- (1) These options were granted pursuant to the terms and conditions of the Patterson-UTI Energy, Inc. Amended and Restated 1997 Long Term Incentive Plan. These options vest over a three (3) year period as follows: 33.33% on April 30, 2004, and then in equal monthly installments through April 30, 2006.
- (2) The value of the options were estimated using the Black-Scholes option valuation model. The following assumptions were used in the calculation: no expected dividend, risk-free interest rate of 2.81%, volatility of 52.05% and an expected term of 5 years. No discount was considered for the non-transferability or the risk of forfeiture of the options. The actual value, if any, of any option will depend on the amount, if any, by which the stock price exceeds the exercise price on the date the option is exercised. Thus, this valuation may not be a reliable indication as to the value and there is no assurance the value realized will be at or near the value estimated by the Black-Scholes model.

The following table sets forth information concerning stock options exercised in 2003 and stock options unexercised at December 31, 2003 for the executive officers of Patterson UTI:

Aggregated Option Exercises in 2003 and Value Table at December 31, 2003

- (1) Calculated by subtracting actual option exercise price from the market price at the respective dates of exercise and multiplying the difference by the number of shares in each category.
- (2) The total number of unexercised options held as of December 31, 2003, separated between those options that were exercisable and those options that were not exercisable.

Compensation of Directors

Directors who are also employees of the Company do not receive compensation for serving as a director or as a member of a committee of the Board of Directors. All directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with attendance at Board of Directors meetings and committee meetings. Each non-employee director receives annual cash compensation of \$35,000. Each non-employee

director that serves on the Audit Committee or Compensation Committee receives additional annual cash compensation of \$10,000 per committee on which he or she serves, with the chairman of each such committee receiving \$15,000.

The Company maintains a Non-Employee Director Stock Option Plan (the Director Plan). Under the Director Plan, each non-employee director is granted options to purchase 20,000 shares of common stock, \$0.01 par value per share, of the Company (the Common Stock) upon becoming a director and is granted options to purchase 10,000 shares of Common Stock on the last business day of each subsequent year in which the director serves on the Board of Directors.

Change-in-Control Arrangements; Employment Contracts; Indemnification Agreements

On January 29, 2004, the Company entered into change in control agreements (each, an Agreement and collectively, the Agreements) with Messrs. Siegel, Talbott, Patterson, Berns, Nelson and Vollmer, (each, an Employee and collectively, the Employees). The Agreements were entered into to protect the Employees should a change in control occur, thereby encouraging the Employee to remain in the employ of the Company and not be distracted from the performance of his duties to the Company by the possibility of a change in control.

In the event of a change in control of the Company in which an Employee s employment is terminated by the Company other than for cause or by the Employee for good reason, the terms of the Agreement would entitle the Employee to, among other things:

a bonus payment equal to the greater of the highest bonus paid after the Agreement was entered into and the average of the two annual bonuses earned in the two fiscal years immediately preceding a change in control (such bonus payment prorated for the portion of the fiscal year preceding the termination date),

a payment equal to 2.5 times (in the case of Messrs. Siegel, Talbott and Patterson) or 1.5 times (in the case of Messrs. Berns, Nelson and Vollmer) of the sum of (i) the highest annual salary in effect for such Employee and (ii) the average of the three annual bonuses earned by the Employee for the three fiscal years preceding the termination date, and

continued coverage under the Company s welfare plans for up to three years (in the case of Messrs. Siegel, Talbott and Patterson) or two years (in the case of Messrs. Berns, Nelson and Vollmer).

Each Agreement provides the Employee with a full gross-up payment for any excise taxes imposed on payments and benefits received under the Agreements or otherwise including other taxes that may be imposed as a result of the gross-up payment.

A change in control is principally defined by the Agreement as:

an acquisition by any individual, entity or group of beneficial ownership of 35% or more of either the Company s then outstanding common stock or the combined voting power of the then outstanding voting securities of the Company entitled to vote in the election of directors,

a change occurs in which the members of the Board of Directors as of the date of the Agreement cease to constitute at least a majority of the Company s Board of Directors unless that change occurs through a vote of at least a majority of the incumbent members of the Board of Directors, or

a change in the beneficial ownership of the Company following consummation of a reorganization, merger, consolidation, sale of the Company or any subsidiary of the Company or a disposition of all or substantially all of the assets of the Company in which the beneficial owners immediately prior to the transaction own 65% or less of outstanding common stock of the newly combined or merged entity.

The Agreements terminate on the first to occur of:

the Employee s death, disability or retirement,

the termination of the Employee s employment, or

three years from the date the Agreement was signed although, unless otherwise terminated, the Agreements will automatically renew for successive twelve-month periods unless the Company notifies the Employee at least 90 days before the expiration of the initial term or the renewal period, as applicable, that the term will not be extended.

Messrs. Siegel, Berns and Vollmer have employment arrangements which entitle them to one year's salary upon termination of employment with the Company.

All unvested stock options held by executive officers vest upon a change of control as defined by the underlying stock option plan.

The Company has entered or will enter into an indemnification agreement with each of our executive officers and directors containing provisions that may require the Company, among other things, to indemnify the Company's executive officers and directors against liabilities that may arise by reason of their status or service as executive officers or directors (subject to certain exceptions) and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Item 13. *Certain Relationships and Related Transactions.*
Certain Transactions

In connection with the acquisition by REMY Capital of an ownership interest in UTI in March 1995, REMY Capital succeeded to a registration rights agreement with UTI. As the successor-in-interest to UTI, Patterson-UTI assumed this registration rights agreement pursuant to which REMY Capital has the right to require Patterson-UTI to use its reasonable efforts to register shares held by REMY Capital under the Securities Act of 1933, as amended. In the event that such rights are exercised in connection with a primary offering proposed by Patterson-UTI (or a secondary offering with which Patterson-UTI agrees to participate), REMY Capital would bear its pro rata share of the costs of the offering, other than legal, accounting and printing costs, all of which Patterson-UTI would bear. In the event that REMY Capital elected to exercise such rights other than in connection with an offering in which Patterson-UTI participates, REMY Capital would bear all costs of the offering. These rights continue so long as REMY Capital continues to own the Common Stock that it acquired in March 1995.

Mr. Siegel, Chairman of the Board of Patterson-UTI, is President and sole stockholder of REMY Investors, which is the general partner of REMY Capital. Mr. Berns, a director and Senior Vice-President of Patterson-UTI, is an executive of REMY Investors.

During 2003, Patterson-UTI paid approximately \$740,000 to TMP Truck and Trailer LP (TMP), an entity owned by Thomas M. Patterson, son of A. Glenn Patterson, Patterson-UTI's President and Chief

Edgar Filing: PATTERSON UTI ENERGY INC - Form 10-K/A

Operating Officer, for certain equipment and metal fabrication services. Purchases from TMP were at current market prices. TMP continues to be a vendor to Patterson-UTI in 2004.

During 2003, Patterson-UTI paid approximately \$209,000 to Melco Services (Melco) for dirt contracting services and \$59,000 to L&N Transportation (L&N) for water hauling services. Both entities are owned by Lance D. Nelson, brother of Jonathan D. Nelson, Patterson-UTI's Vice President, Chief Financial Officer, Secretary and Treasurer. Purchases from Melco and L&N were at current market prices. Melco and L&N continue to be vendors to Patterson-UTI in 2004.

The Company operates certain oil and natural gas properties in which certain of our affiliated persons have participated, either individually or through entities they control, in the prospects or properties in which we have an interest. These participations, which have been on a working interest basis, have been in prospects or properties originated or acquired by Patterson-UTI. At December 31, 2003, affiliated persons were working interest owners of 236 of the 260 wells operated by Patterson-UTI. Sales of working interests are made by Patterson-UTI to reduce its economic risk in the properties. Generally, it is more efficient for Patterson-UTI to sell the working interests to these affiliated persons than to market them to unrelated third parties. Sales were made by Patterson-UTI at its cost, comprised of Patterson-UTI's costs of acquiring and preparing the working interests for sale. These costs were paid by the working interest owners on a pro rata basis based upon their working interest ownership percentage. The price at which working interests were sold to affiliated persons was the same price at which working interests were sold to unaffiliated persons.

The following table sets forth production revenues received and joint interest costs of each of the affiliated persons during 2003 for all wells operated by Patterson-UTI in which they have working interests. These amounts do not necessarily represent their profits or losses from these interests because the joint interest costs do not include the parties' related drilling and leasehold acquisition costs incurred prior to January 1, 2003. These activities resulted in a net receivable from the affiliated persons of approximately \$17,000 at December 31, 2003 and a net payable to the affiliated persons of approximately \$466,000 at December 31, 2002.
