PROXY STATEMENT FOR
THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON
MAY 3, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Blonder Tongue Laboratories, Inc., a Delaware corporation (the "Company"), to be voted at the 2002 Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held at the Hyatt Regency New Brunswick, 2 Albany Street, New Brunswick, New Jersey 08901 on May 3, 2002, at 10:00 a.m., local time, and at any adjournment or adjournments thereof.

All proxies delivered pursuant to this solicitation are revocable at any time before they are exercised by written notice to the Secretary of the Company, or by delivering a later dated proxy. Attendance at the Annual Meeting will not, without delivery of the written notice described in the immediately preceding sentence, constitute revocation of a proxy. The

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

mailing address of the principal executive offices of the Company is One Jake Brown Road, Old Bridge, New Jersey 08857. The Company's telephone number is (732) 679-4000. This Proxy Statement and the enclosed form of proxy will be mailed to each stockholder on or about April 3, 2002, together with the Annual Report on Form 10-K for the year ended December 31, 2001.

All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the Annual Meeting in accordance with the directions given. Regarding the election of Directors to serve until the 2005 Annual Meeting of Stockholders, in voting by proxy, stockholders may vote in favor of all nominees or withhold their votes as to all nominees or withhold their votes as to specific nominees. With respect to the other proposals to be voted upon, stockholders may vote in favor of a proposal, against a proposal or may abstain from voting. Stockholders should specify their choices on the enclosed form of proxy. If no specific instructions are given with respect to the matters to be acted upon, the shares represented by a signed proxy will be voted FOR the election of all nominees, FOR the proposal to amend the 1995 Long Term Incentive Plan by increasing the number of shares of Common Stock available for awards thereunder, and FOR the proposal to ratify the appointment of BDO Seidman, LLP as independent auditors for the fiscal year ending December 31, 2002. Directors will be elected by a plurality of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the Annual Meeting. Thus, abstentions will have no effect on the vote for election of Directors. Approval of any other matters to come before the Annual Meeting will require the affirmative vote of the holders of a majority of the shares of Common Stock of the Company present in person or by proxy at the Annual Meeting. Broker non-votes, which occur when a broker or other nominee holding shares for a beneficial owner does not vote on a proposal because the beneficial owner has not checked one of the boxes on the proxy card, are not considered to be shares "entitled to vote" (other than for quorum purposes), will not be included in vote totals and will have no effect on the outcome of any matters to be voted upon at the Annual Meeting.

Management is not aware at the date hereof of any matter to be presented at the Annual Meeting other than the election of Directors and the other proposals described in the attached Notice of Annual Meeting of Stockholders. If any other matter is properly presented, the persons named in the proxy will vote thereon according to their best judgement.

The expense of soliciting proxies for the Annual Meeting, including the cost of preparing, assembling and mailing the notice, proxy and Proxy Statement, will be paid by the Company. The solicitation will be made by use of the mails, through brokers and banking institutions, and by officers and regular employees of the Company. Proxies may be solicited by personal interview, mail, telephone or facsimile transmission.

Only owners of record of the common stock, \$.001 par value per share, of the Company ("Common Stock") at the close of business on March 20, 2002 (the "Record Date"), are entitled to notice of and to vote at the Annual Meeting or any adjournments or postponements thereof. Each owner of record on the Record

Date is entitled to one vote for each share of Common Stock of the Company so held. There is no cumulative voting. On the Record Date, there were 7,612,664 shares of Common Stock issued, outstanding and entitled to vote.

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

DIRECTORS' COMPENSATION

During calendar year 2001, each non-employee Director of the Company (other than James H. Williams) received an annual retainer of \$15,000, payable quarterly, a fee of \$1,000 for each Board meeting attended in person (\$500 if attendance was telephonic) and a fee of \$600 for each committee meeting attended in person (\$300 if attendance was telephonic or if attending on the same date as

a Board meeting). Each Director was also reimbursed for certain travel, lodging and related expenses incurred in connection with attendance at Board and committee meetings. During calendar year 2001, Messrs. Luksch, Palle and Dwight did not receive any separate compensation for serving on the Board of Directors or any committees thereof.

Effective January 1, 2000, the Company enacted a new policy requiring each of the Company's Directors to maintain an investment in the Company's Common Stock during his or her entire tenure as a Director equal to at least \$25,000, calculated by taking the greater of (i) the amount paid for such stock by the Director and (ii) the highest fair market value of such stock. Non-employee directors of the Company are encouraged to purchase Company common stock equal to or exceeding one year's annual retainer during any three-year period until they meet this requirement.

In May, 1998, the stockholders of the Company approved the adoption of the Company's Amended and Restated 1996 Director Option Plan (the "1996 Plan"). Under the 1996 Plan, Directors who are not currently employed by the Company or any subsidiary of the Company and who have not been so employed within the past six months are eligible to receive options from time to time to purchase a number of shares of Common Stock as determined by the Board; provided, however, that no Director may be granted options to purchase more than 5,000 shares of Common Stock in any one calendar year. The exercise price for such shares is the fair market value thereof on the date of grant, and the options vest as determined in each case by the Board of Directors. Options granted under the 1996 Plan must be exercised within ten years from the date of grant. A maximum of 100,000 shares may be awarded under the 1996 Plan which expires January 2, 2006. The plan is administered by the Board of Directors.

On February 16, 2001, each of the Company's non-employee Directors other than James H. Williams was granted an option under the 1996 Plan to purchase 5,000 shares of Common Stock at an exercise price of \$2.88 per share. The options vested on the first anniversary of the date of grant.

The Company is party to a consulting and non-competition agreement with James H. Williams for the purpose of obtaining advice and counseling from Mr. Williams concerning strategic planning and financial and business matters. Under this agreement, as amended, Mr. Williams is obligated to make himself available to the Company for up to 25 hours per month, in addition to time spent attending to his duties as a member of the Board of Directors of the Company. Mr. Williams is currently paid \$157,500 per year for his services under this agreement, subject to adjustment on a basis consistent with adjustments to compensation to the Company's senior management. The agreement provides a cap of \$200,000 on payments to be made thereunder during any calendar year. The initial term of this agreement expires on December 31, 2004 and automatically renews thereafter for successive one year terms (subject to termination at the end of any renewal term on at least 90 days' notice). Payments to Mr. Williams under this consulting agreement are in lieu of any other payments in connection with his services as a Director or committee member, other than the reimbursement of certain travel, lodging and related expenses incurred in connection with attendance at Board and committee meetings.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors currently consists of James F. Williams, Robert B. Mayer and Robert E. Heaton. No member of the Compensation Committee was an officer or employee of the Company during fiscal year 2001. None of the executive officers of the Company has served on the board of directors, the compensation committee or any other board committee performing equivalent functions of any other entity, any of whose officers served either on the Board of Directors or the Compensation Committee of the Company.

EMPLOYMENT CONTRACTS

In August 1995, Mr. Altieri and the Company entered into an employment agreement which provides that Mr. Altieri is entitled to receive his base salary for one year following termination of his employment by the Company without cause. Upon his disability, Mr. Altieri is also entitled to receive his base annual salary for one year.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION POLICIES

GENERAL

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The objective of the Company in setting executive compensation has been to attract, retain and motivate qualified executives to manage the Company's business and affairs so as to foster sales and earnings growth, achieve significant current profits and maximize stockholder value. Executive compensation in the aggregate is made up principally of annual base salary, bonus, and awards of stock options under the Company's 1995 Long Term Incentive Plan.

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

Generally, annual salary adjustments and bonuses for executive officers other than Messrs. Luksch and Palle have been established by Mr. Luksch with the concurrence of the Compensation Committee. The annual salary adjustments and bonuses for Messrs. Luksch and Palle are determined by the Compensation Committee, subject to Board approval. An annual performance evaluation of each executive officer is conducted, upon which a salary adjustment is determined. The performance evaluation focuses on the executive's performance during the past year of the responsibilities of his position, the executive's improvement in areas where any deficiencies may have been noted in the past, and the executive's achievement of any specific goals and objectives which may have been established for such executive, including achievement of budget objectives. The Company's overall profit for the fiscal year and the executive's individual contribution to that profit are also considered. As is typical for most corporations, the assessment of individual performance contributions is in most cases subjective and not conditioned upon the achievement of any specific, pre-determined performance targets.

In February, 1997, the Compensation Committee implemented the Executive Officer Bonus Plan ("Executive Bonus Plan"). The Compensation Committee believes that a combination of base salary, cash bonus awards under the Executive Bonus Plan and the award of stock options and/or restricted stock awards will support the short-term and long-term strategic objectives of the Company and will reward individual performance and the value created for stockholders. Cash bonus awards under the Executive Bonus Plan are paid to officers during a particular fiscal year based upon and relating to the financial performance of the Company during the prior fiscal year. During the first quarter of each fiscal year of the Company, the Compensation Committee designates which of the Company's executive officers are to participate in the Executive Bonus Plan for that year. Also during the first quarter, the Compensation Committee establishes one or more objective performance goals for each participant, together with a maximum dollar bonus opportunity for the participant and a formula to determine bonus payments based on the achievement of the goal(s). In no event may the bonus for any participant exceed 100% of such participant's base salary.

The performance goals are expressed in terms of (a) one or more corporate or divisional earnings-based measures (which may be based on net income, operating income, cash flows, or any combination thereof) and/or (b) one or more corporate or divisional sales-based measures. Each such goal may be expressed on an absolute and/or relative basis, may employ comparisons with past performance of the Company (including one or more divisions) and/or the current or past performance of other companies, and in the case of earnings-based measures, may employ comparisons to capital, stockholders' equity and shares outstanding. Performance goals need not be uniform among participants.

After the Company's financial results for a fiscal year have been determined, the Compensation Committee certifies the level of performance goal attainment and the potential bonus payment for each participant. The Compensation Committee has full authority to reduce the amount that would otherwise be payable to any participant for a fiscal year.

For 2001, bonuses under the Executive Bonus Plan were only to be awarded if the Company's diluted earnings per share in 2001 were at least equal to 120% of its average annual diluted earnings per share for calendar years 1998, 1999 and 2000. This threshold requirement for the payment of bonuses was not met for fiscal 2001, therefore no bonuses were awarded under the Executive Bonus Plan. Each of the named executive officers in the Summary Compensation Table herein was eligible to participate in the Executive Bonus Plan during 2001. If awarded, bonuses earned during the 2001 fiscal year under the Executive Bonus Plan (included as bonuses earned

-10-

during 2001 in the Summary Compensation Table herein but payable in 2002) were to be based on a percentage of each recipient's annual salary for 2001 equal to the percentage increase in the Company's diluted earnings per share for fiscal 2001 over the average annual diluted earnings per share for calendar years 1999, 2000 and 2001, multiplied by a multiplier between 1.0 and 1.5 determined on an individual basis by the Compensation Committee, subject to a maximum amount equal to 100% of such recipient's 2001 base annual salary.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Mr. Luksch has been President and Chief Executive Officer of the Company since it commenced operations in 1988. His compensation includes the same elements and performance measures as the compensation of the Company's other executive officers.

Mr. Luksch's annual salary, which had been \$325,000 since January 1999, was increased to \$341,000 effective January 1, 2001 and is expected to remain at this level during 2002. Mr. Luksch received no bonus and no stock options during fiscal year 2001. The Committee believes that Mr. Luksch's overall compensation is fair and reasonable. This assessment is a subjective determination and is not quantitatively related to the Company's performance.

CERTAIN TRANSACTIONS

The President's daughter and son-in-law, Emily Nikoo and Nezam Nikoo, are a marketing manager and senior engineer for the Company, respectively. In addition, Ms. Nikoo heads the Company's task force for the promotion of its interdiction product line. The annual compensation for Ms. Nikoo in 2001 was \$113,625. The annual compensation for Mr. Nikoo was \$110,465. In 2001, Ms. Nikoo was granted options under the 1995 Plan to purchase 10,000 shares of Common Stock at a price of \$2.88 per share, vesting over three years at one-third per year, commencing on February 16, 2002. In 2001, Mr. Nikoo was granted options under the 1995 Plan to purchase 10,000 shares of Common Stock at a price of \$2.88 per share, vesting over three years at one-third per year, commencing on February 16, 2002.

PROPOSAL NO. 2 - AMENDMENT OF 1995 LONG TERM INCENTIVE PLAN

At the Annual Meeting, stockholders will be presented with a proposal to increase the number of shares subject to the Company's 1995 Long Term Incentive Plan, as heretofore amended (the "1995 Plan"), by 250,000 shares. Previously, stockholders have approved a total of 900,000 shares of Common Stock for issuance under the 1995 Plan. Options to purchase a total of 766,500 shares of Common Stock (not including conditionally granted stock option) at exercise prices ranging from \$2.79 to \$8.63 per share have been granted and remain outstanding under the 1995 Plan as of February 28, 2002. No restricted shares have been awarded under the 1995 Plan. The full text of the proposed amendment to the 1995 Plan is set forth in Exhibit A to this Proxy Statement. The foregoing description of such proposed amendment is qualified in its entirety by reference to the text of Exhibit A hereto.

The Board of Directors has historically sought to employ the 1995 Plan as a long-term incentive for its management and employees to enhance stockholder value. Because options granted under the 1995 Plan are generally granted at fair market value of the Common Stock on the date of grant, any value which ultimately accrues to optionees from such options is based entirely on the Company's performance following the date of grant, as perceived by stockholders who establish the price for the Company's shares. The proposed amendment increasing the number of shares subject to the 1995 Plan will permit further grants under such plan, thereby allowing the Company to continue creating incentives for its management and employees to enhance stockholder value. Accordingly, the Board of Directors believes it is in the best interests of the Company and its stockholders to amend the 1995 Plan as described above.

Following the approval of the amendment to the 1995 Plan described above, but subject to stockholder approval, the Board of Directors conditionally granted options to purchase an aggregate of 301,500 shares of Common Stock at an exercise price of \$3.43 per share to certain individuals. The table below summarizes these conditionally granted stock options and provides other information as to the persons to whom such stock options were granted. The remaining shares of Common Stock which approval of this Proposal No. 2 would make subject to the 1995 Plan will be used to make additional grants of stock options from time to time to persons eligible to receive such options.

SUMMARY DESCRIPTION OF THE 1995 PLAN

The 1995 Plan was adopted by the Board of Directors and stockholders on October 3, 1995. It provides for grants of "incentive stock options" or nonqualified stock options, and awards of restricted stock, to executives and key employees, including officers and employee Directors. The 1995 Plan is administered by the Compensation Committee of the Board of Directors, which determines the optionees and the terms of the options granted under the 1995

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

Plan, including the exercise price, number of shares subject to the option and the exercisability thereof, as well as the recipients and number of shares awarded for restricted stock awards; provided, however, that no employee may receive stock options or restricted stock awards which would result, separately or in combination, in the acquisition of more than 100,000 shares of Common Stock of the Company under the 1995 Plan. The exercise price of incentive stock options granted under the 1995 Plan must be equal to at least the fair market value of the Common Stock on the date of grant. With respect to any optionee who owns stock representing more than 10% of the voting power of all classes of the Company's outstanding capital stock, the exercise price of any incentive stock option must be equal to at least 110% of the fair market value of the Common Stock on the date of grant, and the term of the option may not exceed five years. The term of all other incentive stock options granted under the 1995 Plan may not exceed ten years. The aggregate fair market value of Common Stock (determined as of the date of the option grant) for which an incentive stock option may for the first time become exercisable in any calendar year may not exceed \$100,000. The exercise price for nonqualified stock options is established by the Compensation Committee, and may be more or less than the fair market value of the Common Stock on the date of grant.

-13-

Generally, options granted under the 1995 Plan are exercisable over the term of the option, depending upon the optionee's years of service with the Company at the time of grant, as provided by the Compensation Committee. Upon any merger or consolidation, if the Company is not the surviving corporation, all outstanding options granted shall terminate unless such options are assumed or other options are substituted therefor by the successor corporation, or the vesting of such shares is accelerated by the Compensation Committee.

Under the 1995 Plan awards may be made to key executive employees of restricted stock which is forfeitable unless the employee remains in the employ of the Company for five years and does not violate other terms of the award, such as non-transferability. Exceptions to forfeiture are provided for the cases of retirement at age 65 or death while in employment.

The Board of Directors may, upon recommendation of the Compensation Committee and without stockholder approval, terminate the 1995 Plan at any time or modify the 1995 Plan to make certain administrative changes, such as changes imposed by changing tax laws. The Board of Directors may not, without stockholder approval, increase the total number of shares of Common Stock subject to the 1995 Plan, change the class of persons eligible to receive grants under the 1995 Plan or increase the benefits accruing to persons granted options or restricted stock awards under the 1995 Plan.

FEDERAL INCOME TAX CONSEQUENCES RELATING TO THE 1995 PLAN

The federal income tax consequences of an employee's participation in the 1995 Plan are complex and subject to change. The following discussion is only a summary of the general rules applicable to the 1995 Plan. All participants have been and are encouraged to consult their own tax advisors since a taxpayer's particular situation may be such that some variation of the rules described below will apply.

INCENTIVE STOCK OPTIONS. If an option granted under the 1995 Plan is treated as an incentive stock option, the optionee will not recognize any income upon either the grant or the exercise of the option, and the Company will not be allowed a deduction for federal tax purposes. Upon a sale of the shares, the tax treatment to the optionee and the Company will depend primarily upon whether the

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

optionee has met certain holding period requirements at the time he or she sells the shares. In addition, as discussed below, the exercise of an incentive stock option may subject the optionee to alternative minimum tax liability.

If an optionee exercises an incentive stock option and does not dispose of the shares received within two years after the date of such option or within one year after the transfer of the shares to him or her, any gain realized upon the disposition will be characterized as a long-term capital gain and, in such case, the Company will not be entitled to a federal tax deduction.

If the optionee disposes of the shares either within two years after the date the option is granted or within one year after the transfer of the shares to him or her, such disposition will be treated as a disqualifying disposition and an amount equal to the lesser of (1) the fair market value of the shares on the date of exercise minus the purchase price, or (2) the amount realized on the disposition minus the purchase price, will be taxed as ordinary income to the optionee in the taxable year in which the disposition occurs. (However, in the case of gifts, sales to related parties, and certain other transactions, the full difference between the fair market value of the stock on the date of exercise and the purchase price will be treated as compensation income, even if the fair market value on the date of exercise was greater than the value at the time of the transaction). The excess, if any, of the amount realized upon disposition over the fair market value at the time of the exercise of the option will be treated as a long-term capital gain if the shares have been held for more than one year following the exercise of the option.

The exercise of an incentive stock option may subject an optionee to alternative minimum tax liability because the excess of the fair market value of the shares at the time an incentive stock option is exercised over the purchase price of the shares is included in income for purposes of the alternative minimum tax even though it is not included in taxable income for purposes of determining the regular tax liability of an employee. Consequently, an optionee may be obligated to pay alternative minimum tax in the year he or she exercises an incentive stock option.

-14-

In general, there will be no federal income tax deductions allowed to the Company upon the grant, exercise or termination of an incentive stock option. However, in the event an optionee sells or disposes of stock received on the exercise of an incentive stock option in a disqualifying disposition, the Company will be entitled to a deduction for federal income tax purposes in an amount equal to the ordinary income, if any, recognized by the optionee upon disposition of the shares, provided that the deduction is not otherwise disallowed under the Internal Revenue Code of 1986, as amended ("Code").

NONQUALIFIED STOCK OPTIONS. Nonqualified stock options granted under the 1995 Plan do not qualify as "incentive stock options" and will not qualify for any special tax benefits to the optionee. An optionee generally will not recognize any taxable income at the time he or she is granted a nonqualified option. However, upon its exercise, the optionee will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares over the exercise price. The income realized by the optionee will be subject to income and other employee withholding taxes.

The optionee's basis for determination of gain or loss upon the subsequent disposition of shares acquired upon the exercise of a nonqualified stock option will be the amount paid for such shares plus any ordinary income recognized as a result of the exercise of such option. Upon disposition of any shares acquired pursuant to the exercise of a nonqualified stock option, the difference between the sale price and the optionee's basis in the shares will be

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

treated as a capital gain or loss and generally will be characterized as a long-term capital gain or loss if the shares have been held for more than one year at their disposition.

In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of a nonqualified stock option or a sale or disposition of the shares acquired upon the exercise of a nonqualified stock option. However, upon the exercise of a nonqualified stock option, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that an optionee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

RESTRICTED STOCK AWARDS. Generally, the grant of a restricted stock award does not immediately produce taxable income to a recipient or a tax deduction to the Company. At the time the restrictions and conditions expire, however, a recipient will recognize ordinary income in an amount equal to the fair market value of the shares on the date the restrictions and conditions expire and the Company will be entitled to a corresponding income tax deduction. A recipient who elects under Section 83(b) of the Code within 30 days after the date of the grant, however, will have ordinary income on the date of the grant equal to the fair market value on that date of the shares of restricted stock as if the shares were unrestricted and could be sold immediately. With respect to the sale or exchange of shares after the restrictions have expired, the holding period to determine whether the recipient has a long-term or short-term capital gain or loss will commence on the date the restrictions expire. If the recipient makes a timely election pursuant to Section 83(b) of the Code, to be taxed as of the date of the grant, the holding period will commence on the date of the grant and the tax basis will be equal to the fair market value of the shares on the date of grant as if the shares were unrestricted and could be sold immediately. If no election has been made under Section 83(b) of the Code, any dividends received from the restricted stock while the restrictions are in effect will be taxed as additional compensation, and the Company will be entitled to a corresponding compensation deduction. Otherwise, dividends paid on restricted stock will be taxed to the recipient at ordinary income rates and will not be deductible by the Company.
