PROXY STATEMENT

INTRODUCTION

This Proxy Statement, with the accompanying proxy card, is being mailed to shareholders on or about April 5, 2002, and is furnished in connection with the solicitation of proxies by the Board of Directors of Allmerica Financial Corporation ("AFC" or the "Company") for use at the Annual Meeting of Shareholders of AFC to be held on May 14, 2002 (the "Annual Meeting").

The record date and hour for determining shareholders entitled to vote at the Annual Meeting has been fixed at the close of business on March 21, 2002 (the "Record Date"). As of the Record Date, 53,375,394 shares of AFC's common stock, par value \$.01 per share (the "Common Stock"), were outstanding and entitled to be voted. Each share of Common Stock entitles its holder to one vote.

The shares of Common Stock represented by the enclosed proxy will be voted as directed by the shareholder or, in the absence of such direction, in favor of the election of the nominees for Director designated herein, and in favor of the ratification of PricewaterhouseCoopers LLP as AFC's independent public accountants for 2002. The enclosed proxy confers discretionary authority with respect to any other proposals that may properly be brought before the Annual Meeting. As of the date hereof, management is not aware of any other matters to be presented for action at the Annual Meeting. If any other matters properly come before the Annual Meeting, however, the proxies solicited hereby will be voted in accordance with the recommendation of the Board of Directors.

As long as a quorum (a majority of issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting) is present at the Annual Meeting either in person or by proxy, a plurality of the votes properly cast is required to elect the Director nominees. Votes withheld from a Director nominee, abstentions and broker non-votes will be treated as present at the Annual Meeting for the purpose of determining a quorum but will not be counted as votes cast.

Any shareholder giving a proxy may revoke it at any time before it is exercised by delivering written notice thereof to the Secretary. Any shareholder attending the Annual Meeting may vote in person whether or not the shareholder has previously filed a proxy. Presence at the Annual Meeting by a shareholder who has signed a proxy, however, does not in itself revoke the proxy.

The enclosed proxy is being solicited by the Board of Directors of AFC. The cost of soliciting proxies will be borne by AFC, and will consist primarily of preparing and mailing the proxies and Proxy Statements. AFC will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their expenses in sending proxy materials to beneficial owners of the Company's stock.

AFC's Annual Report to Shareholders for the fiscal year ended December 31, 2001, including financial statements for AFC and its subsidiaries and the report of PricewaterhouseCoopers LLP thereon, accompanies this Proxy Statement. The Annual Report to Shareholders is neither a part of this Proxy Statement nor incorporated herein by reference.

Certain Information Regarding Directors

General

During the last fiscal year, the Board of Directors held six regularly scheduled meetings. All of the incumbent Directors attended at least 75% of the Board and committee meetings held while they were members during 2001. The Board of Directors has an Audit Committee, a Compensation Committee, a Committee on Directors and an Investment Committee.

Board Committees

The Audit Committee is comprised of Mr. R. Murray (Chair), Ms. Harrison, Mr. Knox and Mr. Towers. The Board has made a determination that the members of the Audit Committee satisfy the requirements of the

New York Stock Exchange as to independence, financial literacy and experience. The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee. The Audit Committee annually reviews and reassesses the adequacy of the Charter. The committee, among other matters, is responsible for

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

the annual recommendation of the independent accountants to be appointed by the Board of Directors as the auditors of the Company and its subsidiaries, and reviews the arrangements for and the results of the auditors' examination of the Company's books and records, auditors' compensation, internal accounting control procedures, and activities and recommendations of the Company's internal auditors. It also reviews the Company's accounting policies, control systems and compliance activities. The committee met four times during 2001.

The Compensation Committee is comprised of Messrs. Varnum (Chair), Henderson and Jacobson. The Compensation Committee has oversight responsibility with respect to compensation matters involving Directors and executive officers of AFC. No member of this committee has any interlocking or other relationships with AFC and its subsidiaries that would call into question his independence as a member of the committee. The committee met twice in 2001.

The Committee on Directors is comprised of Messrs. T. Murray (Chair), Gee and Gerson. The Committee on Directors advises and makes recommendations to the Board on all matters concerning directorship and corporate governance practices and the selection of candidates as nominees for election as directors. The committee held two meetings in 2001. The committee recommended this year's candidates for reelection and recommended Board member committee assignments to the full Board of Directors. The committee is authorized to consider nominees recommended by shareholders. Shareholders who wish to suggest qualified candidates for consideration by the committee may do so by writing to the Secretary of the Company, giving the candidate's name, biographical data and qualifications. Pursuant to the Company's by-laws, shareholders seeking to nominate a candidate for election to the Board of Directors must deliver written notice of such nomination to the Company's Secretary not less than 60 days nor more than 90 days prior to the Annual Meeting. The notice must set forth the name, address and AFC stockholdings of the shareholder submitting the nomination, as well as information concerning the nominee that is required to be disclosed pursuant to the Securities Exchange Act of 1934, as amended. In addition, the notice must be accompanied by a petition signed by at least 100 record holders of AFC common stock representing in the aggregate at least one percent of the outstanding shares entitled to vote on the election of directors.

The Investment Committee is comprised of Messrs. Henderson (Chair), Angelini and Jacobson. The Investment Committee reviews and evaluates, as may be appropriate, information relating to the Company's investable assets, its investment policies, strategies, objectives and activities. The committee met three times in 2001.

Board Compensation

For the period from the 2001 Annual Meeting of Shareholders to this year's Annual Meeting, Non-employee Directors received an annual retainer consisting of 1,367 shares of AFC Common Stock issued pursuant to the 1996 Non-Employee Director Stock Ownership Plan. The shares granted to each Non-employee Director equated to approximately \$74,000 of value on the grant date. The Board of Directors has decided that its total compensation, including the annual stock retainer and meeting fees, will be assessed each year in comparison to the total compensation paid to directors of other insurance and financial services companies. Based on this assessment, the Board of Directors may modify the retainer or meeting fees as deemed necessary to maintain a total compensation level near the median of the range for the comparison group. In addition to the

annual retainer, Chairpersons of committees also received a \$5,000 annual retainer, and Non-employee Directors of AFC received \$1,500 per meeting of the

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

Board of Directors and \$1,000 for each meeting of a committee thereof that they attended. In February 2002, based on the recommendation of the Compensation Committee, the Board voted to equate the 2002 annual stock retainer to a value of \$73,000 based on the closing price of AFC's common stock at the end of the third business day preceding this year's Annual Meeting of Shareholders. Mr. O'Brien, the only Director who is also an employee of the Company, is not paid any fees or additional compensation for service as a member of the Board of Directors. All Directors are reimbursed for reasonable travel and other expenses of attending meetings of the Board of Directors and its committees.

Directors may defer receipt of their cash and stock compensation until the earlier of a specified date or the time they are no longer members on the Board of Directors. Deferred cash amounts are accrued in a memorandum account and were credited with interest at eight percent per annum in 2001.

Director Retirement Policy

It is the policy of the Board of Directors that a Director retire at the Annual Meeting of Shareholders following his or her attainment of age 70. A Director who is first elected to the Board after the age of 65, however, will retire at the Annual Meeting of Shareholders following his or her attainment of age 72.

There are no family relationships among any of the Directors or executive officers of AFC and its subsidiaries.

Option Grants in Last Fiscal Year

The following table contains information concerning stock options granted to the Named Executive Officers in 2001. The Company has not granted stock appreciation rights to any of its Named Executive Officers.

Individual Grants

Name	Number of Securities Underlying Options Granted (#) (1)	Percent of Total Options Granted to Employees in 2001	Exercise or Base Price (\$ per share)	Ex
Robert P. Restrepo, Jr.....	32,500	2.5%	\$57.00	2

(1) The securities underlying the options granted were shares of the Company's Common Stock. The options granted become exercisable in 20% increments on the first, second, third, fourth and fifth anniversaries of the date of grant.

(2) In accordance with Securities and Exchange Commission rules, the Black-Scholes option pricing model was chosen to estimate the grant date present value of the options set forth in the table. The Company's use of the model should not be construed as an endorsement of its accuracy at valuing options. All stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the stock price. The following assumptions were made for purposes of calculating the Grant Date Present Value: options exercised from 2.5 to 7 years, stock price volatility of 40.16%, dividend yield of 0.4%, risk-free interest rate of 1.74% and no adjustment made for forfeitures or transferability. The real value of the options depends upon the actual performance of the Company's Common Stock during the applicable period.

Non-Solicitation Agreements and Severance Agreement

All of the Company's Named Executive Officers are subject to non-solicitation agreements ("Non-Solicitation Agreements") with the Company. The Non-Solicitation Agreements provide that, during employment and for a period of two years after termination, the executive officer will not recruit or solicit, attempt to induce, or assist or encourage others to recruit or solicit, any employee, agent or broker of the Company to terminate employment with the Company. The Non-Solicitation Agreements prohibit the executive officers from soliciting the business or patronage of any policyholders or existing or prospective clients, customers or accounts of the Company that were contacted, solicited or served while the executive officer was employed by the Company. Finally, the Non-Solicitation Agreements provide that all proprietary information relating to the Company's business and all software, works of authorship and other developments created during employment by the Company are the sole property of the Company.

In connection with Eric A. Simonsen's resignation as an officer of the Company effective October 1, 2001, the Company paid Mr. Simonsen an amount equal to his 2001 annual salary and agreed to continue certain benefits, including permitting his restricted stock and outstanding options to vest in accordance with existing vesting schedules, and permitting the options to remain exercisable until 18 months following the effective date of his resignation. These arrangements are subject to conditions regarding confidentiality, non-solicitation, non-competition and proprietary information. Mr. Simonsen also forfeited certain stock awards, discussed in note 5 to the Executive Compensation Table in this Proxy Statement.

Employment Continuity Plan

Each of the Named Executive Officers and certain other officers of the Company participate in the Allmerica Financial Corporation Employment Continuity Plan (the "Employment Continuity Plan"). In the event of a Change in Control (defined below) of the Company and subsequent involuntary or constructive termination of a participant within a two-year period after the Change in Control, or voluntary termination of a participant in the 13th month after a Change in Control, the Employment Continuity Plan authorizes the payment of specified benefits to eligible participants. These include a lump-sum cash payment equal to a Multiplier (defined below) times the sum of a participant's base salary, target bonus for the year in which the Change in

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

Control occurs and the amount that otherwise would have been credited under the Company's cash balance pension plan sponsored by the Company or its affiliates. The Multiplier is three (3) for Messrs. O'Brien and Parry, and two (2) for Messrs. Kavanaugh, Reilly and Restrepo. Additionally, the Employment Continuity Plan provides for continued coverage under the health and welfare benefit plans sponsored by the Company and its affiliates, the lump-sum actuarial equivalent for grandfathered benefits earned under the retirement plan for "transition group" employees for the number of years commensurate with the Multiplier, an amount equal to the participant's target bonus pro-rated for service performed in the year of termination, and outplacement services. Participants are also entitled to a gross-up payment when the Change in Control payment or other benefit under the plan is subject to the excise tax imposed by section 4999 of the Internal Revenue Code.

For purposes of the Employment Continuity Plan, a Change in Control is defined as follows: (i) a change in the composition of the Board of Directors such that the Incumbent Directors (as defined in the Employment Continuity Plan) at the beginning of any consecutive twenty-four month period cease to constitute a majority of the Board; (ii) any person or group is or becomes the beneficial owner of 35% or more of the Company's voting stock outstanding; (iii) a merger or consolidation of the Company or any affiliate that requires shareholder approval, unless the shareholders immediately prior to the merger or consolidation own more than 50% of the total voting stock of the successor corporation or a majority of the board of directors of the successor corporation were Incumbent Directors immediately prior to the merger or consolidation; (iv) the approval by shareholders of a sale of all or substantially all of the Company's assets and such sale is consummated; or (v) the approval by shareholders of a plan of liquidation or dissolution of the Company.

14

In the event of a Change of Control, for all stock awards and stock options granted to a participant pursuant to the Company's Long-Term Stock Incentive Plan that do not otherwise vest immediately after the Change of Control, the participant will be paid a lump sum amount equal to (i) the fair market value of all stock awards as of the date of the Change of Control (excluding stock options) and (ii) with respect to stock options, the excess of the fair market value of the Company's common stock as of the date of the Change of Control over the stock option exercise price.

Pension Benefits

The Company maintains a tax-qualified, non-contributory defined benefit pension plan (the "Pension Plan") for the benefit of eligible employees. Prior to January 1, 1995, the Pension Plan benefit formula (the "Prior Plan Formula") was based upon a percentage of the participant's final average compensation multiplied by years of credited service, to a maximum of 35 years. Final average compensation was defined as the average of the highest consecutive five years of eligible compensation or last 60 months, if greater. Benefits under this formula were frozen for all employees as of December 31, 1994.

Effective January 1, 1995, the Company adopted a cash balance plan formula (the "Cash Balance Formula"). Each year, the Company allocates a percentage of a participant's eligible compensation to a separate memorandum account established for the participant. At the end of the year the Company sets the allocation percentage based on Company performance, with a minimum of 0.5% of eligible compensation. Participants may elect hypothetical investment options from choices provided by the Company. Upon termination of employment, participants may elect to receive a monthly annuity payment or an immediate

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

lump sum payment.

The Company also maintains several unfunded, non-qualified retirement arrangements. The Excess Benefit Plan provides eligible individuals with the difference between the benefits calculated under the Pension Plan formula without regard to Federal limitations and the maximum amount that may be paid from the Pension Plan under Federal tax laws. The Non-Qualified Executive Deferred Compensation Plan allows certain employees to defer up to 12.5% of their base salary.

The Company has also adopted the unfunded Non-Qualified Executive Retirement Plan, designed to mirror the Company's qualified plan formulas, under which Messrs. O'Brien and Reilly participate. Effective January 1, 1995, participants irrevocably forfeited future participation in the Company's qualified Pension Plan and 401(k) Matched Savings Plan. Under the Non-Qualified Executive Retirement Plan, participants may (i) elect to defer compensation equal to the maximum 401(k) Matched Savings Plan annual contribution, (ii) receive and defer an amount equal to the Company's matching contribution, (iii) receive and defer an amount equal to the Pension Plan annual Cash Balance Formula allocation without regard to Federal limitations and (iv) defer up to 12.5% of base salary.

The estimated annual retirement benefits payable at the normal retirement age of 65 for the Named Executive Officers is as follows: Mr. O'Brien, \$290,700; Mr. Reilly, \$51,533; Mr. Restrepo, \$65,898; Mr. Kavanaugh, \$135,430; Mr. Parry, \$141,578; and Mr. Simonsen, \$103,795.

These include amounts calculated under the Prior Plan Formula and the Cash Balance Formula, including Excess Plan benefits. Amounts in the Cash Balance memorandum accounts and the Cash Balance accounts calculated for Messrs. O'Brien and Reilly under the Non-Qualified Executive Retirement Plan were projected to age 65 assuming: (i) each individual's eligible compensation until retirement equals base salary plus bonus as shown in the Executive Compensation Table for 2001, (ii) an annual allocation of 5% of eligible compensation and (iii) investment income of 8% per year for Mr. O'Brien and 6% per year for Mr. Reilly.

15

Compensation Committee Report

The Compensation Committee (the "Committee") is responsible for reviewing and establishing the Company's compensation practices and policies, approving salaries for the Chief Executive Officer and other members of senior management, including the Named Executive Officers, who comprise the Operating Committee (the "Operating Committee"), as well as the compensation structure for other senior officers. The Committee also reviews and recommends for Board approval all Board and Committee compensation. In executing its compensation responsibilities, the Committee utilizes the assistance of one or more independent compensation consulting firms. No member of the Committee is a former or current officer or employee of the Company or any of its subsidiaries.

Compensation Philosophy.

The objectives of the executive compensation program are to attract and retain individuals key to the future success of AFC and its subsidiaries, to motivate executives to achieve the business objectives of AFC, and to align the long-term interests of executives with those of shareholders.

Components of Compensation.

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

The principal components of the executive compensation program are base salary, performance-based annual incentive compensation and long-term incentive compensation. Annual base salaries of the Named Executive Officers and other key executives are set at levels considered to be competitive with amounts paid to executive officers with comparable qualifications, experience and responsibilities at competing companies, based on published surveys, proxy and other information. The Company maintains an annual incentive compensation plan providing supplementary cash compensation ("bonuses") to key employees who contribute materially to the success of the Company and its subsidiaries. During 2001, annual incentive compensation under this plan was tied to the achievement of significant individual and financial performance goals, including corporate earnings per share and business unit performance. In light of the year-end corporate earnings per share in relation to these goals, the Committee elected not to pay bonuses or grant annual salary increases to members of the Operating Committee. Long-term incentive compensation is provided under AFC's Long-Term Stock Incentive Plan (the "Stock Plan"), which provides restricted stock grants, stock options and other stock-based compensation intended to promote superior performance over a longer period of time. The Stock Plan is intended to attract and retain executives and to satisfy the objectives of linking executives' long-term interests with those of the shareholders and to encourage stock ownership in the Company. Factors considered in determining the grant of awards under the Stock Plan include the contribution of each executive to the long-term performance of AFC and the importance of such executive's responsibilities within the organization.

Compensation of the Chief Executive Officer.

In approving the 2001 compensation package for Mr. O'Brien, the Committee compared Mr. O'Brien's compensation against the comparative base salaries, annual and long-term incentives and other compensation of chief executives of a peer group of life and property and casualty insurance companies of similar size offering similar products and services. The Committee engaged an independent compensation consultant to assist with the peer group comparisons. The Committee's review also included, but was not limited to, an assessment of the performance of the Company and its subsidiaries in terms of profitability and growth in the various business lines, an evaluation of its capital position and the implementation of significant cost controls and other initiatives. In comparison to the peer group of companies, Mr. O'Brien's base salary and his potential for incentive

16

compensation as a percentage of base salary were within the median market range. To further align Mr. O'Brien's interests with those of the Company's shareholders, and as an incentive for future performance, the Committee approved the grant of 75,500 shares of restricted stock to Mr. O'Brien in March 2001 pursuant to the Stock Plan.

Mr. O'Brien's 2001 incentive compensation performance measures included a corporate goal based upon earnings per share and individual performance goals, such as the achievement of certain financial targets including revenue, expenses and the appreciation of AFC's stock price. Mr. O'Brien did not receive a bonus for 2001.

The Committee believes that the executive compensation policies of AFC and its subsidiaries are appropriate both to attract and retain corporate officers and other key employees with outstanding abilities and to motivate them to perform to the full extent of their abilities.

Compliance with Internal Revenue Code Section 162(m).

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

Section 162(m) of the Internal Revenue Code, generally disallows a tax deduction to public companies for taxable compensation over \$1 million paid to a corporation's chief executive officer and its four other most highly compensated executive officers. Qualifying performance-based compensation, such as stock options and annual bonuses paid under the Short-Term Incentive Compensation Plan which was previously approved by shareholders, is not subject to the deduction limit if certain requirements are met. The Committee currently intends, where practicable in light of other considerations, including the necessity of maintaining competitive pay practices, to structure performance-based executive compensation to maximize the deductibility to the Company of such compensation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires executive officers and Directors, and persons who beneficially own more than ten percent (10%) of the Common Stock, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission (the "Commission") and the New York Stock Exchange (the "NYSE"). Such persons are required by Commission regulations to provide to AFC copies of all their Section 16(a) filings. Based solely on a review of the forms furnished to AFC and written representations from AFC's executive officers and Directors, AFC believes that during 2001 there was full compliance with all Section 16(a) filing requirements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Certain Business Relationships

The Company's subsidiaries or affiliates have, from time to time, retained the services of Bowditch & Dewey LLP, a law firm in which Mr. Angelini is a partner.

Indebtedness of Management

In connection with the relocation to Worcester, Massachusetts of Robert P. Restrepo, Jr., a Named Executive Officer, the Company established a \$1 million line of credit for his purchase and renovation of Mr. Restrepo's home in Worcester. The Compensation Committee of the Board of Directors reviewed and approved the line of credit. Amounts outstanding under the line of credit bear interest at a fixed rate of 5.87% (the applicable federal rate for December 2000), compounded annually. Outstanding principal and accrued interest become due on February 5, 2006. Security for the line of credit consists of AFC common stock owned by Mr. Restrepo and a third mortgage on the acquired real estate. Amounts outstanding under the line of credit become immediately due and payable if Mr. Restrepo's employment with the Company terminates, or if there is a Change in Control of the Company, as defined in the section of this Proxy Statement entitled "Employment Continuity Plan" above. As of March 21, 2002,

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

the total amount outstanding under the loan consisted of principal of \$1,000,000 and accrued interest of \$42,772, which was the largest amount outstanding at any one time since the line of credit was established.
