders of the Preferred Shares are not entitled to vote for the election of directors. Except as set forth in the preceding sentence, each outstanding Share is entitled to one vote upon all matters to be acted upon at the Annual Meeting. For purposes of voting at the Annual Meeting on all matters except the election of directors, the Preferred Shares are treated as converted into Shares.

Accordingly, on the record date there were issued and outstanding an aggregate of (i) 42,780,492 Shares entitled to vote for the election of directors, and (ii) 43,402,714 Shares, giving effect to the right to vote 622,222 Shares held by the holder of the 244,425 Preferred Shares, voting as one class, entitled to vote on all other matters. A majority of the outstanding Shares entitled to vote on any matter and represented at the Annual Meeting in person or by proxy shall constitute a quorum. Assuming a quorum is present, (i) the affirmative vote of a plurality of the 42,780,492 Shares so represented and entitled to vote is necessary to elect the directors and (ii) the affirmative vote of a majority of the 43,402,714 Shares so represented and entitled to vote, excluding broker non-votes, is necessary to approve the appointment of PricewaterhouseCoopers LLP as the independent auditors of the Company.

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. If a stockholder, present in person or by proxy, abstains on any matter, the stockholder's Shares will not be voted on such matter. Thus, an abstention from voting on any matter has the same legal effect as a vote "against" the matter, even though the stockholder may interpret such action differently. Except for determining the presence or absence of a quorum for the transaction of business, broker non-votes are not counted for any purpose in determining whether a matter has been approved.

its written charter, a copy of which is attached as Appendix A, adopted by the Board of Directors on June 7, 2000. During the fiscal year ended September 30, 2000, the Audit Committee met four times.

COMPENSATION COMMITTEE REPORT  
ON EXECUTIVE COMPENSATION (2)

General

## Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

The goal of the Company's executive compensation policy is to ensure that an appropriate relationship exists between executive compensation and the creation of stockholder value, while at the same time attracting, motivating and retaining qualified executive officers. Accordingly, compensation structures for the named executive officers of the Company generally include a combination of salary, bonuses and long-term compensation. The Compensation Committee's informal executive compensation philosophy considers a number of factors, which may include:

- . providing compensation levels competitive with companies in comparable industries which are at a similar stage of development, or undergoing similar corporate events, and which are located in the Company's geographic area;
- . identifying appropriate performance goals for the Company and providing flexibility in compensation levels with the achievement of such goals;
- . rewarding above average corporate performance; and
- . recognizing and providing incentive for individual initiative and achievement.

### Base Salary

Base salary for fiscal 2000 was determined based on a range of measures and internal targets set before the start of the fiscal year and in part by comparison to the compensation of executive officers of comparable biotechnology and pharmaceutical companies.

### Bonuses

Bonus compensation for fiscal 2000 was contingent upon the Company achieving certain business and financial objectives during the fiscal year. In formulating the Senior Executive Bonus Plan for fiscal 2000 for executive officers of the Company, including Dr. Cooper, the Compensation Committee adopted performance measures tied to a number of business and financial objectives to be achieved during fiscal 2000 and assigned relative weight to each objective. The Senior Executive Bonus Plan for fiscal 2000 entitled the named executive officers of the Company to a bonus equal to varying percentages of base salary depending upon achieving these objectives which included:

- . achievement of certain defined clinical or regulatory product development milestones;
- . out-licensing of certain compounds to a corporate development/marketing partner on terms approved by the Board of Directors;
- . in-licensing or acquisition of a significant new asset;
- . the fair market value of Shares relative to specified indices;
- . maintaining certain levels of cash; and
- . substantial mitigation of the Company's exposure to Redux-related product liability litigation.

-----

(2) The material in this report is not soliciting material, is not deemed filed with the S.E.C. and is not incorporated by reference in any filing of the Company under the 1933 Act or the 1934 Act, whether made before or after the date of this proxy statement and irrespective of any general

incorporation language in such filing.

15

The Committee considered the Company's performance under these measures for fiscal 2000 and used their subjective judgment and discretion, in accordance with the parameters of the Senior Executive Bonus Plan for fiscal 2000, to make a recommendation to the Board of Directors in approving individual compensation. Under the terms of the Senior Executive Bonus Plan for fiscal 2000, the Board approved a bonus to Dr. Cooper of \$189,000, and bonuses to each of Messrs. Butler and Rogers and Dr. Sandage of \$119,250.

Glenn L. Cooper, M.D.

The compensation received during fiscal 2000 by Dr. Cooper was governed by the Cooper Agreement and substantially in accordance with the policies described above relating to all executive officers. In addition, in adopting the Senior Executive Bonus Plan for fiscal 2000 and establishing the percentage of salary used in calculating the bonus payment to Dr. Cooper, and recommending approval of such bonus, members of the Compensation Committee also considered a subjective evaluation of Dr. Cooper's performance and ability to influence the Company's near and long-term growth. The Compensation Committee considered Dr. Cooper's efforts and performance necessary to achieve specified objective criteria, as described above. See "Employment Agreements."

#### Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the ability of the Company to deduct for tax purposes compensation over \$1,000,000 to any of the named executive officers unless, in general, the compensation is paid pursuant to a plan which is performance related, non-discretionary and has been approved by the Company's stockholders. In fiscal 2000, the Company granted restricted stock awards which, depending upon the fair market value of Shares on the date of vesting of such awards, may result in compensation expense that may not be deductible pursuant to Section 162(m) when recognized; however, no such limitation on deductibility is applicable for fiscal 2000.
