Item 1.01. Entry into a Material Definitive Agreement.

As of January 31, 2005, Danielson Holding Corporation (the Company) entered into a stock purchase agreement (the Purchase Agreement) with American Ref-Fuel Holdings Corp. (American Ref-Fuel), an owner and operator of waste-to-energy facilities in the northeast United States, and American Ref-Fuel's stockholders (the Selling Stockholders) to purchase 100% of the issued and outstanding shares of American Ref-Fuel capital stock. Under the terms of the Purchase Agreement, the Company will pay \$740 million in cash for the stock of American Ref-Fuel and will assume the consolidated net debt of American Ref-Fuel, which as of September 30, 2004 was \$1.2 billion, resulting in an enterprise value of approximately \$2.0 billion for American Ref-Fuel. After the transaction is completed, American Ref-Fuel will be a wholly-owned subsidiary of the Company's subsidiary, Covanta Energy Corporation (Covanta). A copy of the Purchase Agreement is filed as Exhibit 2.1 hereto and is incorporated herein by reference.

The transaction is expected to close after all of the closing conditions to the Purchase Agreement obligations have been satisfied or waived. These closing conditions include the receipt of approvals, clearances and the satisfaction of all waiting periods as required under the Hart-Scott-Rodino Antitrust Act of 1976 (HSR Approval) and as required by certain governmental authorities such as the Federal Energy Regulatory Commission (FERC Approval) and other applicable regulatory authorities. Other closing conditions of the transaction include the Company's completion of the rights offering and financing, as further described below, cancellation of all outstanding options to purchase stock of American Ref-Fuel, the Company entering into letter of credit or other financial accommodations in the aggregate amount of \$100 million to replace two currently outstanding letters of credit that have been entered into by two respective subsidiaries of American Ref-Fuel and issued in favor of a third subsidiary of American Ref-Fuel, and other customary closing conditions. While it is anticipated that all of the applicable conditions will be satisfied, there can be no assurance as to whether or when all of those conditions will be satisfied or, where permissible, waived.

Either the Company or the Selling Stockholders may terminate the Purchase Agreement if the acquisition does not occur on or before June 30, 2005, but if a required governmental or regulatory approval has not been received by such date then either party may extend the closing to a date that is no later than the later of August 31, 2005 or the date 25 days after which American Ref-Fuel has provided to the Company certain financial statements described in the Purchase Agreement.

If the Purchase Agreement is terminated because of the Company's failure to complete the rights offering and financing as described below and all other closing conditions are capable of being satisfied, the Company must pay to the Selling Stockholders a termination fee of \$25 million, of which no less than \$10 million shall be paid in cash and of which up to \$15 million may be paid in shares of the Company's common stock at the Company's election based upon a price of \$8.13 per share. As of the date of the Purchase Agreement, the Company entered into a registration rights agreement granting registration rights to the Selling Stockholders with respect to such stock and the Company has deposited \$10 million in cash in an escrow account pursuant to the terms

of an escrow agreement. The registration rights agreement is filed as Exhibit 10.1 hereto and is incorporated herein by reference.

The description in this Item 1.01 of the Purchase Agreement and the transactions contemplated therein is qualified in its entirety by reference to the full text of the Purchase Agreement. There can be no assurance that the transactions contemplated by the Purchase Agreement will be consummated.

The Company intends to finance this transaction through a combination of debt and equity financing. The equity component of the financing is expected to consist of an approximately \$400 million offering of warrants or other rights to purchase the Company's common stock to all of the Company's existing stockholders at \$6.00 per share (the Rights Offering). In the Rights Offering the Company's existing stockholders will be issued rights to purchase the Company's stock on a pro rata basis, with each holder entitled to purchase approximately 0.9 shares of the Company's common stock at an exercise price of \$6.00 per full share for each share of the Company's common stock then held.

Four of the largest stockholders of the Company, SZ Investments L.L.C. (SZI) and EGI-Fund (05-07) Investors, L.L.C. (collectively, SZI), Third Avenue Business Trust, on behalf of Third Avenue Value Fund Series (TAVF), D. E. Shaw Laminar Portfolios, L.L.C. (Laminar), representing ownership of approximately 40% of the Company's outstanding common stock, have each separately committed to participate in the Rights Offering and acquire their respective pro rata portion of the shares, as set forth in the Equity Commitments for Rights Offering filed hereto as Exhibits 10.2, 10.3, 10.4 and 10.5, respectively, which are incorporated herein by reference. As consideration for their commitments, the Company will pay each of these four stockholders an amount equal to 1.5% to 2.25% of their respective equity commitments, depending on the timing of the transaction. The Company agreed to amend an existing registration rights agreement to provide these stockholders with the right to demand that the Company undertake an underwritten offering within twelve months of the closing of the acquisition of American Ref-Fuel in order to provide such stockholders with liquidity.

The Company also expects to complete its previously announced rights offering for up to three million shares of its common stock to certain holders of 9.25% debentures issued by Covanta at a purchase price of \$1.53 per share (the 9.25% Offering). The Company has executed a letter agreement with Laminar pursuant to which the Company agrees that if the 9.25% Offering has not closed prior to the record date for the Rights Offering, then the Company will revise the 9.25% Offering so that the holders that participate in the 9.25% Offering are offered additional shares of the Company's common stock at the same purchase price as in the Rights Offering and in an amount equal to the number of shares of common stock that such holders would have been entitled to purchase in the Rights Offering if the 9.25% Offering was consummated on or prior to the record date for the Rights Offering. The description in this Item 1.01 of the letter agreement and the transactions contemplated therein is qualified in its entirety by reference to the full text of the letter agreement, a copy of which is filed as Exhibit 10.6 hereto and is incorporated herein by reference.

Table of Contents

Assuming exercise of all rights in the Rights Offering and the purchase of three million shares in the 9.25% Offering, the Company estimates that it will have approximately 144 million shares outstanding following the consummation of both rights offerings.

The Company has received a commitment from Goldman Sachs Credit Partners, L.P. and Credit Suisse First Boston for a debt financing package for Covanta necessary to finance the acquisition, as well as to refinance the existing recourse debt of Covanta and provide additional liquidity for the Company. This financing shall consist of two tranches, each of which is to be guaranteed by each subsidiary of Covanta that is not restricted from providing such guaranties under existing contractual and regulatory restrictions and will be secured by substantially all of the assets of Covanta and its subsidiaries (to the extent so permitted) and by a pledge by the Company of the stock of Covanta owned by the Company. The first tranche, a first priority senior secured bank facility, shall be made up of a \$250 million term loan facility, a \$100 million revolving credit facility and a \$340 million letter of credit facility. The second tranche, a second priority senior secured term loan facility, shall consist of a \$450 million term loan facility.

The closing of the financing and receipt of proceeds under the Rights Offering are closing conditions under the Purchase Agreement. The proceeds that must be received by the Company in the Rights Offering will be equal to the difference between \$399 million and the sum of (1) the cash contributed as common equity to Covanta by the Company from its unrestricted cash, and (2) not more than \$25 million of cash from Covanta.

The Company estimates that there will be approximately \$45 million in aggregate transaction expenses (including customary underwriting and commitment fees relating to the financing).

On February 1, 2005, the Company issued a press release reporting the execution of the Purchase Agreement and the other transactions contemplated therein. A copy of the press release is filed as Exhibit 99.1 hereto and is incorporated herein by reference.

William Pate, Chairman of the Board of Directors of the Company, is affiliated with SZI. David Barse, a Director of the Company, is affiliated with TAVF. The Purchase Agreement and other transactions involving SZI, TAVF and Laminar were negotiated, reviewed and approved by a special committee of the Company's Board of Directors composed solely of disinterested directors and advised by independent legal and financial advisors.
