PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Tweeter Home Entertainment Group, Inc. (Nasdaq: TWTR) for the annual meeting of stockholders to be held on January 25, 2007. Only stockholders of record at the close of business on December 15, 2006 are entitled to notice of and to vote at the meeting. On or about December 28, 2006, the proxy statement and form of proxy will be sent to all stockholders of record.

Returning your completed proxy will not prevent you from voting in person at the meeting should you be present and wish to do so.

Unless contrary instructions are indicated on the proxy, all valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted FOR the election of the nominees for Director named herein and FOR the approval of the designation of Deloitte & Touche LLP to audit Tweeter's books, records and accounts for fiscal year 2007. If a stockholder specifies a different choice on the proxy, such stockholder's shares of common stock will be voted in accordance with such specifications.

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before its exercise. A proxy may be revoked by filing with Tweeter's Secretary an instrument revoking it, by presenting an executed proxy bearing a later date at the Annual Meeting, or by attending the Annual Meeting and voting in person.

The cost of soliciting proxies will be borne by Tweeter. Solicitations may be made by mail, personal interview, telephone and/or telegram by Tweeter's Directors, officers and employees, without additional compensation for such solicitation activities. Tweeter will make arrangements with its transfer agent, Computershare, to forward solicitation material to the beneficial owners of Tweeter's common stock held of record. Tweeter will reimburse banks, brokerage firms, other custodians, nominees and fiduciaries for reasonable expenses incurred in sending proxy material to beneficial owners of common stock held in their respective names.

Tweeter has retained the services of a proxy solicitation firm, The Altman Group, Inc., for a fee of \$1,900 plus reasonable out of pocket expenses.

Copies of Tweeter's 2006 Annual Report are being mailed to stockholders together with this proxy statement. The Annual Report contains Tweeter's financial statements for the fiscal years ended September 30, 2006, September 30, 2005 and September 30, 2004.

VOTING SECURITIES

Holders of record of Tweeter's common stock at the close of business on Friday, December 15, 2006 (the Record Date) have the right to receive notice of and to vote at the Annual Meeting and any adjournments of the meeting. At the Record Date, there were 25,492,178 shares of common stock issued and outstanding. Each share of common stock entitles the holder of that share to one vote on each matter submitted to a vote at the Annual Meeting.

Under Tweeter's bylaws, the presence, in person or by proxy, of stockholders holding a majority in interest of the issued and outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions and broker non-votes are each included for purposes of determining the presence or absence of a sufficient number of shares to constitute a quorum for the transaction of business. With respect to the approval of any

particular proposal, abstentions and broker non-votes are not counted in determining the number of votes cast. Other than the election of Directors, which requires a plurality of the votes cast in person or by proxy, each matter to be submitted to the stockholders requires the affirmative vote of a majority of the votes cast in person or by proxy at the meeting.

Proposal 1: Election of Directors

Nominees for Director, Directors Continuing in Office and Executive Officers

Tweeter's bylaws provide for a Board of Directors consisting of such number of Directors as may be fixed from time to time by the Board. The Board is divided into three classes, with each class holding office for a term of three years and the term of office of one class expiring each year. The Board has fixed the number of Directors to constitute the full Board for the ensuing year at seven, three of whom are to be elected at the Annual Meeting for a

Table of Contents

term expiring at the 2010 annual meeting of stockholders, two whose terms expire at the 2009 annual meeting of stockholders, and two whose terms expire at the 2008 annual meeting of stockholders. Jeffrey Bloomberg, a Director since 1989 whose term expires at this year's Annual Meeting, is not standing for re-election at this year's Annual Meeting. Michael Cronin, a Director since 1995 whose term would have expired in 2009, has submitted his resignation from the Board of Directors effective on January 25, 2007, immediately prior to the Annual Meeting. John Mahoney, a Director since 2004, Joseph McGuire, a Director since 2006, and Jeffrey Stone, a Director since 1990, are in the class of Directors whose term expires at this year's Annual Meeting. The Board, upon recommendation of Tweeter's Nominating and Governance Committee, has nominated Mr. Mahoney, Mr. McGuire and Mr. Stone for election to the class of Directors whose term will expire in 2010.

The persons named as proxies in the proxy card will vote the shares represented by your proxy for the election of Mr. Mahoney, Mr. McGuire and Mr. Stone as Directors unless your proxy card specifies otherwise. If either of the nominees for election to the Board should, for any reason not now anticipated, not be available to serve as a Director, the persons named as proxies will vote the shares for such other candidate as may be designated by the Board, unless the Board reduces the number of Directors constituting the full Board in order to eliminate the vacancy. The Board has no reason to believe that Mr. Mahoney, Mr. McGuire and Mr. Stone will be unable to serve if elected.

The table below sets forth certain information with respect to the nominees for election to the Board of Directors, those Directors whose terms of office will continue after the Annual Meeting and Tweeter's Executive Officers.

McGuire Employment Agreement

Upon completion of Tweeter's initial public offering in July 1998, Tweeter entered into a three-year employment agreement with Joseph McGuire. Tweeter renewed this agreement on July 21, 2001 and again on May 1, 2004, each time for an additional three years. Under the terms of the 2004 agreement, which commenced on July 1, 2004, Mr. McGuire earns a base salary of \$350,000 per year, plus such increases as may be determined by the Board of Directors. On March 21, 2005, the Board of Directors appointed Mr. McGuire as interim President and Chief Executive Officer and increased his base salary to \$480,000. On July 27, 2005, the Board of Directors appointed Mr. McGuire to serve as President and Chief Executive Officer with his base salary remaining at \$480,000. Mr. McGuire has the opportunity to earn incentive bonuses based upon certain performance criteria, to be determined by the Compensation Committee, and the opportunity to receive stock options and other incentive awards under Tweeter's incentive plans.

Additionally, all of Mr. McGuire's stock options will continue to vest during the period in which severance pay is being paid, subject to the terms and conditions of the applicable incentive plan and option agreement. If Tweeter terminates the agreement without cause or Mr. Hunt terminates the agreement for good reason, Mr. Hunt will be entitled to receive one year's annual salary and, if such termination is on or prior to the second anniversary of the commencement of Mr. Hunt's employment, such termination will cause accelerated vesting of one-year's worth of his options.

Compensation Committee Report Regarding Executive Compensation

The Compensation Committee of the Board of Directors makes decisions regarding cash compensation paid and stock options and other forms of equity-based compensation awarded to Tweeter's executive officers. The Compensation Committee currently consists of two Directors, Michael Cronin and Karen Kaplan, neither of whom has a relationship with any executive officers of Tweeter. The Board plans to appoint at least one additional independent Director to the Compensation Committee following the effectiveness of Mr. Cronin's resignation from the Board on January 25, 2007. The Compensation Committee has submitted the following report concerning executive compensation:

Compensation Philosophy

The Compensation Committee (the "Committee"), which is composed entirely of outside independent Directors, reviews, evaluates and approves the amount, design and implementation of Tweeter's compensation system for executive officers. Tweeter believes that corporate performance and in turn, stockholder value will be best enhanced by a compensation system that supports and reinforces Tweeter's key operating and strategic goals while aligning the financial interests of Tweeter's executive officers with those of the stockholders. Tweeter utilizes both short-term and long-term incentive compensation programs to achieve these objectives. Executive officer incentive compensation programs are tied to company-wide achievement of annual financial and operational goals and the market value of Tweeter's stock. The Committee believes that the use of company-wide performance in setting goals promotes a unified vision for senior management and creates common motivation among the executives. For other salaried employees, the incentive compensation program is also tied to divisional, departmental or store business goals and, in some cases, individual performance.

For Tweeter's 2006 fiscal year, the Committee made its compensation decisions based on a review of Tweeter's 2005 fiscal year performance, on Tweeter's budget and other projections for the 2006 fiscal year, and on Tweeter's performance in comparison to certain competitors. The Committee also used information from an executive compensation survey provided by an independent consulting firm.

Components of the Executive Compensation Program

Tweeter's compensation program for executive officers consists generally of three components: base salary, an annual performance-based cash bonus and long-term stock incentives. In making compensation decisions, the Committee generally compares the compensation of Tweeter's executive officers with compensation of officers at certain other retail companies and has utilized a nationally known compensation consultant, as it deemed necessary.

The Committee generally compares various short and long-term performance measures, including total stockholder return, return on average stockholders' equity, sales, pre-tax net income and earnings per share for Tweeter and other companies with which it competes for executive talent. The Committee has not established any particular level at which overall compensation will be set in respect to the compensation peer group. The Committee believes that the total compensation of the named executive officers is supported by Tweeter's competitive comparisons on the short and long-term performance factors and is appropriate given Tweeter's overall performance. The individual elements of the executive compensation program are addressed below.

Annual Salary

Each year the Committee establishes salaries for executive officers. Such salaries are based on proposals submitted by Tweeter's Chief Executive Officer ("CEO") for annual salary for the executive officers other than himself. The Committee sets the executive officer salaries for the 2006 fiscal year after reviewing the CEO's recommendations and considering the information in the executive compensation survey. The Committee believes that the current level of

annual salaries for executive officers is appropriate and that it also provides for a large percentage of total compensation to be at risk under the incentive programs. In evaluating individual executive officers, the Committee may also consider, among other factors, (1) a qualitative evaluation of the individual executive officer's performance provided by the CEO, (2) the job responsibilities of the individual executive, including changes in those responsibilities, and (3) Tweeter's performance in relation to its target financial and operational goals for the prior fiscal year.

Annual Performance-Based Bonus

Tweeter's executive officers are eligible to receive cash bonuses under an annual performance-based incentive program (Incentive Program) established each year by the Committee and approved by the Board of Directors.

Table of Contents

The Incentive Program is designed to motivate Tweeter's employees to achieve Tweeter's annual operating and financial goals. The executive officers participate in the Incentive Program. The Incentive Program allows the Committee to establish operational objectives and performance goals based on pre-tax earnings.

For the 2006 fiscal year, the Incentive Program measured Tweeter's achievement of its operating and financial goals. The target goals were established early in the fiscal year as part of Tweeter's budgeting process and were approved by the Committee. Consistent with the Committee's compensation philosophy of tying a large percentage of total compensation to performance, the potential maximum bonus for each executive officer was a significant percentage of that individual's salary for the year. For the 2006 fiscal year, the target bonus amounts ranged from 35 percent of base salary to 45 percent of base salary. The target bonus percentages were based upon the results of the executive compensation survey and the recommendations of an independent consulting firm.

The amount of bonus payments in each fiscal year depends upon the extent to which Tweeter achieves its target financial and operational goals for the prior fiscal year. For the 2005 fiscal year, Tweeter achieved some of these key performance goals. As a result, bonuses were paid in 2006 based on the 2005 fiscal year performance in an amount less than would have been paid had all of the goals been met.

Tweeter's performance for the 2006 fiscal year did not meet all the key performance goals set as requirements for all payments of bonuses. As a result, only a portion of the bonuses will be paid in the 2007 fiscal year relating to 2006 fiscal year performance.

Long-Term Incentive Compensation

Grants under Tweeter's stock incentive plans provide long-term incentive compensation and are a significant component of total compensation. These programs are a part of Tweeter's performance-based incentive compensation rewarding officers as total stockholder value increases. For most executive officers, grants under the stock incentive plans have been made in the form of incentive stock options. For non-employee Directors, grants under the plan are in the form of nonqualified stock options (since non-employee Directors do not qualify as recipients of incentive stock options).

The Committee considers stock-based grants to be an important means of ensuring that executive officers have a continuing incentive to increase the long-term return to stockholders and the value of Tweeter's stock. Stock-based grants also aid in the retention of executives.

Stock options generally vest and become exercisable ratably over a period of zero to four years from the date of grant. The number of stock options to be granted to a particular executive officer is determined by the Committee. The Committee primarily uses a formula based on an individual's target bonus for the fiscal year and the market price of Tweeter's stock, as well as the results of compensation surveys, to determine the appropriate grant size. Because the value of stock options is entirely a function of increases in the value of Tweeter's stock, the Committee believes that this component of Tweeter's compensation arrangement closely aligns the interests of the executive officers with those of Tweeter's stockholders.

Chairman's and Chief Executive Officer's Compensation

The Committee determined the compensation of Samuel Bloomberg, Tweeter's Chairman for the 2006 fiscal year, and Joseph McGuire, who served as Tweeter's CEO during the 2006 fiscal year, in a manner consistent with the philosophy described above.

In establishing the Chairman and CEO's compensation, the Committee has compared their compensation with the compensation of the Chairmen and CEOs of the compensation peer group in relation to the relative performance of Tweeter with respect to the compensation peer group. The Committee also considered Mr. Bloomberg's and Mr. McGuire's leadership skills in assembling and developing a strong management team.

In setting the fiscal 2006 compensation, the Committee also considered Tweeter's performance during the 2005 fiscal year. In the 2005 fiscal year, Tweeter did not achieve all the goals set by the Committee as requirements for the payment of bonuses to them. As a result, Mr. McGuire received a portion of his bonus in fiscal 2006.

The Committee believes that Mr. Bloomberg's and Mr. McGuire's compensation for the 2006 fiscal year was appropriate in light of all of the above considerations.

Tweeter's performance for the 2006 fiscal year partially met the requirements set by the Committee for the payment of bonuses to Mr. Pappas, Ms. Quye and Mr. Reynolds in fiscal 2007 of \$31,813, \$35,000 and \$9,023, respectively. These bonuses will be paid in fiscal 2007. Mr. Bloomberg and Mr. McGuire did not achieve the goals set by the Committee as requirements for the payment of bonuses to them. As a result, Mr. Bloomberg and Mr. McGuire will be not be paid a bonus in the 2007 fiscal year with respect to 2006 performance.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative annual total shareholder return on Tweeter's common stock for the past five fiscal years, assuming \$100 was invested on the last trading day of the fiscal year ended September 30, 2001, to the performance of two indexes. Since a nationally recognized index that would represent an industry peer group is not available, Tweeter has measured its stock performance against the performance of the Russell 2000 Index, which is an index of the small-cap segment of the U.S. publicly-traded common equity. Tweeter believes that this index is representative of a peer group because it is composed of companies with similar market capitalization to Tweeter's. In addition, Tweeter has measured its stock performance against the performance of the NASDAQ Composite Index. The NASDAQ Composite Index measures all NASDAQ domestic and international issuers with common equity listed on The Nasdaq Stock Market.

All Other Fees

There were no other fees billed by Deloitte for services rendered to Tweeter, other than the services described above.

Since the enactment of the Sarbanes-Oxley Act of 2002, the Audit Committee has pre-approved all non-audit services provided by Deloitte.

A majority of the votes cast by the stockholders represented at the meeting, in person or by proxy, is required to approve this proposal. Representatives of Deloitte & Touche LLP will be present at the meeting to respond to appropriate questions, and they will have an opportunity, if they desire, to make a statement.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS AUDITORS.

Audit Committee Report

The Audit Committee, (the Committee), of the Board of Directors, composed entirely of independent directors (as independence is defined in Rule 4200(a)(15) of the Nasdaq Stock Market Marketplace Rules), met four times during the fiscal year 2006. The purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the company and the audits of the financial statements of the company. The full responsibilities of the Committee are set forth in its charter, which is reviewed and updated annually and approved by the board, and is attached hereto as Appendix A.

In fulfilling its responsibilities, the Committee appointed Deloitte & Touche LLP as the company's outside auditors. In making this decision, the Committee:

Discussed with the auditors the matters to be discussed by SAS 61 and SAS 90 (Codification of Statements on Auditing Standards, AU Section 380), as may be modified or supplemented;

Received the written disclosures and the letter from the auditors required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee), as may be modified or supplemented, and discussed with the auditors the auditors' independence;

Discussed the overall audit process, receiving and reviewing all reports;

Involved the auditors in the Committee's review of Tweeter's financial statements and related reports with management;

Provided to the auditors full access to the Committee (and the Board) to report on any and all appropriate matters;

Discussed with the independent auditors all matters required to be reviewed by generally accepted auditing standards; and

Conducted an assessment of the competence and qualification of Deloitte & Touche LLP to serve as Tweeter's auditors.

The Committee met with selected members of management and the auditors to review financial statements (including quarterly reports), discussing such matters as the quality of earnings; estimates, reserves and accruals; suitability of accounting principles; highly judgmental areas; and audit adjustments whether or not recorded.

Table of Contents

In addition, the Committee considered the quality and adequacy of the company's internal controls and the status of pending litigation, taxation matters and other areas of oversight of the financial reporting and audit process that the Committee felt appropriate.

Based on the review and discussions referred to above, the Committee recommended to the Board that the audited financial statements be included in Tweeter's Annual Report on Form 10-K for the fiscal year ended September 30, 2006. Subsequent to such recommendation, the Board approved such Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

The reports and opinions of Deloitte & Touche LLP are filed separately in Tweeter's Annual Report on Form 10-K and should be read in conjunction with the information contained in this section of the proxy statement and the review of the audited financial statements.

Based upon its work and the information received in the inquiries outlined above, the Committee is satisfied that its responsibilities under its charter for the period ending September 30, 2006 were met and that the financial reporting and audit processes of the company are functioning effectively.

Code of Ethics

Tweeter has adopted a code of ethics that applies to the company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A copy of the code of ethics is filed as an exhibit to Tweeter's Annual Report on Form 10-K for the fiscal year ended September 30, 2003.

Other Business

The Board of Directors of Tweeter is not aware of any matter, other than those described above that may come before the meeting. However, if any matters are properly presented to the meeting for action, it is intended that the persons named in the enclosed proxy will vote on such matters in accordance with their best judgment.

Communications with Directors

Tweeter's Board of Directors has not established a formal process for stockholders to send communications to the Board of Directors and individual directors. The Board of Directors has determined that it is appropriate for Tweeter to not have such a formal process, as the names of all directors are available to stockholders in this proxy statement. If Tweeter receives any stockholder communication intended for the full Board of Directors or any individual director, Tweeter will forward the communication to the full Board of Directors or the individual director, unless the communication is clearly of a marketing nature or is unduly hostile, threatening, illegal, or similarly inappropriate, in which case Tweeter has the authority to discard the communication or take appropriate legal action regarding the communication.

All members of the Board of Directors are encouraged, but not required, to attend Tweeter's annual meetings of stockholders. At last year's annual meeting of stockholders, four of the directors then in office were in attendance.

Deadline For Receipt of Stockholder Proposals

In order for a stockholder proposal to be considered for inclusion in Tweeter's proxy materials for the 2008 annual meeting of stockholders, it must be received by Tweeter at 40 Pequot Way, Canton, MA 02021, Attention: Joseph McGuire, no later than August 24, 2007; provided, however, that if the 2008 annual meeting of stockholders is scheduled to take place on a date more than 30 days before or after the anniversary date of the 2007 annual meeting of stockholders, stockholder proposals may be received on the later of (i) 120 days prior to the date when Tweeter first mails to stockholders its proxy statement for the meeting or (ii) the 15th day following the day on which the public announcement of the date of the meeting is first made by Tweeter. In addition, stockholder

proposals intended to be considered at the 2008 annual meeting of stockholders, but not included in Tweeter's proxy materials for that meeting, will be considered untimely if not received by Tweeter at the above address by such date.

Annual Report

A copy of Tweeter's 2006 Annual Report to Stockholders is being mailed with this proxy statement to each stockholder entitled to vote at the Annual Meeting. Stockholders not receiving a copy of such Annual Report may obtain one, without charge, by writing to Gregory Hunt at Tweeter's address set forth in the preceding paragraph, calling him at (781) 830-3995, or contacting him by e-mail at ghunt@twtr.com.

Stockholders voting via the Internet should understand that there might be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that must be borne by the stockholder.

5. Review with management and the internal auditor the charter, plans, activities, staffing and organizational structure of the internal audit function of the Corporation. Review the coordination of such plans with the independent auditors. 15. Evaluate its own performance at least annually to determine whether or not it is functioning effectively.

17. Establish procedures, in accordance with Section 301 of Sarbanes-Oxley and Rule 10A-3 of the Exchange Act, for (a) the receipt, retention, and treatment of complaints received by the Corporation regarding accounting, internal accounting controls, or auditing matters; and (b) the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters.
