Cautionary statement on forward-looking statements

Certain statements found in this document may constitute “forward-looking statements” as defined in the U.S. Private Securities Litigation Reform Act of 1995. Such “forward-looking statements” reflect management’s current views with respect to certain future events and financial performance and include any statement that does not directly relate to any historical or current fact. Words such as “anticipate,” “believe,” “expect,” “estimate,” “forecast,” “intend,” “plan,” “project,” and similar expressions which indicate future events and trends may identify “forward-looking statements”. In particular, this document includes forward-looking statements relating, but not limited to the Proposed Transfers (as defined in the Press Release below). Such statements are based on current plans, estimates and projections and are subject to various risks, uncertainties and other factors that could cause actual results to differ materially from those expressed or implied in the “forward-looking statements”. Certain “forward-looking statements” are based upon current assumptions of future events which may not prove to be accurate. Other factors that could cause actual results to differ materially from those estimated by the forward-looking statements contained in this document include, but are not limited to: the ability to complete restructurings on a timely basis or at all; regulatory or legal changes (including those requiring any restructuring of the operations of RBSG, RBS plc, RBS Holdings N.V. or RBS N.V.) in the United Kingdom, the Netherlands, the United States and other countries in which these entities operate; changes in Dutch, UK and foreign laws, regulations, accounting standards and taxes, including changes in regulatory capital regulations and liquidity requirements; and the success of RBSG, RBS plc, RBS Holdings N.V. and/or RBS N.V. in managing the risks involved in the foregoing.

Undue reliance should not be placed on “forward-looking statements” as such statements speak only as of the date of this document. Neither RBSG, RBS plc, RBS Holdings N.V. nor RBS N.V. undertake to update any forward-looking statement contained herein to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. The information, statements and opinions contained in this document do not constitute a public offer under any applicable legislation or an offer to sell or solicitation of any offer to buy any securities or financial instruments or any advice or recommendation with respect to such securities or other financial instruments.

RISK FACTOR

Set forth below is a risk factor that could have a material adverse effect on RBS Holdings N.V. Group's future business, operating results or financial condition. This risk factor and the other information in this document should be carefully considered before making investment decisions. Additional risks not currently known to RBS Holdings N.V. Group or that RBS Holdings N.V. Group now deems immaterial may also harm RBS Holdings N.V. Group and affect your investment. In this risk factor, (i) the term "the Group" refers to RBS Holdings N.V. and its consolidated subsidiaries and (ii) the term "the Securities" refers to securities issued by RBS N.V.

An extensive restructuring and balance sheet reduction programme of the RBS Group is ongoing. In particular, on April 19, 2011, the boards of RBSG, RBS plc, RBS Holdings and RBS N.V. approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS plc. Such restructuring and balance sheet reduction programme may adversely affect the Group's business, results of operations, financial condition, capital ratios and liquidity and may also negatively impact the value of the Securities.

The RBS Group is in the course of implementing an extensive restructuring of its businesses, operations and assets, including those of the Group and other members of the RBS Group, and may, in the future, consider making further changes to its business, operations, structure and assets.

In particular, on April 19, 2011, the boards of RBSG, RBS plc, RBS Holdings and RBS N.V. approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS plc (the "Proposed Transfers"), subject, among other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures. It is expected that the Proposed Transfers (which exclude the Consortium Shared Assets) will be implemented on a phased basis over a period ending on December 31, 2013. A large part of the Proposed Transfers (including the transfers of certain Securities) is expected to have taken place by the end of 2012. The Proposed Transfers include a proposal to change the issuer of a number of Securities, which will include some or all of the securities issued by RBS N.V. between April 19, 2011 and the date(s) that the Proposed Transfers take effect. However, there is no assurance that any Securities will be transferred to RBS plc or, if transferred, when such transfer may take place. RBSG is committed to providing all the necessary support to ensure RBS N.V. continues to meet its commitments during and after the Proposed Transfers. Nevertheless, it is possible that the Proposed Transfers might have a material adverse impact on the Group's business, financial condition, results of operations and prospects, and an adverse impact on RBS N.V.'s credit ratings, and may also negatively impact the value of the Securities. If Securities are transferred to RBS plc, the fact of such transfer and/or the fact that RBS plc is a Scottish incorporated company might impact holders of such Securities, whether for tax reasons or otherwise. For further information, see the press release entitled "Proposed transfers of a substantial part of the business activities of RBS N.V. to RBS plc" published by RBS N.V. on April 19, 2011, which is included in this report on Form 6-K.

In addition, as part of the restructuring by RBSG of its businesses, operations and assets and the Group's refocus on core strengths and its disposal programme, RBS Holdings has been restructured into Core and Non-Core components. The Group expects to substantially run down or dispose of the businesses, assets and portfolios within the Non-Core division by 2013 and, during the course of 2010, it concluded the sales of businesses in Latin America, Asia, Europe and the Middle East.

Because the ability to dispose of assets and the price achieved for such disposals will be dependent on prevailing economic and market conditions, which may remain challenging, there is no assurance that the Group will be able to sell or run-down (as applicable) those remaining businesses it is seeking to exit

either on favourable economic terms to the Group or at all. Tax liabilities could arise on the disposal of assets. Furthermore, where transactions are entered into for the purpose of selling non-core assets and businesses, they may be subject to conditions precedent, including government and regulatory approvals and completion mechanics that in certain cases may entail consent from customers. There is no assurance that such conditions precedent will be satisfied, or consents and approvals obtained, in a timely manner or at all. Any of the above factors could affect the Group's ability to implement their strategic plan and have a material adverse effect on the business, results of operations, financial condition, capital ratios and liquidity of the Group and could result in a loss of value in the Securities.

In addition, the Group may be liable for any deterioration in businesses being sold between the announcement of the disposal and its completion. In certain cases, the period between the announcement of a transaction and its completion may be lengthy and may span many months. Other risks that may arise out of the disposal of the Group's assets include ongoing liabilities up to completion of the relevant transaction in respect of the assets and businesses disposed of, commercial and other risks associated with meeting covenants to the buyer during the period up to completion, the risk of employee and customer attrition in the period up to completion, substantive indemnity obligations in favour of the buyer, the risk of liability for breach of warranty, the need to continue to provide transitional service arrangements for potentially lengthy periods following completion of the relevant transaction to the businesses being transferred and redundancy and other transaction costs. Further, the Group may be required to enter into covenants agreeing not to compete in certain markets for specific periods of time. In addition, the Group will lose existing customers, deposits and other assets (both directly through the sale and potentially through the impact on the rest of the Group's business arising from implementing the restructuring plans) and the potential for realising additional associated revenues and margins that it otherwise might have achieved in the absence of such disposals.

Any of the above factors could negatively affect the Group's ability to implement its strategic plan and have a material adverse effect on the Group's business, results of operations, financial condition, capital ratios and liquidity and could result in a loss of value in the Securities.

Any restructuring may impact issues of Securities and may result in changes to the businesses, operations and assets of RBS Holdings and RBS N.V.

PRESS RELEASE

Proposed transfers of a substantial part of the business activities of RBS N.V. to RBS plc

The Boards of The Royal Bank of Scotland Group plc (RBSG), The Royal Bank of Scotland plc (RBS plc), RBS Holdings N.V. and The Royal Bank of Scotland N.V. (RBS N.V.) have approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS plc (the “Proposed Transfers”), subject, amongst other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures. This follows a period of extensive dialogue with key regulators and rating agencies. The Proposed Transfers will not include the Consortium Shared Assets referred to below.

The Proposed Transfers will streamline the manner in which the Global Banking & Markets (GBM) and Global Transaction Services (GTS) businesses of RBSG and its subsidiaries and subsidiary undertakings (the “RBS Group”) interact with clients with simplified access to the GBM and GTS product suites. They will provide benefits to clients in effecting easier interaction with the RBS Group including management of collateral. Clients will continue to deal, and conduct business, with their local RBS teams as at present. There is no requirement for clients to take any action now and any action required in connection with the Proposed Transfers will be communicated in a timely way with a view to ensuring a smooth transition.

The Proposed Transfers will not result in any change to the current business strategy for any of the transferred RBS N.V. businesses and the way in which the RBS Group commercially operates will remain unchanged.

The Proposed Transfers are consistent with RBS Group’s efforts to simplify its structure, thereby reducing risk, cost and complexity. In addition, the Proposed Transfers are expected to result in a simplified management and reporting framework for the RBS Group across the multiple jurisdictions in which RBS plc and RBS N.V. operate.

RBS N.V.’s businesses include the following product areas: Equities & Structured Retail Products, Emerging Markets, Lending, Global Transaction Services (GTS), and Short Term Markets & Financing (STMF). RBS N.V. also currently holds directly and indirectly certain other assets which are owned by RBSG jointly with the Dutch State and Santander (the “Consortium Shared Assets”). As at 31 December 2010, RBS N.V. had consolidated total assets of €200.4bn (£172.8bn), a Core Tier 1 Capital Ratio of 8.7% and a Tier 1 Capital Ratio of 11.0%. As at the same date, RBSG had consolidated total assets of £1.5tn, a Core Tier 1 Capital Ratio of 10.7% and a Tier 1 Capital Ratio of 12.9% and RBS plc, the receiving entity for the Proposed Transfers, had consolidated total assets of £1.3tn, a Core Tier 1 Capital Ratio of 8.4% and a Tier 1 Capital Ratio of 10.1%. The Proposed Transfers are not expected to have any impact on RBSG’s capital position.

It is expected that the Proposed Transfers will be implemented on a phased basis over a period ending 31 December 2013. A large part of the Proposed Transfers (including the transfers of certain securities issued by RBS N.V.) is expected to have taken place by the end of 2012. This will be subject, amongst other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures.

RBS plc and RBS N.V. have discussed the Proposed Transfers in detail with the UK Financial Services Authority and De Nederlandsche Bank (DNB) and they will continue to be involved as the Proposed Transfers progress through to completion. Approvals from these and other regulators will be required prior to execution. Where available and practicable, statutory transfer schemes will be used to implement the Proposed Transfers which may require court approval.

Due to legal constraints, securities and related guarantees which are governed by New York, New South Wales, New Zealand and Hong Kong law (including the three series of Trust Preferred Securities issued by RBS N.V. Capital Funding Trusts V, VI and VII) are currently not expected to be transferred to RBS plc pursuant to the statutory transfer schemes which are anticipated to be used to implement the Proposed Transfers. Alternative steps will be considered in relation to such securities and guarantees, where reasonably practicable in RBS's opinion. In respect of securities and guarantees governed by other laws which have been issued by RBS N.V., further analysis is ongoing to establish whether they will or will not be transferred to RBS plc pursuant to the Proposed Transfers and further announcements will be made in due course. In the meantime, holders of RBS N.V. securities are not required to take any action in connection with the Proposed Transfers. The proposed transfers of securities from RBS N.V. to RBS plc are not, of themselves, expected to change the price that RBS plc, as part of its normal market making activities, may bid for such securities. However, RBS cannot guarantee the price at which such securities may trade. The market prices for such securities may be impacted by a number of factors, including the value of the assets underlying such securities and prevailing market conditions, any of which may affect the value of the securities.

For legal, tax and other reasons, there are expected to be certain operations, assets and other liabilities in RBS N.V. which will not be transferred to RBS plc. RBSG is committed to providing the necessary support to ensure that RBS N.V. continues to meet its commitments during and after the Proposed Transfers. Following completion of the Proposed Transfers, RBS N.V. will continue to be authorised and regulated by DNB.

The RBS Group has held detailed discussions on the Proposed Transfers with the three main rating agencies, Moody's, Standard & Poor's and Fitch. The plan for the Proposed Transfers has been designed not to impact the ratings of RBS N.V. or RBS plc. It is anticipated that the agencies will publish their credit opinions following this announcement.

Certain unaudited pro forma condensed consolidated financial information relating to RBS Holdings N.V. is set out in the Appendix to this announcement.

Notes to the pro forma financial information relating to RBS Holdings N.V.

1 Basis of preparation

The pro forma financial information for RBS Holdings N.V. as at 31 December 2010, and for the years ended 31 December 2010, 31 December 2009 and 31 December 2008 respectively, has been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the IASB and adopted by the European Union. The financial information has been extracted from audited financial information for the year ended 31 December 2010 contained within the Annual Report and Accounts of RBS Holdings N.V. published on 29 March 2011 and does not reflect subsequent events.

The pro forma financial information has been prepared on the following basis:

The pro forma financial information has been prepared on the basis of management's best estimate of the relevant third party assets and liabilities of RBS N.V. that will be transferred to RBS plc.

The pro forma condensed consolidated statement of financial position of RBS Holdings N.V. as at 31 December 2010 is presented to show the effect of the Proposed Transfers as if the Proposed Transfers had occurred on 31 December 2010.

The pro forma condensed consolidated income statements of RBS Holdings N.V. for the years ended 31 December 2010, 2009 and 2008 respectively, are presented to show the effect of the Proposed Transfers as if the Proposed Transfers had occurred on 1 January of the respective years.

Assets and liabilities to be transferred are presented based on their carrying values determined under IFRS. The allocation of equity was assessed on a global basis to reflect the expected level of capital support required by the transferring and retained businesses. Pre-existing intra-group funding was treated as settled upon transfer with new funding allocated as needed to reflect the financing needs of the transferring and retained businesses. Certain modifications were applied where, in the opinion of management, material non-recurring profit and loss items could be allocated more reliably on an individual basis.

The Proposed Transfers are subject, amongst other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures, any of which may significantly change the pro forma information from that presented.

The same accounting policies were followed in the pro forma financial information as were applied in the preparation of RBS Holdings N.V. financial statements for the year ended 31 December 2010.

2 Businesses to be transferred as part of the Proposed Transfers

RBS N.V.'s businesses include the following product areas: Equities & Structured Retail Products, Emerging Markets, Lending, Global Transaction Services (GTS), and Short Term Markets & Financing (STMF). The Proposed Transfers comprise a number of subsidiary companies and specific product portfolios together with associated hedging. RBS N.V. also currently holds directly and indirectly certain other assets which are owned by RBSG jointly with the Dutch State and Santander (the "Consortium Shared Assets"); these are part of the retained businesses.

It is expected that the Proposed Transfers will be implemented on a phased basis over a period ending 31 December 2013. A large part of the Proposed Transfers (including the transfers of certain securities issued by RBS N.V.) is expected to have taken place by the end of 2012. This will be subject, amongst other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures.

It is not certain whether such transfers (or any of them) will be effected at the value used for the pro forma financial information. No person should place any reliance on the pro forma financial information in connection with making an investment decision or for any other purpose and should be aware that changes to the current proposals (including, without limitation, to the assets and liabilities to be transferred or retained, the eventual manner in which such assets and liabilities are proposed to be transferred and to the timing pursuant to which they are proposed to be transferred) may be made if required, or if determined by RBS N.V. or RBS plc (in their absolute discretion) to be desirable for commercial or other reasons. Accordingly, nothing in this pro forma financial information should be taken as (or is) a representation that any of the assets and liabilities referred to will be transferred or retained, whether in a manner consistent with the figures contained in this pro forma financial information, in accordance with the timing set out above, or at all. For the avoidance of doubt, this pro forma financial information has been prepared and circulated solely for information purposes and does not constitute an offer to any person.

3 Overview of RBS Holdings N.V. after the Proposed Transfers

For legal, tax and other reasons, there are expected to be certain operations, assets and liabilities in RBS N.V. which will not be transferred to RBS plc. RBSG is committed to providing the necessary support to ensure that RBS N.V. continues to meet its commitments during and after the Proposed Transfers. Following completion of the Proposed Transfers, RBS N.V. will continue to be authorised and regulated by DNB.
