Subject Company: Wachovia Corporation
Commission File No. 1-9021

Date: July 27, 2001

This filing contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, (i) statements about the benefits of a merger between SunTrust Banks, Inc. and Wachovia Corporation, including future financial and operating results, cost savings and accretion to reported and cash earnings that may be realized from such merger; (ii) statements with respect to SunTrust's plans, objectives, expectations and intentions and other statements that are not historical facts; and (iii) other statements identified by words such as "believes", "expects", "anticipates", "estimates", "intends", "plans", "targets", "projects" and similar expressions. These statements are based upon the current beliefs and expectations of SunTrust's management and are subject to significant risks and uncertainties. Actual results may differ from those set forth in the forward-looking statements.

The following factors, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: (1) the businesses of SunTrust and Wachovia may not be integrated successfully or such integration may be more difficult, time-consuming or costly than expected; (2) expected revenue synergies and cost savings from the merger may not be fully realized or realized within the expected time frame; (3) revenues following the merger may be lower than expected; (4) deposit attrition, operating costs, customer loss and business disruption, including, without limitation, difficulties in maintaining relationships with employees, customers, clients or suppliers, may be greater than expected following the merger; (5) the regulatory approvals required for the merger may not be obtained on the proposed terms or on the anticipated schedule; (6) the failure of SunTrust's and Wachovia's stockholders to approve the merger; (7) competitive pressures among depository and other financial institutions may increase significantly and may have an effect on pricing, spending, third-party relationships and revenues; (8) the strength of the United States economy in general and the strength of the local economies in which the combined company will conduct operations may be different than expected, resulting in, among other things, a deterioration in credit quality or a reduced demand for credit, including the resultant effect on the combined company's loan portfolio and allowance for loan losses; (9) changes in the U.S. and foreign legal and regulatory framework; and (10) adverse conditions in the stock market, the public debt market and other capital markets (including changes in interest rate conditions) and the impact of such conditions on the combined company's capital markets and asset management activities. Additional factors that could cause SunTrust's results to differ materially from those described in the forward-looking statements can be found in SunTrust's reports (such as Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K) filed with the Securities and Exchange Commission and available at the SEC's Internet site (<http://www.sec.gov>). SUNTRUST BANKS, INC.

Dear Wachovia Shareholder:

The deadline for voting on the First Union merger proposal is just a few days away. Unless you plan on attending the Shareholders' Meeting in Winston-Salem, this is probably your last chance to vote. In our view, voting down the First Union merger proposal is a win-win-win situation - whether through a sale to SunTrust, a renegotiated higher price from First Union or an even better offer from another bidder.

We believe the First Union merger will cost you real and measurable value. SunTrust's proposal is currently worth about \$915 million more in total value, based on July 26 closing market prices. In other words, SunTrust's proposal is worth about \$4.50 per share more than First Union's.

To determine how much more SunTrust's offer means to you in additional value, just multiply the number of Wachovia shares you own by \$4.50. For example, if you own 1,000 Wachovia shares, that represents an additional \$4,500 in real value.

In addition, SunTrust's proposal provides you with a simpler and better dividend. Historically, SunTrust's dividend rate has increased every year since its formation in 1985, while First Union cut its dividend by 50% earlier this year.

Not only does SunTrust's proposal offer substantially higher value and a simpler and better dividend, but First Union has a history of destroying value in mergers. IN FIRST UNION'S LAST THREE MAJOR ACQUISITIONS - SIGNET, CORESTATES AND THE MONEY STORE - SHAREHOLDERS WOULD HAVE DONE BETTER BY SELLING THEIR SHARES AND PUTTING THE MONEY UNDER THEIR MATTRESS THAN BY HOLDING ON TO FIRST UNION'S STOCK.

PROTECT YOUR INVESTMENT. VOTE "AGAINST" THE FIRST UNION MERGER PROPOSAL TODAY. Even if you previously voted in favor of the merger, you still can change your vote. Since time is short and your vote important, we have established a method for you to vote by toll-free telephone call. Simply follow the instructions below.

Sincerely,

Edgar Filing: WACHOVIA CORP/ NC - Form 425
