Item 8.01. Other Events

Pursuant to the previously disclosed letter of offer dated June 3, 2005, between Trio Tech International PTE. LTD., a Singapore company and a wholly-owned subsidiary of Registrant (the Company), and Globetronics International Inc., a British company (Seller), the Company agreed in principle to acquire 100% of the issued share capital of Globetronics (Shanghai) Inc., a wholly-owned China subsidiary of Seller with the corresponding value of assets, excluding the cash and bank balances, accounts receivables and other receivables, which are not necessary to run the operation, for an aggregate cash purchase price of \$153,000. On November 18, 2005, the Company entered into a definitive Agreement for Sale and Transfer of shares with Seller, for the purchase of such shares for \$153,000 and the acquisition of the cash and bank balances remaining in Seller's bank accounts on the completion date for an additional purchase price of 3,000,000 Reminbi (or \$370,828 (US) based on the fixed rate stated in the agreement). The China subsidiary is a burn-in testing division of Seller dealing with testing of semiconductor components. Seller has agreed to be responsible for all current and long-term liabilities prior to the closing of the sale transaction. A portion of the purchase price in the amount of \$15,300 (US) was paid shortly after June 3, 2005 by way of a deposit and will be credited towards the aggregate purchase price payable at the closing of the transaction. The deposit is refundable under certain circumstances as specified in the Agreement for Sale and Transfer of shares. The balance of the purchase price will be paid at the closing of the transaction expected to occur within 7 business days after the completion items stated in the agreement have been met. The completion of the acquisition will be subject to the approval of the share transfer by all necessary governmental authorities. The date of completion should fall within three calendar months from the date of the Agreement. The source of the funds for this acquisition will be the internal generated funds of the Company.
