PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of CLARCOR Inc. (the "Company") for use at the Annual Meeting of Shareholders to be held at The University of Illinois College of Medicine at Rockford, 1601 Parkview Ave., Rockford, Illinois 61107, on Tuesday, March 19, 2002 at 6:00 P.M., Central Standard Time, for the purposes set forth in the Notice of Annual Meeting. This Proxy Statement and the accompanying proxy are being mailed to shareholders on February 15, 2002.

A shareholder who gives a proxy may revoke it at any time before it is voted by giving written notice of the termination thereof to the Secretary of the Company, by filing with him another proxy or by attending the Annual Meeting and voting his or her shares in person. All valid proxies delivered pursuant to this solicitation, if received in time and not revoked, will be voted. If no specifications are given by the shareholder executing the proxy card, valid proxies will be voted to elect the three persons nominated for election to the Board of Directors listed on the proxy card enclosed herewith and, in the discretion of the appointed proxies, upon such other matters as may properly come before the meeting.

As of February 4, 2002, the Company had outstanding 24,797,015 shares of Common Stock and each outstanding share is entitled to one vote on all matters to be voted upon. Only holders of CLARCOR Common Stock of record at the close of business on February 4, 2002 are entitled to notice of and to vote at the meeting. A majority of the shares of Common Stock issued and outstanding and entitled to vote at the meeting, present in person or represented by proxy, will constitute a quorum for purposes of the Annual Meeting.

ELECTION OF DIRECTORS

NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

At the Annual Meeting three directors are to be elected. Proxies will be voted for the election of Messrs. Robert H. Jenkins and Philip R. Lochner, Jr. and Ms. Roseann Stevens unless the shareholder signing such proxy withholds authority to vote for one or more of these nominees in the manner described on the proxy. If a quorum is present at the meeting, the three candidates for director receiving the greatest number of votes will be elected. Withholding authority to vote for a director nominee will not prevent such director nominee from being elected.

Messrs. Jenkins and Lochner are directors of the Company previously elected by its shareholders whose terms in office expire this year. Ms. Stevens has not previously been a member of the Company's Board. If elected, she will fill a vacancy on the Board caused by the retirement of Mr. Milton R. Brown from the Board on March 19, 2002. Mr. Brown is retiring from the Board pursuant to a Company policy which requires directors to leave the Board upon reaching age 70.

If elected, Messrs. Jenkins and Lochner and Ms. Stevens will hold office for a three-year period ending in 2005 or until their respective successors are duly elected and qualified.

In the event that any of the nominees should for some reason, presently unknown, fail to stand for election, the persons named in the enclosed form of proxy intend to vote for substitute nominees.

DUTIES OF BOARD OF DIRECTORS

The Board of Directors has the responsibility to serve as the trustee for the shareholders. It also has the responsibility for establishing broad corporate policies and for the overall performance of the Company. However, the Board is not involved in the Company's day-to-day operations. Members of

2

the Board are kept informed of the Company's business through discussion with the Chief Executive Officer and other officers, by reviewing analyses and reports sent to them each month and by participating in Board and committee meetings.

COMMITTEES OF THE BOARD OF DIRECTORS

During fiscal 2001, the standing committees of the Board of Directors were the Director Affairs Committee, the Audit Committee, and the Compensation & Stock Option Committee.

The Director Affairs Committee consists of three non-employee directors. It is the responsibility of the Director Affairs Committee to review and make recommendations regarding management succession and Board policies and to

Edgar Filing: CLARCOR INC - Form DEF 14A

recommend qualified individuals for nomination to fill vacancies on the Board. The full Board may accept or reject the Committee's recommendations. No procedures have been established for the consideration by the Director Affairs Committee of nominees recommended by shareholders of the Company. The Director Affairs Committee met once during fiscal 2001. The present members of the Director Affairs Committee are Messrs. Milton R. Brown, Lawrence E. Gloyd and J. Marc Adam.

The Audit Committee consists of three independent non-employee directors. It is the responsibility of the Audit Committee to recommend the selection of independent auditors and to review audits, proposals and other services as performed by the independent auditors. The Committee also reviews the activities and findings of the internal audit staff and discusses the Company's system of internal controls with the Company's independent auditors. The Audit Committee met seven times during fiscal 2001. The present members of the Committee are Messrs. Philip R. Lochner, Jr., Robert J. Burgstahler and Keith E. Wandell.

The Compensation & Stock Option Committee, which consists of three independent non-employee directors, determines the compensation of key officers and employees. It reviews and administers the Company's 1994 Incentive Plan and grants stock awards under such Plan to certain officers and key employees of the Company. The Committee met once during fiscal 2001. The present members of the Committee are Messrs. J. Marc Adam, Robert H. Jenkins and James L. Packard.

MEETINGS AND FEES OF THE BOARD OF DIRECTORS

The Board of Directors held five meetings during fiscal 2001. All of the Company's directors attended at least 75% of the total number of meetings of the Board of Directors and Committees of the Board of which they are members.

In fiscal 2001, directors who were not employees of the Company received an annual retainer of \$32,500 and fees of \$1,000 for each meeting of the Board of Directors and each separate Committee meeting attended and reimbursement for travel expenses related to attendance at Board and Committee meetings. Non-employee directors who are Chairmen of Committees received an additional annual fee of \$3,250 in fiscal 2001.

Pursuant to the Company's Deferred Compensation Plan for Directors, a non-employee director may elect to defer receipt of the director's fees to which he is entitled and to be paid the amounts so deferred, plus interest thereon at the prime rate announced quarterly by Bank One Corporation, or its successor, either when the participant ceases being a director of the Company or upon his retirement from his principal occupation or at the time the participant reaches a specified age. Mr. Brown elected to defer all of the fees payable to him during fiscal 2001. No other director deferred any portion of the fees payable to him during fiscal 2001.

The Board has adopted a Directors' Restricted Stock Compensation Plan. Under this Plan, as amended, in lieu of the annual retainer otherwise payable, on the date a person first becomes a non-employee director, and annually thereafter on the date of each annual meeting of shareholders, such person receives a grant of shares of the Company's Common Stock with an aggregate fair market value equal to and in lieu of the amount of the annual retainer for non-employee directors.

Under the 1994 Incentive Plan, each non-employee director is automatically granted, on the date of each annual meeting of shareholders and on the date on which such non-employee director is first elected or begins to serve as a non-employee director, options to purchase 3,750 shares of Common Stock at an option exercise price equal to the fair market value of a share of Common Stock

Edgar Filing: CLARCOR INC - Form DEF 14A

on the date of grant. Such options are fully exercisable on the date of grant and expire ten years after the date of grant. Shares acquired upon exercise of an option may not be sold or transferred during the six month period following the date of grant of such option. As of January 1, 2002, Messrs. Adam and Brown each have fully exercisable options for 30,000 shares, Mr. Packard has 14,075, Mr. Jenkins has 11,250, Mr. Lochner has 10,350, Mr. Gloyd has 7,500, Mr. Burgstahler has 4,767 and Mr. Wandell has 3,750.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. Dargene, a director of the Company until March 27, 2001, is the retired Chairman of AMCORE Financial, Inc. (the "Holding Company"), Rockford, Illinois. In addition, Messrs. Brown and Gloyd, also directors of the Company, are directors of the Holding Company. During 2001, CLARCOR had business transactions with the Holding Company and its affiliates including AMCORE Bank's participation with a group of banks in a multicurrency credit agreement dated September 9, 1999. All such transactions were in the ordinary course of business and it is anticipated that similar transactions will continue.

- (1) Mr. Johnson serves as a director of the Company but received no separate remuneration in that capacity.
- (2) Includes compensation deferred by the Company's executive officers pursuant to the Company's Retirement Savings Plan and the Company's Deferred Compensation Plan.
- (3) Discretionary cash bonuses granted by the Board of Directors under the Company's Annual Incentive Plan.
- (4) The aggregate value of all perquisites and personal benefits did not exceed the lesser of either \$50,000 or 10% of the total annual salary and bonus reported for the named executive officers in the Summary Compensation Table.

Edgar Filing: CLARCOR INC - Form DEF 14A

- (5) Represents restricted stock units (the "Units") granted on December 17, 2000 pursuant to the 1994 Incentive Plan. Units provide for the issuance of Common Stock to the grantee over a four year period. 25% of the total number of Units vest on each anniversary of the grant so long as the grantee remains in the employment of the Company or one of its subsidiaries. Until Units vest and shares of Common Stock are issued in conversion of the Units, the grantee does not have any rights as a shareholder of the Company, but prior to vesting the grantee will receive a cash payment equal to the dividends paid on the Common Stock. The Units permit a grantee to defer the issuance of Common Stock pursuant to the Units for a period of years or until the termination of the grantee's employment by the Company. On December 1, 2001 the named executive officers held an aggregate of 30,064 Units with a total value of \$556,186, based upon the closing market price of the Company's Common Stock at the date of grant.
- (6) Consists of options and replacement options granted under the Company's 1994 Incentive Plan to acquire shares of the Company's Common Stock. See "-- Stock Options" below.
- (7) Consists solely of Performance Shares and Performance Units distributed and paid under the Performance Share Plan at the close of the Performance Cycle ending in the year. The amount shown is equal to the number of Performance Shares and Performance Units paid and distributed, multiplied by the average of the closing prices of a share of the Company's Common Stock for the last 30 trading days of the last fiscal year in the Performance Cycle. No further awards are expected to be made under the Performance Share Plan and, except for Mr. Walker, none of the named executive officers have any outstanding Performance Shares or Performance Units.

At December 1, 2001, Mr. Walker held 3,422 Performance Shares and Performance Units and the value thereof was \$91,915. The value shown in the preceding sentence was based on the closing price of CLARCOR Common Stock on November 30, 2001 (\$26.86) and assumes that 100% of the shares and units are earned. See "--Performance Share Plan." Payout of these shares and units, if any, will occur in December, 2002.

6

- (8) The amounts shown in this column for All Other Compensation for the last fiscal year derived from the following figures: Messrs. Johnson, Klein, Walker, Anderson and Boyd respectively: \$11,000; \$6,000; \$5,192; \$4,400 and \$3,750 - Company match for employee stock purchase plan; Messrs. Johnson, Klein, Walker and Anderson respectively: \$2,520; \$2,520; \$2,520 and \$2,335 - Company match for 401(k) plan; Messrs. Johnson, Klein and Anderson respectively: \$3,324; \$1,274 and \$2,706 - Company paid split dollar insurance premiums; Messrs. Johnson, Klein, Walker, Anderson and Boyd respectively: \$1,079; \$1,907; \$1,012; \$2,127 and \$800 - Company paid group insurance premium; Messrs. Johnson, Klein, Walker, Anderson and Boyd respectively: \$6,583; \$3,097, \$1,838; \$1,703 and \$984 - Company paid compensation for dividends on restricted stock units.
- (9) Mr. Boyd began employment with the Company on May 8, 2000.

Each officer of the Company is elected for a term of one year which begins at the Board of Directors meeting at which he or she is elected held in conjunction with the Annual Meeting of Shareholders and ends on the date of the next Annual Meeting of Shareholders or upon the election of his or her successor.

STOCK OPTIONS

(1) Consists of nonqualified options issued for a ten year term (other than as noted in footnote (4)) with a four year vesting schedule (see "Long-Term Incentive Plan" in the Report of the Compensation & Stock Option Committee).

(2) Closing price of Common Stock as reported on the New York Stock Exchange Composite Transactions at date of grant.

(3) Options are valued using Cox-Ross-Rubinstein Binomial Model, which is a variation of the Black-Scholes Option Pricing Model using the following assumptions:

- (i) an expected option term of seven years to exercise (based on estimated prior experience);
- (ii) interest rates ranging from 3.48% to 5.91% depending on the date of grant and based on the quoted yield of Treasury Strips;
- (iii) dividends of \$.4625 per share of Common Stock; and
- (iv) stock price volatility of 25.5% based upon the monthly stock closing prices for the preceding 7 years.

(4) This grant resulted from the exercise of an option and from the payment of the related exercise price by the optionee using shares of previously owned Company Common Stock. Under these circumstances the 1994 Incentive Plan permits the grant of options ("replacement options") for the number of shares used in payment of the exercise price. The exercise price for each

Edgar Filing: CLARCOR INC - Form DEF 14A

replacement option is equal to the market value of the Company's Common Stock on the date of such exercise and replacement options expire on the same date as the original option which was exercised. The replacement option grants do not contain the replacement feature.

The following table sets forth certain information regarding option exercises during the fiscal year and the unexercised options held by such individuals at December 1, 2001.

(1) On December 16, 2001, subsequent to the fiscal year-end, additional option grants were awarded as follows: Mr. Johnson 55,000, Mr. Klein 20,000, Mr. Walker 15,000, Mr. Anderson 7,500 and Mr. Boyd 5,000. Also subsequent to the fiscal year-end, Mr. Anderson exercised an option for 6,871 shares.

(2) Based on the \$26.86 closing price of Common Stock as reported on the New York Stock Exchange Composite Transactions on November 30, 2001, the last trading date prior to the Company's fiscal year-end close on Saturday, December 1, 2001.

PERFORMANCE SHARE PLAN

The Long Range Performance Award Plan (the "Performance Share Plan") is a part of the Company's 1994 Incentive Plan, approved by the shareholders on March 31, 1994. It provides officers and key employees of the Company with the opportunity to earn shares of Common Stock ("Performance Shares") and units representing the market value of Common Stock ("Performance Units").

At the beginning of each three-year Performance Cycle, executives are awarded a number of Performance Shares and Performance Units determined by applying a formula set by the Compensation Committee at the beginning of the Performance Cycle. The total number of Performance Shares and Performance Units is obtained by dividing a percentage of the base salary of the executive, ranging from 40% for the CEO to 20% for officers at the level of vice president, by the average closing price of a share of the Company's Common Stock over a 30-day trading period prior to the award date. Awards are in the ratio of three Performance Shares to two Performance Units, so that approximately 60% of the total value of benefits available under the plan is in stock and 40% is payable in cash to cover income taxes due on the total award.

During the 3-year Performance Cycle, the executive receives dividends and is entitled to vote the Performance Shares. In order for the executive to retain all of the Performance Shares and Performance Units awarded, the Company must

Edgar Filing: CLARCOR INC - Form DEF 14A

attain prescribed financial targets over the Performance Cycle. If the performance targets have been met in full, the full number of Performance Shares and Performance Units will be earned. If certain minimum objectives are attained (currently established at

8

80% of the performance target), 50% of the Performance Shares and Performance Units will be earned. If performance over the Performance Cycle is between the minimum and the target level, the number of Performance Shares and Performance Units earned will be prorated. No portion of the Performance Shares or Performance Units will be earned if performance does not meet the 80% minimum performance target.

No further awards are expected to be made under the Performance Share Plan. The last Performance Cycle will end on November 30, 2002. The Compensation & Stock Option Committee of the Board of Directors has elected to replace this form of incentive program with awards of restricted stock units. See "Report of the Compensation & Stock Option Committee."

RETIREMENT PLANS

Most employees of the Company and certain of its subsidiaries, including the individuals named in the Summary Compensation Table, are eligible to receive benefits under the CLARCOR Inc. Pension Plan (the "Pension Trust"). The amount of the Company's contribution to the Pension Trust in respect to a specified person cannot be individually calculated. No Company contribution for fiscal 2001 was required or made.

The Pension Trust provides benefits calculated under a Social Security step-rate formula based on career compensation. Benefits are payable for life with a guarantee of 120 monthly payments. The formula accrues an annual benefit each plan year equal to the sum of (a) plan year compensation up to age 65 covered compensation (\$36,000 in fiscal 2002) in effect each December multiplied by .012 plus (b) any excess of such plan year compensation over age 65 covered compensation (subject to Internal Revenue limitations applicable to all qualified retirement plans) multiplied by .0175. The aggregate of all annual accruals plus the benefit accrued at November 30, 1989 under prior plans is the amount of annual pension.

Estimated annual retirement benefits payable under the Pension Trust at normal retirement (age 65) for Messrs. Johnson, Klein, Walker, Anderson and Boyd are \$67,726, \$50,282, \$16,993, \$30,569 and \$9,767, respectively. Such annual retirement benefits are not subject to any reduction for Social Security amounts. The estimated benefits were calculated assuming that the participants would continue to accrue benefits at current wage levels to normal retirement.

Effective December 1, 1994, the Company established two new retirement plans for officers and senior executives of the Company: the 1994 Supplemental Pension Plan and the 1994 Executive Retirement Plan. The 1994 Supplemental Pension Plan is intended to preserve benefits lost by reason of the maximum limitations on compensation and benefits imposed on tax qualified retirement plans by the Internal Revenue Code of 1986. The 1994 Executive Retirement Plan provides a monthly benefit to a participant equal to (a) 65% of his average monthly compensation with respect to the three consecutive fiscal years for which he received the highest compensation, reduced by (b) his monthly normal retirement benefit provided by the Pension Trust and benefits earned during employment other than by the Company. A minimum of 15 years of service after attainment of the age of 40 is required to earn a full benefit of 65% of compensation at retirement. Messrs. Johnson, Klein and Anderson are participants in both of the 1994 plans. Mr. Walker is a participant in the 1994 Supplemental Pension Plan. Mr. Boyd began his employment with the Company in May 2000 and,

Edgar Filing: CLARCOR INC - Form DEF 14A

consequently, does not yet qualify for either plan. Estimated total annual retirement benefits pursuant to both the 1994 Supplemental Pension Plan and the 1994 Executive Retirement Plan payable at normal retirement (age 65) for Messrs. Johnson, Klein, Walker and Anderson are \$347,436, \$172,314, \$3,551 and \$100,959, respectively. Such annual retirement benefits are not subject to reduction for Social Security amounts.

EMPLOYMENT AGREEMENTS

The Company has entered into employment agreements with Messrs. Johnson, Klein, Walker, Anderson and Boyd and certain other executive officers of the Company. Mr. Johnson's employment

9

agreement provides terms of employment, compensation, incentive plan compensation, benefits and perquisites, pensions, employment termination, non-competition and confidentiality, and "change of control" provisions. Mr. Johnson's agreement, as amended, expires on the date of the Annual Meeting to be held in 2003. Thereafter, his agreement will be extended automatically each year unless terminated by the Board.

The "Change of Control" provisions of Mr. Johnson's agreement and other agreements, as amended, with Messrs. Klein, Walker, Anderson and Boyd and certain other executive officers become effective upon (i) the acquisition by any person, entity or group (other than from the Company) of 15% or more of the outstanding securities of the Company which are entitled to vote generally in the election of directors; (ii) individuals who, at the date of the employment agreement, constitute the Board of Directors of the Company (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director after the date of the employment agreements whose election or nomination was approved by a vote of at least a majority of the directors then comprising the Incumbent Board will be considered as though such person was a member of the Incumbent Board; (iii) consummation of a reorganization, merger or consolidation, in each case in respect of which the persons who were shareholders of the Company immediately prior to such transaction do not immediately thereafter own more than 60% of the securities entitled to vote generally in the election of directors of the entity resulting from such transaction and (iv) approval by the shareholders of the Company of a liquidation or dissolution of the Company or the sale of all or substantially all of its assets.

The agreements provide that the Company agrees to employ these officers, and the officers agree to remain in the employ of the Company, from the date of a change of control to the earlier to occur of the third anniversary of such change of control or the officer's normal retirement date at a rate of compensation at least equal to the highest monthly base salary which the officer was paid during the 36 calendar months immediately prior to the change of control. In addition, during that period the Company agrees to provide employee benefits which are the greater of the benefits provided by the Company to executives with comparable duties or the benefits to which the officer was entitled during the 90-day period immediately prior to the date of the change of control. In the event that employment is terminated after a change of control, the terminated officer is entitled to (i) a lump-sum cash payment equal to three times the sum of the officer's base salary and annual bonus, (ii) continued health and welfare benefits and perquisites for the three year period following termination; and (iii) a lump sum payment equal to the pension benefits the terminated officer would have earned during the three year period after the termination. If any of such agreements subjects the officer to excise tax under Section 4999 of the Internal Revenue Code, the Company will pay such officer an additional amount calculated so that after payment of all taxes, interest and penalties, the officer retains an amount of such additional payment equal to

Edgar Filing: CLARCOR INC - Form DEF 14A

such excise tax. The agreements define "termination" to mean termination of employment by the Company for reasons other than death, disability, cause or retirement. "Termination" also includes resignation by the officer after (a) a material adverse reduction in the nature or scope of his authorities, duties or responsibilities, following a change of control, as determined in good faith by the officer; (b) a reduction in compensation or benefits after a change of control or (c) a good faith determination by the officer that, as a result of the change of control, he is unable to exercise the authority, power, function and duties contemplated by the agreement.

REPORT OF THE COMPENSATION & STOCK OPTION COMMITTEE

The purpose of the Compensation & Stock Option Committee ("Committee") is to assure that the Chief Executive Officer and the other executive officers of the Company ("Executive Officers") are

10

compensated equitably, competitively and in a manner that is consistent with the long-term best interests of the Company and its shareholders. The Committee, which is composed entirely of independent non-employee directors, is responsible for determining the annual salary, cash incentives, benefits and intermediate-term and long-term incentive plan awards for the Company's Executive Officers.

COMPENSATION PHILOSOPHY

There are certain stated principles which the Committee follows in structuring the compensation packages for the Chief Executive Officer and the other Executive Officers of the Company. These are:

Pay for Performance

A high percentage of total compensation is linked directly to the performance of the Company and the executive's individual performance in attaining the Company's objectives and supporting the Company's mission statement. The Committee believes that this structure aligns the executives' interests with the interests of the shareholders.

Competitiveness

Total compensation packages are designed to be comparable with those of executives occupying comparable positions in comparable companies. The packages are also designed to allow an opportunity to earn at a level above median industry practices and market competitors when Company performance exceeds the results of comparable companies. The opportunity to earn at higher levels provides a significant challenge to the Executive Officers.

Executive Ownership

A major component of executive compensation is equity based, and as a result, the Executive Officer's interests are more directly linked with shareholders' interests. The Committee believes that equity-based compensation properly balances the rewards for long-term versus short-term results.

The Committee has established ownership guidelines for Executive Officers and non-employee directors to align their interests and objectives with the Company's shareholders. These guidelines require that Executive Officers, after a five-year period, own shares with a value ranging from a minimum of two times annual salary for officers at the level of corporate

Edgar Filing: CLARCOR INC - Form DEF 14A

vice president to a minimum of four times annual salary for the Company's Chairman and Chief Executive Officer. In addition, the guidelines require that non-employee directors, after a five-year period, own shares with a value equal to a minimum of five times the annual retainer.

Management Development

The compensation packages are also designed to attract and retain quality executives with the leadership skills and other key competencies required to meet the Company's objectives and to enhance shareholder value.

COMPONENTS OF EXECUTIVE PAY

The components of total pay for all executives are annual salary, cash incentives, benefits and intermediate-term and long-term incentive awards. The Committee reviews annually each component of compensation and total compensation for the Executive Officers. The review includes a market comparison of compensation and changes in compensation for equivalent positions in related industrial groups and comparably-sized companies. Competitive information and data relating to executive compensation packages is provided by independent compensation consultants at the request of the Committee.

11

Annual Salary

Annual salary and annual adjustments are based on the executive's performance, experience, and reference to competitive rates for comparable positions in related industry groups and comparably-sized companies.

Cash Incentives

Annual cash incentives are determined based upon the attainment of financial targets by the Company and the individual performance of the executive. If certain minimum target results are not achieved, no annual incentive will be paid. If target levels, which the Committee considers to be reasonably difficult to attain, are achieved, annual incentive levels generally range from 25% to 70% of base salary, with the maximum awards ranging from 57.5% to 161% of base salary if performance materially exceeds the target objectives.

The financial target that must be attained is economic value added, or as referred to by the Company, CLARCOR Value Added ("CVA"). In basic terms, CVA is consolidated annual after-tax operating earnings less the annual cost of capital. Thus the size of the cash incentives varies directly with the amount by which such after-tax earnings exceed the cost of capital. As a result, the CVA program is designed to reward managers who increase shareholder value by most effectively deploying the capital contributed by the shareholders and lenders. If the Company fails to achieve the target levels of CVA, the cash incentive awards are reduced. The Committee sets the target levels prior to the beginning of the year.

Benefits

Employee benefits offered to the general employee population of the Company are provided to Executive Officers as part of the total compensation program. In addition, certain Executive Officers are provided supplemental retirement benefits and life insurance policies.

Intermediate-Term Incentive: Performance Share Plan

Edgar Filing: CLARCOR INC - Form DEF 14A

Unlike the annual cash incentive plan, which provides an incentive for a specific year's performance, the Performance Share Plan (which is described in detail at pages 8 and 9 under "Performance Share Plan") requires a sustained level of corporate performance over a 3-year Performance Cycle. The Plan provides benefits that vary directly with the market price of the Company's Common Stock over the Performance Cycle. In addition, the Executive Officers receive dividends on and are entitled to vote his or her Performance Shares. Both of these attributes are designed to closely align the interests of the participating Executive Officers directly with those of the Company's shareholders.

For the Performance Period 1999-2001 Plan participants earned 100% of the total performance opportunity as a result of the substantial achievement of two aggressive financial goals established by the Committee. One half of the award was earned based upon attainment of a return on equity greater than the average of a comparator group, and the other half was earned based upon attainment of earnings per share targets set by the Committee. The Committee selected a group of over 30 manufacturing companies with revenues currently averaging over \$700 million as the comparator group for measuring the Company's comparative return on equity.

Subsequent to the end of fiscal 2000, the Committee elected to substitute grants of restricted stock units ("Units") for awards under the Performance Share Plan. Units provide for the issuance of Common Stock to the grantee over a four year period. 25% of the total number of Units vests on each anniversary of the grant so long as the grantee remains in the employment of the Company or one of its subsidiaries. Until Units vest and shares of Common Stock are issued in conversion of the Units, the grantee does not have any rights as a shareholder of the Company, but prior to vesting the grantee will receive a cash payment equal to the dividends paid on the Common Stock.

12

The Units permit a grantee to defer the issuance of Common Stock pursuant to the Units for a period of years or until the termination of the grantee's employment by the Company. The Committee believes that intermediate-term incentive programs based on appreciation in the price of the Company's Common Stock are in the best interests of the Company and its shareholders. It therefore decided to make no further awards under the Performance Share Plan and substitute awards of Units as intermediate-term incentives.

Long-Term Incentive Plan

The Company's long-term incentive plan awards nonqualified stock options to its senior and mid-level executives. Options granted under the Company's shareholder approved 1994 Incentive Plan have a 10-year life and all options granted during fiscal 2001 were at the market value of the Common Stock on the date of grant. The option grants provide the executives an opportunity to acquire an equity interest in the Company and to share in the long-term appreciation of the stock.

Market surveys of long-term incentives are reviewed to establish competitive practices. Management makes recommendations to the Committee on the size of a grant, if any, for each executive based on the individual's ability to affect financial performance, the executive's past performance, and expectations of the executive's future contributions. The CEO's grant is similarly determined by the Committee and all other stock option grants are reviewed and approved by the Committee.

Edgar Filing: CLARCOR INC - Form DEF 14A

Stock options granted in fiscal 2001 are not exercisable for one year after the grant. Thereafter they become exercisable at the rate of 25% per year and they are fully exercisable after the 4th year and through the 10th year of the option.

SECTION 162(m) COMPLIANCE

The Committee has considered the possible impact of Section 162(m) of the Internal Revenue Code of 1986, which generally limits to \$1,000,000 (with several exceptions) the tax deduction available for compensation paid to a person who is an executive listed in the Summary Compensation Table and who is employed by the Company at the end of its fiscal year. The Committee intends to preserve to the Company the maximum opportunity for obtaining deductibility for all amounts paid to its officers by designing and administering the Company's plans and programs in a way that will meet the regulations in effect at the time compensation decisions are made.

CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Johnson's annual salary was increased during fiscal 2001 to be competitive with the median base salary paid to chief executive officers of comparably-sized corporations identified by the Committee. For fiscal 2001, Mr. Johnson was awarded an annual cash incentive equal to 21% of his base salary in accordance with the annual cash incentive plan and based on Mr. Johnson's performance in meeting his personal performance objectives.

Mr. Johnson participated in the Committee approved payout at 100% for the 1999-2001 Performance Period for the Performance Share Plan.

Mr. Johnson also received grants of 10,000 Units and was granted non-qualified stock options for 68,793 shares of the Company's Common Stock at an exercise price of \$18.50 per share, the closing price as reported on the New York Stock Exchange on the date of grant.

The Committee believes that the key executive team of the Company will receive appropriate rewards under this program of corporate incentives, but only if they achieve the performance goals established for them and the Company and if they succeed in building increased value for the Company's shareholders.

REPORT OF THE AUDIT COMMITTEE

The Company's Board of Directors' Audit Committee is comprised of three directors who are not officers of the Company. The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management of the Company has the primary responsibility for the financial statements and the reporting process of the Company, including the system of internal controls, the presentation of the financial statements and the integrity of the financial statements. Management has represented to the Audit Committee that the Company's financial statements have been prepared in accordance with generally accepted accounting principles. The Company's auditors, PricewaterhouseCoopers LLP, are engaged to audit the Company's financial statements and to express an opinion on the conformity of such audited financial statements to generally accepted accounting principles.

Edgar Filing: CLARCOR INC - Form DEF 14A

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the opinions and communications of the Company's auditors. Accordingly, the Audit Committee's review does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's activities do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

In this context, the Audit Committee has reviewed and discussed the Company's audited financial statements with management and the Company's auditors. The Audit Committee has discussed with the Company's auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the Company's auditors the written disclosures such auditors have represented are required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management.

The Committee has been advised by the Company that the total fees and expenses paid in fiscal 2001 to PricewaterhouseCoopers LLP, the Company's principal accounting firm, were \$696,139. Of that amount, an aggregate of \$619,681 was for audit services and \$76,458 was for other services, primarily related to taxes and employee benefit plan audits. PricewaterhouseCoopers LLP was not engaged by the Company during fiscal 2001 to perform any financial information systems and design services.

The Committee has considered whether the provision of these non-audit services to the Company by PricewaterhouseCoopers LLP is compatible with maintaining that firm's independence.

In reliance on the reviews and discussions referred to above and subject to the limitations set forth above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 1, 2001, for filing with the Securities and Exchange Commission.

MISCELLANEOUS

AUDITORS

It is expected that the Board of Directors will select PricewaterhouseCoopers LLP to audit the financial statements of the Company for the fiscal year ending November 30, 2002. PricewaterhouseCoopers LLP (or its predecessors) has served as the Company's auditors for more than 30 years. The shareholders will not be asked to approve this selection at the Annual Meeting. A representative of PricewaterhouseCoopers LLP will be present at the Annual Meeting of Shareholders and will have an opportunity to make a statement and respond to appropriate questions.

OTHER BUSINESS

The Board of Directors has no knowledge of any matters, other than as set forth in this Proxy Statement, upon which action is to be taken at the meeting. In the event any such matters are brought before the meeting, the attorneys named in the enclosed form of proxy will vote proxies received by them as they deem best with respect to all such matters.

PROPOSALS OF SECURITY HOLDERS FOR 2003 ANNUAL MEETING OF SHAREHOLDERS

Under the rules and regulations of the Securities and Exchange Commission, any proposal which a shareholder of the Company intends to present at the Annual Meeting of Shareholders to be held in 2003 and which such shareholder desires to have included in the Company's proxy materials for such meeting, must be received by the Company on or before October 18, 2002.

The Company's bylaws provide that nomination by a shareholder of a person for election as a director and other proposals made by such shareholders for action by the shareholders at any meeting of shareholders may be disregarded unless proper notice of such nomination or proposal shall have been given to the

Edgar Filing: CLARCOR INC - Form DEF 14A

Secretary of the Company not less than 60 days nor more than 90 days prior to the date of the meeting and certain other requirements are met. It is currently expected that the 2003 Annual Meeting of Shareholders of the Company will be held on March 25, 2003. Consequently, written notice of any such nomination or proposal which a shareholder desires to make at the 2003 Annual Meeting must be received by the Company no earlier than December 25, 2002 and no later than January 24, 2003. A copy of the Company's bylaws may be obtained without charge from the Secretary of the Company.

EXPENSE OF SOLICITATION OF PROXIES

The expense of solicitation of proxies, including printing and postage, will be paid by the Company. In addition to the use of the mail, proxies may be solicited personally, or by telephone, by officers and regular employees of the Company. The Company has employed D. F. King & Co., Inc. to solicit proxies for the Annual Meeting from brokers, bank nominees and other institutional holders. The Company has agreed to pay \$8,500, plus the out-of-pocket expenses of D. F. King & Co., Inc., for these services. The Company will reimburse brokers and other persons holding stock in their names, or in the name of nominees, for their expenses for sending proxy material to principals and obtaining their proxies.
