## **Syngenta and COMPO in strategic alliance for consumer lawn and garden products**

**Basel, Switzerland, 26 September 2005**

Syngenta announced today that it has entered a broad partnership agreement with COMPO, one of Europe's leading suppliers of branded lawn and garden consumer goods. The two companies will develop and market a comprehensive range of plant protection and pest control products for the consumer lawn and garden market in Europe, excluding Switzerland where both companies will continue to operate independently.

The companies have also agreed to explore further cooperation opportunities in markets outside Europe in order to co-promote and co-develop their respective consumer lawn and garden businesses. Financial details of the agreement have not been disclosed.

[Combining Syngenta's innovative plant protection portfolio with COMPO's leading consumer brands will provide new and improved solutions for the lawn and garden in this one billion dollar market in Europe] says Kris Sirchio, Head of Syngenta Professional Products. [This alliance is a major step forward in the implementation of our growth strategy].

[This cooperation is a breakthrough for COMPO and will ensure that we can best meet consumers' changing needs], says Arnim Weyrich, General Manager of COMPO. [We will be able to leverage our European consumer brands and retail relationships further in order to reach a broader audience with a wider range of lawn and garden solutions].

Syngenta is a world leading agribusiness committed to sustainable agriculture through innovative research and technology.
