REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrative Committee and Plan Participants
LaCrosse Footwear, Inc. Employees Retirement Savings Plan
Portland, Oregon

We have audited the accompanying statements of net assets available for benefits of LaCrosse Footwear, Inc. Employees Retirement Savings Plan as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of LaCrosse Footwear, Inc. Employees Retirement Savings Plan as of December 31, 2004 and 2003, and the changes in its financial status for the year ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment as of December 31, 2004, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The following description of the LaCrosse Footwear, Inc. Employees Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective date:

The LaCrosse Footwear, Inc. Employees Retirement Savings Plan became effective January 1, 1957.

General:

The Plan is a defined contribution plan covering all employees of LaCrosse Footwear, Inc. and Danner, Inc. (the Company), who meet the eligibility requirements and elect to participate in the Plan, with the exception of the employees of collective bargaining units. To be eligible, employees must be at least 21 years old and have completed 30 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA).

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant contributions, eligible participant compensation, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in the employer-matching and employer discretionary contributions plus actual earnings after three years of credited service.

Funding policy:

For each Plan year, the Company shall make matching contributions equal to a stated fraction of each participant's deferral contributions up to a maximum of 2% of the participant's eligible compensation.

The Company may also make profit-sharing contributions at its discretion. The amounts of the profit-sharing contributions are a percentage of the eligible compensation of all contributing participants. The profit-sharing percentage is determined annually and is based on the Company's operating profit for the plan year. For the year ended December 31, 2004, the Company made a contribution equal to 1% of eligible participant compensation.

Participants may elect to make voluntary contributions to the plan by deferring a certain percentage of their compensation. Participants are allowed to contribute not less than 1% and not more than 30% of their eligible compensation and not to exceed the limits of sections 401(k), 404 and 415 of the Internal Revenue Code.

Forfeitures:

Amounts not vested upon termination of employment are forfeited by participants and are used to reduce the amount of the Company's contributions to the Plan. At December 31, 2004, forfeited nonvested accounts totaled \$50,946.
