PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS
To Be Held April 29, 2011**

This proxy statement is being furnished to shareholders by the Board of Directors (the Board) of LaCrosse Footwear, Inc. (LaCrosse or the Company) beginning on or about March 25, 2011, in connection with a solicitation of proxies by the Board for use at the annual meeting of shareholders to be held on Friday, April 29, 2011, at 10:00 A.M., Pacific Time, at LaCrosse Footwear, Inc., 17634 NE Airport Way, Portland, Oregon, 97230 and all adjournments or postponements thereof (the Annual Meeting) for the purposes set forth in the attached Notice of Annual Meeting of Shareholders.

Submission of a proxy given in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Presence at the Annual Meeting of a shareholder who has signed a proxy does not in itself revoke a proxy. Any shareholder giving a proxy may revoke it at any time before it is exercised by giving notice thereof to the Company in writing or in open meeting.

A proxy, in the enclosed form, which is properly executed, duly returned to the Company and not revoked will be voted in accordance with the instructions contained therein. The shares represented by executed but unmarked proxies will be voted: (i) FOR the two persons nominated for election as directors referred to herein in the attached Notice of Annual Meeting of Shareholders; (ii) FOR the proposal to adopt an advisory resolution approving the compensation of the Company's named executive officers; (iii) to hold an advisory vote of the shareholders regarding the compensation of the Company's named executive officers every ONE YEAR; and (iv) FOR the ratification of the appointment of McGladrey & Pullen, LLP as LaCrosse Footwear, Inc.'s independent registered public accounting firm for the fiscal year ending December 31, 2011.

Only holders of record of the Company's common stock at the close of business on February 25, 2011, are entitled to vote at the Annual Meeting. On that date, there were 6,499,530 shares of common stock outstanding and entitled to vote. Holders of shares of common stock are entitled to cast one vote per share on all matters at the Annual Meeting.

The presence, in person or by proxy, of a majority of the outstanding shares of common stock entitled to vote shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter and has not received voting instructions from the beneficial owner with respect to the particular matter) will be counted as shares present for the purpose of determining whether a quorum is present, but will not be counted as votes cast, and therefore will not have any effect on any proposal.

If a quorum is present:

Directors will be elected by a plurality of the votes cast at the Annual Meeting;

Table of Contents

The advisory resolution to approve the compensation of the Company's named executive officers will be adopted by the shareholders if votes cast in favor of such proposal exceed the votes cast against such proposal;

The advisory vote on the frequency with which advisory votes on the Company's executive compensation will be afforded to the shareholders will be determined based on a plurality of the votes cast at the Annual Meeting, meaning that the frequency option that receives the most votes will be considered by the Board of Directors to have been advised by the shareholders; and

The proposal for ratification of the Company's auditors and all other matters that properly come before the meeting will be approved if the votes cast in favor of any such proposal exceed the votes cast against such proposal. The results of the advisory vote on executive compensation and the advisory vote on the frequency of advisory votes on executive compensation are not binding on the Company or the Board of Directors.

Notwithstanding, the Board of Directors has adopted a policy pursuant to which it will adopt any frequency option which receives the vote of a majority of votes cast at the annual meeting.

As of March 25, 2011, the Board knows of no other business that will come before the meeting. If any other business shall properly come before the meeting, including any proposal submitted by a shareholder which was omitted from this Proxy Statement in accordance with the applicable provisions of the federal securities laws, your authorized proxies will vote thereon in accordance with their best judgment.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's By-Laws provide that the directors shall be divided into three classes, with staggered terms of three years each. At the Annual Meeting, the shareholders will elect two directors to hold office until the 2014 annual meeting of shareholders and until their successors are duly elected and qualified. The Board has no reason to believe that any of the listed nominees will be unable or unwilling to serve as a director if elected. However, in the event that any nominee should be unable to serve or will not serve, the shares represented by proxies received will be voted for another nominee selected by the Board. Directors will be elected by a plurality of the votes cast at the Annual Meeting (assuming a quorum is present). Consequently, any shares not voted at the Annual Meeting, whether due to abstentions, broker non-votes or otherwise, will have no impact on the election of directors. Votes will be tabulated by an inspector of election appointed by the Board.

The following sets forth certain information, as of February 25, 2011, about the Board's nominees for election at the Annual Meeting.

Nominees for Election at the Annual Meeting

Richard A. Rosenthal, 78, has served as Chairman of the Board of the Company since March 2005 and as a director of the Company since June 1990. Prior to his appointment as Chairman, Mr. Rosenthal served as Vice Chairman of the Board beginning in May 2000. Mr. Rosenthal was the Chief Executive Officer of Saint Joseph Bank Corporation from 1962 until 1986. Mr. Rosenthal was the Director of Athletics at the University of Notre Dame from 1987 until August 1, 1995. Mr. Rosenthal is a director of Advanced Drainage Systems, Inc. and is a member of the advisory board of CID Investment Partners and RFE Investment Partners.

Table of Contents

The Board of Directors determined that Mr. Rosenthal has the requisite experience, qualifications and attributes to be a director of the Company. Mr. Rosenthal is highly accomplished in financial and operations management, with superior credentials and recognition and broad experience at the administrative and policy-making level in business, as demonstrated through his experience as a Chief Executive Officer and Director of Athletics. Based on his significant depth of experience, he is able to offer advice and guidance to the Company's management in a wide variety of business contexts.

Stephen F. Loughlin, 60, has served as a director of the Company since November 2002. Mr. Loughlin was the Vice President of Finance for FEI Company, a manufacturer of production and analytical equipment for the semiconductor and data storage industries, from 2004 to 2010. Mr. Loughlin retired in July 2010. Mr. Loughlin served as the acting Chief Financial Officer of FEI Company from 2001 to 2004. From 1999 until 2001, he served as the Chief Financial Officer of RadiSys Corporation, a provider of advanced embedded solutions for the commercial, enterprise, and service provider systems markets.

The Board of Directors determined that Mr. Loughlin has the requisite experience and expertise to be a director of the Company, and has been specifically designated as an audit committee financial expert as defined by applicable rules of the Securities and Exchange Commission. Given his experience in the roles of Vice President of Finance and Chief Financial Officer, he understands financial statements and generally accepted accounting principles, is able to assess their application in connection with accounting for estimates, accruals and reserves, has experience preparing, auditing, analyzing and evaluating financial statements that are comparable in scope and complexity to those of the Company, is familiar with internal controls and financial reporting procedures, and understands audit committee functions.

THE BOARD RECOMMENDS THE FOREGOING NOMINEES FOR ELECTION AS DIRECTORS AND URGES EACH SHAREHOLDER TO VOTE FOR ALL NOMINEES. SHARES OF COMMON STOCK REPRESENTED BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR ALL NOMINEES.

PROPOSAL 2 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is presenting the following proposal, which in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that the Company provide shareholders with the opportunity to vote, on a nonbinding, advisory basis, on a proposal to approve the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

As described in detail under the heading *Compensation Discussion and Analysis*, the Company seeks to closely align the interests of its named executive officers with the interests of shareholders. Compensation programs are designed to reward the Company's named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder return, while at the same time avoiding compensation programs which may encourage unnecessary or excessive risk-taking.

While the Board of Directors intends to carefully consider the shareholder vote resulting from the proposal, the final vote will not be binding on the Company and is advisory in nature.

The Board recommends and requests that the shareholders vote to adopt the following advisory resolution of the shareholders:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ADOPTION OF THE ADVISORY RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO ITEM 402 OF REGULATION S-K, INCLUDING THE COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND NARRATIVE DISCUSSION. PROXIES WILL BE VOTED FOR APPROVAL OF THE PROPOSAL UNLESS OTHERWISE SPECIFIED.

Table of Contents

PROPOSAL 3 ADVISORY VOTE ON FREQUENCY OF EXECUTIVE COMPENSATION VOTE

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act the Company is providing the shareholders with the opportunity to vote on a non-binding, advisory basis, for their preference as to how frequently the Company should seek future advisory votes, similar to Proposal 2, on the compensation of its named executive officers as disclosed in accordance with the compensation disclosure rules of the Securities and Exchange Commission. By voting with respect to this Proposal 3, shareholders may indicate whether they would prefer that the Company conducts future advisory votes on executive compensation once every one, two, or three years. Shareholders also may, if they wish, abstain from casting a vote on this proposal.

The Board of Directors has determined that an annual advisory vote on executive compensation will allow its shareholders to provide timely, direct input on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. The Board believes that an annual vote is therefore consistent with the Company's efforts to engage in an ongoing dialogue with our shareholders on executive compensation and corporate governance matters.

While the Board of Directors intends to carefully consider the shareholder vote resulting from the proposal, the final vote will not be binding on the Company and is advisory in nature. However, the Company has adopted a policy that it will include an advisory vote on executive compensation similar to Proposal 2 consistent with any frequency option receiving a majority of votes cast in its most recent advisory vote on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE TO HOLD AN ADVISORY VOTE ON EXECUTIVE COMPENSATION EVERY ONE YEAR. PROXIES WILL BE VOTED IN ACCORDANCE WITH THE BOARD OF DIRECTOR'S RECOMMENDATION UNLESS OTHERWISE SPECIFIED.

In connection with the fiscal years ended December 31, 2010 and 2009, McGladrey & Pullen, LLP provided various audit and non-audit services to the Company and billed the Company for these services as follows:

- (a) Audit Fees. Fees for audit services totaled \$348,233 and \$327,022 in 2010 and 2009, respectively, including fees for the annual audits and the reviews of the Company's quarterly reports on Form 10-Q and fees related to the 2010 audit of internal controls related to section 404(b).
- (b) Audit-Related Fees. Fees for audit-related services totaled \$5,500 and \$8,050 in 2010 and 2009, respectively.
- (c) Non-audit services. There were no other services provided by McGladrey & Pullen, LLP not included above, in either 2010 or 2009.

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm on a case-by-case basis. All of the services provided by the independent registered public accounting firm during 2010 and 2009, including services related to the Audit-Related Fees, have been approved by the Audit Committee under its pre-approval process. The Audit Committee has considered whether the provision of services related to the Audit-Related Fees was compatible with maintaining the independence of McGladrey & Pullen, LLP and determined that such services did not adversely affect the independence of McGladrey & Pullen, LLP.

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF MCGLADREY & PULLEN, LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2011 FISCAL YEAR AND URGES EACH SHAREHOLDER TO VOTE FOR THE PROPOSED RATIFICATION. Of the six directors currently serving on the Board of Directors, the Board has determined that Messrs. Loughlin, Rosenthal, Smith, Williams and Whitcombe are independent directors as defined in the listing standards of the NASDAQ Global Market. The Board has also determined that Messrs. Rosenthal, Loughlin, Smith, Williams and Whitcombe meet the additional independence standards applicable for audit committee members.

Table of Contents

Committees

The Board has standing Audit, Compensation, and Nominating and Governance Committees. The Board has adopted, and may amend from time to time, a written charter for each of the Audit, Compensation, and Nominating and Governance Committees. The Company makes available on its corporate website at www.lacrossefootwearinc.com, current copies of each of these charters. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this Proxy Statement.

Audit Committee. The Audit Committee presently consists of Messrs. Loughlin (Chairman), Rosenthal, Smith, Whitcombe and Williams. The Board has determined that Mr. Loughlin qualifies as an audit committee financial expert, as defined by applicable rules of the Securities and Exchange Commission, and is independent, as defined in the listing standards of the NASDAQ Global Market. The principal functions performed by the Audit Committee are to assist the Board in monitoring the integrity of the Company's financial statements, the qualifications, independence and performance of the Company's independent registered public accounting firm, and the Company's compliance with legal and regulatory requirements. The Audit Committee has the sole authority to appoint, retain, compensate and terminate the Company's independent registered public accounting firm and to approve the compensation paid to the independent registered public accounting firm. The Audit Committee held five meetings in 2010.

Compensation Committee. The Compensation Committee presently consists of Messrs. Smith (Chairman), Loughlin, and Williams. The principal function of the Compensation Committee is to review and recommend to the Board the compensation structure for the Company's executive officers and other managerial personnel, including salary rates and structure of incentive compensation and benefit plans, fringe benefits, and other forms of compensation. The Compensation Committee also administers the Company's 2001 Non-Employee Director Stock Option Plan and the 2007 Long-Term Incentive Plan. The Compensation Committee held four meetings in 2010.

Nominating and Governance Committee. The Nominating and Governance Committee presently consists of Messrs. Whitcombe (Chairman), Rosenthal, and Williams. The Nominating and Governance Committee held two meetings in 2010.

Table of Contents

Nominations of Directors

The Nominating and Governance Committee will consider persons recommended by shareholders to become nominees for election as directors. Recommendations for consideration by the Nominating and Governance Committee should be sent to the Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee.

In identifying and evaluating nominees for director, the Nominating and Governance Committee seeks to ensure that the Board possesses, in the aggregate, the strategic, managerial and financial skills and experience necessary to fulfill its duties and to achieve its objectives, and seeks to ensure that the Board is comprised of directors who have broad and diverse backgrounds and possess knowledge in areas that are of importance to the Company. The Nominating and Governance Committee evaluates each nominee on a case-by-case basis regardless of who recommended the nominee. In assessing the qualifications of each candidate to determine if his or her election would further the goals described above, the Nominating and Governance Committee takes into account all factors it considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills or financial acumen, diversity of viewpoint and industry knowledge. The Nominating and Governance Committee does not have a specific policy with regard to the consideration of diversity, but rather considers diversity to be one of the many factors to evaluate in assessing a nominee. However, the Board believes that, to be recommended as a director nominee, each candidate must:

display the highest personal and professional ethics, integrity and values;

have the ability to exercise sound business judgment;

be highly accomplished in his or her respective field, with superior credentials and recognition and broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest;

have relevant expertise and experience, and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience;

be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value; and

have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business.

The Board also believes at least one director should have the requisite experience and expertise to be designated as an audit committee financial expert as defined by applicable rules of the Securities and Exchange Commission.

Communications with the Board of Directors

Shareholders may communicate with the Board of Directors by writing to the Secretary of the Company at LaCrosse Footwear, Inc., c/o the Board of Directors (or, at the shareholder's option, c/o a specific director), 17634 NE Airport Way, Portland, Oregon 97230. Role in Risk Oversight

The Board of Directors provides important oversight to the Company with regards to risk management, and is aware of and concurs with established directives and protocols used by the Company to mitigate risk. The role of risk oversight has been specifically identified as being within the scope of the Audit Committee and is incorporated into their committee charter. However, the full Board takes an active role in providing guidance to executive management. The Board discusses with senior management the state of the Company's risk management process and provides oversight as needed. While it is not the role of the Board to directly manage and specifically address each of the risks the Company faces, the Board ensures it is apprised of the most significant risks, along with actions management is taking and how it is ensuring effective risk management. The Board seeks input from the Company's external auditors and legal counsel in determining appropriate recommendations and guidance to provide to management.

Meeting and Attendance

The Board of Directors held nine meetings in 2010. Each director attended all of the meetings of the Board held in 2010 and all meetings held by all committees of the Board on which the director served during the period.

Each director also receives an annual allowance of \$1,000 to purchase Company merchandise.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

In this section, we will provide an overview and analysis of our compensation programs and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading Executive Compensation, we have included a series of tables containing specific information about the compensation earned or paid in 2010 to the individuals named in the Summary Compensation Table, whom we refer to as our named executive officers.

The discussion below is intended to enhance the understanding of the detailed information provided in those tables and put that information into context within our overall compensation program.

Compensation Philosophy and Objectives

We have a Compensation Committee composed of the independent members of our Board of Directors. The Compensation Committee is charged with responsibility to oversee the Company's compensation policies and programs, including developing compensation programs, providing oversight of the implementation of the policies and benefit plans, and specifically addressing the compensation of the Company's executive officers. The Compensation Committee views compensation as a key factor in our ability to execute our corporate strategy.

Our corporate strategy is to: (i) build, position and capitalize on the strength of our established footwear brands, (ii) develop innovative products and relevant technologies that will differentiate our footwear products from our competitors; (iii) offer superior customer service; and (iv) expand and enhance our network of sales channels and customer base. In order to achieve these strategic goals, we must recruit, motivate and retain the best talent possible and those employees must work as a cohesive team with common goals.

Our compensation philosophy is based on a foundation of pay-for-performance. Our compensation programs, when taken in total, are intended to:

Attract highly talented employees;

Motivate employees to high levels of individual and company performance;

Retain needed key resources; and

Link employee compensation to the creation of shareholder value.

We have built a compensation program that we believe incorporates pay-for-performance elements at the individual and corporate level and which ties compensation incentives to the

Table of Contents

Company's profitable growth objectives. Because we expect profitable growth to enhance shareholder value, we believe our compensation program ties our employees' and executives' incentives to the best interests of our shareholders.

Our compensation program has three distinct components that apply to each of our executive and non-union employees. These three components are:

Base pay;

Annual incentive compensation; and

Equity compensation in the form of non-qualified stock options.

Elements of our Compensation Program

Base Pay. We view base pay as compensation for the core competencies each employee brings to the Company. We use market data to establish competitive base pay for each of our employees. The source of market data includes Salary.com CompAnalyst. This survey allows us to benchmark against national, regional and local data for non-durable goods manufacturing companies with revenues between \$50M-\$200M. We also review proxy statements for competitive pay data of local (Portland, Oregon) companies of similar size to our Company. We believe we compete for talent nationally within the non-durable goods category generally, and more specifically within the footwear industry and with local companies. These data sets enable us to compare peer salary data that is targeted by industry and geography. We continually monitor relevant industry data to ensure our competitive position. We strive to set our total compensation package at approximately 100% of the relevant market average; however, each compensation decision is made based on, and can be significantly impacted by, the experience and performance of the individual employee.

Every employee is reviewed annually for performance and, if appropriate, receives a merit pay increase consistent with their individual performance rating and relevant market data. A merit pay matrix is created wherein each employee is rated on a scale of 1 to 5 based on individual performance and position in pay range as a guide to set annual merit pay increases. In addition to upward adjustments of base pay based upon individual performance reviews, we may make adjustments to an individual's base pay if it is determined that such individual's base pay is below target market rates.

Base pay increases for all employees, including our named executive officers, are typically effective on or about March 1st of each year. For 2010, our named executive officers received base pay increases including merit and market adjustments ranging from 3.4% to 5.9% over their 2009 base pay. For 2011, the Compensation Committee has approved the base pay increases for named executive officers including merit and market adjustments ranging from 3.3% to 11.1% over their 2010 base pay.

Annual Incentive Compensation. We view our annual incentive compensation program as a means by which to tie the cash compensation of our employees to a group of performance targets, the achievement of which we expect will enhance the Company's value.

All executive officers, as well as all non-union employees, are eligible to receive incentive compensation equal to a predetermined percentage of their base pay, which we refer to as target incentive compensation. The amount of target incentive compensation is based on the individual's past and potential impact on the Company's results, as well as market competitive data for similar positions. During 2010, target incentive compensation for our named executive officers was set as a

Table of Contents

percentage of each such officer's base pay as follows: (i) Mr. Schneider, 100%; (ii) Mr. Carlson, 70%; (iii) Mr. Vonhoff, 50%; and (iv) Mr. Layton, 35%. The individual's base pay, plus his target incentive compensation is the total target cash compensation for the year.

The percentage of target incentive compensation our employees ultimately receive is determined by the Company's performance relative to annual performance targets set by the Compensation Committee at the beginning of each year. In 2010, as in prior years, the Compensation Committee set annual performance targets for net sales and operating profit. The Company's targets are set based on several factors, including benchmarks for sales growth and profits and the Company's past and anticipated future performance.

The annual incentive compensation program drives performance by targeting the financial measures that have the greatest ability to increase shareholder value, which we have identified as profitable sales growth while maintaining a healthy balance sheet. The selected metrics are sales growth (50%) and operating profit (50%).

The level of incentive compensation paid is determined using a weighted average of the Company's performance against these targets. Incentive compensation will pay out at 100% of target if the Company achieves 100% of the target for the two measured factors. Performance below the targets will yield incentive compensation below target. Performance above the targets will yield incentive compensation payment above target. We do not pay any incentive compensation if our operating profit falls below 75% of the target. The ultimate payout of incentive compensation is based solely on these metrics; however the Board of Directors does have the ability to apply discretion to increase or decrease an award. Participants must be actively employed and in good standing in terms of performance as of the date of payout to be eligible for the incentive compensation payment.

In 2010, the incentive compensation plan paid 114% of target, computed as follows:

Net Sales Growth achieved 126% of target (weighted 50%)

Operating Profit achieved 102% of target (weighted 50%)

Our historical weighted average achievements are as follows:

Year	Weighted Average Achievement %
2009	96%
2008	89%
2007	100%
2006	111%
2005	39%

Equity Compensation Stock Options. We believe that to effectively build long-term value in the Company, the interests of all our employees must be aligned with the interests of our shareholders. To this end, all of our non-union employees are eligible for annual non-qualified stock option awards. Typically, substantially all eligible employees receive annual stock option awards.

We grant stock option awards on the first business day of each year. We have historically used this date as the grant date and plan to continue to do so. On January 4, 2010, non-qualified stock options to purchase an aggregate of 121,725 shares were granted to 150 employees at an exercise price per share of \$13.02. On January 3, 2011, non-qualified stock options to purchase an aggregate of 146,650 shares were granted to 180 employees at an exercise price per share of \$16.73. In addition to annual grants of stock options, employees may receive additional options in connection with significant promotions. Certain new hires may also receive stock option grants on their hire date. Information regarding the number of options granted to our named executive officers in 2010 is contained in the table labeled "Grants of Plan Based Awards" under the heading "Executive Compensation."

The number of stock options reserved for grant during a particular year is determined by the Compensation Committee. In making such determination, the Compensation Committee seeks to accomplish the stated goal of aligning our employees' incentives with the interests of our shareholders, while also seeking to ensure that no significant dilution of our outstanding common stock occurs. The Compensation Committee has historically reserved for annual grants of options a number of shares equal to approximately 2% of our issued and outstanding common stock. Individual stock option grants are recommended to the Compensation Committee by management and are based on such individual's potential and historical impact on our financial results. Such impact is measured primarily through salary grades and subjective indicators of job scope and past performance. Individuals in higher pay grades with top performance will receive larger grants than employees in lower pay grades with lower performance.

Our Chief Executive Officer receives the largest grant (typically 15-20% of available budgeted options) and the grant sizes decrease down through the organization. We also assess the value of stock options granted to executives relative to competitor market data. Typically our stock option grants to individual executives are modest in comparison to our competitors due to our policy of granting options to non-union employees at all levels of the Company. As the employee population grows, we expect that the average size of individual grants will decrease.

The 2007 Long-Term Incentive Plan contains a change of control provision pursuant to which all stock options granted pursuant to the 2007 Long-Term Incentive Plan would become immediately exercisable, without regard to contingent vesting provision, upon a change of control event as defined in the plan.

Perquisites and Other Benefits. The Committee has determined that at this time we do not need to offer our executives and employees deferred compensation plans or executive perquisites beyond minimal perquisites. Currently, we do not have any stock or equity arrangements other than non-qualified stock options, and we have not offered our employees supplemental retirement plans. Executive officers receive standard benefits consistent with other employees for health, dental and life insurance, and employer matching contributions to employee retirement savings plans.

Role of Executive Officers and Others in Determining Compensation

Our senior management team, specifically the Chief Executive Officer, Chief Financial Officer, and Vice President of Finance, evaluate competitive market data and recommend compensation plans to the Compensation Committee that are consistent with our stated compensation philosophy. The Compensation Committee has delegated to these members of senior management responsibility for granting new hire stock options to non-executives, within the limits set by the Compensation Committee.

The Compensation Committee may engage third party compensation consultants, however no such consultants were engaged during 2010. In addition, the Compensation Committee regularly calls upon our management for advice and market analysis.

Risk Management Assessment

In setting the Company's compensation policies and practices, including the compensation of the named executive officers, the Compensation Committee considers the risks to the Company's shareholders and the achievement of the Company's goals that may be inherent in such policies and practices. Although a significant portion of our executives compensation is performance-based and at-risk, the Compensation Committee believes the compensation policies and practices that the Company has adopted are appropriately structured and are not reasonably likely to materially adversely affect the Company. In particular:

The Company believes that incentive programs tied to the achievement of the Company's strategic objectives, financial performance goals and specific individual goals appropriately focus executives, including the named executive officers, and other employees on increasing shareholder value.

A portion of variable compensation is delivered in equity (stock options) with multi-year vesting. The Company believes that equity compensation helps reduce compensation risk by balancing financial and strategic goals against other factors management may consider to ensure long-term shareholder value is being sought.

Impact of Accounting and Tax Treatment of Compensation

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for our executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost with the benefit and value to the executive.

With regard to Section 162(m) of the Internal Revenue Code of 1986, as amended, it is the Compensation Committee's intent to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent.

Our 1993, 1997 and 2001 stock incentive plans limited the granting of equity-based incentives to the form of stock options only. Stock options have historically received favorable accounting and tax treatment. However, beginning in 2006, the accounting treatment for stock options changed as a result of FASB Accounting Standards Codification Topic 718 Compensation Stock Compensation,

Table of Contents

making the accounting treatment of stock options less attractive. As a result of this change, the 2007 Long-Term Incentive Plan, which was adopted by the Board of Directors on March 12, 2007 and approved by our shareholders at our 2007 Annual Meeting of Shareholders, permits alternative forms of equity-based incentives.

Pension Benefits

The LaCrosse Footwear, Inc. Retirement Plan (the Salaried Plan) covers a portion of the salaried employees of the Company.

The Salaried Plan is a qualified noncontributory plan that provides for fixed benefits to participants and their survivors in the event of normal (age 65) or early (age 55) retirement.

Compensation covered by the Salaried Plan is a participant's total remuneration, including salary and non-equity incentive plan compensation, as shown in the Summary Compensation Table, but excluding fringe and welfare benefits. Benefits are based on a participant's average monthly compensation for 60 consecutive calendar months of the 120 calendar months preceding termination of employment for which his or her compensation was the highest. Under the Salaried Plan, only compensation up to the limits imposed by the Internal Revenue Code is taken into account. Benefits are not subject to any deduction for Social Security or other offset amounts.

The following table shows the years of credited service and present value of accumulated benefits for the named executive officer who is a participant in the Salaried Plan:

Name	Plan Name	Years of Credited Service (1)	Present Value of Accumulated Benefit (2)	Payments During Last Fiscal Year
Joseph P. Schneider	Salaried Plan	10.6	\$ 29,253	\$

Table of Contents

- (1) The Company froze the Salaried Plan, effective August 30, 2002, such that participants will not accrue any additional benefits regardless of any increases in their compensation or completion of additional years of credited service after such date. Participants are fully vested in their accrued benefits under the Salaried Plan as of August 30, 2002, which are based upon their then average monthly compensation and years of credited service.
- (2) Please refer to footnote 8, **Compensation and Benefit Agreements** to the consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, for the assumptions used in determining the present value of accumulated benefit included in the table above.

The Company does not have any severance or change in control agreements with any of its executive officers. See **Anti-Dilution and Corporate Events** section in the Summary of the LaCrosse Footwear, Inc. 2007 Long-Term Incentive Plan for events triggering immediate rights to exercise all stock options granted under this plan.

Transactions with Related Persons

The Company's Board of Directors recognizes that related person transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore has adopted a related person transaction policy, which shall be followed in connection with all related person transactions. Specifically, this policy addresses our procedures for the review, approval and ratification of all related person transactions.

The Board of Directors has determined that the Audit Committee of the Board, which is comprised entirely of independent directors, is best suited to review and approve related person transactions. Accordingly, any related person transactions recommended by management shall be presented to the Audit Committee for approval at a regularly scheduled meeting of the Audit Committee. Any transaction with a related person (as such terms are defined in Item 404 of Regulation S-K) shall be consummated or shall continue only if the Audit Committee approves the transaction, the disinterested members of the Board of Directors approve the transaction, or the transaction involves compensation approved by the Company's Compensation Committee.

No material transactions occurred with related persons in 2009 or 2010.

Board Leadership Structure

We separate the roles of Chairman of the Board and Chief Executive Officer in recognition of the differences between the two positions. Mr. Rosenthal acts as the Chairman, oversees the Company broadly, leads the meetings of our Board of Directors, and provides guidance to the Company's management. Mr. Schneider serves on the Board of Directors, but as our Chief Executive Officer is also charged with oversight of the day-to-day operations of the business. We believe that consistency between day-to-day operations of the Company and the overall management is reached through Mr. Schneider's service as the Chief Executive Officer and a director, but the separation of the Chairman and Chief Executive Officer is important to achieve a balance of oversight that is favorable to the Company and our shareholders.
